STUDENT PLANNING GUIDE

**SANTA ANA
COLLEGE**

PRESIDENT’S MESSAGE

Welcome to Santa Ana College! We are so happy that you are at our amazing institution, and we are here to provide you excellent services and high-quality education. Santa Ana College has been part of this community for over 100 years, and we have a rich tradition of academic excellence whether you want to learn English, earn a high school diploma, learn career or technical education, earn an associate’s or bachelor’s degree, and/or transfer. Here at Santa Ana College, we have a pathway for you!

We recognize that you may be at different stages of your life, whether you are a recent high school graduate or a student returning to school after years in the workforce. We know that going to college is no small feat. We are proud of your dedication, and the way you are able to balance work, family, life and school. We are here to help you thrive and meet your educational goals.

Through our Guided Pathways framework, we work diligently to ensure students stay on their career or academic path towards completion of their goals.

Even though Santa Ana College has been part of this community for over 100 years, we continue to evolve meeting the needs of our students and growing community. Our new state-of-the-art facilities, including the Science and Johnson Student Centers are facets of that growth, which will enable students to rise through education, helping to change their future and legacy for their families.

We stand ready to inspire, transform, and empower you on your educational journey!

Welcome again,

Annebelle Nery, Ph.D., President

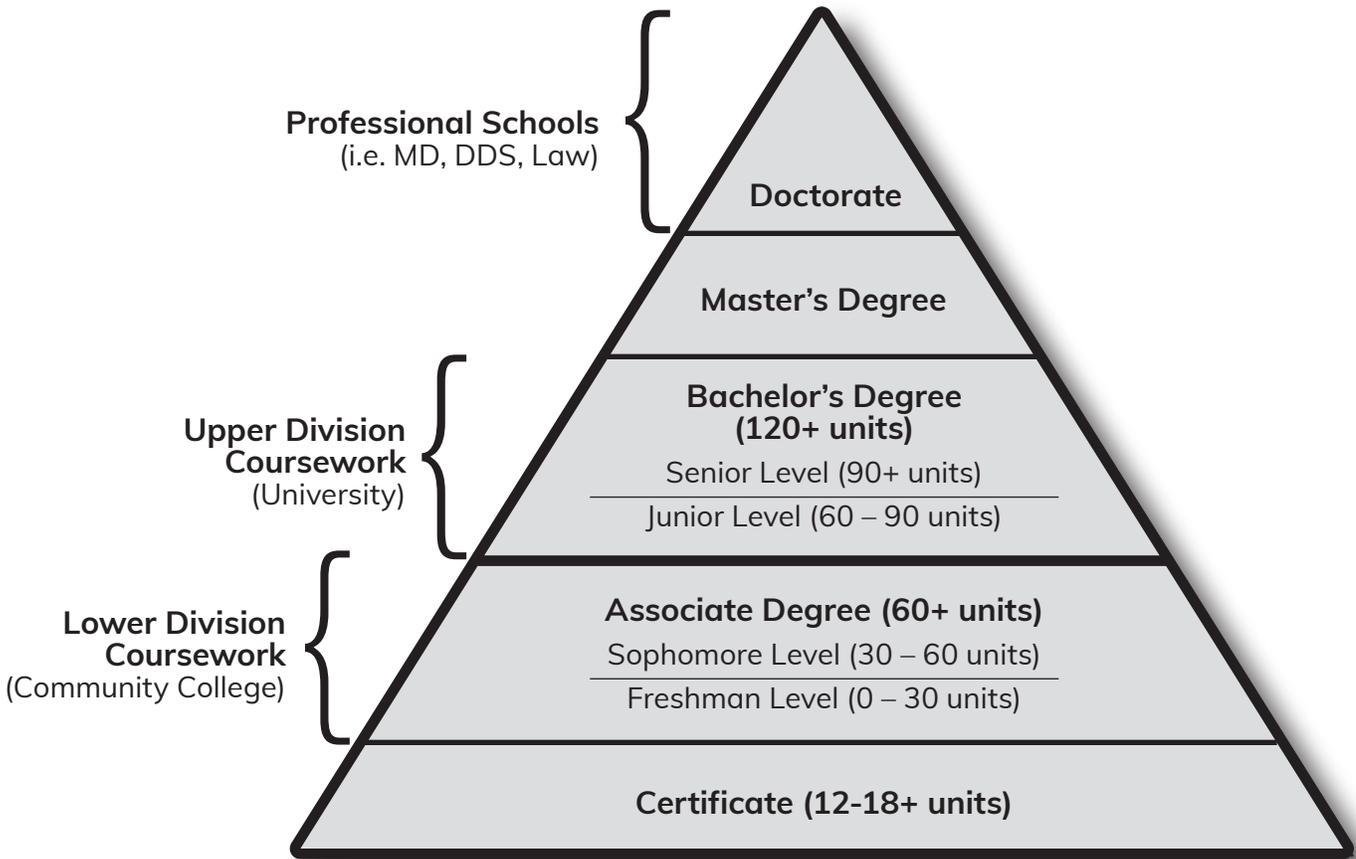

Santa Ana College Mission Statement

The mission of Santa Ana College is to inspire, transform, and empower a diverse community of learners.

ADDITIONAL ASSOCIATE DEGREE REQUIREMENTS				
<p>Unit and Residency Requirements: 60 units, with at least a 2.0 grade point average. At least 12 of the units must be earned at the college and at least 6 of those units must be in courses required for the major. The 6 unit requirement does not apply to associate degrees for transfer.</p> <p>Major Requirements: Each degree program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better. See the Instructional Programs section of the college catalog for specific course requirements.</p>				
Advising Notes				
<p>_____</p> <p>_____</p>				
<p>CAUTION: Plan A does NOT meet the general education requirements for Associate Degrees for Transfer (A.A.-T/A.S.-T). Students earning these degrees must complete either CSU-GE (Plan B) or IGETC (Plan C). It is the student's responsibility to request an associate degree by submitting a completed SAC Graduation Petition to the Admissions and Records Office prior to established deadlines.</p>

AMERICAN INSTITUTIONS REQUIREMENT				
CSU has an American Institutions graduation requirement that is separate from IGETC. Courses used to meet the CSU requirement can usually also be used in Area 3 or 4. To meet the CSU requirement, students should take Political Science 101** or 101H** AND one of the following courses: History 118, 120**, 120H**, 121**, 121H**, 123, 124**, 124H**, 127, 146. UC requires the completion of a college course or courses with a grade of "C" or better OR a one-year course in high school in U.S. History or a half-year course in U.S. History and a half-year course in American Government with grades of "C" or better (UCLA requires grades of "B"). UCSB requires the completion of a college course. If you are using college coursework to satisfy this requirement, check the appropriate UC catalog to determine which course(s) to take.	Not part of IGETC but may be completed at SAC.			
* Courses designated with an asterisk may be counted in one area only; ** Indicates that transfer credit may be limited by either UC or CSU or both. Please consult a counselor for additional information; *** High School transcript must be on file in the admissions office.				
It is generally recommended that students complete all the listed requirements for IGETC and receive full certification prior to transferring. Students may obtain partial certification however by completing all but 1-2 courses. CAUTION: IGETC completion is not recommended, or in some cases accepted, by all UC campuses and/or majors. Please consult https://admission.universityofcalifornia.edu/admission-requirements/transfer-requirements/preparing-to-transfer/general-education-igetc/igetc/campus-guidance.html to view the IGETC considerations for each UC campus. IGETC "Certification" refers to the official notification provided by Santa Ana College that a student transferring to any UC or CSU campus has completed courses fulfilling lower-division general education requirements. Without certification students will be held to the general education requirements specific to the UC or CSU campus to which they transfer. Students fully certified in IGETC are also qualified to receive a Certificate of Achievement in IGETC. Courses from other California Community College campuses will be applied to the same GE area for which they were approved at the college where they were completed. Courses taken at other regionally accredited institutions (which do not maintain an IGETC certification list) will be placed in the subject areas for which Santa Ana College has equivalent courses. In some cases non-equivalent courses may also be considered. Please see your counselor for additional information. Courses completed at foreign institutions (without US regional accreditation) are not acceptable except for Area 6A. It is the student's responsibility to request certification by submitting a completed certification/certificate of achievement petition to the Admissions and Records Office prior to established deadlines.				

Santa Ana College Associate Degrees for Transfer A.A.-T and A.S.-T. - known as ADT's Requirements

IMPORTANT NOTE: Requirements for ADT's differ from other SAC Associate Degree (A.A. and A.S.) requirements

<p>These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. SAC students who are awarded an ADT are guaranteed admission with junior standing somewhere in the CSU system and are given priority admission consideration to their local CSU campus or to a program that is deemed "similar"*** to their community college major. This priority does NOT guarantee admission to specific majors or campuses. Students who have been awarded an ADT are able to complete their remaining requirements for the 120 unit baccalaureate degree within 60 semester units.</p>			
	C*	IP*	N*
<p>Complete 60 CSU transferable semester units. SAC courses which are CSU transferable are numbered 100 and above. At least 12 of the units must be earned at Santa Ana College.</p>			
<p>Complete the California State University General Education-Breadth pattern (CSU-GE, Plan B); OR the Intersegmental General Education Transfer Curriculum (IGETC, Plan C)</p> <p>Exceptions – Students earning an A.S.-T. in Computer Science must complete IGETC. Students earning an A.S.-T in Biology must complete either CSU-GE for STEM, or IGETC for STEM. Students earning an A.S.-T. in Chemistry must complete IGETC for STEM.</p>			
<p>Complete a minimum of 18 semester units in the major as determined by Santa Ana College. See the Instructional Programs portion of the SAC catalog for course requirements.</p>			
<p>Obtain a minimum grade point average (GPA) of 2.0. (In order to be admitted to a CSU, some majors/campuses require a higher GPA.)</p>			
<p>Earn a grade of C or better (C- is not acceptable) or Pass in all courses required for the major.</p>			
<p>Santa Ana College currently offers the following Associate in Arts/Associate in Science for Transfer Degrees:</p>			
<p>Administration of Justice Anthropology Art History Biology Business Administration 2.0 Chemistry Communication Studies Computer Science Early Childhood Education Economics Elementary Teacher Education</p>	<p>English Film, Television and Electronic Media Geography Geology History Hospitality Management Journalism Kinesiology Law, Public Policy and Society Mathematics Music</p>	<p>Nutrition Philosophy Physics Political Science Psychology Public Health Science Sociology Spanish Studio Arts Theatre Arts</p>	
<p>**What does it mean for my ADT to be "Similar"?</p>			
<p>In order to receive all Associate Degree for Transfer guarantees/benefits, the CSU campus to which you are transferring <i>must</i> have identified your particular transfer degree as "similar" to your chosen CSU major/concentration/option. The website www.icangotocollege.com shows you all CSU majors/concentrations/options that have been deemed "similar" to each associate degree for transfer.</p> <p>For example, on this website under the Transfer heading if you select "Try Our Transfer Tool", then Santa Ana College, then Kinesiology, then CSU, Long Beach you will see the following Kinesiology majors/options: Physical Education - Teacher Education; Sport Psychology and Leadership.</p> <p>What will <i>not</i> be shown are additional Kinesiology options offered by CSULB: Athletic Training; Exercise Science; and Fitness. This is because these major options have not been deemed "similar".</p> <p>NOTE: Some CSU campuses will still grant students priority in the admission process if they have earned an ADT, even if their ADT is not "similar" to their transfer major. These students however will not be granted all ADT guarantees.</p> <p>SAC students are strongly encouraged to meet with a counselor to review their options for transfer, and to determine whether or not an ADT is right for them.</p>

ADT Course Substitutions and Reciprocity, Policy and Procedures

For coursework not completed at SAC

Students who have completed courses at another California community college, a regionally accredited institution and/or completed an external exam such as AP, CLEP, or IB may apply the coursework or exam results toward A.A.-T/A.S.-T major requirements as follows:

1. A course with a C-ID designation which is completed at another California community college will be substituted for a SAC course that meets an Associate Degree for Transfer (ADT) major requirement designated with the same C-ID number. SAC departmental approval is not required.

2. A course without a C-ID designation which is completed at a regionally accredited institution, other than a California community college, will be reviewed by SAC discipline faculty. Course-to-course substitution will be granted based on discipline faculty determination of **comparability to a SAC course with the approved C-ID designation** for the given ADT. Course-to-course substitution will be granted in accordance with the state-wide C-ID descriptor when the SAC course does not have an approved C-ID designation, but a statewide C-ID descriptor exists. When no such descriptor exists, course substitution will be based on discipline faculty determination of **comparability to a SAC course included on the ADT**.

3. Students who have completed an external examination such as AP, CLEP, and IB are granted course credit toward ADT major requirements as listed in the SAC catalog.(Students should be aware that AP credit may be awarded/counted differently by the transfer institution.)

4. A course completed at another California community college that is approved as part of an associate degree for transfer will be applied to the corresponding Santa Ana College Associate Degree for Transfer (ADT) in the corresponding SAC ADT area. Courses completed at other California community colleges must be part of the ADT at the time the student completed the course. Courses completed at other CCC's prior to ADT approval will be "grandfathered".

FINANCIAL AID INFORMATION

FINANCIAL AID TO-DO LIST

1. Submit a Free Application for Federal Student Aid (FAFSA) at studentaid.gov/h/apply-for-aid/fafsa. If you are an AB-540 student, complete the Dream Act application instead of the FAFSA at dream.csac.ca.gov. The priority application period is from October 1st to March 2nd. You can apply after these dates; however it is best to apply before March 2nd to be considered for a Cal Grant.
2. Apply for the SAC Scholarships and other available scholarships. sac.edu/scholarships
3. Check if you are eligible for other services such as EOPS, Book Loan programs, and SSSP.
4. Check on-line or visit the Financial Aid Office in the Johnson Center J-201 to follow up on:
 - The status of your financial aid application
 - Completing and submitting all required forms on time
 - Understanding your award letter. We auto accept virtually all awards for the student now to speed the disbursement process.
 - Award disbursement dates
 - Selecting your award disbursement method (direct deposit, debit card, or check) through WebAdvisor
 - If you have special circumstances (for example: loss of job, no contact with parents etc.)

FINANCIAL AID TIPS

1. Apply for financial aid even if you do not think you are eligible. There are many factors besides income that are used to determine your eligibility. You may qualify.
2. Do not wait until you start classes or transfer to apply for financial aid. Apply today!
3. Remember, you must reapply for financial aid each academic year.

GLOSSARY

Articulation: Articulation is the process that links two educational institutions to help students make a smooth transition from a community college such as Santa Ana College to a four-year college or university without experiencing a delay or duplication of coursework. Course agreements for CSU, UC and CCC are available on assist.org. For out-of-state and private institutions, please visit sac.edu/counseling

Associate Degree for Transfer (ADT): The Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) is intended for community college students who plan to transfer and complete a bachelor's degree in a designated similar major at a CSU campus. For more information about the benefits for this program visit adegreewithaguarantee.com and schedule an appointment with a counselor.

CSU General Education (Plan B): A program that community college students can use to satisfy lower division general education requirements for any CSU campus. A petition must be completed with a counselor and submitted to the Graduation Office, S-104, to be certified.

Electives: Courses that are not required or used for a specific major, general education, or graduation requirements, but can be used to complete the total units required for a degree and/or transfer.

General Education (Plan A): A program of courses in the arts and sciences that provides students with a broad educational experience. Courses typically include the fields of Mathematics, English, Arts, Humanities, Social Sciences, Physical and Life Sciences. Completion of a general education program is required for the associate degree. Plan A is not advisable for students planning to transfer to a 4-year institution.

IGETC (Plan C): Intersegmental General Education Transfer Curriculum (IGETC) is a program that community college students can use to satisfy lower-division general education requirements at any CSU or UC campus. A petition must be completed with a counselor and submitted to the Graduation Office, S-104, to be certified.

Impaction: When a particular major or campus has received more applicants than spaces available, that major/campus is declared impacted. Applicants applying to these majors/campuses will go through a more competitive selection process. For more information on impaction, please directly contact the university.

Lower Division: Courses offered at the freshman or sophomore levels of college. Community colleges typically offer only lower division courses.

Major: A series of courses in a particular field of study designed to develop special knowledge, skills or expertise.

Major Preparation: A set of lower division courses required for a major that sets the foundation for upper division coursework. Transfer students are required to complete certain major preparation courses to meet admissions requirements for the 4-year institution. For more information on major preparation, consult with a counselor. For CSU and UC requirements visit assist.org

Minor: A secondary field of study in addition to the major— typically requires fewer courses than a major.

Pre-requisite: A course or courses that must be successfully completed before a student can enroll in the next-level course.

Transfer Admission Guarantee (TAG): Interested students must meet campus-specific requirements to qualify for a UC TAG. By participating, students can ensure their admissions to a participating UC campus. Currently, six campuses participate in TAG- Davis, Irvine, Merced, Riverside, Santa Barbara, and Santa Cruz. For more information, visit the University Transfer Center, S-110.

Transferable Courses: Santa Ana College courses designed for transfer are numbered 100 level and above. Each university determines how/if these courses meet transfer requirements.

Upper Division: Courses offered primarily for junior or senior level college students. Most community colleges do not offer upper division courses.

CAUTION!
 Parking in Bristol Marketplace, across the street from Santa Ana College, is not allowed. Violations will result in tow-aways. RSCCD requires parking permits for student and staff lots at Santa Ana College and Santiago Canyon College. Semester Parking Permits may be purchased at time of registration for \$30.00 in the Student Business Office (VL-205B) in the Village at Santa Ana College, as well as in the Cashier's Office at Santiago Canyon College. The purchase of your permit funds parking services and vehicle security when parked on campus.
