## БИЙ БЕЗ ВАГАННЯ СТАРІ ПРИЙОМИ В НОВІЙ ОБСТАНОВІ ПРАЦЮЮ ПО НОВОМУ

У нас є ще чимало господарників, що „не вірять“ ні в механізацію, ні в договори з калгосами.

Це ті самі господарники, що не розуміють нової обстановки, не хочуть працювати по-новому і віддають „за старими добрими часами“, коли робоча сила „сама йшла“ на підприємства.

Й. СТАЛІН.

„Спецредство“ озирає взаємодію і привертася у нас швидко-вня і гомебним нещом.

Й. СТАЛІН.

Що таке знеособлена? Знеособлена—це відсутність якоїсь відповідальності за до- ручену роботу, відсутність відповідальності за механізми, за апарати, за струмент.

Й. СТАЛІН.

Щоб забезпечити дальше роз- гортання промисловості і сіль- ського господарства, треба до- могтися пустити в хід нові дже- рела нагромадження, інше дже- рело безгосподарності, загубити госпрозрахунок, звеняти собі- лярність і піднести середпроми- слове нагромадження.

Й. СТАЛІН.

Урядовціна призводять до того, що ін- дівідуальний робітник змушений пере- ходити з підприємства в підприємство, щоб нарешті знайти таке підприємство, де жо- нуть, оцінити індивідуальному працю як слід.

# How to Survive an Atomic Bomb...

January 1951

Whatever your attitude toward use of the atomic bomb, you must live with the fact that it exists. You must also know how to protect yourself as much as you can against it. As with flood, fire or other catastrophes, certain common sense rules apply. The wise citizen of this atomic era will memorize them so thoroughly that their use would be almost instinctive.

**IMMEDIATE ACTION**, should a surprise atomic attack occur, could mean the difference between life and death. First sign of an atomic explosion would be an intensely bright light. You must resist the impulse to look toward the source of this burning brightness. Rather, use the next one or two seconds for quick protective action.

**DROP TO THE GROUND** instantly if you are in the open or less than a few steps from protection, such as a tree or the corner of a building. Your immediate reaction

must be to shield yourself from the flash of brilliance. If indoors, drop to the floor with your back to the window, or crawl behind or beneath a protecting piece of furniture.

**CURL UP** in such a way as to shield your face, neck, hands and arms. Unless you happen to be close to the immediate area of the bomb, your greatest danger would be from flash burns which could seriously damage exposed areas of skin. Hold this curled up position for at least 10 seconds.

**THERMAL RADIATION**...the burning brightness... can be dangerous as far as two miles from the point of origin. But the rays travel in straight lines. So if you instantly shelter yourself from these rays, you may avoid serious burns. At least, protect yourself with your own body...

let your back take the brunt of the rays. Clothing... especially light clothing... can usually prevent rays from reaching your body.

**BE ALERT FOR THE BLAST WAVE** which spreads outward for as much as a minute or more after the explosion. If on the street, press close to a building so that you are sheltered from breaking glass or falling debris. If indoors, keep away from windows... they may shatter. The safest place within a building is likely to be against an interior partition or in the basement.

**WORK IN ADVANCE TO AVOID PANIC.** This can best be done by working with your local civilian defense organization. Study the fund of information available on defensive measures. By careful planning, your community can be prepared to hold death and destruction to a minimum.

RECOMMENDATION FOR ASSISTANCE TO GREECE AND  
TURKEY

---

ADDRESS

OF

THE PRESIDENT OF THE UNITED STATES

DELIVERED

BEFORE A JOINT SESSION OF THE SENATE AND THE HOUSE OF  
REPRESENTATIVES, RECOMMENDING ASSISTANCE TO GREECE  
AND TURKEY

---

MARCH 12, 1947.—Referred to the Committee on Foreign Affairs, and ordered  
to be printed

---

MR. PRESIDENT, MR. SPEAKER, MEMBERS OF THE CONGRESS OF THE  
UNITED STATES:

The gravity of the situation which confronts the world today necessitates my appearance before a joint session of the Congress.

The foreign policy and the national security of this country are involved.

One aspect of the present situation, which I wish to present to you at this time for your consideration and decision, concerns Greece and Turkey.

The United States has received from the Greek Government an urgent appeal for financial and economic assistance. Preliminary reports from the American Economic Mission now in Greece and reports from the American Ambassador in Greece corroborate the statement of the Greek Government that assistance is imperative if Greece is to survive as a free nation.

I do not believe that the American people and the Congress wish to turn a deaf ear to the appeal of the Greek Government.

Greece is not a rich country. Lack of sufficient natural resources has always forced the Greek people to work hard to make both ends meet. Since 1940, this industrious and peace-loving country has suffered invasion, 4 years of cruel enemy occupation, and bitter internal strife.

When forces of liberation entered Greece they found that the retreating Germans had destroyed virtually all the railways, roads,

consideration the maximum amount of relief assistance which would be furnished to Greece out of the \$350,000,000 which I recently requested that the Congress authorize for the prevention of starvation and suffering in countries devastated by the war.

In addition to funds, I ask the Congress to authorize the detail of American civilian and military personnel to Greece and Turkey, at the request of those countries, to assist in the tasks of reconstruction, and for the purpose of supervising the use of such financial and material assistance as may be furnished. I recommend that authority also be provided for the instruction and training of selected Greek and Turkish personnel.

Finally, I ask that the Congress provide authority which will permit the speediest and most effective use, in terms of needed commodities, supplies, and equipment, of such funds as may be authorized.

If further funds, or further authority, should be needed for purposes indicated in this message, I shall not hesitate to bring the situation before the Congress. On this subject the executive and legislative branches of the Government must work together.

This is a serious course upon which we embark.

I would not recommend it except that the alternative is much more serious.

The United States contributed \$341,000,000,000 toward winning World War II. This is an investment in world freedom and world peace.

The assistance that I am recommending for Greece and Turkey amounts to little more than one-tenth of 1 percent of this investment. It is only common sense that we should safeguard this investment and make sure that it was not in vain.

The seeds of totalitarian regimes are nurtured by misery and want. They spread and grow in the evil soil of poverty and strife. They reach their full growth when the hope of a people for a better life has died.

We must keep that hope alive.

The free peoples of the world look to us for support in maintaining their freedoms.

If we falter in our leadership, we may endanger the peace of the world—and we shall surely endanger the welfare of our own Nation.

Great responsibilities have been placed upon us by the swift movement of events.

I am confident that the Congress will face these responsibilities squarely.

HARRY S. TRUMAN.

# THE IRON CURTAIN CAME DOWN

FOLLOWING THE VICTORY OVER NAZISM, MEN AND WOMEN OF MANY NATIONS HOPED THEY COULD LEARN TO KNOW THE RUSSIAN PEOPLE IN PEACE TIME. THEY WERE DISAPPOINTED. AN IMPENETRABLE IRON CURTAIN KEPT THE FREE PEOPLE OUT AND THE RUSSIANS LOCKED IN.

RADIO BROADCASTS FROM THE VOICE OF AMERICA, THE BBC AND OTHER STATIONS IN THE FREE WORLD WERE JAMMED. SOVIET LEADERS KNEW THAT THEIR POWER DEPENDED ON KEEPING THE TRUTH FROM THEIR PEOPLE.

THE SOVIET UNION, THROUGH ITS RADIO AND PRESS, AND ITS PUPPET AGITATORS, Poured OUT A FLOOD OF LIES AGAINST ITS FORMER ALLIES.

AFTER THE WAR, THE ALLIES AGREED ON FOUR-POWER CONTROL OF GERMANY. THE UNITED STATES, GREAT BRITAIN AND FRANCE WORKED FOR A UNIFIED, DEMOCRATIC GERMANY. BERLIN, AN ISLAND IN THE SOVIET ZONE, ALSO CAME UNDER FOUR-POWER ADMINISTRATION.

SOVIET AUTHORITIES DEvised COUNTLESS MEANS TO SPLIT EAST AND WEST GERMANY. IN BERLIN THEY RESORTED TO BLOCKING ALL TRAFFIC BY RAIL OR HIGHWAY.

THE UNITED STATES, BRITAIN AND FRANCE REFUSED TO YIELD TO SOVIET PRESSURE. THEY FOUND A SOLUTION--A GIGANTIC AIRLIFT THAT WOULD FLY FOOD AND SUPPLIES INTO THE BLOCKADED CITY. RESULT: THE USSR LIFTED THE BLOCKADE!

SOVIET-OCCUPIED AUSTRIA WAS SEALED OFF FROM THE FREE WORLD AND, IN VIOLATION OF TREATIES, THE DANUBE RIVER--A GREAT WATER HIGHWAY TO VIENNA AND CENTRAL EUROPE -- WAS BLOCKED TO FREE INTERNATIONAL COMMERCE.

Misc.

Dear Dick:

I read your telegram of August seventh with a lot of interest.

I know that Japan is a terribly cruel and uncivilized nation in warfare but I can't bring myself to believe that, because they are beasts, we should ourselves act in the same manner.

x197

xPP7185

For myself, I certainly regret the necessity of wiping out whole populations because of the "pigheadedness" of the leaders of a nation and, for your information, I am not going to do it unless it is absolutely necessary. It is my opinion that after the Russians enter into war the Japanese will very shortly fold up.

x220

My object is to save as many American lives as possible but I also have a humane feeling for the women and children in Japan.

Sincerely yours,

HARRY S. TRUMAN

China's entry into Korean war may be only a diversion, with French Indo-China as real goal for conquest. Red-held Korea would point dagger at Japan. Chinese invasion of Korea is matched by intensified campaign in Indo-China.

Invasion of Tibet may be move to solidify Red China's Indian-border defenses.

Indo-China is the key to southeast Asia. If Reds take over, Burma, Thailand, Malaya and perhaps Indonesia may go down under communism — either by military conquest or internal revolt.

Chinese Reds have not lost hope of seizing Formosa from Nationalists. If they do, they pierce General MacArthur's Japan - Philippines defense arc, posing threat to Okinawa and Philippines.

Communist-held Indo-China would also put Reds on flank of the Philippines.
