

SANTA ANA
COLLEGE

STUDENT PLANNING GUIDE

2025-2026

PRESIDENT'S MESSAGE

Welcome to Santa Ana College (SAC)! It is a privilege to lead such an outstanding college where we collectively stand ready to serve this vibrant and diverse community of learners, providing excellent services and quality education at an affordable rate.

Santa Ana College (SAC) is an award-winning institution with championship athletic programs and recognized signature programs. SAC offers three bachelor's degrees: Occupational Studies, Paralegal Studies, and Automotive Technology, which help fuel the local economy and assist students and alumni in earning a living wage.

Since our founding in 1915, we have been an integral part of Orange County for over 115 years, proudly maintaining a legacy of academic achievement and excellence. We offer more than 265 degrees and certificates.

At SAC, we have a rich tradition of academic excellence, whether you want to learn English, earn a High School Diploma, pursue a Career or Technical Education, complete an Associate's or Bachelor's Degree, or transfer to another institution. Santa Ana College is also ranked number one in Online Education, offering an online pathway where you can earn your degree in two years for approximately \$2,500. No matter who you are or where you come from, Santa Ana College has a pathway for you.

To us, students are the most important people on campus. We understand that each student is unique and comes to our college from a different starting point, whether as first-time freshmen or returning student. With the dedicated support of our administration, faculty, and staff, we create opportunities and provide students with services to complete their educational goals.

Although Santa Ana College has served this community for over 115 years, we continually evolve to meet the needs of our students and growing community. Our state-of-the-art facilities, including the new Health Sciences Building and the Science and Johnson Student Center, support student learning, academic success, and ultimately help students build their future and legacy for their families.

Collectively, we stand ready to inspire, transform, and empower you on your educational journey.

Sincerely,
Annebelle Nery, Ph.D.
President, Santa Ana College

About Degrees/Certificates

The **Bachelor of Science Degree** is a four-year degree requiring students to complete 120 units of course work consisting of upper and lower division major/discipline and general education courses.

The **Associate in Arts Degree for Transfer (AA-T)** and **Associate in Science Degree for Transfer (AS-T)** are degrees that qualify students for transfer to CSU, many Independent California Colleges and Universities as a Junior.

Major classes plus general education classes = 60 units.

All **Associate degrees** offered at Santa Ana College provide students with the necessary skills to compete successfully in related job markets. Completion of an Associate degree does not always adequately satisfy transfer major requirements. Meet with a counselor to develop a custom education plan.

Certificates of Achievement (CA) and **Proficiency (CP)** are a verification of achievement in a particular academic or occupational area requiring 6-30 units of major/discipline focused classes.

ADDITIONAL ASSOCIATE DEGREE REQUIREMENTS				
Unit and Residency Requirements: Minimum of 60 degree applicable units with at least a 2.0 grade point average in the degree-applicable courses. At least 12 of the units must be earned at Santa Ana College, Santiago Canyon College, or a combination of the two				
Major Requirements: Each degree program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better, or P (Pass) if the course is taken on a P/NP basis. See the Instructional Programs section of the college catalog for specific course requirements.				
Advising Notes				
1. A single course may only be counted in a single general education area, even if the course is listed in multiple GE categories. 2. A single course may be used to meet both a general education requirement and a major or area of emphasis requirement for the AA/AS. 3. Courses completed at Santiago Canyon College which meet the requirements for categories 1-7 at Santiago Canyon College will automatically meet the identical area requirements at Santa Ana College. 4. A maximum of 14 Pass/No Pass units is allowed for any degree program. See SAC catalog for exceptions.				
CAUTION: Plan 1 does not satisfy all general education requirements for transfer to a CSU or UC campus and is not intended for students transferring to a 4-year institution. Plan 1 also does NOT meet the general education requirements for Associate Degrees for Transfer (A.A.-T/A.S.-T). Students earning these degrees must complete either CSU-GE (Plan B)* or IGETC (Plan C)*, or Cal-GETC (Plan 2). *(CSU-GE and IGETC is only allowable for those students meeting the required catalog rights) It is the student's responsibility to request an associate degree by submitting a completed SAC Graduation Petition to the Admissions and Records Office prior to established deadlines.				

DRAFT Santa Ana College Plan 2 – Advisement Sheet 2025-2026 California General Education Transfer Curriculum (Cal-GETC)

IMPORTANT NOTES: Courses on this list are approved beginning Fall 2025 and are valid through Summer 2026 only. Complete all courses for Cal-GETC with a minimum grade of C, or P if taken on a P/NP basis. (C minus is not acceptable) Credit not granted for both honors and non-honors version of a course; * Indicates transfer credit may be limited by UC

Effective Fall 2025, Cal-GETC is the new lower division general education pattern for California Community Colleges students transferring to the CSU or the UC. Continuing students may be eligible to continue to follow CSU-GE (Plan B) or IGETC (Plan C). *Please consult a SAC counselor for additional information.* Courses in **bold** are part of the new CA Common Course Numbering System (CCN) across all CA Community Colleges F '25.

REQUIREMENTS OUTSIDE OF CAL-GETC – 1. AMERICAN INSTITUTIONS, 2. LANGUAGE OTHER THAN ENGLISH				
1. AMERICAN INSTITUTIONS REQUIREMENT <i>Not part of Cal-IGETC but may be completed at SAC.</i> CSU has an American Institutions graduation requirement that is separate from Cal-GETC. Courses used to meet the requirement can usually also be used in Area 3 or 4. To meet the CSU requirement, students should take Political Science C1000 or C1000H (101/101H) AND one of the following courses: History 118, 120, 120H, 121, 121H, 123, 124, 124H, 127, 146. UC requires the completion of a college course or courses with a grade of "C" or better OR a one-year course in high school in U.S. History or a half-year course in U.S. History and a half-year course in American Government with grades of "C" or better (UCLA requires an average grade of "B" or better). UCSB requires the completion of a college course. If you are using college coursework to satisfy this requirement, check the appropriate UC catalog to determine which course(s) to take.				
2. LANGUAGE OTHER THAN ENGLISH REQUIREMENT – UC ONLY This UC graduation requirement is separate from Cal-GETC. Each UC campus has its own LOTE guidelines. Upon transfer to UC, a course that is approved to fulfill a Cal-GETC subject area may be used to satisfy the LOTE requirement. See: UC graduation requirements				
NOTES: 1) IGETC courses taken prior to Fall 2025 may be included in Cal-GETC certification if the courses are also approved for the corresponding Cal-GETC area. This means courses that appear on IGETC but are not listed in the corresponding area of Cal-GETC cannot be used for Cal-GETC. (For continuing students following IGETC, Cal-GETC courses taken Fall 2025 or later may be applied towards IGETC certification if the courses are approved for the corresponding IGETC area.) 2) Certification of coursework from other California Community Colleges completed for Cal-GETC will be honored provided that a course was on a college's approved Cal-GETC (or IGETC, see #1) certification course list when it was completed. The coursework will be applied to the subject area in which it is listed by the institution where the work was completed. See www.asssist.org . 3) Although a course may be listed in more than one area, it can only be applied to a single area for Cal-GETC certification. 4) Courses taken at other U.S. institutions (which do not maintain a Cal-GETC certification list) with accreditation from ICAS approved accreditors will be placed in the subject areas for which Santa Ana College has equivalent courses. In some cases non-equivalent courses may also be considered. Please see a counselor for additional information. International coursework, from an institution without accreditation from an ICAS approved accreditor, cannot be applied to Cal-GETC. 5) Courses with fewer than 3 semester or 4 quarter units generally cannot be used toward Cal-GETC certification. 6) Advanced Placement and International Baccalaureate exams can be applied to Cal-GETC. See the SAC catalog for score requirement(s) and GE area(s) awarded. 7) No more than 14 semester units (21 quarter units) of Pass/No Pass, excluding credit by exam, may be used toward Cal-GETC certification. 8) Partial Cal-GETC certification is not allowed.				
CAUTION: Cal-GETC/IGETC completion is not recommended, or in some cases accepted, by all UC campuses and/or majors. Please consult https://admission.universityofcalifornia.edu/admission-requirements/transfer-requirements/preparing-to-transfer/general-education-igetc/igetc/campus-guidance.html to view the Cal-GETC/IGETC considerations for each UC campus. Cal-IGETC "Certification" refers to the official notification provided by Santa Ana College that a student transferring to any UC or CSU campus has completed courses fulfilling lower-division general education requirements. Without certification students will be held to the general education requirements specific to the UC or CSU campus to which they transfer. Students fully certified in Cal-GETC are also qualified to receive a Certificate of Achievement in Cal-GETC. It is the student's responsibility to request certification by submitting a completed certification/certificate of achievement petition to the Admissions and Records Office prior to established deadlines.

Associate Degrees for Transfer A.A.-T and A.S.-T. - known as ADT's Requirements

IMPORTANT NOTE: Requirements for ADT's differ from other SAC Associate Degree (A.A. and A.S.) requirements

These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. SAC students who are awarded an ADT are guaranteed admission with junior standing somewhere in the CSU system and are given priority admission consideration to their local CSU campus or to a program that is deemed "similar" to their community college major. This priority does NOT guarantee admission to specific majors or campuses. Students who have been awarded an ADT are able to complete their remaining requirements for the 120 unit baccalaureate degree within 60 semester units.

C*

IP*

N*

Complete 60 CSU transferable semester units. SAC courses which are CSU transferable are numbered 100 and above. At least 12 of the units must be earned at Santa Ana College.

Complete the California General Education Transfer Curriculum (Cal-GETC, Plan 2). The CSU GE (California State University General Education Breadth) or IGETC (Intersegmental General Education Transfer Curriculum) pattern may be used in some cases; please see a counselor for details.

Complete a minimum of 18 semester units in the major as determined by Santa Ana College. See the Instructional Programs portion of the SAC catalog for course requirements.

Obtain a minimum grade point average (GPA) of 2.0. (In order to be admitted to a CSU, some majors/campuses require a higher GPA.)

Earn a grade of C or better (C- is not acceptable) or Pass in all courses required for the major.

Santa Ana College currently offers the following Associate in Arts/Associate in Science for Transfer Degrees:

Administration of Justice
Anthropology
Art History
Biology
Business Administration 2.0

****What does it mean for my ADT to be "Similar"?**

In order to receive all Associate Degree for Transfer guarantees/benefits, the CSU campus to which you are transferring *must* have identified your particular transfer degree as "similar" to your chose CSU major/concentration.

The website: <https://www.calstate.edu/apply/transfer/Pages/associate-degree-for-transfer-major-and-campus-search.aspx> shows you all CSU majors/concentrations that have been deemed "similar" to each associate degree for transfer.

For example, on this website (under "Search by major of Interest") if you select Business Administration 2.0 and Fullerton (under "search by CSU") you will see the following Business Administration concentrations listed as "similar": Accounting, Business Analytics, Business Economics, Decision Sciences, Entertainment & Hospitality Management, Entrepreneurship, Finance, General Management, Human Resource Management, Information Systems, Legal Studies, Marketing, Operations and Supply Chain Management, Risk Management and Insurance, Economics – General, Global Trade, and Intercultural Management.

What will *not* be shown are additional Business Administration/concentrations offered by CSUF: joint emphasis in Accounting & Information Systems, joint emphasis in Accounting & Finance, Accounting & Business Analytics, Business & Economics Analytics, Marketing and Information Systems, Professional Business (online only), and Real Estate. This is because these majors/concentrations have not been deemed "similar".

Another website with helpful ADT information is: <https://icangotocollege.com/associate-degree-for-transfer>

NOTE: Some CSU campuses will still grant students priority in the admission process if they have earned an ADT, even if their ADT is not "similar" to their transfer major. These students however will not be granted all ADT guarantees.

SAC students are strongly encouraged to meet with a counselor to review their options for transfer, and to determine whether or not an ADT is right for them.

ADT Course Substitutions and Reciprocity, Policy and Procedures
For coursework not completed at SAC

Students who have completed courses at another California community college, a regionally accredited institution and/or completed an external exam such as AP, CLEP, or IB may apply the coursework or exam results toward A.A.-T/A.S.-T major requirements as follows:

1. A course with a C-ID designation which is completed at another California community college will be substituted for a SAC course that meets an Associate Degree for Transfer (ADT) major requirement designated with the same C-ID number. SAC departmental approval is not required.
2. A course without a C-ID designation which is completed at a regionally accredited institution, other than a California community college, will be reviewed by SAC discipline faculty. Course-to-course substitution will be granted based on discipline faculty determination of **comparability to a SAC course with the approved C-ID designation** for the given ADT. Course-to-course substitution will be granted in accordance with the state-wide C-ID descriptor when the SAC course does not have an approved C-ID designation, but a statewide C-ID descriptor exists. When no such descriptor exists, course substitution will be based on discipline faculty determination of **comparability to a SAC course included on the ADT**.
3. Students who have completed an external examination such as AP, CLEP, and IB are granted course credit toward ADT major requirements as listed in the SAC catalog. (Students should be aware that AP credit may be awarded/counted differently by the transfer institution.)
4. A course completed at another California community college that is approved as part of an associate degree for transfer will be applied to the corresponding Santa Ana College Associate Degree for Transfer (ADT) in the corresponding SAC ADT area. Courses completed at other California community colleges must be part of the ADT at the time the student completed the course. Courses completed at other CCC's prior to ADT approval will be "grandfathered".

Advising Notes

CALIFORNIA COLLEGE PROMISE GRANT PROGRAM (CCPG)

The California College Promise Grant Program (CCPG) which pays for enrollment fees, is available to California residents and AB540 students who qualify in one of the following ways:

1. You or your parents, if you are dependent, receive CalWORKs/TANF, SSI/SSP or GA/GR (General Assistance General Relief)
2. Your total family's income (adjusted gross income and/or untaxed income) from two years ago was less than 150% of the federal poverty guidelines.
3. You have applied for financial aid through the FAFSA or the California Dream Act and have been determined to have more than \$1,103 in financial need by the Financial Aid Office.

To apply for the California College Promise Grant Program, please apply online at

studentaid.gov/h/apply-for-aid/fafsa or dream.csac.ca.gov. The CCPG must be renewed every year starting each Summer term.

FINANCIAL AID INFORMATION

FINANCIAL AID TO-DO LIST

1. Submit a Free Application for Federal Student Aid (FAFSA) at studentaid.gov/h/apply-for-aid/fafsa. If you are an AB-540 student, complete the Dream Act application instead of the FAFSA at dream.csac.ca.gov. The priority application period is from October 1st to March 2nd. You can apply after these dates; however it is best to apply before March 2nd to be considered for a Cal Grant.
2. Apply for the SAC Scholarships and other available scholarships. sac.edu/scholarships
3. Check if you are eligible for other services such as EOPS, Book Loan programs, and SSSP.
4. Check on-line or visit the Financial Aid Office in the Johnson Center JSC-201 to follow up on:
 - The status of your financial aid application
 - Completing and submitting all required forms on time
 - Understanding your award letter. We auto accept virtually all awards for the student now to speed the disbursement process.
 - Award disbursement dates
 - Selecting your award disbursement method (direct deposit, debit card, or check) through WebAdvisor
 - If you have special circumstances (for example: loss of job, no contact with parents etc.)

FINANCIAL AID TIPS

1. Apply for financial aid even if you do not think you are eligible. There are many factors besides income that are used to determine your eligibility. You may qualify.
2. Do not wait until you start classes or transfer to apply for financial aid. Apply today!
3. Remember, you must reapply for financial aid each academic year.

GLOSSARY

Articulation: Articulation is the process that links two educational institutions to help students make a smooth transition from a community college such as Santa Ana College to a four-year college or university without experiencing a delay or duplication of coursework. Course agreements for CSU, UC and CCC are available on assist.org. For out-of-state and private institutions, please visit sac.edu/counseling

Associate Degree for Transfer (ADT): The Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) is intended for community college students who plan to transfer and complete a bachelor's degree in a designated similar major at a CSU campus. For more information about the benefits for this program visit adegreewithaguarantee.com and schedule an appointment with a counselor.

Cal-GETC (Plan 2): California General Education Transfer Curriculum is the singular general education pathway for California Community College (CCC) students to fulfill lower-division general education requirements necessary for transfer and admission to both the California State University (CSU) and the University of California (UC). A petition must be completed with a counselor and submitted to the Graduation Office, S-104, to be certified.

Electives: Courses that are not required or used for a specific major, general education, or graduation requirements, but can be used to complete the total units required for a degree and/or transfer.

General Education (Plan 1): A program of courses in the arts and sciences that provides students with a broad educational experience. Courses typically include the fields of Mathematics, English, Arts, Humanities, Social Sciences, Physical and Life Sciences. Completion of a general education program is required for the associate degree. Plan 1 is not advisable for students planning to transfer to a 4-year institution.

Impaction: When a particular major or campus has received more applicants than spaces available, that major/campus is declared impacted. Applicants applying to these majors/campuses will go through a more competitive selection process. For more information on impaction, please directly contact the university.

Lower Division: Courses offered at the freshman or sophomore levels of college. Community colleges typically offer only lower division courses.

Major: A series of courses in a particular field of study designed to develop special knowledge, skills or expertise.

Major Preparation: A set of lower division courses required for a major that sets the foundation for upper division coursework. Transfer students are required to complete certain major preparation courses to meet admissions requirements for the 4-year institution. For more information on major preparation, consult with a counselor. For CSU and UC requirements visit assist.org

Minor: A secondary field of study in addition to the major— typically requires fewer courses than a major.

Pre-requisite: A course or courses that must be successfully completed before a student can enroll in the next-level course.

Transfer Admission Guarantee (TAG): Interested students must meet campus-specific requirements to qualify for a UC TAG. By participating, students can ensure their admissions to a participating UC campus. Currently, six campuses participate in TAG- Davis, Irvine, Merced, Riverside, Santa Barbara, and Santa Cruz. For more information, visit the University Transfer Center, S-110.

Transferable Courses: Santa Ana College courses designed for transfer are numbered 100 level and above. Each university determines how/if these courses meet transfer requirements.

Upper Division: Courses offered primarily for junior or senior level college students. Most community colleges do not offer upper division courses.

THE SCHOLARSHIP PROGRAM

The Scholarship Program provides financial resources to students who are incoming, continuing, and transferring to four-year institutions to allow them the opportunity and flexibility to focus on achieving their academic and professional goals, by helping to offset the costs of tuition, books, technology, and other college-related expenses. We have close to three-quarters of a million dollars in scholarship funds to help our students succeed.

SAC Transfer Scholarships are intended to financially support Transfer Students in their transition from community college to four-year institutions.
