	Block Schedule Presentation	
	Dr. Fernando Ortiz presented 2022-2023 Block Schedule. The Block Schedule	
	was based on pre-Covid. A taskforce was created to work on the forming of	
	the Block Schedule. It was important to keep a 10-minute common break so	
	students can have more opportunities to take more classes rather than	
	overlap class schedules. For students taking classes on campus, the goal was	
	to take as many classes as possible per section over the course of a day. This	
	was presented to the Academic Senate, faculty and through proper	
	constituency channels for feedback. The Deans also had input. Some Deans expressed concern with the later times running later than normal. It will be	
	the Dean's discretion to make the decision to change the end time of the	
	class. This Block Schedule was used for Fall 2021 and Spring 2022 and	
	forward.	
	In Spring 2022 there are about 16 sections that go past the 10:00pm hour. It is difficult to assess the impact as this was the first semester in full	
	implementation. We will need to wait until the Fall to determine the efficiency.	
	Dr. Hoffman asked if there were talks about a college hour used for meetings	
	between faculty and staff. Dr. Ortiz reported that that recommendation was	
	heard, but it was felt that it was more important to use that time for students to take courses.	
	Marty Rudd asked if there would be enough time for custodial staff to prep	
	rooms in between classes. Shannon Kaveney replied that the custodians	
	would be able to meet the campus' needs accordingly and will be easier once	
	he has a full crew of custodians.	
	The intent is to align courses to run as presented in the Block Schedule to	
	create better efficiency for students to take more sections throughout the	
	day. This schedule was designed for a student taking 12 units on campus. But	
	it will be hard to assess this right now due to the hybrid schedules. We will	
	need to wait a few semesters post-Covid to assess this Block Schedule.	

10. FUTURE AGENDA ITEMS	DISCUSSION/COMMENTS	
	Safety & Security Training Calendar Dr. Hoffman reported that the Safety and Security Training Calendar will include trainings for Incident Command Center, Floor Wardens and Building Captains and the use of radios. A draft will be forthcoming.
