

## Job description

St George Rehabilitation is looking for Certified Occupational Therapy Assistants to join our team! We are an established treatment center that provides quality care to patients with spastic quadriplegia and other neurological disorders. We are currently hiring for full-time employees as well as part-time and weekend availability. Our full-time employees are eligible for competitive benefits including paid time off, medical, dental, vision, retirement and short-term disability.

Our occupational therapists are responsible for providing direct patient care to our patients in our clinical offices. They work with patients to achieve a therapeutic environment in which they can focus on their recovery. Patient care is the top priority in all aspects of the facility, with each employee responsible for maintaining a safe and clean environment where patients are being treated.

## Job Duties:

- Assisting the therapist in the patient's treatment plan
- Delivering care to patients in person, by phone, via email or via fax
- Taking patient's medical history and recording it in the patient's medical record
- Providing accurate information by reading charts and documents provided by the patient
- Preparing supplies and equipment needed for treatment
- Preparing materials needed for treatment according to patient's needs
- Evaluating results of treatment and providing appropriate feedback to the patient
- Communicating with the patient's doctor regarding continued care
- Providing assistance with mobility (e.g. getting up and down from bed or chair)
- Preparing materials needed for treatment according to the needs of the treatment plan specified by the therapist
- Other duties as assigned by therapist or manager

## Experience:

- A valid state driver's license is required for employment in this position.

Job Types: Full-time, Part-time

## Benefits:

401(k)

401(k) matching

Dental insurance

Flexible schedule

Health insurance

Paid time off

Tuition reimbursement

Vision insurance
