## Support Science Education in Santa Ana!

Eager minds  
await your  
sponsorship to  
reserve an  
exciting field  
trip to the  
**Tessmann  
Planetarium**,  
located on the  
campus of  
Santa Ana  
College.

We are first and foremost a teaching planetarium. Live, interactive programming incorporates the state and federal science content standards designed to ignite minds. The right tools at the right time can bring minds and ideas together. As Plutarch said centuries ago, “The mind is not a vessel to be filled, but a fire to be ignited.”

Your \$1,200 tax-deductible gift will:

- Admit 100 students and teachers for a memorable learning experience
- Provide roundtrip transportation
- Help build the SAC Foundation Tessmann Planetarium “Bridge to the Universe” Planetarium Endowment

## **Act today!**

Your donation makes it possible for a local school to reserve a trip that will spark their imaginations! Who knows? You may help inspire the next Newton or Einstein.

Please contact the Santa Ana College Foundation for more information on how to make a difference in a child’s life.
