

Define your guiding principle(s) for student engagement

**\*\*We are *all* experiencing challenges at any given time: technical (hardware, software, internet) and emotional. How do I make space for those during RI? \*\***

1. Roll call check-ins
  2. Poll Everywhere
  3. Canvas Collaborations

# Poll Everywhere ([tutorial](#))

## My preferred method of online participation is...

What show did you binge watch over the summer?  
Or what game did you spend countless hours playing?

"Been painting or watching art videos"

"Avatar"

"Zilch"

"Unsolved Mysteries"

"modern family and hallmark mystery movie"

"Nitro Nation and Clash of Clans"

"Call Of Duty Warzone"

"I binged You on Netflix. The ending to the second season was sooo crazy! I didn't expect it."

In one word, describe how prepared you feel for the fall semester.
