

The college also offers 21 Associate Degrees for Transfer (21 ADTs: 18 AA-T and 3 AS-T).

Santa Ana College's original 48-acre site was bounded by 17th Street to the north, Bristol Street to the east, Campus Road to the south, and College Avenue to the west. Although the core remains within this original area, the college expanded beyond the original boundaries to now include 66.6 acres which provides 503,380 assignable square feet of space, including Centennial Education Center, the Digital Media Center, and the Orange County Sheriff's Regional Training Center.

Santa Ana College continues to excel in academic achievement and maintain a spirit of innovation and responsiveness as new needs emerge. Overall, Santa Ana College ranks 8th in the nation for the number of certificates awarded to Hispanic students and 12th in the awarding of associate of arts degrees according to *The Hispanic Outlook in Higher Education Magazine*. The College was ranked 14th nationally amongst two- and four-year colleges and universities that enrolled and supported Hispanic students. Santa Ana College offers a rich array of career technical education and transfer programs. Several programs are separately accredited by professional organizations such as The American Bar Association for the Paralegal Program and the Accreditation Commission for Education in Nursing (ACEN) for the Nursing Program. In addition, Santa Ana College has a large non-credit program with a central site at the Centennial Education Center. From this central site, SAC has expanded to provide academic and support services to over 100 other locations. Finally, the establishment of programs such as the ¡Adelante! Program and Upward Bound for veterans demonstrates the college's commitment to developing new pathways for students and serving new populations. Santa Ana College is committed to credit and non-credit instruction as it serves the needs of the community.

Santa Ana College Off-Site Credit and Non-Credit Centers

Today the Rancho Santiago Community College District is represented by two comprehensive colleges, Santa Ana College and Santiago Canyon College. Within the multi-college structure, there are four centers and approximately 40 sites under the aegis of Santa Ana College.

The Centennial Education Center (CEC): Centennial Education Center (CEC) serves as the administrative site for the SAC School of Continuing Education (SCE) programs, which are offered at approximately 40 locations in the community. The CEC facility, on leased space, offers almost 40,000 square feet of instructional space. It houses a full spectrum of continuing education classes for adult learners and a child development center. Enrollment in fall 2013 was 10, 050, with the largest portion enrolled in English as a Second Language courses. Other offerings include adult basic education (ABE), high school completion (Adult Secondary Education-ASE), parent education, and career technical education (formerly vocational training).

The Digital Media Center: The Digital Media Center (DMC), which opened in August 2006, is the first facility of its kind in Orange County, combining education and business in the digital media industry. The funds to develop the facilities came from the RSCCD Measure E Bond, the City of Santa Ana, and the US Department of Commerce through a community development block grant. The DMC was created to stimulate growth in

Orange County by attracting emerging businesses to the area. On approximately one acre, this facility of approximately 28,000 square feet houses classrooms, digital graphic design laboratories, and one of the largest television and video production studios in the community college system. This center also includes a groundbreaking technology business incubator program dedicated to the emerging digital media industry in Orange County; instructional space for the digital media arts, digital music postproduction, and TV/video production; and the college's Public Service Institute, which offers seminars to employees of public agencies.

Orange County Sheriff's Regional Training Center: This facility on 15 acres offers a little over 8,000 square feet of instructional space for lecture and applied practice courses for students enrolled in the Orange County Sheriff's Regional Training Center programs as well as continuing education for law enforcement professionals.

Regional Fire Academy: Although classroom instruction and departmental offices are housed at Santa Ana College's main campus, the college also operates two off-campus fire technology training centers: the Joint Powers Training Center and the North Net Training Center. These sites provide the space and equipment needed to provide students with hands-on experiences that simulate real-world conditions. RSCCD owns the training facilities at both of these leased sites.

Table 1. School of Continuing Education Sites

CODE	Name of Site	Address	Phone Number
BGC	Boys & Girls Club	950 W. Highland St., Santa Ana	(714) 543-7212
CAMB	Cambodian Family	1626 E. Fourth St., Santa Ana	(714) 571-1966
