

CONSTRUCTION ALERT

Date: July 16, 2019

What: Science Center

When: 07/22/2019 through 07/26/2019

Where: Santa Ana College

Work Hours: 7:00 A.M. – 3:00 P.M.

Activities:

In order to connect future buildings to the existing fire alarm infrastructure, a pathway will be installed from an underground vault adjacent to Building L to the current Science Center job site. This will require construction fencing to be temporarily relocated south of Building L (see attached map). This work will take approximately one week. The fire alarm will remain operational and all entrances and exits to Building L will remain open for the entire duration.

If you have any concerns or questions, please contact Rudy Delgadillo at (818) 294-5496 or via e-mail at RDelgadillo@bernards.com.
