

Certified Occupational Therapy Assistant – Relocation and Bonuses!

Become a member of Kingman Regional Medical Center's dynamic therapy team

Kingman Regional Medical Center (KRMC) is seeking a highly-motivated, team-oriented Certified Occupational Therapy Assistant to join our therapy team. Candidates must be a graduate of an approved COTA program, and be eligible for a state license. New graduates are encouraged to apply!

Why join our team?

Staff at KRMC receive competitive wages and benefits, retention bonuses, relocation assistance, tuition reimbursement, educational opportunities and so much more! With great staff, an amazing work environment and a beautiful facility, you don't want to miss this opportunity!

We value teamwork and empowerment for the good of our patients

At KRMC, our best comes from a spirit of collaboration and cooperation among our team of healthcare professionals combined with some of modern medicine's most advanced technologies. As a part of our team, your clinical skills will be empowered to the utmost effectiveness for serving the best interest of the patient.

About our medical center

As the largest healthcare provider in northwest Arizona, KRMC offers a full range of services to meet the health and wellness needs of our vibrant growing community. From sophisticated medical imaging and diagnostic capabilities to advanced treatments in cardiac care, wound care, and cancer, to progressive rehabilitation and pain management therapies; we are unique among medical centers in similar-size communities.

KRMC has the distinction of being among the first members of the Mayo Clinic Care Network. With this membership, our healthcare providers have direct access to Mayo Clinic medical expertise and research. This relationship enables us to address more types of medical conditions at a local level— providing our community further options for receiving quality care close to home.

About our community

Located in the scenic high desert of northwest Arizona, Kingman has beautiful year-round weather with easy access to mountain sports and water recreation. Ideally located less than two hours south of Las Vegas, we are also only a few hours' drive to professional sporting events and shopping in Phoenix or to the beaches of southern California. Kingman serves as the county seat of Mohave County— one of Arizona's fastest growing areas. Our service area population is over 70,000 with a draw area of over 200,000.

For more information about our hospital and community, go to <http://bit.do/KRMCPProfile>.
