## Notice of Financial Aid Warning Due to Grade Point Average or Unit Deficiency

Schools participating in the Title IV Student Financial Assistance Programs are required to establish an academic standard that measures a student's progress toward an educational goal: certificate, degree or transfer. Rancho Santiago Community College District's standard includes the following elements:

- A time frame in which the student's goal must be completed,
- An evaluation of units completed, and
- An evaluation of grade point average.

All students are expected to complete at least 66.5% of units attempted, and maintain a cumulative Grade Point Average of 2.0 (C average) or higher.

An evaluation of your satisfactory academic progress has been performed at the end of **Spring 2021** semester. As a result, our records indicate that you have been placed on warning due to failing to meet the required financial aid satisfactory academic progress. **With a warning status, you are eligible to continue receiving financial aid for the next semester you enroll.**

If your cumulative Satisfactory Academic Progress does not meet the minimum standards at the end of the next semester you enroll, you will be disqualified for financial aid programs. Disqualified students may remain eligible to attend Rancho Santiago Community College District and may remain eligible for the California College Promise Grant (CCPG) (formerly known as the BOG Fee Waiver).

If you need assistance, below are our recommendations:

- Make an appointment with a counselor for academic advisement regarding the classes you need to be enrolled in and develop an educational plan to complete your educational goal.
- Follow your educational plan when you enroll.
- Enroll only in the number of classes you can successfully complete with at least a cumulative Grade Point Average of 2.0.
- Visit the Learning Center for tutoring services.
- You may need to retake classes in which you received an "F" or "D" grade. Once you retake a class, complete a Petition for Academic Renewal form with the Admissions Office for the new grade to replace the "F" or "D" grade. A higher grade in those classes will help raise your cumulative GPA. Discuss this possibility of Academic Renewal with your academic counselor.

If you have any questions, please contact our office at (714)564-6242.

Sincerely,  
Financial Aid Staff (W)
