

It's always been about the people.

Independence Rehab represents the most consistent, agile, geriatrics rehab company in the industry. Our therapists love working for a company that truly respects and appreciates what they bring to the table. Our culture of working closely together in a positive, rewarding work environment translates into outstanding patient care, and happy employees. Here's a snapshot of why you should consider Independence Rehab in your next job search:

- We're therapist-owned and operated. We've been in the trenches so other therapists like to work for us.
- Our owners insist on being part of the hiring process so they personally know every single employee.
- We believe that seniors need a challenging and encouraging therapy program—so we always provide an assertive program to quickly get them better and get them home.
- We embrace technology. We use Rehab Optima for documentation, therapy scheduling, and electronic billing/invoicing.
- We offer an extremely competitive pay & benefits package which includes generous paid time off, employer-matching 401k retirement program, medical & dental insurance, and relocation assistance.

Amazing Full-time COTA Opportunity in Northern Utah!

Independence Rehab is actively searching for a full-time COTA to join our outstanding rehab team at Sunshine Terrace, a non-profit skilled nursing facility in beautiful Logan, UT. Our preference is a therapist with at least a year of experience practicing OT in a SNF setting, but new-grads are also encouraged to apply. The schedule for this position is **7-on/7-off** so you'll have lots of flexibility and extra time off! The pay & benefits package is very competitive and includes relocation assistance if you are coming from outside Utah. If this position intrigues you, please apply! If you are not interested I would appreciate if you would forward my information to any of your COTA friends who may be looking for work. Check us out at www.indrehab.com/
