

Program Outcomes
Occupational Studies

Students graduating from the OS program will:

1. Demonstrate advanced mastery of OTA clinical skills, including clinical reasoning, that follow the guidelines established in the Occupational Therapy Practice Framework: Domain and Process (3rd Edition).
2. Relate theory and research to clinical practice areas.
3. Provide OTA services that meets the community needs of diverse populations with sensitivity and empathy.
4. Be prepared for participation in advocacy for clients in clinical and community settings.
