Occupational Therapy Unlimited is looking for an outstanding Certified Occupational Therapy Assistant to be a part of an exciting practice in Driggs, Idaho. Practice settings include hand therapy, inpatient, home health and pediatric school-based practices. Driggs sits at the base of the Grand Tetons and offers many year-round, world-class recreational activities.

Responsibilities:
The Occupational Therapy Assistant will implement occupational therapy programs and provide occupational therapy treatments to facilitate increased independence and functioning, under the supervision of the Occupational Therapist.

The Occupational Therapy Assistant will implement clients’ individualized treatment plans as established by the Occupational Therapist. S/he will work with the Occupational Therapist to develop programs and activities consistent with the needs and capabilities of each client. The Occupational Therapy Assistant will instruct clients, families, teachers, and other caregivers in the skills and techniques of the occupational therapy treatment program under the supervision of the Occupational Therapist. S/he will maintain appropriate and timely documentation for all clients treated. The Occupational Therapy Assistant will put client service first and ensure that clients and families receive the highest quality of service in a caring and compassionate atmosphere, which recognizes the individuals’ needs and rights.

Qualifications:
1. Graduate from an accredited Occupational Therapy Assistant program according to the AOTA & ACOTE standards.
2. Initial certification obtained from the National Board for Certification in Occupational Therapy.
3. S/he must be licensed and/or eligible for licensure as required in the states of Idaho and Wyoming.
