Dear Colleagues,

College Council's annual review included working on a revised mission statement for Santa Ana College. You might wonder why our mission statement needs revising – to start, our mode of operation is changing. We now offer a bachelor's degree in Occupational Studies—one of only 15 community colleges in the state to do so. Our College Promise Program, previously known as ¡Adelante!, makes five essential promises to SAUSD graduates who continue their education at SAC. The School of Continuing Education is expanding to the Remington Elementary School site and will serve an area of Santa Ana that is eager for our services. The implementation of guided pathways in the coming years will change the way we deliver our programs in order to improve student outcomes.

For these reasons and more, it is necessary that we examine our mission statement to see if it still fits the new Santa Ana College. Though College Council has representation from all constituent groups, it is vital that we include all faculty and staff in this decision. The link below has just one question, and asks you to choose between two drafts of our proposed, revised mission statement.

The survey will close at **5 p.m. on Tuesday, June 6**. Thank you for taking a few minutes out of your day to help shape the future of SAC.

College Council,

On behalf of Dr. Rose, we are proud to announce SAC's new Mission Statement as a result of the recent digital survey and the creativity generated by you over the last couple of months. It is noted below in **red text**. It was a close race and now work on the vision statement can begin soon. Thank you all for your participation in this amazing process.

Kennethia
