X = Lower division preparation for the major.

- 1.1 **CPP:** Take Physics (210+211) or (279+289).
- 1.2 **CPP:** Add English 101H or 103. Bachelor degree programs are also offered in Biotechnology, Botany, Environmental Biology, Microbiology, Microbiology Medical Technology, Plant Science, and Zoology. See the CPSU Pomona catalog and www.assist.org for more information.
- 2.1 **CSUF:** Chemistry 249 and 259 are acceptable in lieu of Chemistry 301A and 301B and 302A and 302B at CSUF. No upper division credit will be granted.
- 2.2 **CSUF:** Take Math 150 or 180.
- 2.3 **CSUF:** Take Physics 279 and 289, or 210 and 211.
- 2.4 **CSUF:** Complete both Biology 212 and 214 for CSUF course credit.
- 2.5 **CSUF:** Courses taken credit/no credit may not be applied towards the major. Concentrations are: Biodiversity, Ecology, & Conservation Biology; Cell & Developmental Biology; Marine Biology; and Molecular Biology & Biotechnology.
- 3.1 **CSULB:** Take Math 150 or 180 at SAC. Add Math 185 at SAC or (119 or 123) at CSULB.
- 3.2 **CSULB:** Students must select an option. **Biology Education** — Add Astronomy 110, Geology (101+101L) or Earth Science 115), Biology 139 or 229. A second semester of Calculus is not required for this option. **General Biology, Botany, Ecology** — Add Geology 101 and 101L. **Physiology, Zoology** — Add Geology (101 and 101L) or Biology 229. **Cell and Molecular Biology** — Add Biology 229.

- 4.1 **UCI:** Take Biology 212 or 214 (Biology 212 is preferred).
- 4.2 **UCI:** Take Math 185 or 219.
- 4.3 **UCI:** Take Physics 210 and 211, or 217 and 227.
- 4.4 **UCI:** Junior-level applicants with the highest grades overall and who have satisfactorily completed course prerequisites will be given preference for admission. All applicants must complete one year of general Chemistry with grades of "B" or better and have a cumulative GPA of 3.0 or higher. Completion of Biology 211 and (212 or 214), with grades of "C" or better, is required.
- 5.1 **PREMED:** Take Physics 279 and 289, or 210 and 211.
- 5.2 **PREMED:** These courses are the requirements for most medical schools. Many schools also require English and Math. Students may generally major in any discipline as long as they have completed these courses. Consult individual medical schools for specific requirements.

The major preparation listed above ONLY includes courses for which articulation exists. This information is based upon university course articulation and catalog information available at the time of publication. It is to be used as a guide for lower division preparation for the major and not as an official document. **It is the student's responsibility to check the current catalog and articulation for any additional course requirements, or for any changes which may occur. Students are advised to consult with a SAC counselor. Additional articulation information can be obtained at www.assist.org. (01/09)**
