Commentary from Zoom Chat:

- Dr. Merari Weber (she/her/ella) : There are various stakeholders, so representation from each is important in the discussions. For us in non-credit, it shouldn't just be career education, but the other programs we have.
- Stephanie Clark : I'm hearing that an 'Entry' team is somewhat substantial in our needs... perhaps organizing similar to Enrollment Management, with some subgroups to support aspects of 'Entry'
- Amberly Chamberlain : Dual Enrollment teachers will be hearing directly from the high school students any needs and issues as well. They are our bridge to the high schools.
- Dr. Merari Weber (she/her/ella) : A Welcome Center and onboarding workshops, etc., before the semester begins.
- Raquel Requena Ramirez : I would also like to suggest we consider students completing articulated courses specially those who are doing so as part of a pathway including dual enrollment courses and result in attainment of a certificate upon graduating high school
- Stephanie Clark : @Raquel I hear you, and I think we can focus on this next year as a priority for transitioning
