Easten Gateway Community College Provisional Plan

Easten Gateway Community College (EGCC) will be moving forward with institutional closure. This means the institution is discontinuing its education activities permanently. EGCC will not be enrolling students past the Spring 2024 semester. Closing the institution is a difficult decision and because of its impact on students, faculty, staff, and others the provisional plan has been carefully designed to respect all involved.

Each section heading has a roman numeral and, in that section, required aspects for the Provisional Plan are addressed.

I.   A List of Currently Enrolled Students at EGCC, as of Spring 2024

Appendix A contains a complete list of enrolled students as of the latest complete semester, Spring 2024 in each affected program at the institution, and the program requirements each student has completed.

The Excel sheet lists all the required elements asked for in a Provisional Plan. This list has the SIS codes for each program at EGCC. In addition, there is a field for total credits in the program and credit hours successfully completed with credit toward the program. Comparing the two (completed towards program vs. required for program) leaves the remaining credits to graduate. Personal identifying information (PPI) was removed, and names are represented through random number generation. The EGCC Vice President of Institutional Effectiveness has the conversion key.

II.   Academic Programs and Provisional Plan Partners, as of April 2024

Appendix B contains a complete list of the academic programs/certificates offered by EGCC as of April 2024. EGCC will update this list throughout the probation period, as necessary.

Appendix C contains the names of institutions, including contact information for EGCC's current point of contact, that have offered to enter into teach out agreements with EGCC. Additionally, there is a column for the date a signed teach out agreement has been received from the teach out partner.

EGCC's Senior Vice President of Academic Affairs, and Vice President of Institutional Effectiveness communicated with representatives of each potential partner on its Provisional Plan list. The document will be updated, as teach out agreements are received by EGCC.

The appendix also includes a crosswalk of programs that students can complete at the teach out partner school. The crosswalk includes all modality options. The document will be updated as crosswalks from teach out partner schools are received by EGCC.

Documents exchanged with teach out partners include a list of EGCC programs and current enrollment numbers, and the EGCC College Catalog with program requirements for comparison to the partner institution.

III.   Communication and Record Retention Planning

Appendix D has a sample email to be sent to all potentially eligible students at EGCC within ten (10) days of notice of institutional closure. The email contains information about student support programs available to all EGCC students, as well as information to connect with representatives of teach-out partner schools and how to obtain a closed school discharge of financial aid.

Beyond the email in Appendix D, live webinars will be provided to students to explain the situation, how to take advantage of EGCC-directed services to help in the transition, and how to access records. Traditional mail to the student's home address will follow electronic communication. The same messaging will be shared with local news media and key stakeholders.

Appendix E contains a Statement of Work from CampusCloud to act as part of the EGCC records retention plan for EGCC. CampusCloud agreed to provide a non-production environment to house all the data. They will also provide a point person to the accepting institutions, if needed. The system would be housed on an AWS cloud instance, and any of the institutions accepting students could be granted access to the cloud environment by CampusCloud to access any of the required retention data.

CampusCloud has agreed that if any accepting institutions wanted to migrate the data to their own SIS, CampusCloud would work with the associated school on a data migration plan.

Examples of the data to be stored in CampusCloud include any data for medical or licensure program students pertaining to clinical hours or data needed to secure and maintain licenses or employment records, student transcripts, billing, and financial aid records.

Additionally, EGCC will secure a commitment from a Partner institution to become a master keeper of the data. This would allow alumni and non-transferring students the ability to contact that school system for students records and other institutional data.

IV.   Communication Plan

The Clarity To Students On Specific Courses In Programs (And General Education) Accepted By Each Receiving Institution For Teach-Out Agreements

Institutional closure has become a reality, EGCC will have milestone events indicating the direction and pace at which it needs to act. This period is known as the pre-closure period in HLC's Teach-out Toolkit resource.

One aspect of the Plan that will be continually updated is the number of potential teach-out

partners and the "readiness" of each institution to take EGCC students, by program.
Appendix F includes a sample letter from Dr. Kristy Bishop at Westmoreland County Community College.

EGCC has begun to reach out to potential partners and begin preparation for each of them to commit to the number and types of credits any teach-out receiving institution is willing to accept before the student's enrollment.

Potential teach out partners are already comparing courses in each program, including syllabi with course-level learning outcomes. Teach out partner receiving institutions are committing specifically to what they will accept in each program and general education, specifically at the course level. This is the pre-closure phase" to prepare for rapid service to students.

A crosswalk of programs (included in Appendix C) that students can complete at the teach out partner school is being developed as part of the pre-closure phase. The crosswalk includes all modality options. The document will be updated as crosswalks from teach out partner schools are received by EGCC.

The Clarity To Students Engaged In Teach-Out Agreements Regarding Tuition And Fees And Any Changes To Tuition And Fees

While EGCC has a series of different innovative programs for union partners and in-service districts students that offer deeply discounted or "free" education, EGCC has a published tuition rate for full-time students and a per-credit-hour rate.

EGCC will work with each teach-out partner to develop a clear statement to students of the tuition and fees of the educational program and the number and types of credits that each teach-out receiving institution will accept. These statements of credits and tuition and fees will become exhibits in the teach-out agreements with each teach-out partner and communicated to students in a variety of ways including email, websites, U.S. mail, and staff at EGCC to provide student services and aid in transitions for students. The teach-out agreement will include a commitment from each receiving institution to promptly notify students of any additional costs.

Appendix G contains the approved teach out agreement draft by EGCC. This teach out agreement is the document that teach out partners will be signing.

V.   Discontinuance of Offices and Transition Staff and Call Center to Aid Students in Evaluating Alternatives and if Desired, Transfer to a Teach Out Partners or Other Institutions

EGCC has contacted all grant funders (e.g., TRIO and others) to learn the proper cessation of grant-funded services.

As part of this Provisional Plan, EGCC has transitional staff to serve students as they decide what to do next regarding their educational journey. Students will be informed via email within

ten (10) days notice of how to obtain a closed school discharge of financial aid, participating teach-out plan partners, and contact information regarding the college's transition staff. Staff include staff members from admissions, financial aid, and advising. This will help EGCC's students' transition with as little burden as possible. Students have been notified that EGCC will not be enrolling students past the Spring 2024 semester and this period has been used to maximize service to students in securing teach out agreements from partner institutions.

The EGCC Provisional Plan includes procedures for academic and financial aid advising, including but not limited to transfer fairs or written agreements with specific institutions. The Provisional Plan includes drafts of any planned disclosures to affected students concerning their options.

The email in **Appendix D** will be sent to all impacted students within ten (10) days of notice of institutional closure.

In addition to the email disclosure, EGCC has:
- Appointed a Vanessa Birney as the Teach-out Coordinator.
- Has been/Currently is available to students at non-traditional hours, nights, and weekends, in addition to in- person staffing for face-to-face students at EGCC locations if EGCC has the capacity.
- Make office space available to staff from any teach-out institution partner, but especially those expected to recruit in-seat face-to-face students to attend their institutions.
- Ensure neutrality between EGCC staff and the possible teach-out institutions.

Executives at EGCC, as warranted over time, have updated, and are working to solidify plans for the institution in consultation with ODHE and other Ohio state-level entities.

EGCC leaders are examining the feasibility of offering all our existing services and programs as non-credit as well as anticipate staffing needs for the coming periods after receiving notice. To the degree possible, EGCC will facilitate the ability of faculty and staff to find opportunities elsewhere. Faculty and employee next-destination help will be discussed in the next section regarding programs with specialized accreditation at EGCC.

The Provisional Plan identifies all programmatic accreditors with which EGCC has a relationship and the status any program holds with such accreditors.

EGCC has programs that are required to provide multi-year reports of progress to programmatic accreditors and other programs associated with nationally recognized entities which require some reporting of EGCC program leaders. For example, the Dental Assisting program is an operating program that currently reports to its programmatic accreditor on a semi yearly/yearly basis. The Fire Science Program is recognized by the United States Fire Administration (USFA) as a Fire and Emergency Services Higher Education Program (FESHE). FESHE requires all program directors to sign attestation forms twice per semester stating that all courses were taught in accordance with approved syllabi, yet this is no indication that the program needs improvement. Such distinctions will be made below.

These programmatic bodies are as follows:

- The Dental Assisting Certification Program is accredited by the Commission on Dental Accreditation and has been granted the accreditation status of Accredited. The Commission is a specialized accrediting body recognized by the United States Department of Education. EGCC has contacted each specialized accrediting body for any of its programmatically accredited offerings to discuss the teaching out of students in its program.

VI.   Stages of Plan Development

Pre-Closure: It has become evident that the institution is in financial failure, and it is necessary to discontinue instruction and close enrollment. Communications have been made to the faculty, staff, and students to notify them that enrollment has not been extended past the Spring 2024 semester.

Regarding teach-out partners, one will be identified as a master keeper of the data. This would allow alumni and non-transferring students the ability to contact that school system for any of this data if needed (an example would be copies of their transcript). Also, this stage would secure recommitment from institutions being teach-out partners reviewing the MOU teach-out agreement and securing all authorizations needed.

Regarding persons employed by EGCC and impacted by any future institutional closure, the Cabinet in collaboration with the Ohio Department of Higher Education will:
- Determine if/how faculty and staff will be transferred, reduced, or managed through other arrangements.
- Close out contracts, transfer of personnel, reassignment of personnel, terminal contracts.
- Address unemployment claims of employees.
- Engage with and address faculty/staff union considerations at EGCC.

During Closure: The timeframe in which the institution has notified HLC, state authorizing bodies, the U.S. Department of Education, and/or other accrediting bodies that it will cease to operate a portion of or all within a short time frame of its operations. The institution has published this information publicly.

The receiving institution has received Approval or is in the process of receiving Approval to become a teach-out or transfer institution by HLC, state authorizing bodies, the U.S. Department of Education, and/or other accrediting bodies.

Post Closure: The timeframe after the institution has notified its accreditors, state, and the U.S. Department of Education that it is moving to cease operations with a published timeline. Internal stakeholders have been informed. All communications have been distributed. Transfer fairs have concluded. Students have transferred or are still seeking transfer.

EGCC is using the HLC Teach-Out Toolkit and its recommendations at each phase.

VII. Outline of Actions to be Taken by EGCC Immediately Upon Voluntarily Resignation of Accreditation

HLC notifies EGCC that it has accepted the resignation of accreditation with effective dates. HLC also communicates to DOE, ODHE, specialized accreditation bodies, and others in that notification.

A. Communication Plan - EGCC will also notify internal and external stakeholders that our plans developed in this document will go into effect. These parties shall include:
   1. Existing students – communication will include the option for closed school discharge, teach-out partner institutions, and name the transition office contact information for students.
   2. Prospective students in any stage of engagement with EGCC
   3. ODHE and State level administrators
   4. Programmatic accreditors
   5. The EGCC Board of Trustees
   6. All EGCC employees
   7. All teach-out partner institutions.
   8. The local communities in our service district and their leaders
   9. NC-SARA
   10. State Licensure Agencies
   11. Alumni
   12. Donors
   13. All grant funders (e.g., Trio and others)
   14. Notification of program/institutional closure to any current partner institutions (e.g., existing articulation agreements)
   15. Public notice of closing
   16. Press release to media
   17. Post on the college website and other publications
   18. Include Question and Answers and number/ department on-campus to contact
   19. Post on College's social media outlets
B. Within 30 days of the decision, EGCC will provide HLC with an accurate record of the programs currently in operation, the students enrolled in each program, and the program requirements completed by each of those students.
C. EGCC ensure transition staff and maintain call center, name its leadership and staff, and begin advertising services to students and intrusive advising communication outreach to students.
D. EGCC faculty will work with students and the transition staff to pursue their educational goals, including selecting a teach-out partner through which to complete their program. In those cases, faculty and the transition staff will aid the student in making the transition to the teach-out institution.
E. EGCC will review contingency plans regarding other operating units, e.g., grant-funded programs, workforce programs, or other non-credit programs, staffing needs in the coming months and make appropriate decisions.
F. EGCC will implement its pre-planned arrangements for Secure Permanent Student Access to Student Records by CampusCloud and the Teach-Out partner, which is

committed to act as a master keeper of the data. This allows alumni and non-transferring students the ability to contact that school system for any of this data if needed (an example would be copies of their transcript).

Dear <<Student First Name>> <<Student Last Name>>,

With a heavy heart, I write to inform you that Eastern Gateway Community College has moved forward with an institutional closure. As a result, our college will no longer be able to issue diplomas.

We understand the disruption this will cause to you and your academic journey. Our staff, students, and faculty worked hard over the last year toward a better outcome, but we, disappointingly, were not able to make the necessary progress. However, contingency plans are in place to protect you as best possible during this transition.

The following colleges have agreed to accept our students and the credits you have already earned here:
• Belmont College (Ohio)
• Hocking College (Ohio)
• Stark State Community College (Ohio)

Information about these institutions will be sent by email. Additionally, the Call Center will help you. This office can be reached at 833-465-2505, option 1.

For students who have taken out student loans, the federal government does provide a loan forgiveness program called the "closed school discharge." More information is available here: https://studentaid.gov/manage-loans/forgiveness-cancellation/closed-school. Please carefully consider your options, and reach out to the Transition Center for help making the best choice.

We hope your time at Eastern Gateway was of value, and we wish you the best in all your future endeavors. We hope we can help you with personal care and service as you make these transitions.

Sincerely,

Dr. John R. Crooks
