Santa Ana College Philosophy and Mission
Welcome to Santa Ana College!
You have made a wise investment in yourself. Your enrollment at SAC reflects your commitment to complete the requirements to earn one of our many Certificates of Achievement, Associate Degrees, transfer to a four-year university or earn a Bachelor of Science degree in Occupational Studies. This is your first act of many that will transform your life! Your decision to begin an educational journey at Santa Ana College can result in opportunities that will help you live a rich, full life. While you travel on your educational pathway, we are here to guide and help you every step of the way. We understand that you may face personal challenges that can hinder your progress and we are here to help you face and overcome these challenges. Please know that we, faculty, staff, and administrators look forward to celebrating every milestone along your educational path. You will find excellent instruction and supportive tutoring and counseling services to help you achieve your educational goals. Thank you for choosing SAC as the place to begin your journey in higher education!
– Santa Ana College Administration, Faculty and Staff

Santa Ana College Mission Statement
Santa Ana College inspires, transforms, and empowers a diverse community of learners.

Santa Ana College Vision Statement
Santa Ana College is the college of choice that empowers individuals and is committed to creating and strengthening a student-centered, diverse, and welcoming community. The innovative academic pathways and services that we provide inspire and motivate students to achieve educational excellence and economic advancement in a supportive environment.

Catalog Content
The Rancho Santiago Community College District and Santa Ana College have made every reasonable effort to determine that everything stated in this catalog is accurate. Courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of the district for reasons related to student enrollment, level of financial support, or for any other reason, at the discretion of the district and the colleges. The district and the college further reserve the right to add, amend, or repeal any of their rules, regulations, policies, and procedures.

Institutional Learning Outcomes (Core Competencies)

1. Communication Skills
   a. Listening and Speaking
   Students will listen actively and respectfully to analyze the substance of others’ comments. Students will speak in an understandable and organized fashion to explain their ideas, express their feelings, or support a conclusion.
   b. Reading and Writing
   Students will read effectively and analytically and will comprehend at a college level. Students will write in an organized and grammatically correct fashion to explain their feelings and support a conclusion.

2. Thinking and Reasoning
   Students will identify and analyze real or potential "problems" and develop, evaluate, and test possible solutions using creative thinking, analysis and synthesis, quantitative reasoning, and/or transfer of knowledge and skills to a new context as appropriate.
   a. Creative Thinking
   Students will develop the skills to formulate original ideas and concepts in addition to integrating those of others in the creative process.
   b. Critical Thinking
   Students will think logically in solving problems; explaining their conclusions; and evaluating, supporting, or critiquing the thinking of others.
   c. Ethical Reasoning
   Students will demonstrate an understanding of ethical issues that will enhance their capacity for making sound judgments and decisions.
   d. Quantitative Reasoning
   Students will use college-level mathematical concepts and methods to understand, analyze and explain issues in quantitative terms.

3. Information Management
   a. Information Competency
   Students will do research at a level that is necessary to achieve personal, professional and educational success. They will use print material and technology to identify research needs, seek, access, evaluate and apply information effectively and responsibly.
   b. Technology Competency
   Students will use technology learning tools and technology applications at a level appropriate to achieve discipline-specific course requirements and standards. Demonstrated skills might include, but are not limited to: word processing and file management; use or development of simulations, web pages, databases; graphing calculators; etc.

4. Diversity
   Students will develop individual responsibility, personal integrity, and respect for diverse peoples and cultures of the world.
   a. Cultural
   Students will respect and work with diverse people including those with different cultural and linguistic backgrounds and different abilities.
   b. Social
   Students will interact with individuals and within groups with integrity and awareness of others’ opinions, feelings and values.
   c. Environmental
   Students will demonstrate an understanding of ethical issues that will enhance their capacity for making decisions and sound judgments about the environment.

5. Civic Responsibility
   Students will take personal responsibility for becoming informed, ethical and active citizens of their community, their nation and their world.

6. Life Skills
   a. Creative Expression
   Students will produce artistic and creative expression.
   b. Aesthetic Appreciation
   Students will respond to artistic and creative expressions.
   c. Personal Growth
   Students will demonstrate habits of intellectual exploration, personal responsibility, and practical and physical well-being.
   d. Interpersonal Skills
   Students will participate effectively in teams, committees, task forces, and in other group efforts to make decisions and seek consensus.

7. Careers
   Students will develop the knowledge and skills necessary to select and develop careers.

Rancho Santiago Community College District Accreditation
Santa Ana College is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges (WASC), an institutional accrediting body recognized by the Council for Higher Education Accreditation, the U.S. Department of Education, and the Veterans Administration. The college holds membership in the Community College League of California and the American Association of Community and Junior Colleges.

In addition to the current ACCJC college-wide accreditation, specified programs at Santa Ana College are also accredited by external accrediting bodies:

1. Automotive Technology: National Automotive Technicians Education Foundation (NATEF)
3. Emergency Medical Technician: Orange County Emergency Medical Services (OCEMS)
Santa Ana College offers 253 degrees and certificates in credit programs that prepare students for transfer to 4-year universities or careers. In addition, over 1,000 classes are offered to students in a variety of noncredit programs including 37 certificates and an Adult High School Diploma program in Continuing Education programs.

District Facilities

Santa Ana College is located on approximately 65 acres at 1530 W. 17th Street in Santa Ana. The college was first opened in 1915 as an upward extension of Santa Ana High School. It is the fourth oldest community college in California. Located first on the high school campus, the college was moved to downtown Santa Ana and then to the present site in 1947. Present day market value of Santa Ana College is estimated at more than $125 million dollars.

Santiago Canyon College is situated on 82 acres at 8045 E. Chapman Avenue in Orange. It opened its first phase of classrooms in fall 1985 under the name of the Orange Campus of Rancho Santiago College. The Child Development Center opened in fall 1991 to provide childcare services.

Centennial Education Center in Santa Ana and the Santiago Canyon College Orange Education Center house the college's extensive Continuing Education programs, which provide high school diplomas, English as a Second Language and older adults courses.

Opportunity

The Rancho Santiago Community College District provides opportunities for the pursuit of excellence through educational programs and services for local residents. The purpose of these programs and services is to enhance the quality of human life by providing public access to college education. A significant number of classes are scheduled off-campus each semester in order to enhance accessibility to students. The map indicates the locations of the major instructional sites within the district.

Rancho Santiago Community College District

Governed locally by a seven-member Board of Trustees elected by the citizens of the district, Rancho Santiago Community College District (RSCCD) is a part of the California community college system, one of the three segments of the public post-secondary educational systems in the state.

RSCCD, located in central Orange County, encompasses 193 square miles with a population of approximately 770,000. The district's boundaries include all of the K–12 schools within the Orange and Santa Ana Unified School Districts, as well as a portion of the Garden Grove Unified School District. RSCCD's boundaries extend from the eastern portion of the city of Garden Grove, around the perimeters of Santa Ana, Orange, Villa Park, and Anaheim Hills, and east to the Riverside County line.

Enrollment data, provided by RSCCD Research Department, in district programs for fall 2020 totaled 43,552 with 30,134 enrolled in college credit courses and 13,730 enrolled in Continuing Education. Please note, these numbers are accurate as of publication date. The Community Services Program serves 1,393 residents districtwide in not for credit, fee-supported classes.

Santa Ana College and Santiago Canyon College

Santa Ana College opened in 1915 as an upward extension of Santa Ana High School, and is the fourth oldest community college in California. Initially located on the campus of Santa Ana High School, it moved to downtown Santa Ana in 1933, and then to its current location in 1947. Santa Ana College serves the city of Santa Ana and portions of the cities of Tustin, Irvine, and Garden Grove.

Santiago Canyon College is among the newest community colleges in California and began offering classes in 1985 as the Orange Campus within the Rancho Santiago Canyon Community College District. Santiago Canyon College earned its independent accreditation in January 2000, and serves the communities of Orange, Villa Park, and Anaheim Hills.

Enrollment data, provided by RSCCD Research Department, in district programs for fall 2020 totaled 28,829 with 19,413 students in college credit courses and 9,518 in classes for Continuing Education students. Please note, these numbers are accurate as of publication date. The Community serves another 1,174 residents in fee-based not for credit classes.

Academic Freedom Policy

1. The teacher should be free to think and to express ideas, free to select and employ materials and methods of instruction, free from undue pressures of authority, and free to act within his/her professional group. Such freedom should be used judiciously and prudently to the end that it promotes the free exercise of intelligence and student learning. Academic freedom is not an absolute. It must be exercised within the law and the basic ethical responsibilities of the teaching profession. Those responsibilities include:

2. An understanding of our democratic tradition and its methods.

3. A concern for the welfare, growth, maturity, and development of students.

4. The method of good taste and judgment in selecting and employing materials and methods of instruction.

(BP4201 Faculty)

Rates of Student Progress Student Right-to-Know Act

The rates below are placed here in accordance with the federally mandated Student Right-to-Know Act

Santa Ana College:

Student Right-to-Know Rates for Fall 2014 Cohort

Completion Rate: 29.08%

Transfer Rate: 6.46%

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of our college district to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2014, a cohort of all certificate, degree, and transfer-seeking first-time, full-time students were tracked over a six year period. Their completion and transfer rates are listed above. These rates do not represent the success rates of the entire student population at the College nor do they account for student outcomes occurring after this six year tracking period.

Based upon the cohort defined above, a Completer is a student who attained a certificate or degree or became ‘transfer prepared’ during a six year period, from Fall 2014 to Spring 2020. Students who have completed 60 transferable units with a GPA of 2.0 or better are considered ‘transfer prepared’. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming ‘transfer prepared’ during an eleven semester period, from Spring 2015 to Spring 2020, are transfer students.

Student Consumer Information Right-to-Know Disclosure Information

Federal regulations require all campuses to provide specified information to prospective and current students, staff and the general public. Listed below are those items that must be available for review per federal regulation.

The federal Higher Education Act, the federal Equity in Athletics Disclosure Act (EADA), and regulatory guidance provided in the Code of Federal Regulations (CFR) require direct individual notices of prescribed information to certain target audiences including prospective students; currently enrolled students; current employees; parents, coaches and counselors of prospective student athletes; and the general public. Disclosures are to include crime/security statistics, student completion/graduation rates, FERPA privacy/security rights, financial aid program information, and gender-specific information on athletic participation and financial support.

Family Education Rights and Privacy

As required under the provisions of the Family Education Rights and Privacy Act of 1974, the Rancho Santiago Community College District will make public without student consent only certain directory information. This information consists of the following: a student’s name; city of residence; major field; participation in officially recognized activities and sports; weight, height, and age if a member of an athletic team; dates of attendance; degree and awards received; and the most recent previous educational institution or agency attended by the student.

A student may request the Admissions and Records Office to withhold this information. Such request must be in writing and submitted each semester.
F.E.R.P.A. Family Education Rights and Privacy Notification

The Family Education Rights and Privacy Act of 1974 provides colleges the right to consent to disclose personally identifiable information contained in the student's education records to third party vendors who are identified as School Officials and who have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including district safety personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees, or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

Santa Ana College contracts with the following School Officials:
- Auditors (Vicenti-Lloyd-Stutzman)
- CCCApply (Unicon)
- Credentials (Online transcript request)
- ECS Imaging (optical imaging)
- Ellucian Colleague
- Image Now (optical imaging)
- PointNClick Solutions and Quest (Health Center)
- National Student Clearinghouse
- SARS (Counseling Center)
- Xerox

Sexual Harassment, Sexual Misconduct, Intimate Partner Violence, and Stalking

Various federal and state law imposes obligations for the District to addresses and prohibit acts of sexual harassment, sexual misconduct, stalking, or domestic violence and dating violence ("intimate partner violence") and stalking. Any sexual misconduct or physical abuse as defined by California state and federal law, whether committed by an employee, student, or member of the public, that occurs on or off district property may be a violation of district policies and procedures, and is subject to all applicable punishment, including criminal procedures, civil litigation and employee or student discipline procedures. Students may face discipline at the District, up to and including suspension or expulsion. Employees may face sanctions up to and including dismissal from employment, pursuant to established policies and provisions of applicable collective bargaining unit agreements. Students, faculty, and staff who report sexual harassment, sexual misconduct, intimate partner violence, or stalking ("prohibited conduct") shall be treated with dignity and provided comprehensive assistance.

The district encourages Complainants (those individuals reporting incidents of prohibited conduct) of sexual misconduct, intimate partner violence or stalking to talk to someone about what happened - so they can get the support they need, and so the District can respond appropriately. The District has established administrative procedures that ensure that students, faculty, and staff who are directly impacted by prohibited conduct receive appropriate information and treatment, and that educational information about preventing sexual violence is provided and publicized as required by law (please see Administrative Regulation 3540 and Interim Administrative Regulation 3425 for complete procedures).

Under California law, any health practitioner employed in a health facility, clinic, physician’s office, or local or state public health department or clinic is required to make a report to local law enforcement if they provide medical services for a physical condition to a patient/Complainant who they know or reasonably suspects is suffering from (1) a wound or physical injury inflicted by a firearm; or (2) any wound or other physical injury inflicted upon a Complainant where the injury is the result of assaultive or abusive conduct (including sexual misconduct, domestic violence, and dating violence). This exception does not apply to sexual assault and domestic violence counselors and advocates. Health care practitioners should explain this limited exception to Complainants, if applicable.

Additionally, under California law, physicians, psychotherapists, professional counselors, licensed clinical social workers, clergy, and sexual assault and domestic violence counselors and advocates are mandatory child abuse and neglect reporters, and are required to report incidents involving Complainants under 18 years of age to local law enforcement. These professionals will explain this limited exception to Complainants, if applicable. Finally, some or all of these professionals may also have reporting obligations under California law to (1) local law enforcement in cases involving threats of immediate or imminent harm to self or others where disclosure of the information is necessary to prevent the threatened danger; (2) to the court if compelled by court order or subpoena in a criminal proceeding related to the sexual violence incident. If applicable, these professionals will explain this limited exception to Complainants.

The use of alcohol or drugs never makes the Complainant at fault for reports of misconduct, intimate partner violence or stalking; therefore, Complainants should not be deterred from reporting incidents out of a concern that they might be disciplined for related violations of drug or alcohol policies. Except in extreme circumstances, Complainants shall not be subject to discipline for related violations of the Standards of Student Conduct. Santa Ana College has the resources to assist and refer students who experienced sexual misconduct, dating or domestic violence, and stalking. Immediate care and confidential counseling can be provided by the Health and Wellness Center, in The Johnson Center JSC-110 or call (714) 564-6216. When the Health and Wellness Center is closed, contact Campus Safety and Security (not a confidential resource) directly in the X building or call (714) 628-6330. If you have questions regarding an allegation, specific behavior or if you would like to discuss a concern with an administrator, please contact a member of the Title IX team below.

Individuals may report to the Title IX Team, who will provide written and verbal information regarding applicable District complaint procedures for investigating and addressing the incident. The Title IX Team will also provide information regarding resources available to Complainants, as well as information regarding their rights and options. Furthermore, making a report means telling a member of the Title IX Team what happened—in person, by telephone, in writing, or by email. At the time a report is made, a reporting party does not have to request any particular course of action, nor does a reporting party need to know how to label what happened. Choosing to make a report, and deciding how to proceed after making the report, can be a process that unfolds over time.

Many resources and options are available on and off campus including confidential and privileged communication options. The Title IX Team is available to explain and discuss rights to file a criminal complaint and to assist in doing so; the District’s relevant complaint process, and rights to receive assistance with that process, including the investigation and hearing process; how confidentiality is handled; available resources, both on and off campus; and other related matters. When an individual tells the Title IX Team or another non-confidential District employee about a sexual misconduct, dating violence, domestic violence, or stalking incident, or prohibited conduct, the Complainant has the right to expect the District to take immediate and appropriate steps to review the matter promptly and equitably. In all cases, the District strongly encourages Complainants to report prohibited conduct directly to the Title IX Team.

To the extent possible, information reported to District employees will be kept private and shared only with individuals responsible for handling the District’s response to the incident. The District will protect the privacy of individuals involved in a prohibited conduct incident except as otherwise required by law or District policy as required by state or federal law. A prohibited conduct report may result in the gathering of extremely sensitive information about individuals in the campus community. If a Complainant requests of the Title IX Team or another District employee that their identity remain completely confidential, the Title IX Team will explain that the District cannot always honor that request and guarantee complete confidentiality. If a Complainant wishes to remain confidential or request that no investigation be conducted or disciplinary action taken, the District must weigh that request against the District’s obligation to provide a safe, non-discriminatory environment for all students, employees and third parties, including the victim. Under those circumstances, the Title IX Coordinator will determine whether the victim’s request for complete confidentiality and/or no investigation can be honored under the facts and circumstances of the particular case, including whether the District has a legal obligation to report the incident, conduct an investigation or take other appropriate steps. Without information about a Complainant’s identity, the District’s ability to meaningfully investigate the incident and pursue disciplinary action against the perpetrator may be severely limited. The Title IX Team will inform the Complainant of the initiation of an investigation prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the District’s response to the incident.

The Title IX Team will remain mindful of the Complainant’s well-being, and will take ongoing steps to protect the Complainant from retaliation or harm, and work with the Complainant to create a safety plan. Retaliation against the victim, whether by students, employees or third parties, will not be tolerated. The District and Title IX Team will also: Provide interim remedies requested by the Complainant, if they are reasonable, regardless of whether the Complainant chooses to report to campus or local police;
Assist both Parties in accessing available advocacy, academic support, counseling, disability, medical/health or mental health services, and legal assistance both on and off campus;
Provide security and support for both Parties, which could include issuing a no-contact order, helping arrange a change of campus-based working arrangements or course schedules or adjustments for assignments, tests, or work duties; and
Inform Complainants of their right to report a crime to District or local police—and provide Complainants with assistance if desired.

The District will not require a Complainant to participate in any investigation or disciplinary proceeding if the Complainant does not wish to participate. The District will not generally notify parents or legal guardians of a sexual misconduct, dating violence, domestic violence, or stalking report unless the Complainant is under 18 years old or the Complainant provides the District with written permission to do so. Under California law, and pursuant to District policy, many District employees, including the Title IX Coordinator, are mandatory child abuse and neglect reporters and should explain to Complainants under 18 years of age that they are required to report the incident to the police. However, the identity of the person who reports and the report itself are confidential and disclosed only among appropriate agencies.

Harassment and Discrimination

Board Policy 3430 (BP 3430), Administrative Regulation 3435, and Interim Administrative Regulation 3425 prohibits all forms of harassment that are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. Administrative Regulation 3435 and 3425 details the procedures for the resolution of such complaints. This policy is widely published and publicized to all employees and students, including incoming employees and students. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation, including acts of sexual misconduct, dating or domestic violence, and stalking. The District shall also be free of other unlawful harassment or discrimination, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics. The Title IX Coordinator is responsible for resolving reports of sexual misconduct, sex or gender-based discrimination or harassment, dating or domestic violence, and stalking. To report an incident or file a complaint, please contact:

Brenda Estrada Deputy Title IX Coordinator Santa Ana College
1530 W 17th, Santa Ana, CA. 92706
Email: estrada_brenda@sac.edu
Phone: 714-564-6212

All students, staff and faculty may elect to follow formal complaint procedures. Formal complaints of unlawful discrimination or harassment must be filed in writing on a form prescribed by the State Chancellor. The required form may be found here: www.rsccd.edu/incidentreportingform

Upon receiving a formal written complaint, the District will determine whether the complaint has met the necessary requirements. The District will investigate properly filed complaints according to procedures prescribed in Board policy. The District will complete its investigation within 90 days of receiving the complaint and report its administrative determination. The District must provide
written notice to both the complainant and the State Chancellor of whether there is probable cause to sustain the charges raised in the complaint; a description of the action taken, if any, to prevent similar problems from occurring in the future; the proposed resolution of the complaint; and the complainant’s right to appeal to the District and the State Chancellor.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Retaliation for exercising one’s rights of protection from discrimination and/or harassment or for participating in the investigation of a complaint is prohibited by law and this policy, and will not be tolerated. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that discrimination, harassment, or retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Students or employees who engage in discrimination, harassment, or retaliation are subject to disciplinary action, up to and including termination or expulsion.

Harassment

Hostile or offensive conduct based on a protected status can constitute prohibited harassment. Harassment comes in many forms, including but not limited to the following conduct:

Verbal: Inappropriate or offensive remarks, slurs, jokes or innuendos based on a person’s race, gender, sexual orientation, or other legally protected status.

Visual or Written: The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other legally protected status.

Environmental: A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other legally protected status; or gratuitous comments regarding gender, race, nationality, sexual orientation or other legally protected status that are not relevant to the subject matter of the class or activities on the job.

Physical: Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person’s gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:

Submission to the conduct is a term or condition of an individual’s employment, academic status, or progress;

Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;

The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment; or

Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the college.

This section doesn’t cover sexual harassment under Title IX.

Duty to Report

Except for psychologists in the College’s Student Health Center, any District employee who knows of or has reason to know of sexual misconduct, dating or domestic violence, and stalking shall promptly inform a member of the Title IX Team. These employees are considered responsible employees mandated reporters under Title IX and are required to disclose all information, including the names of the parties, even where the person has requested that their name remain confidential. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

The Title IX Coordinator or District Administrator of Title IX and all employees designated as “Officials with Authority” under Title IX will determine whether confidentiality is appropriate given the circumstances of each such incident as the District must then take appropriate steps to eliminate any gender discrimination/ harassment/misconduct, prevent its recurrence, and remedy its effects. The District is required by the federal Clery Act to report certain types of crimes (including certain sex offenses) in statistical reports. However, while the District will report the type of incident in the annual crime statistics report known as the Annual Security Report, Complainant names/identities will not be revealed.

BP 3430 and AR 3425 applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

Supportive Measures

The District will offer and implement appropriate and reasonable supportive measures to the Parties upon notice of alleged sexual harassment and/or retaliation. Supportive measures are non-disciplinary, non-punitive individualized services, offered as appropriate, as reasonably available and without fee or charge to the Parties, which are intended to restore or preserve equal access to the District’s education program or activity, to protect the safety of all Parties or the District’s educational environment, and/or deter sexual harassment and/or retaliation.

The Title IX Coordinator will promptly make supportive measures available to the Parties upon receiving notice of a complaint, and will coordinate the effective implementation of such measures. At the time that supportive measures are offered, the District will inform the Complainant, in writing, that they may file a formal complaint with the District either at that time or in the future, if they have not done so already.

The District will maintain the privacy of the supportive measures, provided that privacy does not impair the District’s ability to provide the supportive measures. The District will act to ensure as minimal an academic/occupational impact on the Parties as possible. The District will implement measures in a way that does not unreasonably burden the other party. Supportive measures may include, but are not limited to:

- Counseling and referral to medical and/or other healthcare services
- Referral to the Employee Assistance Program
- Referral to community-based service providers
- Student financial aid counseling
- Altered work arrangements for employees or student-employees
- Safety planning
- Campus safety escorts
- Implementing mutual contact limitations (no contact orders) between the Parties
Santa Ana College 2021-2022 Catalog

- Academic support, extensions of deadlines, or other course/program-related adjustments
- Trespass orders
- Class or work schedule modifications, withdrawals, or leaves of absence
- Increased security and monitoring of certain areas of the campus
- Any other actions deemed appropriate by the Title IX Coordinator
- Violations of no contact orders will be referred to appropriate student or employee conduct processes for enforcement.

**Student Sanctions**

In cases involving Respondents who are students, the hearing process detailed herein shall serve as the due process hearing outlined in Section IV of Board Policy 5500. The following are the usual sanctions that may be imposed upon students or organizations singly or in combination:

- **Warning**: A verbal statement that the conduct was unacceptable and that further violation of any District policy, procedure, or directive will result in more severe sanctions/responsive actions.
- **Reprimand**: A written statement, included in the student’s disciplinary file that the conduct was unacceptable and that further misconduct will result in more severe sanctions/responsive actions.
- **Required Counseling**: A mandate to meet with and engage in either District-sponsored or external counseling to better comprehend the misconduct and its effects.
- **Probation**: Authorization for the Respondent to return to classes, but with an understanding of expected appropriate future behavior and terms that may include denial of specified social privileges, exclusion from co-curricular activities, exclusion from designated areas of campus, no-contact orders, and/or other measures deemed appropriate. Any violations of the Standards of Student Conduct during this probationary period will result in further, more serious disciplinary action against the Respondent.
- **Suspension**: Termination of student status for a definite period of time not to exceed two academic years.
- **Expulsion**: Permanent termination of student status and revocation of rights to be on campus for any reason or to attend District-sponsored events.
- **Withholding Diploma**: The District may withhold a student’s diploma for a specified period of time and/or deny a student participation in commencement activities if the student has an allegation pending or as a sanction if the student is found responsible for an alleged violation.
- **Revocation of Degree**: The District reserves the right to revoke a degree previously awarded from the District for serious violations committed by a student prior to graduation.
- **Student Organizational Sanctions**: Deactivation, loss of recognition, loss of some or all privileges for a specified period of time.
- **Other Actions**: In addition to or in place of the above sanctions/responsive actions, the District may assign any other responsive actions as deemed appropriate.

**Employee Sanctions**

Responsive actions for an employee who is found to have engaged in Prohibited Conduct, as defined herein include:

- **Warning – Verbal or Written**
- **Performance Improvement Plan**
- **Enhanced supervision, observation, or review**
- **Required Counseling**
- **Required Training or Education**
- **Demotion**
- **Transfer**
- **Reassignment**
- **Assignment to new supervisor**
- **Restriction of stipends, research, and/or professional development resources**
- **Suspension with pay**
- **Suspension without pay**
- **Termination**
- **Other Actions**: In addition to or in place of the above sanctions/responsive actions, the District may assign any other responsive actions as deemed appropriate.

**Definitions**

The District has adopted the following definitions so as to address the unique environment of an academic community.

**Affirmative Consent** means an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in sexual activity to ensure that they have the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. In California, a minor (meaning a person under the age of 18) cannot consent to sexual activity.

It shall not be a valid response to alleged lack of affirmative consent that the Respondent believed that the Complainant consented to the sexual activity under either of the following circumstances:

- The Respondent’s belief in affirmative consent arose from the intoxication or recklessness of the Complainant Respondent. Any allegation that alcohol or other drugs were involved in an incident will be reviewed.

The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the complainant affirmatively consented.

06.26.2021
It shall not be a valid response that the Respondent believed that the Complainant affirmatively consented to the sexual activity if the Respondent knew or reasonably should have known that the Complainant was unable to consent to the sexual activity under any of the following circumstances:

- The Complainant was asleep or unconscious.
- The Complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the Complainant could not understand the fact, nature, or extent of the sexual activity.
- The Complainant was unable to communicate due to a mental or physical condition.

**Complainant** means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment, as defined herein, whether the notice/complaint is presented by the individual or someone on the individual’s behalf, such as a report by one who learned of the conduct in his or her official capacity as a faculty member or administrator.

**Formal Complaint** means a document submitted or signed by a Complainant or signed by the Title IX Coordinator alleging Prohibited Conduct against a Respondent and requesting that the District investigate the allegation.

**Notice** means that an employee, student, or third-party informs the Title IX Coordinator or other Official with Authority of the alleged occurrence of harassing, discriminatory, and/or retaliatory conduct.

**Official with Authority (OWA)** means an employee of the District explicitly vested with the responsibility to implement corrective measures for sexual harassment and/or retaliation on behalf of the District.

**Prohibited Conduct** means any sexual misconduct, gender or sex-based discrimination or harassment, dating violence, domestic violence, stalking, and retaliation.

**Remedies** are actions taken to address safety, prevent recurrence of Prohibited Conduct, and restore equal access to the District’s educational program.

**Resolution Process** refers broadly to the process for addressing Formal Complaints either by informal resolution or through a Formal Grievance Process that includes investigation, live hearing, and appeal.

**Respondent** means an individual who has been reported to be the perpetrator of Prohibited Conduct, as defined herein.

**Sanction** means a consequence imposed by the District on a Respondent who is found to have engaged in Prohibited Conduct under this interim administrative regulation.

**Sexual Harassment** means conduct on the basis of sex that satisfies one or more of the following:

A. **Quid Pro Quo Sexual Harassment**: When an employee of the District conditions (implicitly or explicitly) the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct; or

B. **Hostile Environment Sexual Harassment**: Unwelcome conduct determined by a reasonable person standing in the shoes of the Complainant to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or

C. **Sexual assault, dating violence, domestic violence, or stalking**, as defined herein.

1. **Sexual assault** means any sexual act (forcible or non-forcible), directed against another person, without the consent of the victim, including instances where the victim if incapable of giving consent.

   Sexual acts include the following:

   (a) Rape, which is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the Complainant.

   (b) Sodomy, which is defined as oral or anal sexual intercourse with another person, forcibly committed and/or against that person’s will (non-consensually) or not forcibly or against the person’s will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

   (c) Sexual Assault with an Object, which is defined as the use of an object or instrument to penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will (non-consensually) or not forcibly or against the person’s will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

   (d) Fondling, which is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

   (e) Incest, which is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

   (f) Statutory Rape, which is defined as sexual intercourse with a person who is under the statutory age of consent.

2. **Dating violence** means violence committed, on the basis of sex, by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

3. **Domestic violence** means conduct, on the basis of sex, that includes the requisite components of felony or misdemeanor crimes of violence committed by (a) a current or former spouse or intimate partner of the victim; (b) a person with whom the victim shares a child in common; (c) a person who is cohabitating with or has cohabitated with the victim as a spouse; (d) a person similarly situated to a spouse of the victim under California law; or (e) any other person against an adult or youth victim who is protected from that person’s acts under California law.

4. **Stalking** means a course of conduct directed at a specific person on the basis of sex that would cause a reasonable person to fear for the person’s safety or the safety of others, or to suffer substantial emotional distress. For the purposes of this definition: (a) A course of conduct is two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property; (b) Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant; and (c) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Student/Students means any as any individual who has accepted an offer of admission, or who is registered or enrolled for credit or noncredit bearing coursework, and who maintains an ongoing relationship with the District.

Third Party means a person other than the Complainant and the Respondent.

Any individual can submit a report by using the following link: www.rscdd.edu/incidentreportingform

Applicable regulations, resources, and additional information can be found at www.rscdd.edu/titleix or www.rscdd.edu/civilrights

06.26.2021
**Smoking and Tobacco Use In District Facilities and Vehicles**

Smoking is prohibited in all campus areas including all District owned, rented or leased properties and vehicles, except in designated parking lot areas and within 20 feet of entrances, exits, and operable windows.

Smoking is defined as the use of products containing tobacco and/or nicotine, including but not limited to smokeless tobacco, clove cigarettes, or any other smoking products, and any and all electronic or “e-cigarettes”, which are unapproved nicotine delivery devices, unregulated by the FDA.

Public performances in which smoking is an integral and necessary part of the production are excluded from these regulations.

These regulations apply to employees, students, visitors and all other persons who use District owned or rented/leased facilities and vehicles. Failure to comply with these regulations may result in disciplinary action.

It is the responsibility of every District employee to comply with these regulations and report violations to District Safety.

These regulations do not supersede more restrictive policies which may be in force under State and Federal regulations. (AR-3570)

---

**ADMISSIONS AND REGISTRATION**

**Admission Eligibility**

You may attend Santa Ana College if you meet one of the conditions below:

- You are a high school graduate **OR**
- You are a person in possession of a California high school proficiency certificate **OR**
- You are 18 years of age or older who can profit from instruction **OR**
- You are a high school student qualifying for Career Advanced Placement Program **OR**
- You are an international student with a valid Visa.

**Application**

New students and students returning after an absence of two consecutive semesters (not including summer) must file an application on-line for admission to the college.

To complete the online application, please log on to www.sac.edu and click on the “Apply to College” link at the top of the page to apply via the OpenCCCApply website. Within 24 – 72 hours you will receive an email with your WebAdvisor Login which will allow you to go online, change your password, and view your registration date and time. If you are a returning student, your WebAdvisor Login and student ID will remain the same.

**Application Dates**

- Fall Semester: Beginning April 1
- Spring Semester: Beginning November 1
- Summer Session: Beginning April 1
- Spring Intersession: Beginning November 1

**Residency**

All students are classified as a resident of the State of California or non-resident when applying for admissions.

“**Resident students**” are those who have resided within California for at least one year prior to the residence determination date and have met the residency standards stipulated in Title 5 of the California Code of Regulations. The “residence determination date” is the day immediately preceding the opening day of instruction each semester or summer session during which the student proposes to attend.

“**Nonresident students**” are those who have not established California residence status in the state for at least one year prior to the residence determination date or those who hold certain non-immigrant visas which preclude them from establishing residence. Foreign students admitted to the United States under student visas are classified as nonresidents.

1. Persons who are under 18 years of age (minors) establish residence in accordance with above “resident” definition and the following:
   
   a. Married minors may establish their own residence.
   b. The residence of the parent with whom an unmarried minor child maintains a place of abode is the residence of the unmarried minor child. When the minor lives with neither parent, residence is that of the parent with whom the minor last resided. The minor may establish residence when both parents are deceased and a legal guardian has not been appointed.
   c. The residency of unmarried minors who have a parent living cannot be changed by their own acts, appointment of legal
guardians, or relinquishment of a parent’s right of control (EC 68062).

2. Persons who are 18 years of age or older (adults) establish residency in accordance with EC 68017 (see above). Adult residency begins after the 18th birthday.

3. A person’s residency shall not be derived simply by being married. A man or a woman establishes his or her residency independent of his or her spouse. Many of the objective manifestations may be shared, but each may have some evidence of intent that is not shared.

4. If a student holds an Employment Authorization Card or a VISA including, but not limited to, any one of the following visas: B-1/B-2, C, O-1/O-2, F-1/F-2, H-2/H-3, J-1/J-2, M-1/M-2, O-2, P-1/P-2/P-3/P-4, Q, TN/TO, the students must present documentation to the Admissions and Records Office for review to determine residency status.

5. Exceptions:
The California Education Code and provisions in state law allow certain non-residents the opportunity to pay instate tuition. Eligibility criteria are noted below.

Students who believe they are eligible for an exemption based on any one of the following criteria should consult the Office of Admissions and Records when they apply:

a. Students who are members of the armed forces of the United States who are stationed in this state on active duty, except those assigned to California for educational purposes.

b. Spouses and dependents (natural or adopted children or stepchildren) of active members of the armed forces.

c. Students who are eligible as covered individuals as defined in the Veterans Access, Choice and Accountability Act of 2014 (VACA Act) who are taking advantage of their Chapter 30 or 33 benefits.

d. Parents who are federal civil service employees and have moved to California as a result of a military realignment action that involves the relocation of at least 100 employees. This exemption also applies to the natural or adopted children or stepchildren of such employees.

e. Students who are under 20 years old and served by the California Foster Care System.

f. Students who have completed at least three years of high school in California and have graduated from a California high school. Students must fill out and submit the “AB 540 Affidavit for Exemption” for consideration.

g. Refugee applicants (Note: A refugee may be entitled to an immediate exemption from the nonresident tuition fee is upon entry to the United States, the refugee first settled in California pursuant to the provisions of Education Code section 68075.6. This exemption is only for the length of time he or she lives in this state up to the minimum time necessary to become a resident (one year and one day).

6. Specific residency problems and questions will be answered by the Admissions and Records Office.

AB 540

Pursuant to Education Code 68130.5 (AB 540), any student, other than a nonimmigrant alien, who meets all of the following requirements, shall be exempt from paying nonresident tuition at the California Community Colleges, the University of California, and the California State University (all public colleges and universities in California).

1. Requirements:
   a. Attended a combination of California high school, adult school, and community college for the equivalent of three (3) years or more.
   b. Have three (3) or more years of California high school coursework and attended a combination of California elementary, secondary, and high school of three (3) years or more.
   c. Have graduated or will graduate with a California high school diploma or have the equivalent (i.e. California-issued GED, CHSPE)
   d. Have completed or will complete an associate's degree from a California Community College.
   e. Have completed or will complete the minimum requirements at a California Community College or transfer to the California State University or the University of California.
   f. In the case of a person without lawful immigration status, the filing of an affidavit with the college stating that the student has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.
   g. All students who meet AB540 or AB2000 requirements must file an affidavit with the college. The affidavit is included in the California Non-Resident Tuition Exemption form which is available in the Admissions & Records Office.
   h. Students living outside the state and enrolled in distance education are not eligible for the AB540/AB2000 exemption.

2. Students who are non-immigrants [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.

3. The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.

4. Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each institution.

5. Non-resident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be “non-residents”.

6. As a component of The California Dream Act, AB 131 allows students who meet AB 540 criteria to apply for and receive state-funded financial aid such as community college fee waivers, Cal Grant and Chafee Grant.

International Student Admissions

A limited number of international students (F-1 Visa) are eligible for admission to the college each year. International students who plan to attend under a student visa should apply to the International Student Office for forms and instructions. Application deadlines are July 1 for the fall semester, December 1 for the spring semester, and April 1 for the summer session. A $50 application fee is required with the application. For more information call 714-564-6047.
Admission Policy of International Students on F-1 Visa Status:

1. The international student must submit a complete, official academic transcript of all high school and previous college work attempted. Transcripts must be officially translated into English, bear the school seal, and be signed by the registrar or another appropriate official. Applicants are considered for admission only if their course grades are above average (C+ or higher).

2. International students must have sufficient knowledge of English to enable them to profit from instruction at the college level. Adequacy of English proficiency is determined by a satisfactory score (450+) on the Test of English as a Foreign Language (TOEFL), administered worldwide by the Educational Testing Service, Box 899, Princeton, New Jersey 08540.

3. International students must be at least 18 years of age unless they are graduates of an accredited United States high school.

4. Students on the F-1 Visa must present evidence that they have financial resources to defray costs during the period of attendance at the college. Approximate annual costs for a student enrolled in 12 units each semester are: a nonresident tuition fee of $7,608; health insurance, $1,670; textbooks and supplies, $800; living expenses, $12,000; enrollment fee $1,104, other fees $235.50 for a total of $23,417.50. This figure does not include transportation costs or summer school tuition.

5. International student applicants must be in good physical health as certified by a licensed physician on the form provided by the college. Measles and poliomyelitis immunization must be completed or the physical examination by a physician must include a chest x-ray report and indicate that students have no contagious disease.

6. Proof of health insurance is required prior to registration. The college accepts no responsibility for medical expenses incurred by international students.

7. The colleges in the Rancho Santiago Community College District do not provide housing for their students; however, placement with an American Host Family is available upon request. Many apartment complexes are located near the campus. A listing of apartments will be made available to all new students and assistance with locating housing will be provided.

8. International students are required to enroll in English or English as a Second Language/English for Multilingual students during their first semester.

International Transcripts – Evaluation Practices
Santa Ana College may grant credit for college coursework completed outside of the United States. Students must submit their records to a Santa Ana College recognized evaluating agency, in order to obtain an equivalency/evaluation report (contact the Admissions Office or Counseling Division for listings of evaluating agencies). Once the Admissions Office at Santa Ana College receives the equivalency/evaluation report, an official evaluation will be conducted to determine course applicability.

The following guidelines apply to coursework completed outside of the United States.

1. There is no transfer credit limit a student may be granted for coursework completed outside of the United States. However, Santa Ana College may only grant credit for lower division classes.

2. College credit may be granted toward Santa Ana College baccalaureate degree, associate degree and certificate programs.

3. Coursework may not be used to fulfill the following General Education Requirements: English Composition, American Institutions, Reading, and Oral Communication. Courses intended to fulfill major requirements must be submitted to the major department for approval.

4. Coursework may not be used to fulfill General Education Certification requirements for CSU-GE or IGETC (with the exception of Area 6- Languages Other Than English).

5. Santa Ana College may not determine course transferability to other colleges and universities.

6. Students who have completed coursework outside of the United States are encouraged to meet with a counselor to determine course and program applicability.

Guided Pathways
Since 2017 Santa Ana College has participated in the California Guided Pathways Project. Santa Ana College’s Guided Pathways work focuses on implementing an integrated, institution-wide approach to student success by creating structured educational experiences that support each student from point of entry to attainment of high-quality postsecondary credentials and careers. The Guided Pathways framework creates a highly structured approach to student success that provides all students with a set of clear course-taking patterns to promote better enrollment decisions and prepare students for future success. Guided Pathways is aimed at helping students reach their career and educational goals by creating highly structured, unambiguous road maps that will lead to a defined objective. As an ongoing project of self-evaluation and institutional improvement our college uses the Guided Pathways framework to improve student achievement and transfer, cut down on the total number of units while earning a degree, increase career certifications and eliminate achievement gaps.

The Guided Pathways framework rests on four pillars. These are:
- Create clear curricular pathways to employment and further education.
- Help students choose and enter their pathway.
- Help students stay on their path.
- Ensure that learning is happening with intentional outcomes.

The California Community Colleges Chancellor’s Office introduced the Guided Pathways framework in the fall of 2017. Today, all 115 California community colleges are actively working on or implementing a Guided Pathways model.

Find out more about Guided Pathways at Santa Ana College:
sac.edu/guidedpathways

caguidedpathways.org

Assembly Bill AB 705: The Law And Your Rights
The Governor of California signed the bill, AB 705, on October 13, 2017 to take effect on January 1, 2018. This bill changes the way in which California Community Colleges place students into English, Math, and English for Multilingual Students courses. This is based on statistical evidence that U.S. high school coursework, high school grades and high school grade point average are better indicators of appropriate placement than the previously used standardized tests. The only standardized test that we can still offer under AB 705 is for courses for English Multilingual Students.

Under AB 705, we are also required to use multiple measures, which can include other academic experiences, work history, military training, special licenses, certificates, and a Guided Self Placement. Students that do not have access to U.S. High School transcripts can complete the Guided Self Placement, please visit the Assessment Center website at sac.edu/assessmentcenter for additional information.

Placement data disaggregated by race and ethnicity is available for all students to access by visiting the qrro.page.link/ETG9y link.
New Student Registration Orientation

Registration Orientation is done in a small group (up to 20 students) and is led by a counselor. During the first 40 minutes students will be provided with an overview of Santa Ana College, the English and Math placement process, cost, financial aid information, and the registration process.

Students will also have the opportunity to briefly meet one-on-one with a counseling faculty for academic advisement and to develop a two-semester abbreviated education plan. Students will be seen using the following order:

- Students planning to enroll just for one semester.
- New students that have never attended SAC or any other Community College or University.
- Students that have taken classes at other Community Colleges or Universities. We recommend students bring a copy of their college and/or university transcripts.

What services could I receive during the New Student Registration Orientation?

- Discuss your placement options based on your Career and Academic Pathway.
- Get help selection your Career and Academic Pathway (major) and clarify your education goals.
- Choose the best courses for you.
- Receive assistance in registering for classes.
- Learn about the various options SAC has to assist you in paying for your classes.

Questions? Contact the Assessment Center at: (714) 564-6148 or visit sac.edu/assessment

Assessment via College Application?

Students who have graduated from a U.S. high school will receive the placement levels based upon high school performance information that is provided on the application for admission. The new college application (OpenCCC) will identify English and math courses that students can enroll in using prior high school history. Students will report cumulative, unweighted high school GPA, and courses completed.

What if English is not my first language?

We offer English for Multilingual Students (EMLS) courses. If English is not your first language and you want to develop your reading, writing, grammar, and speaking skills you should:

STEP 1: Complete Guided Self-Placement online by going to the Assessment Center webpage sac.edu/guidedselfplacement

STEP 2: Speak with a Counselor to determine which course is the appropriate option for you based on your academic goal.

You can contact the Counseling Division at 714-564-6103 or stop by the Administration Building, Room S-112.

ADMISSIONS AND REGISTRATION

Registration

Continuing Students

A continuing student is a student who has not missed two consecutive full semesters. The student may check online via WebAdvisor for a registration date and time and may register any time thereafter until the Friday before the semester begins. Students are encouraged to see a counselor each semester in order to review their academic progress before completing registration.

New and Former Students

New or former students who complete an Admission application online will receive registration information by email within 1-3 business days.

Priority Registration

Santa Ana College will provide priority registration for students who enroll in a community college for the purpose of degree or certificate attainment, transfer to a four year college or university, or career advancement. These enrollment priorities were established Fall Semester, 2013.

- Students who have completed orientation, assessment, and developed student education plans and are eligible as a member of the armed forces or a veteran pursuant to Education Code section 66025.8 or as a foster youth or former foster youth pursuant to Education Code section 66025.9;
- Students who have completed orientation, assessment, and developed student education plans and are eligible and receiving services through Disabled Student Programs and Services or Extended Opportunity Programs and Services;
- CalWORKs students
- Athletes who have completed orientation, assessment, and developed education plans.
- First time students participating in the Early Decision/Early Welcome programs who have completed orientation, assessment, and developed student education plans
- Continuing students, not on academic or progress probation for two consecutive terms as defined in these policies and procedures
- New matriculating students with educational plan
- New non-matriculating students Probationary students (academic and progress) & students with 100+ degree applicable units
- Career Advance Placement (CAP) – concurrently enrolled high school students

Loss of Registration Priority

The state of California has adopted Title 5 Regulation 58108 (j), establishing enrollment priorities for students attending California Community Colleges. The regulation will affect the date/time in which students are allowed to register for classes. This policy was established Fall Semester, 2013.

Continuing students at Santa Ana College will lose their enrollment priority for the following reasons:

Student has attempted 12 units and their RSCCD cumulative GPA has fallen below 2.0 for two consecutive semesters;

Student has attempted 12 units and the percentage of all coursework at SAC/SCC has an entry of “W,” “I,” “NP,” and “NC” which reaches or exceeds fifty percent (50%) § 55031;

IMPORTANT NOTE: Registration priority shall be lost at the first registration opportunity after a student is placed on academic or progress probation or any combination thereof for two consecutive terms.
Student has earned 100 or more degree applicable units from Santa Ana and Santiago Canyon Colleges.

Students who have SAC as their home campus can submit a petition for appeal to the Admissions Office at SAC for the following reasons:
1) there were extenuating circumstances (verified cases of accident, illness) and can provide documentation;
2) students with disabilities who applied for but did not receive accommodation in a timely manner;
3) can demonstrate SIGNIFICANT academic improvement in a subsequent term.

Students may also regain registration priority by sitting out two consecutive semesters.

Students who have earned 100 or more degree applicable units can appeal if they have declared a high unit major and are currently working toward a degree. Forms for these appeals can be obtained in Admissions and Records or downloaded from the college website.

Late Registration
Instructor signature or add code is required on all adds after the semester begins.

Schedule of Classes
The Schedule of Classes is prepared each semester and is available online. It includes general information, courses offered, hours, rooms, and instructor names. Classes added to the schedule after publication may be accessed online.

Student Photo Identification Card
All Santa Ana College students are provided with a photo identification card as part of the college registration and matriculation process. The card will be required for use of the college Library, Health & Wellness Center, academic support services, and more beginning January 2017. Photo I.D. is located in the Cashier’s Office in VL-205B.

Full-Time – Part-Time Definition
Full-time students (Fall and Spring) = 12 or more units
Part-time students (Fall and Spring) = Less than 12 units
Full-time students (Summer) = 6 units
Part-time students (Summer) = Less than 6 units

Students receiving social security benefits or satisfying the requirements of insurance companies must be carrying 12 or more units to be eligible.

Veterans Administration eligibility uses the following definition:
Full-time = 12 or more units
Three-fourth benefits = 9 through 11 units
One-half benefits = 6 through 8 units

Any change in veteran status, whether it be increase, decrease, or complete withdrawal, must be brought to the attention of the Veteran’s Office immediately.

Classification of Students
Career Advanced Placement: one who has not graduated from high school.
Freshman: one who has completed 0-29 units.
Sophomore: one who has completed 30 or more units.
Graduate: one who has received an associate degree or higher.

Summer Session
The colleges offer a four-, six- and eight-week summer program of morning and evening courses. Summer courses can remove high school or college deficiencies and advance the students toward an educational goal.

Weekend College
Classes are offered on Friday evenings and Saturdays and Sundays so that students can earn units applicable to the associate degree, acquire occupational skills, earn units for transfer to four-year schools, or gain personal enrichment.

Special Admit Students (formerly known as CAP)
K-12 students wanting to take college credit courses are considered Special Admit (formerly known as CAP) students. This is a unique opportunity that is geared toward educational enrichment, not remediation.

1. Student must completely fill out the SAC Special admit form and have all the appropriate signatures of parent/guardian and school principal/counselor.
2. Student must obtain college approval from the Division Dean or designee. Final approval rests with Santa Ana College.
3. It is recommended for students who plan to take English or Math courses to meet with a Counselor to review high school transcripts for appropriate course recommendation. For additional information and to find out about drop-in counseling services, contact the Assessment Center at (714) 564-6148.
4. Students currently enrolled in grades K-8 are required to pay all college fees. The Enrollment Fee will be waived for students currently enrolled in grades 9-12 who are enrolled in 11 units or less. If the student enrolls in 12 units or more during fall and spring semesters, the student will be charged the current enrollment fee for all units. Students must also pay all other college fees.
5. High School students will not be charged enrollment fees if enrolling in 11 units or less. If the student enrolls in 12 units or more during fall and spring semesters, the student will be charged the current enrollment fee for all units. Further, during intersession and summer sessions, if the student enrolls in 6 units or more, the student will be charged for all units enrolled.
6. RSCCD shall charge a tuition fee to nonresident students who hold an F1 or F2 visa. F1/F2 students are not exempt.
7. The parent or guardian signature grants permission for their son/daughter to enroll in college courses at Santa Ana College. The parent or guardian acknowledges that Santa Ana College is an adult environment and assumes responsibility for their young student’s conduct while on campus. Additionally, in compliance with federal privacy law, the parent or guardian will need their student’s written permission to gain access to any non-directory information.

Special Admit students will be receiving college credit for this class whether or not the units are used toward high school graduation. This means a college transcript is generated listing the class or classes and the grades earned. This establishes a permanent record with the college. Grades recorded for these classes are permanent and create a college transcript. The transcript information is confidential and is only accessible by the student. All college information is confidential and not accessible to parents or guardians.

Special Admit students are required to attend class until the end of the semester unless the student decides to drop the class online prior to the deadline identified in the schedule of classes. The drop deadline is set when 75% of the course has been completed. The student will receive a “W” when the student drops after the first two weeks of a full semester or after the first week of the summer session. Please read class section details listed in Web Advisor (Online Records) for important refund and drop deadlines.

Special Admit students must attend all classes. Material covered in college courses is at a faster pace than high school classes. Expect to spend twice as much time outside of class as in class completing assignments and homework.
Santa Ana College maintains open campuses. Students function under Standards of Student Conduct (Board Policy 5201), and there is an expectation that adult behavior will be displayed by students on campus. Academic honesty is a requirement, and sanctions are identified in course overviews, which are distributed by faculty on the first day of class. Students are responsible for their own transportation and materials on campus.

Special Admit students by law do not have priority registration. Under the California Code of Regulations, title 5, section 58108 “a district may establish a priority registration system which would accord adult students higher registration priority.

Prerequisites, Corequisites and Recommended Preparation for Courses

The colleges of the Rancho Santiago Community College District have adopted a policy on course prerequisites, corequisites, and advisories in order to provide for the establishing, reviewing, and challenging of prerequisites, corequisites on recommended preparation, and certain limitations on enrollment in a manner consistent with law and good practice. The policy, which is specified for implementation as an administrative regulation, is established pursuant to regulations contained in Article 2.5 (commencing with Section 55200) of Sub Chapter 1 of Chapter 6 of Title 5 of the California Code of Regulations. The RCCCD Board of Trustees recognizes that if these prerequisites, corequisites, and limitations are established unnecessarily or inappropriately, they constitute unjustifiable obstacles to student access and success and, therefore, the Board adopts this policy which calls for caution and careful scrutiny in establishing them. Nonetheless, the board also recognizes that it is as important to have prerequisites in place where they are a vital factor in maintaining academic standards and in assuring the health and safety of students as it is to avoid establishing prerequisites where they are not needed. For these reasons, the Board has sought to establish a policy that fosters the appropriate balance between these two concerns.

Important Definitions

If a student should see the words Prerequisite or Corequisite in the catalog, it is important to understand the definitions of these terms. Note that prerequisites and corequisites can be challenged. See Prerequisite Challenge Policy, for more information.

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite.

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

Recommended Preparation indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

Prerequisite Challenge Policy and Procedures Course Prerequisite Policy

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the College Catalog include: Courses for which specific prerequisites have been established; Sequential course work in a degree-applicable program, and; Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor prior to the first day of class.

Prerequisite Challenge Process

A prerequisite challenge requires written documentation, explanation of alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate instructional office. Prerequisites may be challenged for one or more of the following reasons:

1. The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2. The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3. The college has not made the prerequisite course reasonably available.
4. The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

The challenge will be reviewed by a committee consisting of the dean, or designee, department chair, or designee, and one department or division representative or designee.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning or registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

NOTE: Students who are challenging a course which is a requirement for a degree or certificate may wish to use the Credit by Examination process to receive credit for the challenged course.

Specific regulations and procedures relating to course prerequisites, corequisites, and advisories are on file in the office of the Vice President of Academic Affairs at Santa Ana College.

Multiple and Overlapping Enrollments (BP4226)

1. Students may only enroll in two or more sections of the same credit course during the same term if the length of the course provides that the student is not enrolled in more than one section at any given time.
2. Students may only enroll in two or more courses where the meeting times overlap under the conditions specified in Title 5 Section 55007.
Fees, Tuition, and Expenses

1. All students are required to pay enrollment fees of $46 per unit.
2. A health fee of $19 per semester ($16 for summer and $18 for intersession) is charged to all students whether or not they choose to use health services.

Health Fee Exemptions (Education Code 76355): (1) Any student who depends exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization, provided that the student presents documentary evidence of an affiliation with such a bona fide religious sect, denomination, or organization. (2) Any student enrolled in an approved Apprenticeship Program. A request for an exemption may be filed at the Admissions and Records Office.

3. A parking permit is required at all times to park on campus. Day permits are available through the parking lot meters and are $2.00 a day. Students can purchase term permits through WebAdvisor, Spring and Fall permits are $30.00 and Intersession and Summer are $10.00.

4. A College Student Life and Leadership fee of $10.00 and a Student Representation fee of $2.00 is payable at registration for classes. These fees are optional. Students who do not wish to pay these fees may request a refund by calling (714) 564-6965 or by visiting the Cashiers in VL-205B. Refunds must be requested before your drop for non-payment date.

5. A transportation fee of $6.75 for full time students (12+ units) and $5.75 for part time students (.5–11 units) is charged to all students whether or not they choose to use the transportation discount service (OCTA ride program).

6. Student ID cards are FREE of charge and available at the Campus Cashiers Office.

Non-resident Tuition

Non-resident Tuition: $317 per unit in addition to the per unit fee for out of state residents and for students who are a citizen of a foreign country. Refer residency questions to the Admissions Office.

Visa or MasterCard, American Express and Discover are accepted for all fees. All tuition, fees, and expenses are subject to change with new state legislation.

Textbooks and Supplies

Textbooks, supplies, and athletic equipment must be purchased by the student. Special fees required for certain courses are indicated in the class schedule.

Fees and tuition are subject to change by the state legislature, Community College Board of Governors, or District Board of Trustees.

Drop for Non-Payment

Drop for Non-payment Policy: Enrollment fees must be paid in full within 3 days of registration (including weekends and holidays) or unpaid classes may be dropped and released to other students. The day you register is counted as day 1.

In addition to the 3-day non-payment drop policy, there is a final outstanding balance drop date. All fees must be paid in full by the Friday before the start of the semester. No balance will be carried over into the start of the semester. It is the student’s responsibility to drop by the refund deadline to avoid any fees for late adds.

Refund of Tuition and Enrollment Fees

Students are eligible for full refunds of fees provided they have officially dropped from classes prior to the refund deadline or their classes have been canceled by the college. There is no refund for classes added after the refund deadline date. Please refer to section information via WebAdvisor for refund deadline.

Students who withdraw from class(es) through the first two weeks of instruction or 10% of the class may request a 100% refund. Students withdrawing after the second week of instruction are not eligible for a refund. (See current semester schedule.)

Refunds are based upon the date the student withdraws from the course online. No refund will be processed until assurance has been given that any check in payment for tuition has been cleared.

Enrollment Fee refunds are granted in accordance with established provisions of the community college education code. Contact the Cashier’s Office or refer to the current class schedule for details of the refund policy and procedures.

There is no refund for variable units not completed.

Withholding of Student Records

Students or former students who have been provided with written notice that they have failed to pay a proper financial obligation shall have grades, diplomas, and registration privileges withheld.

Solomon Amendment For Military Recruiters

The Solomon Amendment is a federal law that allows personally identifiable student information to be released to recruiters that would have been denied them under FERPA. This law mandates that institutions receiving federal financial aid must fulfill military recruitment requests for access to campus and lists of students. If Santa Ana College fails to comply with these requests from military recruiters, the college will lose federal financial aid funding. Santa Ana College releases only directory information to military recruiters.

Open Educational Resources (OER)

Open Educational Resources (OER) refers to textbooks or online materials that are in the public domain or have a Creative Commons license. Classes listed with an OER symbol use free course materials unless noted in the course schedule comments. A course using Lumen Learning OER will charge a material fee for the online resource.

Zero Textbook Cost (ZTC)

Zero Textbook Cost (ZTC) refers to courses that eliminate conventional textbook costs by using alternative instructional materials and methodologies, including freely usable Open Educational Resources. Classes listed with a ZTC symbol use free course materials.
FINANCIAL AID

Financial Aid is intended to help students who might not otherwise be able to attend school. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Federal and State financial aid programs have been established to provide assistance for students with documented financial need.

The application process for financial aid begins with the completion of the Free Application for Federal Student Aid (FAFSA), which is available in October for the following fall semester. AB 540 Students and DACA students should complete the California Dream act instead of the FAFSA. In order to qualify for financial aid, a student must be enrolled in an eligible program of study leading to completion of an AA/AS degree, transfer requirements or a certificate program; maintain satisfactory academic progress; for most programs, have demonstrated financial need; be a U.S. citizen or eligible non-citizen; certify compliance with selective service registration requirements; not be in default on any loan or owe a refund on any grant made under any Title IV program; have a high school diploma or GED.

For additional information, stop by the Financial Aid Office at Santa Ana College, call 714-564-6242 or visit our web page at sac.edu/finaid.

Withdrawals and Repayment of Financial Aid Funds

Federal aid recipients who withdraw or are dropped from all classes by the instructor are subject to regulations regarding the Return of Title IV funds. Students who withdraw or are dropped from all classes prior to completing more than 60% of the enrollment period are subject to these rules. See the Financial Aid Office for this 60% date. Based on the date of the complete withdrawal or drop, the Financial Aid Office will determine the amount, if any, of "unearned" federal financial aid received by the student. If the student received more financial aid than the amount entitled to, the student will be billed for the overpayment. To avoid repayment, financial aid recipients are cautioned to:

- Avoid total withdrawal from all classes, successfully complete at least one class during the semester,
- Repay any "unearned" financial aid as soon as possible to regain eligibility for financial aid.

Federal PELL Grant

This is a grant and does not have to be repaid. PELL is a federally funded program designed to be the foundation of financial aid for undergraduates who demonstrate need. The amount of the PELL Grant is based on the cost of attendance, the estimated family contribution (EFC), and the student's enrollment status at the time of payment. Award amounts vary based on EFC and the number of units attending.

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is another federally funded nonrepayable grant that is available to undergraduate students who demonstrate financial need. Priority in awarding FSEOG funds must be given to PELL Grant recipients with an EFC of $0. The award amount at Santa Ana College is $400 per academic year.

Federal Work-Study (FWS)

This federally funded program provides employment opportunities to students with financial need. Students awarded FWS receive an allocation of funds earned through part-time jobs on campus. FWS is also learning opportunities through on-the-job training.

Priority Deadline for FSEOG and FWS Programs

These programs have limited funds and are generally awarded only to those eligible students who meet the Priority Deadline, which is usually during July each year.

Direct Loan Programs

Stafford Loan (Subsidized)

The federal government pays the interest on this need-based loan while the student is enrolled at least half-time (6 units) and during the six month grace period after graduation, withdrawal or enrollment below half-time status. Money is borrowed directly from the federal government. The maximum loan is $3,500 a year for students with fewer than 30 units. Students who have completed 30 units or more are eligible to borrow up to $4,500. Students enrolled only in preparatory coursework are eligible to borrow up to $2,625.

Stafford Loan (Unsubsidized)

The Unsubsidized Stafford Loan is available to students who do not have demonstrated need. The total of a subsidized and unsubsidized Stafford Loan may not exceed the loan limits above. There is no interest subsidy on this loan, and interest begins to accrue when the loan is disbursed.

Chafee Grant

This grant program is available to former foster youth. Awards are $5,000 per year. Apply using the FAFSA and the separate Chafee Grant application at chafee.csac.ca.gov

California State Programs

California College Promise Grant (CCPG)

The CCPG (Previously known as the Board of Governor’s Fee Waiver or "BOGW") is a state program for California residents and AB 540 students which waives the enrollment fees for qualified students at community colleges. There are three ways to qualify for a CCPG:

1. The student demonstrates financial need according to the federal methodology based on completion of the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application;
   - OR –
2. The student or his/her family is receiving CalWORKs, formerly TANF/AFDC, or SSI (Supplemental Security Income) or General Assistance/General Relief, or the student is a disabled veteran or a dependent of a deceased or disabled veteran as certified by the California Department of Veterans Affairs.
   - OR –
3. The student meets specific income standards based on family size.

Pursuant to Title 5, section 58621, students with two consecutive semesters (fall/spring semesters) of academic or progress probation will lose eligibility for the CCPG fee waiver. Foster youth under the age of 25 years old are exempt from this regulation. Definitions of academic and progress probation can be found of page 62 of this catalog.

A student may appeal the loss of the CCPG fee waiver if the student has been unable to meet academic and progress requirements due to one or more of the following reasons:

1. Verified cases of accidents, illnesses, or other circumstances beyond the student’s control.
2. Student with disabilities who applied for but did not receive accommodation in a timely manner
3. Significant academic improvement
4. Changes to the student’s economic situation
5. The student was unable to obtain essential support services
6. Special consideration of factors for CalWORKs, EOPS, DSPS, and Veteran students.

California State Programs

California State Programs
Appeal forms are available in the Financial Aid and Admissions & Records offices.

Cal Grants
To qualify for a Cal Grant a student must be a U.S. citizen, a permanent resident or an eligible non-citizen who is a California resident, or be registered as an AB540 student with Admissions and Records. The student must be attending an eligible college located in California and be making satisfactory academic progress. For all Cal Grants, apply between October 1 and March 2 each year using the FAFSA or California Dream Act Application, and GPA verification form.

Cal Grant A
Cal Grant A assists low and middle income students with tuition and fee costs at four-year institutions. Eligibility is based on academic achievement and financial need.

If a student qualifies for a Cal Grant A and plans to attend a public community college, the Student Aid Commission will put the tuition/fee award on reserve until the student transfers to a four-year college, provided that the student continues to qualify financially.

Cal Grant B
Cal Grant B provides money for books and supplies, housing costs and transportation. Eligibility is based on demonstration of substantial financial need.

Cal Grant C
Cal Grant C assists vocational students with tuition and related training costs such as special clothing, tools, equipment, books and supplies, and transportation.

Recipients must be enrolled in a vocational program at a community college, independent college of vocational school, in a program of study from four months to two years in length. Three-year hospital based nursing students are also eligible for this program.

DEGREES, CERTIFICATES AND TRANSFER PLANNING

Associate Degrees
The associate degree is a certification of the student’s satisfactory completion of a program of study with a specific major or area of specialization. The associate degree is normally completed in two years and may be compared with the baccalaureate degree which is normally completed in four years.

Associate degrees are commonly conferred by community colleges. They are usually of two types, the associate of arts and the associate in science. The distinction between the associate of arts and the associate in science degrees lies in the majors. If the major is in the fields of engineering, physical or biological science, or occupational curricula, the degree conferred is usually the associate in science. Otherwise the associate of arts degree is conferred.

Ordinarily associate degrees have one of two major purposes. Either the program of study prepares the individual for transfer to a four-year college or university, or the program of study is intended to prepare the student for immediate employment.

The requirements for the associate degree include the specific courses in the major and what is called a general education or breadth requirement. The specific details concerning both the major and the general education requirements are described in Associate Degree Requirements (see page 26).

Associate Degrees For Transfer
Santa Ana College offers Associate Degrees for Transfer (AA-T or AS-T) in addition to associate degrees in Art and Science (A.A. or A.S.). The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746– 66749) guarantees admission to the California State University (CSU) system for any community college student who completes an Associate Degree for Transfer or “ADT”. See Associate Degrees for Transfer for requirements. (See page 23).

Certificate of Achievement Programs
A Certificate of Achievement (16 or more units or state approved under 16 units) is a verification of achievement in a particular academic or occupational area, and it will be included on the official transcript. Certificate programs normally include only those courses which have a direct bearing upon specialized occupational competency since the certificate has the sole objective of immediate employment in a specialized area. For this reason there is no general education requirement in a certificate program. Santa Ana College certificate of achievement programs are described in the catalog section on College Credit Instructional Programs. To qualify for a certificate, a candidate must meet the following requirements:

Courses: Courses are designated for the specific certificate.
Grades: At least a C grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.
Pass/No Pass: A pass/no pass course is acceptable toward the certificate if it is required for the certificate and (a) offered on a pass/no pass basis only or (b) if the pass/no pass is earned on the basis of credit by examination.
Residency: Twelve units completed at Santa Ana College. (At least six of the units must be in courses required for the certificate.)
Petition: Petition for certificate filed by the student with the Office of Admissions and Records at Santa Ana College.
Distance Education

Distance education courses are Santa Ana College credit courses that include lectures, discussions, assignments and tests delivered via the Internet with opportunities for regular and substantive interaction with instructors and other students. The courses are academically equivalent to on-campus courses and support our district mission to provide quality educational programs and services that address the needs of our diverse students and communities.

Online courses require students to have a computer and Internet access. Students may also use computers in some on-campus facilities. The majority of the coursework is done online; however, some classes may require on-campus testing or require proctored exams.

Hybrid (blended) courses combine online learning with some on-campus or synchronous instruction. Classes may meet at least once during the semester. Details of scheduled course instruction are available in the schedule of classes, WebAdvisor, and at the Distance Education website, sac.edu/online.

Remote Instruction courses have synchronous live scheduled web meetings and are conducted either Remote Live where students attend virtually during published course times, or Remote Blended where students attend virtually and on-campus during scheduled course days and times.

The Online Degree Pathway Program is a program offered through Distance Education which allows students to learn and study collaboratively in a student cohort that completes prescribed coursework in an accelerated 8-week course structure. There are currently four online degree pathways:

- Associate in Science in Business Administration for Transfer (AS-T in Business Administration); this degree is for transfer to CSU and can be completed in 2 years
- Associate in Arts, in Liberal Arts Degree, 2 year completion; this degree prepares the student for transfer and can be completed in two years
- Associate in Arts in Psychology for Transfer (AA-T in Psychology); this degree is for transfer to CSU and can be completed in 2 years
- Associate in Arts in Sociology for Transfer (AA-T in Sociology); this degree is for transfer to CSU and can be completed in 2 years
- Business Administration Major Preparation for CSU, 1 year completion
- Psychology Major Preparation for CSU, 1 year completion

For Online Degree Pathway information, please visit our website: sac.edu/onlinepathway, call (714) 564-6725, or email us at sac_disted@sac.edu

Associate Degrees For Transfer

In addition to traditional associate degrees, California Community Colleges offer Associate Degrees for Transfer (ADT) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California community college students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

Santa Ana College offers numerous AA-T and AS-T degrees. To find out which CSU campuses accept each degree, please meet with a SAC counselor. You can also find this information at adegreewithaguarantee.com or icangotocollege.com Many private California colleges and universities also accept these degrees. You can find information about them at accu.edu/page/transfer. An AA-T or AS-T degree may not always be the best option for students intending to transfer to a particular CSU campus, or to a university or college that is not part of the CSU system.

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Requirements

Student completion requirements for the associate degree for transfer:

1. 60 semester or 90 quarter CSU transferable units. At least 12 of the units must be earned at Santa Ana College.
2. The California State University General Education-Breadth pattern (CSU GE Breadth page 30); OR the Intersegmental General Education Transfer Curriculum (IGETC page 32) pattern.

Note: The ADT can be awarded to students completing the UC version of IGETC, but completion of this pattern will not satisfy CSU admission requirements.

Students pursuing an ADT in Chemistry or Biology, must complete CSU GE for STEM or IGETC for STEM as specified.

CSU GE Breadth for STEM for students earning an AS-T in Biology only

Note: Students who began attending SAC or another California Commuity College or California State University prior to Fall 2021 will be permitted to complete the old CSU GE Breadth for STEM if they maintain CSU continuous enrollment. Please consult a counselor for additional information.

Complete the following CSU-GE courses before transfer:

- All courses in Areas A, B, E, and F; and
- One course in Area C1 Arts and one course in Area C2 Humanities; and
- One course in Area D. Complete the following courses after transfer:
  - One remaining lower-division GE course in Area C*; and
  - One remaining lower-division GE course in Area D*.

* These deferred lower division courses must be replaced with calculus and/or science courses required by the major before transfer.

CSU GE Breadth for STEM completion does not qualify students for the CSU-GE Certificate of Achievement.
IGETC for STEM for students earning an AS-T in Biology or Chemistry only

Complete the following IGETC courses before transfer:
- All courses in Areas 1 (except 1C for UC-bound students), 2, and 5; and
- One course in Area 3A; one course in Area 3B; and two courses in Area 4 from two different disciplines.
- Complete the following courses after transfer:
  - One remaining lower-division GE course in Area 3;*
  - One remaining lower-division GE course in Area 4;* and
  - One course in Area 6 for UC-bound students who have not satisfied it through proficiency.*

* These deferred lower division courses must be replaced with calculus and/or science courses required by the major before transfer.

IGETC for STEM completion does not qualify students for the IGETC Certificate of Achievement.

3. A minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district (see Instructional Programs portion of the catalog).

4. Obtainment of a minimum grade point average (GPA) of 2.0. (Some majors may require a higher GPA)

5. Earn a grade of C or better (C minus is not acceptable) or Pass in all courses required for the major or area of emphasis.

Santa Ana College currently offers the following Associate in Arts and Associate in Science for Transfer degrees:
- Administration of Justice
- Anthropology
- Art History
- Biology
- Business Administration
- Chemistry
- Communication Studies
- Computer Science
- Early Childhood Education
- Economics
- Elementary Teacher Education
- English
- Film, Television and Electronic Media
- Geography
- Geology
- History
- Hospitality Management
- Journalism
- Kinesiology
- Law, Public Policy, and Society
- Mathematics
- Music
- Nutrition
- Philosophy
- Physics
- Political Science
- Psychology
- Sociology
- Spanish
- Studio Arts
- Theatre Arts

See the Instructional Programs Section in this catalog for major requirements.

Course Substitutions and Reciprocity, Policy and Procedures

Students who have completed courses at another California community college, a regionally accredited institution and/or completed an external exam such as AP, CLEP, or IB may apply the coursework or exam results toward AA-T/AS-T major requirements as follows:

1. A course with a C-ID designation which is completed at another California community college will be substituted for a SAC course that meets an Associate Degree for Transfer (ADT) major requirement designated with the same C-ID number. SAC departmental approval is not required.

2. A course without a C-ID designation which is completed at a regionally accredited institution, other than a California community college, will be reviewed by SAC discipline faculty. Course-to-course substitution will be granted based on discipline faculty determination of comparability to a SAC course with the approved C-ID designation for the given ADT. Course-to-course substitution will be granted in accordance with the state-wide C-ID descriptor when the SAC course does not have an approved C-ID designation, but a statewide C-ID descriptor exists. When no such descriptor exists, course substitution will be based on discipline faculty determination of comparability to a SAC course included on the ADT.

3. Students who have completed an external examination such as AP, CLEP, and IB are granted course credit toward ADT major requirements as listed in the SAC catalog. (Students should be aware that AP credit may be awarded/counted differently by the transfer institution.)

4. A course completed at another California community college that is approved as part of an associate degree for transfer will be applied to the corresponding Santa Ana College Associate Degree for Transfer (ADT) in the corresponding SAC ADT area. Courses completed at other California community colleges must be part of the ADT at the time the student completed the course. Courses completed at other CCCs prior to ADT approval will be "grandfathered".

5. A course with a C-ID designation which is completed at another California Community College, but does not meet an Associate Degree for Transfer (ADT) major requirement at the college where completed or match a SAC C-ID number, can be applied to the ADT if the C-ID number is included in the statewide Transfer Model Curriculum (TMC) template. The course will be applied to the degree based on the location of the C-ID number on the TMC. SAC departmental approval is not required.
Certificate and Associate Degree Programs

For each of the Programs of Study identified below, Santa Ana College currently offers the number of degrees and certificates as noted. For further information regarding the specific type of degree or certificate, please refer to the “Instructional Programs” section of this catalog.

THE ASSOCIATE DEGREE

General Education Philosophy

General Education requirements at Santa Ana College reflect the conviction that those who receive degrees must possess in common certain basic principles, concepts, and methodologies, both unique to and shared by various disciplines. Recognizing the need for students to embrace and adapt to increasingly and rapidly changing local, national and global conditions, the college seeks to ensure that students develop the necessary skills, knowledge, and curiosity to better themselves and their communities.

The subject matter of General Education courses is designed to be general, broad and introductory rather than specialized, narrow, or advanced. General Education courses form a pattern of learning experiences designed to provide educational opportunities that lead to the following learning outcomes for students:

- The ability to comprehend and communicate ideas logically, creatively, correctly, and effectively in speaking and writing.
- Skills in creative and critical thinking, including analysis, synthesis, evaluation, problem-solving, decision-making, and quantitative reasoning.
- The skills necessary to identify informational needs; to seek, to access, to evaluate and to apply information effectively, using print materials and technology creatively, effectively and responsibly.
- An understanding of the complexities presented by the cultural, social, and environmental diversity of the world.
- Responsibility for ethical and active participation in a diverse society.
- The basic skills necessary for lifelong learning, fitness, creative expression, aesthetic appreciation, personal growth, interpersonal skills, and development of intellectual curiosity.
- Acquisition of the knowledge and skills necessary in chosen disciplines and careers.

NOTE: See Plan A, page 28 for specific course requirements.

General Education Categories

A. Natural Sciences

Courses in the natural sciences examine the physical universe, its life forms, and its natural phenomena. They assist in developing an appreciation and understanding of the scientific method and encourage an understanding of the relationships between science and other human activities. This category includes introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, physics, physical geography, physical anthropology, and other scientific disciplines.

B. Social and Behavioral Sciences

Courses in the social and behavioral sciences focus on people as members of society. They assist in developing an awareness of the methods of inquiry used by the social and behavioral sciences. Critical thinking is stimulated about the ways people act and have acted in response to their societies, and appreciation is developed of how societies and social groups operate. This category includes introductory or integrative survey courses in cultural anthropology, economics, history, political science, psychology, sociology, cultural geography, and related disciplines.

C. Humanities

Courses in humanities study the cultural activities and artistic expressions of human beings. They assist in developing an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves and the world around them in artistic and cultural creation, and in developing aesthetic understanding and an ability to make value judgments. This category includes introductory or integrative courses in the arts, foreign languages, literature, philosophy and religion.

D. Cultural Breadth

Courses meeting the cultural breadth requirement represent both global and national perspectives and recognize the value of systemic historical and cross-cultural examinations of race, ethnicity, gender, and global issues.

Ethnic Studies/Women’s Studies

Courses meeting the Ethnic Studies/Women’s Studies requirement focus on the cultural perspectives of the African American, the Asian American, the Chicano/Latino, and the Native American and women in the United States. They assist students to deal constructively with issues of difficult differences and to develop respect for and become aware of the views, interactions, and contributions of these ethnic groups and women to U.S. society and culture. This category is interdisciplinary and includes introductory courses that incorporate the voices of these historically excluded groups.

International Perspective

Courses in International Perspective include an emphasis on global perspectives in a cultural context. All courses need to address not just specific aspects of culture but also a component addressing the basic concepts of culture including how culture influences environment, behavior, structure, and function of society. These courses also include a multi-country perspective.

E. Language and Rationality

Courses in language and rationality develop the principles and applications of language toward logical thought, clear and precise expression, and critical evaluation of communication in whatever symbol system the student uses.

F. Lifelong Understanding and Self-Development

The courses in this category are designed to equip human beings for lifelong understanding and development of themselves as integrated physiological and psychological entities. In a social context, students will benefit from study about themselves and how they function at different stages of life. Instruction is intended to include consideration of such matters as human behavior, sexuality, nutrition, health, stress, key relationships of humankind to the social and physical environment, and implications of death and dying. Physical activity courses could be included, provided that they include some components of the above listed topics.

NOTE: See page 23 for requirements for Associate Degrees for Transfer (AA-T and AS-T).

I. Unit and Residency Requirements

60 UNITS, with at least a 2.0 grade point average. At least 12 of the units must be earned at the college. At least 6 of those units must be in courses required for the major unless students are earning an Associate Degree for Transfer.

II. General Education Requirements

24 semester units of general education which include one course or more as indicated in group requirements A, B, C, D, E, and F. See Plan A, page 28 for specific course requirements.

Non degree applicable courses may not be used for graduation requirements.

Courses from the major may be used to satisfy areas A-F.

NOTE: The requirements in parts II, IV, and V also may be met by CSU general education certification*, IGETC certification, or by submitting a transcript showing completion of a bachelor's degree from a regionally accredited institution. The requirements in parts II, IV, and V may also be met by submitting a transcript showing completion of an Associate of Arts or Associate of Science degree from a regionally accredited California institution within a ten-year period of finishing major requirements (III) at the college.

* If Business 130 is used to meet CSU-GE Area B4-Mathematics/Quantitative Reasoning, then the associate degree math proficiency may not be met. Students must meet one of the math proficiency requirements in section IV below.
III. Major Requirements

Each degree and certificate program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better. See Instructional Programs Section. Courses in the student’s major may not be taken under the Pass/No Pass policy except for major courses for Associate Degrees for Transfer, courses for which Pass/No Pass is the only grading option, and units earned through credit by examination or assessment.

IV. Required Proficiencies

Note: The proficiencies and requirements listed in IV. Required Proficiencies and V. Oral Communication Requirement may also be used to meet General Education Requirements in groups A through F where appropriate. Courses taken to meet proficiencies must be completed with a grade of C or better.

A. Reading

The Reading Proficiency will be considered met by earning a C or better in English 101 or English 101H.

B. Mathematics

Completion of Mathematics 082, 083/084 or any other Mathematics course of 3 or more units, numbered above the level of 083/084, or Psychology 210, OR
Recommended placement into Math 140, Math 150, Math 162, Math 180, or Math 219, and without the recommendation of taking a course that provides additional support, based on the Santa Ana College Mathematics Department multiple measures placement criteria; OR
A score of 3 or better on the following AP exams: Statistics, Calculus AB, Calculus BC, Computer Science Principles (Note: Meets Area B4 on CSU-GE plan).

V. Oral Communication Requirement

Completion of 3 units with a grade of "C" or better from the following:
Communication Studies 101 or 101H (Interpersonal Communication);
Communication Studies 102 or 102H (Public Speaking);
Communication Studies 140 (Argumentation and Debate);
Communication Studies 145 (Group Dynamics);
Communication Studies 150 (Organizational Communication);
Communication Studies 152 (Oral Interpretation).

Petition for Graduation and Catalog Rights

Petitions for graduation should be filed in the Office of Admissions and Records during the semester the student expects to graduate. Students who maintain continuous enrollment in at least one regular semester or session of a catalog year (fall, intersession, spring, or summer) at Santa Ana College or Santiago Canyon College may elect to meet the associate degree or certificate requirements in the SAC Catalog in effect at the time of first enrollment, or may choose the catalog requirements from any one year of subsequent continuous enrollment. A student who has an interruption of attendance must use the catalog at the time of readmission or one of subsequent continuous enrollment. Commencement exercises are held once a year at the end of the spring semester for those students who complete the requirements for graduation during the year or the summer session.

NOTE: Official Transcripts from all colleges attended must be on file in the Admissions and Records office.
General Education Requirements For The Associate Degree

PLAN A: 2021-2022

NOTE: This plan does not apply to Associate Degrees for Transfer (AA-T and AS-T).

NOTE: See page 27 for specific requirements for the following:

IV. A. Reading Proficiency
   B. Mathematics Proficiency

V. Oral Communication Requirement

Courses taken to meet these proficiencies/requirement must be completed with a grade of “C” or better.

Note: A single course may be used to meet only one category requirement (A-F) in Section II. However, a course may be used to meet both a required proficiency (IV) or requirement (V), as well as one of the categories of General Education Courses on Plan A (II). Courses which meet the requirements for Part II of Plan A at Santiago Canyon College will automatically meet the identical requirements for Part II of Plan A at Santa Ana College.

II. Required General Education Courses

A. Natural Sciences
   (minimum 3 semester units)
   Anthropology 101, 101L
   Astronomy 109, 110 or 110H, 140
   Biology 109 or 109H/109L, 111, 115, 149, 177, 190, 190L, 200, 211, 239, 259
   Chemistry 109, 119, 209, 210, 219 or 219H
   Earth Science 110 or 110H, 115, 150 or 150H
   Environmental Studies 140, 200, 259
   Geography 101, 101L, 130
   Geology 101, 101L, 140, 150 or 150H, 201
   Physical Science 117, 118
   Physics 109, 210, 217, 279
   Psychology 200

B. Social and Behavioral Sciences
   (minimum 6 semester units)
   1. American Institutions (minimum 3 semester units)
      History 118, 120 or 120H, 121 or 121H, 122
      Political Science 101 or 101H
   2. Social Science Elective (minimum 3 units)
      Anthropology 100 or 100H
      Child Development 107, 110
      Criminal Justice 101 or 101H
      Economics 120, 121
      Geography 100 or 100H, 102 or 102H, 140, 155
      History 101 or 101H, 102 or 102H
      Law 100
      Paralegal 100
      Political Science 101 or 101H
      Psychology 100 or 100H
      Sociology 100 or 100H

C. Humanities
   (minimum 3 semester units)
   American Sign Language 110, 111, 116, 210, 211
   Anthropology 104 or 104H
   Art 100 or 100H, 101, 102, 105, 110
   Communications and Media Studies 103, 105 or 105H, 111
   Dance 100 or 100H, 101, 104, 105
   Digital Media 101, 102, 103, 104, 105, 107, 113
   English 104 or 104H

Foreign Language:
   Chinese 101, 102
   French 101, 102, 201 or 201H, 202 or 202H
   Italian 120, 121
   Japanese 101, 102
   Spanish 101 or 101H, 102 or 102H, 195A, 195B, 201 or 201H, 202 or 202H
   Vietnamese 101, 102

Interdisciplinary Studies 121, 200

Kinesiology, Professional 170

Literature:
   Communications & Media Studies 110
   English 102 or 102H, 231, 232, 233ABC, 241, 242, 243, 270, 271, 272
   Music 101 or 101H, 102 or 102H, 104, 105, 110, 111
   Philosophy 106 or 106H, 108, 112, 118
   Theatre Arts 100, 105, 120, 123

D. Cultural Breadth
   (Three semester units required from D1 or D2)

D1. Ethnic Studies/Women’s Studies
   American Sign Language 116
   Anthropology 104 or 104H, 125
   Art 103, 104, 106
   Asian American Studies 101
   Black Studies 101
   Chicano Studies 101
   Child Development 221

E. Language and Rationality
   (minimum 6 semester units)
   1. English Composition (minimum 3 semester units)
      Courses fulfilling the written composition requirement include both expository and argumentative writing. The English composition requirement may be met by completing English 101 or 101H with a grade of "C" or better.
   2. Communication and Analytical Thinking (minimum 3 semester units)
      Includes mathematics, logic, statistics, computer languages and programming and related disciplines.
      Business 130
      Communication Studies 102 or 102H, 140, 145, 150
      Computer Science 100, 105

      Philosophy 110 or 110H, 111
      Psychology 210
      Reading 101, 102, 150

F. Lifelong Understanding and Self-Development
   (minimum 3 semester units)
   Note: Take one course from each group. No more than one semester unit may be counted from F2. Three semester units for Health Education and one semester unit for Kinesiology may be granted on the basis of military service. See page 55 for additional information.
   1. Completion of one of the following:
      Child Development 107
      Counseling 100, 116, 124, 125, 128
      Entrepreneurship 100
      Fashion Design Merchandising 103
      Interdisciplinary Studies 155
      Information Studies 100
      Kinesiology, Health Education 101 or 101H, 102, 103, 104, 108
      Kinesiology, Professional 125, 160
      Mathematics 030
      Nutrition and Food 115 or 115H
      Philosophy 111
      Psychology 140, 160, 230
      Sociology 112
      Study Skills 109
   2. Completion of one of the following:
      Kinesiology, Adapted Activities 201A, 202A, 202B, 205A, 208A, 208B, 211A, 211B
      Kinesiology, Aerobic Fitness 140A, 143A, 144A, 146A, 146B, 150A, 156A, 156B, 157A
      Kinesiology, Aquatics 201A, 201B
      Kinesiology, Professional 155, 165, 175, 195, 200, 275
This requirement (F) is met for Fire Technology (as long as Fire Technology 121 and 121L are taken as part of the program), Nursing, and Occupational Therapy Assistant by completion of the major.
Significant changes have been made to this general (GE) pattern effective Fall 2021. Area D, Social Sciences, has been reduced from nine units to six. Area F, Ethnic Studies, is a new three unit requirement. Students who began at SAC in Fall 2021 or later should follow the course pattern below. However, students who began attending SAC prior to Fall 2021 will be permitted to complete the previous CSU GE pattern if they maintain continuous enrollment. Please consult a SAC counselor for additional information.

California State University General Education Breadth (CSU GE)

PLAN B: 2021-2022

NOTE: These requirements apply to all students. Students planning to graduate from one of the 23 campuses of the California State University must complete 48 semester units in general education breadth courses. A student may complete 39-40 units of general education at Santa Ana College prior to transfer. Nine semester units of general education coursework must be completed at the upper division level after transfer.

CERTIFICATION OF GENERAL EDUCATION

1. Santa Ana College is authorized to certify a maximum of 39-40 general education units.
2. CSU-GE Certification indicates that a transfer student has met CSU lower division GE requirements. Students may earn full or subject area certification.
3. Pass/No Pass grades are accepted for certification in all areas; however, they are not recommended for transfer credit in basic skill areas. (A. English language, Communication and Critical Thinking, A1, A2, and A3; and B4. Mathematics/Quantitative Reasoning.) In addition, letter grades may be recommended or required for specific courses in a given major. Each CSU campus may also limit the total number of units graded credit.
4. A single course may not meet more than one general education requirement.
5. Requests for certification should be made to the Office of Admissions and Records during the semester prior to the last term of attendance. Please consult the class schedule or the Counseling Department for deadline information.
6. Certification of coursework from other colleges will be granted to students whose last community college of attendance prior to transfer is Santa Ana.
7. Courses taken at other California Community Colleges will be applied to the subject areas in which they were listed by the institution where the course was completed.
8. Courses taken at other regionally accredited private/out of state institutions (which do not maintain a CSU certification list) will be placed in the subject areas for which Santa Ana College has equivalent courses. In some cases non-equivalent courses may also be considered. Consult a counselor for additional information. Courses completed at foreign institutions are not accepted for certification.
9. Students earning an AS-T in Biology must complete CSU-GE Breadth for STEM. See “Associate Degrees for Transfer” on page 23 for additional information.

IMPORTANT NOTE: The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet general education-breadth requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2021 and are valid through Summer 2022.

TRANSFER CREDIT

Students may transfer up to 70 semester units to the CSU system. Sixty transferable units are needed for junior standing.

All courses used for CSU transfer credit must be numbered 100 or above in the Santa Ana College catalog.
B4: Mathematics/Quantitative Reasoning
Courses must be completed with a grade of "C" or better.
Business 130 (Fall 2019 or later completion) (Does not meet the Math Proficiency requirement for AA and AS degrees)
Mathematics 105, 140, 141, 145, 150, 162, 170, 180, 185, 204, 219 or 219H, 221, 280, 287
Psychology 210

C. Arts and Humanities
(minimum 9 semester/12 quarter units)
This area must include one course from C1 and one course from C2.

C1: Arts: Art, Cinema, Dance, Music, Theatre
Art 100 or 100H, 101, 102, 103, 104, 105, 106, 108
Communications & Media Studies 103
Dance 100 or 100H, 101, 102, 104, 105
Digital Media 102, 103, 104, 107, 113
English 233A, 233B, 233C
Interdisciplinary Studies 121
Music 101 or 101H, 102 or 102H, 103, 104, 105, 110 (Fall 2015 or later completion), 111
Photography 150
Theatre Arts 100, 105, 120, 123

C2: Humanities: Literature, Philosophy, Languages Other Than English
American Sign Language 110, 111, 116, 210
Chinese 101, 102
Digital Media 105
French 101, 102, 201 or 201H, 202 or 202H
History 101 or 101H, 102 or 102H, 150, 151, 153, 163
Interdisciplinary Studies 200
Italian 120, 121
Japanese 101, 102
Kinesiology, Professional 170
Philosophy 106 or 106H, 108, 112, 118
Spanish 101 or 101H, 102 or 102H, 195A, 195B, 201 or 201H, 202 or 202H
Vietnamese 101, 102

D. Social Sciences
(minimum 6 semester/9 quarter units)
Anthropology 100 or 100H, 103, 104 or 104H, 105, 125
Asian American Studies 101
Biology 200
Black Studies 101
Chicano Studies 101
Child Development 107, 110
Communication Studies 103 or 103H, 206 or 206H
Communications & Media Studies 105 or 105H, 111
Computer Science 100
Counseling 150
Criminal Justice 101 or 101H
Economics 120, 121
English 104 or 104H, 245, 278
Environmental Studies 200
Ethnic Studies 101 or 101H, 102 or 102H
Geography 100 or 100H, 102, 140

F. Ethnic Studies
(minimum 3 semester/4 quarter units)
Chicano Studies 101 (Fall 2021 or later completion)
Ethnic Studies 101 (Fall 2021 or later completion) or 101H (Fall 2021 or later completion)
Transfer credit can be found on page 42.

Sixty transferable units are needed for junior standing.

Students may transfer up to 70 semester units to the UC or CSU system.

TRANSFER CREDIT

Students may transfer up to 70 semester units to the UC or CSU system. Sixty transferable units are needed for junior standing.

All courses used for CSU transfer credit must be numbered 100 or above in the Santa Ana College catalog. All courses used for UC transfer credit can be found on page 42.

TRANSCENDENTAL GENERAL EDUCATION TRANSFER CURRICULUM 

PLANN C: 2021-2022

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from Santa Ana College to a campus in either the CALIFORNIA STATE UNIVERSITY or the UNIVERSITY OF CALIFORNIA system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements.

1. It is generally recommended that students complete all the listed requirements for IGETC prior to transferring. Students may obtain partial certification, however, by completing all but 1-2 courses. Consult a counselor for additional information.

2. Complete all courses used for IGETC certification with a minimum grade of C (C minus is not acceptable.) A “pass” is acceptable providing it is equivalent to a grade of C or higher. The catalog must reflect this policy.

3. Request certification from the last California community college attended prior to transfer to CSU or UC. Requests should be made to the Office of Admissions and Records during the semester prior to the last term of attendance. Please consult the class schedule or a counselor for deadline information.

4. Prior to requesting certification, have all official transcripts on file from every high school and college attended.

5. Courses taken at other California community colleges will be applied to the subject areas in which they are listed by the institution where the work was completed.

6. Courses taken at other regionally accredited private/out of state institutions (which do not maintain an IGETC certification list) will be placed in the subject areas for which Santa Ana College has equivalent courses. Equivalency is determined by Santa Ana College faculty. Petitions are available from the Counseling Division and must be accompanied by the appropriate documentation. In some cases non-equivalent courses may also be considered. Consult a counselor for additional information.

7. Courses completed at foreign institutions (without US regional accreditation) are not acceptable except for certification of competence in a language other than English.

8. Students earning an AS-T in Biology or Chemistry must complete IGETC for STEM. See “Associate Degrees for Transfer” on page 23 for additional information.

IMPORTANT NOTE: The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet IGETC requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2021 and are valid through Summer 2022.

TRANSFER CREDIT

Students may transfer up to 70 semester units to the UC or CSU system. Sixty transferable units are needed for junior standing.

All courses used for CSU transfer credit must be numbered 100 or above in the Santa Ana College catalog. All courses used for UC transfer credit can be found on page 42.

AREA 1 - ENGLISH COMMUNICATION

C.S.U.: 3 courses required, one from each group.

U.C.: 2 courses required, one from Group A and B.

Group A: English Composition

1 course, minimum 3 semester/4-5 quarter units.

English 101** or 101H**

Group B: Critical Thinking-English Composition

1 course, 3 semester/4-5 quarter units.

English 102** or 102H** (102 and 102H not accepted in 1B if completed prior to Fall 2011)

English 103** or 103H**

Philosophy 110** or 110H**

Group C: Oral Communication (CSU ONLY)

1 course, 3 semester/4-5 quarter units.

Communication Studies 102** or 102H**, 103** or 103H**, 140, 145

AREA 2A - MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING

1 course, 3 semester/4-5 quarter units.

AREA 3 - ARTS AND HUMANITIES

3 courses, 9 semester/12-15 quarter units, with at least one course from Group A and one course from Group B.

Group A: Arts (minimum 1 course)

Art 100** or 100H**, 101, 102, 103, 104, 105, 106, 108

Communications & Media Studies 103

Dance 100** or 100H**, 102, 105

Digital Media 103, 104, 107

Interdisciplinary Studies 121

Music 101** or 101H**, 102** or 102H**, 103, 104, 105, 111

Photography 150

Theatre Arts 100, 105, 120, 123 (Fall 2020 or later completion)

Group B: Humanities (minimum 1 course)

American Sign Language 111, 116, 210

Chinese 102

English 102** or 102H**, 220, 231, 232, 233A or 233B or 233C, 241, 242, 243, 245, 246, 270 (Fall 2020 or later completion), 271, 272, 278

French 102, 201** or 201H**, 202** or 202H**

History 101** or 101H**, 102** or 102H**, 150, 151, 153, 163*

Interdisciplinary Studies 200

Italian 121

Japanese 102

Philosophy 106** or 106H**, 108, 112, 118

Spanish 102** or 102H**, 195A, 195B, 201** or 201H**, 202** or 202H**

Vietnamese 102

AREA 4 - SOCIAL AND BEHAVIORAL SCIENCES

3 courses, 9 semester/12-15 quarter units from at least 2 disciplines or an interdisciplinary sequence.

Anthropology 100** or 100H**, 103, 104** or 104H**, 105, 125

Asian American Studies 101

Biology 200
Black Studies 101
Chicano Studies 101
Child Development 107**
Communication Studies 206** or 206H**
Communications & Media Studies 105** or 105H**, 111
Criminal Justice 101 or 101H
Economics 120, 121
English 104** or 104H**
Environmental Studies 200
Ethnic Studies 101** or 101H**, 102** or 102H**
Geography 100** or 100H**, 102**, 140
History 101**, 101H**, 102**, 102H** (101, 101H, 102, 102H Fall 2013 or later completion), 105, 118, 120** or 120H**, 121**, or 121H**, 123, 124** or 124H**, 125, 127, 133, 146, 163*, 181
Interdisciplinary Studies 117H, 155
Law 100 (Fall 2020 or later completion)
Paralegal 100 (Fall 2021 or later completion)
Political Science 101** or 101H**, 200** or 200H**, 201, 220, 235
Psychology 100** or 100H**, 140, 157**, 160, 170, 200, 219, 230, 240, 250
Sociology 100** or 100H**, 140** or 140H**, 240
Women's Studies 101, 102

**AREA 5 - PHYSICAL AND BIOLOGICAL SCIENCES**

At least 2 courses, 7-9 semester/9-12 quarter units with one Physical Science course and one Biological Science course; at least one must include a corresponding laboratory (Group C)

**Group A: Physical Science** (1 course)
Astronomy 109, 110** or 110H**
Earth Science 110** or 110H**, 115**, 150** or 150H**

Group B: Biological Science (1 course)

Anthropology 101
Biology 109**, 111, 115, 139**, 149
(Fall 2017 or later completion), 177, 190, 211**, 212, 214, 229**, 239, 249, 259

Group C: Laboratory Activity

Anthropology 101
Astronomy 140
Biology 109L, 111, 115, 139**, 149 (Fall 2017 or later completion), 190L, 211**, 212, 214, 229**, 239, 249, 259
Earth Science 115**

American Institutions Requirement

CSU has an American Institutions graduation requirement that is separate from IGETC. Courses used to meet the CSU requirement can usually also be used in Area 3 or 4. (This is at the discretion of each CSU campus.) To meet the CSU requirement, students should take Political Science 101** or 101H** AND one of the following courses: History 118, 120**, 120H**, 121**, 121H**, 123, 124**, 124H**, 127, 146.

UC requires the completion of a college course or courses with a grade of "C" or better OR a one-year course in high school in U.S. History or a half-year course in American Government with grades of "C" or better (UCLA requires grades of "B"). UCSB requires the completion of a college course. If you are using college coursework to satisfy this requirement, check the appropriate UC catalog to determine which course(s) to take.

* Courses designated with an asterisk may be counted in one area only.
** Indicates that transfer credit may be limited by either UC or CSU or both. Please see page 42 for additional information.
*** High School transcript must be on file in the admissions office. Please consult with a counselor for additional information.
ADVANCED PLACEMENT POLICIES

Per the following chart students at Santa Ana College may be awarded units of credit for Advanced Placement exams passed with a score of 3, 4, or 5. Although credit awarded through advanced placement may be used to satisfy Santa Ana College graduation requirements, it cannot be used to satisfy the twelve unit residency requirement. Students who have earned credit from an AP exam should not take a comparable college course since credit will not be granted for both. Students should submit official copies of Advanced Placement Examination test scores to the Admissions and Records office for evaluation. Students are strongly advised to check with a SAC counselor and/or the Admissions Office of their transfer campus to determine how the AP exam will be used to meet requirements at their transfer institution as policies may differ from SAC's.

</table>

1 All CSU campuses will accept toward fulfillment of the minimum units of the designated general education breadth area if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

2 This column reflects the number of units each campus system-wide will minimally grant for each exam. These units count toward eligibility for admission. (Not all of these units may apply toward certification of the corresponding GE-Breadth area.) Some CSU campuses may award more than the minimum units listed in this column. That information can be found in each CSU catalog.

3 Each AP exam may be applied to one IGETC area as satisfying only one course requirement, with the exception of Language Other Than English. Exams may be used regardless of when the exam was taken.

4 This column reflects the number of units each campus system-wide will grant for each exam. These units count toward eligibility for admission.

5 AP exam may be used in either area regardless of where the SAC discipline is located.

6 Latin Literature 6 units if passed prior to F ’09. Latin: Vergil 3 units if passed prior to F ’12.

7 This examination only partially fulfills the CSU US History, Constitution, and American Ideals graduation requirement but can be used toward the requirement. (Please note that no AP exam fulfills the California State and Local Government portion, US-3.) See a counselor for more information.

8 If a student passes more than one AP exam in Physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to certification of CSU GE.
THE COLLEGE-LEVEL EXAMINATION (CLEP) POLICIES
Santa Ana College will grant credit to currently enrolled students for CLEP examinations passed with a score of 50 or higher (level II languages require a higher score). Although credit awarded through CLEP may be used to satisfy Santa Ana College graduation requirements, it cannot be used to satisfy the twelve-unit residency requirement. Students who have earned credit from a CLEP exam should not take a comparable college course since credit will not be granted for both. Credit for some exams may be applied toward general education requirements for plans A and B per the following chart; however, credit may not be applied toward plan C. UC does not grant credit for CLEP examinations at this time. Use of exams for SAC prerequisite clearance and major requirements is granted according to the determination of the appropriate SAC area dean in consultation with the department. Students should see a counselor for more information and submit official copies of CLEP test scores to the SAC Admissions and Records Office. Students are strongly advised to check with a SAC counselor or their transfer campus to determine how CLEP exams will be used to meet requirements at their transfer institution as policies may differ from SAC’s.

</table>

1. All CSU campuses will accept the minimum units toward fulfillment of the designated general education breadth area if the examination is included in full or toward fulfillment subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

2. This column reflects the number of units each campus system-wide will minimally grant for each exam. These units count toward eligibility for admission. Some CSU campuses may award more than the minimum units listed in this column. That information can be found in each CSU catalog.

3. If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the associate degree or to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of credit; the higher score listed for each test is considered “Level II” and earns additional units of credit and placement in Plan A, Area C and Plan B, Area C2, as noted.

4. CLEP exam may be used in either area regardless of where CLEP discipline is located.

5. This examination only partially fulfills the CSU US History, Constitution, and American Ideals graduation requirement but can be used toward the requirement. (Please note that no CLEP exam fulfills the California State and Local Government portion, US-3.) See a counselor for more information.

6. Also fulfills Santa Ana College Math Proficiency.
### INTERNATIONAL BACCALAUREATE (IB) POLICIES

Per the following chart students at Santa Ana College may be awarded units of credit for International Baccalaureate Exams passed with a score of 5 or higher, unless otherwise noted. Although credit awarded through IB may be used to satisfy Santa Ana College graduation requirements, it cannot be used to satisfy the twelve-unit residency requirement. Students who have earned credit from an IB exam should not take a comparable college course since credit will not be granted for both. Students should submit official copies of International Baccalaureate Examination test scores to the Admissions and Records office. Students are strongly advised to check with a SAC counselor and/or the Admissions Office of their transfer campus to determine how the IB exam will be used to meet requirements at their transfer institution as policies may differ from SAC.

¹ All CSU campuses will accept the minimum units toward fulfillment of the designated General Education-Breadth area if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

² This column reflects the number of units each campus system-wide will minimally grant for each exam. These units count toward eligibility for admission. Some CSU campuses may award more than the minimum units listed in this column. That information can be found in each CSU catalog.

³ Each IB exam may be applied to one IGETC area as satisfying only one course requirement, with the exception of Language Other Than English. Exams may be used regardless of when the exam was taken.

⁴ This column reflects the minimum number of units each campus system-wide will grant for each exam. These units count toward eligibility for admission.

⁵ IB exam may be used in either area regardless of where the SAC discipline is located.

⁶ Score of 4 or higher required for CSU Credit.

⁷ The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.

⁸ Also fulfills Math Proficiency.
TRANSFER TO OTHER COLLEGES

This section of the catalog is designed to help students plan an academic program for transfer to a four-year college or university. It includes information about the transfer process and requirements. Universities often make changes to their requirements. Information listed in this section was up-to-date at the time of publication; however, changes may have occurred after publication. Current transfer information is available online and in the University Transfer Center and the Counseling Center at Santa Ana College.

There are four segments of higher education in California. They are:

a) The University of California (UC) system with 10 campuses;
b) The California State University (CSU) system with 23 campuses;
c) Independent colleges and universities; and
d) California Community Colleges with 115 campuses.

Santa Ana College provides the freshman and sophomore years of a four-year college or university program. SAC students can complete most or all of their lower division general education and major requirements before transferring. Students who are planning to transfer should meet with a counselor in the Counseling Center or in the University Transfer Center to develop a Student Educational Plan to insure a smooth transition to the transfer institution of their choice.

Note: Transfer students may also want to complete an associate degree or an Associate Degree for Transfer. While not always a requirement for transfer, the associate degree or Associate Degree for Transfer is generally recommended, and proper planning should enable students to satisfy both requirements for graduation from SAC and for transfer.

University Transfer Center

The University Transfer Center (UTC), which is located in S-110 at Santa Ana College, provides information and assistance to students who are preparing to transfer to a four-year university of their choice. UTC has designated counseling appointments and services for transfer bound students. During the fall and spring semesters, the University Transfer Center hosts College Fairs with representatives from California and out-of-state colleges and universities who provide admissions information to potential students. University representative appointments are also available for students as well as an up-to-date resource library and other information about transfer programs. The University Transfer Center also hosts transfer application workshops which are offered during priority filing periods. In addition, field trips to various university campuses are offered throughout the academic school year. For more information call 714-564-6165 or email transfer_center@sac.edu.

Transferability of Courses

Students can transfer a maximum of 70 units to a UC or CSU campus.

Many courses offered by Santa Ana College will transfer to meet general education and/or major requirements. However, some courses may transfer only as electives units.

All courses numbered 100 or above will transfer to CALIFORNIA STATE UNIVERSITY. These are also indicated in the catalog by a “CSU” at the end of the course description.

Courses which are transferable to the UNIVERSITY OF CALIFORNIA are designated on the UC Transferable Course Agreement and are also indicated in the catalog by a “UC” at the end of the course description. Some of the courses that are transferable to the University of California have credit limitations. Check the UC Transferable Course Agreement on page 45 or at assist.org to determine these limitations.

INDEPENDENT AND OUT-OF-STATE COLLEGES AND UNIVERSITIES usually accept most courses that are transferable to the University of California and many of the courses acceptable at California State University campuses.

Course Requirements For Transfer Students

A student can transfer from Santa Ana College as a junior without loss of time or credits by completing the following:

Lower Division Major Requirements

Most university majors require the completion of one or more lower division courses as preparation for the upper division. Santa Ana College offers courses to meet the lower division requirements for most transfer majors. See page 44 for additional information.

General Education Requirements

These are the courses required of everyone to obtain a degree regardless of major. Courses in writing, critical thinking, mathematics, sciences, arts and humanities, and the social sciences are included in general education.

Electives

These are courses of choice taken in addition to courses for the major and general education requirements.

Honors Program Transfer Agreements

Santa Ana College Honors Program students may opt to enter into honors transfer agreements with those participating four-year colleges and universities. Each agreement is specific to the four-year institutions but most offer, at least, “priority consideration for admission” to their honors program. While Santa Ana College continues to add to the honors transfer agreement list, SAC currently has agreements with:

- California State Polytechnic University, Pomona Kellogg Honors College
- California State University, Fullerton Honors Program
- California State University, Fullerton, Mihaylo Business Honors Program
- California State University, San Diego Weber Honors Program
- University of California, Irvine
- University of California, Los Angeles
- University of California, Riverside Honors Program
- Amherst College
- Azusa Pacific Honors College

- Williams College

New transfer agreements are added every year. For details regarding specific agreements, students may contact the Honors Coordinator at Santa Ana College, Kathy Patterson, 714-564-6528, email sachonorstransferprogram@sac.edu or refer to the honorstransfercouncil.org website.
II. Upper Division Transfer

To qualify for admission as an upper division transfer, applicants must complete 60 or more semester (90 or more quarter) transferable units and have met the following requirements:

- The applicant must complete at least 30 semester (45 quarter) units of general education courses. You may visit assist.org for a full listing of courses at each CCC that meet CSU general education requirements.
- The applicant must complete transferable courses (CSU GE category A) with grades of C- or better in written communication, oral communication and critical thinking.
- The applicant must have achieved a cumulative grade point average of 2.0 or better in all transferable college units attempted.
- The applicant is expected to be in good standing at the last college or university attended (i.e. eligible to re-enroll at that college or university).

Note: Campuses and/or programs and class levels that are designated as being impacted have additional admission criteria. For example, a 2.0 GPA may not be high enough for campuses and majors in high demand. See calstate.edu (search for impaction) for additional information about these degrees.

California State University General Education Requirements

To earn a bachelor’s degree from the California State University, each student must complete a program of general education. Santa Ana College offers two general education programs that will enable students to meet the lower division general education requirements for all CSU campuses prior to transfer. Students can complete either the CSU General Education Breadth Requirements (see page 30 of the catalog for GE Plan B) or the Intersegmental General Education Transfer Curriculum (see page 32 of the catalog for GE Plan C). Students can also meet the general education requirements of a specific CSU campus. A few majors, such as Nursing, Engineering, Science, and other technical majors recommend students complete very specific course-work to meet general education. Consult a counselor for additional information.

Certification of General Education For Transfer To CSU

See certification information on page 40.

Associate Degree For Transfer: A Pathway to the CSU Degree

The Student Transfer Achievement Reform Act (SB1440) established an Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T). The AA-T or AS-T degrees are designed to provide a clear pathway to the California State University (CSU) degree major. Please See page 23 for additional information about these degrees.
UNIVERSITY OF CALIFORNIA

The University of California has ten campuses located throughout the state. Each campus within the system has its own unique geographic and academic character. The University offers bachelor’s, master’s, and doctoral degrees in a variety of subject areas. Campuses of the University are located in Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco (Schools of Medicine, Dentistry and Pharmacy), Santa Barbara and Santa Cruz.

To obtain a baccalaureate degree from the UC system, a student must complete a minimum of 120 semester units (180 quarter units). A maximum of 70 units of transferable credit will be accepted for courses completed at a community college.

The key to a successful transfer is early planning to ensure that students complete courses that meet the admission, general education, and lower division major preparation requirements.

University of California – Admission Requirements For Transfer

I. Lower Division Transfer

While all UC campuses welcome a large pool of junior-level transfers, most admit only a limited number (if any) of lower division transfers. However, it can happen. Here’s how:

- If a student met the minimum requirements for admission to UC when they graduated from high school they are eligible for transfer if they have a 2.0 GPA (2.8 for non residents) in UC transferable college coursework.
- If a student met the minimum required GPA in high school but did not satisfy the 15 Course Subject Requirement, the student must take transferable college courses in the missing subjects, earn a C or better in each required course and maintain an overall 2.0 GPA (2.8 for non residents) in all transferable coursework to be eligible to transfer.

II. Upper Division Transfer

The majority of transfer students come to the University at the junior level from California Community Colleges. To be eligible for admission as a junior transfer student, a student must fulfill both of the following criteria:

1. Complete 60 semester (90 quarter) units of UC transferable college credit with a GPA of at least 2.4 (2.8 for nonresidents). No more than 14 semester (21 quarter) units may be taken Pass/Not Pass.
2. Complete the following seven course pattern, earning a grade of C or better (or Pass) in each course:
   - Two UC transferable college courses (3 semester or 4–5 quarter units each) in English composition;
   - One UC transferable college course (3 semester or 4–5 quarter units) in mathematical concepts and quantitative reasoning;
   - Four UC transferable college courses (3 semester or 4–5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

If a student satisfies the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring, he or she may satisfy part 2 of the transfer eligibility requirements.

Keep in mind that meeting these requirements does not guarantee admission to the campus or major of your choice. Often, admission to UC campuses or programs is extremely competitive and requires students to satisfy more demanding standards.

University of California General Education Requirements

To earn a bachelor’s degree from the University of California, each student must complete a program of general education. To meet the general education requirements of the University, students can complete either the Intersegmental General Education Transfer Curriculum (see page 32) of the catalog for GE Plan C or individual campus general education requirements. Santa Ana College generally recommends that students follow the IGETC rather than the individual campus requirements as this will provide more flexibility when applying to transfer. However, IGETC should generally not be used for the following: The colleges of Engineering, Chemistry, and the Haas School of Business at UCB; any student preparing for a bachelor of science or selective major at UCD; the School of Engineering at UCLA; the School of Engineering and the School of Applied Sciences at UCM; the College of Engineering may require additional coursework after enrollment, at UCR; Revelle College may require coursework after enrollment, The College of Natural and Agricultural Sciences at UCSD; students in the College of Engineering are encouraged to focus on major preparation rather than GE but may use IGETC at UCSB; Majors in the physical or biological sciences or any major in the Jack Baskin School of Engineering at UCSC. Students who began at a UC campus and who intend to transfer back to the same campus cannot use IGETC. UC campuses do allow students who began at another UC campus to use IGETC. Consult a counselor for additional information.

Certification of General Education For Transfer to UC or CSU

Upon a student’s request Santa Ana College will verify the completion of lower division general education requirements for transfer to the University of California (IGETC, Plan C) or the California State University (either CSU GE Breadth or IGETC, Plan B or Plan C). IGETC for STEM or CSUGE for STEM is required for students earning an associate degree for transfer in Biology or Chemistry. Students who transfer without certification will be required to meet the general education requirements of the specific UC or CSU campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses.

Students who have taken courses at other colleges can have these courses used in the certification process. Santa Ana College will certify (guarantee) courses taken at other California community colleges in the IGETC or CSU GE Breadth areas designated by the offering college. Courses taken at regionally accredited California four-year colleges or out-of-state two-year or four-year colleges will be certified for IGETC or CSU GE Breadth if they are equivalent to courses on the Santa Ana College IGETC or CSU GE Breadth list respectively. In some cases non-equivalent courses may also be considered. Consult a SAC counselor for additional information. Courses from foreign institutions (without U.S. regional accreditation) cannot be used in either the CSU GE Breadth or IGETC certification process.

Students should request IGETC certification from the last California Community College they attend prior to transfer to UC or CSU. CSU GE Breadth Certification of course work from other colleges will only be granted to students whose last community college of attendance prior to transfer is Santa Ana.

Certification petition forms are available in the SAC Counseling Center and on the SAC Graduation website sac.edu/graduation.

Associate Degree For Transfer and the University of California

If you’re working toward an AA-T or AS-T (also known as an ADT), you should choose courses that align with the requirements at the UC campuses you’re interested in. Treat the ADT as your early roadmap to UC. You can use assist.org or UC major preparation paths: admission.universityofcalifornia.edu/admission-requirements/transfer-requirements/transfer-pathways/ to guide you in choosing the right courses. Although earning an ADT does not guarantee admission to UC, some campuses consider it in the comprehensive review process.

UC Transfer Pathways

UC Transfer Pathways identify a single set of lower-division pre-major preparation courses for common majors. For more information see pathwaysguide.universityofcalifornia.edu
INDEPENDENT AND OUT-OF-STATE COLLEGES AND UNIVERSITIES

In addition to state-supported colleges and universities in California, there are many independent institutions in the state. There are also many colleges, both private and public, located throughout the United States to which Santa Ana College students can transfer. Each of these institutions has its own unique requirements for admission. In order to determine eligibility, students should consult with the college of their choice along with a Santa Ana College counselor.

The California Independent Colleges and Universities Transfer Commitment is part of the sector’s commitment to serve all types of California students. Transfer pathways include campus articulation agreements, and the Associate Degree for Transfer (ADT) program. Financial aid may be a primary factor in making it possible for a student to attend an independent college or university. There are many forms of financial assistance available, such as federal, state, institutional, and private aid. Students should apply for scholarships, grants, loans, and work-study awards from all possible sources. The Free Application for Federal Student Aid (FAFSA) and the California Dream Act Application may be submitted in October for the following academic year. Filing instructions and deadlines are indicated on the web sites fafsa.ed.gov and dream.csac.ca.gov respectively. Further details and assistance are available in the Financial Aid Office.

California’s private, non-profit, WASC-accredited colleges and universities include:

** Associate Degrees for Transfer and Independent California Colleges and Universities.

Students can now transfer with this degree to dozens of private California colleges and universities. A full list of participating private institutions can be found at aicc.edu/page/transfer

General Education Requirements For Independent And Out-Of-State Colleges And Universities

Santa Ana College has articulated general education requirements with a number of independent institutions such as Chapman University, Loma Linda University, the University of Southern California, and Pepperdine University. In addition, some independent and out-of-state colleges and universities will accept full IGETC and/or CSU GE breadth certification in lieu of their own lower division general education requirements. Students transferring to independent or out-of-state institutions should meet with a counselor in order to determine appropriate general education requirements.

Information about SAC courses that meet general education and major requirements can also be found on the Santa Ana College Counseling Division website, under “Articulation.”

Historically Black Colleges and Universities (HBCUS)

California community college transfer students with a GPA of 2.5 or higher are guaranteed admission to HBCU partner schools using either of the following two options: (1) complete a minimum of 30 UC or CSU units (2) complete a transfer level-associate degree (ADT) using the Intersegmental General Education Breadth pattern. Students who qualify for this guarantee can also receive
an application fee waiver code for the online Common Black College Application to apply to a participating partner HBCU (four max).

There may be additional prerequisites or other requirements for certain majors. Additional program benefits for students under the agreement include priority consideration for housing, consideration for transfer scholarships for students with a 3.2 or higher GPA, and pre-admission advising. A list of HBCU partner schools can be found at: ccctransfer.org/hbcu-partners

**Begin a Transfer Major at Santa Ana College**

In order to earn a bachelor’s degree, students need to select a subject area in which to specialize. This subject area is called a major. Almost every major requires that certain courses be completed during the freshman and/or sophomore years of college. These are called lower division major requirements. Many of these can be completed at SAC prior to transferring. (The highly specific courses in the major are called upper division requirements, and these are completed after transfer.) In developing a program for transfer, first consideration in most cases should be given to completing the courses required in the transfer major or as preparation for the major. Note that these requirements may differ from major requirements for the associate degree.

Below is a partial listing of majors one might choose to begin at SAC. Visit the Transfer or Counseling Centers or make an appointment with a counselor to discuss which courses should be completed at SAC to begin preparation in the chosen transfer major. In addition, assist.org lists required courses for many UC and CSU majors. Links to many private college and university major requirements can be found on the SAC counseling department website under articulation. Other resources include UC Transfer Preparation Paths (page 40), and Associate Degrees for Transfer (page 22).

* These are primarily graduate programs for which undergraduate majors can vary. Students should see a counselor to determine what undergraduate major might be appropriate.

** Undergraduate majors for those planning to teach K-12 can vary widely depending upon the subject and grade level to be taught. Students should see a counselor to determine what undergraduate major might be appropriate.

The above list is a sampling and does not represent all transfer majors at all colleges/universities.
### UNIVERSITY OF CALIFORNIA (UC) TRANSFER COURSE AGREEMENT 2021-2022

This agreement lists courses transferable for unit credit at all UC campuses. This list is valid for courses completed during Fall 2020, Spring 2021 and Summer 2021. Additional courses for 2021-2022 may be approved after the publication date for this catalog.

VARIABLE TOPICS
These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Field Work”, etc. and are typically numbered 198 or 199 at SAC. Credit for variable topics courses is given only after a review of the course outline by the enrolling UC campus. This usually occurs after transfer and may include recommendations from faculty. Students are advised to save all materials from their SAC Variable Topics course(s), which are typically numbered 198. Information about internships may also be presented for review, but credit for internships rarely transfer to UC. No credit for Special Topics courses in Journalism, Photography, Health, Business Administration, Architecture, Criminal Justice (Criminology) or Library Departments due to the credit restrictions in these areas.

VIETNAMESE

This list is informational only and is based on the official Santa Ana College 2020-2021 UC Transfer Course Agreement which can be found at assist.org. UC transferable course lists for additional years are also located on ASSIST. For more information consult a Santa Ana College counselor.
BACCALAUREATE DEGREE

Graduation Requirements for a Baccalaureate Degree

Graduation requirements for a Baccalaureate Degree are prescribed by the California Community Colleges Board of Governors, Accrediting Commission for Community and Junior Colleges, Title 5, and the Rancho Santiago Community College District Board of Trustees. Specifications are based upon recommendations by the Academic Senate of California Community Colleges. A Baccalaureate Degree may be earned upon satisfactory completion of all of the following:

A. Total Unit Degree Requirement

Complete a combination of lower-division and upper-division coursework totaling a minimum of 120 semester units to include the following:

a. A minimum of twenty-four (24) units of lower-division-major courses

Lower-division courses acceptable toward a baccalaureate degree are designated as CSU or UC transferable or determined to be at the baccalaureate level.

Lower-division courses from other U.S. regionally accredited institutions will be evaluated by a Career Education counselor and graduation specialist to determine baccalaureate credit based on course description, comparable content, appropriate prerequisites, or C-ID number.

All lower-division requirements must be met before the baccalaureate degree is granted.

International courses will be evaluated for baccalaureate major requirements only when course descriptions are submitted in English, along with a transcript evaluated by an approved foreign transcript service.

b. A minimum of forty (40) units of upper-division-major courses.

Rancho Santiago Community College District courses designated as upper-division are applicable only to a baccalaureate degree and may not be used to satisfy associate degree requirements.

Upper-division courses from other U.S. regionally accredited institutions will NOT be accepted for upper-division major, general education, or elective baccalaureate degree credit.

B. General Education Requirements

All students are required to complete General Education. Students may choose to complete:

a. California State University (CSU) GE Breadth (Plan B) or

b. Intersegmental General Education Transfer Curriculum (IGETC) (Plan C) (either CSU or UC Version) and

c. A minimum of nine (9) units of upper-division general education coursework

Previously completed lower-division general education courses will be evaluated according to the CSU-GE or IGETC certification guidelines. Students enrolled in the baccalaureate program who have not completed the CSU-GE or IGETC pattern must complete any remaining CSU-GE or IGETC Areas.

C. Residence Requirement

At least 24 units of upper division coursework must be completed at Santa Ana College

D. Major Requirement

All students must take required major courses as specified by the major department and earn a grade of "C" or better in each course. Students should review specific major admissions requirements and prerequisites in the program descriptions area of the catalog for more detail.

Bachelor of Science Occupational Studies Degree

Program code: sac.os.bs

The baccalaureate degree in Occupational Studies will create a more highly skilled occupational therapy assistant (OTA) who is better able to understand and utilize research-based evidence for best practice and take on a leadership role. As an additional benefit it will prepare an OTA for entry into an Occupational Therapy (OT) Master's degree program. The upper division course work will provide more in-depth training in specific areas of OT practice, including neurologic rehabilitation, musculoskeletal rehabilitation, pediatrics, geriatrics, and key practice areas identified by the American Occupational Therapy Association. These courses, together with a capstone project will also provide increased opportunities for critical analysis, research methods, and clinical reasoning. To complete the Bachelor of Science in Occupational Studies, students must: (1) complete all upper division course requirements with a grade of "C" or better; (2) complete 37 units of IGETC lower division general education coursework or 39 units of CSU GE Breadth lower division general education coursework.

Learning Outcome(s):

1. Demonstrate advanced mastery of OTA clinical skills, including clinical reasoning, that follow the guidelines established in the Frameworks for Occupational Therapy Practice.
2. Relate theory and research to clinical practice areas.
3. Provide OTA services that meets the community needs of diverse populations demonstrating sensitivity and empathy.

Prerequisite:

Associate Degree from an ACOTE and regionally accredited OTA program and OTA Certification/License

Required lower division courses specific to the BS Degree

Core Courses: Units

- PSYC 210 Statistics for the Behavioral Sciences 4
- SOC 100 Introduction to Sociology 3
- PHIL 108 Ethics 3
- PHYS 109 Survey of General Physics 4

Required upper division major courses

OS 301 Therapeutic Approaches to the Older Adult 3
OS 304 Movement Theory & Analysis 3
OS 305 Advanced Pediatric Practice for the Occupational Therapy Assistant (OTA) 3
OS 310 Community-Based Occupational Therapy Practice 3
OS 312 Advanced Practice Areas in Occupational Therapy (OT) 3
OS 325 Applying Research to Occupational Therapy Intervention 3
OS 402 Neurological Principles in Human Performance 4
OS 403 Leadership for the Occupational Therapy Assistant (OTA) 2
OS 410 Healthcare Systems 3
OS 412 Capstone Seminar 3

Required upper division general education courses:

- MATH 319 Quantitative Research Methods for Healthcare Professionals 4
- CMST 307 Health Communication 3
- SOC 401 The Sociology of Health, Illness, and Healing 3

Total Units: 54
COMMUNICATION STUDIES

Communication Studies 307

Health Communication

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on Enrollment: Student must be admitted to the Occupational Studies program. Communication Studies 101 or Communication Studies 101H or Communication Studies 102 or Communication Studies 103 or Communication Studies 103H or Communication Studies 145; with a minimum grade of C.

Course is designed to advance knowledge of health communication theory, research and practice while providing solid foundation for understanding independence, value and impact of health communication upon patients, families, caregivers and healthcare team-members. CSU

MATHMATICS

Mathematics 319

Quantitative Research Methods for Healthcare Professionals

Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program Mathematics 219 or Mathematics 219H or Psychology 210 with a minimum grade of C.

This course will develop skills and tools for understanding and performing quantitative research in healthcare sciences. The focus of the course will be on statistical research methods prevalent in healthcare sciences: including principles of experimental design, appropriate sampling, and running quantitative tests to determine the validity of claims. CSU

SOCIOLOGY

Sociology 401

The Sociology of Health, Illness, and Healing

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program Sociology 100 or Sociology 100H with a minimum grade of C.

This course analyzes the social contexts of health, illness, and organized medical care. It examines empirical research and theory of the changing concepts of health, illness and medical practice in their socio-historical contexts. Topics will include: social epidemiology, the biomedical and social construction of health/illness, the experience of illness, the historical transformation of the health professions and the health work force, disparities in health care, medical technology, global comparisons of health care and health care reform. CSU

OCCUPATIONAL STUDIES

Occupational Studies 301

Therapeutic Approaches to the Older Adult

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will build upon developmental concepts of aging to examine quality of life in older adulthood. The focus of this course will be on evaluating older adults from an occupational perspective and analyzing the skills needed to maintain independence and to successfully participate in meaningful activities throughout the older years. CSU

Occupational Studies 304

Movement Theory & Analysis

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

Movement is a significant aspect of occupational performance. This course will focus on current theories of motor control and motor learning with an emphasis of how these theories can be applied to provide evidence-based practice to those with motor dysfunction. CSU

Occupational Studies 305

Advanced Pediatric Practice for the Occupational Therapy Assistant (OTA)

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will build upon developmental concepts related to pediatric Occupational Therapy (OT) practice. The focus of this course will be to look at specific settings related to pediatric occupational therapy practice. It will focus on evaluating the pediatric client related to acute hospital care and school based intervention. CSU

Occupational Studies 310

Community-Based Occupational Therapy Practice

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will focus on the practice of Occupational Therapy (OT) in community-based settings. This will include an in-depth analysis of both the history and growth of OT practice in the community. Students will analyze the role of OT in community settings with a variety of populations. CSU

Occupational Studies 312

Advanced Practice Areas in Occupational Therapy (OT)

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide a study of the advanced practice areas in occupational therapy. Advance practice areas in occupational therapy include: physical agent modalities (PAMs), hand therapy and feeding and swallowing. This class will focus on the theory and application of PAMs for the use in occupational therapy; the fundamentals of hand therapy including treatment guidelines in occupational therapy; and feeding and swallowing issues with the occupational therapy client. CSU

Occupational Studies 325

Applying Research to Occupational Therapy Intervention

Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.

This course will provide an in-depth study of utilizing evidence to develop effective treatment plans in Occupational Therapy. The focus will be on critically evaluating available research to develop best practice in intervention. CSU
Occupational Studies 402
Neurological Principles in Human Performance
Unit(s): 4.0  Class Hours: 72 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.
This course will provide an in-depth study of the neurologic principles used in rehabilitation practice. This will focus on understanding the structures and function of the central and peripheral nervous systems and to the sequelae of injury to these systems. There will be an emphasis on cognitive, visual, and perceptual problems in adults with acquired brain injury. CSU

Occupational Studies 403
Leadership for the Occupational Therapy Assistant (OTA)
Unit(s): 2.0  Class Hours: 36 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.
This course will explore leadership roles that are available to the OTA and the skills that are needed to assume them. The focus will be on leadership, advocacy, marketing, quality improvement, supervision, and scholarship. Students will also explore volunteerism and active participation in professional organizations. CSU

Occupational Studies 410
Healthcare Systems
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.
This course will cover the various healthcare systems that influence the practice of occupational therapy. Topics will include economics, types of insurance, healthcare policies, ongoing healthcare reform, and the role of technology. As a part of this course students will complete an independent, in-depth, study of one of the key practice areas in OT as identified by the American Occupational Therapy Association (AOTA). CSU

Occupational Studies 412
Capstone Seminar
Unit(s): 3.0  Class Hours: 54 Lecture total.
Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.
This Capstone Seminar is designed to demonstrate the student's accumulated training through the development of a project that reflects theory, advanced knowledge of practice, and innovation. The theme of each project will be facilitating engagement in occupation with the use of a therapeutic product. Each student will complete a project that is individually mentored and demonstrates an increased level of self-direction. Grade: Pass/No Pass Only. CSU
STUDENT RESOURCES

Academic Computing Center
The Santa Ana College Academic Computing Center (ACC) is located at Santa Ana College in room A-106.
The ACC serves students currently registered at the college who are doing college related projects. These projects can be completed by accessing an ample variety of application software. The software packages run on IBM compatible computers or Macintosh computers.

Assessment Center
The Assessment Center is located on the second floor of the Santa Ana College library, room 223. We provide the following services:
- English, Reading, English for Multilingual Students, and Math Placement Recommendations using multiple measures
- Registration Orientations
- Career Exploration to local high schools
- Proctor make-up testing for all SAC classes
- Proctor online and hybrid course testing
- Test accommodation services for students with disabilities
- Facilitate career assessments (i.e. Super Strong & MBTI)
- Placement for Chemistry

For more information about our services, you can call 714-564-6148 or go to our webpage sac.edu/assessmentcenter

Bookstore
The Bookstore at Santa Ana College provides a complete selection of books, supplies, and specialty items.

CalWORKs
The California Work Opportunity and Responsibility to Kids (CalWORKs) program is funded by the state to work with students who are approved by County Social Services to complete an educational program that helps them transition from public assistance to employment and economic self-sufficiency. SAC’s CalWORKs program offers the following types of assistance to eligible students: help with application and matriculation steps; academic, career and personal counseling; individualized student educational plans; priority registration; verification of monthly activity reports to Social Services; educational supplies; work-study placement (when available); workshops and networking activities; and referrals to other campus resources and opportunities. For more info, visit: sac.edu/CalWORKs, drop by Johnson Student Center JSC 212, or call 714-564-6232.

Career Center
The Career Center provides a variety of services and workshops to assist students in navigating The Career & Academic Pathways including Career Development, Employment Services, Service Learning Internships, and Counseling appointments for students in Career Education disciplines and Undecided Majors. Classes and individual students utilize the Center’s resources.

Career Education and Workforce Development High School Articulation - CTE Transitions
High school articulation is a process by which high school CTE courses are deemed equivalent to college CTE courses through a formal agreement. College credit can be awarded to students through Credit by Exam if they successfully complete an articulated course with a letter grade of A or B both semesters and are enrolled at SAC or SCC during the same semester they are petitioning for credit. High school articulation prevents students from needing to repeat coursework in college and facilitates a smooth transition between high school/college/work.

Students wanting to claim credit for articulated course(s) need to visit our website at: sac.edu/hsarticulation for a full list of active articulation agreements and forms needed to process their course credit. All forms should be emailed to the CTE Transitions Student Services Coordinator at requena_raquel@sac.edu. Our office can also be reached by phone at (714) 564-6811.

College Advancement/Foundation
The Santa Ana College Foundation is a 501(c) 3 non-profit organization serves a diverse college community and was created to expand and develop resources for Santa Ana College students and programs. The Foundation Board of Directors represents a broad-based group of community volunteers, corporate partners, and alumni.

The Santa Ana College Foundation leads and supports fundraising activities, campaigns, and initiatives that ensure educational opportunities are possible for all students. It assists in direct philanthropy on multiple fronts. This includes large-scale campaigns, scholarships, local and national grants, program support, which includes our Associate Groups. To this end, the college foundation solicits the support of the community and donors by receiving tax-deductible donations of cash gifts, bequests, trusts, endowments, corporate grants, life insurance benefits, and personal or real property. If you are interested in more information about the Foundation and how to participate in supporting our many programs, please contact the Foundation Office directly by calling 714-564-6091 or visit our website at sac.edu/foundation.

Community Education Program
Community Education Program offers a full spectrum of low cost, fee-based educational opportunities that include professional growth, personal enrichment, and recreational activities.

A variety of classes and seminars are available including animal care, arts and crafts, business and careers, computers, home and garden, language, dance, health and fitness, money matters, personal enrichment, and real estate. Also available are “College For Kids” programs, special interest classes, online classes, and travel tours. For additional information call the Community Education Program at 714-564-6594 or visit us at sac.edu/cms.

Counseling Services
The Counseling Center offers academic advising and personal counseling at SAC, offering individual and group academic advisement, education plan development, career planning, orientation services, personal counseling and several Counseling courses that support students’ personal and academic development in the achievement of their educational goals. Counseling Services are provided at these educational sites: Santa Ana College, Centennial Education Center, and Remington Education Center. Counseling is also provided through a variety of specialized academic support programs, housed both within the Counseling Division, and outside of it. Please refer to the Student Services page of our website for a complete listing of SAC student support programs at sac.edu/StudentServices.

Centers and Programs Within the Counseling Division
Students interested in transfer to a university, specific career paths such as education, science and engineering, or certificates in career education can access counseling through specific programs in these areas. For a complete listing of centers and programs, visit our Counseling page at sac.edu/Counseling.
Counseling can be accessed through a variety of service modalities. New student and career specific orientations are available to help students learn college procedures and requirements and gain information on career and transfer pathways. In an effort to support student success, workshops are offered in educational planning, how to transfer to a university, and strategies for students who are experiencing academic challenges. Counseling courses are an additional way to access services.

Counseling Center
Counselors are available to meet with students for drop-in times to answer brief questions and individual appointments for in-depth career, academic or personal counseling. Counseling questions can also be asked via our on-line counseling service (sac.edu/counseling-contact). The Counseling Center can be reached at 714-564-6103.

Child Development Centers
Rancho Santiago Community College District maintains six child development centers to serve students’ needs for childcare and/or train students seeking a career in Human Development. Students’ children between the ages of 6 months and five years are eligible to attend the educational environment provided. Fees are based on a sliding scale according to the parents’ income. Students eligible for the CalWORKs program can receive child care services both on and off campus. Contact individual centers for hours of operation and information.

Centennial Center
(2½-5 years old)
2900 W. Edinger, Santa Ana, 714-564-5090

Santa Ana College Infant/Toddler/Preschool Center
(6 months-5 years old)
1720 W. 17th St., Santa Ana, 714-564-6894

Santa Ana College Child Development -Center East Campus
(2.9 to 5 years old)
1510 N. Parton St., Santa Ana, 714-564-6952

Disability Services
The Disabled Students Program and Services (DSPS) office provides accommodations to support students in pursuit of a community college education. Students with disabilities should have the following levels of independence:

- The ability to navigate campus facilities independently or with the assistance of a personal care attendant (to be provided by the student);
- The ability to take care of his/her personal needs independently or with assistance of a personal attendant (to be provided by the student); and
- Stable level of health/wellness in order to benefit from, and fully participate in, a full term’s work.

New students must complete a DSPS application and meet with a DSPS Faculty to discuss their accommodation needs. Verification of disability from a qualified professional must be provided to the DSPS office to qualify for any of the following supportive services:

- Use of special equipment (e.g., assistive technology)
- Alternate media production
- On-campus mobility assistance
- Priority registration
- Sign Language Interpreting
- Real-time captioning/CART services

English Language Academy
The English Language Academy (ELA), as part of the International Student Program office, offers a number of quality programs targeted to meet various language-training needs. Every course is designed to help students improve their English proficiency quickly so they can participate more effectively in various academic, professional, and social environments. For more information, call 714-564-6047.

Extended Opportunity Programs and Services (EOPS)
The Extended Opportunity Programs and Services program is funded by the state to work with eligible students whose educational and socioeconomic backgrounds might limit their access to higher education or hinder their ability to be academically successful in their college-level studies. Eligible students are provided “over and above” services to help ensure their timely academic progress and completion, including assistance with application and matriculation steps; academic, career and personal counseling; individualized student educational plans; priority registration, book services; help with financial aid, scholarship and transfer applications; program-dedicated tutors and resource center; referrals to other campus resources and opportunities; and as budget permits, school supplies and subsidized program fees.

An ancillary program called CARE offers additional support and benefits to EOPS-eligible students who are single parents with at least one child under age 18.

For more info, visit sac.edu/EOPS, drop by Johnson Student Center J212, or call 714-564-6232.

Gender Neutral Restrooms
Unisex/Gender Neutral Restrooms locations:

- F 128-1
- J 113
- JSC-114 & JSC-115 (first floor)
- JSC-217 & JSC-218 (second floor)
- K 104-1
- P 108-1 and 108-2
- R 104 and 106
- S 205-1
- V 105, 106, 112-1, 150-2, 206, 306, 401 and 509
- VL 211-3
- X 103-2 and 103-3
- Z 102-4, 102-5, 103 and 104
- Soccer Field 1 and 2
Health and Wellness Center
The Health and Wellness Center supports student success by recognizing that total wellness is essential to academic success. The Center strives to provide optimum physical and mental health services to the college community in a confidential environment with sensitivity to individual needs. Quality clinical services, innovative health, wellness promotion activities, and outside referrals to low-cost providers in the area are provided in a caring, confidential, cost-effective, and convenient manner.

Eligibility
Full-time and part-time students currently enrolled in SAC credit classes are eligible for services.

Cost
Students pay a health fee every term to have access to the Health and Wellness Center; therefore, most services are provided at no cost to the student. A nominal fee may be charged for certain laboratory tests, prescriptive medications, and some medical procedures.

Services
Physical health and wellness services are provided by registered nurses and a physician and Mental Health and Wellness Services are provided by licensed psychologists and therapists in the center by appointment or on a walk-in basis during service hours for the following:

- Blood pressure checks
- Crisis services are available on a walk in basis
- Diagnosis and treatment of acute short-term illnesses
- Family planning: information, pap tests, birth control, condoms, and pregnancy tests
- First aid
- Free health literature
- Laboratory testing
- Personal counseling
- Referrals to physicians and other health agencies
- Screening and treatment for sexually transmitted infections
- T.B. risk assessment or skin test
- Vaccinations

Treatment of a Minor
Any student under the age of 18 is required to have a parental consent form signed prior to receiving treatment, except in emergencies or cases exempted by state law. The student’s parent must sign permission for treatment at time of service.

Accident Insurance
Accident insurance is included in the student health fee and provides on-campus accident coverage while attending college or college-sponsored activities. It is recommended that each student carry voluntary insurance coverage for off-campus emergencies and illnesses. For additional information visit sac.edu/StudentServices/HealthCenter/, Johnson Center, J-110, call 714-564-6216.

High School and Community Outreach
The High School and Community Outreach department serves as an integral part of the campus and community. Outreach staff provide detailed information regarding the quality programs that are offered to prospective students. Parents, students, and community agencies are connected to campus life via the efforts of Outreach personnel. Special arrangements can be made for campus tours, presentations, and special meetings to discuss interests about college life and academic departments. For more information, call 714-564-6141 at Santa Ana College.

Honors and Transfers
Phi Theta Kappa. Phi Theta Kappa is an international honors society that recognizes academic excellence and achievement of students enrolled in two-year colleges. The society offers a myriad of opportunities for scholarship, intellectual enrichment, personal development, and academic recognition. The Alpha Beta Chapter of Phi Theta Kappa was organized at Santa Ana College in 1929. Membership in Phi Theta Kappa is extended each semester by the local chapter to students who have completed a minimum of 12 degree units with a minimum grade point average of 3.5. Members receive special recognition when they graduate.

Alpha Gamma Sigma. Alpha Gamma Sigma is the statewide California Community College Honor Society. Santa Ana College has one of the oldest chapters in the state, organized in 1922. This is the Omicron chapter. To be eligible for initial membership a student must attain a 3.0 GPA in 12 or more units of work in the semester prior to membership. A student who has earned 25 service points and has completed 60 or more units with an overall GPA of 3.5 or better and active membership of one semester or a GPA of 3.25 and more than one semester of membership may become a permanent member of Alpha Gamma Sigma upon application and verification of eligibility by the chapter advisor. Permanent members are announced each year in May at the Scholarship and Awards Program and members receive special recognition at commencement.

Delta Psi Omega. Delta Psi Omega is the National Theatre Honor Society open to students active in the SAC Theatre Programs with a minimum GPA of 3.0 and 12 units of theatre classwork. Members receive special recognition at commencement.

Lambda Epsilon Chi (LEX). Lambda Epsilon Chi (LEX) is a national academic honor society for paralegal students. Sponsored by the American Association for Paralegal Education (AAPE), the society offers students national scholarship opportunities, participation in regional, state and local conferences, and networking opportunities with other legal professionals. Candidates for membership in Lambda Epsilon Chi must be in good academic standing at SAC and have completed at least two-thirds of their paralegal coursework. Candidates also must have a cumulative GPA of 3.5 or higher in their paralegal coursework.

Psi Beta. Psi Beta is the National Honor Society for Psychology at Community and Junior Colleges. Santa Ana College has held a Psi Beta chapter since 2001. To be eligible for initial membership a student must 1) attain a 3.25 GPA in 12 or more units of work in the semester prior to membership and 2) have completed at least one psychology course with a B or better. Members are eligible for national scholarships and academic competitions. Members are inducted every semester and receive special recognition at commencement.

Sigma Chi Eta. Sigma Chi Eta is the National Honor Society for Communication Studies, and Santa Ana College hosts the Alpha Tau chapter. Students must have an overall GPA of 3.0 with a 3.25 GPA in at least 9 units of Communication Studies courses. Students receive special recognition at the commencement ceremony.

Sigma Kappa Delta. Sigma Kappa Delta is the National Honor Society for English at Community and Junior Colleges. Santa Ana College chartered the Iota Zeta chapter in 2017. To be eligible, a student must 1) attain a 3.0 or higher cumulative GPA in 12 or more units of college coursework, 2) have completed at least one non-developmental English course with a grade of B or better, and 3) have no grades below a B in English courses. Members are eligible for national scholarships and academic competitions. Members are inducted every semester and receive special recognition at the commencement ceremony.
Instructional Locations
The district’s major instructional locations are at Santa Ana College, Santiago Canyon College, Orange Center, and the Centennial Education Center. In addition to these major instructional sites, the district offers classes at over 100 convenient off-campus locations in the community.

Intercollegiate Athletics
Santa Ana College offers a winning tradition with an established national reputation, outstanding teaching and coaching, and an excellent system of assistance in transferring students to four-year colleges and universities with athletic scholarships. The college offers a full range of intercollegiate athletic competition in the sports of football, basketball, baseball, cross country, track, swimming, water polo, volleyball, sand volleyball, soccer, softball, and wrestling.

All prospective student-athletes with questions about eligibility for intercollegiate athletics are encouraged to contact the Kinesiology, Health and Athletics Division at 714-564-6900.

Lactation Room
Per AB2785 the lactation room is available for students and employees. To reserve a time to use the lactation room go to JSC-110 or call 714-564-6216 and reserve with the office staff.

Learning Center
The Learning Center is located in Dunlap Hall (rooms D-310 and D-307) at Santa Ana College. The Center offers a wide selection of resources providing students with skills and strategies to promote their academic success. Services include supplemental learning assistance (DLAs), tutoring, computer-aided instruction, and workshops. Academic support is free for all Santa Ana and Centennial Education Center students. Tutors are available for a variety of subjects including English, writing, English for the Multilingual Student (EMLS), reading, foreign languages, communication studies, accounting, math, and courses in the sciences, social sciences and Career and Technical Education. The Learning Center is staffed with instructors, trained tutors, and learning assistants. For further information, please call 714-564-6542.

Library Services
The Nealey Library of Santa Ana College, one of two libraries in the District, is centrally located on the first floor of the L building. The library supplies the resources, services and facilities that support student learning and the mission of the College.

The Library’s collection is composed of books, periodical subscriptions, close-captioned videos and DVDs, CDs, microforms and a variety of periodical databases providing students and staff with 24/7 remote access to over 20,000 full-text periodicals and 24,000 e-books. To borrow library materials students and staff must show a picture ID.

The Library’s Reserve collection of more than 2,700 items provides students with library-use access to many textbooks and other course-related material. Students and staff may use either of the two District libraries and may request inter-campus delivery of circulating books.

Students and staff may use either of the two District libraries and may request inter-campus delivery of circulating books.

The Internet is available to all patrons at all public access workstations. Currently enrolled students can conduct library research using library wireless laptops or their own laptops using WiFi access.

Free library instruction is available for students. Visit the Library Workshops guide for details: libguides.sac.edu/library-workshops

Check the library website: sac.edu/library, or call 714-564-6700 for general library information, or 714-564-6708 for the current library instruction schedule.

Math Center
The Math Center is a resource center that provides individual and group assistance in mathematics. The Math Center also facilitates Directed Learning Activities. Faculty instructors, instructional assistants, and student tutors are available to assist students with challenging topics, answer questions, encourage understanding, and provide support for all math students. Students also have access to textbooks, graphing calculators, instructional videos, and computer programs.

It is located in the Library building, room L-204. For further information, please call 714-564-6678 or go to sac.edu/MathCenter.

MESA
MESA (Math, Engineering, Science Achievement) is an academic program designed to support educationally and economically disadvantaged students preparing to transfer into STEM (science, technology, engineering, and math) majors at the university. Services include tutoring, advising, dedicated study center and support, academic success workshops, industry and university exposure, assistance with choosing and applying to universities, scholarships, internships, and research experiences. Travel to professional and leadership conferences and other opportunities as budget permits.

Public Affairs
Information and publicity regarding Santa Ana College programs and activities are disseminated to the news media and community through the SAC Office of Public Affairs/Governmental Relations, located on the second floor of the “S” Building.

Puente
The Puente Program provides English and Counseling instruction (English 101 & English 102), academic counseling, a variety of out of class activities, and mentoring to assist and prepare students for transfer.

SAC Promise
Santa Ana College (SAC) Promise is an initiative of the Santa Ana Partnership, which was formed in 2011 by the UCI, CSUF, SAC, SAUSD and the City of Santa Ana to elevate academic achievement and college-going throughout the greater Santa Ana area. The goal of the program is to support students who would like to attain a certificate, AA degree and/or transfer to a four-year university.

Scholarships
Scholarships are a critical component to student success. Many alum, community patrons and organizations establish scholarship awards as a means of expressing confidence in Santa Ana College and its students. Santa Ana College scholarships are awarded to deserving students who represent and demonstrate great academic merit, achievement, leadership skills, and financial need. Open to incoming freshmen, continuing, and transferring students enrolled in a minimum of 6 units or more each semester (Fall 2020 & Spring 2021) at SAC with a minimum GPA of 2.0. In the 2020-2021 academic year, the SAC Scholarship Program will award $587,196 in scholarship awards, due to the support of our generous donors. Scholarship opportunities are also available to students enrolled in the SAC Fire Academy, Fire Prevention Officer Program, along with students who have 9 units or less left towards certificate completion.

The Scholarship Program offers a series of workshops to provide students with an overview of the online application process, guidelines on writing a personal statement, and requesting letters of recommendation. Applications and a schedule of workshops available here: sac.edu/scholarships

For more information, contact the scholarship office at (714) 564-6478 or scholarship@sac.edu, or visit the office located in Building “S”, Room 201.
School of Continuing Education

The School of Continuing Education helps students reach their professional and academic goals by offering free noncredit classes and certificates through the following program offerings:

- English as a Second Language
- High School Diploma
- GED/HiSET Equivalency Certificate
- College Readiness
- Career Education
- Older Adults Program

Students enrolled in the School of Continuing Education have access to personal, career and academic counseling. Courses are offered six days a week with morning, afternoon, evening and online classes available. More information about registration and additional services provided can be found in the Continuing Education section of this catalog. (See page 364)

Student Activities

Student Activities are planned with sufficient variety and frequency to provide an opportunity for all students to participate. For additional information please call 714-564-6214.

TRiO Student Support Services Program

TRiO-SSSP is a federally-funded program that provides supplementary academic services to eligible low income and/or first generation college students. The program services are highly personalized and is limited to 175 students. Services include: academic, career and personal advising; priority registration; help with financial aid, scholarship and transfer applications; program dedicated tutors to assist with Math/English; computer/resource study center; referrals to other campus resources and opportunities; and as budget permits, school supplies and a competitive grant. Applications are available year-round as space permits. The goal of TRiO-SSSP is to increase the college retention and graduation rates of its participants and help students make the transition from one level of higher education to the next.

For more info, visit sac.edu/ssp, drop by the second floor of the Johnson Student Center, or call 714-564-6843.

STUDENT LIFE AT SANTA ANA COLLEGE

Campus Information

The Student Handbook is an official student guide which provides a reference on how to take full advantage of the College and its services and also answers questions students may have about Student Life. Handbooks are available online at sac.edu under the Student Life page.

el Don

The campus newspaper, prepared by journalism students, is distributed to various locations on and off the campus.

Associated Student Government (ASG)

ASG encourages all qualified students to serve in a variety of elected and appointed student government positions and provides student representation for the entire district. Interested students should contact their representatives in the student government office for more information at 714-564-6208.

Student Life

The ASG, Inter-Club Council (ICC), and Student Life Offices sponsor a variety of educational and social programs, campus activities and services to encourage student leadership and create a vibrant student life environment on campus. ASG plans multicultural events, health awareness events, holiday and themed events, panel discussions, and services for the community. The Inter-Club Council sponsors special events designed for club involvement. The Student Life Office, in addition to coordinating events, provides information regarding student government, clubs, organizations, commencement, and the student lounge “The Spot”. For more information call us at 714-564-6214.

Clubs, Organizations, and Inter-Club Council (ICC)

Numerous student interest groups are active throughout the year. Representatives from each club participate in the Inter-Club Council (ICC), a coordinating body functioning to promote participation in Student Life. For additional information, you can call 714-564-6214.

LGBTQIA+ Liaison

Lance Lockwood (lockwood_lance@sac.edu), professor of Communication Studies, is the designated LGBTQIA+ liaison for students and staff. Lance will provide support, explain the process, and assist with reporting incidents of bullying, harassment, or intimidation based on a person’s real or perceived sexual orientation or gender identity.

Student Placement

The Student Placement Office assists currently enrolled students in obtaining student assistant/work study employment on-campus and at approved community locations. Students are encouraged to take advantage of this excellent opportunity to gain work skills while attending Santa Ana College. For more information visit the office located in JSC-203, call 714-564-6201, or email jobplacement@sac.edu.

Teacher Ed

The Center for Teacher Education is dedicated to providing a variety of outreach, retention, and transfer activities for future teachers.

U-Link

U-Link is a UC transfer bound program that has a guarantee admission to UCI. U-Link is open to all Santa Ana College students.
Veterans Resource Center

The Veterans Resource Center (VRC) at Santa Ana College is a dedicated space to study and use computers, mentorship opportunities, dedicated campus tours, and referrals to on and off campus veterans programs and resources. The Center is located in the west side of the Planetarium building, M-120.

Veteran Education Benefits

Veterans and eligible persons who wish to utilize their education benefits must notify the VRC prior to the beginning of each semester by completing a Certification Request Form after having completely registered in courses required for their program. Courses must apply towards the approved degree or certificate offered at Santa Ana College. Other documentation such as Educational Plans, DD-214s, and Certificates of Eligibility will be needed for new students. Satisfactory academic progress must be maintained by all VA applicants. All those collecting VA education benefits are required to immediately report any changes of classes, **both adds and drops**, to the VRC as this may cause overpayments. Veterans and eligible dependents/spouse who are on academic probation [below 2 grade point average (GPA)], or progress probation [attempted units exceeds 50% of completed units], must show a continued improvement in GPA or course completion with each semester after the deficiency. A student who is on academic probation shall have VA educational benefits certification suspended after showing two semesters without satisfactory progress towards graduation requirement of 2 GPA. In such instances, a student will not be certified for a third semester and must petition for recertification. The student must show a counselor-approved program indicating what course of action must be completed to maintain satisfactory progress towards graduation or completion requirements.

Types of Benefits That Can Be Utilized

Veterans who qualify to receive benefits under the Montgomery Bill—Active Duty (Chapter 30), Montgomery Bill—Selected Active Reserve (Chapter 1606/1607), and eligible persons under the Survivors’ and Dependents’ Educational Assistance Program (Chapter 35) are encouraged to take advantage of their educational entitlement. Veterans with aggregate active duty after 9/10/01 may be eligible for the Post 9/11 Bill (Chapter 33). This program includes a basic allowance for housing (BAH), book stipend, and tuition/fees which are all based on the percentage of eligibility.

Applying for Benefits

Each veteran and eligible person who wishes to enter Santa Ana College must follow the admissions procedures. See index for details on enrolling. Assistance is available in the VRC for those applying for the VA education benefits for the first time. For detailed information on the application process, please visit the GI Bill® website at [www.gibill.va.gov](http://www.gibill.va.gov). Please call or visit the VRC for details on the paperwork needed to initiate the certification process of educational benefits. Information can also be found on the VAO website: [sac.edu/vao](http://sac.edu/vao).

Veterans Priority Registration

Veterans eligible for Priority Registration under the California Education Code 66025.8 will need to fill out the form in the VRC to determine eligibility. Course protection Guarantee under the Veterans Benefits & Transition Act of 2018.

Transcripts and Program Approval

VA regulations require that prior credit from other educational institutions attended be evaluated and applied in the students’ approved program. Therefore, evaluation of all prior credit must be done at the end of the first semester of attendance. If the required transcripts are not on file, the VAO will not be able to certify payment beyond the first semester. To avoid any delay in payments, the VAO requests that all official transcripts be on file with the Admissions Office at the beginning of the first semester of attendance.

Veterans and eligible persons must have each course approved prior to registering for each semester. The VA requires that the VAO monitor progress towards a specific degree plan or approved certificate. Therefore, for payment purposes, students must select a major and take only those courses on the student educational plan specifically required for that major. Academic Counselors are available to provide comprehensive counseling services within the VRC. If the students have attended previous schools, official transcripts must be on file before a college program can be approved by the counselor.

Course Protection Guarantee under the Veterans Benefits & Transition Act of 2018

Effective August 1st, 2019, Santa Ana College will allow Veterans under Chapter 33, Chapter 31 and dependents under Chapter 33 TOE & Fry Scholarship upon meeting matriculation requirements to register in their courses without being dropped until the VA pays for their mandatory Tuition and Fees. In order to receive this benefit, the student MUST request to use their benefits by filling out the Certification Request Form and provide a copy of their Certificate of Eligibility or approval for for Chapter 31 Vocational Rehabilitation students. These forms are available at the VRC in M-120. It will be the student’s responsibility to pay the school any remaining balance should the student register in courses that is not in their approved plan, or if the student is not in the 100% level of entitled GI Bill® benefits.
Military Service Credit
Three units for health education and one unit for exercise science may be granted on the basis of military service when a DD-214 is submitted to Admissions and Records. A copy of the student’s DD-214 will be forwarded to Admissions for proper credit if it is given directly to the VRC. The credit granted can be used in area F under Plan A. Under Plan B, three units of credit are granted in area E. Military credit is not accepted under Plan C.

Military Transcripts
Military transcripts are currently being accepted and evaluated in Admissions and Records. They may be applied towards electives or actual course equivalency. Official Academic Transcripts are required to be submitted during the first term the student attends the college.

Military Withdrawals
- Withdrawals due to military orders will not have adverse consequences. Admissions will use the following procedures:
  - “MW” grade for compelled military withdrawal with annotated comment on transcript. (Military Withdrawal)
  - Refund of enrollment, parking, and health fees.
  - “MW” grade would not count in the progress probation calculation.
  - Priority registration granted the first semester upon return.

Southern California Veterans Upwards Bound (SoCalVUB) & Veteran Student Support Services Program (VSSS)
Veterans Upward Bound (VUB) at Santa Ana College is a free U.S. Department of Education TRIO program designed to help eligible U.S. military veterans and reservists enter and succeed in the postsecondary school of their choosing. VUB at Santa Ana College offers an 8 week refresher course in Math and English 5 times a year. Feel free to stop by our office in M-120 or call us at 714-564-6288.

COLLEGE POLICIES AND STANDARDS

Absence/Non-Participation/Drop
It is the student’s responsibility to withdraw officially from a course via WebAdvisor.
However, because of enrollment demand a student may be dropped by the instructor when not appearing at the first class meeting or not participating in the first course activity designated to account for active enrollment.
A student may be dropped for non-participation if he/she has missed in excess of 10% of the total course activities including but not limited to class attendance, discussions, assessments, etc.
Under extenuating circumstances, a student may be reinstated by the instructor.

Note: Only those drops completed prior to the refund deadline are eligible for refund consideration.

Attendance
Students are expected to attend all sessions of the classes in which they are enrolled. Students should report absences due to illness to the instructor immediately upon returning to class.

Auditing
Santa Ana College does not permit auditing of classes. Only students who are officially enrolled in a course may attend class.

Study Load
In order to meet the graduation requirements in four semesters, students should carry an average of 15 units each semester. Students will ordinarily not be allowed to register for more than 18 units.
When individual circumstances may require additional unit demand, an overload program in excess of 18 units may be approved for students who have maintained a B average or have satisfactory test scores on SCAT, SAT, ACT, or other similar measures that predict success, including the counselor’s assessment of the difficulty of the program. Approval for such overloads may be secured from college counselors or the Dean of Counseling.
A summer session load should not exceed the equivalent of one unit per week or approximately nine units for an 8-week session. If over 9 units for summer or over 6 units for intersession, an overload petition is required.

Academic Honesty Policy Information
Introduction
Students at Santa Ana College are expected to be honest and forthright in their academic endeavors. To falsify the results of one’s research, to steal the words or ideas of another, or to cheat on an examination, corrupts the essential process by which knowledge is advanced. Academic dishonesty is seen as an intentional act of fraud, in which a student seeks to claim credit for the work or efforts of another without authorization, or uses unauthorized materials or fabricated information in any academic exercise. As institutions, we also consider academic dishonesty to include forgery of academic documents, intentionally impeding or damaging the academic work of others, assisting other students in acts of dishonesty or coercing students into acts of dishonesty.
In cases where a violation of academic honesty is discovered, the faculty member is encouraged to notify their appropriate supervisor and file a Maxient Incident Report.

There are two categories of sanctions: Limited and College-wide. Limited sanctions include an academic action such as assigning a lower grade or a grade of "F" for the assignment, project, or test. College-wide sanctions include any sanction that will affect a student's standing with the college-at-large, up to and including suspension or expulsion from the College.

In matters relating to academic honesty violations, the primary responsibility for disciplinary proceedings rests with the instructor and the academic division where the violation allegedly occurred. The Associate Dean of Student Development will assist in all College-wide sanctions.

Academic Honors

Academic Honors at Graduation

Academic honors are awarded to students who do outstanding coursework leading to graduation from Santa Ana College. No association/affiliation with outside honor societies will be posted to the academic transcript or diploma. Graduation honors are awarded as follows:

PRESIDENT'S SCHOLAR

The President's Scholar designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.5 while completing the Honors Program requirements. In addition, the President's Scholar graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges. Fifteen units or more must be honors. All letter grades must be C or better. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

WITH HIGHEST HONORS

The highest honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 4.0. The highest honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be letter grades. All letter grades must be A. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

WITH HIGH HONORS

The high honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.8. The high honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be letter grades of A, B, or C. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

WITH HONORS

The honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.5. The honors graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 18 units or more must be letter grades of A, B, or C. Rancho Santiago Community College District coursework and all transfer work will be computed in the Honor designated GPA.

DEPARTMENTAL HONORS

Honors are awarded to students who do outstanding work in their departments. Eligibility is determined by inclusion in the honors categories listed above. Selection is made by departmental faculty with the division dean's approval.

COMPLETION OF HONORS TRANSFER PROGRAM

Completion of Honors Transfer Program designation is placed on the transcript of the graduate who has achieved an overall grade point average (GPA) of 3.0 while completing the Honors Program requirements. In addition, the Completion of Honors Transfer Program graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District colleges of which 15 units or more must be honors courses.

SEMESTER ACADEMIC HONORS

An honors list is issued each semester from the President's Office. Students are eligible by completing twelve or more units with a grade point average of 3.5 or better. Pass/no pass units are not considered in the twelve-unit requirement. Overall GPA must also be a 3.5 or better.

Academic Renewal

In as much as past performance does not always reflect accurately a student's actual ability, Santa Ana College has established a policy of academic renewal. Students may petition to have their academic record reviewed for academic renewal of substandard academic performance.

1. To be eligible, the student must have completed at least 15 units with a 3.0 GPA or 24 units with a 2.0 GPA or higher in sessions subsequent to the substandard work being petitioned. All lower division units from all colleges attended will be counted from the semester immediately following the substandard work.

2. The substandard academic renewal work will not count toward graduation or certification, and the permanent academic record shall be annotated in such a manner that all work remains legible. Up to 30 units combined of below "C" work from the Colleges may be disregarded in the computation of the grade point average. The student may choose the 30 units of substandard grades to disregard.

3. After an associate degree, or general education certification is posted, academic renewal without course repetition is not accepted.

4. Academic Renewal Without Course Repetition is solely the policy of the Rancho Santiago Community College District and may not necessarily be followed by other institutions.

5. Academic Renewal Without Course Repetition may be granted multiple times by Santa Ana College and/or Santiago Canyon College but is limited to a total of 30 units.

6. As a result of AB705, a student may seek grade alleviation without course repetition when the substandard work occurred in an English or Mathematics course that is part of a remedial (pre-transfer level) sequence OR in an ACE or EMLS course that is part of the sequence leading to transfer-level English (CSU GE area A2 or IGETC GE area 1A) once the student has successfully passed the transfer-level course, regardless of the student's overall academic record since the semester in which the "D", "F" or "NP" was earned.

a. A student seeking alleviation under this scenario will be eligible for alleviation subject to these limitations: If a student received a grade of "C" or better or "P" in a transfer-level English course (CSU GE area A2 or IGETC GE area 1A APPROVED course), the highest grade earned shall be used when computing the student's cumulative grade point average. Grades earned in courses in a remedial English sequence pre-requisite to a transfer-level course may only be alleviated once the student earns a satisfactory grade ("C" or better or "P") in the transfer-level course. Neither the student's academic record since earning the "D", "F" or "NP" grade nor the time elapsed since earning the "D", "F" or "NP" is relevant to this scenario. The units
alleviated in this scenario shall not be counted as part of the maximum 30 units of substandard work allowed under the first provision of AR 4240.

b. A student seeking alleviation under this scenario will be eligible for alleviation subject to these limitations: If a student received a grade of "C" or better or "P" in a transfer-level Mathematics or Quantitative Reasoning course (CSU GE Area B4 or IGETC GE 2A approved course), the highest grade earned shall be used when computing the student’s cumulative grade point average. Grades earned in courses in a remedial Math sequence pre-requisite to a transfer-level Mathematics or Quantitative Reasoning course may only be alleviated once the student earns a satisfactory grade ("C" or better or "P") in the transfer-level course. Neither the student’s academic record since earning the "D", "F" or "NP" grade nor the time elapsed since earning the "D", "F" or "NP" is relevant to this scenario. The units alleviated in this scenario shall not be counted as part of the maximum 30 units of substandard work allowed under the first provision of AR 4240.

c. A student seeking alleviation under this scenario will be eligible for alleviation subject to these limitations: If a student received a grade of "C" or better or "P" in a transfer-level English course (CSU GE area A2 or IGETC GE area 1A APPROVED course), the highest grade earned shall be used when computing the student’s cumulative grade point average. Grades earned in the ACE or EMLS sequence pre-requisite to the transfer-level English course (CSU GE area A2 or IGETC GE area 1A APPROVED course) may only be alleviated once the student earns a satisfactory grade ("C" or better or "P") in the transfer-level course. Neither the student’s academic record since earning the "D", "F" or "NP" grade nor the time elapsed since earning the "D", "F" or "NP" is relevant to this scenario. The units alleviated in this scenario shall not be counted as part of the maximum 30 units of substandard work allowed under the first provision of AR 4240.

When Academic Renewal Without Course Repetition occurs under this section, the student’s permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history. This petition is submitted to Admissions and Records.

Campus Regulations

1. The Rancho Santiago Community College District supports liberal policies regarding free speech for individual students, college staff, nonofficial college groups, and visiting speakers.
2. Publicity for off-campus activities and organizations must be stamped by the Student Life office located in the Johnson Student Center, JSC-102.
3. Posting flyers to promote campus events must be stamped by the Student Life office.
4. Santa Ana College is an alcohol and drug free campus; smoking is prohibited on campus except in designated areas. California Code A.B.846, Chapter 342–New Law (2004) prohibits smoking within 20 feet of main entrances or exits of buildings of California Community Colleges.

These regulations are available to all students and staff in the Student Life office, located in the Johnson Student Center, JSC-102.

Cooperative Work Experience Education

The Cooperative Work Experience Education Program represents a joint educational venture between the student, a college in the Santa Ana College, and a participating employer. Under terms of the program, qualified students may earn up to four units per semester on a Pass/No Pass basis for educational experiences on the job and coordinated coursework at Santa Ana College. Further information will be found in the course section of the catalog. Call the appropriate division for further information.

Course Repetition

A student who earns a D, F, W, or NP grade may repeat the course up to two times to improve the grade of the substandard work. Withdrawals (notations of W) will count toward the two allowable repeats. A student may not repeat a course more than two times to alleviate substandard work.

A student may not repeat a course to change a grade of C or above. (Note this same procedure may be followed in case of grades UF and WF which appear on some older transcripts.) Courses repeated under the provisions of this section will be indicated as repeated on the permanent academic record of the student.

Course repetition at Santa Ana College does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institutions.

Repeatability of Courses

Courses may be repeated under the following circumstances:

Substandard Work: A student has up to three enrollments in the same course (SAC and SCC combined) to receive a passing grade. After two attempts, the student loses the ability to register for the class online. A repeat form must be completed and submitted to the Admissions Office. After three attempts, the student can no longer register for the course within this college district.

Non Repeatable Course: A student who earns a D, F, NP or W grade may repeat the course twice to improve the grade of the substandard work. The last grade earned will count in the GPA calculation. Courses repeated under the provisions of this section will be indicated as repeated on the permanent academic record of the student. A student may not repeat a course to change a grade of C or better. After three enrollments, the class must be completed outside the Rancho Santiago Community College District.

Significant Lapse of Time: Students may be permitted to repeat the course no less than 36 months since the most recent grade was obtained AND an institution of higher education to which a student wishes to transfer has established a recency requirement that the student cannot satisfy without repeating the course (Title 5, §§55043). Students may submit a Petition for Course Repetition Exception Form to repeat the course. Grades awarded for courses repeated under this provision shall replace the original grade. Only one repetition may be used for significant lapse of time (W grade counts towards repetition).

Legally Mandated Training: Repetition of courses for which the student is legally mandated by statute or regulation. Pursuant to Title 5 Section 55040, of the California Code of Regulations, Santa Ana College has adopted the following policy with regard to repeating courses for which the student has certified or documented that course repetition is legally mandated by statute or regulation. Student may submit a Petition for Course Repetition Exception Form to repeat a course.

Course repetition shall be permitted in cases where such repetition is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. Such courses may be repeated for credit, any number of times, regardless of whether or not substandard work was previously recorded, and the grade and units received each time shall be included for purposes of calculating the student’s grade point average.
average. Santa Ana College reserves the right to require a student to certify or document in writing that course repetition is necessary to complete legally mandated training pursuant to this section.

**Variable Unit Courses.** When a course is designated as repeatable and is also variable unit, the number of repeats dictates how many times the course may be enrolled in for credit. A variable unit course which is not designated as repeatable may be registered for until the maximum number of units has been attempted. No portion of the class may be repeated to improve grade point average.

**Courses Related in Content (commonly referred to as a Family of Courses)**

New regulations governing the repetition of credit courses in the California Community College system effective Fall 2013 have eliminated certain repeatability in the Art, Dance, Kinesiology (activity courses), Music, and Theatre departments. While students will not, in most cases, be allowed to repeat active participatory courses in these departments, students will still be allowed to enroll in a series of active participatory courses that are related in content (commonly referred to as a family of courses) a maximum of four times.

A family of courses may include more than four courses, but students are limited to a maximum of four courses in any family. Further, all grades, including W, will count toward the course enrollment limitation. Students can repeat Art, Dance, Kinesiology (activity courses), Music, and Theatre Arts courses that are included in Families of Courses in which an NP, D, F, or W was assigned; however, all enrollments count toward the 4 enrollment maximum for each family of courses.

For further questions regarding enrollment into a Family of Courses, contact the Admissions and Records office.

**Credit By Examination**

1. Applications for credit by examination may be obtained in the Admissions and Records Office at Santa Ana College. The student will be advised whether a testing fee is to be charged and where it should be paid. Applicants must be currently enrolled at Santa Ana College and be in good standing.

2. The list of courses which may be challenged for credit by examination is available in the division offices at Santa Ana College.

3. Except in the case of Registered Nursing courses, the student must not enroll in a course which is to be challenged. In the event a student decides to challenge a course in which he or she is already enrolled, he or she must withdraw from that course **prior to the end of the second week of instruction**.

4. Credit may be earned only for courses that are: 1) currently listed in the catalog, and 2) specifically designated by the appropriate dean as courses that are eligible for credit by examination. A student may attempt credit by examination only once in a particular course.

5. Students should be aware that some divisions offer credit by examination only on specific dates; therefore, students should obtain examination schedules from the appropriate offices as early in the semester as possible. The dean, in consultation with the department involved, will determine whether a departmental or a standardized examination is to be administered and when and where it will be administered. At this same time, the student will be given a course outline and any other pertinent information detailing subject matter requirements of the course being challenged.

Students may apply for credit by examination in sequential courses, but may take examinations for the courses having prerequisites in the sequence only if credit has been earned by examination or coursework in the earlier course(s) of the sequence.

Grading of the examination is on a Pass/No Pass basis. Pass represents a grade of “C” or better and will be shown on the transcript as "credit by examination". Grades less than “C” will be reported to the college Admissions and Records Office but not recorded on the transcript. “Pass” grades will be computed as units earned but will not be counted in the grade point average.

The examiner shall transmit examination results to the Santa Ana College division office. The division dean will review the examination results and will transmit this information to the Admissions and Records Office.

Units for which P is given in this category will not be counted in determining the 12 semester hours of credit in residence required for a certificate or an associate degree.

**Examinations**

It is expected that the instructor will give at least two evaluations of student performance prior to the issuance of mid-term grades and at least one other evaluation before the final examination. Final examinations are required in all courses.

**Right To Review and Challenge Records**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

The right to inspect and review the student’s education records within 30 days of the day the college receives a request for access. Students should submit to the Registrar, or Dean of Admissions, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected.

The right to request the amendment of the student’s education records that the student believes are inaccurate. Students may ask the college to amend a record that they believe is inaccurate. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate.

If the college decides not to amend the record as requested by the student, the college will notify the student of their decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the college discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.]
Withdrawal From Class

The right to file a complaint with the U.S. Department of Education concerning alleged failures by Santa Ana College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

If students wish, copies of materials contained in the files subject to their review will be provided at a cost of $1 per page.

Pass/No Pass Petition

Pass/No Pass encourages students to explore academic areas outside a major field.

1. Courses in the student’s major field may not be taken under the Pass/No Pass policy except for major courses for associate degrees for transfer, courses for which Pass/No Pass is the only grading option, and units earned through credit by examination or assessment.

2. Every university has a limitation on the number of courses/units that can be taken for Pass/No Pass and applied to graduation and may require General Education taken Pass/No Pass to be retaken for a letter grade. Universities sometimes prefer that students have letter grades in English, mathematics, speech, and critical thinking courses. Courses that meet major requirements at a university (other than major requirements for ADTs) typically must be taken for a letter grade. Also, Pass/No Pass grades could have a negative effect on scholarships and international students. In addition, students who plan to pursue graduate or professional studies later are advised to be selective in opting for courses on a Pass/No Pass basis. If the student is unclear about requirements, it is best to consult with a counselor before using the Pass/No Pass option.

3. Except as in item number one above, a maximum of 6 Pass/No Pass units may be carried during any one semester.

4. A maximum of 14 Pass/No Pass units is allowed for any degree program. This does not include units taken under credit by examination or assessment, or units earned in courses for which Pass/No Pass is the only grading option.

5. Pass/No Pass petitions are available at the Admissions and Records Office at Santa Ana College, and must be submitted between the first and fifth week of the fall and spring terms or thirty percent (30%) of the term, whichever is less. Pass/No Pass status cannot be changed back to a letter grade.

6. Pass indicates a “C” or better.

Withdrawal From Class

Students who cannot continue in a course have an obligation to withdraw officially. Students are encouraged to consult with instructors concerning class withdrawals.

Students must officially withdraw by the web through the last day of the 12th week or 75 percent of the class, whichever is less, and receive a transcript symbol of “W”.

All instructor-initiated drops “EA” (Excessive Absence) through the 12th week or 75 percent of the class, whichever is less, will be assigned a “W”.

The academic record of a student who remains in a class beyond the time allowed by district policy must reflect a symbol other than a “W”, except under extenuating circumstances.

Extenuating Circumstances

Excused Withdrawal (EW)

A student may petition for an Excused Withdrawal due to extenuating circumstances (reasons beyond the student’s control). Extenuating circumstances are approved based upon verifiable documentation supporting the request. If approved, the petitioned classes will be designated with an “EW” (Excused Withdrawal) on the transcript. An “EW” will not be counted in progress probation or dismissal calculations nor will it be counted towards the permitted number of withdrawals or counted as an enrollment attempt.

Military Withdrawal (MW)

A student who is a member of an active or reserve U.S. military service and has received orders compelling a withdrawal from courses may request a military withdrawal. If approved, and “MW” will appear on the transcript for each course. “MW” shall not be counted in the permitted number of withdrawals nor shall it be counted in progress and dismissal calculations.

Students should file the petitions as soon as possible. The petition must be filed no later than one year following the awarding of the original grade.

Incomplete Work

When a student has attended regularly but because of illness or other unavoidable circumstances is unable to complete coursework or take the final examination, a grade of “I” may be given. If an “I” is issued, the instructor completes the Incomplete Grade Form which includes the condition(s) for removal of the “I”, and the grade to be assigned if the condition(s) are not completed. A student may not register in some classes if an incomplete grade is pending. The work thus missed must be made up no later than one year following the end of the term in which it was assigned. A student may petition for a time extension due to unusual circumstances. It is the student’s responsibility to contact the college Admissions and Records Office in such cases.

A final grade will be assigned when the work stipulated has been completed and evaluated according to the conditions set forth by the instructor or when the time limit for completing the work has passed.

Grades and Grade Point Average

Grades are based upon the quality of work completed, that is, upon actual accomplishment in courses offered for credit. Credit by examination, Pass/No Pass, “Ws,” “MWs,” “IPs” and “Is” are not figured into grade point averages. The grade point average is computed by dividing all other units attempted into all grade points received. The meaning of each grade and its value in grade points is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A – Excellent</td>
<td>4 per unit earned</td>
</tr>
<tr>
<td>B – Good</td>
<td>3 per unit earned</td>
</tr>
<tr>
<td>C – Satisfactory</td>
<td>2 per unit earned</td>
</tr>
<tr>
<td>D – Passing, less than satisfactory</td>
<td>1 per unit earned</td>
</tr>
<tr>
<td>F – Failing</td>
<td>0 per unit attempted</td>
</tr>
<tr>
<td>P – Pass</td>
<td>0 per unit earned</td>
</tr>
<tr>
<td>NP – No Pass</td>
<td>0 per unit attempted</td>
</tr>
<tr>
<td>W – Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>EW – Excused Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>MW – Military Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>I – Incomplete</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>IP – In Progress</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>RD – Report delayed</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>UF – Unauthorized Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>WF – Withdrawal, Failing</td>
<td>0 (no units earned)</td>
</tr>

Discrimination Complaints
Rancho Santiago Community College District does not discriminate on the basis of national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. Students may file a discrimination complaint when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District. The purpose of these complaint procedures is to resolve differences as fairly and expeditiously as possible while preserving the right of students and staff members. Students should contact the Vice Chancellor, Human Resources if they want to file a discrimination complaint or discuss their concerns about the complaint process are located at rscdd.edu/discrimination. The procedures for filing and investigation of a discrimination complaint can be found at:

Discrimination Complaints are outlined in Administrative Regulation 3435. This regulation provides a process that can be used by any member of the RSCCD community to resolve a discrimination concern. Details about this process are located at rscdd.edu/discrimination.

For assistance with any portion of this process, please feel free to contact the Office of the Vice President of Student Services at 714-564-6085 or the RSCCD Title IX Compliance Officer at 714-480-7489 during regular business hours.

Honors Program and Honors Courses
The Honors Transfer Program at Santa Ana College welcomes students who want to challenge themselves and offers honors sections of transferable general education courses, combined "stacked" classes, and contracts. The honors experience is characterized by close interaction with Honors Transfer Program faculty, small class size, and special projects and activities. The major benefits for members of the program include:

• Honors transfer agreements with several four-year institutions that offer minimally "priority consideration for admission to honors programs," and in some instances guaranteed admission with additional GPA requirements. These Honors Transfer Program institutions include, among others: California State University Fullerton, Chapman University, Gonzaga University, La Sierra University, Occidental College, Pitzer College, Pomona College, Tufts University, UCI, UCLA, and Whittier College. Changes are noted on the honorstransfercouncil.org website.

• Recognition of program completion on the Santa Ana College or the Santiago Canyon College transcript and diploma.

• Designation as a President’s Scholar (for those students who qualify).

• Recommendation by the Faculty Officer of the Honors Program.
To be eligible for Independent Study, a student must be concurrently enrolled in at least one other class in the Rancho Santiago Community College District, with the exception of summer sessions. The student must also show evidence of competence in the academic major as well as the area in which independent study is proposed.

Open Enrollment
The policy of this district is that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to regulations contained in Article 2.5 (commencing with Section 55200) of Sub Chapter 1 of Chapter 6 of Title 5 of the California Code of Regulations.

Photography
Santa Ana College/Santiago Canyon –College, a non-profit California Community College, reserves the right to use photography and video images of students and visitors, age 18 and older, taken on our property and at college-sponsored events for marketing and promotional purposes. Objection to the use of an individual’s photograph may be made in writing to Public Affairs and Publications, RSCCD District Office, 2323 N. Broadway, Suite 408, Santa Ana, CA 92706.

Probation – Dismissal
A student’s academic standing is calculated and reviewed at the end of each fall and spring semester, based only on his/her SAC/SCC cumulative GPA. There are three categories of academic standing: probation, subject to dismissal, and dismissal.

Probation
Academic probation. After attempting twelve or more units, a student is placed on probation when the SAC/SCC cumulative grade point average for all work attempted falls below 2.0. (W’s are counted in the attempted units).

Progress probation. A student who has attempted a total of twelve units will be placed on progress probation when the percentage of all units in which a student has enrolled and for which entries of “W”, “I”, and/or “NP” are recorded reaches or exceeds fifty percent.

Academic/Progress Probation Intervention
Students placed on academic/progress probation are required to attend a counseling intervention workshop. An email notification is sent to the student and a registration hold is placed on the student record until completion of the workshop.

Loss of Priority Registration
Academic probation. Students who have two consecutive semesters with a Cumulative GPA below 2.0 will lose priority registration for the next registration period. Their registration date will be after all new applicants.

Progress probation. Students are placed on progress probation when the percentage of coursework at SAC/SCC that has an entry of “W”, “I”, “NP”, and “NC” reaches or exceeds fifty percent (50%) of the coursework attempted.

IMPORTANT NOTE: Registration priority shall be lost at the first registration opportunity after a student is placed on probation or any combination thereof for two consecutive terms.

Student Right to Appeal
A student has the right to appeal an exception to a current Santa Ana College academic policy, including academic probation and progress probation. Student must complete and submit a Priority Registration & California College Promise Grant Appeal form. Appeal forms are available in the Admissions & Records office.

Independent Study
Independent Study credit may be earned in any discipline. Transfer credit is designated as Independent Study 199; nontransfer credit is designated as Independent Study 099. These courses are offered on a credit/no credit basis.

Independent Study projects are normally for one unit of credit and require a minimum of 54 hours of directed work per unit of credit. Within the 54-hour minimum, the instructor meets with each student on a weekly basis for at least one hour or a minimum of 18 hours for each one unit project. Independent Study may be repeated for credit for a maximum of three units. Recommended projects of more than one unit must have prior approval from the Vice President of Academic Affairs. The proposal is subject to prior approval by the supervising instructor and the division dean in order for the student to enroll in Independent Study 099 or 199.
Removal From Probation

Academic probation. A student on academic/progress probation shall be removed from probation when the student’s cumulative grade point average reaches 2.0 or higher.

Progress probation. A student who has been placed on progress probation shall be removed from probation when the percentage of units for which entries of “W,” “I,” and/or “NP” falls below 50%.

Subject To Dismissal

A student’s academic standing is calculated and reviewed at the end of fall and spring semester, based upon a SAC/SCC cumulative grade point average. Summer is not counted as it is considered a session because it is not a full semester. A student who is on academic probation shall be subject to dismissal if the student earned a SAC/SCC cumulative grade point average (GPA) of less than 2.0 in all units attempted in each of 2 consecutive semesters.

Dismissal

1. Academic dismissal. A student’s academic standing is calculated and reviewed at the end of fall and spring semester, based upon a SAC/SCC cumulative grade point average. Summer is not counted as it is considered a session because it is not a full semester. A student who is on academic probation shall be dismissed if the student earned a SAC/SCC cumulative grade point average (GPA) of less than 2.0 in all units attempted in each of 3 consecutive semesters.

2. Progress dismissal. A student who has been placed on progress dismissal shall be dismissed when the percentage of units in which the student has enrolled and for which entries of “W,” “I,” and/or “NP” are recorded reaches or exceeds 50% for three consecutive semesters.

3. Dismissal after fall semester. A student may be given the academic standing of “Subject to Dismissal” at the end of fall semester when his/her SAC/SCC cumulative GPA falls below 2.0 after three consecutive semesters. The student is given the grace period of spring semester to remain in school. However, an academic hold is placed on the student record in April to prevent any further registrations until all grades have been reviewed at the end of spring semester. If the student achieves a 2.0 GPA for the spring semester, the student is allowed to remain at the college on probationary status, despite a SAC/SCC cumulative GPA of less than 2.0. If the 2.0 GPA for spring is NOT achieved, the student is administratively dismissed. Students who are academically dismissed have a HOLD placed on their record and receive an email notifying them of their academically dismissed status (AD).

4. Petition for reinstatement after dismissal. A student may initiate the process for reinstatement after dismissal at the end of spring semester by completing the Petition for Reinstatement After Dismissal form. This form is available in the Admissions and Records Office. A student can be reinstated if the spring semester GPA is 2.0 or better. If the spring semester GPA is less than 2.0, the student can petition using the Exceptions to Academic Regulations petition for reinstatement. This committee meets the week prior to the start of the fall semester. A student should make alternative plans in cases involving a denied petition. Students who have SAC as a home campus submit their petition to the SAC Admissions and Records Office.

5. Consequence of academic dismissal. A student cannot register for classes at SAC or SCC for one full semester. When the student returns to SAC or SCC after “sitting” out one semester, the student returns on academic probation. In order to remain at SAC or SCC, the student must achieve a 2.0 semester GPA in the spring and fall semesters.

When a student is academically dismissed and the last semester GPA is less than 2.0, the student is denied reinstatement and may not enroll at SAC or SCC for one semester before enrolling to either college.

Remedial Course Limit

A student may complete a maximum of 30 semester units of basic skills remedial courses. Remedial courses include non-degree or pre-collegiate basic skills classes in math, English, reading, learning and study skills.

A waiver is required beyond 30 units. Students must show a “C” or better or a 2.0 GPA in remedial courses to qualify for a waiver. Waiver forms are available in counseling.

Standards of Student Conduct

Guidelines for Student Conduct are set forth in the California Education Code, California Administrative Code, Title V, policies of the Board of Trustees (including BP/AR 3430 Prohibition of Harassment, and AR 3425 Title IX (9) Sexual Harassment), and all civil and criminal codes. Students enrolling in district educational programs assume an obligation to obey state law and district rules and regulations governing the conduct of students.

Students who enroll in those instructional programs in which the college has affiliations with various outside associations must comply with the college’s policies and procedures and also with the outside associations’ policies and procedures. This includes but is not limited to students enrolled in the programs of Fire Academies, Criminal Justice Academies and Nursing.

Guidelines For Student Conduct

The following represent violations for disciplinary action, up to but not limited to expulsion, that may be taken:

a. Dishonesty, cheating, plagiarism, lying, or knowingly furnishing false information to the district or college officials performing their duties.

b. Forgery, alteration, or misuse of district documents, records, or identification.

c. Willful misconduct that results in damage to any real or personal property owned by the district or district employees (damage includes, but not limited to vandalism, such as cutting, defacing, breaking, etc.).

d. Obstruction or disruption of pedestrian or vehicular traffic or of teaching, research, administration, or of other district activities on or off District premises. This includes obstruction or disruption of administration, disciplinary procedures, or authorized college activities.

e. Assault, battery, or any threat of force or violence upon a student, college personnel, or campus visitor; willful misconduct which results in injury or death to a student, college personnel, or campus visitor. This includes fighting on district property or at a district sponsored event, on or off district premises.

f. Detention of any person on district-owned or controlled property or at district-sponsored or supervised functions or other conduct which threatens or endangers the health or safety of another.

g. Theft of any property of the district which includes property of a member of the district community or a campus visitor.

h. Unauthorized entry into or unauthorized use of district property, supplies, equipment, and/or facilities.

i. Misrepresentation of oneself or of an organization to be an agent of the district.

j. Sexual assault or physical abuse, including rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat or assault, or any conduct that threatens the health and safety of the alleged victim, which includes students, college personnel, or campus visitors.

k. Dating violence, defined as violence committed, on the basis of sex, by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship and the frequency of interaction between the persons...
involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

i. Domestic Violence, defined as conduct, on the basis of sex, that includes the requisite components of felony or misdemeanor crimes of violence committed by (a) a current or former spouse or intimate partner of the victim; (b) a person with whom the victim shares a child in common; (c) a person who is cohabitating with or has cohabitated with the victim as a spouse; (d) a person similarly situated to a spouse of the victim under California law; or (e) any other person against an adult or youth victim who is protected from that person’s acts under California law.

m. Stalking, defined as a course of conduct directed at a specific person on the basis of sex that would cause a reasonable person to fear for the person’s safety or the safety of others, or to suffer substantial emotional distress. For the purposes of this definition: (a) A course of conduct is two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property; (b) Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant; and (c) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

n. Sexual Exploitation, defines as an act or acts committed through non-consensual abuse or exploitation of another person’s sexuality for the purpose of sexual gratification, financial gain, personal benefit or advantage, or any other non-legitimate purpose. Some example are prostituting another person; recording images; viewing or distributing images of an individual’s sexual activity, body parts, or nudity; and inducing incapacity for the purpose of making another person vulnerable to non-consensual sexual activity.

o. Use, possession, distribution, or being under the influence of alcoholic beverage on district property or at any district sponsored event.

p. Use, possession, distribution, or being under the influence of narcotics, other hallucinogenic drugs or substances, or any poison classified as such by Schedule “D” in Section 4160 of the Business and Professions Code on District property or at any District-sponsored event except as expressly permitted by law.

q. Engaging in expression which is libelous, slanderous, obscene (according to current legal standards) or which incites students so as to create a clear and present danger of commission of unlawful acts on district premises, or violation of district regulations, or the substantial disruption of the orderly operation of the college.

r. Possession or use while on the district premises, or a district-sponsored function, of any firearm, knife, explosive, or other dangerous object, including but not limited to any facsimile firearm, knife or explosive. Exceptions include those participating in a criminal justice educational program who are authorized such possession or those who are enrolled in a course which authorizes such possession.

s. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any district policy or administrative regulation.

t. Engaging in harassing or discriminatory behavior based on disability, gender, gender identity, gender expression, nationality, race, or ethnicity, religion, age, sexual orientation or any other status protected by law. Harassment does not include conduct protected by the First Amendment.

u. Continuous disruptive behavior or willful disobedience, harassment, habitual profanity or vulgarity, open and persistent abuse of college personnel, or open and persistent defiance of the authority of college personnel.

v. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Board of Trustees.

w. Violation of the Computer Usage Policy is applicable to students using computer classrooms, computer labs, the wireless network, or other locations on and off district property. A violation is considered any of the following:

a. Accessing with or without permission, or causing to be accessed without authorization, altering, damaging, deleting, hacking, destroying, or otherwise using any data, computer, computer system, computer software and programs, or computer network belonging to or used by the college or any member of the District.

b. Accessing with or without permission, taking, copying, or making use of any data from a computer, computer system, or computer network, or taking or copying any supporting documentation, whether existing or residing internal or external to a computer, computer system, or computer network belonging to or used by the college or District.

c. Using or causing to be used computer services without permission.

d. Disrupting or causing the disruption of computer services or denying or causing the denial of computer services to an authorized user of a computer, computer system, or computer network belonging to or used by the college or District.

e. Introducing any computer contaminant or virus into any computer, computer system, or computer network belonging to the college or District.

f. Sending any message using any computer system or network without authorization or sending any message in the name of another person or entity.

g. Using any account or password without authorization.

h. Allowing or causing an account number or password to be used by any other person without authorization.

i. Accessing or causing to be accessed, downloading or causing to be downloaded, pornographic or obscene materials except when accessing such material which is part of the instructional process or assignment for a class in which the student is currently enrolled.

j. Use of systems or networks for personal commercial purposes.

k. "Cyberstalking", which is to be understood as any use of the college or district computer system, computer network, or computer programs to stalk another person via excessive messages or inquiries, inappropriate or threatening messages, racially motivated communications, photos or other means of communication.

x. Any act constituting good cause for suspension or expulsion, or violation of district policies or campus regulations, including the AR 3425 Title IX (9) Sexual Harassment.

To view the entire Board Policy 5500 Standards of Student Conduct, please view it at: rsccd.edu/studentconduct

Procedures for Student Grievances Regarding Grades

Education Code 76224 states:

(a) When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.
Procedure

1. Student shall meet with the instructor to discuss the grade.
2. If the issue is not resolved and the student believes that the grade is based on a mistake, fraud, bad faith, or incompetency, (EC 76224), he/she may appeal in writing to the Division Dean. Such an appeal must be made within a one year period following the semester which the grade was assigned.
3. Forms for the written appeal may be found in any divisional Dean’s office.
4. The student may be requested to set-up an appointment with the appropriate Division Dean to discuss the written grievance.
5. The appropriate Division Dean will review the allegations and consult with the instructor.
6. The Division Dean will review the issue and will notify the student and instructor in writing of his/her decision.
7. The decision of the Division Dean is final.

Transportation

Some classes may be conducted off campus. Unless students are specifically advised otherwise, they are responsible for arranging for transportation to and from the class site. Although the district may assist in coordinating the transportation and/or recommend travel times, route or caravanning, be advised that the district assumes no liability or responsibility for the transportation, and any person driving a personal vehicle is NOT an agent of the district.

Transfer Credit

Santa Ana College will give credit for college units earned at another regionally accredited college or university. In order for transfer units to be applied towards a petition for degree or transfer certification, all official transcripts from other colleges must be on file in Admissions office.

Unit of Credit

A unit of college credit represents three hours of student time each week for a semester; one hour of scheduled classroom lecture and two hours in outside preparation. A longer time is scheduled for laboratory courses since more of the work is done in the classroom. One full quarter unit is equal to two-thirds of a semester unit.

Registered Sex Offender Information

Sex offenders are required to register with the police in the jurisdiction in which they reside and at institutions of higher learning if they are students there or if they work there as employees, contractors, or volunteers. Sex offenders who may be required to register should do so at the Santa Ana Police Department if attending Santa Ana College or Centennial Education Center and at the Orange Police Department if attending Santiago Canyon College or Orange Education Center.”

Members of the general public may request community notification flyers for information concerning sexually violent predators in a particular community by visiting the office of local law enforcement in their community. Local police may be contacted at:

- Santa Ana Police Department, 60 Civic Center Plaza, Santa Ana, CA 92701 714-245-8665
- Orange Police Department, 107 N. Batavia Street, Orange, CA 92867 714-744-7444

Registered sex offender information is available at the Megan’s Law website: meganslaw.ca.gov

Wait List Policy

You are not able to Wait List more than one section per course. You cannot Wait List a course that will conflict with another course. As seats become available, eligible students will be moved into an open seat. You will be notified by email (it is your responsibility to make sure that your e-mail is up-to-date) and will have 3 calendar days to pay for the course or you may be dropped. If your name remains on the Wait List, you must attend the first class meeting and obtain the instructor’s add code to add the course (Log in to WebAdvisor often to check your status on the waitlist).
COLLEGE CREDIT INSTRUCTIONAL PROGRAMS

Programs of study leading to the certificate or the associate degree or certification in specialized vocational areas are alphabetically arranged. Programs which lead to transfer to universities and four-year colleges do not necessarily reflect the transfer requirements of specific schools. If the student wishes to receive an associate degree in a specific discipline, the requirements as set forth must be met. However, in planning a program for transfer, it should be noted that the transfer requirements for both the major and general education vary widely. Hence it is recommended that the student review the catalog of the school of transfer and consult with the counseling staff of Santa Ana College in planning transfer objectives.

Required sequences and frequency of course offerings as well as length of time required to obtain a degree or certificate can be found on the college website at: sac.edu/academicaffairs/coursesquences.

BACHELORS PROGRAM
Occupational Studies Degree: B.S.
Program Code: SAC.OS.BS
Program Control Number: 34014

The baccalaureate degree in Occupational Studies will create a more highly skilled occupational therapy assistant (OTA) who is better able to understand and utilize research-based evidence for best practice and take on a leadership role. As an additional benefit it will prepare an OTA for entry into an Occupational Therapy (OT) Master’s degree program. The upper division course work will provide more in-depth training in specific areas of OT practice, including neurologic rehabilitation, musculoskeletal rehabilitation, pediatrics, geriatrics, and key practice areas identified by the American Occupational Therapy Association. These courses, together with a capstone project will also provide increased opportunities for critical analysis, research methods, and clinical reasoning. To complete the Bachelor of Science in Occupational Studies, students must complete: (1) complete all upper division course requirements with a grade of "C" or better; (2) complete 37 units of IGETC lower division general education coursework or 39 units of CSU GE Breadth lower division general education coursework.

Prerequisite:
Associate Degree from an ACOTE and regionally accredited OTA program and OTA Certification/ License

Learning Outcome(s):
1. Students will demonstrate advanced mastery of Occupational Therapy Assistant (OTA) clinical skills, including clinical reasoning, that follow the guidelines established in the Occupational Therapy Practice Framework: Domain and Process.
2. Students will relate theory and research to clinical practice areas.
3. Students will provide OTA services that meet the community needs of diverse populations demonstrating sensitivity and empathy.
4. Students will participate in advocacy for clients in clinical and community settings.

ACCOUNTING

Accounting Degree: AS
Program Code: SAC.ACCT.AS
Program Control Number: 04187

The associate degree in accounting prepares students for entry-level positions and promotional opportunities in accounting, taxation, and administrative departments of businesses in areas such as manufacturing, merchandising, financial service, wholesale trades, and government. Specialized training in accounting enables students to maintain accounting records and develop financial reports and make effective use of financial information for analysis and decision-making. Entry- level employment opportunities include positions in accounts receivable and accounts payable, payroll, income tax preparation, and cost accounting. Promotional opportunities include higher- level responsibilities in these areas and the areas of general ledger, financial statement preparation, and financial statement analysis.

Learning Outcome(s):
1. Students will create clear, concise, well organized written business documents, including financial statements, memos and reports, that can be used in an effective manner to communicate.
2. Students will acquire adequate technical knowledge to create financial information to be used in the accounting and related business environment.
3. Students will be able to combine critical thinking skills and technical knowledge to solve problems in a constantly-changing professional environment.

### Accounting Study & Ethics: Certificate of Achievement (Transcripted)

**Program Code:** SAC.ACTSE.CA  
**Program Control Number:** 35675

This certificate is designed for an individual that has a bachelor’s degree other than in accounting that wishes to be licensed as Certified Public Accountant (CPA). This certificate in conjunction with Certificate of Professional Accounting – Accounting Subjects and Certificate of Professional Accounting – Business Subjects will prepare an individual for the CPA exam as well as meet the educational requirements for licensure. Alternatively, a student that already possesses a bachelor’s degree in Accounting from a major College or University may solely complete this certificate to fulfill the educational requirements for licensure. The courses contained in this certificate meet the specific course requirements set forth by the California Board of Accountancy (CBA) including the requirements of SB 773. Upon successful completion of this certificate along with the Certificate of Professional Accounting – Accounting Subjects and Certificate of Professional Accounting – Business Subjects, a student will have taken all the necessary Accounting, Business and Ethics courses required for licensure (license granted upon successful passing of the Uniform CPA exam). CPA licensure affords promotional opportunities in public accounting, taxation, as well as administrative departments of businesses in public and private sector areas such as manufacturing, merchandising, financial service, wholesale trades, and government. This certificate covers accounting and ethical principles necessary for financial reporting, analysis and critical review of accounting information. Entry-level employment opportunities include professional positions in financial statement auditing, income tax preparation, cost accounting, financial reporting and a number of trainee positions. Promotional opportunities include higher-level responsibilities in these same areas.

**Note 1:** Some of the courses listed in this certificate overlap with courses listed in the Certificate of Professional Accounting – Accounting Subjects and/or the Certificate of Professional Accounting – Business Subjects. It is imperative that an individual does not take any courses for this certificate that have already counted towards...
Santa Ana College 2021-2022 Catalog

either the Certificate of Professional Accounting – Accounting Subjects or the Certificate of Professional Accounting – Business Subjects. Additionally, a student must understand the requirements for “Accounting Study” set forth by the CBA and listed below:

- Minimum 6 semester units in accounting subjects
- Maximum 14 semester units in business-related subjects
- Maximum 9 semester units in other academic work relevant to business and accounting (maximum 3 units from any one area):
  - Skills-based courses – Courses completed in the following disciplines: English, Communications, Journalism, and the Physical, Life, Natural, & Social Sciences
  - Foreign Languages/Cultural & Ethnic Studies – Courses in foreign languages (including sign language) and courses with the terms “culture, cultural, or ethnic” in the titles
  - Industry-based courses – Courses with the words “industry” or “administration” in the title or courses completed in the following disciplines: Engineering, Architecture, and Real Estate
  - Maximum 4 semester units in internships/independent studies in accounting and/or business-related subjects

For more information regarding the “Accounting Study” educational requirements set forth by the CBA please refer to: http://www.dca.ca.gov/cba/applicants/ed-requirements.shtml

Note 2: While a bachelor’s degree is not a prerequisite to obtain this certificate, the student needs to obtain a bachelor’s degree for CPA exam eligibility (may occur concurrently). In addition to passing the Uniform CPA exam and meeting the educational requirements, an individual must also meet general accounting and business work experience as required by the CBA for licensure.

Please refer to http://www.dca.ca.gov/cba/index.shtml for a complete list of all requirements and options for licensure for a CPA.

Note 3: A student may be eligible to sit for the CPA exam concurrent with obtaining this certificate. To qualify and sit for the Uniform CPA exam one will need a bachelor’s degree and evidence of at least 24 semester units of business-related subjects and 24 semester units of accounting subjects. For more information regarding this requirement, please refer to: dca.ca.gov/cba/applicants/ed-requirements.shtml

Learning Outcome(s):

1. Students will make ethical decisions in the workplace.
2. Students will complete 10 hours of ethics courses including ACCT 212 Accountants’ Ethics and Responsibilities.
3. Students will incorporate ethical standards in Accountants’ Ethics and Responsibilities class through case study review, research and discussion.
4. Students will demonstrate accounting and business concepts in the certificate classes through examination and practical exercises.
5. Students will prepare accounting and business reports based upon relevant accounting and business principles.
6. Students will draft research papers & case study reports.
7. Students will use proper grammar, punctuation, and spelling.
8. Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
9. Students will complete assignments using accounting-specific software.
10. Students will analyze cases related to the accounting specialty classes.
11. Students will analyze fact patterns to demonstrate the application of accounting principles to fact patterns.

- ACCT 124 Computerized Income Tax Preparation 1

Total: 16

Tax Preparer: Certificate of Proficiency (Untranscripted)

Program Code: SAC.TAXPR.CERT
A tax preparer certificate prepares a student with knowledge and practical experience for individual income tax preparation and receive the qualifying education required by the California Tax Education Council (CTEC) to become a California Registered Tax Preparer (CRTP).

California law requires anyone who prepares (or assists with) tax returns for a fee, and is not an attorney, certified public accountant (CPA) or enrolled agent (EA), to register as a tax preparer with CTEC. All CTEC Registered Tax Preparers (CRTP) must:
- First complete qualifying tax education from a CTEC-Approved Provider
- Obtain a PTIN (Preparer Tax Identification Number) from the IRS
- Purchase a $5,000 tax preparer bond
- Register with CTEC within 18 months from the completion date on the certificate of completion
- CTEC requires a Registration Fee (amount varies by year)

Upon completion of this certificate program, a student would fulfill the education requirement to become a CRTP.

Entry-level employment opportunities include tax specialist and tax practitioner.

Growth potentials include management-level positions and self-employment opportunities.
Learning Outcome(s):
1. Students will be able to process and file an individual federal tax return.

Required Core Courses:
ACCT 104 Federal and California Taxes 4
ACCT 125 Volunteer Income Tax Assistance (VITA) I 2
ACCT 106 Cooperative Work Experience Education - Occupational 1-4
ACCT 010 Accounting Procedures 3
OR
ACCT 101 Financial Accounting 4

ART

Art Degree: AA

Program Code: SAC.ART.AA
Program Control Number: 04218

The associate degree curriculum in art provides students with an opportunity for individual creative stimulus and development. Completion of the associate in arts degree also prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree or into a professional art school. Possible careers in fine arts are art education, interior design, gallery operation, art merchandising, studio artist, illustration, art criticism, computer graphics and animation and related fields.

Learning Outcome(s):
1. Students will demonstrate visual literacy, including competency in non-verbal languages of art and design
2. Students will possess technical skills (at the sophomore level) for producing art in several media
3. Students will demonstrate competency and acquire experience in creating original work for public display.

Required Core Courses: Units: 29

ART 100 Introduction to Art Concepts 3
OR
ART 100H Honors Introduction to Art Concepts 3
ART 101 Survey of Western Art History I: Prehistory through the Middle Ages 3
ART 102 Survey of Western Art History II: Renaissance through the Twentieth Century 3
ART 105 History of Modern Art 3
ART 110 Two-Dimensional Design 3
ART 111 Three-Dimensional Design 3
ART 130 Introduction to Drawing 3
ART 133 Introduction to Gallery Production 2
ART 141 Beginning Painting 3

Recommended electives: Units: 3

ART 009 Art Lab 0.5
ART 010 Advanced Art Lab 0.5
ART 103 Arts of Africa, Oceania, and Indigenous North America 3
ART 104 Mexican and Chicano Art History 3
ART 106 Asian Art History 3
ART 108 Contemporary Art History: Art Since Mid-Twentieth Century 3
ART 121A Fundamentals of Typography 3
ART 121B Advanced Typography 3
ART 122 Graphic Design I 3
ART 132A Beginning Pastel Drawing and Painting 3
ART 132B Intermediate Pastel Drawing and Painting 3
ART 140A Watercolor Painting 2
ART 140B Watercolor Painting 2
ART 143 Landscape Watercolor 2
ART 150 Primitive Pottery Techniques 3
ART 154 Ceramics Summer Workshop 3
ART 155 Plaster Mold Making 3
ART 156 Clay Calculation: An Approach in Color Study 3
ART 157 Ceramics-Raku and Saggar Firing Techniques 3
ART 158 Ceramic Mural Project 3
ART 159A Ceramic Color Decoration: Low Temperature 3
ART 159B Ceramic Color Decoration: High Temperature 3
ART 164 Web Design 3
ART 165 3D Character Animation 3
ART 166A 3D Texturing and Lighting Fundamentals 3
ART 167 3D Commercial Applications 3
ART 182 Introduction to Jewelry 3
ART 195 Introduction to Digital Media Arts 3
ART 230 Intermediate Drawing 3
ART 231 Intermediate Life Drawing 3
ART 232 Advanced Life Drawing 3
ART 233 Advanced Drawing 3
ART 240 Intermediate Watercolor 2
ART 241 Intermediate Painting 3
ART 242 Advanced Painting 3
ART 243 Portrait and Life Painting 3
ART 251 Ceramics-Advanced Throwing and Handbuilding 3
ART 252 Ceramics-Advanced Study Process in Ceramics with Non Traditional Media 3
ART 253 Electric Kiln Ceramics 3
ART 282 Jewelry II 3
ART 283 Jewelry III 3
ART 298 Art Practicum 1-2.5

Total: 32

Graphic Design Degree: AA

Program Code: SAC.ARTGD.AA
Program Control Number: 10665

The associate degree curriculum in Graphic Design prepares students for entry into the broad field of visual communication, with an emphasis on the development of problem solving in the practical application of graphic design. These applications include design for the print media, advertising, architectural and environmental graphics, packaging, logos, corporate identity, the web and other electronic media, using both digital media tools as well as traditional hand skills. Completion of this associate degree provides for entry into a profession in a variety of areas: e.g., advertising agency, printing house, design studio, freelance work and related businesses. This program plan is designed with transfer preparation to a 4-year university in mind.

Please consult www.assist.org and meet with a counselor for information about courses for specific universities.

Learning Outcome(s):
1. Express through written research an understanding of the history of graphic design.
2. Create for an audience unique conceptual graphics that carry messages and meaning through visual symbolism.
3. Utilize professional software to design graphics with destination output in mind, addressing issues of file types, resolution, color profiles, and multiple media applications.

Art History for Transfer Degree: AA-T

Program Code: SAC.ARTH.AAT

Program Control Number: 32146

The Associate in Arts in Art History for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Art History, and then into careers in fine arts include art education, interior design, gallery operation, art merchandising, studio artist, illustration, art criticism, computer graphics and animation and related fields. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, although does not guarantee admission to a specific campus or major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.

Upon completion of the AA-T in Art History, students will be able to recognize specific styles of art, apply vocabulary pertinent to the discussion of art both in and out of the classroom, and demonstrate an understanding of the technical processes of various art media by developing an art portfolio that demonstrates a broad knowledge of subject matter. Furthermore, students will be able to demonstrate an understanding of the principles of design and the elements of art, as well as identify relationships between art and society in which it is created, and apply criteria for viewing and judging art.

**Learning Outcome(s):**

1. Demonstrate a working knowledge of the vocabulary of art, its materials, tools, and techniques.
2. Demonstrate skills in formal analysis and comparison/contrast of art works, artistic theory and criticism in oral and written form.
3. Demonstrate a general knowledge of history, its themes and chronology that are reflected in world art of the various periods of time.

**Required Core Courses:**

3D Modeling and Animation Certificate A - Art Emphasis: Certificate of Achievement (Transcripted)
Program Code: SAC.ART3A.CA
Program Control Number: 08734

The certificate program in 3D modeling and animation addresses the fundamental requirements that 3D artists are expected to know for entry-level positions in animation studios, advertising commercials, and video game companies, as well as bioscience, product, industrial and architectural design. Employment opportunities exist with small and large companies serving a broad spectrum of clientele in the delivery of still, animated, and interactive presentations. The certificate program is designed to develop the core technical skills required for these vast arenas of applications, as well as to increase the student’s visual communication vocabulary and to raise awareness of the distinctive and evolving opportunities available in 3D.

Learning Outcome(s):
Upon successful completion of this program, students will be able to:
4. Students will demonstrate visual literacy, including competency in the non-verbal languages of art and design.
5. Students will demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
6. Students will demonstrate competency in the core technical skills for 3-D animation and modeling.

Required Core Courses: Units: 14.5-17.5
ART 184 Art of Animation I^ 3
OR
ART 195 Introduction to Digital Media Arts 3
AND
ART 185 Fundamentals of Cartooning and Storyboarding 3
ART 166 Creating Realism with Textures and Lights 3
ART 167 3D Commercial Applications 3
ART 196A 3D Modeling Fundamentals 5
ART 197A 3D Animation Fundamentals 5
ART 296 Professional Art Production 1.5

Total: 14.5-17.5
Crafts Certificate in Jewelry : Certificate of Achievement (Transcribed)

Program Code: SAC.ARTJW.CA
Program Control Number: 08726
The certificate program in crafts offers courses that provide the aesthetic, technical knowledge and special skills necessary to design and produce hand-crafted objects. Whether the interest is in exhibiting crafts as an art form or producing work with more commercial applications, the program provides for study in two areas, jewelry/crafts and glass/crafts. This program is primarily designed to prepare art students as freelance artists/craftsmen.

Learning Outcome(s):
1. Demonstrate visual literacy, including competency in the nonverbal languages of art and design.
2. Demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Acquire the aesthetic knowledge and technical skills (including stone-setting and enameling) necessary to become a freelance artist/craftsman who creates hand-crafted jewelry.

Required Core Courses: Units: 16
ART 130  Introduction to Drawing 3
ART 182  Introduction to Jewelry 3
ART 282  Jewelry II 3
ART 283  Jewelry III 3
ART 284  Introduction to Stone Setting-Jewelry 2
ART 285  Introduction to Enameling-Jewelry 2
Total: 16

Public and Community Art - Mural Painting: Certificate of Achievement (Transcribed)

Program Code: SAC.ARTMU.CA
Program Control Number: 35672
1. The certificate program in Public and Community Art – Mural Painting is designed to prepare students for employment in both the designing and painting of large-scale public art murals. These murals are in demand by communities (such as city governments, schools, parks) to enhance and beautify public and private sites and to combat blight and graffiti. Public and private institutions use murals to brand their visual logos and promote specific messages on their public sites. Private businesses also want to brand their locations with large paintings or murals that include visual images and graphic signage. Students in this program will utilize both digital and traditional techniques from visual composition, illustration, sign painting, and fine art painting while integrating historical, traditional and contemporary mural painting styles. Students will also gain the specialized training needed (including how to prepare exterior walls for murals, specialized paints and protective coatings, safety measures and specialized equipment, and composing designs digitally for large application) to confidently seek employment in the above areas.

Career opportunities include being the fine artist who creates, designs and paints murals, and/or using the acquired skills to be hired for mural restoration, as a fine arts painter, illustrator or the creation of hand- painted graphics; set and exhibit designer and creator, and also painter for construction and maintenance purposes.

Learning Outcome(s):
1. Increase and develop skills in both digital and traditional techniques including visual composition, illustration, sign painting, and fine art painting while integrating historical, traditional and contemporary mural painting styles.
2. Apply the mural creation process, from concept and composition through drawing, transferring design to site-specific locations or portable panels, painting, and post-production.
3. Utilize training specific to mural painting including composing designs digitally for large application, how to prepare exterior walls for murals, specialized paints and protective coatings, safety measures and specialized equipment.

Required Core Courses: Units: 21
ART 110  Two-Dimensional Design 3
ART 130  Introduction to Drawing 3
ART 141  Beginning Painting 3
ART 131  Beginning Life Drawing 3
ART 190  Introduction to Mural Painting and Design 3
ART 195  Introduction to Digital Media Arts 3
ART 291  Mural Painting and Design II 3
ART 292  Mural Painting and Design III 3
Plus 1 course from elective list below: (2-3 units) Units: 2-3
ART 122  Graphic Design I 3
ART 124  Gallery Production 2
ART 158  Ceramic Mural Project 3
ART 168  Digital Media: Portfolio and Business Strategies 4
ART 192A  Digital Illustration with Illustrator 3
ART 232  Advanced Life Drawing 3
ART 242  Advanced Painting 3
ART 230  Intermediate Drawing 3
ART 231  Intermediate Life Drawing 3
ART 241  Intermediate Painting 3

AUTOMOTIVE TECHNOLOGY

Automotive Technology Degree: AS

Program Code: SAC.AUTO.AS
Program Control Number: 04209
In addition to the general education requirements, the associate degree in automotive technology is designed to prepare students for employment in modern automotive service and repair. Technical instruction includes lecture and lab experiences in a variety of automotive subjects which students may select according to their interests. Employment opportunities are available at dealerships, independent shops, and fleet services for both domestic and import vehicles.

Learning Outcome(s):
1. Demonstrate skills in locating service information and procedures on automotive systems.
2. Explain the eight areas of automotive as divided by Automotive Service Excellence (ASE).
3. Summarize how the vehicle systems work together to propel the vehicle.
4. Develop the skills to properly make measurements and analyze vehicle concerns.

Advanced Engine Performance Option: Certificate of Achievement (Transcripted)

Program Code: SAC.AUTAE.CA
Program Control Number: 13462

The certificate in advanced engine performance is designed to prepare students for entry into the specialized field of diagnosing, testing, and repairing computer controlled ignition, fuel, and emission systems. It is recommended that students complete the Engine Performance & Electrical Option Certificate or have an equivalent trade experience.

Learning Outcome(s):
1. Explain modern vehicle on-board diagnostic systems
2. Apply diagnostic repair procedures on modern vehicles
3. Describe the function and operation of vehicle computer networking systems
4. Demonstrate skills in locating service information and procedures related to advanced engine performance systems
5. Describe the vehicle data measurements and analyze vehicle concerns

Alternative Fuels and Hybrid/ Electric Vehicles: Certificate of Achievement (Transcripted)

Program Code: SAC.AFHEV.CA
Program Control Number: 40506

This certificate is designed for students seeking training in alternative fuels and high voltage systems. Students will learn about various vehicle manufacturers and municipalities which require specific training for non-gasoline powered vehicles. Furthermore, the certificate coursework focuses on safe practices when working on alternative fuels and high voltage systems. Students can find suitable employment at new car dealerships and fleet services or municipalities.

Learning Outcome(s):
1. Explain the various types of fuels available to propel modern vehicles and the advantages/ disadvantages of each fuel.
2. Demonstrate safe handling practices and procedures when working with various types of alternative fuels and high voltage systems.

Automotive Business Technology: Certificate of Achievement (Transcripted)

Program Code: SAC.AUTBU.CA
Program Control Number: 32750

The certificate curriculum in Automotive Business Technology is designed to prepare the student to better understand the business of automotive technology. Students would be qualified for entry level positions as automotive service advisors in dealerships, service establishments, automotive centers, and self-employment in the auto industry. Through the completion of this program, an automotive technician would be better aware of the business aspects of the automotive industry.

Learning Outcome(s):
1. Explain basic mechanical and electrical vehicle operation.
2. Examine customer needs and develop a plan to increase shop profitability.
3. Analyze an automotive repair facility and make recommendations for facility improvements.

### Chassis Service Option: Certificate of Achievement

(Transcripted)

**Program Code:** SAC.AUTCS.CA  
**Program Control Number:** 08713

The certificate in chassis service is designed to prepare the student for entry into the specialized field of brake, front suspension, and steering service on both import and domestic vehicles.

**Learning Outcome(s):**

1. Identify chassis and brake components on modern vehicles
2. Explain the function and operation of steering systems
3. Compare alignment measurements for modern vehicles
4. Express brake principles and function

### Drive Train Service Option: Certificate of Achievement

(Transcripted)

**Program Code:** SAC.AUTDT.CA  
**Program Control Number:** 17343

The certificate in drive train service is designed to prepare the student for entry into the specialized field of standard and automatic transmissions, driveline, and differential service and repair on both import and domestic vehicles.

**Learning Outcome(s):**

1. Explain the purpose and function of transmission and drivetrain systems
2. Identify the different types of transmissions used in modern automobiles
3. Demonstrate proper disassembly and reassembly procedures of drivetrain components

### Electric Vehicle Technician: Certificate of Achievement

(Transcripted)

**Program Code:** SAC.AUEVT.CA  
**Program Control Number:** 39571

This program focuses on electrical theory, diagnosis, and application with a concentration on electric and hybrid vehicles. The courses in the program are designed to give students experience with the electrical systems and electric propulsion systems found on modern automobiles. Once students complete the program, they may seek employment at new car dealerships, municipality service centers, or with specific electric vehicle manufacturers.

**Learning Outcome(s):**

1. Apply watts law and ohms law to diagnose an automotive electrical system fault.
2. Explain the operation of alternating and direct current as used in an electric vehicle.
3. Describe the safety procedures and required safety equipment when working with electric and hybrid vehicles.

### Required Core Courses:

</table>

**Units: 20**
Learning Outcome(s):
1. Use service information and diagnosis procedures to find electrical and engine performance related faults.
2. Use an automotive scantool to retrieve trouble codes and activate various outputs.
3. Explain how electronically controlled components are used by the engine control module and climate control system.

Required Core Courses:
- AUTO 116 Electrical Fundamentals 5
- AUTO 117 Heating and Air Conditioning 5
- AUTO 118 Engine Performance 5
- AUTO 216 Electrical Systems 5

Total: 20

Learning Outcome(s):
1. Identify the different types of engine designs
2. Demonstrate engine assembly procedures
3. Explain engine maintenance requirements for modern gasoline engines

Required Core Courses:
- AUTO 102 Introduction to Automotive 3
- AUTO 116 Electrical Fundamentals 5
- AUTO 190 Automotive Manufacturer Specific I 2
- AUTO 191 Automotive Manufacturer Specific II 3

Total: 13

Learning Outcome(s):
1. Evaluate a smog check vehicle inspection report, identify component faults and proper repair based on the report.
2. Demonstrate the ability to diagnosis a diagnostic trouble code using scantool and service information.
3. Operate a Smog Check BAR-97 inspection machine to perform both ASM and TSI smog check inspections on multiple vehicles using BAR inspection procedures.
4. Operate a BAR-OIS inspection machine to perform smog check inspections on multiple vehicles per BAR procedures using BAR inspection procedures.

Required Core Courses:
- AUTO 185 Bureau of Automotive Repair (BAR) Smog Inspector Training I 5
- AUTO 186 Bureau of Automotive Repair (BAR) Smog Inspector Training II 2
- AUTO 187 BAR Specified Diagnostic and Repair 5

Total: 12
BIOLOGY

Biological Science Degree: AS
Program Code: SAC.BIOL.AS
Program Control Number: 04185

The associate degree in biological science prepares students for preprofessional careers and a curriculum in a four-year institution leading to a baccalaureate degree in such areas as microbiology, botany, zoology, molecular biology and teaching. The biologist is also prepared to enter graduate or professional programs of specialized study such as medicine, dentistry, medical technology, osteopathy, veterinary medicine, agriculture, forestry, optometry, cell biology, molecular biology and dental hygiene. See counseling for transfer requirements.

Learning Outcome(s):
Upon successful completion of this program, students will be able to:
1. Students will successfully complete the sequence of biology courses needed for transfer (Biology 211 and 212 or Biology 211 and 214)
2. Students will successfully transfer to universities.

Required Core Courses: Units: 15
BIOL 211 Cellular and Molecular Biology 5
BIOL 212 Animal Diversity and Ecology 5
BIOL 214 Plant Diversity and Evolution 5
OR
BIOL 290 Biochemistry and Molecular Biology 5
CHEM 219 General Chemistry 5
Select a minimum of 3 units from the following electives: Units: 3-5
BIOL 127 Ecology 1
OR
BIOL 128 Natural History of the California Coast 1
OR
BIOL 132 Natural History of Death Valley 1
OR
BIOL 133 Desert Biology 1
OR
BIOL 139 Health Microbiology 4
OR
BIOL 149 Human Anatomy and Physiology 4
OR
BIOL 169 Natural History of the Sierra Nevadas 1-3
OR
BIOL 177 Human Genetics 3
OR
BIOL 217 Pathophysiology 2
OR
BIOL 229 General Microbiology 5
OR
BIOL 239 General Human Anatomy 4
OR
BIOL 249 Human Physiology 4
OR
BIOL 259 Environmental Biology 4
OR
BIOL 129 Ecology of Southern California 1
OR
BIOL 131 Natural History of the Southwest 3
OR
BIOL 170 Environmental Challenge of the 21st Century 3
Total: 18-20

Biotechnology Degree: AS
Program Code: SAC.BIOT.AS
Program Control Number: 33690

The associate degree in biotechnology prepares students for careers in a wide variety of industry or for curriculum at a four-year institutions leading to a baccalaureate degree in such areas as molecular biology, biochemistry, cell biology and biomanufacturing. These fields provide career opportunities in biotechnology, biomanufacturing, research and development, and teaching. See counseling for transfer requirements.

Learning Outcome(s):
1. Students will know how genetically engineer a gene, subclone and express it to obtain a purified sample of a genetically engineered protein.

Required Core Courses: Units: 30
BIOL 191 Biotech A: Basic Skills 4
BIOL 192 Biotech B: Proteins 4
BIOL 193 Biotech C: Nucleic Acids 4
BIOL 194 Quality and Regulatory Compliance in Biosciences 2
BIOL 202 Cell Culture Techniques 2
BIOL 211 Cellular and Molecular Biology 5
CHEM 219 General Chemistry 5
OR
CHEM 219H Honors General Chemistry 5
MATH 219 Statistics and Probability 4

MATH 219H Honors Statistics and Probability 4
Total: 30

Biology Degree for Transfer: AS-T
Program Code: SAC.BIOL.AST
Program Control Number: 35134

The Biology Associate in Science for Transfer degree (AS-T) prepares students for coursework leading to a baccalaureate degree in Biology at the CSU system. Please, consult a counselor regarding specific course requirements for your transfer institution. Completion of the AS-T degree also provides guaranteed admission with junior standing to the CSU system although it does not guarantee acceptance to a particular campus or major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Students earning a Biology AS-T must select either the IGETC for STEM or CSU_GE for STEM to complete the general education requirement. Upon completion of the Biology AS-T degree, students will have the necessary foundation for upper division coursework as biology majors. The Biology AS-T is a starting point for students who are preparing for careers in biological sciences, biomedical sciences and related fields including research, consulting and government work, where scientific and technical skills are in high demand.
Learning Outcome(s):
1. Students will successfully complete the sequence of biology courses needed for transfer (Biology 211 and 212, or Biology 211 and 214).
2. Students will successfully transfer to universities.

Required Core Courses: Units: 15
BIOL 211 Cellular and Molecular Biology 5
AND
BIOL 212 Animal Diversity and Ecology 5
AND
BIOL 214 Plant Diversity and Evolution 5

List A Units: 22
CHEM 219 General Chemistry 5
OR
CHEM 219H Honors General Chemistry 5
AND
CHEM 229 General Chemistry and Qualitative Analysis 5
AND
PHYS 210 Principles of Physics I 4
AND
PHYS 211 Principles of Physics II 4
OR
PHYS 279 College Physics I 4
AND
PHYS 289 College Physics II 4
OR
PHYS 217 Engineering Physics I 4
AND
PHYS 227 Engineering Physics II 4
AND
MATH 180 Single Variable Calculus I 4

NOTE: Only IGETC for STEM or CSU-GE for STEM will be accepted toward completion of the general education portion of this degree. IGETC and CSU-GE will not be accepted. (For those completing IGETC for STEM and planning to meet the CSU admission requirement an oral communication course, IGETC Area 1C, must be included.)

Total: 37

Biotechnology Biomanufacturing Technician: Certificate of Achievement (Transcripted)
Program Code: SAC.BTMFT.CA
Program Control Number: 32998
This certificate program in biotechnology biomanufacturing is designed to prepare students for entry level positions in the biomanufacturing industry in fields requiring basic laboratory skills such as aseptic technique, solution preparation, standard equipment utilization as well as knowledge of protein expression and purification.

Learning Outcome(s):
1. Students will know how to obtain a purified sample of a genetically engineered protein.

Required Core Courses: Units: 11
BIOL 192 Biotech B: Proteins 4
BIOL 194 Quality and Regulatory Compliance in Biosciences 2
CHEM 219 General Chemistry 5
OR
CHEM 219H Honors General Chemistry 5

Total: 11

Biotechnology Laboratory Technician: Certificate of Achievement (Transcripted)
Program Code: SAC.BTLT.CA
Program Control Number: 32959
This certificate curriculum is designed to prepare students with the skills they need to work in the upstream processing area of a biotechnology company or provide them with the foundation necessary to transfer to a 4 year university to continue their studies in biotechnology.

Learning Outcome(s):
1. Students will know how to subclone a gene into a cloning vector.

Required Core Courses: Units: 6
BIOL 193 Biotech C: Nucleic Acids 4
BIOL 202 Cell Culture Techniques 2

At least 8 units from the following list Units: 8-16
BIOL 177 Human Genetics 3
BIOL 211 Cellular and Molecular Biology 5
BIOL 290 Biochemistry and Molecular Biology 5
BIOL 229 General Microbiology 5
BIOL 139 Health Microbiology 4
CHEM 229 General Chemistry and Qualitative Analysis 5
BIOL 197 STEM Internship/Work Experience 1-16

Total: 14-22

QC/QA Microbiology Technician: Certificate of Achievement (Transcripted)
Program Code: SAC.BTLQC.CA
Program Control Number: 32999
This certificate curriculum in quality assurance and quality control microbiology and biology is designed to prepare students for careers in fields such as biotechnology, medical devices, pharmaceuticals, biologicals, food safety, biomanufacturing, and testing laboratories.

Learning Outcome(s):
1. Demonstrate knowledge of quality assurance and regulatory compliance.
2. Students will be able to keep an industry standard notebook.
3. Students will be able to preform industry standard quality control testing.

Required Core Courses: Units: 13
BIOL 229 General Microbiology 5
BIOL 195 Biotech: QC Microbiology 2
BIOL 191 Biotech A: Basic Skills 4
BIOL 194 Quality and Regulatory Compliance in Biosciences 2

Total: 13

Biotechnology Lab Assistant: Certificate of Proficiency (Untranscripted)
Program Code: SAC.BIOLA.CERT
This certificate program is designed to prepare students for entry level jobs as laboratory assistants in biotechnology and related fields.

Required Core Courses: Units: 12
BIOL 190 Introduction to Biotechnology 3
BIOL 190L Introductory Biotech Lab 1
BIOL 191 Biotech A: Basic Skills 4
CHEM 209 Introductory Chemistry 4

Total: 12
BUSINESS ADMINISTRATION

Business Administration Degree: AA
Program Code: SAC.BUS.AA
Program Control Number: 10565

The associate degree curriculum in business administration enables students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Career opportunities exist in many areas of business administration such as accounting, financial planning and analysis, financial service specialties, management, marketing and sales, production and logistics, and systems and technology development.

Learning Outcome(s):
1. Students will create clear, concise, well organized written business documents such as memos, reports, and executive summaries including financial information that can be used in an effective manner to communicate.
2. Students will possess adequate technical knowledge to create financial information to be used in the accounting and related business environment.
3. Students will be able to transfer to a 4 year university as a business administration major.

Required Core Courses: Units: 23
ACCT 101 Financial Accounting 4
ACCT 102 Managerial Accounting 4
ECON 120 Principles/Macro 3
ECON 121 Principles/Micro 3
BUS 150 Introduction to Information Systems and Applications 3
BUS 222 Business Writing 3
BUS 101 Business Law 3
OR
BUS 105 Legal Environment of Business 3

Select ONE course from the following electives Units: 3-4
BUS 100 Fundamentals of Business 3
BUS 120 Principles of Management 3
BUS 125 Introduction to International Business 3
BUS 140 Principles of Finance 3
MKTG 113 Principles of Marketing 3
MGMT 120 Principles of Management 3
MATH 150 Calculus for Biological, Management and Social Sciences 4

Total: 26-27

Business Administration for Transfer Degree: AS-T
Program Code: SAC.BUS.AST
Program Control Number: 40214

The Associate in Science in Business Administration for Transfer (AS-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Business Administration. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AS-T degree also provides guaranteed admission with junior status to the CSU system although does not guarantee acceptance to a particular campus. See the SAC catalog for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.

Upon completion of the AS-T degree in Business Administration, students will have a general understanding of business fundamentals, including the areas of accounting, economics, and computer information systems. In addition, they will have an understanding of the legal environment of business, and will have a sufficient understanding of mathematical concepts to enable them to successfully pursue a business degree at a four-year institution.

The AS-T degree in Business Administration is appropriate for students whose vocational plans include careers in business fields such as accounting, computer information systems, finance, management, marketing, or other business fields.

Learning Outcome(s):
1. Students will create clear, concise, well organized written business documents such as memos, reports, and executive summaries including financial information that can be used in an effective manner to communicate.
2. Students will possess adequate technical knowledge to create financial information to be used in the accounting and related business environment.
3. Students will be able to transfer to a California State University as a business administration major.

Required Core Courses: Units: 17
ACCT 101 Financial Accounting 4
ACCT 102 Managerial Accounting 4
ECON 120 Principles/Macro 3
ECON 121 Principles/Micro 3
BUS 101 Business Law 3
OR
BUS 105 Legal Environment of Business 3
OR
LAW 105 The Legal Environment of Business 3

MATH 150 Calculus for Biological, Management and Social Sciences 5
MATH 219 Statistics and Probability 4
OR
MATH 219H Honors Statistics and Probability 4
PSYC 210 Statistics for the Behavioral Sciences 4

List B: Select two courses from the list below or from any course from List A that has not already been used. Units: 6-8
BUS 150 Introduction to Information Systems and Applications 3
OR
CMPR 100 The Computer and Society 3
BUS 100 Fundamentals of Business 3
OR
BUS 222 Business Writing 3

Total: 27-30
BUSINESS APPLICATIONS AND TECHNOLOGY
Business Applications and Technology Degree: AS
Program Code: SAC.BA.AS
Program Control Number: 04193
The Business Applications and Technology Degree program provides professional training for employment as administrative office professionals. This program prepares students for Microsoft Office Specialist certification exams. Students will develop technical skills in using technology and applications for business projects based on current standards.

Learning Outcome(s):
1. Demonstrate a professional business image and employment readiness skills, including job search, resume writing, and interview skills.
2. Demonstrate business skills using current standards and technology, including leadership skills, customer service, business ethics, decision-making skills, meetings, and time management.
3. Demonstrate proficiency in written and verbal communication skills appropriate for business situations.
4. Demonstrate technology skills using Microsoft Office Word, Excel, PowerPoint, and Outlook for professional business documents and projects.
5. Understand the applications of math in business.
6. Demonstrate technology skills using Adobe Acrobat Pro application to create, edit, merge, and organize PDF documents for business.

Required Core Courses: Units: 23
- BA 146 Computer Fundamentals 1.5
- BA 147 Microsoft Windows, OneDrive & OneNote 1.5
- BA 110 Computer Keyboarding Skills 0.5
- BA 115 Computer Keyboarding Speed and Accuracy Development 0.5
- BA 179 Microsoft Office (Word, Excel, PowerPoint) 3
- BA 126 Microsoft Outlook 2
- BA 182 Google Apps & Google Drive 2
- BA 163 Adobe Acrobat 3

Spanish / English Interpretation and Translation Degree: AS
Program Code: SAC.BASE.AS
Program Control Number: 40501
The Spanish / English Interpretation and Translation certificate program provides proper bilingual skills training by professional interpreters and translators. Learn about careers that employ bilingual skills and how to provide interpreting and translating services for a variety of industries including business, medical, education, government, and legal. Bilingual employment requires language proficiency in both Spanish and English (written and verbal), knowledge of industry terminology, technology skills for in-person and remote services, customer service skills, and an understanding cultural and social communication. Must be fluent in Spanish and English to successfully complete this program.

Learning Outcome(s):
1. Identify interpreter and translator career opportunities and the requirements to succeed in related careers.
2. Demonstrate proper grammatical use of business, legal, medical, education, and government terminology in both English and Spanish interpretations and translations.
3. Understand and identify the responsibilities of interpreters and translators related to conduct, civic duties, and code of ethics.

Required Core Courses: Units: 24
- BA 130 Introduction to Spanish Bilingual Interpreting 3
- BA 131 Business Interpretation and Translation - Spanish / English 3
- BA 132 Medical Interpretation and Translation - Spanish / English 3
- BA 133 Legal Interpretation and Translation - Spanish / English 3
- BA 149 Technology for Interpreters & Translators 3
- BA 179 Microsoft Office (Word, Excel, PowerPoint) 3
- BA 126 Microsoft Outlook 2
- BA 163 Adobe Acrobat 3
- BA 100 Business Writing Skills 3

Select one of the following courses: Units: 4-5
- ENGL 101 Freshman Composition 4
- ENGL 101H Honors Freshman Composition 4
- SPAN 101 Elementary Spanish I 5
- SPAN 101H Honors Elementary Spanish I 5

Select one of the following elective courses: Units: 1-4
- PARA 100 Law and Society 3
- LAW 100 Law and Society 3
- MA 051A Beginning Medical Terminology 3
- BA 102 Professional Skills & Career Readiness 3
- PARA 105 Cooperative Work Experience Education - Occupational 1-4
- PARA 299 Cooperative Work Experience Education 1-4
- LAW 299 Cooperative Work Experience Education - Occupational 1-4

Digital Publishing

Degree: AA

Program Code: SAC.BADP.AA
Program Control Number: 08708

The Digital Publishing program is designed to professionally train students in all aspects of designing and publishing print and web business projects based on current business industry standards and technology. Instruction includes digital graphics, web design, page layout, typography, export file formats, proper file setup, integration of software tools, and professional design guidelines. This program prepares students for Adobe Certified Associate (ACA) certification exams including Photoshop, Illustrator, Dreamweaver, InDesign, Animate, After Effects, and Premiere Pro.

Learning Outcome(s):

1. Demonstrate technology skills using Adobe applications for business and marketing projects for print, web and social media.
2. Demonstrate technical skills in producing multimedia (images, video, audio, animation) for business and marketing projects.
3. Demonstrate proper technical skills in using the application interface, including tools, panels, and settings using current business standards.

Microsoft Office Professional Degree: AA

Program Code: SAC.BAMSO.AA
Program Control Number: 08709

The Microsoft Office Professional program provides technical skills training in Microsoft Office applications based on current business standards to enhance business projects, improve business communication, and increase productivity. This program prepares students for Microsoft Office Specialist certification exams including Word, Excel, PowerPoint, Outlook, and Access.

Learning Outcome(s):
1. Demonstrate technology skills using Microsoft Office Word, Excel, PowerPoint and Outlook for professional business documents, spreadsheets, presentations, communications, and projects.
2. Demonstrate technical skills in integrating multiple Microsoft applications for a single business project.
3. Demonstrate proficiency in using Microsoft Office applications properly and efficiently based on current standards.
4. Demonstrate proficiency in using Microsoft Office applications and Adobe Acrobat Pro application to export, convert, edit, merge, and organize PDF documents for business.
5. Demonstrate business technology skills using the Microsoft Windows operating system to customize the interface.

Adobe Applications for Business: Certificate of Achievement (Transcribed)

Program Code: SAC.BAAB.CA
Program Control Number: 40732

Professional training in using Adobe Photoshop, Illustrator, InDesign, Dreamweaver, and Premiere Pro software applications effectively and efficiently for business and marketing projects for print, web, and social media using current business standards. Topics include proper use of tools and panels for image editing, page layout, typography, export file formats, and integration of Adobe apps using proper file setup. This program prepares students for the Adobe Certified Associate (ACA) exams for Photoshop, Illustrator, InDesign, Dreamweaver, and Premiere Pro to earn industry recognized certifications.

Learning Outcome(s):
1. Demonstrate proficiency in Adobe applications for business and marketing projects for print, web, and social media.
2. Demonstrate proper technical skills in using the application interface including tools, panels, and settings using current business standards.

Required Core Courses:
BA 164 Adobe Photoshop 3
BA 166 Adobe Illustrator 3
BA 170 Adobe InDesign 3
BA 163 Adobe Acrobat 3
BA 169 Adobe Dreamweaver 3

Total: 15

Adobe Web Projects for Business: Certificate of Achievement (Transcribed)

Program Code: SAC.BAAW.CA
Program Control Number: 40917

Adobe Web Projects for Business Certificate professionally trains students to use Adobe software needed for business web projects. Students will learn proper software usage, file setup, terminology, search engine optimization, online marketing techniques, and guidelines based on current business standards. Multimedia will be integrated using Adobe software. This program prepares students for Adobe Certified Associate certification exams for Photoshop, Dreamweaver, and Animate.

Learning Outcome(s):
1. Demonstrate technology skills using Adobe Photoshop, Dreamweaver, Premiere Pro, and After Effects applications for business and marketing projects for web and social media.
2. Demonstrate technical skills in producing multimedia (images, video, audio, animation) for business and marketing projects.
3. Demonstrate proper technical skills in using the application interface, including tools, panels, and settings using current business standards.

Required Core Courses:
BA 164 Adobe Photoshop 3
BA 169 Adobe Dreamweaver 3
BA 171 Adobe Premiere Pro 3
BA 172 Adobe After Effects 3
OR
BA 173 Adobe Animate 3

Total: 12

Business Applications and Technology: Certificate of Achievement (Transcribed)

Program Code: SAC.BAT.CA
Program Control Number: 21751

Professional training in business skills and technology for employment as an administrative office professional. Develop skills in using applications for business projects based on current standards. Career readiness skills include job search, career advancement, leadership skills, customer service, communication skills, business ethics, decision-making skills, effective meetings, time and stress management, and teamwork skills. This program prepares students for Microsoft Office Specialist (MOS) exams for Word, Excel, PowerPoint, and Outlook to earn industry recognized certifications.

Learning Outcome(s):
1. Demonstrate a professional business image and employment readiness skills, including job search, resume writing, and interview skills.
2. Demonstrate business skills using current standards and technology, including leadership skills, customer service, business ethics, decision-making skills, meetings, and time management.
3. Demonstrate proficiency in written and verbal communication skills appropriate for business situations.
4. Demonstrate technology skills using Microsoft Office Word, Excel, PowerPoint, and Outlook for professional business documents and projects.
5. Understand the applications of math in business.
6. Demonstrate technology skills using Adobe Acrobat Pro application to create, edit, merge, and organize PDF documents for business.

Required Core Courses:
BA 146 Computer Fundamentals 1.5
BA 147 Microsoft Windows, OneDrive & OneNote 1.5
BA 110 Computer Keyboarding Skills 0.5
BA 115 Computer Keyboarding Speed and Accuracy Development 0.5

Computer Fundamentals for Business: Certificate of Achievement (Transcripted)
Program Code: SAC.CFB.CA
Program Control Number: 41031
The Computer Fundamentals for Business Certificate program provides professional training in using common business applications and technology including common workplace technology terminology and usage techniques. Program includes hardware, Internet, virus protection, cloud technology, Microsoft Windows operating system, and Microsoft Office applications. This program prepares students for the Microsoft Office Specialist (MOS) exams in Word, Excel, and PowerPoint to earn industry recognized certifications.

Learning Outcome(s):
1. Understand how the internet, cloud computing, and other technologies are used in the workforce.
2. Demonstrate business technology skills using the Microsoft Windows operating system to customize the interface.
3. Demonstrate proficiency in managing folders and files and using OneDrive cloud storage properly and efficiently.
4. Demonstrate technology skills using Microsoft Office Word, Excel, and PowerPoint for professional business documents, spreadsheets, and presentations.

Required Core Courses: Units: 8.5-11.5
BA 146 Computer Fundamentals 1.5
BA 147 Microsoft Windows, OneDrive & OneNote 1.5
BA 179 Microsoft Office (Word, Excel, PowerPoint) 3
BA 125 Microsoft Word 2

Spanish/English Interpretation and Translation: Certificate of Achievement (Transcripted)

Program Code: SAC.BASE.CA
Program Control Number: 40485

The Spanish / English Interpretation and Translation certificate program provides proper bilingual skills training by professional interpreters and translators. Learn about careers that employ bilingual skills and how to provide interpreting and translating services for a variety of industries including business, medical, education, government, and legal. Bilingual employment requires language proficiency in both Spanish and English (written and verbal), knowledge of industry terminology, technology skills for in-person and remote services, customer service skills, and an understanding cultural and social communication. Must be fluent in Spanish and English to successfully complete this program.

Learning Outcome(s):
1. Identify interpreter and translator career opportunities and the requirements to succeed in related careers.
2. Demonstrate proper grammatical use of business, legal, medical, education, and government terminology in both English and Spanish interpretations and translations.
3. Understand and identify the responsibilities of interpreters and translators related to conduct, civic duties, and code of ethics.

Required Core Courses: Units: 13
BA 130 Introduction to Spanish Bilingual Interpreting 3
BA 131 Business Interpretation and Translation - Spanish / English 3
BA 132 Medical Interpretation and Translation - Spanish / English 3
BA 133 Legal Interpretation and Translation - Spanish / English 3

CHEMISTRY

Chemistry Degree: AS
Program Code: SAC.CHEM.AS
Program Control Number: 04245
The associate degree curriculum in chemistry provides basic courses for a wide variety of occupations or prepares the student to enter a curriculum in a four-year institution leading to a baccalaureate degree. The major fields of chemistry are inorganic and organic chemistry, biochemistry, and chemical engineering. These fields provide career opportunities in industry, research, and teaching, and also entry into graduate or professional programs such as medicine, pharmacy and other related health fields. Please see a counselor for specific course requirements for your transfer university.

Learning Outcome(s):
1. Students will develop proficiency and knowledge of chemistry concepts, laboratory techniques and experimental data collection/analysis.

Required Core Courses: Units: 24
- CHEM 219 General Chemistry 5
- OR
- CHEM 219H Honors General Chemistry 5
- CHEM 229 General Chemistry and Qualitative Analysis 5
- CHEM 249 Organic Chemistry I 5
- CHEM 259 Organic Chemistry II 5
- MATH 180 Single Variable Calculus I 4

Total: 24

Chemistry for Transfer Degree: AS-T
Program Code: SAC.CHEM.AST
Program Control Number: 35021
The Associate in Science in Chemistry for Transfer (AS-T in Chemistry) prepares students to transfer into the CSU system leading to a Baccalaureate degree in Chemistry. Students with this degree also have a foundation in science to pursue other science-related fields or engineering. Please consult a counselor regarding specific course requirements for your transfer institution. Successful completion of the AS-T in Chemistry degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to a local CSU in a similar major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.Upon completion of the AS-T in Chemistry degree, students will gain a foundation in general and organic chemistry which is necessary in many fields of science and engineering.

Learning Outcome(s):
1. Students will develop proficiency and knowledge of chemistry concepts, laboratory techniques and experimental data collection/analysis.

Required Core Courses: Units: 36
- CHEM 219 General Chemistry 5
- OR
- CHEM 219H Honors General Chemistry 5
- CHEM 229 General Chemistry and Qualitative Analysis 5
- CHEM 249 Organic Chemistry I 5
- CHEM 259 Organic Chemistry II 5
- MATH 180 Single Variable Calculus I 4
- OR
- MATH 180H Honors Single Variable Calculus I 5
- MATH 185 Single Variable Calculus II 4
- PHYS 217 Engineering Physics I 4
- PHYS 227 Engineering Physics II 4

Total: 36

NOTE: Only IGETC for STEM will be accepted toward completion of the general education portion of this degree. CSU-GE for STEM, CSU-GE, and IGETC will not be accepted. (For those planning to meet the CSU admission requirement an oral communication course, IGETC area 1C, must be included.)
CHILD DEVELOPMENT

Emphasis in Infant/Toddler Care and Development
Degree: AA

Program Code: SAC.CDIT.AA
Program Control Number: 04235

The Associate in Arts in Child Development - Infant/Toddler Teacher degree program provides students with a specialized focus on the unique strengths and needs of infants and toddlers. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators, and health care professionals.

In addition to the 36.5 units of Child Development coursework, students must also complete the general education requirements. This degree prepares students for transfer to a 4-year university to obtain a bachelor's degree. Refer to the Graduation Requirements or the CSU-GE and IGETC patterns in this catalog for specific courses that meet the general education requirement. Contact Career Technical Education (CTE) counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

Students who earn this degree should apply for the Early Childhood Infant/Toddler Teacher Certificate and the California Teacher's Permit. In order to qualify for the degree, certificate and permit, a student must also have work experience with young children (175 days of 3 hours per day within 4 years). See Child Development faculty members for assistance.

Learning Outcome(s):

1. Demonstrate a knowledge of early childhood curriculum, program practices, and the development of young children.

Emphasis in Pre-school Age Care and Development
Degree: AA

Program Code: SAC.CDPC.AA
Program Control Number: 08743

The Associate in Arts in Child Development - Emphasis in Preschool Care and Development provides students with knowledge about the comprehensive development of young children ages 3 to 5 years old. Students will focus on understanding developmentally appropriate practice, effective learning strategies, and how to create and implement a high quality classroom for young children. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators, and health care professionals.

In addition to the 33.5 units of Child Development coursework, students must also complete the general education requirements. This degree prepares students for transfer to a 4-year university to obtain a bachelor's degree. Refer to the Graduation Requirements or the CSU-GE and IGETC patterns in this catalog for specific courses which meet the general education requirement. Contact Career Technical Education (CTE) counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

Students who earn this degree should apply for the Early Childhood Teacher Certificate and the California Teacher’s Permit. In order to qualify for the degree, certificate and permit, a student must also have work experience with young children (175 days of 3 hours per day within 4 years). See Child Development faculty members for assistance.

Learning Outcome(s):

1. Demonstrate a knowledge of early childhood curriculum, program practices, and the development of young children.

Child Development - Emphasis in School-Age Care and Recreation Degree: AA

Program Code: SAC.CDSA.AA
Program Control Number: 04250

The Associate in Arts in Child Development - Emphasis in School Age Care and Recreation is designed to prepare instructional and classroom master teachers to serve as paraprofessional members of the teaching team and/or teachers in school-age child care. Students are offered knowledge about the development of the school age child and the role of the adult in helping to integrate skills and aid classroom learning.

In addition to the Child Development coursework, students must also complete the general education requirements and complete work experience with young children (175 days of 3 hours per day within 4 years). See Child Development faculty members for assistance.

This degree prepares students for transfer to a 4-year university to obtain a bachelors degree. Students who earn this degree should apply for the Certificate of Achievement in School Age Care and Recreation and the California Teacher’s Permit (see Child Development faculty members for assistance).

Learning Outcome(s):

1. Demonstrate a knowledge of early childhood curriculum, program practices, and the development of young children.

Required Core Courses: Units: 32.5-35.5

- CDEV 107 Child Growth and Development (DS1) 3
- CDEV 110 Child, Family, and Community (DS2) 3
- CDEV 111A Principles and Practices of Teaching Young Children 3
- CDEV 111B Introduction to Curriculum for Young Children 3
- EDUC 113 Tutoring Reading in Elementary Schools 1
- CDEV 120A Development of the School-Age Child (DS5) 3
- CDEV 120B School-Age Child Care and Recreation Activities (DS5) 3
- CDEV 205 Introduction to Children with Special Needs 3
- CDEV 221 Living and Teaching in a Diverse Society 3
- CDEV 297 Analyzing and Applying Teacher Strategies in the Classroom 3
- CDEV 298A Practicum in Early Childhood Programs 3.5
- CDEV 299 Cooperative Work Experience Education 1-4

Total: 32.5-35.5

Early Childhood Education for Transfer Degree: AS-T

Program Code: SAC.ECE.AST
Program Control Number: 32063

The Associate of Science in Early Childhood Education for Transfer (AS-T) prepares students to move into a curriculum at a four year institution leading to a baccalaureate degree in Child Development, Human Development, Early Childhood Education or Child and Adolescent Studies. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AS-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Child and Adolescent Studies major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AS-T in Early Childhood Education, students will have general understanding of the main developmental theories as they pertain to the development, care, and education of young children. Additionally, students will have the capacity to evaluate and plan curriculum and environments for children based on observation of their physical, cognitive, emotional, social and creative characteristics.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units (SAC courses numbered 100 and above).
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major as detailed in the College Credit Instructional Programs section of the catalog. All courses in the major must be completed with a grade of C or better or a "P" if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) (See page 30 for more information); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern (see page 32 for more information). Completion of Santa Ana College local general education requirements (Plan A) does not meet the requirement for AA-T and AS-T degrees.

Learning Outcome(s):

1. Demonstrate skill and knowledge in child observation, documentation, and effective assessment strategies that positively influence the development of children.

Required Core Courses: Units: 24.5

- CDEV 107 Child Growth and Development (DS1) 3
- CDEV 108 Observation and Assessment for Early Learning and Development (DS3) 3
- CDEV 110 Child, Family, and Community (DS2) 3
- CDEV 111A Principles and Practices of Teaching Young Children 3
- CDEV 111B Introduction to Curriculum for Young Children 3
- CDEV 112 Health, Safety, and Nutrition for Children 3
- CDEV 221 Living and Teaching in a Diverse Society 3
- CDEV 298A Practicum in Early Childhood Programs 3.5

Total: 24.5
Early Childhood Teacher: Certificate of Achievement
(Transcribed)

Program Code: SAC.CDECT.CA
Program Control Number: 21793

This Early Childhood Teacher Certificate provides students with knowledge about the comprehensive development of young children ages 3 to 5 years old. Students will focus on understanding developmentally appropriate practice, effective learning strategies, and how to create and implement a high quality classroom for young children. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators and health care professionals.

In order to earn the certificate, students must complete the following:

- 16 units of general education, specifically a class in each of the following areas: English, Science or Math, Social Science, and Humanities/Fine Arts.
- Additional work experience with young children (175 days of 3 hours per day within 4 years).

These two requirements will also qualify the students to earn a California Teacher Permit, which is used in federal and state early childhood programs as well as licensing regulations for private and faith based programs.

In addition to the 33.5 units of Child Development coursework and 16 units of general education, students should consider completing the general education requirements for the AA Degree in Child Development with an Emphasis in Preschool-Age Care and Development.

Contact Career Technical Education (CTE) counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

Learning Outcome(s):

1. Demonstrate skill and mastery of child development themes, theories, curriculum, and assessment strategies by applying knowledge and skills in a simulated/real preschool setting or scenarios.
2. Develop a portfolio of developmentally appropriate activities, programming, and assessment strategies for preschoolers in the cognitive, psychosocial, and biosocial domains.

Infant/Toddler Teacher: Certificate of Achievement
(Transcribed)

Program Code: SAC.CDITT.CA
Program Control Number: 21794

The Certificate of Achievement in Child Development - Infant/Toddler Teacher provides students with a specialized focus on the unique strengths and needs of infants and toddlers. Students will study the comprehensive development of the young child, birth to three years, with a focus on understanding current brain research and best caregiving practices. The practicum component of the program will support the students as they transfer their learning to their work with young children. The program is available for early childhood educators, parents, administrators and health care professionals.

In addition to the 36.5 units of Child Development coursework and 16 units of general education, students should consider completing the general education requirements for the AA Degree in Child Development with an Emphasis in Preschool-Age Care and Development.

This certificate meets the coursework requirements of the Teacher Child Development Permit and prepares students to be competent and effective teachers and caregivers in infant and toddler classrooms.

In order to earn the permit, students must complete the following:

- 16 units of general education, specifically a class in each of the following areas: English, Science or Math, Social Science, and Humanities/Fine Arts.
- Additional work experience with young children (175 days of 3 hours per day within 4 years).

These two requirements will also qualify the students to earn a California Teacher Permit, which is used in federal and state early childhood programs as well as licensing regulations for private and faith based programs.

Contact Career Technical Education (CTE) counselors at SAC for additional assistance in planning your early childhood profession (714-564-6254).

Learning Outcome(s):

1. Demonstrate skill and mastery of child development theories and proficiency in application in a simulated/real infant/toddler setting or scenario.
2. Develop a portfolio of developmentally appropriate activities, programming, and assessment strategies for infants and toddlers in the cognitive, psychosocial, and biosocial domains.

School-Age Teacher: Certificate of Achievement
(Transcripted)

Program Code: SAC.CDSAT.CA
Program Control Number: 21759
The School-Age Care and Recreation Teacher Certificate is designed to prepare school-age classroom aides to serve as paraprofessional members of the teaching team in school-age child care. Students are offered knowledge about the development of the school-age child and the role of the adult in helping to integrate skills and aid classroom learning.

In order to earn the certificate, students must complete the following:

1. 16 units of general education, specifically a class in each of the following areas: English, Science or Math, Social Science, and Humanities/Fine Arts.
2. Additional work experience with young children (175 days of 3 hours per day, within 4 years).

These two requirements will also qualify the students to earn a California Teacher Permit, which is used in federal and state funded programs as well as licensing regulations for private and faith based programs.

Learning Outcome(s):
1. Demonstrate skill and mastery in applying school-age child development themes, theories, and concepts in real/simulated school-age settings or scenarios.
2. Develop a portfolio of developmentally appropriate school-age activities and programming including discipline strategies, health and safety, social interaction, parent communication, media influences and assessment strategies for the cognitive, psychosocial, and biosocial domains.

Early Childhood Assistant Teacher: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.ECAT.CERT
This Early Childhood Assistant Teacher Certificate is the first step to building a career working with children and families. Introductory coursework will provide students with knowledge about the comprehensive development of young children. Students will have the opportunity to observe preschool children, as well as learn about the important resources that are available to children and families.

This certificate is available for early childhood educators, parents, administrators and health care professionals. In order to earn the certificate, students must complete the Steps for Success Orientation provided by the Department of Child Development and Education Studies and is offered in the 10th week of every fall and spring semester. Students will be provided with times and locations and will complete this orientation during their semester attending CDEV108: Observation and Assessment.

These courses and requirements will also qualify students to apply for the California Assistant Teacher Permit, which is used in federal and state early childhood programs as well as licensing regulations for private and faith based programs.
After completing this certificate, students should consider completing the general education requirements for the AA Degree in Child Development with an Emphasis in Preschool-Age Care and Development.

**Learning Outcome(s):**
1. Demonstrate skill and mastery of child development theories and proficiency in application in a simulated/real infant/toddler setting or scenario.
2. Develop a portfolio of developmentally appropriate activities, programming, and assessment strategies for infants and toddlers in the cognitive, psychosocial, and biosocial domains.

**Required Core Courses:**
- CDEV 107 Child Growth and Development (DS1) 3
- CDEV 108 Observation and Assessment for Early Learning and Development (DS3) 3
- CDEV 110 Child, Family, and Community (DS2) 3

**Total:** 9

**STEAM (Science, Technology, Engineering, Arts, Math) Certificate for Early Childhood Educators: Certificate of Proficiency** (Untranscripted)

**Program Code:** SAC.STEAM.CERT

The purpose of the STEAM (Science, Technology, Engineering, Arts, Math) Certificate for Early Childhood Educators is to empower teachers to employ a project-based learning approach that crosses all of these disciplines in solving everyday problems. This approach aligns with Common Core Standards and has been shown to engage students and allow them to use both left and right-brained thinking in the same exercise. This certificate provides a strong researched-based curricular foundation with immediate practical classroom applications. Additionally, the STEAM certificate can be used towards earning professional growth hours for the child development permit.

**Learning Outcome(s):**
1. Demonstrate a knowledge basis of STEAM (Science, Technology, Engineering, Art, and Mathematics) within the early childhood.
2. Understand current knowledge, skills, and resources related to STEAM and apply those skills in a classroom setting.

**Required Core Courses**
- CDEV 229 Brain Development and Learning 2
- CDEV 232 Math and Science Methods for Early Learning Environments 2
- CDEV 210 Creative Music Experiences for Young Children 2
- CDEV 231 Developing Language and Literacy in Young Children 3
- CDEV 200 Introduction to Technology in Early Childhood Education 2
- CDEV 214 Creative Art Experiences for Children 2

**Total:** 13

**Support for Students with Special Needs: Certificate of Proficiency** (Untranscripted)

**Program Code:** SAC.CDSSS.CERT

The Support for Students with Special Needs Certificate is designed to prepare students with knowledge, skills, and resources to address the diverse needs of children and adolescents with special needs. Students are offered intervention strategies, adaptive curriculum, and tools to both support and empower educators and families in both natural and/or inclusive education settings.

**Learning Outcome(s):**
1. Demonstrate analysis and knowledge of the personal and team roles and responsibilities of the Special Education provider in the public school which includes diagnosis and implementation strategies for students with special needs.

**Required Core Courses:**
- CDEV 205 Introduction to Children with Special Needs 3
- CDEV 206 Curriculum and Intervention Strategies 3
- CDEV 207 Supporting and Empowering Families of Children with Special Needs 3

**Total:** 9

**Trauma Informed Practices in Education: Certificate of Proficiency** (Untranscripted)

**Program Code:** SAC.CDTP.CERT

The Trauma Informed Practices in Education Certificate is designed to prepare students to support and promote social-emotional competence in young children. Students acquire knowledge to integrate developmentally appropriate cognitive and social-emotional support strategies and skills to meet the diverse mental health needs of children. They are taught culturally responsive behavior and discipline techniques, practical prevention and intervention strategies, and brain-appropriate curriculum. Students will identify mental health community resources to help create and build respectful, reciprocal relationships that support children’s mental health and the families they serve.

**Learning Outcome(s):**
1. Demonstrate and apply their knowledge of developmentally appropriate cognitive and social-emotional support skills, strategies, and resources to promote social and emotional competence in young children in the educational setting.
3. Describe how child abuse, culture, ability, self-concept, and a child’s experiences impact brain development.
4. Examine the integration of child development theory and practice within the fields of early education and mental health.
5. Analyze current research in children’s mental health topics and practices in provider and family support and strategies to provide mental health support.

**Required Core Courses:**
- CDEV 220 The Child as a Victim 3
- OR
- CNSL 220 The Child as a Victim 3
- CDEV 221 Living and Teaching in a Diverse Society 3
- AND
- CDEV 229 Brain Development and Learning 2
- AND
- CDEV 230 Child Guidance and Classroom Management 2

COMMUNICATION STUDIES

Communication Studies Degree: A.A.

Program Code: SAC.CMST.AA
Program Control Number: 04239

The associate degree curriculum in communication studies provides training for communicating and dealing with people. Completion of the associate in arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree, and then into careers in the field of business, industry, government, or education in such areas as teaching, public speaking, announcing, and public relations.

Learning Outcome(s):
1. Recognize and explain characteristics of competent communication.
2. Construct messages that demonstrate communication competency.

Communication Studies for Transfer Degree: AA-T

Program Code: SAC.CMST.AAT
Program Control Number: 30663

The Associate in Arts in Communication Studies for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in communication studies. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, although does not guarantee admission to a specific major or campus.

See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AA-T in Communication Studies students will have a general understanding of the main communication studies theories as they pertain to interpersonal communication, public speaking, interperson communication, and argumentation and debate. Students will have the capacity to write and think in a critically analytical way about issues pertaining to the process of human communication.

Learning Outcome(s):
1. Gain breath and depth of communication competence to impact future employment and promotion.
2. Build practical and theoretical understanding for future Communication Studies work.

Communication Studies Certificate of Achievement:
Certificate of Achievement (Transcripted)

Program Code: SAC.CMST.CA
Program Control Number: 40382

By successfully completing the courses for a Certificate of Achievement in Communication Studies, students will gain breath and depth of communication competence to significantly impact future employment and promotion. Students will build practical and theoretical understanding for future Communication Studies work.

Learning Outcome(s):
1. Gain breath and depth of communication competence to impact future employment and promotion.
2. Build practical and theoretical understanding for future Communication Studies work.
Required Core Courses: 

Units: 9

CMST 102 Public Speaking 3
CMST 102H Honors Public Speaking 3
CMST 101 Introduction to Interpersonal Communication 3
CMST 101H Honors Introduction to Interpersonal Communication 3
CMST 103 Introduction to Intercultural Communication 3
CMST 103H Honors Introduction to Intercultural Communication 3

Select one course: 

Units: 3

CMST 140 Argumentation and Debate 3
CMST 145 Group Dynamics 3
CMST 150 Organizational Communication 3
CMST 151 Voice and Diction for Effective Communication 3
CMST 152 Oral Interpretation 3
CMST 206 Gender Communication 3
CMST 206H Honors Gender Communication 3

Total: 12

COMMUNICATIONS AND MEDIA STUDIES

B-Broadcast Communications and Media Studies

Emphasis Degree: AA

Program Code: SAC.CMSDB.AA

Program Control Number: 16974

The program in Communications and Media Studies offers students a unique blend of theory and practice. The program provides critical and cultural analysis of media and communications in conjunction with a hands-on production sequence in print, digital, and Web-based multimedia, leading to potential entry-level positions in multimedia and communications fields.

Required Core Courses: 

Units: 24

CMSD 105 Mass Media and Society 3
CMSD 105H Honors Mass Media and Society 3
CMSD 121 Introduction to Reporting and Newswriting 3
CMSD 101 Introduction to Interpersonal Communication 3
CMST 101H Honors Introduction to Interpersonal Communication 3
CMST 151 Voice and Diction for Effective Communication 3
TELV 100 Introduction to Electronic Media: TV, Radio, Film, and the Internet 3
TELV 110 Introduction to Television Production 3
TELV 130 Principles of Broadcast News 3
TELV 142 Acting for the Camera 3

Plus 11 units from the following courses 

Units: 11

CMSD 123A News Media Production 4
CMSD 123B Intermediate News Media Production 4
CMSD 222 Writing Across Media 3
CMSD 298B Intermediate Designing for Print and Digital Media 3
CMST 140 Argumentation and Debate 3
CMST 152 Oral Interpretation 3
ENGL 241 Survey of American Literature 1600-1865 3
ENGL 242 Survey of American Literature, 1865-Present 3
ENGL 243 The Modern American Novel 3
HIST 118 Social and Cultural History of the United States 3
HIST 120 The United States to 1865 3
HIST 120H Honors The United States to 1865 3
HIST 121 The United States since 1865 3
HIST 121H Honors The United States since 1865 3
PHIL 110 Critical Thinking 4
PHIL 110H Honors Critical Thinking 4
POLT 101 Introduction to American Governments 3
POLT 101H Honors Introduction to American Governments 3
PSYC 100 Introduction to Psychology 3
PSYC 100H Honors Introduction to Psychology 3
TELV 009A TV/Video Communications Laboratory 0.5
TELV 101 TV and Society: A Visual History 3
TELV 112 Introduction to Video Editing and Postproduction 3
TELV 120 Beginning Screenwriting for TV, Film, the Web, Corporate Video and Digital Media 3
TELV 121 Intermediate Scriptwriting for TV, Film, the Web, Corporate Video and Digital Media 3
TELV 131 Beginning Broadcast News Workshop 2
TELV 150 Producing and Directing for Television 3
TELV 260 Lighting Fundamentals 3
THEA 110 Acting Fundamentals 3

Total: 35
Communications and Media Studies Degree: AA
Program Code: SAC.CMSDA.AA
Program Control Number: 04194
The Associate in Arts in Communications and Media Studies introduces students to the theory and practice of media. The program provides critical and cultural analysis of media and communications while affording students comprehensive study in reporting, writing, visual reporting, photojournalism, design, and editing across media platforms. Students build media production skills while working at the colleges nationally acclaimed publications el Don and eldonnews.org, where they learn to work in a data rich environment to find and tell important stories. Completion of the degree prepares students to move into a four-year program leading to a baccalaureate degree in Journalism, and then into careers in daily reporting, media editing, writing, Web-based multimedia reporting, visual reporting, photography, print and digital design, public relations, advertising, radio, digital media, and television writing and production. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

Learning Outcome(s):
1. Apply the basic principles of journalism such as accuracy, fairness, and public service.
2. Demonstrate an understanding of the history and role of professionals and institutions in shaping communications and media.
3. Discuss the legal and ethical underpinnings of U.S. Mass Media.
4. Research news and other media stories using a variety of sources and evaluate the accuracy of information sources.

Required Core Courses: Units: 22
CMSD 103 Introduction to Visual Communications 3
CMSD 105 Mass Media and Society 3
CMSD 111 Media, Race and Gender 3
CMSD 121 Introduction to Reporting and Newswriting 3
CMSD 123A News Media Production 4
CMSD 222 Writing Across Media 3
CMSD 298A Designing for Print and Digital Media 3
Total: 22

Journalism for Transfer Degree: AA-T
Program Code: SAC.CMSD.AAT
Program Control Number: 32148
The Associate in Arts in Journalism for Transfer (AA-T in Journalism) prepares students to move into the CSU system leading to a baccalaureate degree in Journalism, and then into careers in daily reporting, media editing, writing, Web-based multimedia reporting, visual reporting, photography, print and digital design, public relations, advertising, radio, digital media, and television writing and production. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Arts in Journalism for Transfer (AA-T in Journalism) degree also provides guaranteed admission with junior status to the CSU system (admission not guaranteed to a specific major or campus), along with priority admission consideration to a local CSU. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the Associate in Arts in Journalism for Transfer (AA-T in Journalism), students will be able to define and execute news gathering strategies; write articles under deadline; edit their own and others’ articles for proper spelling, grammar, and AP style; define relevant news content; gather news information weekly; and assess legal and ethical media issues at the final level of a traditional lower division Journalism sequence. Through news production, students will demonstrate proficiency in developing effective designs and layouts for story presentation; develop news stories through written, visual, audio, video or other multimedia formats; determine the best format —print, multimedia, visual—for telling basic news stories; build a portfolio that demonstrates a range of storytelling formats and styles; and navigate content management software used to create online publications.

Learning Outcome(s):
1. Students will apply the basic principles of journalism such as accuracy, fairness, and public service.
2. Students will demonstrate an understanding of the history and role of professionals and institutions in shaping communications and be able to discuss the legal and ethical underpinnings of U.S. Mass Media.
3. Students will research news stories using a variety of sources and evaluate the accuracy of information sources.

Required Core Courses: Units: 10
CMSD 105 Mass Media and Society 3
OR
CMSD 105H Honors Mass Media and Society 3
CMSD 121 Introduction to Reporting and Newswriting 3
CMSD 123A News Media Production 4
List A: select 1 course from the following: Units: 3-4
CMSD 103 Introduction to Visual Communications 3
OR
CMSD 123B Intermediate News Media Production 4
OR
CMSD 160 Introduction to Photojournalism 3
OR
CMSD 210 Intermediate Reporting and Newswriting 3
Communications and Media Studies: Certificate of Achievement (Transcripted)
Program Code: SAC.CMSD.CA
Program Control Number: 21753
The certificate program in Communications and Media Studies offers students a unique blend of theory and practice. The program provides critical and cultural analysis of media and communications in conjunction with a hands-on production sequence in print, digital, and Web-based multimedia, leading to potential entry-level positions in multimedia and communications fields.

Required Core Courses:

CMSD 102 Multimedia Storytelling  3
CMSD 103 Visual Communications  3
CMSD 110 Introduction to Creative Nonfiction  4
CMSD 121 Introduction to Reporting and Newswriting  3
CMSD 123A News Media Production  4
CMSD 201 Visual Reporting  2
CMSD 222 Writing Across Media  3
CMSD 298A Designing for Print and Digital Media  3

Total: 22

COMMUNITY SOCIAL SERVICES
Community Social Services Degree: AA
Program Code: SAC.CSS.AA
Program Control Number: 30752
The major course requirements for the associate degree in Community Social Services enable students to move into a transfer curriculum at a four-year university that can lead to a baccalaureate degree in Human Services. The baccalaureate degree in Human Services prepares students for graduate programs in Counseling, Social Work, and Marriage and Family Therapy.

Please see a counselor for specific course requirements for your transfer university.

Learning Outcome(s):
1. Students will think critically and communicate effectively about community social service issues using written and oral communication.
2. Students will demonstrate the effective use of empathic listening and interviewing skills.
3. Students will evaluate and integrate information to draw reasonable conclusions based on evidence.

Required Core Courses:
CNSL 150 Introduction to Human Services  3
CNSL 155 Skills for the Helping Professions  3
CDEV 107 Child Growth and Development (DS1)  3
OR
PSYC 157 Introduction to Child Psychology  3
SOC 112 Relationships, Marriages, and Family Dynamics  3
OR
PSYC 100 Introduction to Psychology  3
OR
PSYC 100H Honors Introduction to Psychology  3

Select a minimum of 6 units from the electives below:

Total: 16-18
CDEV 110  Child, Family, and Community (DS2) 3
CDEV 116A  Infant/Toddler Growth and Development (DS4) 3
CDEV 205  Introduction to Children with Special Needs 3
CDEV 220  The Child as a Victim 3
OR
CNSL 220  The Child as a Victim 3
CNSL 116  Career/Life Planning and Personal Exploration 3
CNSL 170  Human Services/Social Work Related Field Experience Seminar 1
CNSL 175  Human Services/Social Work Related Field Experience 1-4
EDUC 201  Introduction to Education 3
EDUC 210  The Teaching Experience: Secondary Education 3
MATH 219  Statistics and Probability 4
OR
MATH 219H Honors Statistics and Probability 4
MATH 105  Mathematics for Liberal Arts Students 3
MATH 221  Statistics and Probability with Support 4.5
PSYC 210  Statistics for the Behavioral Sciences 4
PSYC 250  Introduction to Abnormal Psychology 3
SOC 100  Introduction to Sociology 3
OR
SOC 100H Honors Introduction to Sociology 3

Total: 18-20.5

COMPUTER SCIENCE

Computer Information Systems Degree: AS

Program Code: SAC.CIS.AS
Program Control Number: 04196

Computer Information Systems (CIS) is a program for students interested in the application of computer hardware, and software to business. CIS courses prepare students for entry-level positions in information technology, networking, web and application development, networking, or database administration. These courses may be used for job advancement, an associate degree or certificate of achievement, or transfer to a four-year institution. CIS courses cover major programming languages (Visual BASIC, C++, Java) as well as software used in business for database management, spreadsheets, and networking.

Students intending to obtain a bachelor’s degree in Computer Information Systems should consult the major requirements for upper division standing listed under the Business Administration major at the school of their choice.

Learning Outcome(s):
1. Describe ethical, professional, and legal challenges that confront computer information systems and information technology.
2. Design, implement, manage and administer secure computer information systems and information technology.
3. Evaluate best practices in implementing hardware, software, networking, information technology management and security to enhance business processes and competitive advantages.
4. Develop written documentation and presentations, individually and in collaborative environments, that provide solutions to computer information systems and information technology challenges.

Computer Science Degree: AS

Program Code: SAC.CMPR.AS
Program Control Number: 04197

The associate degree curriculum in computer science leads to entry-level employment in computer science, engineering and other areas where high aptitude in computer programming is recognized. The program prepares students for careers as engineering aides, scientific computing technicians and junior programmers. The program also prepares students to transfer to a university with a major in Computer Science.

Learning Outcome(s):
1. Students will know how to use computer science software.

Required Core Courses:  Units: 20
BA 189  Advanced Microsoft Excel 2
CMPR 105  Visual BASIC Programming 3
CMPR 134  Microsoft Windows Operating System 3
CMPR 138  CompTIA Network+ Guide to Networks 3
CMPR 167  Microsoft Access 3
CMPR 205  Advanced Visual Basic 3
CMPR 247  Windows Server Operating System 3

Select ONE course from the following:  Units: 3
BUS 150  Introduction to Information Systems and Applications 3
OR
CMPR 100  The Computer and Society 3

Select a minimum of THREE units from the following:  Units: 3
ACCT 101  Financial Accounting 4
ACCT 102  Managerial Accounting 4
CMPR 104  Cooperative Work Experience Education-Occupational 1-4
CMPR 112  Java Programming 3
CMPR 118  JavaScript Programming 3
CMPR 121  Programming Concepts 3
CMPR 125  Help Desk Fundamentals 3
CMPR 152  HTML 3
CMPR 153  A+ Essentials Hardware 3
CMPR 154  A+ Essentials Software 3
CMPR 169  Structured Query Language (SQL) 3
CMPR 175  CompTIA Security+ Guide to Network Security 3
CMPR 248  Microsoft SQL Server 3

Total: 26
Select an additional SIX units from the following: Units: 6-8
CMPR 112 Java Programming 3
CMPR 117 Perl Programming and CGI 3
CMPR 118 JavaScript Programming 3
CMPR 134 Microsoft Windows Operating System 3
CMPR 135 Software Deployment Mechanisms 1.5
CMPR 139 Configuration and Administration of Local Area Networks 1.5
CMPR 140 Discrete Structures for Computer Science 3
CMPR 141 UNIX Operating System 3
CMPR 142 Advanced Unix 3
CMPR 205 Advanced Visual Basic 3
CMPR 213 C# Programming 3
CMPR 243 UNIX System Programming 3
CMPR 247 Windows Server Operating System 3
CMPR 249 Microsoft Internet Information Server (IIS) 3
CMPR 248 Microsoft SQL Server 3
MATH 180 Single Variable Calculus I 4
MATH 185 Single Variable Calculus II 4
Total: 25-27

Computer Science for Transfer: AS-T
Program Code: SAC.CMPR.AST
Program Control Number: 32396
The Associate in Science in Computer Science for Transfer (AS-T Computer Science) prepares students to transfer into the CSU system. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Science in Computer Science for Transfer (AS-T Computer Science) also provides guaranteed admission with junior status to the CSU system although does not guarantee acceptance to a particular campus or major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.

Upon completion of the AS-T in Computer Science (AS-T Computer Science), students will be well-versed in the use of standard computer control structures to solve problems and develop algorithms. They will have developed skills in writing programs that utilize functions as a method of program organization and control. Additional areas of emphasis will include objects, object-oriented programming, data structures, and abstract data types. Computer science students will also obtain knowledge of computer architecture and organization. The Computer Science curriculum also requires the student to have significant skills in mathematics and the applications of those skills to real world problem solving.

Learning Outcome(s):
1. Students will know how to use computer science software.

Required Core Courses:
CMPR 121 Programming Concepts 3
CMPR 131 Data Structures Concepts 3
CMPR 129 Introduction to Computer Organization 4
CMPR 140 Discrete Structures for Computer Science 3
MATH 180 Single Variable Calculus I 4
MATH 185 Single Variable Calculus II 4
PHYS 217 Engineering Physics I 4
PHYS 227 Engineering Physics II 4
Total: 29

Note: Only IGETC (Plan C) will be accepted toward completion of the general education portion of this degree. Unlike other Associate Degrees for Transfer, CSU-GE (Plan B) completion will not be accepted for this degree. (An Oral Communication course, IGETC Area 1C, must be completed in order to meet CSU admission requirements.)
Computer Science: Certificate of Achievement
(Transcripted)
Program Code: SAC.CMPR.CA
Program Control Number: 21758
The certificate curriculum in computer science leads to entry-level employment in computer science, engineering and other areas where high aptitude in computer programming is recognized. The program prepares students for careers as engineering aides, scientific computing technicians and junior programmers. The program also prepares students to transfer to a university with a major in Computer Science.

Learning Outcome(s):
1. Concepts of programming, text Processing, Inheritance, Exception’s I/O
2. Arrays, Advanced Classes, Conditional Statements, Loops and Methods
3. Database Connections to front end applications

Required Core Courses:: Units: 16
CMPR 100 The Computer and Society 3
CMPR 120 Introduction to Programming 3
CMPR 121 Programming Concepts 3
CMPR 129 Introduction to Computer Organization 4
CMPR 131 Data Structures Concepts 3

Select ONE course from the following: Units: 3
CMPR 113 Advanced Java 3
CMPR 205 Advanced Visual Basic 3
CMPR 213 C# Programming 3

Select an additional SIX units from the following: Units: 6
CMPR 113 Advanced Java 3
CMPR 117 Perl Programming and CGI 3
CMPR 118 JavaScript Programming 3
CMPR 134 Microsoft Windows Operating System 3
CMPR 139 Configuration and Administration of Local Area Networks 1.5
CMPR 140 Discrete Structures for Computer Science 3
CMPR 205 Advanced Visual Basic 3
CMPR 213 C# Programming 3

CMPR 248 Microsoft SQL Server 3
MATH 180 Single Variable Calculus I 4
MATH 180H Honors Single Variable Calculus I 4
MATH 185 Single Variable Calculus II 4

Total: 25-27

IT Desktop and Server Operations: Certificate of Achievement
(Transcripted)
Program Code: SAC.CMITD.CA
Program Control Number: 39840
The IT Desktop and Server Operations certificate is designed to prepare students in the technical field of desktop and server management. Technical background in LAN infrastructure, networking, virtualization, operating systems, Microsoft and Linux server & client technologies, email platforms, mobile device management, cloud-based solutions, supporting technology solutions following industry best practices and all relevant standards and practices.

Learning Outcome(s):
1. Describe ethical, professional, and legal challenges that confront an IT professional.
2. Demonstrate knowledge of the fundamental concepts of operating systems, networks, and cloud computing.
3. Design, implement, manage and administer a secured, local area network consisting of desktop clients and servers.

Take ALL of the following courses: Units: 15
CMPR 134 Microsoft Windows Operating System 3
CMPR 138 CompTIA Network+ Guide to Networks 3
CMPR 153 A+ Essentials Hardware 3
CMPR 154 A+ Essentials Software 3
CMPR 247 Windows Server Operating System 3

Total: 15

IT Network and Security Operations: Certificate of Achievement
(Transcripted)
Program Code: SAC.CMITN.CA
Program Control Number: 39836
The IT Network and Security Operations certificate is an mid-level certification for network technicians and information security analysts. This certification is designed to test the competency of a mid-level network technician in supporting and configuring TCP/IP clients in terms of network design, cabling, hardware setup, configuration, installation, support, and troubleshooting and best practices in network defense, vulnerability risk assessment, and cybersecurity.

Learning Outcome(s):
1. Describe ethical, professional, and legal challenges that confront an IT professional in network security.
2. Design, implement, manage and administer a secured network environment.
3. Evaluate best practices in networking, information technology management and security to enhance business processes.
4. Develop written documentation and presentations, individually and in collaborative environments, that provide solutions networking and security management challenges.

Required Core Courses: Units: 15
CMPR 138 CompTIA Network+ Guide to Networks 3
CMPR 153 A+ Essentials Hardware 3
CMPR 154 A+ Essentials Software 3
CMPR 175 CompTIA Security+ Guide to Network Security 3
CMPR 247 Windows Server Operating System 3

Total: 15
IT Support Specialist: Certificate of Achievement (Transcripted)

Program Code: SAC.CMITS.CA
Program Control Number: 39839

The IT Support Specialist certificate of achievement is based on the learning objectives from the CompTIA IT Fundamentals (ITF+) and CompTIA A+ certifications. Also, the certificate of achievement includes help desk “soft skills” such as effective communication, analytical and critical thinking, diplomacy, problem solving, leadership, team building, and listening skills. The IT Support Specialist certificate provides the required competencies to be employed in high demand, high wage jobs and careers in information technology.

Learning Outcome(s):
1. Identify features and functions of common operating systems and establishing network connectivity
2. Identifying, using, and connecting hardware components and devices
3. Achieve hands-on experience installing and using help desk issue tracking software.
4. Know how to set up and install common peripheral devices to a laptop/PC or secure a basic wireless network
5. Install and configure laptops and other mobile devices
6. Comprehend notational systems, illustrate the basics of computing and explain the value of data and troubleshooting
7. Troubleshoot PC and mobile device issues including application security support

Take ALL of the following courses: Units: 16-19
- CMPR 100 The Computer and Society 3
- CMPR 104 Cooperative Work Experience Education-Occupational 1-4
- CMPR 125 Help Desk Fundamentals 3
- CMPR 134 Microsoft Windows Operating System 3
- CMPR 153 A+ Essentials Hardware 3
- CMPR 154 A+ Essentials Software 3

Total: 16-19

Database: Certificate of Proficiency (Untranscripted)

Program Code: SAC.CISDB.CERT

Databases are essentially central to all businesses. They are the means by which large quantities of information can be stored, organized and retrieved, and are used to support an organization’s operations, such as payroll and time sheets, project management, inventory and health records.

This certificate is designed to prepare students in the career as an entry-level database analyst/administrator or those information technology professionals who would like to concentrate in developing and supporting database management systems. This certificate provides training in creating and maintaining databases based on fundamentals of relational database and Structured Query Language (SQL), and training in generating queries for ad-hoc reporting, stored procedures and functions using the latest database management system (DBMS) software such as Microsoft SQL Server, Oracle and MS Access.

Learning Outcome(s):
1. Use Microsoft Access to create a professional and user-friendly working database, to create effective queries in retrieving data, to create effective reports based on given criteria, and to create useful and professional mainform/subforms
2. Manage, update and retrieve data from DBMS (Database Management System) using the SQL Language commands
3. Design database by applying normalization rules and create E-R (Entity Relationship) and UML (Unified Modeling Language) diagrams for a given database scenario
4. Create applications using appropriate Visual Basic or Java programming language to update database table data

Required Core Courses: Units: 9
- CMPR 167 Microsoft Access 3
- CMPR 168 Microsoft Access - Visual Basic for Applications 3
- CMPR 169 Structured Query Language (SQL) 3

Select ONE group of the following courses: Units: 6
- CMPR 105 Visual BASIC Programming 3
  AND
- CMPR 205 Advanced Visual Basic 3
- OR
- CMPR 112 Java Programming 3
  AND
- CMPR 113 Advanced Java 3

Total: 15

Enterprise Systems: Certificate of Proficiency (Untranscripted)

Program Code: SAC.CMPRES.CERT

Prepares students to be involved with running Enterprise (large-scale) computer systems. Students will learn how to design and configure multicomputer networking systems, configure, administrate, and maintain servers, and manage related issues such as reliability, safety and security.

Learning Outcome(s):
1. Students will know how to use web programming software.

Required Core Courses: Units: 12
- CMPR 173 Introduction to Networking Technology 3
- CMPR 247 Windows Server Operating System 3
- CMPR 248 Microsoft SQL Server 3
- CMPR 249 Microsoft Internet Information Server (IIS) 3

Total: 12
Programming: Certificate of Proficiency

Program Code: SAC.CMRP.CERT

The associate degree and certificate curriculum in computer science leads to entry-level employment in computer science, engineering and other areas where high aptitude in computer programming is recognized. The program prepares students for careers as engineering aides, scientific computing technicians and junior programmers. The program also prepares students to transfer to a university with a major in Computer Science.

Learning Outcome(s):

Criminal Justice Option Degree: AS

Program Code: SAC.CJ.AS

Program Control Number: 04249

The Criminal Justice Option Degree curriculum is designed to prepare students for entry-level employment in local, state, federal, or private sector criminal justice agencies that do not require bachelor’s degrees, and to provide students who wish to transfer to a four-year academic institution with 27 units of criminal justice course work. This degree prepares students for careers in the fields of law enforcement, probation, corrections, courts, and private security.

Learning Outcome(s):
1. Develop in students pursuing Criminal Justice careers the skills to evaluate career opportunities.
2. Develop critical thinking and ethical reasoning in students interested in the criminal justice field.

Administration of Justice Degree for Transfer: AS-T

Program Code: SAC.CJ.AST
Program Control Number: 32255

The Associate in Science in Administration of Justice for Transfer (AS-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Criminal Justice.

Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AS-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to a local CSU, in the Criminal Justice major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AS-T in Administration of Justice students will have greater understanding regarding the commission of illegal acts and their associated responses by the criminal justice system. Students will also learn the operation of the criminal justice system regarding arrest, trial, corrections, and release into the community.

Learning Outcome(s):
1. Develop critical thinking and ethical reasoning regarding criminal justice issues.
2. Evaluate career opportunities in the criminal justice field.

Total Number of Degree Units 60
Total: 18-20

Law Enforcement Option: Certificate of Achievement (Transcripted)

Program Code: SAC.CJLE.CA
Program Control Number: 21796

The Law Enforcement Option Certificate is designed to meet or exceed the minimum P.O.S.T. requirements for entry-level employment as peace officers. This certificate requires successful completion of the Basic Police Academy (CJA 099A). Students interested in this certificate should contact an academic counselor, the Criminal Justice Academies, and the Criminal Justice Department for details.

Learning Outcome(s):
1. Develop critical thinking and ethical reasoning in students interested in the law enforcement field.
2. Appraise the responsibilities of the law enforcement profession.

Corrections Officer Program: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.CJCO.CERT

The Corrections Officer Certificate is designed to upgrade the skills and knowledge that criminal justice professionals require, and it provides knowledge of new procedures, policies, and judicial rulings to anyone interested in the criminal justice system, particularly in the field of corrections. This certificate consists of course work that is fundamental for working in the fields of law enforcement, probation, corrections, courts, and private security, and leads to completion of the Criminal Justice Option Degree.

Learning Outcome(s):
1. Develop critical thinking and ethical reasoning in students interested in the criminal justice field.
2. Develop in students pursuing Criminal Justice careers the skills to evaluate career opportunities.

Required Core Courses: Units: 15

CRIMINAL JUSTICE ACADEMIES

Basic Law Enforcement Academy: Certificate of Achievement (Transcripted)

Program Code: SAC.CJBLE.CA

Program Control Number: 40815

Students will receive instruction in all areas of criminal justice, as required by P.O.S.T., for entry-level law enforcement officers. This program is offered in cooperation with the Orange County Sheriff's Department.

Learning Outcome(s):
1. Develop the knowledge and skills to safely fulfill the duties and responsibilities of California peace officers.
2. Develop the knowledge and skills necessary to respond to emergency situations and legally use force to include the proficient use of firearms.

DANCE

Dance Degree: AA

Program Code: SAC.DNCE.AA

Program Control Number: 04222

The associate in arts degree program in dance provides training in three areas of technique: ballet, modern, and jazz. Integral parts of the curriculum are practical experience in concert performance and production work as well as a theoretical background in choreography, somatics and dance history. Completion of the associate in arts degree prepares the student to enter a four-year institution leading to a baccalaureate degree. Please consult a SAC counselor for information about course requirements for particular four-year institutions. The dance program provides training for careers and employment in the performing arts, education, choreography, movement therapy, arts consultancy, dance criticism and related fields.

Learning Outcome(s):
1. Summarize the history of classic and contemporary dance forms.
2. Demonstrate a clear understanding of the interaction between choreographer, performer, and audience, and recognize the production components of lighting, costume, and set design through the creation and presentation of dance in public performances.
3. Execute proficiency in performance and technical skills in modern, ballet, and jazz dance and apply somatic approaches to dance training.

**Dance: Certificate of Achievement** *(Transcripted)*

**Program Code:** SAC.DNCE.CA  
**Program Control Number:** 21786

The certificate program in dance combines comprehensive advanced courses in dance technique with courses of a specialized nature to provide a complete program of study and training in technique and performance.

This program is designed to develop skills necessary for a career as a dance performer and to provide extensive pre-professional performance experience. Employment opportunities exist in a variety of areas: dance companies; instructor in private dance studios; dancer for commercial stage, television, and film; choreographer/performer in music videos; and production choreographer.

**Learning Outcome(s):**

1. Demonstrate competency in the creation and presentation of dance in public performances.
2. Execute proficiency in performance and technical skills in modern, ballet, jazz, hip-hop and contemporary dance styles, to audition for commercial performance venues.
3. Develop an understanding of the interaction between choreographer, performer and audience, and the production components of lighting, costume and set design, through the creation and presentation of dance in public performances.

Program Code: SAC.DSLMR.AS
Program Control Number: 08712

In addition to the general education requirements, the associate degree curriculum in heavy equipment technology is designed to prepare students with knowledge and skills applicable to medium/heavy duty equipment in the trucking industry. Experience will be acquired in domestic and foreign versions of these equipment. Students currently in the trade working with medium/heavy duty systems or new students entering in the trade will benefit from this training.

Learning Outcome(s):
1. Demonstrate proper safety procedures when working with heavy equipment service and repair.
2. Identify shop hazards and environmental safety concerns.
3. Explain the operation and function of heavy equipment hydraulic and refrigeration systems.

Required Core Courses:
- DSL 115 Heavy Duty Mobile Hydraulics 3
- DSL 121 Diesel Engines 4.5
- DSL 161 Electrical/Electronic Systems 5
- DSL 165 Transport Refrigeration 5
- DSL 287 Compressed Natural Gas Engines 4
- WELD 101 Introduction to Welding 3

Total: 24.5

Medium/Heavy Truck Technology Degree: AS
Program Code: SAC.DSL.AS
Program Control Number: 04207

In addition to the general education requirements, the associate degree in medium/heavy truck technology is designed to successfully prepare students to enter the medium and heavy-duty transportation industry as an apprentice or technician helper, or provide supplementary knowledge for equipment operators and truck drivers. The program provides lecture and lab activities related towards heavy-duty vehicle engines, steering and suspension components, brakes, electrical, and preventative maintenance inspections. Those working in the industry will be able to improve their competencies in each subject area. Employment opportunities exist for trained individuals in a rapidly expanding field.

Learning Outcome(s):
1. Demonstrate skills in locating information and service procedures of medium/heavy duty vehicle systems.
2. Develop skills in properly measuring and analyzing medium/heavy duty vehicle concerns.

Required Core Courses:
- DSL 121 Diesel Engines 4.5
- DSL 141 Brakes 4.5
- DSL 151 Suspension and Steering 4.5
- DSL 161 Electrical/Electronic Systems 5
- DSL 181 Preventative Maintenance Inspection 3

Total: 21.5

Heavy Equipment Service: Certificate of Achievement
(Transcribed)
Program Code: SAC.DSLMR.CA
Program Control Number: 21770

The certificate curriculum in heavy equipment service is designed to prepare students with knowledge and skills applicable to medium/ heavy duty engines and equipment the trucking industry. Experience will be acquired in domestic and import versions of these engines and equipment. Students currently in the trade working on medium-duty engines and equipment or new students entering in the trade will benefit from this training.

Learning Outcome(s):
1. Explain basic mechanical and electrical medium/heavy duty equipment operation.
2. Examine medium/heavy duty truck equipment and engines for correct operation and soundness.

Required Core Courses:
- DSL 115 Heavy Duty Mobile Hydraulics 3
- DSL 121 Diesel Engines 4.5
- DSL 165 Transport Refrigeration 5
- DSL 287 Compressed Natural Gas Engines 4
- WELD 101 Introduction to Welding 3

Total: 19.5

Medium/Heavy Truck Service: Certificate of Achievement
(Transcribed)
Program Code: SAC.DSL.CA
Program Control Number: 21772

The certificate curriculum in medium/heavy truck service is designed to successfully prepare students to enter the medium and heavy-duty transportation industry as an apprentice or technician helper, or provide supplementary knowledge for equipment operators and truck drivers. The program provides lecture and lab activities related towards heavy-duty vehicle engines, steering and suspension components, brakes, electrical, and preventative maintenance inspections. Those working in the industry will be able to improve their competencies in each subject area. Employment opportunities exist for trained men and women in a rapidly expanding field.

Learning Outcome(s):
1. Demonstrate skills in locating information and service procedures of medium/heavy duty vehicle systems.
2. Develop skills in properly measuring and analyzing medium/heavy duty vehicle concerns.

Required Core Courses:
- DSL 121 Diesel Engines 4.5
- DSL 141 Brakes 4.5
- DSL 151 Suspension and Steering 4.5
- DSL 161 Electrical/Electronic Systems 5
- DSL 181 Preventative Maintenance Inspection 3

Total: 29.5
Heavy Duty Chassis Service: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.DSLHD.CERT

Heavy duty chassis service is designed to prepare the student for employment in the trucking industry. Within this certificate, there will be an emphasis on serviceability of suspension, steering, air brakes, and chassis components. This program of study will also help prepare the student for national ASEs T3 Drive Train, T4 Brakes, and T5 Suspension and Steering certification.

Learning Outcome(s):
1. Evaluate and inspect heavy duty chassis components found on heavy duty equipment and vehicles.
2. Discuss and diagnosis concerns on brakes, steering, and chassis systems on heavy duty equipment.
3. Measure and replace brake, steering, and chassis components on heavy duty equipment.

Required Core Courses:
- DSL 131 Drive Train 4.5
- DSL 141 Brakes 4.5
- DSL 151 Suspension and Steering 4.5

Total: 13.5

Heavy Duty Diesel Engine Service: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.DSLDE.CERT

The Heavy Duty Diesel Engine Service Certificate program prepares the student for employment in industry. The servicing of these modern engines includes training on safety, teardown and assembly procedures, measurement, and diagnosis. Hands-on practical experience is emphasized. This certificate would prepare the student for national ASE T2 certification.

Learning Outcome(s):
1. Describe the process of teardown, inspection, and measurement when rebuilding heavy duty diesel engines.
2. Describe the diagnostic procedures working on medium/heavy duty engine concerns and faults.

Required Core Courses:
- DSL 125 Medium/Heavy Duty Diesel Engine: Top End Service 4
- DSL 126 Medium/Heavy Duty Diesel Engine: Bottom End Service 4

Total: 8

Transit Bus Maintenance: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.DSLTB.CERT

The Transit Bus Maintenance Certificate is designed to train students in the field of transit bus service, repair, and troubleshooting. Completion of courses CERT1 through CERT10 prepares the student for industry. Safety, theory of operation, diagnosis, and service procedures are emphasized. The student must furnish approved safety equipment for the first meeting of the DSL 202 course. This equipment includes: Approved ANSI Safety Glasses, Reflective Safety Vest, and Steel-Toed Shoes.

Learning Outcome(s):
1. Explain basic safety operation concerns when operating a transit bus on assigned route.
2. Explain proper steps in completing a transit bus pre-trip inspection.

Required Core Courses:
- DSL 202 Introduction to Coach Operations 1
- DSL 203 Transit Vehicle Electrical Systems 2
- DSL 204 Transit Vehicle Air Systems 0.5
- DSL 205 Transit Vehicle Air Brake Systems 1
- DSL 206 Transit Vehicle Automatic Transmissions 1.5
- DSL 207 Transit Vehicle Engines 2.5
- DSL 208 Transit Vehicle Heating, Ventilation, Air Conditioning 1.5
- DSL 209 Transit Vehicle Drive Train Suspension 1
- DSL 210 Transit Vehicle Wheelchair Lifts 0.5
- DSL 211 Hydrogen Fuel Cell Safety 0.2
- DSL 212 Hydrogen Fuel Cells 1
- DSL 213 Hydrogen used for Fuel Cells 1
- DSL 214 Fuel Cell High Voltage Systems 1

Total: 14.7

Transport Refrigeration/Temperature Control: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.DSLTR.CERT

The certificate curriculum in transport refrigeration is designed to prepare students to enter the field as an apprentice or helper service technician. The course work provides training in the service, repair, and troubleshooting techniques of Carrier Transicold and Thermo King truck and trailer refrigeration units. The course work is made up of lecture and lab performances on current production units, covering the refrigeration and electrical systems used to control the unit’s operation to maintain desired product temperature to protect the consumer’s health. Employment opportunities for men and women exist in this rapidly expanding field.

Learning Outcome(s):
1. Demonstrate proper pre-trip inspection procedures prior to transport refrigeration operation.
2. Describe the maintenance schedule of a basic and hybrid transportation refrigeration unit.

Required Core Courses:
- DSL 132 Diesel Fuel Systems and Emissions 3
- DSL 161 Electrical/Electronic Systems 5
- DSL 165 Transport Refrigeration 5

Total: 13
DIGITAL MEDIA
Digital Media Arts Degree: AA
Program Code: SAC.ARTDM.AA
Program Control Number: 04223

The Digital Media Arts program focuses on a rigorous program of design and media coursework in preparation for a career in digital media, digital design, design development and media publishing. The program develops visual communication skills in print, web and media development.

Learning Outcome(s):
1. Practice creative self-improvement through critical evaluation, application of design vocabulary and personal creative application.
2. Create unique visual communication packages in print, web and media design.
3. Create unique graphics for application across multiple media platforms.
4. Practice all aspects of the design production process in a professional manner, through client-based interactions, project management, and observation of deadlines.

Digital Media Degree: AA
Program Code: SAC.DM.AA
Program Control Number: 04195

Completion of the associate degree prepares students to move into a four-year program leading to a baccalaureate degree. Please consult a SAC counselor for information about course requirements for particular four-year institutions. The associate degree also trains students to assume entry-level positions in broadcasting, cable TV, corporate video, and advertising.

Learning Outcome(s):
1. Students will demonstrate basic knowledge and operational skills associated with various technologies and equipment utilized in the production and post production of professional video programs.
2. Students will acquire sufficient knowledge and understanding of the various aspects and crew positions associated with producing professional television programs, so as to be able to effectively assess the technical and personnel requirements for a production, coordinate the necessary resources and successfully execute the plan as either an individual or a member of a production team.
3. Students will demonstrate critical thinking by reviewing and critiquing past and current movies and TV shows to assess their strengths and weakness from the point of view of the media consumer.

Agency Film Production: Certificate of Achievement
(Transcribed)

Program Code: SAC.TVAFP.CA
Program Control Number: 38701

This certificate will introduce and develop core single-camera production skills including producing, directing, filming, and editing videos for clients. Students will use the same production process used for narrative and documentary filmmaking, but learn how to do so to meet client business needs for marketing and training. Upon completion of this certificate program, students will be eligible for entry level employment as Production Assistants, Editors, Videographers, Assistant Directors, and Project Managers.

Learning Outcome(s):
1. The core competencies for an Agency Film maker include:
   - Communication Skills: writing, interpersonal, business and organizational;
   - Digital Visual Acumen to visualize, compose, and film a scene;
   - Technical Acumen for both digital cameras and editing software. The Student Learning Outcomes include:
   - an ability to communicate with clients and determine a visual and aural product that meets the clients' goals and objectives.
   - Concepting a finished product that will meet the clients' needs and budget and will meaningfully convey the intended message.
   - The student will also be able to operate semi-professional and/or professional digital cameras and be able to compose a shot, film it so that it meets all professional standards for: focus, white balance, composition, color and texture. And, the student will be able to operate professional video software so that he/she can ingest digital footage, arrange files on a timeline to tell a meaningful story, and export the finished product to common digital file for playback.

Required Core Courses: Units: 21
- ART 195 Introduction to Digital Media Arts 3
- DM 115A Single-Camera Production and Editing 3
- DM 112 Introduction to Video Editing and Postproduction 3
- DM 140 Cinematography 3
- DM 120 Beginning Screenwriting for Digital Media 3
- DM 240 Agency Film Production 3

Total: 21

Broadcast Journalism: Certificate of Achievement
(Transcribed)

Program Code: SAC.TVB.CA
Program Control Number: 10659

Emphasis on preparing students for work in television news programming, documentaries, or public service productions. Students will gain practical experience producing and staffing a weekly news show aired on local cable television.

Learning Outcome(s):
1. Students will demonstrate basic knowledge and operational skills associated with various technologies and equipment utilized in the production and post production of professional newscasts.
2. Students will acquire sufficient knowledge and understanding of the various aspects and crew positions associated with producing professional news programs, so as to be able to effectively assess the technical and personnel requirements for a production, coordinate the necessary resources and successfully execute the plan as either an individual or a member of a news team.
3. Students will demonstrate critical thinking by reviewing and critiquing past and current newscasts to assess their strengths and weakness from the point of view of the news consumer.

Required Core Courses: Units: 12
- DM 100 Introduction to Electronic Media: TV, Radio, Film, and the Internet 3
- DM 112 Introduction to Video Editing and Postproduction 3
- DM 115A Single-Camera Production and Editing 3
- DM 140 Cinematography 3

Required Core Courses: 12 units Units: 12
- CMSD 121 Introduction to Reporting and Newswriting 3
- DM 130 Broadcasting for News & Sports 3
- DM 230A Beginning News & Sports Production 3
- DM 230B Intermediate News & Sports Production 3

Digital Media Arts - Production Artist: Certificate of Achievement
(Transcribed)

Program Code: SAC.DMAPA.CA
Program Control Number: 21756

The Production Artist certificate reflects the rapidly changing industry skills for entry into the broad field of graphic design. Graduates of this program will find entry into the profession at various levels, with employment opportunities in the fields of advertising, graphic design, social media, printing industry, and e-commerce. Skills developed include options in digital print and media design.

Learning Outcome(s):
1. Create unique professional graphics based on client requests and business outcomes.
2. Create unique professional layouts for a variety of media projects and formats.
3. Identify and develop creative briefs to support design proposals that address client needs.
4. Develop graphic packages for multiple platform launch.

Required Core Courses: Units: 11
- DM 195 Introduction to Digital Media Arts 3
- DM 121A Fundamentals of Typography 3
- DM 122 Graphic Design I 3
- DM 168 Graphic Design II: Branding and Identity 2

Design Coursework Units: 3
- DM 191A Layout Design 3
- DM 162 Digital Illustration I 3
- DM 192A Digital Illustration II: Advanced Topics Media 3

Santa Ana College 2021-2022 Catalog
Digital Media Arts - UX Design: Certificate of Achievement (Transcribed)

Program Code: SAC.DMBUX.CA
Program Control Number: 21754
The UX Design program is designed to address technical skills and creativity in the areas of digital imaging, online page layout, graphic principles of web design, responsive design and interactive design elements for multimedia presentation. Students have options for developing additional skills through work experience, business marketing, or computer programming.

Learning Outcome(s):
1. Design unique professional graphics for use on the web.
2. Design unique professional page layouts for interactive use in web applications and online communications.
3. Test design outcomes and effectiveness through focused client testing.
4. Address responsive design concerns for client needs and desired outcomes.

Required Core Courses: Units: 9
- DM 195 Introduction to Digital Media Arts 3
- DM 121A Fundamentals of Typography 3
- DM 164 Web Design 3

Electives Units: 6-7
- DM 124 Cooperative Work Experience - Occupational 1-4

Screenwriting: Certificate of Achievement (Transcribed)

Program Code: SAC.DMSW.CA
Program Control Number: 10660
Emphasis on learning writing skills for the development of such television programming as sitcoms, talk shows, news and documentaries, musical variety shows, game shows and soaps, as well as commercials, corporate videos and web programs.

Learning Outcome(s):
1. Students will demonstrate basic knowledge and operational skills associated with various technologies and software utilized in screenwriting.
2. Students will acquire sufficient knowledge of the various aspects and crew positions associated with producing professional television scripts as either an individual or a member of a writing team.
3. Students will demonstrate critical thinking by reviewing and critiquing past and current movies and TV shows to assess their strengths and weakness from the point of view of the media consumer.
4. Assess the technical and personnel requirements for a production, and coordinate the necessary resources.

Required Core Courses: Units: 12
- DM 100 Introduction to Electronic Media: TV, Radio, Film, and the Internet 3
- DM 112 Introduction to Video Editing and Postproduction 3
- DM 115A Single-Camera Production and Editing 3
- DM 140 Cinematography 3

Graphic Arts: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.ARTGA.CERT

An express (untranscripted) certificate program introducing students to major components of Graphic Design and Digital Media. The program prepares students for entry-level positions in the field of graphic arts and design related office work. The courses in this certificate are required for the AA degrees in Graphic Design and Digital Media Arts.

Learning Outcome(s):
1. Competently create digital designs using industry-standard design software and theories.
2. Demonstrate creative problem-solving skills.
3. Apply design knowledge to basic industry problems in multiple media applications; including web, print, and communication graphics.
4. Develop a digital mediabased portfolio for application in entry-level design careers.

EARTH SCIENCE

Earth Science Degree: AA
Program Code: SAC.ES.AA
Program Control Number: 31980

The Associate degree curriculum in Earth Science prepares students to transfer to a four-year institution leading to a baccalaureate degree in Earth Sciences or Geology. Please consult a SAC counselor for information about course requirements for particular four-year institutions. A baccalaureate degree in Earth Sciences may provide the recommended content preparation for students interested in teaching science at the middle school level or are planning to go to law school in the area of Environmental Law or Public Policy. Students may also gain necessary opportunities with Geotechnical or Environmental consulting firms or with government agencies such as the National Park Service.

Learning Outcome(s):
1. Students will demonstrate proficiency and knowledge with regards to the physical structure of the Earth through the paradigm of plate tectonics.
2. Students will demonstrate proficiency and knowledge regarding the operations and interrelations of Earth systems.

ECONOMICS

Economics Degree: AA
Program Code: SAC.ECON.AA
Program Control Number: 04256
The associate degree curriculum in economics is a program of basic courses which enable students to move into a curriculum in a four-year institution leading to a baccalaureate degree. Economics prepares the student for a number of career opportunities such as accounting and marketing in the areas of business, government and teaching.

Learning Outcome(s):
1. Students will communicate using basic economic terminology, interpret relevant economic data, and follow and construct fundamental economic arguments
2. Students will define and explain the fundamental economic problem of scarcity and its consequences relating to opportunity cost and marginal decision-making of individuals, firms, and society
3. Students will use the basic tools of economic modeling and graphing to evaluate the market system, to increase the efficiency of resource allocation, and to predict changes within the market and economy.

Required Core Courses: Units: 21-22
ACCT 101 Financial Accounting 4
ACCT 102 Managerial Accounting 4
ECON 120 Principles/Macro 3
ECON 121 Principles/Micro 3
BUS 150 Introduction to Information Systems and Applications 3
OR
MATH 145 Finite Mathematics* 4
MATH 219 Statistics and Probability 4
OR
MATH 219H Honors Statistics and Probability 4
SOCS 219 Statistics and Probability 4
OR
SOCS 219H Honors Statistics and Probability 4
PSYC 210 Statistics for the Behavioral Sciences 4
MATH 150 Calculus for Biological, Management and Social Sciences 4
OR
MATH 180 Single Variable Calculus I 4
OR
MATH 180H Honors Single Variable Calculus I 4
LIST A: Select one (3-5 units) Units: 3-5
MATH 140 College Algebra 4
OR
MATH 145 Finite Mathematics 4
OR
MATH 162 Trigonometry 4
OR
MATH 170 Pre-Calculus Mathematics 4
OR
MATH 185 Single Variable Calculus II 4
OR
MATH 287 Introduction to Linear Algebra and Differential Equations 5
OR
ENGL 102 Literature and Composition 4
OR
ENGL 102H Honors Literature and Composition 4
OR
ENGL 103 Critical Thinking and Writing 4
OR
ENGL 103H Honors Critical Thinking and Writing 4
OR
PHIL 110 Critical Thinking 4
OR
PHIL 110H Honors Critical Thinking 4
OR

OR
BUS 150 Introduction to Information Systems and Applications 3
OR
BUS 222 Business Writing 3
OR
CMST 140 Argumentation and Debate 3
OR
ACCT 101 Financial Accounting 4
OR
ACCT 102 Managerial Accounting 4
LIST B: Select one course (4 units) Units: 3-5
OR
MATH 280 Intermediate Calculus 4

Total: 21-22

Economics Degree for Transfer: AA-T
Program Code: SAC.ECON.AAT
Program Control Number: 35555
The Associate in Arts in Economics for Transfer (AA-T in Economics) prepares students to move into the CSU system leading to a baccalaureate degree in Economics. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Arts in Economics for Transfer (AA-T in Economics) also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU.

See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the Associate in Arts in Economics for Transfer (AA-T in Economics), students will have demonstrated a general understanding of the academic standards expected of majors in the economic discipline. The program strives to motivate students to strengthen their problem solving, analytical reasoning, critical thinking and communication skills that will assist them in their further studies and careers. The program further aims to develop marketable students that are responsible citizens aware of and informed about the variety of differing views on current economic events and policy issues and how they impact our lives.

Learning Outcome(s):
Students who complete an AA-T in Economics will:
1. Utilize microeconomic or macroeconomic theory to analyze a specific economic scenario.
2. Utilize data to gain insight into a specific economic relationship.
3. Utilize economic history and/or the history of economic ideas to inform a comprehensive understanding of a current economic perspective or event.

Elementary Education (Pre-Professional) Degree: AA

Program Code: SAC.EDUPP.AA
Program Control Number: 17761

The Associate of Arts degree in Elementary Education (Pre-Professional) is designed to prepare students for transfer to a four-year university to obtain a bachelor’s degree and multiple subject teaching credential. Completion of the courses in this degree will partially satisfy requirements for the California State University integrated and traditional teacher preparation programs. The courses are part of the curriculum that can be started at the community college and completed at the university. The curriculum is designed for students who seek the pre-professional subject matter preparation for elementary school teaching consistent with the standards established by the California Commission on Teacher Credentialing. Additionally, the degree curriculum may also serve as preparation for paraprofessional positions in the K-12 classroom setting by satisfying unit requirements as established by law.

Students interested in becoming a K-12 teacher should visit the Center for Teacher Education at SAC (Located in the Counseling Center - Room S-110).

Learning Outcome(s):
1. Identify elements of diversity and diverse learning styles in student populations and discover how teachers and schools can promote learning for all students
2. Demonstrate proficiency in 14 content areas required for subject matter competency for elementary teachers

Required Core Courses: Units: 18-23

EDUC 201 Introduction to Education 3
CDEV 107 Child Growth and Development (DS1) 3
OR
PSYC 157 Introduction to Child Psychology 3
BIOL 115 Concepts in Biology for Educators 3

Elementary Teacher Education for Transfer Degree: AA-T

Program Code: SAC.ETED.AAT
Program Control Number: 31887

The Associate in Arts in Elementary Teacher Education for Transfer (AA-T in Elementary Teacher Education) prepares students to transfer into the CSU system to complete a baccalaureate degree in Liberal Studies and into a multiple subject teaching credential program. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Arts in Elementary Teacher Education for Transfer (AA-T in Elementary Teacher Education) degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Liberal Studies major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the Associate in Arts in Elementary Teacher Education for Transfer (AA-T in Elementary Teacher Education), students will have a strong foundation in introductory content area subject matter requirements for teaching at the elementary school level. Students will also have the opportunity to participate in supervised fieldwork in K-12 settings.

Learning Outcome(s):
1. Identify elements of diversity and diverse learning styles in student populations and discover how teachers and schools can promote learning for all students
2. Demonstrate proficiency in 14 content areas required for subject matter competency for elementary teachers
Required Core Courses: Units: 45
EDUC 201 Introduction to Education 3
ERTH 115 Earth Science for Educators 4
CMST 102 Public Speaking 3
ENGL 101 Freshman Composition 4
OR
ENGL 101H Honors Freshman Composition 4

After School Program Assistant: Certificate of Proficiency (Untranscripted)
Program Code: SAC.EDUCA.CERT

The After School Program Assistant Certificate is intended to prepare a student in the position requiring practical skills and knowledge to work with K-12 children in an after school care, tutoring, or mentoring program. It will also orient students toward further opportunities in higher education.

Learning Outcome(s):
1. Demonstrate knowledge of the practical skills and requirements to work in an entry-level position with children, assisting a teacher, in an after-school care, tutoring, or mentoring program.

Required Core Courses:
CNSL 114 Careers in Teaching 1
OR
CDEV 114 Careers in Teaching 1
OR
EDUC 105 Exploration in the Field of Education 3
OR
EDUC 113 Tutoring Reading in Elementary Schools 3
CDEV 107 Child Growth and Development (DS1) 3
OR
PSYC 157 Introduction to Child Psychology 3
EDUC 120A Development of the School-Age Child 3
OR
CDEV 120A Development of the School-Age Child (DS5) 3
EDUC 120B School-Age Child Care and Recreation Activities 3
OR
CDEV 120B School-Age Child Care and Recreation Activities (DS5) 3

Total: 10-12
After School Program Associate Teacher: Certificate of Proficiency (Untranscripted)

Program Code: SAC.EDUCT.CERT

The After School Program Associate Teacher Certificate is intended to provide students with skills necessary to work with K-12 students in an after-school setting, provide tutoring or homework assistance, or assist in academic enrichment programs.

Completion of the required courses for this certificate plus 50 days of field experience (minimum of 3 hours per day) can qualify you for the California Child Development Associate Teacher Permit with a school-age emphasis.

Contact Career Technical Education (CTE) or Center for Teacher Education counselors at SAC for additional assistance in planning your School-Age profession.

Learning Outcome(s):
1. Demonstrate the advanced skills necessary to work with students in an after school program setting that includes knowledge of academic support/enrichment and activity programming.

Required Core Courses:
EDUC 113 Tutoring Reading in Elementary Schools 1
CNSL 114 Careers in Teaching 1

OR
CDEV 114 Careers in Teaching 1
CDEV 107 Child Growth and Development (DS1) 3

OR
PSYC 157 Introduction to Child Psychology 3
CDEV 110 Child, Family, and Community (DS2) 3
CDEV 205 Introduction to Children with Special Needs 3
CDEV 120B School-Age Child Care and Recreation Activities (DS5) 3

EDUC 120B School-Age Child Care and Recreation Activities 3

Total: 14

Civil Engineering Technology Degree: AS

Program Code: SAC.ENRCT.AS

Program Control Number: 04202

This program prepares students for employment as a CIVIL ENGINEERING TECHNICIAN. Civil engineering technicians help civil engineers to plan, design, and build various infrastructure projects (e.g., highways, bridges, utilities, etc.) as well as commercial, industrial, residential, and land development projects. Civil engineering technicians work in offices and at jobsites, assisting engineers and surveyors. Activities include reviewing blueprints, preparing maps and proposals, testing, and data collection/reporting. Employment is available in private industry and at local and county government agencies.

The skills learned in this program are also essential job skills for civil engineers and architects, so transfer students are encouraged to take this coursework as well. Some of the courses in the program may articulate to university engineering or engineering technology programs. Note that many university engineering programs may not have these job skills courses as part of their regular curriculum.

Learning Outcome(s):
1. Select and develop engineering careers
2. Use CAD software to produce models and technical drawings that conform to industry standards
3. Use common land surveying instruments

The associates degree also requires completion of general education coursework per Plans A, B, or C of the college catalog

Required Core Courses:
ENGR 100A Introduction to Engineering 3

OR
ENGR 100B Introduction to Civil Engineering 2
ENGR 012 Civil/Architectural Blueprint Reading 2
ENGR 122 Engineering Drawing 3

OR
ENGR 125 Engineering Graphics 3
ENGR 183 AutoCAD I 4
ENGR 184 AutoCAD II 4
ENGR 185 Civil 3D 4
ENGR 154 Revit and Civil Drafting 4

Total: 23-24

MATH 162 Trigonometry 4

Total: 31-32
Engineering CAD Drafting Degree: AS
Program Code: SAC.ENRCA.AS
Program Control Number: 08720
This program prepares students for employment as a MECHANICAL or CIVIL ENGINEERING COMPUTER-AIDED DESIGN (CAD) DRAFTER, and has a strong focus on teaching industry-standard CAD software in the respective areas. Students select one of two options: (1) MECHANICAL, which focuses on Solidworks and CATIA, or (2) CIVIL, which focuses on AutoCAD, Civil 3D, and REVIT.

If more units are needed to complete the associates degree (~ 60 units), it is suggested students also select from the following list: For mechanical drafting (ENGR 114, 105, 106), for civil drafting (118, 119).

Learning Outcome(s):
1. Use CAD software to produce industry-standard models
2. Use CAD software to produce industry-standard technical drawings

The associate degree also requires completion of general education coursework (~ 30 units) per Plans A, B, or C of the college catalog.

Required Core Courses: Units: 5-6
ENGR 100A Introduction to Engineering 3
OR
ENGR 100B Introduction to Civil Engineering 2
ENGR 122 Engineering Drawing 3
OR
ENGR 125 Engineering Graphics 3

Select the Mechanical or Civil Option Units: 18
Mechanical Option
ENGR 103 Solidworks Beginning Solid Modeling 3
ENGR 104 Solidworks Intermediate Solid Modeling 3
ENGR 105 Solidworks Advanced Solid Modeling 3

ENGR 130B CATIA II 3
ENGR 124 Advanced Mechanical Drafting and Design 3

Civil Option
ENGR 012 Civil/Architectural Blueprint Reading 2
ENGR 183 AutoCAD I 4
ENGR 184 AutoCAD II 4
ENGR 185 Civil 3D 4
ENGR 154 Revit and Civil Drafting 4

Total: 23-24

Engineering Degree: AS
Program Code: SAC.ENGR.AS
Program Control Number: 04201
This associate degree curriculum provides a basic program of engineering coursework for students planning to transfer to a university engineering program. The program includes common lower-division engineering courses and also the foundational science and mathematics coursework required for most university engineering programs. While the program reflects a typical lower-division university engineering curriculum, it may not fully satisfy lower-division requirements at all engineering university programs. Thus, students should communicate with their desired university to determine the required coursework to transfer with upper-division status. Transfer students are also advised to take job skills courses to improve their employability (see paragraph below).

Students must take coursework for the specified number of units from the block of courses below labeled “engineering or engineering-related courses”. Students should select the courses based on major:

For mechanical engineering majors: ENGR 235, 240, 250, 250L, 280, 281, 125, 103 (or 130A)
For civil engineering majors: ENGR 235, 250L, 183; CMPR 120, 121
The program may also provide the necessary background for employment as a drafter, designer, or engineering technician. However, in these cases, students are advised to also pursue associate degrees or certificates in the appropriate career education areas to improve their employability.

For instance, drafter employment may require a degree or certificate in drafting or CAD technology. Engineering technician employment may require a degree or certificate in engineering technology.

Suggested job skill courses depend on major:
1.) Mechanical engineering majors – ENGR 131, 132, 133, 134, 135, 103, 104, 105, 130A, 130B, 125, 124, 114, and 158.
2.) Civil engineering majors – ENGR 183, 184, 185, 154, 118, and 119.
3.) Electrical engineering majors – ENGR 131, 133, 250, and 250L; CMPR 120, 121.

Learning Outcome(s):
1. Select and prepare for engineering careers
2. Demonstrate aptitude in foundational math and science topics
3. Solve engineering problems of common lower division engineering courses

Engineering and engineering-related courses (take at least 9 units): Units: 9-11
ENGR 100A Introduction to Engineering 3
ENGR 125 Engineering Graphics 3
ENGR 103 Solidworks Beginning Solid Modeling 3
ENGR 130A CATIA I 3
ENGR 183 AutoCAD I 4
ENGR 235 Statics 3
ENGR 240 Dynamics 3
ENGR 250 Electric Circuits 3
ENGR 250L Electric Circuits Laboratory 1
ENGR 280 Strength of Materials 3
ENGR 281 Properties of Engineering Materials 3
CMPR 120 Introduction to Programming 3
CMPR 121 Programming Concepts 3
Mechatronics Degree: AS
Program Code: SAC.ENEMT.AS
Program Control Number: 08711
This program prepares students for employment as a MECHANICAL ENGINEERING TECHNICIAN or as an engineering technician in the related areas of electro-mechanical, aerospace, biomedical, industrial, or manufacturing. The program specializes in the design, fabrication, and testing of mechatronics systems – mechanical systems controlled with electronics or computer technology. The program emphasizes hands-on learning and covers: robotics, PLC (programmable logic controllers), modern fabrication techniques (FDM 3D printing, SLA stereolithography, laser cutting/engraving, machining, G-code, CNC), control systems (using micro-controllers like Arduino; PID control, sensors, motors and actuators), testing and measurement, and basic circuits.

Employment is mainly in private manufacturing industries such as the mechanical, aerospace, bio-medical, or industrial areas.

The skills learned in this program are also essential job skills for ENGINEERS, so transfer students are also encouraged to take this coursework. It should be noted that many of these job skills courses may not be available at the university, and others may be transferable to the university.

If more units are needed to complete the associate degree (~ 60 units), it is suggested students also select from the following list: CMPR 120 (C programming), CMPR 121 (C programming), ENGR 250L (circuits lab), ENGR 104 (Solidworks II), WELD 101 (intro welding).

Learning Outcome(s):
1. Design, fabricate, and operate mechatronics systems
2. Use and program micro-controllers to obtain sensor data and to control various actuators
3. Fabricate parts using various rapid prototyping equipment

The associate degree also requires completion of general education coursework (~30 units) per Plans A, B, or C of the college catalog.

Required Core Courses:  
Units: 23.5
ENGR 100A Introduction to Engineering 3
ENGR 122 Engineering Drawing 3
OR
ENGR 125 Engineering Graphics 3
ENGR 124 Advanced Mechanical Drafting and Design 3
ENGR 103 Solidworks Beginning Solid Modeling 3
ENGR 104 Solidworks Intermediate Solid Modeling 3
ENGR 130A CATIA I 3
ENGR 130B CATIA II 3
ENGR 114 Geometric Dimensioning and Tolerancing 3
ENGR 158 Basic Machining Concepts and Operations 3
ENGR 131 Introduction to Mechatronics 0.5
Total: 23.5
Civil Drafting and Design: Certificate of Achievement (Transcripted)

Program Code: SAC.ENRCE.CA
Program Control Number: 21775

This program prepares students for employment as a DRAFTER or DESIGNER in the CIVIL ENGINEERING, architecture, or construction fields. Civil drafters create detailed technical drawings of buildings, structures, and various construction projects designed by architects and civil engineers. Civil drafters must be proficient in industry-standard CAD software (AutoCAD, Civil 3D, REVIT) and have knowledge of industry-standard drafting practices. Employment is available in private industry and at local and county government agencies.

The skills learned in this program are also essential job skills for civil engineers and architects, so transfer students are encouraged to take this coursework as well. Some of the courses in the program may articulate to university engineering or engineering technology programs. It should be noted that many university engineering programs may not have these job skills courses as part of their regular curriculum.

Learning Outcome(s):
1. Select and develop engineering careers
2. Read and produce industry-standard civil engineering drawings
3. Use a variety of CAD software standard for the civil engineering field

Required Core Courses: Units: 23-24
ENGR 100A Introduction to Engineering 3
OR
ENGR 100B Introduction to Civil Engineering 2
ENGR 012 Civil/Architectural Blueprint Reading 2
ENGR 122 Engineering Drawing 3
OR
ENGR 125 Engineering Graphics 3
ENGR 183 AutoCAD I 4
ENGR 184 AutoCAD II 4
ENGR 185 Civil 3D 4
ENGR 118 Surveying 3
ENGR 119 Advanced Plane Surveying 3
GEOL 101 Introduction to Geology 3
GEOL 101L Introduction to Geology Laboratory 1
MATH 162 Trigonometry 4
Total: 23-24

Civil Engineering Technology: Certificate of Achievement (Transcripted)

Program Code: SAC.ENRCT.CA
Program Control Number: 21766

This program prepares students for employment as a CIVIL ENGINEERING TECHNICIAN. Civil engineering technicians help civil engineers to plan, design, and build various infrastructure projects (e.g., highways, bridges, utilities, etc.) as well as commercial, industrial, residential, and land development projects. Civil engineering technicians work in offices and at job sites, assisting engineers and surveyors. Activities include reviewing blueprints, preparing maps and proposals, testing, and data collection/reporting. Employment is available in private industry and at local and county government agencies.

The skills learned in this program are also essential job skills for civil engineers and architects, so transfer students are encouraged to take this coursework as well. Some of the courses in the program may articulate to university engineering or engineering technology programs. Note that many university engineering programs may not have these job skills courses as part of their regular curriculum.

Learning Outcome(s):
1. Select and develop engineering careers
2. Use civil CAD software to do basic drafting and design
3. Use common land surveying instruments

Required Core Courses: Units: 31-32
ENGR 100A Introduction to Engineering 3
OR
ENGR 100B Introduction to Civil Engineering 2
ENGR 122 Engineering Drawing 3
OR
ENGR 125 Engineering Graphics 3
ENGR 183 AutoCAD I 4
ENGR 184 AutoCAD II 4
ENGR 185 Civil 3D 4
ENGR 118 Surveying 3
ENGR 119 Advanced Plane Surveying 3
GEOL 101 Introduction to Geology 3
GEOL 101L Introduction to Geology Laboratory 1
MATH 162 Trigonometry 4
Total: 31-32

Engineering CAD Drafting: Certificate of Achievement (Transcripted)

Program Code: SAC.ENRCA.CA
Program Control Number: 21773

This program prepares students for employment as a MECHANICAL or CIVIL ENGINEERING COMPUTER-AIDED DESIGN (CAD) DRAFTER, and has a strong focus on teaching industry-standard CAD software in the respective areas. Students select one of two options: (1) MECHANICAL, which focuses on Solidworks and CATIA, or (2) CIVIL, which focuses on AutoCAD, Civil 3D, and REVIT.

Learning Outcome(s):
1. Use CAD software to produce industry-standard models
2. Use CAD software to produce industry-standard technical drawings

Required Core Courses: Units: 5-6
ENGR 100A Introduction to Engineering 3
OR
ENGR 100B Introduction to Civil Engineering 2
ENGR 122 Engineering Drawing 3
OR
ENGR 125 Engineering Graphics 3
ENGR 103 Solidworks Beginning Solid Modeling 3
ENGR 104 Solidworks Intermediate Solid Modeling 3
ENGR 105 Solidworks Advanced Solid Modeling 3
ENGR 130A CATIA I 3
ENGR 130B CATIA II 3
ENGR 124 Advanced Mechanical Drafting and Design 3
Total: 5-6

Select the Mechanical Option or the Civil Option Units: 18

Mechanical Option
ENGR 103 Solidworks Beginning Solid Modeling 3
ENGR 104 Solidworks Intermediate Solid Modeling 3
ENGR 105 Solidworks Advanced Solid Modeling 3
ENGR 130A CATIA I 3
ENGR 130B CATIA II 3
ENGR 124 Advanced Mechanical Drafting and Design 3

Civil Option
ENGR 012 Civil/Architectural Blueprint Reading 2
ENGR 183 AutoCAD I 4
ENGR 184 AutoCAD II 4
ENGR 185 Civil 3D 4
ENGR 154 Revit and Civil Drafting 4
Total: 23-24
Mechanical Drafting and Design: Certificate of Achievement
(Transcripted)
Program Code: SAC.ENRDDD.CA
Program Control Number: 21774
This program prepares students for employment as a MECHANICAL ENGINEERING DRAFTER or DESIGNER. Mechanical drafters use MCAD (mechanical computer-aided drafting/design) software to create solid models and then detailed technical drawings of machinery or mechanical devices produced by engineers. Mechanical drafters must be proficient in parametric MCAD software and have knowledge of current industry drafting practices. Designers are typically drafters with additional industry experience and training. Designers take generic designs from engineers and add detail to them (e.g., material and fastener selection) using MCAD. Employment is primarily in the private industries such as aerospace, biomedical, industrial, and other manufacturing industries.

The skills learned in this program are also essential job skills for ENGINEERS, so transfer students are also encouraged to take this coursework. It should be noted that many of these job skills courses may not be available at the university, and others may be transferable to the university.

If more units are needed to complete the associate degree (~ 60 units), it is suggested students also select from the following list: ENGR 105 (advanced Solidworks), ENGR 106 (Solidworks drawings), ENGR 133 (basic mechatronics), and MATH 160 (trigonometry).

Learning Outcome(s):
1. Apply the rules of orthographic projection to create multiview drawings
2. Produce models and technical and working drawings that conform to industry standards
3. Effectively use Solidworks and CATIA software to produce models and drawings

Required Core Courses: Units: 27.5
- ENGR 100A Introduction to Engineering 3
- ENGR 122 Engineering Drawing 3

OR

- ENGR 125 Engineering Graphics 3
- ENGR 124 Advanced Mechanical Drafting and Design 3
- ENGR 103 Solidworks Beginning Solid Modeling 3
- ENGR 104 Solidworks Intermediate Solid Modeling 3
- ENGR 130A CATIA I 3
- ENGR 130B CATIA II 3
- ENGR 114 Geometric Dimensioning and Tolerancing 3
- ENGR 158 Basic Machining Concepts and Operations 3
- ENGR 131 Introduction to Mechatronics 0.5

Total: 27.5

Mechatronics: Certificate of Achievement
(Transcripted)
Program Code: SAC.ENMT.CA
Program Control Number: 21776
This program prepares students for employment as a MECHANICAL ENGINEERING TECHNICIAN or as an engineering technician in the related areas of electro-mechanical, aerospace, biomedical, industrial, or manufacturing. The program specializes in the design, fabrication, and testing of mechatronics systems – mechanical systems controlled with electronics or computer technology. The program emphasizes hands-on learning and covers: robotics, PLC (programmable logic controllers), modern fabrication techniques (FDM 3D printing, SLA stereolithography, laser cutting/engraving, machining, G-code, CNC), control systems (using micro-controllers like Arduino; PID control, sensors, motors and actuators), testing and measurement, and basic circuits.

Employment is mainly in private manufacturing industries such as the mechanical, aerospace, bio-medical, or industrial areas.

The skills learned in this program are also essential job skills for ENGINEERS, so transfer students are also encouraged to take this coursework. It should be noted that many of these job skills courses may not be available at the university, and others may be transferable to the university.

If more units are needed to complete the associate degree (~ 60 units), it is suggested students also select from the following list: CMPR 120 (C programming), CMPR 121 (C programming), ENGR 250L (circuits lab), ENGR 104 (Solidworks II), WELD 101 (intro welding).

Learning Outcome(s):
1. Design, fabricate, and operate mechatronics systems
2. Use and program micro-controllers obtain sensor data and to control various actuators
3. Fabricate parts using various rapid prototyping equipment

Required Core Courses: Units: 23.5
- ENGR 100A Introduction to Engineering 3
- ENGR 122 Engineering Drawing 3

OR

- ENGR 125 Engineering Graphics 3
- ENGR 103 Solidworks Beginning Solid Modeling 3

OR

- ENGR 130A CATIA I 3
- ENGR 132 Introduction to Robotics 2.5
- ENGR 133 Basic Mechatronics 3
- ENGR 134 Intermediate Mechatronics 3
- ENGR 135 Advanced Mechatronics 3
- ENGR 158 Basic Machining Concepts and Operations 3

Total: 23.5

AutoCAD 2D Basics: Certificate of Proficiency
(Untranscripted)
Program Code: SAC.CAD2D.CERT
This program prepares students for entry level DRAFTER positions that require knowledge of AutoCAD, typically in the architectural, civil, construction, and industrial fields. Students will learn to create and edit technical drawings and annotate designs. The program may be completed in less than one year, and it provides a good first step to more advanced drafting technology coursework and programs.

Learning Outcome(s):
1. Effectively use AutoCAD software

Required Core Courses: Units: 10-11
- ENGR 100A Introduction to Engineering 3

OR

- ENGR 100B Introduction to Architecture/Civil Engineering/ Construction (AEC) 2
- ENGR 183 AutoCAD I 4
- ENGR 184 AutoCAD II 4

Total: 10-11
Mechanical 3D Solid Modeling CAD: Certificate of Proficiency (Untranscripted)

Program Code: SAC.ENGR3D.CERT

This program prepares students for employment as a MECHANICAL ENGINEERING DRAFTER or DESIGNER. Mechanical drafters use MCAD (mechanical computer-aided drafting/design) software to create solid models and then detailed technical drawings of machinery or mechanical devices designed by engineers. The program focuses on training students on industry-standard MCAD software that is used heavily in the mechanical, aerospace, automotive, industrial, & biomedical engineering fields. Students learn to use the parametric nature of MCAD software to produce changeable models incorporating “design intent” and to produce drawings that conform to industry standards. The skills learned are applicable to drafters, designers, engineering technicians, and engineers in these fields.

Employment is primarily in the private manufacturing industries such as aerospace, biomedical, industrial, and many other manufacturing industries.

The skills learned in this program are also essential job skills for ENGINEERS, so transfer students are also encouraged to take this coursework. It should be noted that many of these job skills courses may not be available at the university, and others may be transferable to the university.

Learning Outcome(s):
1. Apply rules of orthographic projection to create multiview drawings
2. Produce models and technical drawings that conform to industry standards
3. Effectively use Solidworks and CATIA software

Required Core Courses: Units: 15.5

English Degree: AA

Program Code: SAC.ENGL.AA

Program Control Number: 04238

The associate degree curriculum in English is designed to develop proficiency in written communication and in the understanding of human nature through the study of language and literature. Completion of the A.A. degree in English prepares students to pursue upper-division studies as an English major focusing on literature, writing, criticism or other related fields.

Students wanting to pursue a career in law, politics, education, or communications often choose the A.A. degree in English because of the emphasis on close reading of texts, strategic employment of language, and strengthened writing skills the program promotes. Because the critical thinking and analytical skills developed as an English major are so versatile, students who may not be sure of their career and/or academic goals might want to consider it.

Learning Outcome(s):
1. Employ active reading and critical thinking skills to analyze, respond to, and evaluate various texts.
2. Use the writing process to develop polished compositions that align with the intended purpose and audience.
3. Use language, sentence structure, and punctuation effectively to convey the intended meaning and tone.
4. Locate both primary and secondary sources of information (using the web, the library, and the library databases) and evaluate them for credibility and accuracy.
5. Correctly integrate and document sources in MLA format to avoid plagiarism.
6. Demonstrate familiarity with major authors, works, genres, literary styles, and literary critical paradigms.

Electives: Units: 9

9 units of electives to be selected from any 200 or above English language or literature class including those above not taken as part of the 6-unit requirement. Note: Students planning to transfer to 4-year schools should consult with the English departments of those institutions and/or www.assist.org regarding specific lower-division requirements and unit limits.

Total: 19
English for Transfer Degree: AA-T

Program Code: SAC.ENGL.AAT
Program Control Number: 32436

The Associate in Arts in English for Transfer (AA-T in English) prepares students to move into the CSU system leading to a baccalaureate degree in English. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree in English also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AA-T in English, students will have demonstrated an understanding of the academic standards expected of readers and writers of the English language. They will be able to apply critical thinking skills in order to evaluate literary works for their artistic and literary merits as well as analyze them according to various interpretive theories and for the use of literary devices. Students will be able to produce correctly formatted, documented, and cited academic essays that utilize appropriately chosen sources in support of their arguments.

Learning Outcome(s):
1. Demonstrate the ability to read and analyze a text, not limited to written fiction.
2. Produce a college-level essay addressing the concerns of a given assignment.
3. Use appropriately chosen research material that is documented and cited correctly in MLA format.

ENTREPRENEURSHIP

Entrepreneurship and Innovation Degree: AA

Program Code: SAC.ENTEI.AA

Program Control Number: 08692

The associate degree in Entrepreneurship and Innovation is designed to give students a thorough understanding of the process of entrepreneurship. It is designed for those who have thought about starting their own ventures, as well as for those new to business. Students learn to develop and commercialize ideas for new ventures. Small business owners learn to develop resources to be more profitable and sustainable. Classes are practical and hands on. They provide real-world exposure to cutting-edge innovation and entrepreneurship. Specialized topics include: building a team, bootstrap marketing, finances and resources, opportunity assessment, design techniques, powerful presentations and more. Many classes are taught in “short sequence formats” of 4-8 weeks.

Learning Outcome(s):

1. Students will acquire the necessary knowledge to start their own businesses either as entrepreneurs or freelance independent contractors.

Freelancer: Certificate of Proficiency (Untranscripted)

Program Code: SAC.FRLAN.CERT

The Freelancer certificate is designed to give all students, but especially non-business majors, a bootcamp understanding of business as applied to a freelance independent contractor. It is designed for new grads who want to freelance to start their careers, full-time workers who want to freelance to earn extra money or transition to a new career, laid-off workers, workers leaving full-time jobs, parents who want to freelance for a flexible schedule, people who want to turn their hobbies into profitable freelance ventures, and seniors who freelance to supplement their incomes.

In the classes students learn how to plan and get started, personal and people skills, different business trades and industries, networking and opportunities, how to get and develop customers, where to get money, how to get paid and how to launch a new freelance business. Classes are short one-unit classes. The goal of the certificate is to teach, as quickly as possible, just what someone needs to know to survive in business as a freelancer.

Learning Outcome(s):

1. Students will demonstrate an understanding of the basic requirements to successfully start and run a small business as well as the ability to apply planning methods to business and entrepreneurial situations.

### ETHNIC STUDIES

#### Black Studies Degree: AA

**Program Code:** SAC.BLST.AA  
**Program Control Number:** 08754

The Associate in Arts Degree in Black Studies is intended to provide students with a multi-disciplinary analysis of the experiences of persons of African descent in the United States. Students will analyze issues relating to the African American community while developing a critical understanding of the Black and African American communities in American society.

**Learning Outcome(s):**

1. Apply a multi-disciplinary approach to the study of African Americans.
2. Analyze and evaluate the social, cultural, and political concepts central to the experiences of African Americans.
3. Assess the historical, literary, and artistic contributions of African Americans to American society and culture.
4. Compare and contrast the various approaches and methodologies employed to study the experiences of African Americans.
5. Analyze the concepts of economic empowerment and self-determination in relation to the African American community.
6. Analyze the impact of public policy on the African American family, past and present.

### Chicano Studies Degree: AA

**Program Code:** SAC.CHST.AA  
**Program Control Number:** 08755

The Chicana/Chicano studies major provides a unique opportunity to serve and understand the Chicana/Chicano community. The major offers a curriculum that focuses on the Chicana/Chicano experience through an analysis of class, race-ethnicity, gender-sexuality, and cultural expression within the historical and contemporary experiences of Chicanas/Chicanos in the Americas.

**Learning Outcome(s):**

1. Demonstrate knowledge of the history and contemporary developments in the field of Chicana/Chicano Studies.
2. Synthesize the historical issues of the Chicana/Chicano community with present day issues in order to correlate shortcomings and successes.
3. Learn key roles the Chicana/Chicano community has played in creating and shaping the United States from inception to present day.
4. Unpack, dissect, comprehend, and apply the differences between cultural identifiers (i.e. Chicana/Chicano, Mexican American, Hispanic, etcetera).
5. Develop and communicate clear, well-organized research through multiple delivery methods for diverse audiences.

Ethnic Studies Degree: AA  
Program Code: SAC.ETHN.AA  
Program Control Number: 04255

The Associate in Arts Degree in Ethnic Studies is intended to provide students with a comparative and multidimensional interpretation of the experiences of African Americans, Asian Americans, Latinos/Latinas, Native Americans, Native Hawaiians/Pacific Islanders, and Polynesians. Students study the histories, cultures, and policies of communities of color in the United States so that they can critically analyze issues distinct to race, ethnicity, class, sexuality, and gender while developing a consciousness for the cultural pluralism in American society.

Learning Outcome(s):
1. The ability to work effectively with increasingly diverse populations.
2. The capacity to analyze the racial impacts of law, politics, culture, and public policy.
4. Awareness of social justice struggles.
5. The development of cultural competency, central to living in and understanding the surrounding world.
7. Critically engage the cultural and intellectual contributions of people of color.
8. Develop research techniques and anti-oppressive methodologies for participatory research with communities of color.

FASHION DESIGN AND MERCHANDISING  
Apparel Product Development and Technical Design Degree: AA  
Program Code: SAC.FDCAP.AA  
Program Control Number: 08742

In addition to the general education requirements, this vocational program provides the technical skills and product background necessary to work in apparel jobs such as pattern making, product development, and technical design in ready-to-wear or theater costumes. Emphasis is placed on developing vocational skills including computer applications current to fashion design manufacturing.

Learning Outcome(s):
1. Apply their creative abilities to support their future design careers.
2. Determine the manufacturing process to the appropriate design process.
3. Solve problems at all levels of the design process.

Required Core Courses:  
Units: 34.5-39.5

Fashion Design Degree: AA
Program Code: SAC.FDC.AA
Program Control Number: 08739

In addition to the general education requirements, the associate degree curriculum in fashion design provides the basic aesthetic concepts and technical skills necessary for immediate employment in the fashion related fields of design or to transfer to a university program. The program prepares students for entry-level positions in apparel design for custom clients, theater costuming, and manufacturer’s operations. Completion of the degree enhances ability to obtain a position and advance in the fashion design field.

Learning Outcome(s):
1. Apply their creative abilities to support their future design careers.
2. Formulate design ideas verbally, visually, and digitally.
3. Utilize various techniques related to drafting, draping, and constructing garments.
4. Design visual materials in both physical and digital formats.

Required Core Courses: Units: 31.5-36.5

- FDM 080 Embroidery 1.5
- FDM 081 Screen Printing 1.5
- FDM 100 Introduction to the Fashion Industry 3
- FDM 103 Fashion Selection 3
- FDM 104 Textile Fibers and Fabrics 3
- FDM 105A Beginning Sewing 3

Santa Ana College 2021-2022 Catalog 131

**FIRE ACADEMY**

**Administrative Fire Services Chief Officer Degree: AS**

**Program Code:** SAC.FTCO.AS

**Program Control Number:** 10549

Administrative Fire Services Chief Officer Degree (sac.ftco.as)
The Administrative Fire Services Chief Officer Degree is designed to prepare students for careers as chief officers. This program meets the requirements of the California Fire Chiefs’ Association and the Chief Fire Officer Certification track of the California State Fire Marshal. Transcript evaluation may allow up to a maximum of 18 units of credit for previous fire service education. If Fire Technology 121 is completed as an elective with a “C” or better grade and FTC 121L is completed with a “pass,” it may be used to satisfy the requirements for section F of the general education requirements for graduation.

Student must complete the general education requirements as outlined in the appropriate catalog.

**Learning Outcome(s):**
1. Meet the occupational standards for California State Fire Training’s Chief Fire Officer Certification.
2. Carry out the job performance requirements as listed in NFPA 1021 Standard for Fire Officer Professional Qualifications (2014).

**Required Core Courses:**

06.26.2021
Fire Administration Option Degree: AS

Program Code: SAC.FTFA.AS
Program Control Number: 8747

The degree program in fire administration is designed to prepare students for careers as fire service officers. The program meets requirements of the California State Board of Fire Services Certified Company Officer and college or university preparation. Transcript evaluation may allow up to a maximum of 18 units of credit for previous fire service education. If Fire Technology 121 is completed as an elective with a “C” or better grade and FTC 121L is completed with a “pass,” it may be used to satisfy the requirements of section F of the general education requirements for graduation.

Student must complete the general education requirements as outlined in the appropriate catalog.

Learning Outcome(s):
1. Demonstrate the ability to manage all-risk emergency incidents at the Fire Officer level.
2. Apply leadership and management theories and decision-making models as they relate to the local, state and federal standards and practices.
3. Analyze complex emergency response scenarios and effectively identify strategies and tactics for successful mitigation.

Required Core Courses: Units: 12.8

- FOT 016 CSFA Terrorism 0.3
- FOT 032 ICS-300 Intermediate ICS 0.5
- FOT 033 ICS-400 Incident Command 0.5
- FOT 150A Company Officer 2A: Human Resource Management for Company Officers 1.5
- FOT 150C Company Officer 2C: Fire Inspections and Investigations 1.5
- FOT 150B Company Officer 2B: General Administration Functions for Company Officers 0.5
- FOT 150D Company Officer 2D: All-Risk Command Operations for Company Officers 1.5
- FOT 150E Company Officer 2E: Wildland Incident Operations for Company Officers 1.5
- FOT 205 Instructor I: Instructional Methodology 1.5
- FOT 273A Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers 1
- FOT 273B Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers 0.5
- FOT 273C Chief Fire Officer 3C: General Administration Functions 1
- FOT 273D Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers 1

Core Electives- In addition, select a minimum of 9 units from the following list (classes in this area may be substituted with similar classes).

Units: 9-10

- FTC 102 Fire Behavior and Combustion 3
- FTC 103 Principles of Fire and Emergency Services Safety and Survival 3
- FTC 104 Fire Prevention 3
- FTC 105 Building Construction for Fire Protection 3
- FTC 106 Fire Protection Systems 3

Total: 21.8-22.8

Fire Prevention Officer Degree: AS

Program Code: SAC.FTPO.AS
Program Control Number: 8749

The Fire Prevention Officer Degree is designed to prepare students as Fire Protection Engineering Technicians and as staff assistants to Fire Protection Engineers; to enable fire department personnel to upgrade skills in the area of fire prevention; to give architects, engineers and persons from other disciplines an opportunity to expand their knowledge of building, life safety and fire protection. Student must complete the general education requirements as outlined in the appropriate catalog.

Learning Outcome(s):
2. Analyze, evaluate, and develop mitigation plans for emergency and hazardous conditions that are inherent to Fire Prevention.
3. Demonstrate written and verbal communication skills, basic math skills, public relations skills and ethical decision making skills required for the occupation of Fire Inspector.

Fire Technology Courses:

Complete all of the courses listed below. Units: 15

- FTC 101 Fire Protection Organization 3
- FTC 102 Fire Behavior and Combustion 3
- FTC 104 Fire Prevention 3
- FTC 105 Building Construction for Fire Protection 3
- FTC 106 Fire Protection Systems 3

Fire Officer Courses:

Complete all of the courses listed below. Units: 11

- FOT 130A Fire Inspector 1A: Duties and Administration 1.5
- FOT 130B Fire Inspector 1B: Introduction to Fire and Life Safety 1.5
- FOT 130C Fire Inspector 1C: Field Inspection 1.5
- FOT 130D Fire Inspector 1D: Field Inspector 1
- FOT 136 Fire Inspector 2A: Fire Prevention Administration 1
- FOT 137 Fire Inspector 2B: Fire and Life Safety Requirements 1.5
- FOT 138 Fire Inspector 2C: Inspecting Fire & Life Safety Systems and Equip. 1

Total: 26
Major Requirements for A.S. Degree

1. Meet all of the pre-academy requirements listed. Copies of documentation must be submitted to the Fire Technology Office.
   - CPR/First Aid - current certification
   - NREMT - current certification
   - Biddle Physical Ability Test - certificate of completion
   - NFPA 1582 Medical Clearance - dated within 2 years of academy participation
2. Complete all Fire Technology coursework listed below with a grade of C or better
3. Complete the Fire Academy: FAC 007 and FAC 060AC with grades of 80% or better.
4. Pass the National Firefighter I Exams.
5. Complete all General Education Coursework.

Learning Outcome(s):

1. Demonstrate the occupational knowledge and technical skills needed to perform the duties of a Firefighter I which is based upon NFPA 1001: Standard for Fire Fighter Professional Qualifications (2019) and California State Fire Training's Fire Fighter 1 (2019).
2. Demonstrate the occupational knowledge and technical skills required to carry out the duties of a Wildland Firefighter, based upon NFPA 1051: Standard for Wildland Firefighting Personnel Professional Qualifications (2016).

Fire Administration Option: Certificate of Achievement (Transcribed)

Program Code: SAC.FTFA.CA
Program Control Number: 21797

The certificate program in fire administration is designed to prepare students for careers as fire service officers. The program meets requirements of the California State Board of Fire Services Company Officer and college or university preparation. Transcript evaluation may allow up to a maximum of 18 units of credit for previous fire service education.

Learning Outcome(s):

1. Demonstrate the ability to manage all-risk emergency incidents at the Fire Officer level.
2. Apply leadership and management theories and decision-making models as they relate to the local, state and federal standards and practices.
3. Analyze complex emergency response scenarios and effectively identify strategies and tactics for successful mitigation.

Required Core Courses:

Santa Ana College 2021-2022 Catalog
Fire Prevention Officer: Certificate of Achievement
(Transcribed)

Program Code: SAC.FTPO.CA

Program Control Number: 17350

The Fire Prevention Officer Certificate is designed to prepare students as Fire Inspectors and as staff assistants to Fire Protection Engineers; to enable fire department personnel to upgrade skills in the area of prevention; and to give architects, engineers and persons from other disciplines an opportunity to expand their knowledge of building, life safety, and fire protection. This certificate program meets the partial requirements of the California State Board of Fire Services Certified Fire Inspector I and college or university preparation.

Learning Outcome(s):

1. Demonstrate written and verbal communication skills, basic math skills, public relations skills and ethical decision making skills required for the occupation of Fire Inspector.
2. Analyze, evaluate, and develop mitigation plans for emergency and hazardous conditions that are inherent to Fire Prevention.

Fire Technology Courses:

Complete all courses listed below. Units: 15

- FTC 101 Fire Protection Organization 3
- FTC 102 Fire Behavior and Combustion 3
- FTC 104 Fire Prevention 3
- FTC 105 Building Construction for Fire Protection 3
- FTC 106 Fire Protection Systems 3

Fire Officer Courses:

Complete all courses listed below. Units: 5.5

- FOT 130A Fire Inspector 1A: Duties and Administration 1.5
- FOT 130B Fire Inspector 1B: Introduction to Fire and Life Safety 1.5
- FOT 130C Fire Inspector 1C: Field Inspection 1.5
- FOT 130D Fire Inspector 1D: Field Inspector 1

Total: 20.5

Public Fire Service Option: Certificate of Achievement
(Transcribed)

Program Code: SAC.FTPFS.CA

Program Control Number: 21798

Students completing the Public Service Option Certificate are prepared for employment as volunteer, paid-on-call, part-time, or full-time firefighters. Through a combination of professional education and technical training, students develop the knowledge and skills needed to perform essential and advanced fireground tasks. Students learn to use, inspect, and maintain firefighting and rescue equipment; and perform basic rescue operations and fire prevention and investigation tasks. As they advance through the program students are provided with numerous opportunities to earn professional certificates and industry-recognized credentials.

Students successfully completing the program receive state and national Fire Fighter 1 Certification through the California Office of the State Fire Marshal, IFSAC (International Fire Service Accreditation Congress) and Pro Board accrediting agencies.

Major Requirements for Certificate

Fire Academy registration requires the approval of the Fire Technology Office. Prior to registering for the Fire Academy (FAC 060A, 060B or 060C), a student must

1. Open a Student File in the Fire Technology Office after completing FTC 101 and FTC 102 with a grade of C or better.
2. Meet all of the pre-academy requirements listed including. Copies of documentation must be submitted to the Fire Technology Office.
   - CPR/First Aid- current certification
   - NREMT- current certification
   - Biddle Physical Ability Test- certificate of completion
   - NFPA 1582 Medical Clearance - dated within 2 years of academy participation
3. Complete all Fire Technology coursework listed below with a grade of C or better.

Learning Outcome(s):

1. Demonstrate the occupational knowledge and technical skills needed to perform the duties of a Fire Fighter I which is based upon NFPA 1001: Standard for Fire Fighter
3. Demonstrate the occupational knowledge and technical skills required to carry out the duties of a Wildland Firefighter, based upon NFPA 1051: Standard for Wildland Firefighting Personnel Professional Qualifications (2016).

Pre-Academy Requirements Units: 0.1

- FAC 008 Biddle Physical Ability Test (PAT) 0.1

Fire Technology Courses Units: 21.3

- FTC 101 Fire Protection Organization 3
- FTC 102 Fire Behavior and Combustion 3
- FTC 103 Principles of Fire and Emergency Services Safety and Survival 3
- FTC 104 Fire Prevention 3
- FTC 105 Building Construction for Fire Protection 3
- FTC 106 Fire Protection Systems 3
- FTC 121 Physical Fitness for Public Safety Personnel 3

AND

- FTC 121L Physical Fitness for Public Safety Personnel - Performance and Assessment 0.3

Fire Academy Courses Units: 15.5

- FAC 007 Strength and Conditioning for the Fire Service 2.5
- FAC 060A Basic Fire Academy- Fire Fighter 1A Structure 10
- FAC 060B Firefighter 1B - Hazardous Materials / WMD 1
- FAC 060C Firefighter 1C - Wildland Firefighter 2

Total: 36.9
Fire Service Core Competencies: Certificate of Proficiency (Untranscribed)

Program Code: SAC.FTFS.CERT

This certificate documents extensive coursework on the part of the recipient in fire and emergency services organization, fire behavior, fire prevention, building construction, and fire protection systems and equipment. Completion of this curriculum provides students with fundamental knowledge of fire department operations, organization and basic fire prevention methods and techniques.

Learning Outcome(s):

1. Define fire department organization, culture, and methods of communication of entry level fire department personnel.
2. Describe fire chemistry and behavior for the purpose of predicting fire dynamics and flame spread characteristics.
3. Demonstrate knowledge of the types of construction. Identify the components and hazards related to each type.
4. Identify components of built-in and portable fire protection systems and alarm and notification devices.
5. Demonstrate knowledge of fire prevention codes and standards, fire safety protection system methods, procedures and building codes, and fire code requirements as they relate to construction for fire protection and fire apparatus access.

Required Core Courses:

- FTC 101 Fire Protection Organization 3
- FTC 102 Fire Behavior and Combustion 3
- FTC 104 Fire Prevention 3
- FTC 105 Building Construction for Fire Protection 3
- FTC 106 Fire Protection Systems 3

Total: 15

GEOGRAPHY

Geography Degree: AA

Program Code: SAC.GEOG.AA

Program Control Number: 04258

The associate degree curriculum in geography provides students with an interdisciplinary background for entry into a curriculum at a four-year institution leading to a baccalaureate degree with career opportunities in a wide range of jobs in government, such as Bureau of Census, C.I.A., D.E.A., U.S.G.S., Department of Immigration and Naturalization, Department of State; and in private industry, such as planning market research, land use analysis, transportation, travel and tourism, and education.

Learning Outcome(s):

1. Students will recognize the interrelatedness of the components of the earth system, processes, and human characteristics found on the planet and analyze these from a spatial perspective and through the use of the scientific method.

Required Core Courses:

- GEOG 100 World Regional Geography 3
  OR GEOG 100H Honors World Regional Geography 3
- AND GEOG 101 Physical Geography 3
  OR GEOG 130 Introduction to Weather and Climate 3

Geography for Transfer Degree: AA-T

Program Code: SAC.GEOG.AAT
Program Control Number: 32343
The Associate in Arts in Geography for Transfer (AA-T) prepares students to move into a curriculum at a 4-year institution leading to a baccalaureate degree in Geography. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AA-T in Geography, students will have an understanding of both the breadth and depth of the spatial perspective that is central to geographic study. This knowledge will be grounded in the comprehension of geographic principles, concepts, ideas, theories, research, terminology, and relationships. Students will also have the capacity to write and think in a critical and analytical way about issues pertaining to earth surface study, human/environment interaction and impact, and local, regional, and global relationships and associations.

Learning Outcome(s):
1. Students will recognize the interrelatedness of the components of the earth system, processes, and human characteristics found on the planet and analyze these from a spatial perspective and through the use of the scientific method.

Geology Degree: AS

Program Code: SAC.GEOL.AS
Program Control Number: 04246
The associate degree curriculum in geology prepares students for transfer to a four-year institution leading to a baccalaureate degree in geoscience majors. Geoscientists find employment with environmental companies that clean up and monitor pollution problems. Geotechnical companies also employ geoscientists to evaluate risk from earthquakes, landslides, and other geological hazards. Oil and mining companies employ geoscientists to find new resources. The federal, state, county, and city governments also employ geoscientists for many of the same functions, as well as geoscience research, and to monitor compliance with environmental regulations. Universities, colleges, and museums offer opportunities for teaching and/or research. Please see a counselor for specific course requirements for your transfer university.

Learning Outcome(s):
1. Students will demonstrate proficiency and knowledge with regards to the physical structure of the Earth and the materials that make up the Earth through the paradigm of plate tectonics.

Geology for Transfer Degree: AS-T

Program Code: SAC.GEOL.AST
Program Control Number: 32144

The Associate in Science in Geology for Transfer (AS-T in Geology) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Geology. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the Associate in Science in Geology for Transfer (AS-T in Geology) degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Geology major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the Associate in Science in Geology for Transfer (AS-T in Geology), students will have a foundation necessary for continued training at the upper division level for geology majors. It is a starting point for students who are preparing for careers in education, geoscience research, and government, where scientific and technical skills are in great demand.

Learning Outcome(s):
1. Students will demonstrate proficiency and knowledge with regards to the physical structure of the Earth and the materials that make up the Earth through the paradigm of plate tectonics.

Required Core Courses:
- GEOL 101 Introduction to Geology 3
- GEOL 101L Introduction to Geology Laboratory 1

History Degree: AA

Program Code: SAC.HIST.AA
Program Control Number: 04257

The associate degree curriculum in history provides a basic program to aid students in thinking critically about one's self, one's cultural heritage, social and economic processes, and national and international affairs. Completion of the degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree and eventually into careers with government agencies, libraries or museums, research programs in business, journalism, international organizations, archival work, and work in law, international relations, and business. Consult a counselor for information about course requirements for specific universities.

Learning Outcome(s):
1. Students who participate in SAC's history program will complete necessary requirements to complete their academic degrees or transfer to a 4-year institution, while simultaneously acquiring knowledge and skills that will help them participate more fully in their workplace and in their community.
2. Students in SAC's History Program will gain an understanding of social, historical, and political situations of the past in order to place current local, national, and international events in an historical context.
3. Students in SAC's History Program will apply critical thinking in the creation, analysis and interpretation of past and current events, and will demonstrate their thinking and reasoning skills by completing a variety of assigned exercises.

Required Core Courses: Units: 12

**INTERNATIONAL BUSINESS**

**International Business Degree: AA**

**Program Code:** SAC.IB.AA  
**Program Control Number:** 09209

The Associate Degree In International Business is designed to provide students and business practitioners, including those already involved in International Business, with practical “hands’ on” exposure to the world of international business. Classes focus on businesses that import and export. Students learn the fundamentals of international business, culture, marketing, finance, law and logistics. Different countries and cultures are explored. Specialized topic areas (for example, marketing, financing, law and logistics) are a sequence of short classes that should be taken in order. The program prepares students to take the NASBITE Certified Global Business (CGBP) Credential Exam.

**Learning Outcome(s):**

1. The goal of the International Business degree program is to prepare students for careers in the global trade marketplace by combining a basic academic foundation in import, export, marketing logistics, international management, international marketing and regional business studies combined with the benefit of experiential learning by using practical tools in use by industry and commerce.

**Required Core Courses:**  
**Units:** 12

- BUS 100  Fundamentals of Business  
  OR
- ENTR 100  Introduction to Innovation and Entrepreneurship

International Business: Certificate of Achievement
(Transcripted)
Program Code: SAC.IB.CA
Program Control Number: 21750
The associate degree and certificate in international business is designed to provide students and business practitioners, including those already involved in International Business, with practical "hands on" exposure to the world of international business.
Classes focus on businesses that import and export. Students learn the fundamentals of international business, culture, marketing, finance, law and logistics. Different countries and cultures are explored. Specialized topic areas (for example, marketing, financing, law and logistics) are a sequence of short classes that should be taken in order. The program prepares students to take the NASBITE Certified Global Business (CGBP) Credential Exam.

Learning Outcome(s):
1. The goal of the International Business certificate program is to prepare students for careers in the global trade marketplace by combining a basic academic foundation in import, export, global logistics, international management, international marketing and regional business studies combined with the benefit of experiential learning by using practical tools in use by industry and commerce.

Global Business and Entrepreneurship: Certificate of Proficiency (Untranscripted)
Program Code: SAC.GBE.CERT
The Global Business and Entrepreneurship Certificate is designed to provide students with a general overview of four areas of business including management, marketing, international, and entrepreneurship.

In business today, knowledge of how functional areas work together is deemed critical by employers. It is no longer sufficient to understand only one part of how a business operates. This certificate provides students with a well-rounded overview of the concepts, techniques, and technologies required to succeed in today’s global and entrepreneurial business environments.

Learning Outcome(s):
1. Students will demonstrate an understanding of and successfully adapt to a multicultural business environment.
2. Students will be able to create a marketing plan for a business to compete successfully in the global marketplace.
3. Students will be able to start, run, or manage an international business operation for a small or mid-size company (SME).

Required Core Courses:
BUS 100 Fundamentals of Business 3
BUS 125 Introduction to International Business 3
ENTR 100 Introduction to Innovation and Entrepreneurship 3
MKTG 113 Principles of Marketing 3
OR
BUS 120 Principles of Management 3

Total: 15

Global Trade Skills: Certificate of Proficiency (Untranscripted)
Program Code: SAC.GLTRA.CERT
The Global Trade Skills Certificate teaches students the transaction level basics of global trade: international logistics, international marketing, international finance, international law, and importing. This stackable certificate is the first step in achieving the International Business Certificate and preparing for the NASBITE Certified Global Business Professional (CGBP) credential exam.

Learning Outcome(s):
1. The student will learn the skills required for an entry level position in career field of Global Trade.
2. The student will be able to clearly communicate verbally and in writing using global trade terminology.
Required Core Courses:

- BUS 110 Export Pricing, Quotations and Terms of Trade 1
- BUS 111 International Business Documentation - Beginning 1
- BUS 113 International Transportation 1
- BUS 114 International Documentation and Supply Chain Management 1
- BUS 141 The Globalization of Marketing 1
- BUS 142 International Market Research and Planning 1
- BUS 143 Packaging, Pricing and Promoting Products/Services for Export 1
- BUS 145 Channels of Distribution in International Markets 1
- BUS 147 International Commercial Agreements and Distribution Law 1
- BUS 148 International Intellectual Property Law 1
- BUS 149 The Law of Global Commerce 1
- BUS 163 International Methods of Payment and Letters of Credit 1

- BUS 165 International Trade Finance and Insurance 1
- BUS 166 Financing an Import/Export Business 1
- BUS 180 Finding and Evaluating Products for Import 1
- BUS 182 Classifying Imports and Clearing US Customs 1

Total: 17

Survey of International Business: Certificate of Proficiency (Untranscripted)

Program Code: SAC.SIB.CERT

The Survey of International Business Certificate provides students with a short practical introduction to the exciting world of international trade. This is a stackable certificate which requires completion of the core courses that are required for the International Business Certificate and the Associate Degree.

Learning Outcome(s):

1. Students will be aware of the key terminology required to conduct international trade. Students will understand how the functional areas of business are effected by the global economy and the career opportunities available in international business.

Complete the following 3 core courses:

- BUS 100 Fundamentals of Business 3
- BUS 125 Introduction to International Business 3
- BUS 106 Culture and International Business - Kiss, Bow or Shake Hands 3

Total: 9

KINESIOLOGY

Kinesiology Degree: AA

Program Code: SAC.KIN.AA

Program Control Number: 4200

This program is designed to prepare students for transfer into baccalaureate degree programs in Kinesiology or entry-level health, sports, and fitness-related jobs. The focus is on preparing students to be able to articulate understanding of scientific foundations of Kinesiology, distinguish between Kinesiology-related careers, and demonstrate movement skills competence.

Students receive exposure to the sources of knowledge in Kinesiology through scholarly study of physical activity and physical activity experience. The student is introduced to courses that promote healthy lifestyle choices and an active mind and body. Curriculum content may include the introduction to Kinesiology, nutrition, health awareness, sports medicine, physiology of exercise, and activity courses. The following classes can lead to obtaining a degree in the areas of exercise science, sports medicine-athletic training, physical therapy, kinesiology, sports management, coaching, or allied health-related and fitness-related vocations.

TRANSFER PLAN

Courses required to complete an associate degree at Santa Ana College in Kinesiology may not fulfill courses required by four-year universities to complete a baccalaureate degree. The Kinesiology Department at Santa Ana College recommends that students interested in transferring to a four-year institution consult with a counselor prior to beginning their courses of study.

Learning Outcome(s):

1. Students will be able to describe the role of Kinesiology/Physical Education in health promotion and disease prevention.
2. Students will be able to demonstrate competence in several physical activities and proficiency in at least 1 physical activity.
3. Students will be able to synthesize knowledge of the 6 components of well being to discriminate between healthy and detrimental lifestyle choices.

Required Core Courses: Units: 15

- KNPR 101 Introduction to Kinesiology 3
- KNHE 101 Healthful Living 3
  OR
- KNHE 102 Women's Health Issues 3
- KNHE 104 Nutrition and Fitness 2
- KNHE 106 Cardiopulmonary Resuscitation and First Aid 3
- BIOL 149 Human Anatomy and Physiology 4
  OR
- BIOL 239 General Human Anatomy 4

Movement Based Courses: Must include 6 units from at least 3 different areas: KNAC, KNAD, KNAF, KNAQ, KNFI, and/or KNIA. Make an appointment with the Kinesiology Department Chair to discuss matching physical activity course to your career goals. Professional Studies Elective Courses. Complete a minimum of 4 classes. (8-12 units)

Units: 6 required

- KNSM 101 Introduction to Sports Medicine 3
- KNPR 125 Sport Psychology 3
- KNPR 140 Movement Education for Elementary School Children 3
- KNPR 150 Sport and Society 3
- KNPR 160 Management of Physical Education and Sport 3
- KNPR 170 Sport Ethics 3
- KNPR 202 Introduction to Personal Training 3
- KNPR 205 Techniques of Exercise Leadership 1
- KNPR 110 Kinesiology-related Occupational Work Experience 1-8

Total: 29-33
Kinesiology for Transfer Degree: AA-T
Program Code: SAC.KIN.AAT
Program Control Number: 32096
The proposed Associate in Arts in Kinesiology for Transfer (AA-T in Kinesiology) is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in Kinesiology or similar major. Please consult a counselor regarding specific course requirements for your transfer institution. This degree provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Kinesiology major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AA-T in Kinesiology degree students will be able to articulate understanding of scientific foundations of Kinesiology, distinguish between Kinesiology-related careers, and demonstrate movement skills competence. Students will gain knowledge and movement-based experience which prepares them in pursuit of a bachelor’s or master’s degree and or professional certification in exercise science, nutrition, health promotion, sports medicine athletic training, physical therapy, and coaching or fitness related fields.

Learning Outcome(s):
1. Students will apply scientific foundations to understanding human movement.
2. Students will discuss the importance of physical activity in daily life and the implications for Kinesiology-related careers.
3. Students will demonstrate competence in 3 area of physical activity experience.

Core Courses: (14 units) Units: 11
KNPR 101 Introduction to Kinesiology 3
BIOL 239 General Human Anatomy 4
BIOL 249 Human Physiology 4

Movement Based Courses (3 units) Units: 3
Select a maximum of 1 course from at least 3 different physical activity areas.

Select a maximum of one (1) course from the Aquatics area:
KNAQ 201A Beginning Swimming 0.5-1
KNAQ 201B Lap Swimming 0.5-1
KNAQ 226A Beginning Water Polo 0.5-1

Select a maximum of one (1) course from the Combatives area:
KNAC 140A Beginning Karate 0.5-1
KNAC 155A Beginning Self-Defense 0.5-1
KNAC 169A Beginning Wrestling 0.5-1
KNAF 156A Beginning Cardio Kickboxing 0.5-1

Select a maximum of one (1) course from the Dance area:
DNCE 106A Introduction to Modern Dance 1
DNCE 106B Introduction to Modern Dance 1
DNCE 108A Introduction to Ballet 1
DNCE 108B Introduction to Ballet 1
DNCE 110 Beginning Mexican Folk Dance 1
DNCE 111 Intermediate Mexican Folk Dance 1
DNCE 112 Ethnic Dance 1
DNCE 113A Flamenco Dance I 1
DNCE 113B Flamenco Dance II 1
DNCE 117 Introduction to Middle Eastern Dance 1
DNCE 118 Introduction to Caribbean and Latin Dance Styles 1
DNCE 119A Introduction to Jazz Dance 1

Select a maximum of one (1) course from the Fitness area:
KNAC 123 Personal Fitness Training 1
KNAC 150A Beginning Hatha Yoga 0.5-1
KNAC 170A Beginning Yoga 0.5-1
KNAF 140A Beginning Walking/Jogging for Fitness 0.5-1
KNAF 143A Boot Camp Workout 0.5-1
KNAC 144A Beginning Cross Training 0.5-1
KNAC 146A Beginning Stability Ball 1
KNAC 146B Intermediate Stability Ball Training 1
KNAC 156A Beginning Cardio Kickboxing 0.5-1
KNAC 156B Intermediate Cardio Kickboxing 0.5-1
KNAC 157A Beginning Cardio Pump 0.5-1
KNAC 150A Beginning Stretch, Flex and Tone 0.5-1
KNFI 112A Beginning Circuit Training 1
KNFI 112B Intermediate Circuit Training 1
KNFI 114A Beginning Spinning 0.5-1
KNFI 114B Intermediate Spinning 0.5-1
KNFI 115A Beginning Cardiovascular Conditioning 0.5-1
KNFI 115B Intermediate Cardiovascular Conditioning 0.5-1
KNFI 147A Beginning Weight Training 0.5-1
KNFI 147B Intermediate Weight Training 0.5-1
DNCE 109A Pilates Mat I 1
DNCE 109B Pilates Mat II 1

Select a maximum of one (1) course from the Individual Sports area:
KNAC 107A Beginning Badminton 0.5-1
KNAC 160A Beginning Tennis 0.5-1

Select a maximum of one (1) course from the Team Sports area:
KNAC 200A Beginning Intramural-Basketball 0.5-1
KNAC 211A Beginning Baseball 1
KNAC 211B Intermediate Baseball 1
KNAC 220A Beginning Basketball 1
KNAC 220B Intermediate Basketball 1
KNAC 260A Beginning Soccer 0.5-1
KNAC 260B Intermediate Soccer 0.5-1
KNAC 265A Beginning Indoor Soccer 0.5-1
KNAC 265B Intermediate Indoor Soccer 0.5-1
KNAC 270A Beginning Softball 1
KNAC 290A Beginning Volleyball 1
KNAC 290B Intermediate Volleyball 1

Fitness Specialist: Certificate of Achievement  
(Transcribed)

Program Code: SAC.KNFS.CA  
Program Control Number: 33169  
The Fitness Specialist Certificate program prepares students for employment in the fitness industry by combining a science-based academic foundation with an abundance of experiential learning. Students gain knowledge of Kinesiology principles while developing fitness assessment, exercise leadership, and individual & group exercise programming skills. The program is designed to get students into the industry as soon as possible but includes transferable coursework for students seeking to further their education in Kinesiology-related fields.

Learning Outcome(s):
1. Students will select, execute, interpret, and communicate results from various fitness assessment field tests based upon age, gender, fitness level, and cultural differences.
2. Students will design a health-related or performance related program for apparently healthy individuals and several special populations.
3. Students will lead personal training sessions as well as a variety of small and large group exercise activities.

Required Core Courses:  

Units: 13-14  

- KNPR 101 Introduction to Kinesiology 3  
- KNPR 202 Introduction to Personal Training 3  
- KNPR 205 Techniques of Exercise Leadership 1  
- KNPR 110 Kinesiology-related Occupational Work Experience 1-8  
- KNHE 104 Nutrition and Fitness 2  
- OR
- NUTR 115 Nutrition 3  
- OR
- NUTR 115H Honors Nutrition 3  
- KNHE 106 Cardiopulmonary Resuscitation and First Aid 3

Movement Based Courses -  

Select 2 of the following courses:  

Units: 2

- KNAC 140A Beginning Karate 0.5-1  
- KNAC 150A Beginning Hatha Yoga 0.5-1  
- KNAC 155A Beginning Self-Defense 0.5-1  
- KNAC 170A Beginning Yoga 0.5-1  
- KNAD 211A Beginning Adapted Aquatics 0.5-1  
- KNAD 211B Intermediate Adapted Aquatics 0.5-1  
- KNAF 140A Beginning Walking/Jogging for Fitness 0.5-1  
- KNAF 143A Boot Camp Workout 0.5-1  
- KNAF 144A Beginning Cross Training 0.5-1

Total: 15-23

Kinesiology Sports Medicine: Certificate of Proficiency  
(Untranscripted)

Program Code: SAC.KNMR.CERT  
The program is designed to provide students with knowledge and skills that help them understand all aspects of sports medicine/athletic training field and to prepare associate degree seeking students for transfer into Athletic Training.

Learning Outcome(s):
1. Students will be able to assess sport injury related information, then interpret and articulate that information to players, coaches, Athletic Trainers, and medical personnel.
2. Students will be able to recognize and select appropriate athletic injury management response.

Required Core Courses:  

Units: 15-22  

- KNHE 101 Healthful Living 3  
- KNHE 104 Nutrition and Fitness 2  
- KNHE 106 Cardiopulmonary Resuscitation and First Aid 3  
- KNSM 101 Introduction to Sports Medicine 3  
- KNPR 125 Sport Psychology 3

Total: 15-22
LEGAL STUDIES
Law, Public Policy and Society: AA-T
Program Code: SAC.LAWSPS.AAT
Program Control Number: 39987
This Associate in Arts in Law, Public Policy and Society for Transfer Degree (AA-T) prepares students to transfer to a four-year institution leading to a baccalaureate degree in a variety of majors. This interdisciplinary degree highlights coursework that is appropriate for a student considering law school as it emphasizes the development of various skills, introduces students to the legal field, and prepares students for further study in a variety of majors. Students who opt to pursue this course of study are encouraged to engage in further exploration of one or more specific majors as they select electives for degree completion.

Please consult a counselor regarding specific course requirements for your transfer institution. This degree is designed to provide a clear pathway to a CSU and guarantee admissions to a CSU. Although, students are guaranteed admissions, it is not to any particular campus or program in the CSU system. Students will be encouraged to meet with a counselor for specific university major preparation at the college of their choice in order to facilitate a seamless transition. This coursework will satisfy the lower division Law, Public Policy and Society requirements at some of the CSU campuses. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.

Learning Outcome(s):
1. Analyze social science concepts and theories
2. Evaluate diverse viewpoints related to the human experience
3. Produce evidence-based arguments

Legal Office Interpreting Spanish: Certificate of Achievement (Transcripted)

Program Code: SAC.LOIS.CA
Program Control Number: 35705

The certificate of achievement curriculum for Legal Office Interpreting Spanish is designed to prepare the student for employment in a legal setting interpreting Spanish to English and English to Spanish. Students will be prepared for employment in law offices, court reporting services and the courts, both on the State and Federal level. Students will have a basic understanding of legal terminology, ethics and legal procedures.

Upon successful completion of the program, students will:
1. Understand the Ethics and regulations of the legal profession in California by completing LAW 100 or PARA 100 and PARA 121.
2. Students will understand basic terminology used in the law office and courts by completing the Law 110.
3. Students will demonstrate an entry level proficiency in legal interpretation (Spanish/ English) by completion of Law 058 or BA 058.

Learning Outcome(s):
1. Students will have a basic understanding of legal terminology in both English and Spanish.
2. Students will have a basic understanding of the "ethics" and California regulations of the legal profession.

Legal Office Technician: Certificate of Achievement (Transcripted)

Program Code: SAC.LOT.CA
Program Control Number: 35673

This certificate program will prepare the student with technical office skills necessary for employment in a law office as an assistant to attorneys and paralegals. This program is not designed to prepare students for the practice of law, nor is it designed to meet the requirements of Business and Professions code section 5450 (Paralegal Qualifications).

Upon successful completion of the program, students will:
1. Understand the ethical and professional responsibilities of the legal profession by completing the PARA 100 or Law 100 and PARA 121.
2. Students will understand the procedures of a law office by completing PARA 101.
3. Students will achieve an entry level proficiency in the technology utilized in a law office by completing BA 163 Adobe Acrobat and BA 179 Introduction to Microsoft office.
4. Students will understand proper formatting, grammar and punctuation of business documents, by completing BA 017 Business Writing Skills, or Bus 222 Business Writing Skills or Management 122 Business Communications.
5. Students will understand basic Accounting procedures by completing Accounting 035 QuickBooks I.

Learning Outcome(s):
1. Understand the ethical and professional responsibilities of the legal profession by completing PARA 100 or LAW 100 and PARA 121.
2. Students will understand the procedures of a law office by completing PARA 101.
3. Students will achieve an entry level proficiency in the technology utilized in a law office by completing BA 179 Introduction to Microsoft Office and BA 163 Adobe Acrobat.
4. Students will understand proper formatting, grammar, and punctuation of business documents by completing BA 017 Business Writing Skills.
5. Students will understand basic Accounting procedures by completing Acct 035 QuickBooks I.

Pathway to Law School: Certificate of Achievement
(Transcribed)

Program Code: SAC.LAW.CA
Program Control Number: 33855

Any student with a goal to enter law school should complete the Pathway to Law School program. This program is recognized as part of the California State Bar and California Community College State Chancellor’s office initiative “Pathway to Law School.”

Students interested in a career in law should also complete their Associate’s Degree in an academic major leading to transfer to a four-year institution. The Pathway to Law School certificate provides students with an opportunity to major in the subject of their choice while improving their abilities in areas that are associated with success in law school and the practice of law.

Participation in this program does not guarantee admission to any participating university or law school.

Learning Outcome(s):
1. Students will understand the requirements to successfully enroll in Law School
2. Students will understand career opportunities in the legal profession.

LIBERAL ARTS

This is a diversified degree designed for students desiring a broad knowledge of liberal arts and sciences plus additional coursework in an “Area of Emphasis”. The degree allows students to develop an appreciation and understanding of the beauty and values that have shaped and enriched our culture. The program of study also enables students to develop intellectual maturity, and a deeper understanding of themselves and the American heritage.

This program provides excellent preparation for a variety of personal and professional goals. Please consult a counselor for educational planning and information regarding specific goals.

Requirements:
1. Complete general education Plan A (associate degree only, nontransfer), B (CSU-GE Breadth, CSU transfer) or C (IGETC, UC or CSU transfer) as related to your educational goal.
2. Complete a minimum of 18 units from a single Area of Emphasis listed below. For depth of study, students are strongly encouraged to complete two or more courses in a single discipline as part of their 18 units. (Note: Courses in the chosen “Area of Emphasis” may also be applied toward general education areas on Plan A, B, and C.) Note: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.
3. Complete all other associate degree requirements for Santa Ana College.
II. Areas of Emphasis:

Liberal Arts-American Studies Emphasis Degree: AA

Program Code: SAC.LAAS.AA

Program Control Number: 18580

1. American Studies (sac.laas.aa)

These courses emphasize the peoples, cultures, institutions, and cultural trends of the United States. Students will examine American culture as a whole from various perspectives. Students will also learn how this country has been shaped by a variety of disciplines while recognizing the diversity of our culture. This emphasis may be of interest to those planning to pursue careers in business, communications, government service, law, social services, and teaching.

NOTE: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

Learning Outcome(s):
1. Students will study American culture as a whole from various perspectives.
2. Students will examine the formation of our country while recognizing the diversity of our culture.

Liberal Arts-Arts, Humanities and Communications Emphasis Degree: AA

Program Code: SAC.LAAHC.AA
Program Control Number: 18581

2. Arts, Humanities and Communications (sac.laahc.aa)
These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will learn to value aesthetic understanding and incorporate these concepts when constructing value judgments. A course from each of the three areas, Arts, Humanities, and Communications must be included in the 18 units selected for this emphasis. This emphasis may be of interest to those planning to pursue careers in art history, communication, dance, deaf studies, english, languages, music, philosophy, studio art, teaching, and theatre arts.

Note: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

Learning Outcome(s):
1. Students will evaluate and interpret the ways in which people through the ages and in different cultures have expressed their experiences and interpretations of the world around them through artistic and cultural creation.
2. Students will appraise aesthetic understanding and formulate these concepts when constructing value judgments.

Liberal Arts-Business and Technology Emphasis
Degree: AA
Program Code: SAC.LABT.AA
Program Control Number: 18582
3. Business and Technology (sac.labt.aa)

These courses emphasize the integration of theory and practice within the fields of business and technology. Students will develop the ability to effectively manage and lead organizations.

Students will demonstrate an understanding of the place of business and technology within the global economy. Students will critically apply ethical standards to business practices and decisions. Courses from both Business and Technology must be included in the 18 units selected for this emphasis. This emphasis may be of interest to those planning to pursue careers in accounting, business administration, computer information systems, computer science, engineering, finance, international business, and law.

Note: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

Learning Outcome(s):
1. Students will critique and analyze the place of business and technology within the global economy.
2. Students will examine the integration of theory and practice within the fields of business and technology.

Business: Minimum 2-4.5 units from this block Units: 18

Liberal Arts-Kinesiology and Wellness Emphasis
Degree: AA
Program Code: SAC.LAKW.AA
Program Control Number: 19268
4. Kinesiology and Wellness

These courses provide an understanding of kinesiology, the mechanics of the human body, and the integration of behavior and communication in the promotion of a healthy lifestyle. Students will also demonstrate knowledge of a range of physical activities. This emphasis may be of interest to those planning to pursue careers in teaching, athletic training, coaching, nutrition, and dance.

Note: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

Learning Outcome(s):
1. Students will develop and demonstrate an understanding of the mechanics of the human body as it relates to the promotion of a healthy lifestyle.
2. Students will demonstrate knowledge of a range of physical activities.

Requirements

a. Kinesiology and Movement (minimum 3 units) Units: 18

5. Mathematics and Science (sac.lams)aa

These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world's civilizations. Courses from both mathematics and science must be included in the 18 units selected for the emphasis. This emphasis may of interest to those planning to pursue careers in actuarial science, business, computer science, engineering, forensics, health professions, research, science, teaching and technical writing.

Note: Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

Learning Outcome(s):
1. Students will express and manipulate quantitative information in verbal, numeric, graphic and symbolic form.
2. Students will understand the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations.

### Liberal Arts-Social and Behavioral Sciences Emphasis Degree: AA

**Program Code:** SAC.LASBS.AA  
**Program Control Number:** 18584

**6. Social and Behavioral Sciences (sac.lasbs.aa)**

These courses emphasize the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate. This emphasis may be of interest to those planning to pursue careers in anthropology, child development, criminal justice, ethnic studies, government service, law, history, marriage and family therapy, political science, psych-ology, social work, sociology, teaching, and urban planning.

**Note:** Although a course may be listed in more than one area of emphasis of the Liberal Arts degree, it may only be used to meet a requirement for a single emphasis.

**Learning Outcome(s):**

1. Students will evaluate how individuals, societies, and social subgroups operate.
2. Students will apply the principles, methodologies, value systems, ethics, and thought processes employed by human inquiry.

**Requirements**

- ANTH 100  Introduction to Cultural Anthropology  
  OR      
- ANTH 100H Honors Introduction to Cultural Anthropology  
- ANTH 103  Introduction to Archaeology  
- ANTH 104  Language and Culture  
  OR      
- ANTH 104  Language and Culture  
- ANTH 105  Ancient Mesoamerican Civilization  
- ANTH 125  Native Americans in the U.S.

LIBRARY TECHNOLOGY

Library Technology Degree: AA

Program Code: SAC.LIBR.AA

Program Control Number: 04241

The associate degree curriculum in library technology is designed to successfully prepare students for employment above the beginning clerk level as paraprofessionals in school, public, special, or academic libraries. Course content covers terminology, organization, procedures, standards, practices, and fieldwork. Entry-level positions are available in this field as library technical assistants, library assistants, library technicians and library media technicians.

To receive a Certificate in Library Technology, a grade of "C" or better is required for each major course. Library Technology 053 is the only Pass/No Pass course of the program. LT 053 requires a "Pass" grade.

Learning Outcome(s):

1. Apply knowledge and skills gained through all required courses to perform library technician level tasks in various types of libraries.
2. Identify and differentiate the roles and be able to perform job duties of technicians in a library organization.
3. Prepare for employment above the beginning clerk level as paraprofessionals in school, public, special, or academic libraries.

Required Core Courses: Units: 20-21

LIBR 101 Introduction to Library Technology* 3
LIBR 110 Technical Services* 3
LIBR 054 Children’s Library Services* 3
LIBR 122 Public Services* 3
LIBR 102 Information Sources for Paraprofessionals: Tools and Techniques* 3
LIBR 053 Library Internship 3
BA 125 Microsoft Word 2
OR
BA 179 Introduction to Microsoft Office 3

*Course not taught every semester

Electives must be selected from the following courses: Units: 6

ACCT 010 Accounting Procedures 3
BA 160 Microsoft Publisher 2
BA 164 Adobe Photoshop 3
BA 166 Adobe Illustrator 3
BA 169 Adobe Dreamweaver 3
CMST 101 Introduction to Interpersonal Communication 3
OR
CMST 101H Honors Introduction to Interpersonal Communication 3

MGMT 120 Principles of Management 3

Total: 20-21

MANAGEMENT

Management Degree: AS Degree

Program Code: SAC.MGT.AS

Program Control Number: 04188

The associate degree curriculum in management is designed to prepare students for various management positions in business, government, and public organizations; to aid existing managers in upgrading their skills; and to assist employees for promotion to management/supervision positions. The core of the degree program provides the student with managerial skills and theory including communicating, decision-making, organizing, motivating, and human relations.

Required Core Courses: Units: 15

BUS 100 Fundamentals of Business 3
BUS 222 Business Writing 3
BUS 120 Principles of Management 3
OR
MGMT 120 Principles of Management 3
OR
BUS 121 Human Relations and Organizational Behavior 3
OR
MGMT 121 Human Relations and Organizational Behavior 3
MGMT 125 Organizational Leadership 3

Select TWO courses from the following: Units: 19

PSYC 170 Multicultural Psychology 3
PSYC 157 Introduction to Child Psychology 3
PSYC 140 Introduction to Psychology of Adulthood and Aging 3
PSYC 100H Honors Introduction to Psychology 3
PSYC 100 Introduction to Psychology 3

Total: 20-21
Retail Management Degree: AS
Program Code: SAC.MGTRE.AS
Program Control Number: 16525

The Associate Degree program is approved by the Western Association of Food Chains and persons completing the prescribed courses are eligible to receive both the ECC Certificate of Competence and the WAFC Retail Management Certificate. The WAFC Retail Management Degree is a specially recognized program designed to prepare individuals for the fast-paced retail industry. This program is also intended to help students develop an understanding of the retail manager’s job and the requirements for success in the retail environment.

Learning Outcome(s):
1. Students will have a working knowledge of Management, Human Relations, Computer Technology, Marketing, and Budgeting as it applies to the retail industry.

Management: Certificate of Achievement (Transcripted)
Program Code: SAC.MGT.CA
Program Control Number: 33333

The certificate curriculum in management is designed to prepare students for various management positions in business, government, and public organizations; to aid existing managers in upgrading their skills; and to assist employees for promotion to management/supervision positions. The core courses provide students with managerial skills and theory including communicating, decision-making, organizing, motivating, and human relations. The student can gain practical skills in a specific area by specializing in human resource management, supervision, or small business management.

Learning Outcome(s):
1. Students will demonstrate an understanding of the core management functions of planning, organizing, leading, and controlling; demonstrate a thorough understanding of behavioral theories as they apply to organizations and be able to apply that theory to real-world situations; and demonstrate an ability to apply planning methods to business and organizational situations.

Total: 12

Small Business: Certificate of Proficiency  
(Untranscripted)
Program Code: SAC.MGTSB.CERT
The certificate in small business management is designed to prepare students for owning or operating a small business or organization. The core of the certificate provides the student with planning, organizing, leading and controlling skills, and theory including communicating, decision-making, analyzing, motivating, and human relations. The certificate program provides practical business management skills for the student.

Learning Outcome(s):
1. The student will gain knowledge and skills needed to have a successful career as a small business owner.

Required Core Courses:
Units: 11
ACCT 035 QuickBooks I 2  
BUS 120 Principles of Management 3  
OR  
MGMT 120 Principles of Management 3  
BUS 170 Principles of Small Business Management 3  
MKTG 113 Principles of Marketing 3  
Select ONE of the following courses:  
Units: 7
BUS 100 Fundamentals of Business 3  
ENTR 105 Social Media, Bootstrapping, and Market Validation 2  
ENTR 109 Powerful Presentations 2  
Total: 18

Supervision: Certificate of Proficiency  
(Untranscripted)
Program Code: SAC.MGTSV.CERT
The Supervision Certificate is designed to prepare students for various supervisory positions in business, government, and public organizations; to aid existing managers in upgrading their skills; and to assist employees for promotion to management/supervision positions. The certificate program provides practical skills for the student to use on the job.

Required Core Courses:
Units: 12
MGMT 120 Principles of Management 3  
OR  
BUS 120 Principles of Management 3  
MGMT 121 Human Relations and Organizational Behavior 3  
OR

MANUFACTURING TECHNOLOGY

CNC Lathe Set Up and Operation Degree: AS
Program Code: SAC.MNGLA.AS
Program Control Number: 16619

In addition to the general education requirements, the associate degree curriculum in manufacturing technology computer numerical control machine set up and operation is designed to prepare the student for entry or advancement in the CNC Machine Operator Specialty of manufacturing technology.

Learning Outcome(s):
1. Setup and operate CNC lathe to industrial standards.

Required Core Courses:

- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 153 Technical Mathematics 3
- MNFG 158 Basic Machining Concepts and Operations 3
- MNFG 171 CNC Program Writing 4

Specific Major Course Requirements:

- MNFG 096 Manufacturing Technology Lab 0.5-4
- MNFG 159 Advanced Turning Concepts and Operations 3
- MNFG 176 CNC Turning Center Set Up and Operation 3
- MNFG 178 Mastercam Lathe 3
- MNFG 186 Advanced CNC Lathe Programming, Setup and Operation 3

Select six units from the following electives:

- MNFG 103 Solidworks Beginning Solid Modeling 3
- MNFG 104 Solidworks Intermediate Solid Modeling 3
- MNFG 105 Solidworks Advanced Solid Modeling 3
- MNFG 106 Solidworks Drawings 3
- MNFG 128 Basic Metals Technology 3
- MNFG 173 Mastercam - 2D Geometry, 2D Toolpaths 3
- MNFG 175 Mastercam - 3D Geometry, 3D Surfaces 3
- MNFG 178 Mastercam Lathe 3
- MNFG 184 Advanced CNC Mill Set Up and Operation 3
- MNFG 186 Advanced CNC Lathe Programming, Setup and Operation 3

Total: 37.5

CNC Milling Machine Set Up and Operation Degree: AS
Program Code: SAC.MNGMI.AS
Program Control Number: 16621

In addition to the general education requirements, the associate degree curriculum in manufacturing technology computer numerical control machine set up and operation is designed to prepare the student for entry or advancement in the CNC Machine Operator Specialty of manufacturing technology.

Learning Outcome(s):
1. Setup and operate CNC Mill to industrial standards.

Required Core Courses:

- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 153 Technical Mathematics 3
- MNFG 158 Basic Machining Concepts and Operations 3
- MNFG 171 CNC Program Writing 4

Specific Major Course Requirements:

- MNFG 159 Advanced Turning Concepts and Operations 3
- MNFG 168 Advanced Milling Concepts and Operations 3
- MNFG 174 CNC Milling Center Set Up and Operation 3
- MNFG 176 CNC Turning Center Set Up and Operation 3
- MNFG 194 CNC Horizontal Mill Setup and Operation 3

Select six units from the following electives:

- MNFG 103 Solidworks Beginning Solid Modeling 3
- MNFG 104 Solidworks Intermediate Solid Modeling 3
- MNFG 105 Solidworks Advanced Solid Modeling 3
- MNFG 106 Solidworks Drawings 3
- MNFG 128 Basic Metals Technology 3
- MNFG 173 Mastercam - 2D Geometry, 2D Toolpaths 3
- MNFG 175 Mastercam - 3D Geometry, 3D Surfaces 3
- MNFG 178 Mastercam Lathe 3
- MNFG 184 Advanced CNC Mill Set Up and Operation 3
- MNFG 186 Advanced CNC Lathe Programming, Setup and Operation 3

Total: 40.5
CNC Programmer Mastercam Degree: AS

**Program Code:** SAC.MNGPA.AS  
**Program Control Number:** 10664

In addition to the general education requirements, the associate degree curriculum in manufacturing technology-computer numerical control programmer (Mastercam) is designed to prepare the student for entry or advancement in the CNC programming specialty of the machine tool field.

**Learning Outcome(s):**
1. Prepare CNC Programs to industrial standards

**Required Core Courses:**  
**Units:** 15

- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 153 Technical Mathematics 3
- MNFG 158 Basic Machining Concepts and Operations 3
- MNFG 171 CNC Program Writing 4

**Specific Major Course Requirements:**  
**Units:** 22

- MNFG 096 Manufacturing Technology Lab 0.5-4
- MNFG 173 Mastercam - 2D Geometry, 2D Toolpaths 3
- MNFG 174 CNC Milling Center Set Up and Operation 3
- MNFG 175 Mastercam - 3D Geometry, 3D Surfaces 3
- MNFG 176 CNC Turning Center Set Up and Operation 3
- MNFG 177 Mastercam - 3D Toolpath and CAM Applications 3
- MNFG 178 Mastercam Lathe 3
- MNFG 195 Mastercam 5 Axis Mill Toolpath and Application 3

**Select three units from the following electives:**  
**Units:** 3

- MNFG 103 Solidworks Beginning Solid Modeling 3
- MNFG 104 Solidworks Intermediate Solid Modeling 3
- MNFG 105 Solidworks Advanced Solid Modeling 3
- MNFG 106 Solidworks Drawings 3
- MNFG 128 Basic Metals Technology 3
- MNFG 159 Advanced Turning Concepts and Operations 3
- MNFG 168 Advanced Milling Concepts and Operations 3
- MNFG 176 CNC Turning Center Set Up and Operation 3
- MNFG 177 Mastercam - 3D Toolpath and CAM Applications 3
- WELD 101 Introduction to Welding 3

**Total:** 40

Conventional Machining Option Degree: AS

**Program Code:** SAC.MNGCM.AS  
**Program Control Number:** 08722

In addition to the general education requirements, the associate degree in manufacturing technology, conventional machining, is designed to prepare the student for entry or advancement in the conventional machine tool operation specialty.

**Learning Outcome(s):**
1. Setup and operate CNC lathe to industrial standards.

**Required Core Courses:**  
**Units:** 15

- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 153 Technical Mathematics 3
- MNFG 158 Basic Machining Concepts and Operations 3
- MNFG 171 CNC Program Writing 4

**Specific Major Course Requirements:**  
**Units:** 9.5-12

- MNFG 159 Advanced Turning Concepts and Operations 3
- MNFG 168 Advanced Milling Concepts and Operations 3
- MNFG 169 Job Shop Skills 0.5-3
- WELD 101 Introduction to Welding 3

**Select six units from the following electives:**  
**Units:** 6

- MNFG 103 Solidworks Beginning Solid Modeling 3
- MNFG 106 Solidworks Drawings 3
- MNFG 128 Basic Metals Technology 3
- MNFG 173 Mastercam - 2D Geometry, 2D Toolpaths 3
- MNFG 174 CNC Milling Center Set Up and Operation 3
- MNFG 176 CNC Turning Center Set Up and Operation 3
- MNFG 177 Mastercam - 3D Toolpath and CAM Applications 3
- MNFG 178 Mastercam Lathe 3
- MNFG 184 Advanced CNC Mill Set Up and Operation 3
- MNFG 186 Advanced CNC Lathe Programming, Setup and Operation 3
- MNFG 194 CNC Horizontal Mill Set Up and Operation 3

**Total:** 30.5-33

CNC Lathe Set Up and Operation: Certificate of Achievement (Transcripted)

**Program Code:** SAC.MNGLA.CA  
**Program Control Number:** 21778

The certificate of achievement curriculum in manufacturing technology, computer numerical control lathe set up and operation is designed to prepare the student for entry or advancement in the CNC Machining Industry.

**Learning Outcome(s):**
1. Setup and operate CNC lathe to industrial standards.

**Required Core Courses:**  
**Units:** 15

- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 153 Technical Mathematics 3
- MNFG 158 Basic Machining Concepts and Operations 3
- MNFG 171 CNC Program Writing 4

**Specific Major Course Requirements:**  
**Units:** 9.5-13

- MNFG 176 CNC Turning Center Set Up and Operation 3
- MNFG 159 Advanced Turning Concepts and Operations 3
- MNFG 096 Manufacturing Technology Lab 0.5-4
- MNFG 178 Mastercam Lathe 3
- MNFG 186 Advanced CNC Lathe Programming, Setup and Operation 3
Select nine units from the following electives:  
MNFG 103 Solidworks Beginning Solid Modeling  
MNFG 104 Solidworks Intermediate Solid Modeling  
MNFG 105 Solidworks Advanced Solid Modeling  
MNFG 106 Solidworks Drawings  
MNFG 128 Basic Metals Technology  
MNFG 173 Mastercam - 2D Geometry, 2D Toolpaths  
MNFG 174 CNC Milling Center Set Up and Operation  
MNFG 175 Mastercam - 3D Geometry, 3D Surfaces  
MNFG 177 Mastercam - 3D Toolpath and CAM Applications  
MNFG 184 Advanced CNC Mill Set Up and Operation  

Total: 33.5-37

CNC Machine Set Up and Operation: Certificate of Achievement (Transcribed)

Program Code: SAC.MNGMA.CA  
Program Control Number: 21779  
The certificate of achievement curriculum in manufacturing technology computer numerical control machine set up and operation is designed to prepare the student for entry or advancement in the CNC Machine Operator Specialty of manufacturing technology.

Learning Outcome(s):
1. Set up and operate CNC machines to the industrial standards.

Required Core Courses:  
MNFG 111 Basic Mechanical Blueprint Reading  
MNFG 114 Geometric Dimensioning and Tolerancing  
MNFG 153 Technical Mathematics  
MNFG 158 Basic Machining Concepts and Operations  
MNFG 171 CNC Program Writing  

Specific Major Course Requirements  
MNFG 096 Manufacturing Technology Lab  
MNFG 159 Advanced Turning Concepts and Operations  
MNFG 168 Advanced Milling Concepts and Operations  
MNFG 174 CNC Milling Center Set Up and Operation  
MNFG 176 CNC Turning Center Set Up and Operation  
MNFG 194 CNC Horizontal Mill Setup and Operation  

Select six units from the following electives:  
MNFG 103 Solidworks Beginning Solid Modeling  
MNFG 106 Solidworks Drawings  
MNFG 128 Basic Metals Technology  
MNFG 173 Mastercam - 2D Geometry, 2D Toolpaths  
MNFG 175 Mastercam - 3D Geometry, 3D Surfaces  
MNFG 177 Mastercam - 3D Toolpath and CAM Applications  
MNFG 178 Mastercam Lathe  
MNFG 184 Advanced CNC Mill Set Up and Operation  
MNFG 186 Advanced CNC Lathe Programming, Setup and Operation  

Total: 36.5-40
CNC Programmer Mastercam: Certificate of Achievement (Transcripted)
Program Code: SAC.MNGPA.CA
Program Control Number: 21783
The certificate of achievement curriculum in manufacturing technology computer numerical control programmer (Mastercam) is designed to prepare the student for entry or advancement in the CNC programming specialty of Manufacturing Technology.

Learning Outcome(s):
1. Create CNC program using Mastercam software

Medical Device Quality Assurance: Certificate of Achievement (Transcripted)
Program Code: SAC.MNGMD.CA
Program Control Number: 36454
A certificate in the Medical Device Quality Assurance program prepares students for prospective careers in the manufacturing, development, and/or design of medical devices, depending on work experiences and academic skill sets. Students will gain knowledge of FDA requirements for Good Manufacturing Practice (GMP) and Good Laboratory Practice (GLP) enhanced by experienced lecture materials, in-class workshops, presentation exercises, laboratory demonstrations, and exposure to other manufacturing technology disciplines. Students will have hands-on lessons to develop skills needed in the production or laboratory setting. Students will be prepared for entry level positions in medical device repairs, and medical device preparations, such as Medical Device Assembler, Medical Device Inspector, and Medical Equipment Repairer.

Learning Outcome(s):
1. Work in the field of medical device industry as a medical device assembler and a medical device inspector.

Required Core Courses:
- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 153 Technical Mathematics 3
- MNFG 116 QC Operations with Verisurf Software 3
- MNFG 117 QC Operations with PC-DMIS CMM-1 3
- MNFG 120 Introduction to Medical Device Quality 2
- MNFG 121 Quality Control for Medical Devices 2

Total: 18

Quality Control and Inspection: Certificate of Achievement (Transcripted)
Program Code: SAC.MNGQC.CA
Program Control Number: 36411
A certificate in Quality Control and Inspection prepares students for various quality inspector positions, as well as an introduction to various quality concepts that support inspection positions, such as inspection planning, calibration systems, sampling, quality tools including SPC, and their implementation, auditing, corrective, and preventive action, and customer, and supplier relationships. Program includes the operation of PC-DMIS CMM software.

Learning Outcome(s):
1. Work in the area of inspection planning, calibration systems, and sampling.

Required Core Courses:
- MNFG 111 Basic Mechanical Blueprint Reading 2
- MNFG 114 Geometric Dimensioning and Tolerancing 3
- MNFG 128 Basic Metals Technology 3
- MNFG 153 Technical Mathematics 3
- MNFG 115 QC1 Quality Inspection 3
- MNFG 116 QC Operations with Verisurf Software 3
- MNFG 117 QC Operations with PC-DMIS CMM-1 3
- MNFG 118 QC Operations with PC-DMIS CMM-2 3
- MNFG 119 QC2: Quality Theory 3

Total: 26

3D Solid Modeling for Manufacturing: Certificate of Proficiency (Untranscripted)
Program Code: SAC.MNG3D.CERT
This certificate is designed for students who would like to earn a certificate of proficiency in the use of Solidworks 3D Solid Modeling software.

Learning Outcome(s):
1. Create computer 3D solid models using the Solidworks software.

Required Core Courses: Units: 12
- ENGR 103 Solidworks Beginning Solid Modeling 3
- OR
- MNFG 103 Solidworks Beginning Solid Modeling 3
- ENGR 104 Solidworks Intermediate Solid Modeling 3
- OR
- MNFG 104 Solidworks Intermediate Solid Modeling 3
- ENGR 105 Solidworks Advanced Solid Modeling 3
- OR
- MNFG 105 Solidworks Advanced Solid Modeling 3
- MNFG 106 Solidworks Drawings 3

Total: 12

MARKETING
Marketing Degree: AA
Program Code: SAC.MKTG.AA
Program Control Number: 04190
The Marketing Degree program is designed to prepare students for careers in today’s marketing field. New career opportunities in marketing will be highlighted throughout the program. The courses include the latest concepts, techniques and technology used to successfully develop, price, promote and distribute products and services in a global economy. The program provides students with cutting-edge marketing skills for New Media Marketing opportunities.

Learning Outcome(s):
1. Perform the practical skills needed to work with businesses that have marketing functions.
2. Analyze given products or services for marketing decisions.
3. Describe marketing distribution channels.
4. Make pricing decisions based on market research.
5. Create marketing plans for product promotion and advertising.

Required Core Courses: Units: 20
- MKTG 113 Principles of Marketing 3
- OR
- BUS 222 Business Writing 3
- BUS 100 Fundamentals of Business 3
- OR
- ENTR 100 Introduction to Innovation and Entrepreneurship 3
- OR
- BUS 125 Introduction to International Business 3
- OR
- BUS 127 Introduction to E-Commerce 3
- OR
- MKTG 116 Global Marketing: Selling Around the World 3
- OR
- MKTG 128 Advertising and Distribution 3
- OR
- MKTG 129 Sales, Negotiation, and Consumer Behavior 3
- Select TWO courses from the following: Units: 6
- BUS 125 Introduction to International Business 3
- OR
- BUS 127 Introduction to E-Commerce 3
- OR
- MKTG 127 Introduction to E-Commerce 3
- OR
- ENTR 110 Capstone Business Simulations 3
- OR
- ENTR 140 Fashion E-Commerce 3

MATHEMATICS

Mathematics Degree: AS
Program Code: SAC.MATH
Program Control Number: 04242
The associate degree curriculum in mathematics prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Employment opportunities are available as mathematicians in government, industry, and education. Please see a counselor for specific course requirements for your transfer university.

Learning Outcome(s):
1. Students will apply concepts and principles of Calculus to perform computations and solve problems.
2. Students will create, use and analyze graphical representations of mathematical relationships.
3. Students will communicate their mathematical knowledge and understanding of mathematical concepts.

Required Core Courses: Units: 20
MATH 180 Single Variable Calculus I 4
OR MATH 180H Honors Single Variable Calculus I 4
MATH 185 Single Variable Calculus II 4
MATH 280 Intermediate Calculus 4
MATH 287 Introduction to Linear Algebra and Differential Equations 5
CMPR 120 Introduction to Programming 3
OR CMPR 112 Java Programming 3
Total: 20

Mathematics for Transfer Degree: AS-T
Program Code: SAC.MATH.AST
Program Control Number: 32062
Option 2 Associate in Science in Mathematics for Transfer The Associate in Science in Mathematics for Transfer (AS-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in Mathematics. Employment opportunities are available as mathematicians in government, industry, education, technology, gaming, and healthcare. Please consult a counselor regarding specific course requirements for your transfer institution. Successful completion of the AS-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Mathematics major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AS-T in Mathematics students will gain a strong foundation in the mathematical field. This knowledge base will be grounded in quantitative and analytical reasoning. Additionally, students will have the capacity to write, and communicate with mathematical models and apply appropriate problem solving techniques to real world phenomena.

Learning Outcome(s):
1. Students will apply concepts and principles of Calculus to perform computations and solve problems.
2. Students will create, use and analyze graphical representations of mathematical relationships.
3. Students will communicate their mathematical knowledge and understanding of mathematical concepts.

Required Core Courses: Units: 17
MATH 180 Single Variable Calculus I 4
OR MATH 180H Honors Single Variable Calculus I 4
MATH 185 Single Variable Calculus II 4
MATH 280 Intermediate Calculus 4
MATH 287 Introduction to Linear Algebra and Differential Equations 5
Select one course from the following: Units: 3-4
CMPR 129 Introduction to Computer Organization 4
CMPR 112 Java Programming 3
CMPR 120 Introduction to Programming 3
CMPR 121 Programming Concepts 3
CMPR 131 Data Structures Concepts 3
CMPR 141 UNIX Operating System 3
CMPR 213 C# Programming 3
PHYS 217 Engineering Physics I 4
Total: 20-21

MEDICAL ASSISTANT

Medical Assistant - Administrative / Clinical Degree: AS
Program Code: SAC.MA.AS
Program Control Number: 04227
In addition to the general education requirements, the associate degree of science curriculum for medical assistant administrative/clinical is designed to prepare a student for employment in a medical office, a hospital business office, a clinic, or allied health facility. Careers are available as medical assistants, front and back office; insurance secretaries, admitting clerks, medical records clerks and receptionists in all medical facilities.

Course content includes medical terminology; medical typing, computer techniques and skills; medical forms, reports, and charts; medical insurance, billing and collections, bookkeeping; effective human relations as related to a medical office; clinical procedures such as giving injections, sterilizing instruments, monitoring vital signs, assisting with minor surgery, instrument identification; and professional ethics and legal aspects. Graduates will be qualified to assist doctors in clinical situations or function under the direct supervision of a medical doctor. Graduates will also be qualified to perform all clerical duties normally required in the medical office, hospital business office, clinics, and allied health facilities.

Required Core Courses: Units: 15
MA 051A Beginning Medical Terminology 3
MA 051B Advanced Medical Terminology 3
MA 053 Medical Assistant - Administrative Front Office 3
MA 054 Medical Insurance and Billing Forms 3
MA 055 Medical Assistant - Clinical Back Office 3
Elective must be 6 units selected from the following courses: Units: 6-8
BA 057 Medical Interpretation and Translation-Spanish/English 3
BA 179 Introduction to Microsoft Office 3
BA 180 Advanced Microsoft Office 3
BA 183 Microsoft Word 3
BA 184 Advanced Microsoft Word for the Workplace 3
MA 001 Cooperative Work Experience Education - Occupational 1-4
MA 020 Bloodborne and Airborne Pathogen Standards 0.5
MA 030 Phlebotomy 1
MA 056 Computer Applications for the Medical Office 3
Total: 21-23
Medical Assistant - Administrative / Clinical: Certificate of Achievement (Transcribed)

Program Code: SAC.MA.CA
Program Control Number: 19447
The certificate of achievement curriculum for medical assistant administrative / clinical is designed to prepare a student for employment in a medical office, a hospital business office, a clinic, or allied health facility. Careers are available as medical assistants, front and back office; insurance secretaries, admitting clerks, medical records clerks, and receptionists in all medical facilities.

Course content includes medical terminology; medical typing, computer techniques and skills; medical forms, reports and charts; medical insurance, billing and collections, bookkeeping; effective human relations as related to a medical office; clinical procedures such as giving injections, sterilizing instruments, monitoring vital signs, assisting with minor surgery, instrument identification; and professional ethics and legal aspects.

Recipients of the certificate of achievement will be qualified to assist doctors in clinical situations or function under the direct supervision of a medical doctor. Recipients will also be qualified to perform all clerical duties normally required in the medical office, hospital business office, clinics and allied health facilities.

Required Core Courses: Units: 15

- MA 051A Beginning Medical Terminology 3
- MA 051B Advanced Medical Terminology 3
- MA 053 Medical Assistant - Administrative Front Office 3
- MA 054 Medical Insurance and Billing Forms 3
- MA 055 Medical Assistant - Clinical Back Office 3

Total: 15

MODERN LANGUAGES

Modern Languages Degree: AA

Program Code: SAC.ML.AA
Program Control Number: 4225
The associate degree curriculum in modern languages is designed to meet the needs of both the student who wishes to transfer to a four-year institution and the student who wishes to achieve basic conversational ability in the language. Completion of the associate of arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree and then to possible careers requiring modern languages proficiency.

Note: Presently, the associate degree is offered in French and Spanish. The degree requires 26 units, which includes a minimum of 13 units in the major language with completion of both courses numbered 201 and 202.

Learning Outcome(s):

1. Develop all levels of proficiency in comprehending, speaking, reading, and writing in the current modern language classes while developing an understanding of the literary and cultural context of each language.

Required courses for the concentration in Spanish: Units: 23

- SPAN 101 Elementary Spanish I 5
- OR
- SPAN 101H Honors Elementary Spanish I 5
- AND
- SPAN 102 Elementary Spanish II 5
- OR
- SPAN 102H Honors Elementary Spanish II 5

- SPAN 202 Intermediate Spanish II 5
- OR
- SPAN 202H Honors Intermediate Spanish II 5
- AND
- SPAN 212 College Business Spanish OR
- SPAN 213 College Spanish Composition 3

Required courses for the concentration in French: Units: 23

- FREN 101 Elementary French I 5
- AND
- FREN 102 Elementary French II 5
- OR
- FREN 201 Intermediate French I 5
- OR
- FREN 201H Honors Intermediate French I 5
- AND
- FREN 202 Intermediate French II 5
- OR
- FREN 202H Honors Intermediate French II 5
- AND
- FREN 211 Intermediate Conversation and Composition I 2
- OR
- FREN 214 Intermediate Conversation and Composition II 2

Students who have received credit for the first two semesters must take ten (10) units in a second language other than the major: Units: 5

- CHNS 101 Elementary Chinese I 5
- OR
- CHNS 102 Elementary Chinese II 5
- OR
- FREN 101 Elementary French I 5
- OR
- FREN 102 Elementary French II 5
- OR
- JAPN 101 Elementary Japanese I 5
- OR
- JAPN 102 Elementary Japanese II 5
- OR
- SPAN 101 Elementary Spanish I 5
- OR
- SPAN 101H Honors Elementary Spanish I 5
- OR
- SPAN 102 Elementary Spanish II 5
- OR
- SPAN 102H Honors Elementary Spanish II 5
- OR
- ITAL 120 Elementary Italian I 5
- OR
- ITAL 121 Elementary Italian II 5
- OR
- VIET 101 Elementary Vietnamese I 5
- OR
- VIET 102 Elementary Vietnamese II 5
Plus three (3) units of electives from the following: Units: 3-6
SPAN 195A Advanced Conversational Spanish
OR
SPAN 195B Advanced Conversational Spanish
OR
ANTH 100 Introduction to Cultural Anthropology
OR
ANTH 100H Honors Introduction to Cultural Anthropology
OR
ANTH 104 Language and Culture

Spanish for Transfer Degree: AA-T
Program Code: SAC.SPAN.AAT
Program Control Number: 32533

The Associate in Arts in Spanish for Transfer (A.A.-T in Spanish) prepares students to move into the CSU system leading to a baccalaureate degree in Spanish. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T in Spanish degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (A.A.-T) and Associate in Science for Transfer (A.S.-T) degrees.

Student completion requirements for the associate degree for transfer:
1. 60 semester or 90 quarter CSU transferable units
2. the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern
3. a minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district
4. obtainment of a minimum grade point average (GPA) of 2.0
5. earn a grade of "C" or better, (or "P") in all courses required for the major or area of emphasis

Learning Outcome(s):
1. In addition to transfer preparation, upon completion of this major students will be able to:
2. Utilize the language for basic and advanced communication.
3. Integrate grammatical structures in academic Spanish reading and writing.
4. Understand the historical and cultural context of language development.
5. Demonstrate knowledge of general social and economic factors affecting language development.
6. Demonstrate familiarity with major contemporary dialectical diversity.
7. Interpret literary historical periods and develop skills in literary analysis.

Required Core Courses: 20 units

Music Degree: AA
Program Code: SAC.MUS.AA
Program Control Number: 04219

The associate degree curriculum in music is formulated to meet the needs of the student who wishes to make music the major subject of concentration. Completion of the associate in arts degree prepares a student to move into a curriculum at a four-year institution leading to a baccalaureate degree, and then into careers in public and private teaching, professional performance areas, church music, music therapy, recreational music, composition, arranging and orchestration, and music copying. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

Learning Outcome(s):
1. Display competency and artistry, through experience, in the creation and presentation of public performances of music.
2. Perform proficiently (at the sophomore level) on their primary instrument in a 20-minute public recital. They will pass placement tests on their primary instrument, and be accepted at Cal State, UC, or other four-year institutions
3. Demonstrate an understanding of music theory, piano, harmony and musicianship at the final level of a traditional lower division music sequence. They will pass placement tests in the areas of music theory and musicianship and be placed at the junior level upon transfer to the Cal State, UC, or other four-year institutions.
4. Demonstrate, through public performance, a proficiency, at the sophomore level, on their primary instrument that allows them to perform, accurately and musically, within a large ensemble.
5. Demonstrate proficiency performing in a vocal, or instrumental ensemble, to be able to continue their involvement in music, in a performance ensemble, within the greater community.

Required Core Courses:  Units: 20-22
Ensemble, 1 unit required for each of 4 semesters
Applied Music, 1 course required for each of 4 semesters
MUS 101 Music Appreciation 3
OR
MUS 101H  Honors Music Appreciation 3
MUS 111  Basic Music Theory and Musicianship I 4
MUS 112  Music Theory and Musicianship II 4
MUS 114A  Musicianship 1
MUS 114B  Musicianship 1
MUS 142  Creating Music on the Digital Audio Workstation 1
OR
MUS 152  Beginning Audio Production 3
MUS 213  Theory 3 3
MUS 214  Theory 4 3
The Ensemble course units may be chosen from the following list (take one ensemble four times or select different ensembles to meet this requirement):

Music for Transfer Degree: AA-T  

Program code: SAC.MUS.AAT  
Program Control number: 32050  

The Associate in Arts in Music for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in music, and then into careers in public and private teaching, professional performance, church music, music therapy, composition, arranging and orchestration. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, although does not guarantee admission to a specific campus or major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AA-S) degrees. Upon completion of the AA-T in Music, students will be able to demonstrate an understanding of music theory, harmony, and musicianship at the final level of a traditional lower division music sequence. Through public performance, students will demonstrate proficiency on their primary instrument (or voice) that will allow them to perform accurately and musically within a large ensemble and in a solo setting. Upon application to music programs at four year institutions, students will need to pass an audition for acceptance as well as pass skills tests for placement into music theory, musicianship and piano classes.

Note: Although this Transfer Curriculum may provide sufficient preparation for some general Bachelor of Arts programs in Music, it is recommended that students supplement these degree requirements with four semesters of piano (MUS 161, 162, 163, 164), one music appreciation class (MUS 101), and one technology class (MUS 142 or MUS 152) if they intend to transfer into Bachelor of Music programs in Performance, History and Literature, Music Education, or Composition. Please consult a SAC counselor for course requirements for particular four-year institutions.

Learning Outcome(s)  

Upon successful completion of this program, students will be able to:

1. Display competency and artistry, through experience, in the creation and presentation of public performances of music.
2. Perform proficiently (at the sophomore level) on their primary instrument in a 20-minute public recital. They will pass placement tests on their primary instrument, and be accepted at Cal State, UC, or other four-year institutions.
3. Demonstrate an understanding of music theory, piano, harmony and musicianship at the final level of a traditional lower division music sequence. They will pass placement tests in the areas of music theory and musicianship and be placed at the junior level upon transfer to the Cal State, UC, or other four-year institutions.
4. Demonstrate, through public performance, a proficiency, at the sophomore level, on their primary instrument that allows them to perform, accurately and musically, within a large ensemble.
5. Demonstrate proficiency performing in a vocal, or instrumental ensemble, to be able to continue their involvement in music, in a performance ensemble, within the greater community.

**Digital Music Production: Certificate of Achievement**

*(Transcripted)*

**Program Code: SAC.MUSDM.CA**

**Program Control Number: 16536**

The Digital Music Production Certificate is intended for students with an interest in creating musical products with the aid of current computer technology. Career opportunities in this area include:

- audio technician in a studio
- audio specialist for web design
- independent audio technician in a project studio
- audio technician/music specialist in a video post-production unit or company
- retail specialist in a music store
- music producer/composer for film, TV, radio
- audio specialist for a computer game company

The program provides students with hands on experience and a working knowledge of the creative and technical issue surrounding the production of digital audio and its application and synchronization with other media. Students will study various means of computer assisted digital audio production including sequencing, digital recording, recording studio techniques, mixdown and synchronization to video. The business of music as well as current and emerging technologies for web audio design will also be covered. A variety of music electives are available to help students gain experience in other musical skills including instruction on an instrument, ensemble playing, and music theory.

**Learning Outcome(s):**

1. Demonstrate a working knowledge of the creative and technical issues necessary for the production of digital audio and its application and synchronization with other media.
2. Demonstrate a working knowledge of computer assisted digital audio production including sequencing, digital recording, recording studio techniques, mixdown and synchronization to video.
3. Demonstrate competency in the skills necessary for an entry level position in careers including audio technician in a studio, audio specialist for web design, independent audio technician in a project studio, audio technician/music specialist in a video post-production unit or company, retail specialist in a music store, music producer/composer for film, TV, radio or audio specialist for computer game company.
4. Demonstrate an understanding of the business of music and current and emerging technologies for audio design.

NURSING

Nursing Degree Pre-Nursing for the Bachelor’s Degree in Nursing: AS

Program Code: SAC.NRSPR.AS
Program Control Number: 8737

Courses recommended for upper division standing (check with the Division Counselor and the transfer school to verify current courses):
California State University, Long Beach; California State University, Fullerton; and California State University, Dominguez Hills.

Learning Outcome(s):
1. Students will meet the non-nursing prerequisites for transfer to a baccalaureate program.

Required Core Courses: Units: 24-25

CHEM 119 Fundamentals - General and Organic 5
OR
CHEM 209 Introductory Chemistry 4
OR
CHEM 210 General, Organic and Biochemistry 5
OR
CHEM 219 General Chemistry 5
OR
CHEM 219H Honors General Chemistry 5
BIOL 239 General Human Anatomy 4
BIOL 249 Human Physiology 4
BIOL 229 General Microbiology 5
PSYC 100 Introduction to Psychology 3
OR
PSYC 100H Honors Introduction to Psychology 3
ENGL 101 Freshman Composition 4
OR
ENGL 101H Honors Freshman Composition 4

Total: 24-25

Nursing-Registered Nursing Degree: AS

Program Code: SAC.NRSRG.AS
Program Control Number: 04226

The Associate Degree Nursing (ADN) program is approved by the California Board of Registered Nursing (BRN) and accredited by the Accreditation Commission for Education in Nursing (ACEN). It is designed to qualify the graduate for the licensure examination and entry into practice as a Registered Nurse (RN). Additionally, completion of the Associate in Science Degree in Nursing prepares a graduate to transfer to a four-year institution for completion of a baccalaureate degree (see a counselor for requirements). The curriculum follows the Santa Ana College Conceptual Framework for Nursing.

Completion of a Nursing Orientation (call Santa Ana College Counseling at 714-564-6103 for dates) is strongly advised. Advance placement in the program may be granted to those students with certain prior experience, vocational nursing, registered nursing education or equivalent. Advanced-Placed/Transfer/Challenge applicants require an individual appointment with the Program Director or designee. SAC reserves the right to designate a certain number of spaces for contract agreements and/or meet grant designated requirements.

Program Learning Outcome:
Graduates will function knowledgeably, safely, and effectively in nursing practice within a variety of health care settings and will be qualified for the licensing examination.

Please refer to www.sac.edu/nursing for current and updated information.

Learning Outcome(s):
1. The Program Learning Outcome is that graduates will function knowledgeably, safely, and effectively in nursing practice within a variety of health care settings and will be qualified for the Registered Nurse (RN) licensing examination.

Requirements

Admission Prerequisites:
The following prerequisites are required for entry into the program and first semester. Nursing students must meet current departmental catalog requirements. 1. Apply to Santa Ana College, obtain a Student Identification Number, and submit all official college transcripts to Santa Ana College, Admissions Office, 1530 W. 17th Street, Santa Ana, CA. 92706-3398. Please alert the college to possible name changes (e.g. maiden name). It is the student’s responsibility to follow up and make sure transcripts have been received. 2. Complete high school/ equivalency or have a college degree, verified by submitting official transcripts of high school or college graduation, passing the GED, or passing the California High School Proficiency Examination. 3. Complete courses or equivalents (units are semester units):

Units: 16

BIOL 239 General Human Anatomy 4
BIOL 249 Human Physiology 4
BIOL 139 Health Microbiology 4
ENGL 101 Freshman Composition 4
OR
ENGL 101H Honors Freshman Composition 4
BIOL 229 General Microbiology (5 Units) can be substituted for Biology 139 Health Microbiology.

The science prerequisites must be completed within seven (7) years of applying to the Nursing Program.

(TEAS V or ATI TEAS): All students, including Advanced-Placed/Transfer/Challenge applicants, are required to successfully complete the diagnostic assessment of preparation, TEAS V/ATI TEAS, prior to entry into the Nursing Program. Remediation is required if this test is not passed. Please see www.sac.edu/nursing for TEAS remediation information.

Admission Procedures:

For Students Entering the First Semester:
A multicriteria admission selection process is being used to select students to enter the first semester. The multicriteria admission selection process is based on points given for the science prerequisites’ GPA, completion of English and general education courses, previous degrees, recent work in healthcare, life experiences, fluency in specific languages, and results on the Assessment Technology Institute’s Test of Essential Academic Skills (TEAS V/ATI TEAS) test. Please refer to www.sac.edu/nursing for TEAS test information.

For Students Entering the First Semester:
A multicriteria admission selection process is being used to select students to enter the first semester. The multicriteria admission selection process is based on points given for the science prerequisites’ GPA, completion of English and general education courses, previous degrees, recent work in healthcare, life experiences, fluency in specific languages, and results on the Assessment Technology Institute’s Test of Essential Academic Skills (TEAS V/ATI TEAS) test. Please refer to www.sac.edu/nursing for TEAS test information.

The science prerequisites require a grade of “C” or higher with an overall Grade Point Average (GPA) of 2.5 or higher.
For Advanced-Placed Students:
There is an entry list for second, third, and fourth semesters. Please refer to www.sac.edu/nursing for information. An individual appointment with the Program Director or designee is required to determine placement except for LVNs who enter the third semester. All the prerequisites require a grade of “C” or higher with an overall Grade Point Average (GPA) of 2.5 or higher. After completing the prerequisites for advanced placement, students must submit a Prerequisite Verification Form (obtained in the Health Sciences/Nursing Office, R-213, 714-564-6825 or at www.sac.edu/nursing). After prerequisite verification, students are placed on the entry list for the appropriate semester and course. Students are admitted after successfully completing NRN 200 Role Transition, and successfully passing the Assessment Technology Institute’s Test of Essential Academic Skills (TEAS V/ATI TEAS) test. Students on the second, third, and fourth semester entry lists are admitted on a space available basis according to “first to complete all of the requirements, first admitted.” Advanced-placed and Re-entry students share entry based on space availability. A student who successfully completes all requirements but who is not accepted because of limited class size will be accepted as soon as space becomes available. Students may turn down entry to the Role Transition course and/or the program once. A second refusal will result in the student’s name being placed at the end of the entry list. A third refusal will result in removal from the list.

Upon acceptance to all semesters:
1. Evidence of a physical examination by an M.D., Physician Assistant, or Nurse Practitioner will be required prior to entry in the program and on an annual basis. Evidence of a physical exam and immunizations must be submitted on the Nursing Program’s form upon entry into the program verifying the applicant’s health and physical ability to perform the academic and clinical requirements of an RN student. Examinations, including immunization status, must have been performed within 4 months prior to beginning the Nursing Program.
2. A cleared background check is required of all Nursing students after acceptance into the Nursing Program.
3. A cleared drug test is required of Nursing students after acceptance into the program.
4. A current (within one year of issue date) American Heart Association Basic Life Support BLS Provider Card is required upon entry to the Nursing Program and renewed every year. 5. Malpractice insurance must be maintained throughout the Nursing Program. Students with incomplete physical information, CPR, malpractice insurance, background check, and drug testing will not be allowed into the clinical setting because of mandatory hospital and program requirements. If a student re-enters the program after one or more semester(s) absence, a new background check and drug testing must be provided.

Program Information
The program is four semesters (fall and spring). Students are required to have transportation to off-campus clinical sites. There are 1-2 clinical days per week. These clinical days may be day, evening, or night shifts including weekends in eight or twelve-hour configurations. Theory courses meet 1 to 2 days per week. Please refer to the website at www.sac.edu/nursing for further information. Please note that this is considered a full-time program. Students are advised to limit outside employment to 12 hours/week. Excessive work schedules combined with family and school commitments may contribute to being unsuccessful in the program. It is the student’s responsibility to contact the Health Sciences/Nursing office at 714-564-6825 when a change of address or phone number has occurred. If mail is returned due to a wrong address or a student does not respond to an acceptance letter, the student’s name will be removed from the entry list. Approximate cost for the supplies/fees can be obtained at www.sac.edu/nursing. Students who are a “NO SHOW” for the first day of class will be dropped and replaced by an alternate. The BRN requires all licensure applicants to provide a valid Social Security number.

A Concept-Based Curriculum was implemented and has been phased into all four semesters. A Concept-Based Curriculum allows students to learn nursing concepts in depth with greater emphasis on nursing implementations and exemplars to showcase specific diseases.

The RN program has three options:
Option I - Generic RN academic program of two years.
Applicants interested in this option must:
a. Complete the admission prerequisites and
b. Be admitted into the Santa Ana College RN program at the first semester of the program or be advanced-placed.

Option II - LVN to RN, academic program of one year.
Licensed Vocational Nurses (LVNs) are admitted at the beginning of the second year of the program. To apply for licensure as a Registered Nurse, one must be licensed in California as a Vocational Nurse and: a. Complete the admission prerequisites, b. Be admitted into the Santa Ana College RN program in the beginning of the second year of the program (third semester) with college credit granted for 19.5 units of LVN courses, c. Complete the Role Transition course with a grade of “Pass” before entering the program, and d. Be placed into the third semester which is dependent upon space availability in the program.

Option III - Thirty (30) Unit LVN Option - (BRN regulation 1429), academic program of one year.
Information on the Thirty (30) Unit LVN Option is available in the Health Sciences/Nursing Office. Applicants interested in this option are required to meet with the Program Director or designee regarding this option being a non-degree option and: a. Must be licensed in California as a Vocational Nurse, b. Complete the admission prerequisites required for the 30 Unit LVN Option, c. Be admitted into the Santa Ana College RN program in the beginning of the second year of the program (third semester), d. Complete the Role Transition course with a grade of “Pass” before entering the program, and e. Be placed into the third semester which is dependent upon space availability in the program. All Nursing Program curricula have been approved by the BRN and ACEN. Major nursing requirements for the Associate Degree in Nursing for the Concept-Based Curriculum prior to Fall 2019:

Total = **70 units (prior to entering fall 2019)**

Total = **67 units (entering fall 2019)**

NOTE: Only Biol 249 and Biol 139 are required for Option III - 30 Unit Option LVN students.

Cultural Breadth and Lifelong Understanding/Self-Development graduation requirements are met for nursing students with completion of the Nursing major. Math proficiency for graduation: Successful completion of math proficiency is required for graduation. Reading proficiency for graduation: Successful completion of reading proficiency is required for graduation. The California BRN stipulates that RN students must complete sixteen (16) units of natural, behavioral, and social sciences as well as six (6) units of communications skills, in addition to the approved nursing units, to qualify for examination and licensure. There are no required electives for the degree. If desired, these courses are recommended: Biology 217; Chemistry 119, 209, 210, 219, 219(H); Medical Assisting 051A; Medical Assisting 051B; Math 219; Nursing Registered 098, 106A, 106B, 106C 198, 206A, 206B, 206C.

Challenge Credit

The student with previous nursing education/ experience, or the veteran with previous military healthcare education/experience, may challenge any Nursing course per the BRN. Application for “Credit by Examination” may be obtained in the Admissions Office. The application must be completed by the student, processed by the Admissions Office, and submitted to the Health Sciences/Nursing Office. The application to challenge must be submitted within the first two weeks of the course. Challenge courses require registration fees. The student will be directed to the appropriate faculty and will be given objectives for the course. An appointment will be made to take the examination(s). The student must be currently enrolled in the course. The theory course must be successfully passed before challenging the concurrent clinical course. The student must meet all clinical requirements. Students may attempt “Credit by Examination” only once in a particular course. If a course has been failed, credit by examination will not be allowed. Grading for the “Credit by Examination” is on a pass/no pass basis. Please see www.sac.edu/nursing for the veterans with military healthcare experience process.

Re-Admission to Program After Withdrawal/Failure

A student may re-enter the Nursing Program once after withdrawal or failure. No student shall be re-admitted after two (2) withdrawals or failures of SAC Nursing Program courses. In cases of grave or extenuating circumstances, a consideration for re-admittance after two withdrawals or failures may be made by the Program Director. Re-Admission to Program After Withdrawal/Failure might be allowed if the student has a strong case that he/she can complete the program successfully.

For the veterans with military healthcare experience, the California Department of Justice and Federal Bureau of Investigation review prior to licensure (upon completion of the program). Section 480 (a) (1) of the Business and Professions Code, authorizes the BRN to deny licensure to applicants convicted of crimes substantially related to nursing. Anyone who wishes clarification may contact: The Board of Registered Nursing P.O. Box 944210 Sacramento, CA. 94244-2100 Website: www.rn.ca.gov Telephone: (916) 322-3350 Educational Concerns: Students or concerned parties have the right to contact the California Board of Registered Nursing (BRN) and/or the Accreditation Commission for Education in Nursing (ACEN) regarding concerns about the educational program. It is recommended that this is done after all college means for resolving problems/issues have been exhausted.

BRN P.O. Box 944210 Sacramento, CA. 94244-2100 (916) 322-3350 www.rn.ca.gov Accreditation Commission for Education in Nursing 3390 Peachtree Road, NE, Suite 1400 Atlanta, GA. 30326 (404) 975-5000 www.acenursing.org

NUTRITION & FOOD

Nutrition and Dietetics Degree: AS
Program Code: SAC.NUT.AS
Program Control Number: 04236
The associate degree curriculum in nutrition and dietetics prepares students to transfer into a curriculum at a four-year institution leading to a baccalaureate degree. Opportunities in the field include positions in: management in hospitals, schools, hotels and restaurants; clinical dietetics in acute care hospitals, clinics and convalescent homes; community nutrition at all levels - international, federal, state, and local; research, product development and testing; teaching, and promotion of food in business.

Learning Outcome(s):
1. Identify components of a healthy diet and lifestyle that lead to optimal health and chronic disease prevention.
2. Demonstrate skills in basic food safety and preparation.
3. Determine nutrient needs for individuals and groups across the lifespan, in diverse cultures and religions, and for different income levels.

Required Core Courses: Units: 16.5-17.5

Hospitality Management for Transfer Degree: AS-T
Program Code: SAC.NUTHM.AST
Program Control Number: 40653
The Associate in Science for transfer in Hospitality Management (AS-T in Hospitality Management) is designed to provide students a clear pathway to transfer into the CSU system leading to a baccalaureate degree in Hospitality Management. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AS-T in Hospitality Management degree also provides guaranteed admission to the CSU system, although not to a particular campus or major. Earn a grade of “C” or better, (or “P”) in all courses required for the major or area of emphasis. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.

The Hospitality Management major also offers a comprehensive educational approach to a career in the hospitality industry. The curriculum is designed to prepare students with both management theories and occupational job skills required to enter any segment of the industry. Students take classes specific to the industry including introduction to hospitality, introduction to the hotel industry, and hospitality law.

Learning Outcome(s):
1. Create favorable guest experiences by using professional service management techniques in a hospitality business environment.
2. Demonstrate clear and logical decisions by organizing, analyzing, and interpreting information and formulating rational solutions in a hospitality business environment.
3. Demonstrate the behaviors of effective, ethical leaders by demonstrating the fundamental principles of leadership in a hospitality business environment.
4. Describe how hotels and restaurants are organized, with the roles and responsibilities of the various departments and job positions.

Culinary Arts Foundation: Certificate of Achievement (Transcripted)

Program Code: SAC.CULN.CA
Program Control Number: 08745

The Culinary Arts Foundation Certificate is designed to prepare students with the knowledge and skills necessary to begin their own culinary arts business, for professional improvement and re-training, or for a wide variety of employment opportunities in the profession.

Learning Outcome(s):
1. Demonstrate fundamental skills in food handling, dining room, beverage service, and food and service, and use of kitchen equipment and tools.
2. Define classic cooking terminology and methods, apply health and safety standards.
3. Evaluate information, solving problems, and making decisions related to food preparation and food service.
4. Describe career opportunities within the food industry and strategize own career pathway.

Occupational Therapy Assistant

Occupational Therapy Assistant Degree: AS

Program Code: SAC.OTA.AS
Program Control Number: 07485

The Occupational Therapy Assistant Program provides a strong foundation in the skills and knowledge necessary for entry-level occupational therapy assistant competencies.

Occupational therapy is a discipline that focuses on function as well as quality of life. Occupational therapy assistants provide service to individuals with physical, mental or developmental disabilities, across life phases that need to remediate skills of everyday tasks of self-care, home management, community skills, work, and leisure. The major requires general education courses including biological, social, and behavioral science, in addition to, occupational therapy courses. The program utilizes classroom instruction, online classes and fieldwork experiences to prepare the student to meet certification and employment standards.

The associate-degree-level occupational therapy assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 20852-4929. ACOTE's telephone number c/o AOTA is (301) 652-AOTA and its web address is www.acotonline.org. Graduates of the program will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT), One Bank Street, Suite 300, Gaithersburg, MD 20877, phone number (301) 990-7979 and its web address is www.nbcot.org. After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Students who have completed all requirements will also need to apply for a license to practice in the State of California through the California Board of Occupational Therapy, 2005 Evergreen Street, Suite 2250, Sacramento, CA 95815, phone number (916) 263-2294, and its web address www.bot.ca.gov. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Finger printing is a requirement to apply for state licensure with the California Board of Occupational Therapy (BOT) and for placement in most level II fieldwork sites. For information about limitations based on felonies, students are advised to contact NBCOT and BOT any time prior to the application process. Students must complete 16 weeks of Level II Fieldwork within 18 months following the completion of the didactic portion of the program.

PREREQUISITES:
Applicant with AP Exam taken in lieu of a prerequisite course must have a score of 3, 4 or 5.

Submit a sealed copy of the official AP Score Report with the application. Official score on an official high school transcript will be accepted.

- Biology 149, Human Anatomy & Physiology (may be taken as a part of a combined course or separately) This course has to be taken within the last 10 years. *Courses without a lab component are not equivalent to this prerequisite*
- Communication Studies 101 or 101H, Introduction to Interpersonal Communication or Communication Studies 102, Public Speaking or Communication Studies 103 or 103H, Introduction to Intercultural Communication or Communication Studies 140, Argumentation and Debate or Communication Studies 145, Group Dynamics
- English 101 or 101H, Freshman Composition
- Psychology 100 or 100H, Introduction to Psychology
APPLICATION PROCEDURES:
Each semester has a separate application period. Check the website for the dates as they become available. For questions regarding the application process, please attend an information session.
- Completed applications will be accepted in the following format:
  - SPRING semester – a randomization selection process (lottery).
  - FALL semester - an Associate’s degree in OTA to a Bachelor’s degree in Occupational Studies (OS). Students will earn both degrees. The selection for this program will be criterion base. This program is for applicants without a Bachelor’s Degree awarded from another college/university.
1. Apply to Santa Ana College to obtain a student ID #.
2. Download and complete the OTA application from our website. Incomplete application will not be reviewed and will be returned.
3. Obtain official high school transcripts (for applicants without an AA/AS or BA/BS degree awarded from an accredited United States Institution). Please note an official high school transcript may be necessary for official AP score.
4. Ensure satisfactory completion of all prerequisite courses, or their equivalents, with a grade of “C” or better. A letter grade of “C-” is not acceptable. Applicants must have completed all prerequisite courses and the grades must be posted to the official transcripts before submitting an application.
   a. Applicant with AP Exam taken in lieu of a prerequisite course must have a score of 3, 4 or 5 on the AP test. Submit a sealed copy of the official AP Score Report with the application. Official score on an official high school transcript will be accepted.
5. Obtain official college transcripts from every college attended and include them in the application packet. DO NOT send the transcripts directly to Admissions & Records and DO NOT submit unofficial transcripts in the packet. Transcripts must be in sealed envelope form from the college.
6. Deliver the application materials in one sealed envelope to the OTA program by the deadline.
7. This is only for students who have been accepted into the program. Once accepted, about 2 months prior to starting the program, students will be sent information for completion of the following:
   - Background check via CastleBranch
   - Provide CPR (BLS for Healthcare Providers)
   - Certification from American Heart Association
   - Obtain professional liability insurance
   - Report of Medical Screening
   - Provide documentation of various medical immunizations: Measles, Mumps, Rubella (MMR)
   - Varicella (Chicken Pox)
   - Hepatitis B
   - TB Skin Test, OR quantiFERON Gold blood test, OR clear chest X-Ray
   - Completed DTP (Tdap) Series
   - Influenza Shot or Declination

Learning Outcome(s):
1. Students will be prepared for employment as Occupational Therapy Assistants.
2. Students will pass the National Board for Certification in Occupational Therapy (NBCOT) certification examination for occupational therapy assistants within 1 year of graduation.

PARALEGAL

Paralegal Degree: AA
Program Code: SAC.PARA.AA
Program Control Number: 10629

This American Bar Association (ABA) approved program is designed to qualify students to work as a Paralegal/Legal Assistant as defined by section 6450 of the California Business and Professions Code, who are qualified by education, who either contracts with or is employed by an attorney, law firm, corporation, governmental agency, or other entity, and who performs substantial legal work under the direction and supervision of an active member of the State Bar of California, as defined in Section 6060, or an attorney practicing law in the federal courts of this state, that has been specifically delegated by the attorney to him or her.

This program is not designed to prepare students for the practice of law.

Upon successful completion of the program students will be able to:

1. Make ethical decisions in the workplace
   • Students will complete the PARA 121 Ethics class
   • Students will incorporate ethical standards in the Law Office Management class through problem solving and discussion board discussions.
2. Understand legal concepts
   • Students will demonstrate legal concepts in the legal specialty classes through examination and practical exercises.
   • Students will draft law office memorandum and appellate briefs in the Advanced Legal writing class incorporating analysis of legal concepts.
3. Communicate effectively orally and in writing
   • Students will draft law office memorandum.
   • Students will use proper grammar, punctuation, and spelling.
   • Students will create client correspondence.
4. Be proficient in using legal technology
   • Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   • Students will complete assignments using legal specific software.
5. Have the tools necessary to obtain employment in their field of study in a timely manner.

All courses must be passed with a C grade or better with the exception of PARA 297, which is pass/ no pass.

Specific General Education Requirements for the degree:
The ABA additionally specifies that a student must complete a minimum of 18 semester units of ABA approved general education courses from at least 3 disciplines in the areas of language and composition, mathematics, social science and behavioral sciences, natural sciences, humanities and the arts. This excludes courses in kinesiology, counseling, performing arts, accounting, computer science, technical writing, business mathematics, keyboarding, and business law. Students are urged to seek counseling prior to enrollment to insure that college general education choices satisfy this requirement.

Major requirements for students seeking the degree:
Students must complete the program within 5 years or repeat any legal specialty courses which were completed more than 5 years prior to graduation. Legal specialty courses subject to these requirements are marked with an asterisk (*). The ABA requires the degree to have a minimum of 60 semester units. In addition to meeting the ABA general education and unit requirements, students are required to meet the AA degree requirements as set forth in the current catalog.

Learning Outcome(s):
1. Make ethical decisions in the workplace
   • Students will complete the PARA 121 Ethics class
   • Students will incorporate ethical standards in the Law Office Management class through problem solving and discussion board discussions.
2. Understand legal concepts
   • Students will demonstrate legal concepts in the legal specialty classes through examination and practical exercises.
   • Students will draft law office memorandum and appellate briefs in the Advanced Legal writing class incorporating analysis of legal concepts.
3. Communicate effectively orally and in writing
   • Students will draft law office memorandum.
   • Students will use proper grammar, punctuation, and spelling.
   • Students will create client correspondence.
4. Be proficient in using legal technology
   • Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   • Students will complete assignments using legal specific software.
5. Have the tools necessary to obtain employment in their field of study in a timely manner.

Requirements
Students should take PARA 100 or Law 100 prior to or concurrently with other legal specialty courses. Students must pass PARA 246 with a C or better prior to taking PARA 248 and PARA 297. PARA 297 is intended to be taken in the final semester of the program.

Students must complete the program within 5 years or repeat any legal specialty courses which were completed more than 5 years prior to graduation. Legal specialty courses subject to these requirements are marked with an asterisk (*).

---

**Paralegal: Certificate of Achievement**

**Program Code:** SAC.PARA.CA

**Program Control Number:** 04237

This American Bar Association (ABA) approved program is designed to prepare students to work as a Paralegal/Legal Assistant as defined by section 6450 of the California Business and Professions Code, who are qualified by education, who either contracts with or is employed by an attorney, law firm, corporation, governmental agency, or other entity, and who performs substantial legal work under the direction and supervision of an active member of the State Bar of California, as defined in Section 6060, or an attorney practicing law in the federal courts of this state, that has been specifically delegated by the attorney to him or her.

This program is not designed to prepare students for the practice of law.

Upon successful completion of the program students will be able to:

1. Make ethical decisions in the workplace
   - Students will complete the PARA 121 Ethics class
   - Students will incorporate ethical standards in the Law Office Management class through problem solving and discussion board discussions.

2. Understand legal concepts
   - Students will demonstrate legal concepts in the legal specialty classes through examination and practical exercises.
   - Students will draft law office memorandum and appellate briefs in the Advanced Legal writing class incorporating analysis of legal concepts.

3. Communicate effectively orally and in writing
   - Students will draft law office memorandum.
   - Students will use proper grammar, punctuation, and spelling.
   - Students will create client correspondence.

4. Be proficient in using legal technology
   - Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   - Students will complete assignments using legal specific software.

5. Have the tools necessary to obtain employment in their field of study in a timely manner.

All courses must be passed with a C grade or better with the exception of PARA 297, which is pass/no pass.

**Specific General Education Requirements for the Certificate:**

The ABA additionally specifies that a student must complete a minimum of 18 semester units of ABA approved general education courses from at least 3 disciplines in the areas of language and composition, mathematics, social science and behavioral sciences, natural sciences, humanities and the arts. This excludes courses in kinesiology, counseling, performing arts, accounting, computer science, technical writing, business mathematics, keyboarding, and business law. Students are urged to seek counseling prior to enrollment to insure that college general education choices satisfy this requirement.
Major requirements for students seeking the certificate:

Note: Students must complete the program within 5 years or repeat any legal specialty courses which were completed more than 5 years prior to graduation. Legal specialty courses subject to these requirements are marked with an asterisk (*).

Learning Outcome(s):

1. Make ethical decisions in the workplace
   - Students will complete the PARA 121 Ethics class
   - Students will incorporate ethical standards in the Law Office Management class through problem solving and discussion board discussions.

2. Understand legal concepts
   - Students will demonstrate legal concepts in the legal specialty classes through examination and practical exercises.
   - Students will draft law office memorandum and appellate briefs in the Advanced Legal writing class incorporating analysis of legal concepts.

3. Communicate effectively orally and in writing
   - Students will draft law office memorandum.
   - Students will use proper grammar, punctuation, and spelling.
   - Students will create client correspondence.

4. Be proficient in using legal technology
   - Students will demonstrate the use of the Microsoft suite (Word, PowerPoint and Excel) in their completion of assignments.
   - Students will complete assignments using legal specific software.

5. Have the tools necessary to obtain employment in their field of study in a timely manner.

Requirements

Students should take PARA 100 or LAW 100 prior to or concurrently with other legal specialty courses. Students must pass PARA 246 with a C or better prior to taking PARA 248 and PARA 297. PARA 297 is intended to be taken in the final semester of the program.

Students must complete the program within 5 years or repeat any legal specialty courses which were completed more than 5 years prior to graduation. Legal specialty courses subject to these requirements are marked with an asterisk (*).

PHARMACY TECHNOLOGY

Pharmacy Technology Degree: AS

Program Code: SAC.PHAR.AS
Program Control Number: 04230

In addition to the general education requirement, the associate degree includes the full-spectrum training required for employment in all pharmacy practice settings. Upon completion of the associate degree, graduates will meet the academic training requirements for licensing with the California State Board of Pharmacy. Graduates will also be well prepared for the Pharmacy Technician Certification Board exam.

The major course requirements for the associate degree consists of the same 20.0 units of coursework listed in the Basic Certificate option, including the 2.0 units outpatient externship rotation. In addition to completing two additional academic courses (PHAR 057 and PHAR 060), students choosing the associate degree must perform 200 additional hours (3 additional units) of externship, involving rotations in inpatient and sterile products pharmacy services. Students will be placed in the hospital and/or home infusion setting to complete these rotations. Background checks, health screenings, and/or drug testing will be required prior to lab classes. Any required investigations are done at the student’s expense.

All courses are required to be completed within a 3-year period to be eligible for Pharmacy Technology program enrollment and certificate/degree.

Learning Outcome(s):
1. Apply for the California Board of Pharmacy licensing as a Pharmacy Technician in a timely manner.
2. Construct an effective resume for Pharmacy Technician job interviews, highlighting your advanced technical skills and Associates of Science in Pharmacy Technology.
3. Apply for the Pharmacy Technician Certification Board Exam and complete successfully.

Required Core Courses: Units: 27-32.5

Pharmacy Technology Basic Option: Certificate of Achievement (Transcribed)

Program Code: SAC.PHARB.CA
Program Control Number: 18780
The Basic Certificate option prepares students for entry-level employment as pharmacy technicians in the retail pharmacy sector. By completing the Basic Certificate option, students will meet the minimum academic training requirements for licensing as specified by the California State Board of Pharmacy.

Students who intend to complete only the Basic Certificate option will be placed for a minimum of 120 hours of externship in an outpatient (drug store or ambulatory care clinic) pharmacy site to gain workplace experience.

Background checks, health screenings, and/or drug testing will be required prior to lab classes. Any required investigations are done at the student’s expense. Students are expected to understand and agree to abide by the Program Guidelines, which include technician standards and essential functions for pharmacy technicians.

The Basic Certificate option is not accredited by the American Society of Health-Systems Pharmacists (ASHP). Students who earn the Basic Certificate and then continue through the Advanced Certificate will be designated as having completed an ASHP-accredited program.

All courses are required to be completed within a 3-year period to be eligible for Pharmacy Technology program enrollment and certificate/degree.

Learning Outcome(s):
1. Construct an effective resume for Pharmacy Technician job interviews.
2. Apply for licensing as a Pharmacy Technician with the California Board of Pharmacy in a timely manner.
3. Apply for the Pharmacy Technician Certification Board Exam.

PHILOSOPHY

Philosophy Degree: AA
Program Code: SAC.PHIL.AA
Program Control Number: 4240

The associate degree curriculum in philosophy prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. The baccalaureate degree is intended for those students who plan to teach philosophy, or for pre-professional students in such areas as theology and law, and as a foundation for graduate studies in the areas of library science, diplomacy, theoretical physical science, and specialized historical studies.

Learning Outcome(s):
1. Demonstrate strong skills in critical thinking, logical analysis, and analytical writing
2. Demonstrate an understanding of the core historical and contemporary ideas central to the discipline

Required Core Courses: Units: 16
- PHIL 106 Introduction to Philosophy 3
- OR
  - PHIL 106H Honors Introduction to Philosophy 3
- PHIL 108 Ethics 3
- PHIL 110 Critical Thinking 4
- OR

Philosophy for Transfer Degree: AA-T
Program Code: SAC.PHIL.AAT
Program Control Number: 33220

The Associate in Arts in Philosophy for Transfer (AA-T in Philosophy) is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in Philosophy. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU in the Philosophy major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AA-T in Philosophy students will have an understanding of the core historical and contemporary ideas central to the discipline of philosophy. Students will also have the critical thinking, logical analysis, and analytical writing skills instrumental for success across academic disciplines.

Learning Outcome(s):
1. Demonstrate strong skills in critical thinking, logical analysis, and analytical writing
2. Demonstrate an understanding of the core historical and contemporary ideas central to the discipline

Required Core Courses: Select Two Units: 7
- PHIL 111 Introductory Logic 4
- OR
  - PHIL 106 Introduction to Philosophy 3
- PHIL 106H Honors Introduction to Philosophy 3
- OR
  - PHIL 108 Ethics 3
- PHIL 110 Critical Thinking 4
- OR
  - PHIL 110H Honors Critical Thinking 4
- PHIL 112 World Religions 3
- PHIL 118 History of Philosophy 3

List A: Select one Required Core course not already used or one of the following:
- Units: 3-4
  - HIST 101 World Civilizations to the 16th Century 3
  - OR
    - HIST 101H Honors World Civilizations to the 16th Century 3
  - HIST 102 World Civilizations Since the 16th Century 3

PHOTOGRAPHY

Photography Degree: AA
Program Code: SAC.PHOT.AA
Program Control Number: 04224

The associate in arts degree in photography provides a foundation in basic photography processes combined with a high level of creative opportunity and individual expression. Enrollment in this program prepares transfer students to enter advanced degree programs at four-year institutions as well as to enter the field of photography in positions such as studio photographer, fashion photographer, museum/gallery photographer, photojournalist, and freelance photographer. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

Learning Outcome(s):
1. Demonstrate visual literacy, including competency in the nonverbal languages of art and design.
2. Demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Possess general knowledge of the monuments, movements and principal artists of major art periods of the past and contemporary thinking on art, design and photography.

Required Core Courses: Units: 29.5-30.5

Commercial Photography: Certificate of Achievement (Transcribed)

Program Code: SAC.PHOT.CA
Program Control Number: 21787

The digital photography certificate program is an intensive course of study focused on providing the student with a broad base of technical skills with additional emphasis on visual communication.

Career positions include production printer, studio photographer and freelance photographer.

Learning Outcome(s):
1. Demonstrate visual literacy, including competency in the nonverbal languages of art and design.
2. Demonstrate competency in critical analysis and verbal and written responses to visual phenomena.
3. Possess the aesthetic knowledge and technical skills necessary in digital photography, including wedding, quinceanera and commercial, to begin a career as a production printer, studio photographer or freelance photographer.

Required Courses Units: 18.5-19.5

PHYSICS

Physics Degree: AS
Program Code: SAC.PHYS.AS
Program Control Number: 04244
The associate degree curriculum in physics prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree, and then into careers in applied physics, research and development, and/or as assistant research scientists.

Learning Outcome(s):
1. Students will develop communication via coherent and succinct scientific writing, creative and critical thought for problem solving, and technological competence in the use of computerized sensors, software, and programming for scientific purposes.

Physics for Transfer Degree: AS-T
Program Code: SAC.PHYS.AST
Program Control Number: 32989

Option 2
The Associate in Science in Physics for Transfer (AS-T) prepares students to transfer in to the CSU system leading to a baccalaureate degree in Physics. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AS-T degree also provides guaranteed admission to the CSU system, although not to a particular campus or major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. In addition to the A.S-T degree requirements, students are encouraged to complete additional courses, that may be articulated as major preparation, prior to transfer. Some typical courses that may be articulated are Mathemacs 287, Mathemacs 290, Chemistry 219, and Computer Science 120. While these additional courses are not required for this degree, they will be helpful for students preparing for upper-division Physics coursework at a CSU. Upon completion of the A.S-T, students will become grounded in the fundamental physical laws as well as quantitative and analytical reasoning. Upon completion of the baccalaureate degree in Physics, students may then move into careers in applied physics, education, and/or as assistant research scientists.

Learning Outcome(s):
1. Students will develop communication via coherent and succinct scientific writing, creative and critical thought for problem solving, and technological competence in the use of computerized sensors, software, and programming for scientific purposes.

POLITICAL SCIENCE

Political Science Degree: AA
Program Code: SAC.POLT.AA
Program Control Number: 04259
The associate degree curriculum in political science prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. The baccalaureate degree prepares students for law school, teaching, public relations, journalism, government service on the local, state and national levels, and private employment where government institutions are involved.

Learning Outcome(s):
1. Students who complete an A.A./A.A.T. in Political Science will demonstrate an understanding of American and international political institutions.

Political Science for Transfer Degree: AA-T
Program Code: SAC.POLT.AAT
Program Control Number: 31859
The Associate in Arts in Political Science for Transfer (AA-T) prepares students to transfer into the CSU system. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Political Science major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AA-T in Political Science students will have an understanding of both the breadth and depth of the political science discipline. This knowledge will be grounded in the comprehension of political science principles, concepts, ideas, theories, research, and terminology. Students will also have the capacity to write and think in a critical and analytical way about issues pertaining to politics, government, and society.

Requirements
Student completion requirements for the associate degree for transfer:
1. 60 semester or 90 quarter CSU transferable units
2. the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern
3. a minimum of 18 semester or 27 quarter units in the major or area of emphasis as determined by the community college district
4. obtainment of a minimum grade point average (GPA) of 2.0
5. earn a grade of "C" or better, (or "P") in all courses required for the major or area of emphasis

Learning Outcome(s):
1. Students who complete an AA/AA-T in Political Science will demonstrate an understanding of American and international political institutions

Psychology Degree: AA
Program Code: SAC.PSYC.AA
Program Control Number: 04247
The associate degree in psychology prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree for specialization in any of more than twenty branches of psychology including child, clinical, personal, vocational and marriage counseling, industrial, mental health, and college teaching. Completion of the two-year program is appropriate for students whose career plans include helping people, e.g., teaching, social welfare, probation, criminology, nursing, law, or personnel work. Consult a counselor for information about course requirements for specific universities.

Learning Outcome(s):
1. Demonstrate familiarity with the major concepts, theoretical perspectives, research methods, core empirical findings, career pathways, and historic trends in psychology.
2. Understand the impact of diversity on psychological research, theory and application, including (but not limited to): age, race, ethnicity, culture, gender, socio-economic status, disability, and sexual orientation.
3. Have an understanding of the relationship between biology and psychological processes as it relates to typical, atypical, and psychopathological behavior and mental processes.
4. Be able to think critically and objectively, problem-solve, and employ the scientific method of inquiry to address psychological questions.
5. Be able to conduct academic research, understand the logic of statistical methods, and determine the validity and relevance of the research literature.
6. Be able to conduct descriptive and inferential statistics on data sets, understand the logic of hypothesis testing and apply this logic to the evaluation and interpretation of research data and findings.
7. Have an understanding of the logic of hypothesis testing and apply this logic to the evaluation and interpretation of research data and findings.
8. Be able adequately distinguishing between primary and secondary sources and communicate in writing using the standards and conventions of the American Psychological Association.

### Psychology for Transfer Degree: AA-T

**Program Code:** SAC.PSYC.AAT  
**Program Control Number:** 30670

The Associate in Arts in Psychology for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in psychology. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AAT degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU, Fullerton, in the Psychology major. Upon completion of the AA-T in Psychology, students will have a general understanding of main psychological theories as they pertain to development, personality, psychological disorders, learning, memory, and social dynamics as well as an understanding of the physiological basis of human behavior. This knowledge base will be grounded in the understanding of basic research methodology. Additionally, students will have the capacity to write and think in a critically analytical way about issues pertaining to human behavior and mental processes.

Completion of the AA-T is appropriate for students whose career plans include helping people, i.e., teaching, social welfare, probation, criminology, nursing, law, or personnel work.

**Learning Outcome(s):**

1. Demonstrate familiarity with the major concepts, theoretical perspectives, research methods, core empirical findings, career pathways, and historic trends in psychology.

2. Understand the impact of diversity on psychological research, theory and application, including (but not limited to): age, race, ethnicity, culture, gender, socio-economic status, disability, and sexual orientation.

3. Have an understanding of the relationship between biology and psychological processes as it relates to typical, atypical, and psychopathological behavior and mental processes.

4. Be able to think critically and objectively, problem-solve, and employ the scientific method of inquiry to address psychological questions.

5. Be able to conduct academic research, understand the logic of statistical methods, and determine the validity and relevance of the research literature.

6. Be able to conduct descriptive and inferential statistics on data sets, understand the logic of hypothesis testing and apply this logic to the evaluation and interpretation of research data and findings.

7. Have an understanding of the logic of hypothesis testing and apply this logic to the evaluation and interpretation of research data and findings.

8. Be able adequately distinguishing between primary and secondary sources and communicate in writing using the standards and conventions of the American Psychological Association.

SCIENCE

Astronomy Emphasis Degree: AS

Program Code: SAC.SCI.AS
Program Control Number: 04264

The associate degree in science is designed to provide students with a foundation in science that will allow transfer to a four-year college or university to complete a baccalaureate science degree in disciplines such as astronomy, biology, biochemistry, chemistry, geology, geophysics, meteorology, oceanography, or physics.

For transfer with upper division standing, most four-year institutions require a minimum of one year of calculus and one year of general chemistry in addition to the courses required in the science major. Check with the Santiago Canyon College/Santa Ana College Transfer Center or counselor for specific transfer requirements.

Units used to satisfy the Santiago Canyon College/Santa Ana College general education requirements may also be used to satisfy the Science Degree requirements.

Learning Outcome(s):
1. Students will understand the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations.

Required Core Courses: Units: 9

Electives (A, D, E)

A - Electives for any emphasis of the Science Degree must be selected from the following courses: Any course numbered 100 or higher in Astronomy, Biology, Chemistry, Earth Science, Environmental Studies, Geology, Physical Science or Physics and Mathematics 185, 280

D – Biology Emphasis Students may substitute Mathematics 150 for Mathematics 180/180H.

E – Chemistry 229 and Biology 211 and 212 or 214 highly recommended for Biology Emphasis students.

Total: 19
Chemistry Emphasis Degree: AS
Program Code: SAC.SCI.AS
Program Control Number: 04264
The associate degree in science is designed to provide students with a foundation in science that will allow transfer to a four-year college or university to complete a baccalaureate science degree in disciplines such as astronomy, biology, biochemistry, chemistry, geology, geophysics, meteorology, oceanography, or physics.
For transfer with upper division standing, most four-year institutions require a minimum of one year of calculus and one year of general chemistry in addition to the courses required in the science major. Check with the Santiago Canyon College/Santa Ana College Transfer Center or counselor for specific transfer requirements.
Units used to satisfy the Santiago Canyon College/Santa Ana College general education requirements may also be used to satisfy the Science Degree requirements.
Learning Outcome(s):
1. Students will understand the influence that the acquisition of scientific knowledge has on the development of the world’s civilizations.

Required Core Courses:
MATH 180  Single Variable Calculus I
OR
MATH 180H Honors Single Variable Calculus I
CHEM 219  General Chemistry
OR
CHEM 219H Honors General Chemistry
CHEM 229  General Chemistry and Qualitative Analysis
MATH 185  Single Variable Calculus II

Electives (A, F) Units: 8
A - Electives for any emphasis of the Science Degree must be selected from the following courses: Any course numbered 100 or higher in Astronomy, Biology, Chemistry, Earth Science, Environmental Studies, Geology, Physical Science or Physics and Mathematics 185, 280
F - Completion of Chemistry 259 or Chemistry 249 and Math 185 highly recommended for Chemistry Emphasis Students.

Total: 26

General Science Emphasis Degree: AS
Program Code: SAC.SCI.AS
Program Control Number: 04264

SOCIAL SCIENCE

Social Science Degree: AA
Program Code: SAC.SOCS.AA
Program Control Number: 4252

The associate degree curriculum in social science is designed to provide the student with a better understanding of human behavior, past and present, the historical and social environmental forces that operate in the world, and the significant problems of the present day. Completion of the degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Employment opportunities are available in the teaching of social science

SOCIOLOGY

Sociology Degree: AA
Program Code: SAC.SOC.AA
Program Control Number: 04260

The associate degree curriculum in sociology is an interdisciplinary social science program providing students an understanding of interpersonal behavior and social structure, a critical appreciation of contemporary social life, and a frame of reference for an analysis of human behavior. Completion of the associate in arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree.

**Learning Outcome(s):**

1. Students will be able to identify, contrast and apply the methods and theoretical perspectives in sociology utilized to explain social interaction and social structure, including the analysis of social problems.

Sociology for Transfer Degree: AA-T
Program code: SAC.SOC.AAT
Program Control Number: 30640

The Associate in Arts in Sociology for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in sociology. Please consult a counselor regarding specific course requirements for your transfer institution. Completion of the AA-T degree also provides guaranteed admission with junior status to the CSU system, along with priority admission to the local CSU campus, in one of seven different Sociology majors. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of this degree, students will accurately apply key sociological concepts when assessing their own and other societies; and distinguishing between personal/group opinions and scientific conclusions when analyzing and evaluating social issues. Students will be able to clearly communicate historical, social and cultural awareness in oral and written assignments, including an awareness of the variety and relative severity of social issues impacting people differently due to their particular place within the social structure.

Learning Outcome(s):
1. Students will identify, contrast and apply the methods and theoretical perspectives in sociology utilized to explain social interaction and social structure, including the analysis of social problems.

Required Core Courses (includes List A) (10 units) Units
SOC 100  Introduction to Sociology  3
- or -
SOC 100H  Honors Introduction to Sociology  3

List A – two courses Units
SOC 140  Analysis of Social Trends and Problems  3
- OR -
SOC 140H  Honors Analysis of Social Trends and Problems  3
MATH 219  Statistics and Probability  4
- OR -
MATH 219H  Honors Statistics and Probability  4
- OR -
SOC 112  Introduction to Cultural Anthropology  3
- or -
SOC 240  Introduction to Social Psychology  3

List B – two courses (6 units) Units
SOC 112  Relationships, Marriages, and Family Dynamics  3
SOC 120  The United States to 1865  3
- OR -
SOC 121  The United States since 1865  3
- OR -
HIST 127  Women in U.S. History  3
- OR -
POLT 101  American Government and Politics  3

List C – select one course (3-4 units) Units
GEOG 102  Cultural Geography  3
PHIL 110  Critical Thinking  4
- OR -
PHIL 110H  Honors Critical Thinking  4
PSYC 100  Introduction to Psychology  3

Total Units 19-20
SPEECH-LANGUAGE PATHOLOGY ASSISTANT
Speech-Language Pathology Assistant Degree: AS
Program Code: SAC.SLPA.AS
Program Control Number: 12242

The Speech-Language Pathology Assistant Program is designed to prepare students for employment assisting speech-language pathologists working with communicatively disordered children and adults. Students will be trained to administer treatment as prescribed by the speech-language pathologist, conduct screenings for speech-language and hearing disorders, and to provide general support assistance to the speech-language pathologist. The Associate of Science program offers an intensive course of study in the area of speech and language disorders, including supervised treatment and field experience in a variety of settings such as educational, clinical, and/or medical.

Further, there is a high probability that students will be required to complete immunizations, fingerprinting and/or have a drug test and criminal background check (at the student's expense). Problems with fingerprinting and background checks could result in a delay of placement or failure of program completion.

Upon completion of the A.S. Degree program, the graduate is eligible for registration as a Speech-Language Pathology Assistant by the Department of Consumer Affairs, Speech-Language Pathology & Audiology & Hearing Aid Dispensers Board. Prior to obtaining employment, students who have completed all A.S. degree requirements will need to apply for registration to practice in the State of California through the Department of Consumer Affairs, Speech-Language Pathology & Audiology & Hearing Aid Dispensers Board, 2005 Evergreen Street, Suite 2100, Sacramento, CA 95815, phone number 916-263-2666. When applying for registration with the California board, applicants will be asked to answer questions regarding prior felony arrests and convictions. In addition, applicants must submit fingerprints for a Department of Justice and Federal Bureau of Investigation background check, to be done at the applicant's expense, and possess a valid social security number. For information about limitations based on criminal history, applicants are advised to call the Board directly anytime prior to the application process. Registration application and complete information on necessary documents can be obtained through the Department of Consumer Affairs, Speech-Language Pathology & Audiology & Hearing Aid Dispensers Board website at speechandhearing.ca.gov.

Major requirements for the associate degree:

All A.S. degree requirements must be completed with a grade of C or better at the conclusion of the program.

Learning Outcome(s):
1. Students will be prepared for employment as Speech-Language Pathology Assistants.
2. Students will meet the State of California registration requirements for Speech-Language Pathology Assistant.

Required Core Courses:  
SLPA 118 Introduction to Speech-Language Pathology Assistant 1
SLPA 119 Speech-Language and Hearing Development Across the Life Span 3
CMST 151 Voice and Diction for Effective Communication 3
CDEV 107 Child Growth and Development (DS1) 3

TELEVISION/VIDEO

Film, TV and Electronic Media for Transfer Degree: AS-T

Program Code: SAC.FTEM.AST
Program Control Number: 35698

The Associate in Science in Film, Television and Electronic Media for Transfer (AS-T in Film, Television and Electronic Media) is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in Film, Television and Electronic Media, as well as to prepare them for work in those industries. Please consult a counselor regarding specific course require-ments for your transfer institution. Completion of the Associate in Science in Film, Television and Electronic Media for Transfer (AS-T in Film, Television and Electronic Media) also provides guaran-teed admission with junior status to the CSU system, along with priority admission to a local CSU in a similar major. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees. Upon completion of the AS-T in Film, Television and Electronic Media for Transfer (AS-T in Film, Television and Electronic Media), students will have an understanding of the various aspects associated with the production and post production of films, television and electronic media. Students will also possess the knowledge and technical skills required for academic and professional success in related areas.

THEATRE ARTS

Theatre Arts - Performance Emphasis Degree: AA
Program Code: SAC.TAPER.AA
Program Control Number: 04220

The Theatre Arts Performance degree provides a fundamental exploration of Theatre Arts focusing on performance styles and acting techniques. It is designed to prepare the student for entry level performance careers in stage, television, and film, as well as other occupations where voice training, dynamic presentations, and adaptability in interactive style are important. This degree provides a more flexible and diverse study plan in comparison to the associate in arts degree for transfer. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

Learning Outcome(s):
1. Gain practical experience in performing dynamic characters in the presentation of public performances of live stage productions.
2. Recognize the interaction between script, actor and audience and the areas of scenery, lighting, sound and costume.
3. Demonstrate knowledge of the historical and cultural dimensions of theatre, including the works of leading playwrights, actors, directors and designers, past and present.

Required Core Courses: Units: 12
THEA 100 Introduction to Theatre 3
THEA 105 Theatre History 1 3
THEA 110 Acting Fundamentals 3
THEA 120 Musical Theatre History 3

Plus an additional 9 units from the following courses: Units: 9
THEA 111 Intermediate Acting 3
THEA 113 Acting for the Camera 3
THEA 114 Acting for the Camera II 3
THEA 118 Fundamentals of Scene Study 2
THEA 131 Stagecraft 3
THEA 132 Stage Makeup 3
THEA 135 Technical Production 1
THEA 140A Theatre Performance 2
THEA 150A Rehearsal and Performance in Production 2
THEA 150B Technical Theatre in Production 2
THEA 151 Showcase I 3
THEA 152 Tour Ensemble 3
THEA 153 Introduction to Directing 2
THEA 154 Performance Ensemble 2
THEA 155 Children’s Theatre Ensemble 2
THEA 169 Cooperative Work Experience-Entertainment 1-4
THEA 177 Principles of Playwrighting 3
THEA 186 Voice for the Actor 3
THEA 255 Motion Picture Performance Production 3

Total: 21

Theatre Arts - Technical Theatre Emphasis Degree: AA
Program Code: SAC.TATEC.AA
Program Control Number: 04221

The Technical Theatre degree provides a fundamental exploration of Theatre Arts focusing on the technical elements that support performers and enhance performances. It is designed to prepare the student for entry level technical careers such as stage technician, lighting technician, sound technician, master electrician, scenic carpenter, stage manager, and other related careers. This degree provides a more flexible and diverse study plan in comparison to the associate in arts degree for transfer. Please consult a SAC counselor for information about course requirements for particular four-year institutions.

Learning Outcome(s):
1. Participate in the creation and presentation of public performances of theatre to gain practical experience using the entertainment technologies appropriate for live stage performances.
2. Demonstrate competency in core practical skills as used in the technical theatre industry.
3. Experience the interaction between script and the areas of stage management, scenery, lighting, sound and costume.

Required Core Courses: Units: 12
THEA 100 Introduction to Theatre 3
THEA 105 Theatre History 1 3
THEA 120 Musical Theatre History 3
THEA 131 Stagecraft 3

Plus an additional 9 units from the following courses: Units: 9
THEA 110 Acting Fundamentals 3
THEA 132 Stage Makeup 3
THEA 133 Lighting Fundamentals 3
THEA 135 Technical Production 1
THEA 150B Technical Theatre in Production 2
THEA 155 Children’s Theatre Ensemble 2
THEA 165 Introduction to Entertainment Lighting 1.5
THEA 165L Fundamentals of Programming for Intelligent Lighting Lab .5
THEA 166 Intermediate Programming 1
THEA 166L Intermediate Programming Lab 1
THEA 167 Setup for Intelligent Lighting 1
THEA 168A Computer Applications for Entertainment Lighting 2.5
THEA 169 Cooperative Work Experience-Entertainment 1-4
MUS 152 Beginning Audio Production 3

Total: 21
Theatre Arts for Transfer Degree: AA-T

Program Code: SAC.TAPER.AAT
Program Control Number: 31137

The Associate in Arts in Theatre Arts for Transfer (AA-T) prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree in theatre arts which can lead to careers in teaching, design, technical theatre, theatre management, professional performance, stage direction, stage management, and related areas. Please consult a counselor regarding specific course requirements for your transfer institution. See page 23 for a list of additional requirements for all Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) degrees.

Completion of the AA-T degree also provides guaranteed admission to the CSU system, although not to a particular campus or major. Upon completion of the AA-T in Theatre Arts, students will understand and be able to demonstrate the fundamental performance and technical production processes for Theatre Arts, demonstrate knowledge of the historical and cultural dimensions of theatre, and understand the interaction between script, actor, and audience and the areas of scenery, lighting, sound, and costume.

Learning Outcome(s):
1. Pass the audition or interview process in the areas of performance or technical theatre and be placed at the junior level upon transfer to California State University Fullerton, California State University Long Beach, or other four-year institutions.
2. Participate in the creation and presentation of public performances of theatre to gain an understanding of the processes and collaborative nature of the art form.
3. Develop an understanding of the interaction between script, actor, audience, and the areas of scenery, lighting, sound, and costume.

Entertainment Technology: Certificate of Achievement

Program Code: SAC.TAET.CA
Program Control Number: 16538

The Entertainment Technology program provides hands-on training with a focus on emerging entertainment technologies. The program focuses on the study of industry practices, including contemporary computer applications used for entertainment design disciplines, visualization, virtualization, project management, and support documentation. Students will become proficient in the utilization of entertainment technologies commonly used in concerts, dance performances, television, theatre, theme parks, sports arenas, houses of worship, industrial settings, and digital cinema. Fundamental skills will be developed that are necessary to assist students in pursuing career paths such as: Entertainment Lighting Technician, Moving Light Programmer, Console Operator, Moving Light Technician, Master Electrician, Assistant Lighting Designer and Director, Costume Technician, Assistant Costume Designer, Special Effects Makeup Technician, Makeup Technician, Audio Technician, Digital Content Creator, and Projections Technician.

Learning Outcome(s):
1. Demonstrate competency in basic skills required to pursue an entry level career path as an Entertainment Lighting Technician, Conventional and Moving Light Programmer, Master Electrician, Assistant Lighting Designer, or Entertainment Audio Technician.
2. Participate in the creation and presentation of public performances of theatre and dance to gain practical experience using the entertainment technologies appropriate for stage performances.

Required Core Courses: Units: 7-10

Screen Performance: Certificate of Achievement

Program Code: SAC.TASP.CA
Program Control Number: 38160
This certificate program is designed for those who want to pursue an acting career in film, television, commercials, and digital media. Students hone their performance, auditioning, and improvisation skills and have ample opportunity to perform in front of the camera and learn the practical business skills needed to succeed in the industry.

Learning Outcome(s):
1. Gain practical experience in performing dynamic on-screen characters in various styles of television and cinema production.
2. Demonstrate an understanding of the artistic processes involved in acting for the camera.

Required Core Courses: Units: 15
THEA 111 Intermediate Acting 3
THEA 113 Acting for the Camera 3
THEA 114 Acting for the Camera II 3
THEA 190 Improvisation for Stage and Screen 3
THEA 255 Motion Picture Production Performance 3

Plus 4-6 units from the following electives: Units: 4-6
THEA 118 Fundamentals of Scene Study 2
THEA 153 Introduction to Directing 2
TELV 112 Introduction to Video Editing and Postproduction 3
TELV 115A Single-Camera Production and Editing 3
TELV 120 Beginning Screenwriting for TV, Film, the Web, Corporate Video and Digital Media 3
TELV 140 Cinematography 3

Total: 19-21

Costume Design: Certificate of Proficiency (Untranscribed)

Program Code: SAC.TACD.CERT
This certificate curriculum is designed to prepare students for entry level costume careers within the entertainment industry which includes television/film, theme parks, theatres, and varied performance venues across the country and world. Emphasis is placed on developing fundamental costume design skill sets while gaining an understanding of the processes and procedures utilized in the entertainment industry for costuming actors/performers. Possible entry level job titles are: Costume Design Assistant, Wardrobe Manager, Costume Manager, Dresser, Cutter/Draper, Production Designer, and Costume Shop Assistant all of which can lead to more advanced careers within these industries.

Learning Outcome(s):
1. Demonstrate an understanding of the relationship between costumes, the script, and the actor.
2. Develop an understanding of the responsibilities and the art of the costume designer as it relates to characterization for a specific script.
3. Develop the fundamental skills to visualize, pattern, construct, and fit performers with custom costumes.

Complete the following 17.5 units: Units: 17.5
FDM 105A Beginning Sewing 3
FDM 111A Fashion Illustration Techniques 3
FDM 113 Fashion Draping 3.5
FDM 136 Fundamentals of Costume Design 3
THEA 136 Fundamentals of Costume Design 3
THEA 132 Stage Makeup 3
THEA 150 Theatre Production 2

Total: 17.5

WELDING TECHNOLOGY

Welding Technology Degree: AS

Program Code: SAC.WELD.AS
Program Control Number: 04214
In addition to the general education requirements, the associate degree and certificate curriculum in welding technology is designed to provide comprehensive occupational training in all common types of welding methods relating to the needs of today’s welding fabrication industry. The program provides students with the practical skills and technical knowledge required to operate Oxy-Fuel cutting equipment, Shielded Metal Arc Welding (SMAW), Flux Core Arc Welding (FCAW), Gas Tungsten Arc Welding (GTAW), and Gas Metal Arc Welding (GMAW). In addition, students will be prepared for certification as required by employment in the welding industry. Employment opportunities available are Welder, Welder Technician, Inspector, Maintenance Welder, Pipe Welder, and Shipbuilder. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, GTAW, and GMAW.

Learning Outcome(s):
1. Demonstrate advanced knowledge in welding processes that apply to the welding industry.
2. Apply welding theory to ensure proper application of welding practices.
3. Identify welding blueprints and symbols.

Required Core Courses: Units: 26
WELD 101 Introduction to Welding 3
WELD 125 Intermediate Electric Arc Welding 3
WELD 225 Advanced Electric Arc Welding 3
WELD 240 Structural Welding SMAW/FCAW 3
WELD 153 Math/Blueprint Reading for Welders 3
WELD 177 Welding Metallurgy 3
WELD 225 Advanced Electric Arc Welding 3
WELD 240 Structural Welding SMAW/GMAW 3
WELD 244 Welding Certification D1.1 Code Clinic 2

Total: 26

Structural Steel: Certificate of Achievement (Transcripted)

Program Code: SAC.ADVWELD.CA
Program Control Number: 32538
The certificate curriculum in welding technology is designed to provide comprehensive occupational training in structural steel certification, relating to the needs of today’s welding fabrication and construction industry. The program provides students with the practical skills and technical knowledge required to operate Oxy-Fuel cutting equipment, Shielded Metal Arc Welding (SMAW), Flux Core Arc Welding (FCAW), Gas Tungsten Arc Welding (GTAW), and Gas Metal Arc Welding (GMAW). In addition, students will be prepared for certification as required by employment in the welding industry. Employment opportunities available are Welder, Welder Technician, Inspector, Maintenance Welder, Pipe Welder, and Shipbuilder. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, GTAW, and GMAW.
Learning Outcome(s):
1. Create structural fillet and groove welds.
2. Identify common electrodes used in electric arc welding.
3. Demonstrate correct machine setup for the major processes used in electric arc welding.

Required Core Courses:
- WELD 101 Introduction to Welding 3
- WELD 125 Intermediate Electric Arc Welding 3
- WELD 225 Advanced Electric Arc Welding 3
- WELD 240 Structural Welding SMAW/FCAW 3

Total: 12

Welding Technology: Certificate of Achievement
(Transcribed)

Program Code: SAC.WELD.CA
Program Control Number: 19448

The certificate curriculum in welding technology is designed to provide comprehensive occupational training in all common types of welding methods relating to the needs of today's welding fabrication industry. The program provides students with the practical skills and technical knowledge required to operate Oxy-Fuel cutting equipment, Shielded Metal Arc Welding (SMAW), Flux Core Arc Welding (FCAW), Gas Tungsten Arc Welding (GTAW), and Gas Metal Arc Welding (GMAW). In addition, students will be prepared for certification as required by employment in the welding industry. Employment opportunities available are Welder, Welder Technician, Inspector, Maintenance Welder, Pipe Welder, and Shipbuilder. The Santa Ana College Welding Program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, GTAW, and GMAW.

Learning Outcome(s):
1. Demonstrate knowledge in welding processes that apply to the welding industry.
2. Apply welding theory to ensure proper welding practices.
3. Demonstrate weldments in out of position welds.

Required Core Courses:
- WELD 101 Introduction to Welding 3
- WELD 125 Intermediate Electric Arc Welding 3
- WELD 225 Advanced Electric Arc Welding 3
- WELD 153 Math/Blueprint Reading for Welders 3
- WELD 240 Structural Welding SMAW/FCAW 3
- WELD 181 Pipe Welding Fundamentals 3
- WELD 244 Welding Certification D1.1 Code Clinic 2

Total: 20

Pipe Welding: Certificate of Proficiency
(Untranscripted)

Program Code: SAC.WELAP.CERT

The certificate curriculum in welding technology is designed to provide advanced occupational training in pipe welding. These classes are designed to meet both current and future needs in the pipe welding industry. The program provides students with the practical skills and technical knowledge required to operate Oxy-Fuel cutting equipment, Shielded Metal Arc Welding (SMAW), and semiautomatic welding processes. Students will be prepared for certification as required by employment in the pipe welding industry. Employment opportunities available are Pipe Welder, Boilermaker, Inspector, and Shipbuilder. The Santa Ana College welding program is a Los Angeles Certified Testing Lab Facility. The program offers training and testing for the following certifications: SMAW, FCAW, GTAW, GMAW for Pipe.

Learning Outcome(s):
1. Recognize electrodes used in pipe welding.
2. Demonstrate sound welds in the various positions of pipe welding.

Required Core Courses:
- WELD 101 Introduction to Welding 3
- WELD 181 Pipe Welding Fundamentals 3
- WELD 182 Intermediate Pipe Welding 3
- WELD 282 Advanced Pipe Welding 3

Total: 12

WOMEN’S STUDIES

Women’s Studies Degree: AA

Program Code: SAC.WMNS.AA
Program Control Number: 04253

The associate degree curriculum in women’s studies is a liberal arts major which is designed to meet the following needs:
1. To help women develop a perspective pertaining to their own self-interest and relate those views to social and cultural factors such as economic necessity, political participation, historical patterns, and ethics;
2. To develop their self-awareness in relation to others;
3. To develop skills of communication and analysis;
4. To prepare for transfer to four-year colleges and schools of professional training;
5. To enrich women’s knowledge of their culture and the rapid developments that are taking place within it.

Learning Outcome(s):
1. Students will be able to utilize a feminist theoretical analysis of social interactions and social structures, explaining the formation, maintenance, and change of socio-cultural identities.

Required Core Courses: Units: 18
- WMNS 101 Introduction to Women’s Studies 3
- WMNS 102 Women in America: Work, Family, Self 3
- ENGL 278 Survey of Literature by Women 3
- KNHE 102 Women's Health Issues 3
- IDS 155 Human Sexuality 3
- HIST 127 Women in U.S. History 3

Recommended Electives Units:
- CNSL 116 Career/Life Planning and Personal Exploration 3
- HIST 181 Survey of Chicana/Latina Women’s History 3
- PHIL 108 Ethics 3
- PSYC 140 Introduction to Psychology of Adulthood and Aging 3
- SOC 112 Relationships, Marriages, and Family Dynamics 3

Total: 18
COURSE IDENTIFICATION NUMBERING SYSTEM (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the C-ID website at c-id.net for specific information on C-ID course designations. Counselors can always help students interpret this information.

Additional SAC courses were pending C-ID approval at the time of catalog publication. Please consult a counselor for the latest C-ID information.

ANNOUNCEMENT OF COURSES

Each course is designated by a number. A descriptive title and the units allowed for the course follow the course number. Courses numbered 100 and above are university parallel courses and are offered for transfer to colleges and universities. See page 40 Transferability of Courses. Courses numbered 100 and above followed by the letter "H" are university parallel courses for transfer to colleges and universities and are offered as part of the Santa Ana College Honors Program. Students enrolling in these courses must meet the designated prerequisites. Courses numbered less than 100 are not designed for transfer. Since these courses are not ordinarily offered in the universities and four-year colleges, they are not always applicable to the requirements for the bachelor of arts or bachelor of science degrees; however, courses numbered below 100 are applicable to the associate degree unless preceded by the letter "N". Courses numbered less than 100 preceded by the letter "N" are not applicable to the associate degree and do not count toward graduation but do count toward course load.

Required sequences and frequency of course offerings as well as length of time required to obtain a degree or certificate can be found on the college website at sac.edu/academicaffairs/coursecourses.

ACCOUNTING

ACCT 010
Accounting Procedures
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course introduces the students to the accounting cycle including journal entries, general ledger, the adjustment process, and the related financial statements. The course is designed to prepare students for Accounting 101 and/or occupations in bookkeeping.

ACCT 032
Payroll Accounting
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This course covers accounting for payroll and worker's compensation. Calculation of payroll, payroll taxes, and the related forms and deposit requirements are covered.

ACCT 035
QuickBooks I
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This is an introductory course on using Quickbooks software in the business environment for preparation of accounting information. The course will cover accounting theory and practical knowledge of QuickBooks on topics that include company file setup, customizing QuickBooks, recording customer and vendor transactions, bank reconciliations, creation of accounting reports and customization.

ACCT 036
QuickBooks II
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This is an intermediate course on using QuickBooks software in the business environment for preparation of accounting information. Students will cover accounting theory and practical knowledge of QuickBooks on more advanced topics such as inventory management, time and billing, payroll setup, payroll processing, estimates and adjustments and year-end procedures. This course will assist in preparing students for the QuickBooks Certified User exam.

ACCT 101 (C-ID ACCT 110)
Financial Accounting
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
The study of accounting as an information system, examining why it is important, and how it is used by investors and creditors to make decisions. Coverage includes the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. It also includes issues related to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics.
CSU/UC

ACCT 102 (C-ID ACCT 120)
Managerial Accounting
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ACCT 101
Study of the use and reporting of accounting data for managerial planning, cost control, and decision making purposes. The course includes broad coverage of concepts, classifications, and behaviors of costs. Topics include cost systems, the analysis and use of cost information, cost-volume-profit analysis, contribution margin, profit planning, standard costs, relevant costs, and capital budgeting.
CSU/UC

ACCT 104
Federal and California Taxes
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Learn how to prepare federal and California state income tax returns for the individual. Learn tax theory and rules behind the Form 1040 and the most common IRS Schedules, such as Schedules A, B, C, D, E, and common income adjustments and tax credits. This course is CTEC qualified. This course may be repeatable as continuing education for professional certification.
CSU

ACCT 106
Cooperative Work Experience Education - Occupational
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.
CSU

ACCT 108
Tax Practices and Procedures
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
The course covers various special topics in tax, including specialized returns and taxpayers; practices, procedures and representation before the IRS and completion of the tax filing process. This course may be repeatable as continuing education for professional certification.
CSU

06.26.2021
ACCT 113  
**Intermediate Income Taxes – Corporations**  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
This course covers income tax theory, concepts and regulations relating to corporations. The course includes the federal and California tax systems and income taxation relating to Corporations as well as basic tax research and ethical implications. This course includes coverage of both C Corporations and S Corporations.  
CSU

ACCT 114  
**Intermediate Income Taxes - Partnerships and LLCs**  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
This course covers income tax theory, concepts, and regulations relating to partnerships. The course includes the federal and California tax systems and income taxation relating to partnerships and other forms of business such as LLCs as well as basic tax research and ethical implications.  
CSU

ACCT 124  
**Computerized Income Tax Preparation**  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
This course provides a student with practical knowledge of Federal income tax preparation and the income tax formula using commercial tax software.  
CSU

ACCT 125  
**Volunteer Income Tax Assistance (VITA) I**  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ACCT 104  
This course will cover Federal and California individual income tax theories and laws to prepare students to successfully pass the IRS-provided online Basic, Advanced, and additional tax exams and be eligible to volunteer in the IRS-sponsored Volunteer Income Tax Assistance (VITA) program. The successful completion of the course and passing the exams will prepare students to work as an intern or volunteer at a VITA site to prepare tax returns and have face-to-face interaction with taxpayers.  
CSU

ACCT 198  
**Topics**  
Unit(s): 1.0-4.0  
Class Hours: 18.0-72.0 Lecture total.  
Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in Accounting.  
CSU

ACCT 204  
**Managerial Cost Accounting**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ACCT 102  
Study of cost behavior, cost accounting, and cost control; the use of accounting information for management planning and decision making; cost systems, budgeting, and financial performance analysis.  
CSU

ACCT 205  
**Intermediate Accounting I**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ACCT 102  
An intermediate study of accounting theory and the conceptual framework; preparation of income statements and comprehensive income, balance sheets and statements of cash flows. Coverage includes present value; and accounting concepts related to the asset side of the balance sheet.  
CSU

ACCT 206  
**Intermediate Accounting II**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ACCT 205  
Second course in intermediate series in financial accounting that covers current and long-term liabilities, income taxes, pensions and post-retirement benefits, leases, stockholders' equity, earnings per share, and statement of cash flows. In addition, changes and/or in accounting methods, accounting estimates, or reporting entity are analyzed. Disclosure issues in financial statements are also addressed.  
CSU

ACCT 210  
**Accounting Information Systems**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ACCT 101  
Introductory course to accounting information systems that applies accounting principles using database and spreadsheet software. Designed to develop employable accounting analysis skills; evaluate and compare commercial software; analyze financial statements and understand role of internal controls.  
CSU

ACCT 211  
**Auditing**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ACCT 102  
This course examines the use of financial statement audits and details the audit process. Topics include professional responsibilities of auditors, audit design, sampling approaches, substantive testing, testing controls, and audit report formulation and communication.  
CSU

ACCT 212  
**Accountants’ Ethics and Responsibilities**  
Unit(s): 4.0  
Class Hours: 72.0 Lecture total.  
Focuses on the foundations of ethics & the professional responsibilities of accountants & CPAs; including ethical behavior and responding to ethical dilemmas. Topical content will include relevant professional, ethical standards and regulations, as well as research and practice concerning challenging ethical situations. The course will focus on the discussion of ethical cases and study of professional ethical standards set forth by both the AICPA and California State Board of Accountancy.  
CSU
AMERICAN SIGN LANGUAGE

ASL 110
American Sign Language I
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
This entry level course is designed to introduce students to American Sign Language (ASL) and fingerspelling as it is used within American Deaf culture. Instruction includes preparation for visual/gestural communication followed by intensive work on comprehension through receptive language skills, development of basic conversational skills, modeling of grammatical structures, and general information about American Deaf culture. Sign Language 110 is equivalent to two years of high school ASL. Students are required to attend at least one off-campus event.

CSU/UC

ASL 111
American Sign Language II
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ASL 110
The second course in the study of American Sign Language (ASL) focuses on increased vocabulary development, intermediate comprehension and conversational skills, application of grammatical structures and practice in the receptive and expressive aspects of ASL, as well as appreciation of American Deaf culture, and history. Students are required to attend at least one off-campus event.

CSU/UC

ASL 113
Introduction to Interpreting for the Deaf
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ASL 210
The study of the history of sign language interpreting and the theoretical foundations and technical skills needed to interpret in professional settings for deaf and hard-of-hearing children and adults. The roles, responsibilities, and ethics of interpreters providing interpreting services in various professional settings will be examined. Students are required to attend two off campus events.

CSU

ASL 114
Classifiers, Fingerspelling, and Numbering
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ASL 210
This course is designed to provide specialized instruction in the continued development of skills and application of expanded conceptualization of American Sign Language (ASL) classifiers, fingerspelling, and numbering concepts and further exploration and understanding of American Deaf culture. Expressive and receptive techniques will be emphasized. Students are required to attend one off campus event.

CSU

ASL 116
Introduction to Deaf Studies
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This is an introductory course exploring the cultural, educational, linguistic, and audiological experiences of people who are deaf, hard of hearing, deaf/blind, and late-deafened in America. Students will be exposed to historical and current perspectives in trends, philosophies, ideologies, and the Deaf community as a subculture of American society.

CSU/UC

ASL 210
American Sign Language III
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ASL 111
The third course in the study of American Sign Language (ASL) emphasizes advanced ASL syntax, non-manual markers, vocabulary, and fingerspelling enabling students to participate in more complex conversations with Deaf community members. Students will have emphasis on expressive skills in narrative form. Students are required to attend at least one off campus event.

CSU/UC

ASL 211
American Sign Language IV
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ASL 210
This course continues the study and development of American Sign Language receptive and expressive linguistic competence. Emphasis on production/conversational skills in American Sign Language, along with continued focus on grammatical and cultural features. Students are required to attend at least one off campus event.

CSU/UC

ANTHROPOLOGY

ANTH 100 (C-ID ANTH 120)
Introduction to Cultural Anthropology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A cross-cultural survey of the major areas of cultural anthropology including subsistence patterns, economic and political systems, family and kinship, religion, and cultural change. Also includes contemporary issues facing humankind such as the environment, resource depletion, ethnic conflict, globalization, and warfare. Emphasis is on understanding cultural diversity and cultural universals. Field trips may be required.

CSU/UC

ANTH 100H (C-ID ANTH 120)
Honors Introduction to Cultural Anthropology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Seminar style, content enriched for honors students, to provide a critical and extensive exploration of the major areas of cultural anthropology. Includes contemporary issues such as globalization, gender, and ethnic conflict. Field trips may be required.

CSU/UC
ANTH 101 (C-ID ANTH 110)
Introduction to Physical Anthropology
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An introduction to humankind’s place in nature including evolutionary theory, principles of genetics, primate evolution and behavior, fossil evidence for human evolution, human biology and variation, growth and adaptability, and biomedical anthropology. Includes practical application of biological anthropology to human problems.
CSU/UC

ANTH 101L
Physical Anthropology Laboratory
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Prerequisite: Anthropology 101 or concurrent enrollment.
Laboratory exercises and experiments designed to explore and understand the primary areas of physical anthropology: evolutionary theory, principles of genetics, comparative anatomy, physiology, behavior and ecology of vertebrates with an emphasis on nonhuman primates, analysis of fossil evidence for human evolution, human biology and variation, growth and adaptability, and biomedical anthropology. Includes both traditional and virtual laboratory experiences.
CSU/UC

ANTH 103 (C-ID ANTH 150)
Introduction to Archaeology
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This is a survey course in world archaeology. Methods of archaeological survey and excavation will be discussed as well as past and current concepts and theories. Material remains such as lithics, bone, ceramics and ecofacts will be discussed as to how they can be interpreted into social, political, economic, religious, and ethnic terms.
CSU/UC

ANTH 104 (C-ID ANTH 130)
Language and Culture
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
General introduction to the processes of human communication emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics; biological basis of language; and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. Same as English 104.
CSU/UC

ANTH 104H (C-ID ANTH 130)
Honors Language and Culture
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
General introduction to the processes of human communication, emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics, biological basis of language, and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. Requires individual research and oral presentation of readings in a seminar setting. Same as English 104H.
CSU/UC

ANTH 105
Ancient Mesoamerican Civilization
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An archaeological and ethnohistorical survey of the origin and development of pre-Colombian civilizations in ancient Mesoamerica from Paleo-Indian times to the Spanish conquest. Same as History 105.
CSU/UC

ANTH 108
Religion, Magic, and Witchcraft
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An introduction to the anthropology of religion, magic, and witchcraft. A cross cultural study focusing on the beliefs and practices of early, non-western, and traditional religious systems with emphasis on the forms, functions, structures, symbolism, history, and evolution.
CSU/UC

ANTH 125
Native Americans in the U.S.
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An historical and contemporary survey of Native Americans in the United States including the development of tribes and nations and the cultural practices of Native Americans today. Field trips may be required. Same as History 125.
CSU/UC

ART

ART 009
Art Lab
Unit(s): 0.5 Class Hours: 27.0 Lab total.
An open lab for studio art students for the purpose of devoting additional hours outside of class time on projects. Projects, determined by class assignments, vary by semester. Twenty-four lab hours per semester earn .5 unit.

ART 010
Advanced Art Lab
Unit(s): 0.5 Class Hours: 27.0 Lab total.
An open lab for studio art students devoting additional hours outside of class time on projects. Projects, determined by class assignments, vary by semester. Twenty-four lab hours per semester earn .5 unit.

ART 011
Intro to 3D Modeling & Animation
Unit(s): 0.5 Class Hours: 9.0 Lecture, 4.5 Lab total.
Introduction to digital 3D modeling & animation basics. This hands-on class will focus on modeling and animating a cartoon character and environment from an instructor provided drawing, using 3D Studio Max software.

ART 100 (C-ID ARTH 100)
Introduction to Art Concepts
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A study of the visual arts in relation to both personal and cultural expressions. Fundamentals of visual organization, color theory, terminology, historical art movements and concepts will be studied. Required for art majors.
CSU/UC
ART 100H (C-ID ARTH 100)
Honors Introduction to Art Concepts
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Enriched exposure to a study of the visual arts in relation to personal and cultural expression with an emphasis on critical thinking and writing. Fundamentals of visual organization, color theory, terminology, historical art movements and concepts will be studied in a seminar format.
CSU/UC

ART 101 (C-ID ARTH 110)
Survey of Western Art History I: Prehistory through the Middle Ages
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H
The study of art from Prehistory through Middle Ages. Cultures and Civilizations are studied through visual imagery, lecture, class discussion, reading, research, and field trips. Recommended sequence of courses: Art 100, Art 101, Art 102.
CSU/UC

ART 102 (C-ID ARTH 120)
Survey of Western Art History II: Renaissance to Today
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H
The study of Western art history from the Renaissance to today. Art movements and individual painters, sculptors, architects, and printmakers will be presented within the context of the social, political, and intellectual histories of their respective periods. Required for art majors.
CSU/UC

ART 103 (C-ID ARTH 140)
Arts of Africa, Oceania, and Indigenous North America
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
History and appreciation of the arts of Africa, Oceania, and indigenous North America. Examines the visual arts of these vast and varied cultures within socio-political, aesthetic, religious contexts and their impact on Western art in Europe and the Americas.
CSU/UC

ART 104
Mexican and Chicano Art History
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
The history and appreciation of Mexican and Chicano art from the pre-Columbian to the present including the modern murals of Mexico and the United States.
CSU/UC

ART 105
History of Modern Art
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
History of painting, sculpture, architecture, prints, and applied arts from the late nineteenth century through the twentieth century. Covers the formal philosophic, spiritual, and historical background of art from Post Impressionism to Post Modernism. For general students and art majors.
CSU/UC

ART 106 (C-ID ARTH 130)
Asian Art History
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Historical survey of the visual arts of India, China, Japan, Korea and Southeast Asia. Includes relationship of Far Eastern philosophy and culture to artistic achievement. Emphasizes works of art in terms of style, technique, and content.
CSU/UC

ART 108
Contemporary Art History: Art Since Mid-Twentieth Century
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A survey course exploring post World War II styles, trends, ideas, and innovations in architecture and the visual arts in Europe and North America with references to globalization.
CSU/UC

ART 109
Introduction to Woodworking
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
An introduction to the fundamentals of woodworking with a focus on wood as a medium for creative expression. Emphasizes knowledge of and proficiency with hard to soft woods; grain patterns; finishing techniques; fabrication; and joinery. Students learn and observe safety standards as they gain skills with hand tools, small power tools and larger machinery in the shop.
CSU/UC

ART 110 (C-ID ARTS 100)
Two-Dimensional Design
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Introduction to the principles and elements of two-dimensional design. Provides instruction in the fundamentals of visual communication including color theory, composition, and expression. Application of concepts through creative projects. Required for art majors.
CSU/UC

A combination of ART 110 and ART 111 may be taken a maximum of four enrollments.

ART 111 (C-ID ARTS 101)
Three-Dimensional Design
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
An introduction to the fundamental concepts and technical processes of three-dimensional design. Coursework will focus on the formal development and articulation of three dimensional objects with an emphasis on form, mass, scale, texture, space, color, contrast and movement.
CSU/UC

A combination of ART 110 and ART 111 may be taken a maximum of four enrollments.
ART 122
Graphic Design I
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DM 195, or ART 195
Introduction to basic graphic design concepts, techniques and practices resulting in the production of effective visual communications. Projects combine text with images, using current industry standards and technology in print media and other design applications. Same as DM 122.

CSU/UC
A combination of ART 121A, ART 121B, ART 122, ART 221, DM 121A, DM 121B, and DM 122 may be taken a maximum of four enrollments.

ART 124
Gallery Production
Unit(s): 2.0 Class Hours: 108.0 Lab total.

Instruction in preparation and installation of art exhibits, gallery management, and working on a museum exhibition staff. Includes lectures, visits to artists’ studios, and opportunities to work on art shows in two college galleries. Field trips include visits to local galleries and behind-the-scenes museum tours of collections and exhibition preparation areas.

CSU
A combination of ART 124, ART 133, ART 134, and ART 135 may be taken a maximum of four enrollments.

ART 130 (C-ID ARTS 110)
Introduction to Drawing
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.

Introductory course in observational drawing, exploring line, form, proportion, composition, and a variety of media. Drawing from man-made and natural objects. Required for art majors.

CSU/UC
A combination of ART 130, ART 230, ART 233, and ART 250 may be taken a maximum of four enrollments.

ART 131 (C-ID ARTS 200)
Beginning Life Drawing
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ART 130
Introduction to drawing the human form by observing live models for studies in anatomy, structure, and composition. Exposure to traditional and contemporary figurative drawing while exploring media and methods. Required for art majors.

CSU/UC
A combination of ART 131 and ART 231 and ART 232 and ART 243 may be taken a maximum of four enrollments.

ART 132A
Beginning Pastel Drawing and Painting
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 130
Development of pastel drawing and painting skills using various techniques. Strong emphasis on color theory, value, and composition. Preparation of grounds using various papers. Study of historical and contemporary pastel styles and techniques.

CSU/UC
A combination of ART 132A and ART 132B may be taken a maximum of four enrollments.

ART 132B
Intermediate Pastel Drawing and Painting
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 132A
Intensive exploration of contemporary uses of pastels. Intermediate and advanced projects emphasizing pastel drawing/painting concepts in conjunction with other media. Emphasis on creative, personal expression, content, and style development.

CSU/UC
A combination of ART 132A and ART 132B may be taken a maximum of four enrollments.

ART 133
Introduction to Gallery Production
Unit(s): 2.0 Class Hours: 108.0 Lab total.

Introduction to the practices of art exhibit preparation and installation. Students will gain knowledge in the history and theory of art exhibition, as well as the current state of gallery management and museum work. Emphasis is on learning and utilizing industry-standard terminology, materials and tools. Students will move from observation to practical experience as they support the daily operations and special events of two college galleries.

CSU
A combination of ART 124, ART 133, ART 134, and ART 135 may be taken a maximum of four enrollments.

ART 134
Intermediate Gallery Production
Unit(s): 2.0 Class Hours: 108.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 133
An intermediate course designed to build on knowledge and skills gained in Art 133. Students have opportunities to increase experience with new exhibitions and installations. Emphasis is on solving art gallery problems using current industry-standard communication and practices. Visits to local galleries and behind-the-scenes museum tours of collections and exhibition preparation areas. Students will also use woodshop equipment to build pedestals as well as a draft an exhibition proposal and artwork layout.

CSU
A combination of ART 124, ART 133, ART 134, and ART 135 may be taken a maximum of four enrollments.

ART 135
Advanced Gallery Production
Unit(s): 2.0 Class Hours: 108.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 134
Students produce a unique exhibition on campus using knowledge and skills gained in Art 133 and 134. Emphasis will be on independently curating, designing, lighting, writing didactic material, and publicizing their exhibition.

CSU
A combination of ART 124, ART 133, ART 134, and ART 135 may be taken a maximum of four enrollments.
ART 140A
Watercolor Painting
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.
Introduction to watercolor painting as a creative art form with emphasis on transparent watercolor techniques. Course includes principles of composition and color theory, materials selection, tools, terminology, and various watercolor techniques. Students develop basic watercolor skills while painting from simple forms and progressing to a variety of subjects.
CSU/UC
A combination of ART 140A, ART 140B, ART 143, and ART 240 may be taken a maximum of four enrollments.

ART 140B
Watercolor Painting
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 140A
A continuing course in transparent watercolor techniques providing the opportunity to advance the creativity of those with basic skills in watercolor. Further study of formal elements and composition while painting from varied subject matter. Emphasis on refinement of methods and techniques for more expressive painting.
CSU/UC
A combination of ART 140A, ART 140B, ART 143, and ART 240 may be taken a maximum of four enrollments.

ART 141
Beginning Painting
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ART 110, ART 130
Introduction to acrylic and/or water soluble oil painting as a creative art form with exposure to historical, traditional and contemporary painting styles. Course includes principles of composition and color theory, materials selection, tools, terminology, and techniques. Students develop basic skills painting a variety of subjects. Required for art majors.
CSU/UC
A combination of ART 141, ART 241, and ART 242 may be taken a maximum of four enrollments.

ART 143
Landscape Watercolor
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 140A
Intermediate course in transparent watercolor using the Southern California landscape as studio and subject for paintings. Explores a variety of techniques, papers, brushes, and pigments. Further study of compositional/conceptual elements leading to development of individual expression.
CSU/UC
A combination of ART 140A, ART 140B, ART 143, and ART 240 may be taken a maximum of four enrollments.

ART 150
Primitive Pottery Techniques
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Primitive techniques in pottery construction and firing. Emphasizes handbuilt forms. Students will construct tools. Sawdust, raku, dung, low temperature salt, and other pit firings will be utilized.
CSU/UC

ART 151
Ceramics-Introductory Level
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Exploration of clay as a structural and creative material. Experiences include throwing on the potter's wheel and hand building. Instruction includes surface design, glazing, and experience in utilitarian forms. Students provide clay and tools.
CSU/UC
A combination of ART 151 and ART 152 and ART 153 may be taken a maximum of four enrollments.

ART 152
Ceramics-Intermediate Throwing
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Further study of wheel thrown techniques with an emphasis on functional, utilitarian forms. Students provide own clay and tools.
CSU/UC
A combination of ART 151 and ART 152 and ART 153 may be taken a maximum of four enrollments.

ART 153
Ceramics-Intermediate Handbuilding
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Further study of handbuilding techniques with emphasis on one-of-a-kind sculptural forms. Non-traditional alternatives to glazes are explored. Students provide own clay and tools.
CSU/UC
A combination of ART 151 and ART 152 and ART 153 may be taken a maximum of four enrollments.

ART 154
Ceramics Summer Workshop
Unit(s): 3.0 Class Hours: 27.0 Lecture, 81.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
For intermediate/advanced students interested in a self-guided study/exploration in the ceramic medium. Emphasizes technical aspects and artistic imageries. Invited artists will provide supplementary guidance. Students provide own clay and tools.
CSU/UC

ART 155
Plaster Mold Making
Unit(s): 3.0 Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Basic aspects of plaster of Paris mold making: production of molds from original models in order to reproduce those models; alteration of those plaster mold castings into a more artistic, personalized imagery.
CSU/UC
A combination of ART 155 and ART 157 may be taken a maximum of four enrollments.
ART 156
Clay Calculation: An Approach in Color Study
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Basic uses of color clays as a decorative tool in making pottery forms. Techniques of sprigging, incising, inlay, and lamination are utilized with wheel-thrown, handbuilding, and plaster mold construction methods.
CSU/UC
A combination of ART 156 and ART 159A and ART 159B may be taken a maximum of four enrollments.

ART 157
Ceramics-Raku and Saggar Firing Techniques
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Use of the potter's wheel and/or handbuilding techniques as methods for constructing vessel forms. Includes a study of surface coloration from natural organic materials. Several firing techniques will be utilized.
CSU/UC
A combination of ART 155 and ART 157 may be taken a maximum of four enrollments.

ART 158
Ceramic Mural Project
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Students will work collaboratively to design, construction, and installation of a tile mural. Includes various techniques of surface textures, glaze colors, spatial compositions, and technical processes of installation. Students provide own clay and tools. Projects vary each semester.
CSU/UC

ART 159A
Ceramic Color Decoration: Low Temperature
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Exploration of surface color decoration on ceramic vessels. Emphasizes glazing techniques (low temperatures only) such as underglazes, lusters, engobes, sgraffito, decals, slip trailing, wax resist, burnishing and ceramic pencils/crayons.
CSU/UC
A combination of ART 156 and ART 159A and ART 159B may be taken a maximum of four enrollments.

ART 159B
Ceramic Color Decoration: High Temperature
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Exploration of surface color decoration on ceramic vessels within the realm of high stoneware temperatures. Emphasizes glazing techniques such as marbling, feathering, mishima, brush decoration, stencils, stamp printing, spraying, slip painting, glaze trailing, wax resist, and terra sigillata.
CSU/UC
A combination of ART 156 and ART 159A and ART 159B may be taken a maximum of four enrollments.
ART 180A
Video Game and Interactive Media Art Fundamentals
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 196A
Hands-on overview of art production for games and interactive media. Focus on how to use digital 3D art for creating environments for games. Instruction in industry standard graphics software and techniques in art production from concept to finished art assets for games.
CSU
A combination of ART 166A and ART 180A may be taken a maximum of four enrollments.

ART 182
Introduction to Jewelry
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Basic instruction in jewelry fabrication including silver soldering, direct casting and forging, patinas, cold connection, and piercing.
CSU
A combination of ART 182 and ART 284 and ART 285 may be taken a maximum of four enrollments.

ART 184
Art of Animation I
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ART 130
This course is a beginning-level animation production class for those with little or no prior animation or digital art experience. Through lectures and research projects, students learn about the history and aesthetics of animation, while concurrently gaining hands-on experience in how to create animations through in-class step-by-step projects. Students will produce basic 2D and 3D animations and assets using Adobe Photoshop, Gimp and 3D animation software.
CSU/UC
A combination of ART 165 and ART 167 and ART 184, and ART 185 may be taken a maximum of four enrollments.

ART 190
Introduction to Mural Painting and Design
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
A directed field studies course in designing and painting large-scale public art murals. Students will work collaboratively in groups and with the community to create designs. This class explores the various processes involved in the construction of large-scale public art while painting a variety of subject matter. Students will learn about historical, traditional and contemporary mural painting styles.
CSU/UC

ART 192A
Digital Illustration II: Advanced Topics
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 196A
Examines advanced design and illustration techniques using industry-standard software via Adobe Creative Cloud. Addresses contemporary illustrative problems, concepts, and skills development within the digital media and graphic arts industries for the creation of unique illustrations. The technical needs for graphic illustrations for print, animation, film, and the web will also be addressed. Primary Software: Adobe Illustrator, supplemented with Adobe Photoshop. Same as DM 192A.
CSU/UC
A combination of ART 162, ART 191A, ART 192A, DM 191A, and DM 192A may be taken a maximum of four enrollments.

ART 193
Motion Graphics with Adobe After Effects
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ART 196A
This graphics animation course covers the development of original motion graphics. Video editing skills are refined within the animation software to create animated clips for use in multiple media applications. Some experience in non-linear digital video editing is recommended, as well as some graphic design experience. Same as DM 193.
CSU/UC

ART 195 (C-ID ARTS 250)
Introduction to Digital Media Arts
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.
Foundation-level course designed for graphic designers, artists, photographers, web designers, programmers, and animation artists working in the digital realm. This course includes an overview of industry-standard software, including Adobe Creative Cloud for digital design in montage, vector, layout and time-based media. Same as DM 195.
CSU/UC
A combination of ART 149, ART 195, and ART 249 may be taken a maximum of four enrollments.

ART 197A
3D Animation Fundamentals
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 196A
Instruction in using 3D animation software for the purpose of linear storytelling. Emphasis on the incorporation of the classic principles of animation, and in learning the core components of the software that are necessary for effective visual communication
CSU/UC
A combination of ART 196A and ART 197A may be taken a maximum of four enrollments.

ART 197B
3D Animation Intermediate
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 197A
Instruction in intermediate-level 3D animation techniques for linear and non-linear storytelling (e.g. film or video games). Emphasis is on the incorporation of the classic principles of animation, and learning the core components of the software that are necessary for effective visual communication.
CSU/UC
ART 198

Topics
Unit(s): 2.5  Class Hours: 27.0 Lecture, 54.0 Lab total.
Topics of special interest offered to meet the interests and needs of students of art.
CSU

ART 230 (C-ID ARTS 205)
Intermediate Drawing
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 130
An intermediate course in the study of drawing designed to give students who have completed an introductory drawing course additional opportunity in graphic expression. Further exploration of materials including a wide variety of both drawing and mixed media. Students continue the development of composition and more intermediate concepts. The class emphasizes individual expression.
CSU/UC
A combination of ART 130, ART 230, ART 233, and ART 250 may be taken a maximum of four enrollments.

ART 231
Intermediate Life Drawing
Unit(s): 3.0  Class Hours: 5.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 131
Continued experience in drawing from the live model with opportunity for development of self-expression. Further exploration of media and techniques.
CSU/UC
A combination of ART 131 and ART 231 and ART 232 and ART 243 may be taken a maximum of four enrollments.

ART 232
Advanced Life Drawing
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 231
Intensive study of the human figure with further advanced level development of drawing skills, composition, technique, and media utilizing the live model. Projects vary each semester.
CSU/UC
A combination of ART 131 and ART 231 and ART 232 and ART 243 may be taken a maximum of four enrollments.

ART 233
Advanced Drawing
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 230
To further develop individual graphic expression, students will plan a series of drawing problems to be executed during the semester under the instructor's direction. Exploration of new materials and techniques.
CSU/UC
A combination of ART 130, ART 230, ART 233, and ART 250 may be taken a maximum of four enrollments.

ART 240
Intermediate Watercolor
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 140B
An intermediate level course providing for continuing development of watercolor painting skills. Further refinement of media, technique and expression of style through more advanced painting projects. Subject matter content includes still life, landscape, figurative studies, abstraction, and individual creative expression. Traditional and non-traditional approaches.
CSU/UC
A combination of ART 140A, ART 140B, ART 143, and ART 240 may be taken a maximum of four enrollments.

ART 241
Intermediate Painting
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 141
An intermediate level class designed to promote and advance the creative development of those with basic skills in water-soluble oil and/or acrylic painting. Opportunity for further study of historical and contemporary references and to increase experience with new media, methods, and techniques. Emphasis on artistic expression and individual creative problems.
CSU/UC
A combination of ART 141, ART 241, and ART 242 may be taken a maximum of four enrollments.

ART 242
Advanced Painting
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 241
An advanced level studio course providing opportunity for further refinement of painting skills with increasing exposure to contemporary styles. Emphasis on research and individual creative problems in painting. Exploration into a personal mode of expression through development of media, technique, and style. Classroom studio use of oils limited to water-soluble oil paint only.
CSU/UC
A combination of ART 141, ART 241, and ART 242 may be taken a maximum of four enrollments.

ART 243
Portrait and Life Painting
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 131, or ART 141
Painting of the human form with study of portraiture and anatomy. Compositions in representation of the life model through interpretive studies in watercolor, pastels, water soluble oil, and acrylic. Study of traditional and contemporary methods and directions.
CSU/UC
A combination of ART 131 and ART 231 and ART 232 and ART 243 may be taken a maximum of four enrollments.
ART 251
Ceramics-Advanced Throwing and Handbuilding
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 152
Study of thrown and handbuilt sculptural forms. Exploration of decoration and glaze techniques and incorporation of non-traditional materials such as metal/wood/plastics/paints.
CSU/UC

ART 252
Ceramics-Advanced Study Process in Ceramics with Non-Traditional Media
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 152, or ART 153
An advanced study in the ceramic process as it relates to a non-clay media approach. A sculptural form study with non-traditional materials as surface enhancements.
CSU/UC

ART 253
Electric Kiln Ceramics
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 151
Provides student potters working studio production knowledge of the uses of an oxidizing electric kiln. Emphasizes types of electric kilns, spectrum of glaze formulas, and safety procedures of firing.
CSU

ART 282
Jewelry II
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 182
Continued instruction in the making of jewelry by means of fabrication, including techniques in silver soldering, die forming, etching, tool making, and hinge mechanisms.
CSU

ART 283
Jewelry III
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 282
Advanced instruction in the making of jewelry by means of complex fabrication. Explores various traditional metal working techniques including mokume, inlay, complex soldering and raising. Gives opportunity for intensive work on projects of individual interest.
CSU

ART 284
Introduction to Stone Setting-Jewelry
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Course is an introduction to basic jewelry hand skills, including sawing, filing, soldering, and some fabrication. Emphasis is on cabochon and tube stone setting. Students supply their own stones and metal.
CSU

A combination of ART 182 and ART 284 and ART 285 may be taken a maximum of four enrollments.

ART 285
Introduction to Enameling-Jewelry
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
An introduction to basic jewelry enameling, including some sawing, filing, and metal forming fabrication with emphasis on color and attention to two dimensional design. Emphasis is on enameling on sheet metal and some cloisonne. Students supply their own enamel and metal.
CSU

A combination of ART 182 and ART 284 and ART 285 may be taken a maximum of four enrollments.

ART 291
Mural Painting and Design II
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 190
An intermediate level mural art class designed to promote and advance the creative development of those with basic skills in mural painting. Opportunity for further study of historical and contemporary references and to increase experience with new media, methods, and techniques. Students will work collaboratively in groups and with the community to create designs. Intermediate students will take on more leadership roles in the group creative dynamic.
CSU/UC

ART 292
Mural Painting and Design III
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 291
An advanced level studio course providing opportunity for further refinement of large scale painting skills with increasing exposure to contemporary styles in mural painting. Exploration into an advanced personal mode of expression through development of media, technique, and style.
CSU/UC

ART 296
Professional Art Production
Unit(s): 1.5  Class Hours: 18.0 Lecture, 45.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ART 196A
Designed to provide practice in developing digital 3d or multimedia art projects for actual clients or in a simulated setting. Students choose an art project based on strengths, interests and market need to work on during the class.
CSU
ART 298
Art Practicum
Unit(s): 1.0 Class Hours: 5.6 Lab total.

Prerequisite: Portfolio review and previous or concurrent enrollment in a 200 level art course.

Directed study at selected locations providing workplace experience such as: gallery assistant, artist’s apprentice, docent trainee, graphic design apprentice, etc. Before placement, skills assessed to match abilities with project needs. Experience differs each semester.

ASIAN AMERICAN STUDIES

ASIA 101
Introduction to Asian American Studies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course is an introduction to the field of Asian Pacific American Studies.

An interdisciplinary approach will be employed to study the experiences of various Asian and Pacific Islander groups in the United States utilizing the perspectives of race, nationality, class, gender, and sexuality.

The course will cover historical and contemporary issues within Asian Pacific American communities, including immigration, anti-Asian violence, labor, unionization, and stereotypes.

ASTRONOMY

ASTR 109
Introduction to the Solar System
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Surveys history of astronomy, recent research and observations of the planets, moons, and other solar system objects. Exploration of light and gravity to understand formation, properties, and motion of Solar System objects.

ASTR 110
Introduction to Stars and Galaxies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Surveys the development of astronomy, current research and observations of stars, galaxies, and large-scaled structures in the universe. Exploration of light and gravity to understand the properties and evolution of stars, neutron stars, black holes, galaxies, and the universe’s structures and changes.

ASTR 110H
Honors Introduction to Stars and Galaxies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.

Surveys the development of astronomy, current research and observations of stars, galaxies, and large-scaled structures in the universe. Exploration of light and gravity to understand the properties and evolution of stars, neutron stars, black holes, galaxies, and the universe structures and changes.

AUTOMOTIVE TECHNOLOGY

AUTO 101A
Automotive Mechanical Operation
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course will focus on function, operation, and design of the mechanical aspects of modern automobiles. Engine repair, manual and automatic transmissions, brakes, and suspension operation and design will be covered. The course is designed for students seeking general knowledge of automotive mechanical systems and employment in a non-technical field.

AUTO 101B
Automotive Electrical Operation
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course will focus on the function and operation of the electrical aspects of modern automobiles. Electrical theory and application, engine sensors, computer systems, and emission control devices will be covered. Also, air conditioning, heating, and electrical accessories will be examined. This course is intended for students seeking general automotive knowledge and employment in a non-technical automotive related field.

AUTO 102
Introduction to Automotive
Formerly: Auto Essentials
Unit(s): 3.0 Class Hours: 45.0 Lecture, 27.0 Lab total.

Introduction to the primary automotive systems used on modern vehicles. Theory, parts nomenclature, and description of system operation are emphasized. This course is intended for students seeking technical knowledge, with hands-on lab work, and future employment as an automotive service technician.

CSU/UC

ASTR 140
Astronomy Laboratory
Unit(s): 1.0 Class Hours: 54.0 Lab total.

Prerequisite: Completion with a grade of “C” or better or a Passing grade in ASTR 109, ASTR 110, or ASTR 110H

Utilizes experimental techniques to explore and comprehend properties and motions of celestial objects. Basic naked-eye, binocular, and small telescope observing techniques will be introduced. Field trips to local planetaria and dark sky locations may be included.

CSU/UC

ASTR 198
Topics
Unit(s): 0.5 Class Hours: 9.0 Lecture, 9.0 Lab total.

Specialized courses on topics in astronomy.

CSU
AUTO 111
Engine Repair
Formerly: AUTO 176, Engine Repair
Unit(s): 5.0   Class Hours: 72.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course deals with tear-down, assembly, diagnosis, and repair of gasoline automotive engines. Accurate engine measurement is highlighted. Hands-on practice of engine repair skills is emphasized. Students must furnish approved safety glasses. Field trips may be required.

AUTO 112
Automatic Transmissions and Transaxles
Formerly: AUTO 143: Automatic Transmission Service
Unit(s): 4.5   Class Hours: 54.0 Lecture, 90.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course will cover the theory, operation, diagnosis, and service procedures of automatic transmissions and transaxles. Hydraulic systems are highlighted, along with exploration of electronic controls and continuously variable transmissions (CVT). Hands-on testing and service procedures are emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A2 (Automatic Transmission/Transaxles) ASE certification exam. Field trips may be required.

AUTO 113
Manual Drive Train and Axles
Formerly: AUTO 144: Manual Drive Train and Axles
Unit(s): 4.5   Class Hours: 54.0 Lecture, 90.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course will cover the theory, operation, diagnosis, and service of manual transmissions, transaxles, clutches, driveshafts, and differentials. This course also covers four-wheel drive and all-wheel drive systems. Safe and correct hands-on procedures are emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A3 (Manual Drive Train) ASE certification exam. Field trips may be required.

AUTO 114
Suspension and Steering
Formerly: AUTO 154: Steering and Suspension Service
Unit(s): 4.5   Class Hours: 54.0 Lecture, 90.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course will cover the theory, operation, diagnosis, and service of the steering and suspension systems used on modern vehicles. Wheel alignment, tires, tire pressure monitoring systems, and electronic suspension/steering components are included. Hands-on practice is emphasized. Students must furnish approved safety glasses. This course assists students in preparation for the A4 (Steering and Suspension) ASE certification exam. Field trips may be required.

AUTO 115
Brakes
Formerly: AUTO 153: Brakes
Unit(s): 4.5   Class Hours: 54.0 Lecture, 90.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course will cover the theory of operation, diagnosis, and service of drum, disc, and anti-lock brake systems used on modern vehicles. Safe and correct hands-on practice is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A5 (Brakes) ASE certification exam. Field trips may be required.

AUTO 116
Electrical Fundamentals
Formerly: AUTO 122: Electronics Fundamentals
Unit(s): 5.0   Class Hours: 72.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course will cover the theory, operation, diagnosis, and service of engine starters, and alternators. Students must furnish approved safety glasses. Equipment by students will be emphasized. The course will also include Ohm’s law, circuit testing, electromagnetism, batteries, starters, and alternators. Students must furnish approved safety glasses. This course assists students in preparation for the A6 (Electrical/Electronics) ASE certification exam. Field trips may be required.

AUTO 117
Heating and Air Conditioning
Formerly: AUTO 161: Automotive Air Conditioning, Heating and Ventilation Systems
Unit(s): 5.0   Class Hours: 72.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102
This course will cover the operation and service of modern automotive air conditioning systems. Practical application of air conditioning theory is presented to enable problem solving. Heating, ventilation, and electronic control systems are also included. Safe hands-on practice is emphasized. Students must furnish approved safety glasses. This course assists the student in preparation for the A7 (Air Conditioning and Heating) ASE certification exam. EPA 609 certification is integrated into this course. Field trips may be required.

AUTO 118
Engine Performance
Formerly: AUTO 132: Engine Performance
Unit(s): 5.0   Class Hours: 72.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in AUTO 102, and AUTO 116
This course will cover engine performance procedures including fuel, ignition, oscilloscope, emission control, and computer systems found on modern automobiles. Hands-on testing and diagnosis are emphasized. This course assists the student in preparation for the A8 (Engine Performance) ASE certification exam. Students must furnish approved safety glasses. Field trips may be required.
**AUTO 119**

**Light Vehicle Diesel Engines**

*Formerly: AUTO 288, Diesel Engines: Light-Medium Duty Systems*

Unit(s): 3.0 Class Hours: 45.0 Lecture, 27.0 Lab total.

This course will introduce the applications of modern light duty diesel engines. American and German engine systems will be covered, including common rail fuel injection, turbochargers, and diesel emission systems. Field trips may be required.

CSU

**AUTO 185**

**Bureau of Automotive Repair (BAR) Smog Inspector Training I**

Unit(s): 5.0 Class Hours: 81.0 Lecture, 27.0 Lab total.

This is the Bureau of Automotive Repair (B.A.R.) certified Basic Clean Air Car Course. This course fulfills one of the requirements to take the State Smog Inspector License Exam. The course is designed for students seeking to obtain a California State Smog License and will stay current with B.A.R. guidelines as new regulations and/or technologies are introduced. This course is intended for individuals with some automotive experience or education.

Pass/No Pass Only

CSU

**AUTO 186**

**Bureau of Automotive Repair (BAR) Smog Inspector Training II**

Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.

This is the Bureau of Automotive Repair (B.A.R.) certified Smog Check Inspector Level II course. This course fulfills one of the requirements to take the State Smog Technician Exam. The course is designed for students seeking to obtain a California State Smog License and will stay current with B.A.R. guidelines as new regulations and/or technologies are introduced. This course is intended for individuals with some automotive experience or education.

Pass/No Pass Only

CSU

**AUTO 187**

**BAR Specified Diagnostic and Repair**

Unit(s): 5.0 Class Hours: 72.0 Lecture, 54.0 Lab total.

Bureau of Automotive Repair recognized diagnostic and repair course. This course fulfills one of the required courses the student needs to take the State Smog Technician Exam. The course is designed for students seeking to obtain a California State Smog License and will stay current with B.A.R. guidelines as new regulations and/or technologies are introduced. This course is intended for individuals with some automotive experience or education.

Pass/No Pass Only

CSU

**AUTO 190**

**Automotive Manufacturer Specific I**

Unit(s): 2.0 Class Hours: 27.0 Lecture, 27.0 Lab total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in AUTO 102, or AUTO 106, and AUTO 122*

This course will allow students will gain experience working with specific engine and powertrain related systems from different vehicle manufacturers. The course is intended for students seeking employment at a new car dealership as a service technician. The course will also focus on vehicle manufacturer specific training from different vehicle makes. Students will choose to focus on Subaru, Fiat-Chrysler, or other vehicle manufacturers.

CSU

**AUTO 191**

**Automotive Manufacturer Specific II**

Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in AUTO 102, or AUTO 106, and AUTO 122*

In this course students will gain experience working with and diagnosing specific drivetrain and electrical systems from different vehicle manufacturers. This course is intended for students seeking employment at a new car dealership as a service technician. The course will also focus on vehicle manufacturer specific training from different vehicle makes. Students will choose to focus on Subaru, Fiat-Chrysler, or other vehicle manufacturers.

CSU

**AUTO 200**

**Automotive Service Advising**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course will cover the career, expectations, and duties of an automotive service advisor. Topics include customer service, the three Cs, completing repair order procedures, writing skills, and effective communication with internal and external customers.

CSU

**AUTO 201**

**Automotive Service Management**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in BUS 100*

This course will focus on management skills of a service and repair facility, including new car dealerships and independent shops. Employee relations, legal requirements, policies and procedures, customer relations, and working as a manager/supervisor will be emphasized in the course. Working with vendors and suppliers will also be covered.

CSU

**AUTO 202**

**Automotive Independent Shop Ownership**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in BUS 100*

This course will cover the business, logistics, equipment needs, hiring process, and customer service requirements to own and operate an independent automotive service and repair facility. Operating a safe working environment and maintaining a productive facility will be emphasized.

CSU

**AUTO 216**

**Electrical Systems**

*Formerly: AUTO 124: Electrical Systems*

Unit(s): 5.0 Class Hours: 72.0 Lecture, 72.0 Lab total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in AUTO 102*

Theory, operation, and diagnosis of automotive body electrical systems. Use of wiring diagrams is highlighted, with a concentration on electrical accessories. Ohm's law and electromagnetism will also be covered. Safe and correct use of tools and equipment in the shop by students is emphasized. This course assists students in preparation for the A6 (Electrical/Electronics) ASE certification exam. Students must furnish approved safety glasses. Field trips may be required.

CSU
AUTO 218
Advanced Engine Performance
Unit(s): 4.0  Class Hours: 36.0 Lecture, 108.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in AUTO 132, and AUTO 122
This course will focus on advanced level engine performance procedures, including ignition, fuel, oscilloscope, emissions, and computer systems. Hands-on testing and diagnosis will be emphasized. Students must furnish their own safety glasses. The course assists students in preparation of the L1 (Advanced Level Engine Performance) ASE certification exam.

CSU
AUTO 260
Introduction to Electric Vehicles
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in AUTO 122
This course will explore the function, operation, and design of electric vehicles. The course will also focus on safe practices and procedures when working with high voltage systems. Students will build a purpose-built electric vehicle in the course and study current electric vehicle manufacturers. High voltage systems will be examined, along with battery designs, AC and DC power motors, and electrical inverter/converters.

CSU
AUTO 280
Computer Control and OBD-2 Foundations
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
The operation and diagnosis of automotive computer controlled systems. Sensors, actuators, and networks are discussed. The key segments of OBD-2 are also presented. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams.

CSU
AUTO 281
Fuel Injection Systems
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course covers the theory, operation, and diagnosis of import and domestic fuel injection systems. Fuel supply, delivery, and control are emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams.

CSU
AUTO 282
Automotive Sensors
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course covers the function and testing of computerized engine sensors used on modern vehicles. The use of meters and test equipment will be emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams.

CSU
AUTO 283
Diagnostic Test Equipment
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course covers the use of automotive diagnostic equipment such as scan tools and hand held lab scopes. Test procedures and diagnostics will be emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams.

CSU
AUTO 284
OBD-2 Diagnosis and Networks
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course will present problem solving for code and non-code concerns on OBD-2 (On Board Diagnostics) vehicles. This course also covers the function and troubleshooting of automotive networks. CAN systems are emphasized. This course assists the student in preparation for the A8 (Engine Performance) and L1 (Advanced Engine Performance) ASE certification exams.

CSU
AUTO 285
Hybrid Vehicles
Unit(s): 3.0  Class Hours: 45.0 Lecture, 27.0 Lab total.
This course will discuss safety, operation, and basic service of modern hybrid vehicles. Safety and special tools for dealing with high voltage are emphasized. System function and components are highlighted. Electric vehicles are introduced.

CSU
AUTO 287
Alternative Fuels
Unit(s): 3.0  Class Hours: 45.0 Lecture, 27.0 Lab total.
This course introduces the student to the various types of alternative fuels used in modern vehicles. Safety and operation are highlighted. Compressed Natural Gas (CNG) training is emphasized. LPG, LNG, Bio-diesel, Ethanol, and Hydrogen are also covered.

CSU
BANKING
BANK 010
Training for Entry Level Bankers
Formerly: Teller Training for Financial Institutions
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Course provides prospective bank employees with a broad overview of financial institutions and basic knowledge of teller techniques including bank transactions and customer service.

CSU
BIOLOGY
BIOL 098
Topics
Unit(s): 0.5-4.0  Class Hours: 9.0-72.0 Lecture total.
Specialized courses on topics related to the needs of students in biology.
BIOL 109
Fundamentals of Biology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
CSU/UC

BIOL 109H
Honors Fundamentals of Biology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Traditional Biology, enriched by extensive instructor-prepared study guides for each subject area of curriculum. Additional enhancement by outside reading suggestions and optional student reports. Class participation and discussion is strongly encouraged, as are questions on current reports and news in the popular media and scientific sources. Information will be expanded by reference to research observations and by appropriate references to classical and current literature. Emphasis is on analysis of pertinent topics using critical reading and interpretation skills. Concurrent enrollment in Biology 109L is recommended. Designed for non-biology majors.
CSU/UC

BIOL 109L
Fundamentals of Biology Laboratory
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 109, or BIOL 109H, or Corequisite: BIOL 109, or BIOL 109H
Laboratory experiments that illustrate important biological concepts at all levels of organization, from molecules and cells, to organisms, populations, communities, and ecosystems. Content complements Biology 109/109H lecture material. Field trip required.
CSU/UC

BIOL 111
Marine Biology
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
This course covers basic concepts of marine ecosystems including oceanographic principles, ecology, and a survey of marine habitats and diversity of marine organisms. Field trips required.
CSU/UC

BIOL 115
Concepts in Biology for Educators
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
An investigation in the basic principles of Biology and Science with content appropriate for future multiple-subject teachers and secondary through high school. The course material is presented within the context of the human experience and includes cell biology, physiology, genetics, evolution, ecology, animal behavior, and the interaction of humans with the environment. The course is taught from an inquiry-based strategy using active learning.
CSU/UC

BIOL 127
Ecology
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Introduction to the basic principles of ecology. Study of ecosystems, biomes, and the relationships of plants and animals in the natural world. This is a field study course and includes overnight camping.
CSU

BIOL 128
Natural History of the California Coast
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
An ecological study of plant and animal life of the southern and central California coast. This is a field study course and includes overnight camping.
CSU

BIOL 129
Ecology of Southern California
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Identification and study of the plants and animals of the ocean, mountain and desert regions of Southern California with emphasis on the organisms’ relationship to their environment. This is a field study course and includes overnight camping.
CSU/UC

BIOL 131
Natural History of the Southwest
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An ecological study of mountain, canyon, and desert ecosystems of the Southwestern United States. Animal and plant identification, geology, and environmental problems will be emphasized. This is a field study course and includes overnight camping.
CSU

BIOL 132
Natural History of Death Valley
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Natural history of Death Valley emphasizing the biology of the plants and animals, their ecology, adaptations and evolutionary history, as well as the history of environmental change and human activities. This is a field study course and includes overnight camping.
CSU

BIOL 133
Desert Biology
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Study of desert organisms, their adaptations to arid conditions, their evolution, identification and ecology, and the impact of human activities on desert organisms, communities, and ecosystems. This is a field study course and includes overnight camping.
CSU

BIOL 139
Health Microbiology
Unit(s): 4.0  Class Hours: 48.0 Lecture, 64.0 Lab total.
Presents practical and theoretical aspects of medical microbiology to meet the needs of those in allied health professions. Provides basic knowledge of the microbial world by covering diversity, structure, metabolic and genetic characteristics, cultivation and control. Emphasis is placed on human-microbe interactions especially infectious diseases. Laboratory deals with identification, growth, and control of microorganisms. Field trips may be required.
CSU/UC
**BIOL 149**  
**Human Anatomy and Physiology**  
Unit(s): 4.0  
Class Hours: 54.0 Lecture, 54.0 Lab total.  
Structural organization of the human body: gross and microscopic structure of the integumentary, skeletal, muscular, nervous, sensory, endocrine, cardiovascular, lymphatic, respiratory, digestive, excretory, and reproductive systems, from cellular to organ system levels of organization. This course is primarily intended for nursing, allied health, kinesiology, and other health related majors.  
CSU/UC

**BIOL 169**  
**Natural History of the Sierra Nevadas**  
Unit(s): 1.0-3.0  
Class Hours: 18.0-54.0 Lecture total.  
A field study of the ecology, geology, and history of the Sierra Nevada mountains. Animal and plant studies, environmental problems, and wilderness preservation will be emphasized. This is a field study course and includes overnight camping.  
CSU

**BIOL 177**  
**Human Genetics**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Introductory course in human genetics which explores basic principles, patterns of inheritance, gene structure, function and regulation, current advances in genetics and gene technology, as well as social and ethical issues in contemporary genetics.  
CSU/UC

**BIOL 187**  
**Intro to Work Experience-Occupational**  
Unit(s): 1.0-4.0  
Class Hours: 60.0-300.0 Lab total.  
This course is an introduction to work experience with an on-campus, supervised volunteer experience in bioscience including an introduction to new or expanded responsibilities. This course is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.  
Pass/No Pass Only  
CSU

**BIOL 190 (C-ID BIOT 101X = BIOL 190 + BIOL 190L)**  
**Introductory Biotech Lab**  
Unit(s): 1.0  
Class Hours: 54.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 190, or  
Corequisite: BIOL 190  
This laboratory is a general examination of biology as it relates to the field of biotechnology. The laboratory addresses basic skills and techniques common to the biotechnology industry. Topics include the measurement of activity and quantity of proteins, growth and manipulation of bacteria, genetic engineering and antibody methods. This course is intended as a laboratory class for students majoring in applied biology and as a general education laboratory option for all students.  
CSU/UC

**BIOL 191 (C-ID BIOT 150X = BIOL 191 + BIOL 193)**  
**Biotech A: Basic Skills**  
Unit(s): 4.0  
Class Hours: 54.0 Lecture, 54.0 Lab total.  
This course prepares students for entry-level work in the biotechnology industry by emphasizing the core concepts needed to work effectively in a bioscience laboratory. Topics include laboratory math, basic chemistry of buffers, healthy and safety, metrology and quality control. This course introduces students to standard biotechnology laboratory skills including laboratory measurement, maintenance of an industry standard notebook, preparation and sterilization of solutions, reagents and media, proper use and maintenance of laboratory equipment, adherence to quality control protocols and lab safety regulations, data collection and evaluation, basic separation methods, aseptic technique and documentation.  
CSU

**BIOL 192 (C-ID BIOT 220X)**  
**Biotech B: Proteins**  
Unit(s): 4.0  
Class Hours: 54.0 Lecture, 54.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 191  
This course is an introduction to protein purification techniques including sample preparation, protein separation and purification, column chromatography, large-scale recovery, and use of assays for recovery analysis. It provides hands-on training with chromatography systems and assays used in industry and research laboratories. Application of current Good Manufacturing Process (cGMP), Good Laboratory Practice (GLP), and Standard Operating Procedures (SOP’s) in relation to these techniques will be addressed. This course covers methods utilized for eukaryotic cell culture protein purification.  
CSU
### BIOL 193 (C-ID BIOT 150X = BIOL 191 + BIOL 193)
**Biotech C: Nucleic Acids**
Unit(s): 4.0  
Class Hours: 54.0 Lecture, 54.0 Lab total.
**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in BIOL 191  
This course introduces the fundamental skills in applied biotechnology focusing on the upstream research and development process. Skills include maintenance of an industry standard notebook; preparation and sterilization of solutions, reagents and media; utilization of good aseptic technique; proper use and maintenance of laboratory equipment; adherence to quality control protocols, lab safety regulations; biomolecules, cell structure, gene expression, molecular techniques including DNA/RNA extraction and purification, bioinformatics, polymerase chain reaction, electrophoresis, DNA sequencing, recombinant DNA technology, DNA cloning, fluorescence in situ hybridization, and Southern blot analysis, and in vitro transcription. Compliance with industry standards and regulations will be incorporated into course procedures.

### BIOL 194 (C-ID BIOT 210X)
**Quality and Regulatory Compliance in Biosciences**
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.
This course will cover quality assurance and regulatory compliance for the bioscience industries. Topics will span quality control and Federal Drug Administration (FDA) regulations for the biotechnology, biopharmaceutical, biomedical device, and food industries. Theories and application of quality assurance and quality control will be presented and several different quality systems will be discussed such as cGXP (current Good Practices), ISO9000 (International Standards Organization), Six Sigma and Lean.

### BIOL 195
**Biotech: QC/QA Microbiology**
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.
**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in BIOL 229  
This course will cover the skills necessary to work in a regulated quality control microbiology laboratory.

### BIOL 197
**STEM Internship/Work Experience**
Unit(s): 1.0-4.0  
Class Hours: 60.0-300.0 Lab total.
**Prerequisite:** Successful completion of 10 units from Biotech course series.  
Supervised paid or volunteer experience in student's major including new or expanded responsibilities. 75 hours of paid work or 60 hours of unpaid work equals one unit. Course may be taken 4 times for a maximum of 16 units of occupational cooperative work experience credit.
Pass/No Pass Only

### BIOL 198
**Topics**
Unit(s): 0.5-4.0  
Class Hours: 9.0-72.0 Lecture total.
Specialized courses on topics related to the needs of students in biology.

### BIOL 200
**Human Ecology**
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.
A biological and physical science introduction to environmental problems such as energy, resources, pollution, land use, population and food, including economic and political factors. A natural science elective. Same as Environmental Studies 200.

### BIOL 202
**Cell Culture Techniques**
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.
**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in BIOL 191  
Students will learn eukaryotic cell culture techniques that include working under aseptic conditions, sterile techniques, media preparation, quantification and passage of cell lines. Laboratory experience prepares students for work in industry.

### BIOL 211 (C-ID BIOL 190)
**Cellular and Molecular Biology**
Unit(s): 5.0  
Class Hours: 54.0 Lecture, 108.0 Lab total.
**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 084, and CHEM 219, or CHEM 219H  
An investigation into the molecular and cellular basis of life, including the evolution of cells, cell structure and function, energy and information flow, cellular reproduction, genetics, and the molecular basis of inheritance. Required of majors in biology, medicine, forestry, and agriculture. This course is a prerequisite for Biology 212 and Biology 214.

### BIOL 212 (C-ID BIOL 130S = BIOL 212 + BIOL 214)
**Animal Diversity and Ecology**
Unit(s): 5.0  
Class Hours: 54.0 Lecture, 108.0 Lab total.
**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in BIOL 211  
A study of ecological principles and relationships between animal diversity and ecosystems. Habitat, populations, ecological interactions, and environmental influences are stressed while surveying animal diversity and addressing structure, function, behavior, and adaptation of major taxonomic groups. Required of majors in biology, medicine, forestry and agriculture. Field trips required.

### BIOL 214 (C-ID BIOL 130S = BIOL 212 + BIOL 214)
**Plant Diversity and Evolution**
Unit(s): 5.0  
Class Hours: 54.0 Lecture, 108.0 Lab total.
**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in BIOL 211  
Principles and processes of evolution leading to biodiversity. Survey of the organisms, viruses, prokaryotes, fungi, algae, and plants with emphasis on evolutionary adaptations of the anatomy, physiology, and life cycles of these organisms. Field trips required.
BIOL 217
Pathophysiology
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 149, and BIOL 239, or BIOL 249
Covers dynamic aspects of human disease. Links sciences of anatomy, physiology and biochemistry with their application to clinical practice for health professionals.
CSU

BIOL 229
General Microbiology
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 109, or BIOL 109H, and BIOL 109L, or BIOL 190, and BIOL 190L, or BIOL 139, or BIOL 149, or BIOL 211, or BIOL 239, or BIOL 249, or CHEM 119, or CHEM 209
Introduction to microorganisms, their classification, structure, biochemistry, growth, control, and interactions with other organisms and the environment. Designed for biology, preprofessional, and prenursing (BSN) majors.
CSU/UC

BIOL 239 (C-ID BIOL 110B)
General Human Anatomy
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
Structure of the human body. Systems, organs, and tissues are studied from human skeletons, models, charts, slides and various electronic programs. Laboratory includes the dissection of a cadaver as available.
CSU/UC

BIOL 249 (C-ID BIOL 120B)
Human Physiology
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239
Microscopic, macroscopic, and dynamic view of the human physiological processes. The lecture portion includes a thorough consideration of both "cell and systems" physiology. Laboratory work includes the use of techniques used in basic research, an introduction to the use of standard medical equipment, and the performance of medical laboratory tests. Non-invasive experiments are performed on students enrolled in the class.
CSU/UC

BIOL 259
Environmental Biology
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
Introduction to Environmental Biology. Includes study of ecosystems, population dynamics, classification, diversity of plant and animal species, effects of pollutants at both the cellular and organismal levels, and principles of ecology. Same as Environmental Studies 259. Field trips required.
CSU/UC

BIOL 290
Biochemistry and Molecular Biology
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 211, and CHEM 209
Introduction to biochemistry and molecular biology. Included are discussions of biological macromolecules, energy production, metabolic pathways and regulation, genetic code, genomics, DNA replication, transcription and RNA processing, translation, and gene regulation. Laboratory activities will include use of visible and UV spectroscopy, chromatography, cell fractionation, ultracentrifugation, protein purification, electrophoresis, and recombinant DNA methods. This course is designed for biology majors, health pre-professionals, and biotechnology majors.
CSU/UC

BLST 101
Introduction to African American Studies
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course is an introduction to the field of African American Studies. An interdisciplinary approach will be employed to study the various experiences of African Americans and their contributions to American society and culture. The course will cover historical and contemporary issues including African origins, the development of African American culture, the struggles of the African American family, African American political life, and the socio economic empowerment of African American people in the United States.
CSU/UC

BUS 080
Business Mathematics
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course is designed to enable students to learn and apply mathematics skills in business including review of fractions, decimals, percents, banking, discounts, markups, payroll, interest calculation, installment buying, mortgages, depreciation, taxes, insurance, stocks, bonds, and mutual funds.
CSU/UC

BUS 100 (C-ID BUS 110)
Fundamentals of Business
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to the basic fundamentals of business. A survey of marketing, management, production, accounting, finance, and economics and how they interrelate in the business environment.
CSU/UC

BUS 101 (C-ID BUS 125)
Business Law
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Fundamental legal principles pertaining to business transactions. Introduction to the law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, judicial and administrative processes, employment law, forms of business organizations, and domestic and international governmental regulations. May only receive credit for BUS 101, BUS 105 or LAW 105.
CSU/UC

Culture and International Business - Kiss, Bow or Shake Hands

**BUS 106**
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to different cultures and their effects on international business. Analysis of cross-cultural attitudes towards management, status, rules, relationships, motivating employees, and negotiation.

CSU

Export Pricing, Quotations and Terms of Trade

**BUS 110**
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn how to respond to trade inquiries. Learn international trade terms of sale, international pricing and supply chain management. Learn how to calculate landed costs and export pricing.

CSU

International Business Documentation - Beginning

**BUS 111**
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn how to create and issue international documents used in selling or buying products. Includes the creation and use of actual documents used in international business.

CSU

International Transportation

**BUS 113**
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn how to ship products internationally and develop a transportation strategy. Includes transportation terminology, the role of the freight forwarder, transportation documentation, freight cost calculations, major ports of the world, and distribution issues.

CSU

International Documentation and Supply Chain Management

**BUS 114**
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
International documents for product inspection, health/agricultural registrations, and hazardous materials shipments. Utilizes actual documents, software, and resources necessary to effectively complete documentation. Introduces the need for supply chain management and inventory control.

CSU

Global Shipping and Logistics

**BUS 115**
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Learn how to respond to international trade inquiries, understand international trade terms of sale for import and export, and how to calculate landed costs. Learn how to create and issue import and export documents used in selling or buying products globally. Includes the creation and use of actual documents used in global trade. Learn how to ship products internationally and develop a transportation strategy. Learn about transportation terminology, the role of the freight forwarder, transportation documentation, freight cost calculations, major ports of the world, and distribution methods. Create documents for product inspection, health/agricultural registrations, and hazardous materials shipments. Utilize actual documents, software, and resources necessary to effectively complete documentation required for international trade. Get introduced to supply chain management and inventory control.

CSU

Global Marketing: Selling Around the World

**BUS 116**
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Learn how to adapt marketing techniques to international markets, how to develop marketing strategies, and how to target markets based on the cultural, political and economic environments. Learn how to create forecasts and budgets for international markets. Same as Marketing 116.

CSU

Global Commerce and Management

**BUS 117**
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Learn to create business contracts in the global marketplace and how to use the U.N. Convention on Contracts for the International Sale of Goods. Learn about financial mechanisms and laws regulating international distribution. Learn about international limited liability companies, and foreign direct investment. CSU

06.26.2021
BUS 222 (C-ID BUS 115)

Business Writing
Unit(s): 3.0          Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H
Overview of oral and written communication skills used in business. Emphasizes guidelines for improving writing and speaking skills, common solutions to common communication problems, ethical issues facing business communicators today, instructions on how to identify areas of legal vulnerability, and tested techniques for communicating successfully in today’s high-tech, international business environment.

CSU

BUSINESS APPLICATIONS

BA 100
Business Writing Skills
Formerly: BA 017, Business Writing Skills
Unit(s): 3.0          Class Hours: 54.0 Lecture total.

Build essential business writing skills using best practices to write clear, effective, and professional content for documents. Course includes proper business usage of grammar, sentence structure, punctuation, vocabulary, writing strategies based on goals, content organization, and pre-writing. Professional training in written communications including email, memos, letters, and reports. Develop editing and proofreading skills for business projects including presentations, brochures, and online content.

CSU

BA 102
Professional Skills & Career Readiness
Formerly: BA 018, Office Technology & Professional Skills
Unit(s): 3.0          Class Hours: 54.0 Lecture total.

Develop and improve professional business skills using current standards and technology including employment readiness skills, leadership, customer service, teamwork and collaboration skills, effective communication, job search, and advancement. Instruction includes professional image, business ethics, office management, problem-solving and decision-making skills, interpersonal skills, time and stress management, business travel, and effective meetings.

CSU

BA 103
Business Mathematics
Unit(s): 3.0          Class Hours: 54.0 Lecture total.

This course is designed to enable students to learn and apply mathematics skills in business including review of fractions, decimals, percents, banking, discounts, markups, payroll, interest calculation, installment buying, mortgages, depreciation, taxes, insurance, stocks, bonds, and mutual funds.

CSU

BA 110
Computer Keyboarding Skills
Unit(s): 0.5          Class Hours: 27.0 Lab total.

This course is the first step in learning proper keyboarding techniques with accuracy using correct hand and finger positioning. Students will follow step-by-step instructions for all alphabet, punctuation, enter/return, and capitalization using shift keys. Typing correctly without errors will provide the skills necessary to develop speed with accuracy.

CSU

BA 115
Computer Keyboarding Speed and Accuracy Development
Unit(s): 0.5          Class Hours: 27.0 Lab total.

After the basic keyboarding skills have been mastered, the most important next step is to take this course to develop and increase speed with accuracy. Students will use drills and timed writing tests to develop speed and accuracy to meet current business employment typing requirements and make the use of business technology faster and easier. Typing skills with a minimum 20 words per minute (WPM) using proper techniques or completion of BA 110 recommended.

CSU

BA 125
Microsoft Word
Unit(s): 2.0          Class Hours: 36.0 Lecture total.

Learn the most efficient methods of creating, editing, formatting, and printing professional business documents faster and easier. Beginners as well as experienced Word users will benefit from learning proper file setup and shortcuts using current business standards. Students will master basic skills and learn advanced features and techniques to produce a wide variety of documents including resumes, newsletters, and brochures. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification.

CSU

BA 126
Microsoft Outlook
Unit(s): 2.0          Class Hours: 36.0 Lecture total.

Learn how business professionals use all the features in Microsoft Outlook for information management to improve communication and increase productivity. Topics include proper email usage, create meeting invites, schedule appointments, manage contacts, organize emails, manage calendars, email security, customize settings, and create backups. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification.

CSU

BA 127
Microsoft Teams
Unit(s): 2.0          Class Hours: 36.0 Lecture total.

Learn how business professionals use all the features in Microsoft Teams for effective communication in modern workplaces and working remotely. Instruction includes effective collaboration, proper techniques in creating and managing private and public teams and channels, scheduling and managing virtual meetings and live events, team chat, video communication, webinars, file sharing management, setting permissions, handling security issues, and integrating with other Microsoft apps (Word, Excel, PowerPoint). Use practical scenarios to improve collaboration inside and outside of an organization and increase productivity.

CSU
BA 130
Introduction to Spanish Bilingual Interpreting
Formerly: BA 051, Introduction to Spanish Bilingual Interpreting
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Introduction to Spanish and English bilingual skills for a career as an interpreter or translator. Learn about the various industries that employ bilingual skills to provide interpreting and translating services for business, medical, legal, government, and education. Course includes proper translation of industry terminology, written and verbal translation techniques, professional role, and code of ethics. Fluency in Spanish and English is strongly recommended.

CSU

BA 131
Business Interpretation and Translation - Spanish / English
Formerly: BA 056, Business Interpretation and Translation - Spanish / English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Business Spanish and English bilingual skills required for interpreters and translators to provide professional interpreting and translating services to business, government, and education. Topics include proper translation of communications, industry terminology, forms, Individualized Educational Plan (IEP) form, social media, marketing, advertising, presentations, government documents, professional role, standards, and code of ethics. Fluency in Spanish and English is strongly recommended.

CSU

BA 132
Medical Interpretation and Translation - Spanish / English
Formerly: BA 057, Medical Interpretation and Translation - Spanish / English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Medical Spanish and English bilingual skills required for interpreters and translators to provide professional interpreting and translating services to medical offices, hospitals, dental offices, clinics, and other healthcare services. Topics include proper translation of medical terminology, professional role, standards, code of ethics, medical signs and symptoms, health insurance, and medical forms. Fluency in Spanish and English is strongly recommended.

CSU

BA 133
Legal Interpretation and Translation - Spanish / English
Formerly: BA 058, Legal Interpretation and Translation - Spanish / English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Legal Spanish and English bilingual skills required for interpreters and translators to provide professional interpreting and translating services to law offices, courts, law enforcement, government, and other legal related business. Topics include proper translation of legal terminology, consecutive mode of interpreting in a legal setting, professional role, standards, code of ethics, documents, forms, court reporting, and legal cases. Fluency in Spanish and English is strongly recommended.

CSU

BA 140
Introduction to Vietnamese Bilingual Interpreting
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Introduction to Vietnamese and English bilingual skills for a career as an interpreter or translator. Learn about the various industries that employ bilingual skills to provide interpreting and translating services for business, medical, legal, government, and education. Course includes proper translation of industry terminology, written and verbal translation techniques, professional role, and code of ethics. Fluency in Vietnamese and English is strongly recommended.

CSU

BA 141
Business Interpretation and Translation - Vietnamese / English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Business Vietnamese and English bilingual skills required for interpreters and translators to provide professional interpreting and translating services to business, government, and education. Topics include proper translation of communications, industry terminology, forms, Individualized Educational Plan (IEP) form, social media, marketing, advertising, presentations, government documents, professional role, standards, and code of ethics. Fluency in Vietnamese and English is strongly recommended.

CSU

BA 142
Medical Interpretation and Translation - Vietnamese / English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Medical Vietnamese and English bilingual skills required for interpreters and translators to provide professional interpreting and translating services to medical offices, hospitals, dental offices, clinics, and other healthcare services. Topics include proper translation of medical terminology, professional role, standards, code of ethics, medical signs and symptoms, health insurance, and medical forms. Fluency in Vietnamese and English is strongly recommended.

CSU

BA 143
Legal Interpretation and Translation - Vietnamese / English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Legal Vietnamese and English bilingual skills required for interpreters and translators to provide professional interpreting and translating services to law offices, courts, law enforcement, government, and other legal related business. Topics include proper translation of legal terminology, consecutive mode of interpreting in a legal setting, professional role, standards, code of ethics, documents, forms, court reporting, and legal cases. Fluency in Vietnamese and English is strongly recommended.

CSU

BA 146
Computer Fundamentals
Formerly: BA 035, Computer Fundamentals
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Learn current computer technology for business and personal use including hardware components and software applications using current standards. Topics also include Internet, virus protection, networking, cloud computing, and Wi-Fi. Helpful tips to make using the computer easier, faster, and more efficient. Course is designed for beginner and experienced users needing to update and build business technology knowledge and skills.

CSU
Microsoft Windows, OneDrive & OneNote  
Formerly: Introduction to Windows  
Unit(s): 1.5  
Class Hours: 27.0 Lecture total.  
This course is designed for beginning and experienced computer users needing to update and build business technology skills in using Windows. Customize settings including Start menu tiles, task bar, shortcuts, and pin apps. Learn efficient methods of using Cortana and Microsoft Edge browser. Save ideas and organize notes for planning and meetings using OneNote, a digital note-taking app. Learn proper management of files and folders using File Explorer and OneDrive cloud storage.

Technology for Interpreters & Translators  
Unit(s): 1.0  
Class Hours: 18.0 Lecture total.  
Learn the technology and equipment used by professional interpreters and translators. Develop skills in using hardware and software for in-person and remote interpreting and translating. Integrating digital tools and modern techniques will increase efficiency, accuracy, and productivity in written translation and verbal interpreting. Bilingual proficiency in English and Spanish or Vietnamese is strongly recommended.

Social Media Apps for Employment and Business  
Unit(s): 1.5  
Class Hours: 27.0 Lecture total.  
Boost your career opportunities by learning the latest trends in using social media applications. Learn how to use all the features in the leading social media apps to find employment, promote a business, and network with professionals. Tips on how to improve the quality and effectiveness of your social media presence. Learn proactive and professional techniques in handling reviewer comments. Live stream videos on social media including from drones. Hands-on instruction in social media apps including LinkedIn, Facebook, Instagram, Twitter, YouTube, Yelp, Google, Pinterest, and Snapchat. This course is designed for beginner and experienced social media users.

Search Engine Optimization and Web Statistics Apps for Business  
Unit(s): 1.5  
Class Hours: 27.0 Lecture total.  
Learn how search engines work, website structure with Search Engine Optimization (SEO), competitive keyword research, writing content for search friendly websites, elective link building, and Search Engine Marketing (SEM) with Google Ads. Learn how business professionals use web statistics applications, such as Google Analytics, to analyze and track the effectiveness and performance of web pages and content to determine SEO and SEM practices. Learn how to use apps to measure site traffic, ad performance, Return on Investment (ROI), and conversions. Create an account, set up custom campaigns, and work with reports. This course is designed for beginner and experienced users.

WordPress  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
WordPress is one of the most popular Content Management Systems (CMS) used to build professional web sites and blogs for business. Learn proper software and current Search Engine Optimization (SEO) techniques to create and maintain a responsive website and blog. Understand the difference of using WordPress.com and WordPress.org.

Introduction to Drones  
Formerly: Drones for Business  
Unit(s): 1.5  
Class Hours: 27.0 Lecture total.  
Introduction to using drones for commercial and recreational use. Learn how to fly drones safely and legally. Topics include types of drones, taking photos, recording videos, live stream for social media, FAA regulations, Part 107 remote pilot license and exam information, drone registration, preflight, and problem solve flight situations. Learn about the many careers and industries using drones (public safety, investigations, construction, engineering, inspections, real estate, marketing, media, delivery, insurance). Do not need to own or purchase a drone to take this course. Course is designed for beginning and experienced drone users.

Drones for Mapping  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
Learn how drones are used for terrain modeling, surveying, and mapping such as topography, site development, volume measurements, and contour elevation creation. Students will also learn the intricacies of mapping with drones and how it correlates with GPS technology. Course topics include Part 107 regulations, field drone mapping protocols, and drone mapping data processing. GEOG 101 or GEOG 155 is recommended. Course designed for beginning and experienced drone users. Drones provided in class.

Microsoft Publisher  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
Learn to use Microsoft Publisher, a desktop publishing application integrating text and images for professional page layout for business projects including brochures, flyers, newsletters, and multi-page publications. Students will learn proper techniques in creating, editing, formatting, exporting PDF, printing, and preparing a publication for distribution using current business standards.

Introduction to Drone Laws  
Unit(s): 0.5  
Class Hours: 9.0 Lecture total.  
An introduction to drone laws for first responder, public safety, commercial and recreational drone users. Topics include the application of federal, state and local laws, third party liability issues, and basics of public safety drone law issues.

Adobe Acrobat  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Learn to use Adobe Acrobat Pro DC to create, edit, sign, secure, and optimize PDF documents for print, web, and email. Topics include create fillable PDF forms, combine and arrange multiple files, convert PDF to Microsoft Office file formats, insert multimedia (graphics, video, audio), add security (restrictions with passwords), accessibility compliance, digital signatures, review process (add comments, proofing marks), page links, bookmarks, Bates Numbering, and Redact tool for redacting text for legal and business documents.

Learn proper techniques using current business standards to create, edit, format, export PDF, and print worksheets. Topics include insert images, graphics, charts, functions, and formulas. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification.

CSU

BA 189
Advanced Microsoft Excel
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This course builds on the skills and concepts learned in the BA 188 Microsoft Excel course. Students will learn advanced functions and formulas, data analysis, PivotTables, PivotCharts, protecting and sharing workbooks, automating repetitive tasks, and other advanced Excel skills required for managing and presenting data for business. This course will prepare the student for the Microsoft Office Specialist (MOS) Excel and Excel Expert exams to earn industry recognized certifications.

CSU

BA 190
Microsoft PowerPoint
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Learn the latest features and techniques in creating captivating business slide presentations. Beginning and experienced PowerPoint users will benefit from learning proper file setup and professional presentation tips using current business standards. Topics include slide animation, transitions, and inserting tables, charts, images, videos, and audio. This course will prepare the student for the Microsoft Office Specialist (MOS) exam to earn an industry recognized certification.

CSU

CHEM 109
Chemistry in the Community
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
The non-science major will study practical applications of chemistry and the chemical principles behind them including: the scientific method, atomic structure, molecular models, and chemical reactions. Environmental and community issues will be the focus of student centered laboratories, discussions and field trips. Group work and computer activities will be used in this cooperative learning environment.

CSU/UC

CHEM 115
Concepts in Physical Sciences for Educators
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
An investigation of basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The inter-dependence of chemistry and physics will be emphasized. Designed for non-science majors, concepts are introduced in lab through inquiry and further developed during discussion.

CSU/UC

CHEM 209 (C-ID CHEM 101)
Introductory Chemistry
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 080, or MATH 081, or MATH 083, or MATH 084

CSU/UC

CHEM 210
General, Organic and Biochemistry
Unit(s): 5.0  Class Hours: 72.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 080, or CHEM 209, and MATH 081, or MATH 083, or MATH 084
An introduction to the fundamental concepts of general, organic and biochemistry for majors in nursing and other allied health majors. Includes atomic structure, nuclear chemistry, bonding, solutions, acids and bases, organic nomenclature, hydrocarbons, alcohol, aldehydes, ketones, carboxylic acids, carbohydrates, proteins, lipids, nucleic acids and metabolism.

CSU/UC

CHEM 219 (C-ID CHEM 110, C-ID CHEM 120S = CHEM 219 or 219H + CHEM 229)
General Chemistry
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 084, and CHEM 209; or A passing score on current chemistry placement test.
Fundamental principles and concepts of chemistry including, but not limited to, atomic structure, quantum theory, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium.

CSU/UC
Honors General Chemistry
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: AA college GPA or high school GPA for first term college students of 3.0 or higher or a passing grade in MATH 084, and CHEM 209 or A passing score on current chemistry placement test.

CHEM 229 (C-ID CHEM 120S = CHEM 219 or 219H + CHEM 229)
General Chemistry and Qualitative Analysis
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CHEM 219
Continuation of Chemistry 219, including but not limited to: structure, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium.

CHEM 229H (C-ID CHEM 120S = CHEM 219 or 219H + CHEM 229)
Honors General Chemistry
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: AA college GPA or high school GPA for first term college students of 3.0 or higher or a passing grade in MATH 084, and CHEM 209 or A passing score on current chemistry placement test.

Enriched and intensive study, including seminar approach, of fundamental principles and concepts of chemistry including, but not limited to, atomic structure, quantum theory, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium.

CSU/UC

CHEM 249 (C-ID CHEM 150, C-ID CHEM 160S= CHEM 249+ CHEM 259)
Organic Chemistry I
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CHEM 229
This course is the first semester of a year of organic chemistry. This course will cover: structure and bonding, nomenclature, descriptive chemistry, reaction mechanisms, synthetic methods and IR spectroscopy for different functional groups including alkanes, alkenes, alkynes, alkyl halides, organometallics, alcohols, and ethers. Laboratory will include: separations/purifications identification, and simple syntheses.

CSU/UC

CHEM 259 (C-ID CHEM 160S =CHEM 249 +CHEM 259)
Organic Chemistry II
Unit(s): 5.0  Class Hours: 54.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CHEM 249
This course is the second semester of a year of organic chemistry (continuation of Chemistry 249). It includes units on structure elucidation, aromatic compounds, carbonyl compounds, carboxylic acids and their derivatives, amines, and classes of biologically important compounds. More complex synthetic routes are explored. Laboratory work includes multi-step syntheses and unknown identification. Reaction mechanisms and use of spectroscopic techniques continue to be emphasized.

CSU/UC

Introduction to Chicana/Chicana Studies
Formerly: Introduction to Chicana/o Studies
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course introduces the field of Chicana/Chicana/Chican@/Chicanx/Xicana/Xicanx Studies. It is designed to acquaint students with the most significant social, political, economic, and historical aspects of the Chicana/Chicana/Chican@/Chicanx/Xicana/Xicanx experience in the United States. A trans-disciplinary, multisectoral, and multidimensional approach will be employed to study Chicanas/Chicanos/Chican@s/Chicanxs/Xicanas/Xicanxs/Chicanxs various experiences and their contributions to American society and culture. This course will critically analyze the societal context in which the Chicana/Chicana/Chican@/Chicanx/Xicana/Xicanx have sought to maintain their culture. This course is designed to present a foundation in Chicana/Chicana/Chican@/Chicanx/Xicana/Xicanx Studies.

CSU/UC

Child Growth and Development (DS1)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course examines the major physical, cognitive, social and emotional developmental milestones for children, from conception through adolescence. Emphasis on interactions between maturational processes and environmental factors. Students will observe children, evaluate individual differences, and analyze characteristics of development at various stages according to developmental theories. (No credit if student has taken Psychology 157.)

CSU/UC

Observation and Assessment for Early Learning and Development (DS3)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CHEM 107; By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play, and learning to join with families and professionals in promoting children’s success. Recording strategies, rating systems, portfolios, and multiple assessment tools are explored.

CSU

Child, Family, and Community (DS2)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
The processes of socialization focusing on interrelationship of family, school, and community. Examines the influence of multiple societal context. Explores the role of collaboration between family, community, and schools in supporting children's development.

CSU/UC
CDEV 111A (C-ID ECE 120)
Principles and Practices of Teaching Young Children
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CDEV 108; By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course examines the underlying historical and theoretical principles, and the developmentally appropriate practices of early childhood programs and environments. Emphasis will be on the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative, and intellectual development for all children. The evolution of professional practices promoting advocacy, ethics, and professional identity will be explored. Students will be required to complete a minimum of 30 hours in an early childhood lab school setting.

CSU

CDEV 111B (C-ID ECE 130)
Introduction to Curriculum for Young Children
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CDEV 108, and CDEV 111A; By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course presents an overview of knowledge and skills needed to provide developmentally appropriate curriculum for young children. Students will examine the teacher's role in supporting development, fostering the joy of learning and creativity through the essential role of play. Content areas include language/literacy, social/emotional/sensory learning, art, music, math, science, health/safety, and motor development. Students will be required to complete a minimum of 30 hours in an early childhood lab school setting.

CSU

CDEV 112 (C-ID ECE 220)
Health, Safety, and Nutrition for Children
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

Recommended Preparation: 6 units of child development coursework.

This course examines the regulations, policies, procedures and best practices for early childhood curriculum related to health, safety, food, and nutrition while supporting child development through everyday planning and school programming. The importance of collaboration between families and health and school professionals to ensure physical and mental health of all children, families, and professionals will be explored. Students will have to show proof of negative TB test results by the 4th week of the semester. Observations to local child development centers will be included.

CSU

CDEV 114
Careers in Teaching
Unit(s): 1.0  Class Hours: 18.0 Lecture total.

Introduction to the teaching profession, culturally diverse student populations, career ladders and options, academic preparation, experience, and credentials required for employment, utilizing career assessments, principles of goal setting, and exposure to teaching environments and teaching professionals. Students will formulate a career objective and develop an educational plan. Same as Counseling 114.

CSU

CDEV 116A
Infant/Toddler Growth and Development (DS4)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CDEV 107, and CDEV 108; By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

A study of infants and toddlers from conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development.

CSU/UC

CDEV 116B
Care and Education for Infants and Toddlers (DS3)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CDEV 107, and CDEV 108, CDEV 116A; By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

Appplies current theory and research to the care and education of infants and toddlers in group settings. Examines essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months.

CSU

CDEV 120A
Development of the School-Age Child (DS5)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

An examination of the physical, cognitive, personality, and social development of children between the ages of five and twelve years. Attention will be paid to the scientific study of middle childhood, developmental trends, and issues of diversity. Not offered every semester. Same as EDU 120A.

CSU

CDEV 120B
School-Age Child Care and Recreation Activities (DS5)
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

This course will focus on school age creative activities, including planning and implementing an appropriate before/after school curriculum. Attention will be paid to integrating academics, recreation, and creative activities suitable for school-age child care programs. Same as EDUC 120B.

CSU

CDEV 200
Introduction to Technology in Early Childhood Education
Unit(s): 2.0  Class Hours: 36.0 Lecture total.

Prerequisite: By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.

This course provides students knowledge about and experience with technological tools used in early childhood settings. Students will have the opportunity to evaluate the impact of technology as it relates to growth and development of children and developmentally appropriate practices. Emphasis will be on basic knowledge and practice in a wide variety of current and emerging technologies and how to integrate them in the learning environment.

CDEV 230
Child Guidance and Classroom Management
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This course will explore expectations about young children’s behavior and the importance of teacher interaction skills in addressing and dealing with behavior issues. Behavior expectations will be defined, skills for dealing with various behaviors will be developed and a file of community resources in regards to behavioral issues will be created. It is advised that participants take this course in conjunction with working in a classroom setting.

CSU
CDEV 231
Developing Language and Literacy in Young Children
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Designed to introduce students to basic concepts of first and second language acquisition and literacy in young children including classroom applications.

CSU
CDEV 232
Math and Science Methods for Early Learning Environments
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Introduces early learning teachers to basic math and science principles and the standards established by the National Council of Teachers of Mathematics, National Science Content Standards for early learning environments and Next Generation Science Standards. This course includes theoretical and practical applications for problem-solving and critical thinking that are common to math and science. Students will develop a personal file of appropriate math/science activities for early learning.

CSU
CDEV 250
Adult Supervising and Mentoring in Early Care and Education
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in CDEV 111B, or CDEV 116B; By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
For the experienced teacher, a study of the methods and principles of working in a classroom setting.

CSU
CDEV 297
Analyzing and Applying Teacher Strategies in the Classroom
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in CDEV 111B, or CDEV 116B, or CDEV 120B; and By the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
This course will provide students with essential skills to utilize a variety of current statewide assessment tools that address the quality of early childhood programs and the developmental levels of young children. Students will identify strategies to help teachers effectively use curriculum that is intentional, child-focused, and content-driven. Students will also learn to be responsive of cultural diversity, English-language learners, and the unique needs of families.

CSU
CDEV 298A (C-ID ECE 210)
Practicum in Early Childhood Programs
Unit(s): 3.5  Class Hours: 36.0 Lecture, 81.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CDEV 107, and CDEV 108, and CDEV 110, and CDEV 111A, and CDEV 111B, and CDEV 112, and CDEV 221; by the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Under guided supervision in a RSCCD Child Development Center or approved mentor site, students will demonstrate competency in connecting theory to practice, and enhance professional-behaviors. Students will plan and implement child-centered, play-oriented approaches to teaching, learning, and assessment. Knowledge of curriculum content areas will be emphasized as students design, implement, and evaluate positive experiences for young children.

CSU
CDEV 298B
Practicum in Infant/Toddler Programs
Unit(s): 3.5  Class Hours: 36.0 Lecture, 81.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CDEV 107, and CDEV 108, and CDEV 110, and CDEV 111A, and CDEV 111B, and CDEV 112, and CDEV 116A, and CDEV 116B, and CDEV 221; by the 3rd week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
Under guided supervision in a RSCCD Child Development Center or approved mentor site, students will demonstrate competency in connecting theory to practice and enhance professional behaviors. Students will plan and implement infant/toddler-centered, play-oriented approaches to teaching, learning, and assessment. Knowledge of curriculum content areas will be emphasized as students design, implement, and evaluate positive experiences for infants and toddlers.

CSU
CDEV 299
Cooperative Work Experience Education
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire career awareness and work habits in early childhood, K-12, and after-school programs. 75 hours of paid work or 60 hours of unpaid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.
Pass/No Pass Only

CSU
CHINESE

CHNS 101
Elementary Chinese I
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Practice and integration of pronunciation, grammar, vocabulary, and common idioms through listening, speaking, reading, and writing so that students can begin to express thoughts orally and in writing. The class will also introduce students to culture and social linguistic knowledge appropriate to Chinese-speaking societies.
CSU/UC

CHNS 102
Elementary Chinese II
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CHNS 101
Continuation of Chinese I. Further training in language skills providing avenues for the expression of ideas in both oral and written forms. Enhanced study of culture and socio-linguistic knowledge appropriate to Chinese-speaking societies.
CSU/UC

COMMUNICATION STUDIES

CMST 097
American English Conversational Skills
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

CMST 101 (C-ID COMM 130)
Introduction to Interpersonal Communication
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H
Introduction to communication theory, rhetoric, listening, perception, language usage, nonverbal communication, and conflict management. Students participate in oral and written exercises and simulations; these activities are designed to enhance communicative awareness and skills in interpersonal contexts. It is designed to assist students in improving their own interpersonal and oral communication skills.
CSU/UC

CMST 101H (C-ID COMM 130)
Honors Introduction to Interpersonal Communication
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Introduction to communication theory, rhetoric, listening, perception, language usage, nonverbal communication and conflict management. An enriched approach designed for honors students. Seminar mode stresses the development of analytical thinking, writing, and speaking skills.
CSU/UC

CMST 102 (C-ID COMM 110)
Public Speaking
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Teaches critical thinking skills in relation to public speaking. Emphasis on the process, principles, and major facets of critical thinking with practice through oral presentations.
CSU/UC

CMST 102H
Honors Public Speaking
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
This course is an enriched approach to public speaking, designed for honors students that emphasizes the process, principles, and major facets of critical thinking with practice through oral presentations.
CSU/UC

CMST 103 (C-ID COMM 150)
Introduction to Intercultural Communication
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A general view of the sociological, psychological, and communication patterns of various cultural groups. Special emphasis on the methods, skills, and techniques necessary for effective intercultural, crosscultural, and interracial communication. Stresses the development of analytical thinking, speaking, and writing skills.
CSU/UC

CMST 103H (C-ID COMM 150)
Honors Introduction to Intercultural Communication
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Enriched for honors students. In-depth, seminar format examination of sociological, psychological, and communication patterns of various cultural groups. Methods, skills, and techniques for effective intercultural and interracial communication. Stresses analytical thinking, speaking, and writing skills.
CSU/UC

CMST 107
Communication for the Health Care Professional
Unit(s): 1.5  Class Hours: 27.0 Lecture total.
Introduction to communication skills vital to health care settings-listening, presentation skills, cultural awareness, expressions and terminology used in health care settings. Designed for students whose first language is not English.
CSU

CMST 140 (C-ID COMM 120)
Argumentation and Debate
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion of or concurrent enrollment in English 101 recommended. Communication Studies 097 recommended for non-native speakers.
Principles of debate techniques with emphasis on methods of logical analysis and reflective thinking. Practical application through adaptation of material to forms of debate on current issues.
CSU/UC
CMST 145 (C-ID COMM 140)

**Group Dynamics**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Principles and methods of communication as applied in the small group setting. Emphasis on communication skills, processes, and operations in the small group. Includes understanding group dynamics and cooperative problem solving.

CSU/UC

CMST 150

**Organizational Communication**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

This course focuses on understanding and applying the fundamental principles of communication in organizations. These elements include organizational communication models, the role of ethics and diversity, basic communication skills, interviewing skills, social media best practices, communicating in groups and teams, conflict management, leadership, and presentation skills. Students will learn to analyze, adapt, and improve their communication strategies in organizational settings by applying and practicing the knowledge and skills acquired in this course.

CSU

CMST 151

**Voice and Diction for Effective Communication**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Recommended Preparation: Communication Studies 097 recommended for non-native speakers.*

Basic speech and voice production. Anatomy and physiology related to respiration (breathing/loudness), phonation (sound/pitch) and articulation (diction/clarity). Practice in improving vocal skills for effective communication. Designed for individuals who have special demands on vocal production in their vocation.

CSU

CMST 152 (C-ID COMM 170)

**Oral Interpretation**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Recommended Preparation: Communication Studies 097 recommended for non-native speakers.*

Oral presentation of prose and poetry; practice in speaking, interpretation, and analysis of literature, with training in the principles of effective delivery. Not offered every semester.

CSU/UC

CMST 158

**Readers Theatre**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in CMST 097.*

Oral presentation of prose and poetry; practice in speaking, reading, and analysis of literature, with training in the principles of effective ensemble delivery.

CSU/UC

CMST 199

**Independent Study**

Unit(s): 1.0  Class Hours: 18.0 Lecture total.

*Prerequisite: Divisional approval. To be eligible for independent study a student must be concurrently enrolled in at least one other class at either Santa Ana College or Santiago Canyon College and must show evidence of competence in his academic major and the area in which he proposes to do independent study. (SAC catalog)*

Directed field experience, research, or development of skills & competencies.

CSU

CMST 206

**Gender Communication**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in CMST 101.*

Practical application, techniques and in-depth analysis of male and female communication regarding language usage, biological and social influences, mass media, marriage, organizations, same sex/cross sex friendships, and education.

CSU/UC

CMST 206H

**Honors Gender Communication**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.*

An enriched approach in practical application, techniques, and in-depth analysis of male and female communication regarding language usage, biological and social influences, mass media, marriage, organizations, same sex/cross sex friendships, and education. Students will be required to do individual/group professor-guided research.

CSU/UC

CMST 307

**Health Communication**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Completion with a grade of "C" or better or a Passing grade in Limitation on Enrollment: Student must be admitted to the Occupational Studies program, CMST 101, or CMST 101H, or CMST 102, or CMST 103, or CMST 103H, or CMST 145.*

Course is designed to advance knowledge of health communication theory, research and practice while providing solid foundation for understanding importance, value and impact of health communication upon patients, families, caregivers and healthcare team-members.

CSU

CMSD 102

**Multimedia Storytelling**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Explores alternative story forms by combining text, still photographs, video clips, audio, graphics and interactivity to tell stories in the most compelling and informative way. Focuses on using a variety of media to tell different parts of a story for presentation in digital and online platforms.

CSU
CMSD 103 (C-ID JOUR 170)
Introduction to Visual Communications
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This multimedia course explores the social, cultural and historical implications of visual communications from Gutenberg’s printing press to present day digital media. Using works of philosophical, historical and cultural importance students will analyze and debate the changes in the way visual communications affect society, and shape cultural values.
CSU/UC

CMSD 105 (C-ID JOUR 100)
Mass Media and Society
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Exploration of mass communication and the interrelationships of media with society including history, structure and trends in a digital age. Examines major media forms, theories and effects in our information-conscious culture.
CSU/UC

CMSD 105H (C-ID JOUR 100)
Honors Mass Media and Society
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Enriched honors course of intensive exploration of historical impact and current influence of mass media (newspapers, TV, Internet, etc.). Uses critical thinking skills in seminar-setting to assess media’s role in society.
CSU/UC

CMSD 110
Introduction to Creative Nonfiction
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H, or CMSD 121
Exploration of creative nonfiction writing concepts, and genres with focus on critically reading and analyzing respected works of literature ranging from biography and review to profiles and personal essays.
CSU/UC

CMSD 111
Media, Race and Gender
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This multimedia course is an overview of the social and cultural implications of mass media on race and gender from the 1920s to the present. Using works of philosophical and cultural importance, students will analyze and debate the changes in the faces of media with a particular focus on social class, gender, and ethnicity.
CSU/UC

CMSD 121 (C-ID JOUR 110)
Introduction to Reporting and Newswriting
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to evaluating, gathering, and writing news across multiple platforms under newsroom conditions. Includes role of the journalist in a multi-media environment and the legal and ethical issues related to reporting. Writing experiences include: web-based and multi-media reporting, interviewing techniques, research methods, application of media law, writing under deadline and use of AP Style.
CSU

CMSD 123A (C-ID JOUR 130)
Advanced News Media Production
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMSD 123B
An advanced level production-based course designed around a functioning media organization, providing students practical training in print, digital, and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia, and emerging technologies. Completion of CMSD 123A is required. Arranged laboratory hours (TBA)10 hours per week.
CSU

CMSD 123B (C-ID JOUR 131)
Intermediate News Media Production
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMSD 123A
An intermediate level production-based course designed around a functioning media organization, providing students practical training in print, digital and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia and emerging technologies. Completion of CMSD 123A is required. Arranged laboratory hours (TBA)10 hours per week.
CSU

CMSD 123C
Advanced Intermediate News Media Production
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMSD 123B
An advanced intermediate level production-based course designed around a functioning media organization, providing students practical training in print, digital and Web-based media through work as members of the campus news magazine el Don and its website eldonnews.org. Students utilize a digital laboratory to gain practical experience in a variety of disciplines, including writing, editing, design, photography, audio, visual, multimedia, and emerging technologies. Completion of CMSD 123C is required. Arranged laboratory hours (TBA)10 hours per week.
CSU
CMSD 150
Introduction to Public Relations
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An exploration of the principles, history and development, and professional practice of modern public relations. Includes concepts of planning and executing effective communication strategies, including message design and distribution, for any organization.
CSU

CMSD 160 (C-ID JOUR 160)
Introduction to Photojournalism
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Explores the photographer as a journalist, focusing on theory and practice in press and publications photography, with emphasis on using the camera as a reporting and communications tool. Stresses news, feature photography, and photographic essays, including composition, impact, and creativity, for newspapers, magazines, Internet, and other mass communications media.
CSU

CMSD 201
Visual Reporting
Unit(s): 2.0 Class Hours: 36.0 Lecture, 18.0 Lab total.
This course stresses how to perceive and select visual images through work with a digital camera, a computer, and related digital media & graphics software. Students learn the application and manipulation of images in digital form by focusing on telling stories through pictures and informational graphics. Students serve as visual reporters for campus media.
CSU

CMSD 210 (C-ID JOUR 210)
Intermediate Reporting and Newswriting
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMSD 121
This course is a continuation of Introduction to Newswriting and Reporting and focuses on coverage of public affairs reporting, including local and regional government, police, courts, school, and city boards. It includes both on- and off-campus reporting and writing, stressing news presentation for a variety of media purposes through multiple platforms.
CSU

CMSD 222
Writing Across Media
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H, or CMSD 121
For writing students seeking a better understanding of non-fictional prose genres focusing on narrative storytelling techniques for Web, Multimedia and Print. Emphasizes integration of writing skills across media formats.
CSU

CMSD 298A
Designing for Print and Digital Media
Unit(s): 3.0 Class Hours: 54.0 Lecture, 54.0 Lab total.
A comprehensive course emphasizing professional standards, theory, and techniques in print, digital, and Web-based design. Students use a digital laboratory as a platform for training in design theory, visual organization, color theory, scale, unity, and use of typography. For those interested in design careers.
CSU

CMSD 298B
Intermediate Designing for Print and Digital Media
Unit(s): 3.0 Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMSD 298A
An intermediate level comprehensive course emphasizing professional standards, theory, and techniques in print, digital, and Web-based design. Students use a digital laboratory as a platform for training in design theory, visual organization, color theory, scale, unity, and use of typography. For those interested in design careers. Completion of CMSD 298A is required.
CSU

CMPR 100
The Computer and Society
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An introduction to the area of computers and their relationship to today's information society. Examines a broad overview of topics including hardware, software, networking, information technology, and the Internet. The student will explore the implication and effect of technology on society, careers, and ethics.
CSU/UC

CMPR 101
Programming Survey
Unit(s): 0.5 Class Hours: 9.0 Lecture total.
This survey course introduces students to C programming language. Students will code, compile and execute programs that control computations. Same as ENGR-101.
CSU

CMPR 104
Cooperative Work Experience Education-Occupational
Unit(s): 1.0-4.0 Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students' major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.
CSU

CMPR 105
Visual BASIC Programming
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Introduction to programming and Visual BASIC. Emphasis on programming fundamentals and the creation of applications with Visual BASIC. No previous programming experience required. Students will write programs on PC compatible computers.
CSU/UC

CMPR 112 (C-ID COMP 112)
Java Programming
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Study of the Java language, its features and applications.
CSU/UC
CMPR 113  
**Advanced Java**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

*Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMPR 112*  
This course will introduce Text Processing, Inheritance, Exception’s I/O, Intro and Advanced GUI Applications, Arrays, Advanced Classes and Database Connections using Java Database Connectivity (JDBC). Students should already have knowledge of Java in Decision Making using If Conditional Statements, Basic Loops, Creating Methods and Creating Classes.

CSU/UC

CMPR 114  
**Python Programming**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

Students will be introduced to the syntax of Python, the methods used to incorporate Python into creating business applications, and using Python to create interactive forms. Students will also learn to enhance Business Applications through the use of Interactive Programming utilizing forms, objects, looping constructs, variables, classes and the use of various data-types.

CSU/UC

CMPR 115  
**Python for Data Analytics**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

The student will learn fundamentals for Data Analytics using Python and will learn skills such as an introduction to data analysis, understanding data, data processing, writing python code, using IPython shell, reading and writing data using Pandas, interacting with databases, data manipulation, and data visualization using the library called matplotlib. This course will prepare students to become a Certified Python Data Analytics Professional.

CSU

CMPR 117  
**Perl Programming and CGI**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

Students will be introduced to the Perl scripting language syntax, data types, input/output, managing system processes, database programming, CGI programming and Web programming.

CSU

CMPR 118  
**JavaScript Programming**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

Students will be introduced to the syntax of JavaScript, the methods used to incorporate JavaScripts into HTML documents, and using JavaScripts to create interactive forms. Students will also learn to enhance Web pages through the use of Interactive Programming utilizing forms, frames, documents, Windows, loops, strings, and cookies.

CSU

CMPR 120 (C-ID COMP 112)  
**Introduction to Programming**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture, 18.0 Lab total.  

*Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 083, or MATH 084*  
Introduction to programming concepts including data types, mathematical operations, elementary input/output, and the basic control structures of sequence, selection, iteration, and functions. Program design techniques utilizing structured and object-oriented methodologies will be emphasized.

CSU/UC

CMPR 121 (C-ID COMP 122)  
**Programming Concepts**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture, 18.0 Lab total.  

*Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMPR 120*  
Continuing introduction to programming concepts, development of algorithms utilizing functions, classes, and the primary control structures. Program I/O; strings and arrays; data types; classes, and objects. Documentation techniques.

CSU/UC

CMPR 124A  
**MCDST Preparation**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

*Recommended Preparation: CMPR 100*  
Study of skills needed to successfully support end-users and to successfully troubleshoot desktop environments that are running the Microsoft operating systems. Student will be provided with the skills necessary for the Microsoft Certified Desktop Support Technician (MCDST) Exams, 70-271 and 70-272.

CSU

CMPR 125  
**Help Desk Fundamentals**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

Introduction to Help Desk "soft skills," such as effective communication, analytical thinking, diplomacy, problem solving, leadership, team building, and listening skills. In addition to learning necessary soft skills, students will be familiar with a help-desk environment, its function and organization.

CSU

CMPR 129 (C-ID COMP 142)  
**Introduction to Computer Organization**  
Unit(s): 4.0  
Class Hours: 72.0 Lecture total.  

*Prerequisite: CMPR 120*  
*Recommended Preparation: CMPR 121*  
Presents the organization and structure of computers at hardware and software levels: analysis and synthesis of combinatorial and sequential logic, data representation and manipulation, language structures and translation, and process administration and management.

CSU/UC
CMPR 131 (C-ID COMP 132)
Data Structures Concepts
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CMPR 121
Application of simple Data Structures Concepts (ADT's) including linked structures, stacks, queues, and trees. Use of pointers, recursion, sorting algorithms, classes, and object-oriented programming to implement data structures.
CSU/UC

CMPR 134
Microsoft Windows Operating System
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Microsoft Windows operating system. Course topics include installation, configuration, application installation and management, hardware configurations, file and information management, security, managing user accounts, networking, digital media, system maintenance and management, desk top management, and utilization of cloud storage.
CSU

CMPR 136
Building a Small Office/Home Office Network
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Plan and build a SOHO network. Students will learn about simple file-sharing networks, wireless networks, and more advanced networking technologies that connect multiple machines and devices. Students will be able to choose the networking solution that is best suited to their needs.
CSU

CMPR 137
Personal Computer Troubleshooting
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Study of techniques and methods of PC maintenance. Topics include the interaction between hardware and software, the motherboard and CPU, managing memory, disk drives, input and output and multimedia, printers, installation, management and supporting Windows, network and Internet connectivity, purchasing and building a PC, backups, viruses, and troubleshooting PC problems.
CSU

CMPR 138
CompTIA Network+ Guide to Networks
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course prepares students how to install, configure, and troubleshoot a computer network is a highly marketable and exciting skill. This course first introduces the fundamental building blocks that form a modern network, such as protocols, media, topologies, and hardware. It then provides in depth coverage of the most important concepts in contemporary networking, such as TCP/IP, Ethernet, wireless transmission, virtual networks, security, and troubleshooting. Student will be prepared to pass CompTIA's Network+ certification exam.
CSU

CMPR 139
Configuration and Administration of Local Area Networks
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Recommended Preparation: completion of Windows server course.
The configuration and administration of Windows-based local area networks, including planning, hardware, software and Internet connectivity.
CSU

CMPR 140 (C-ID COMP 152)
Discrete Structures for Computer Science
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Recommended Preparation: College Algebra.
Course presents the fundamentals of discrete mathematics as applied to the computer sciences. Topics include sets, relations, functions, basic logic, proof techniques, counting, graphs, trees and probability.
CSU/UC

CMPR 152
HTML
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Introduction to HTML (Hypertext Markup Language) scripting and the creation of Hypertext documents. Topics will include the specification of the form and function of documents, inclusion of hypertext links, images, frames, tables, forms, JavaScript, VRML, and new features of HTML.
CSU

CMPR 153
A+ Essentials Hardware
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
The A+ Essentials Hardware course maps to CompTIA's A+ Essentials Hardware exam. Course covers topics related to installing, building, upgrading, repairing, configuring, troubleshooting, optimizing, diagnosing, and performing preventive maintenance of basic personal computer hardware. Lecture and hands-on experience in structured labs is included. The A+ Essentials Hardware course teaches necessary competencies for an entry-level IT professional. Topics include Personal Computer Components, Operating Systems, Networks, Security. Lecture and hands-on experience in structured labs is included. The A+ Essentials Hardware course maps to CompTIA's A+ Essentials Hardware exam.
CSU

CMPR 154
A+ Essentials Software
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
The A+ Essentials Software course teaches necessary competencies for an entry-level IT professional. Topics include Personal Computer Components, Operating Systems, Networks, Security. Lecture and hands-on experience in structured labs is included. The A+ Essentials Software course maps to CompTIA's A+ Essentials exam.
CSU

CMPR 157
Microsoft Access
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Relational Database Management using Microsoft Access. Includes design, creation and maintenance of a RDBMS, reports and form generation, queries, importing and exporting data, macros and modules using Access Basic.
CSU

CMPR 168
MS SQL Database Development
Formerly: Microsoft Access - Visual Basic for Applications
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Provides an introduction to relational database fundamentals and SQL programming skills in the Microsoft environment. Topics covered include relational database architecture, database design techniques, and simple and complex query skills. This course is a continuation of CMPR-167 in utilizing Microsoft Access to analyze large amounts of information and manage related data.
CSU
### CMPR 169
**Structured Query Language (SQL)**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

*Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in CMPR 167*

The course covers database concepts and the use of SQL (Structured Query Language). Completion of Computer Science 167 or equivalent is recommended.

**CSU**

### CMPR 170
**Introduction to Oracle**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

The course will teach students the industry-leading RDBMS software and cover topics in SQL programming and PL/SQL. Students will learn to manipulate and cross-reference data and to show the importance of importing and exporting BIG data. Relational database development concepts using Oracle and application development using PL/SQL will be taught.

**CSU/UC**

### CMPR 173
**Introduction to Networking Technology**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

A comprehensive overview of networking technology, including a history of LAN development and the uses and benefits of LAN’s. Students are introduced to LAN terminology, components, standards, and upper level protocols.

**CSU**

### CMPR 175
**CompTIA Security+ Guide to Network Security**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

*Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in CMPR 138*

This course provides a comprehensive overview of network and information security topics such as threats, attacks, vulnerabilities, application/data/infrastructure security, cryptography, operational/organizational security, risk management, disaster recovery, business continuity, as well as computer forensics. The contents also map to the CompTIA Security+ certification objectives to prepare students for the exam.

**CSU**

### CMPR 198-00
**Special Topics**

<table>
<thead>
<tr>
<th>Unit(s): 1.0-3.0</th>
<th>Class Hours: 18.0-54.0 Lecture total.</th>
</tr>
</thead>
</table>

Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in Computer Science and Computer Information Systems.

**CSU**

### CMPR 205
**Advanced Visual Basic**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

*Prerequisite: Completion with a grade of “C” or better or a Passing grade in CMPR 105*

Advanced programming for those seeking to further develop their skills using Visual Basic programming language. Course will cover the advanced features of the Visual Basic programming language, data structures, and advanced programming techniques available with Visual Basic.

**CSU/UC**

### CMPR 213
**C# Programming**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

*Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in CMPR 120*

Study of C# programming. Topics covered include the .NET environment, object-oriented programming including inheritance and polymorphism, and writing graphical user interfaces. Completion of Computer Science 120 is recommended.

**CSU/UC**

### CMPR 214
**XML Programming**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

Introduction to XML (Extensible Markup Language). The course covers what it is, how it works, what technologies surround it, and how it can be used in data handling and web pages. Knowledge of HTML recommended.

**CSU**

### CMPR 247
**Windows Server Operating System**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

*Recommended Preparation: knowledge of any client-level Windows operating system.*

Installation, management, and configuration of Windows Server operating system for managing network environments. **CSU**

### CMPR 248
**Microsoft SQL Server**

<table>
<thead>
<tr>
<th>Unit(s): 3.0</th>
<th>Class Hours: 54.0 Lecture total.</th>
</tr>
</thead>
</table>

Microsoft SQL Server, relational database concepts, programming with SQL and Transact-SQL, stored procedures, triggers, and use of client tools. Course is designed for developers and database administrators. Basic knowledge of SQL, programming and/or database concepts is helpful.

**CSU**

### COUNSELING

#### CNSL 021
**Math Study Strategies**

<table>
<thead>
<tr>
<th>Unit(s): 1.0</th>
<th>Class Hours: 18.0 Lecture total.</th>
</tr>
</thead>
</table>

This course is designed to give intensive assistance to students in the areas of solving word problems, group study skills, test-taking strategies, note taking, and time management. Topics also include learning styles, active listening, and overcoming barriers to math comprehension.

**CSU/UC**

#### CNSL 100
**Lifelong Understanding and Self-Development**

<table>
<thead>
<tr>
<th>Unit(s): 2.0</th>
<th>Class Hours: 36.0 Lecture total.</th>
</tr>
</thead>
</table>

Integrates concepts of lifelong understanding pertaining to career choice, educational planning, and self inventory. Skills, values, and interest assessments are utilized. Emphasis is on applying psychological principles to values clarification, goal setting, and decision making. Students analyze social/cultural conditioning and explore successful strategies for living in a diverse society.

**CSU/UC**
CNSL 103
Educational Planning
Unit(s): 0.5  Class Hours: 9.0 Lecture total.
This course is designed to introduce students to the process of composing an educational plan. Emphasis is placed on the objective assessment of Career/Technical Education and transfer options. Students will identify an educational pathway for Career/Technical Education, AA/AS degree, and/or university transfer.
CSU/UC

CNSL 104
Personal and Goal Development for Educational Planning
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
This course will facilitate the development of goals for educational planning. Students taking this course will receive an overview of graduation requirements, transfer requirements, academic policies, and college resources. Additional topics will include: student development theory, internal and external influences on educational success, purpose for attending college, and strategies for living a balanced life.
Pass/No Pass Only
CSU/UC

CNSL 106
Inquiries Into Higher Education
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
A comprehensive and advanced study of selecting and completing an academic plan, developing goals and objectives, and choosing a college major. Topics include study techniques, assessing interests and skills and planning a major.
Pass/No Pass Only
CSU/UC

CNSL 107
The Freshman Experience
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Integration of educational, socio-economic, and psychological factors that contribute to success in college. Development of personal learning style as it interfaces with the linked Fcollege classes. Development of college-level learning skills.
CSU/UC

CNSL 110
University Transfer Research
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Development and enhancement of decision-making strategies for transfer students. Identification of educational/career goals. Analysis, comparison, and evaluation of university entrance, major, and post-graduate requirements, and student services. On-site research/field study at universities.
CSU/UC

CNSL 111
Learning Skills Development
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Application of educational/psychological principles in the development of effective learning skills for college courses. Topics also include identifying diversities of cultural influence, learning style, time management, textbook study/comprehension, note-taking, research preparation, and testing.
CSU

CNSL 114
Careers in Teaching
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Introduction to the teaching profession, culturally diverse student populations, career ladders and options, academic preparation, experience, credentials required for employment, utilizing career assessments, principles of goal setting, and exposure to teaching environments and teaching professionals. Students will formulate a career objective and develop an educational plan. Same as Child Development 114.
CSU

CNSL 116
Career/Life Planning and Personal Exploration
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course is designed to assist students in successfully establishing and achieving education, career, and life goals. Students are guided through a reflective process that focuses on values, interests, personality, skills, and learning styles. Career and education options are researched, and students are exposed to college resources and support services. Decision making models and goal setting techniques are examined and will be used to develop short and long term education, and career and life plans.
CSU/UC

CNSL 121
Introduction to STEM Study Skills
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
This course is designed to introduce specialized study techniques for students in science, technology, engineering, and math courses. Effective learning processes will be examined through facilitated, structured peer interaction; strategies for complex problem solving; time management; and overcoming obstacles to achievement in rigorous coursework.
Pass/No Pass Only
CSU

CNSL 122
STEM Study Strategies
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
This course examines and employs advanced study techniques for students in science, technology, engineering, and math courses. Effective learning processes will be strengthened through applying emotional intelligence concepts to group and classroom study, creating an exam preparation plan and formulating long and short term goals.
Pass/No Pass Only
CSU

CNSL 124
College Success and Personal Growth
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Analysis of the concepts related to learning and self-development as a lifelong process. Examination of human motivation from psychological, social, and physiological perspectives. An evaluation of the roles of values, ideals, and principle centered leadership in achieving balance in life.
CSU/UC
CNSL 125  
Exploring Leadership  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
This introductory course will examine the fundamental concepts of effective leadership through reading, discussion, research, and inventories for self-awareness and assessment. The course will prepare students to understand the importance of leadership in careers, communities, and society in general and to assume responsibilities of leadership roles in college and community settings.  
CSU

CNSL 128  
Introduction to Community Activism  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
The study of issues facing communities and ways individuals can become involved in solving community problems. Introduces the study of communities in theory and practice: forces shaping past and present communities and issues defining contemporary communities. This course will facilitate the understanding of human beings as integrated physiological, psychological, and social entities within the context of communities and the process of change.  
CSU

CNSL 144  
Reasoning and Problem Solving  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
The nature of critical thinking, models and strategies; common fallacies of reasoning, self-regulation in the thinking process; application of critical thinking to complex issues of life.  
CSU/UC

CNSL 150  
Introduction to Human Services  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
The history and philosophy of human services including theoretical frameworks, the function and orientation of human service organizations and the roles and qualifications of human service workers. A study of the target populations served by the human services and the professional, ethical, and cultural issues facing the human service field.  
CSU

CNSL 155  
Skills for the Helping Professions  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
An exploration of processes for increasing mental flexibility and assisting people in getting resolution on life issues. Focus is on the theory and practice of methods which are based in inquiry, distinction, resolution, and integration. The role of self-responsibility and self-awareness will be emphasized.  
CSU

CNSL 170  
Human Services/Social Work Related Field Experience Seminar  
Unit(s): 1.0  
Class Hours: 18.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CNSL 150  
Corequisite: CNSL 175  
In conjunction with the required corequisite work experience course, students will gain insight about their future role as a Human Services/Social Work practitioner through discussion, problem-solving, reflection, and evaluation with self, instructor, supervisor, and peers. Ethical, legal, professional, and social justice issues in the field of Human Services/Social Work will be addressed. Concurrent enrollment in CNSL 175 is required.  
CSU

CNSL 175  
Human Services/Social Work Related Field Experience  
Unit(s): 1.0-4.0  
Class Hours: 60.0-300.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CNSL 150  
Corequisite: CNSL 170  
This work experience course consists of supervised employment within a community organization, agency, or institution within Human Services/Social Work. It is designed to assist students in acquiring desirable work habits, attitudes, skills, and career awareness in a field related to Human Services. Application of prior knowledge and new skill development will be embedded. 75 hours of paid work or 60 hours of unpaid work equals one unit of course credit. Student repetition is allowed per Title 5, section 55253.  
Pass/No Pass Only

CNSL 198  
Topics  
Unit(s): 0.5-3.0  
Class Hours: 9.0-54.0 Lecture total.  
Description of the course that will appear in the class schedule  
CSU

CNSL 220  
The Child as a Victim  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Exploration of battered, molested, and neglected children from five vantage points: child, law, parents, social services, and educator. Same as Child Development 220.  
CSU

CNSL N45  
Orientation to College  
Unit(s): 0.5  
Class Hours: 9.0 Lecture total.  
Introduction to college services and programs. Identification and exploration of programs and services designed to assist students entering college credit courses.  
CRIMINAL JUSTICE

CJ 098  
Topics Course  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Varies with topic.
**CJ 101 (C-ID AJ 110)**  
**Introduction to Criminal Justice**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces that have shaped those principles and approaches. Although justice structure and process are examined on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies.

**CSU/UC**

**CJ 101H (C-ID AJ 110)**  
**Honors Introduction to Criminal Justice**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Honors-level enriched content regarding the complexities of the criminal justice system. Increased focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines and appraises the evolution of the principles and approaches utilized by the justice system and the evolving forces that have shaped those principles and approaches. Although justice structure and process are examined in a cross cultural context, increased emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students will also examine the origins and development of criminal law, legal process, and sentencing and incarceration policies.

**CSU/UC**

**CJ 102 (C-ID AJ 200)**  
**Introduction to Corrections**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
An introductory course in corrections in the criminal justice system. Emphasis on history, types, analysis, alternatives, and impacts of punishment. Critical examination of types of correctional institutions and persons housed in them, and examination of current issues and challenges in the corrections field.

**CSU**

**CJ 103 (C-ID AJ 120)**  
**Concepts of Criminal Law**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Analysis of criminal liability and the classification of crimes against persons, property, morals, and public welfare. Special emphasis is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. Limited discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes.

**CSU/UC**

**CJ 103H (C-ID AJ 120)**  
**Honors Concepts of Criminal Law**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Honors-level enriched content regarding criminal law. Presents analysis of criminal liability and the classification of crimes against persons, property, morals, and public welfare. Increased emphasis and appraisal is placed on the classification of crime, the general elements of crime, the definitions of common and statutory law, and the nature of acceptable evidence. Expanded discussion of prosecution and defense decision making, criminal culpability, and defenses to crimes.

**CSU/UC**

**CJ 104**  
**Prison Experience**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Full background check required  
A practical and in-depth study of adult corrections in the United States. This class includes field trips to jails and prisons in the surrounding area, with follow-up analysis, discussion, and written assignments. Full background check required for access to facilities.

**CSU**

**CJ 105 (C-ID AJ 124)**  
**Legal Aspects of Evidence**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
This course examines categories of evidence and legal rules governing its admission and exclusion in the criminal process.

**CSU**

**CJ 106**  
**Coroner Death Investigations**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
The investigation of homicides, suicides, accidents, and natural deaths. Emphasis on evidence collection and identification of cause of death. Topics include violent crime wounds, fire and electrical wounds, traffic collision fatalities, buried bodies, skeletal remains, and autopsy protocols.

**CSU**

**CJ 107 (C-ID AJ 122)**  
**Principles and Procedures in the Criminal Justice System**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
An examination and analysis of due process in criminal proceedings from pre-arrest through trial and appeal, utilizing statutory law and state and constitutional law precedents. Same as Paralegal 107.

**CSU**

**CJ 108 (C-ID AJ 150)**  
**Crime Scene Investigation**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
An introduction to the role of forensics in criminal investigations. An examination of the methods utilized in the forensic analysis of crime scenes, pattern evidence, instruments, firearms, questioned documents, and controlled substances.

**CSU**
CJ 109 (C-ID AJ 160)
Community Interaction
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict, with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics may include the consensus and conflicting values in culture, religion, and law.

CSU

CJ 109H (C-ID AJ 160)
Honors Community Interaction
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Honors-level enriched content regarding community interaction. This course examines and evaluates the complex, dynamic relationship between communities and the justice system in addressing crime and conflict, with an increased emphasis on the challenges and prospects of administering justice within a diverse multicultural population. Topics will include the consensus and conflicting values in culture, religion, and law.

CSU/UC

CJ 110
Street Gangs
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An examination of street gangs in the United States, with emphasis on California and the local area. Topics include ethnic gangs, taggers, hate groups, and prison gangs, and current efforts to suppress their criminal activities, via enforcement, rehabilitation, and prevention.

CSU

CJ 120
Cooperative Work Experience - Occupational
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253. Background check may be required by the agency where students are completing the Work Experience hours.

Pass/No Pass Only

CSU

CJ 148
Report Writing for Criminal Justice Personnel
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion of English 061X with a C or better.
To develop practical, precise report writing techniques as well as general writing skills applicable to law enforcement and corrections.

CSU

CJ 198
Topic Course
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Varies with course.

CSU

CJ 205 (C-ID AJ 140)
Criminal Investigation Principles
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Techniques, procedures, and ethical issues in the investigation of crime. Emphasis upon organization of the investigative process, crime scene searches, interviewing and interrogating, surveillance, sources of information, utility of evidence, scientific analysis of evidence, and the role of the investigator in the trial process.

CSU

CJ 209
Organized Crime
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
In-depth study of the development and methodology of international organized crime. Host countries and areas include: Italy, Sicily, Japan, China, Colombia, Mexico, Russia, Haiti, Cayman Islands, and Caribbean. Emphasis on economic and societal impacts on the United States.

CSU

CJ 210
Drug Abuse and Criminal Justice
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Study of the recognition, identification, and effects of illegal drugs: opiates, marijuana, hallucinogens, depressants, and stimulants. Emphasis will also be placed on investigation techniques, use of informants, search warrants, and treatment.

CSU

CJ 220 (C-ID AJ 220)
Juvenile Delinquency and Control
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An examination of the origin, development, and organization of the juvenile justice system. Explores the theories that focus on juvenile law, courts, and processes, and the constitutional protections extended to juveniles within the US justice system.

CSU

CRIMINAL JUSTICE ACADEMIES

CJA 006B
Arrest and Control Training/ACT
Unit(s): 0.1-0.5  Class Hours: 1.0-3.0 Lecture, 3.0-21.0 Lab total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in CJA 099A, or CJA 099D; or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Ability to legally possess a baton and firearm in the State of California. Obtaining a medical clearance and medical insurance prior to attending is strongly recommended. Ability to participate in strenuous activities such as kneeling, lying in prone position while handcuffed, handcuffing other persons, use of impact weapons, and physically controlling non-compliant or combative persons. Students will be exposed to tear gas and pepper spray.
This course builds upon the student’s existing skills and knowledge in the legal, safe, and proper application of arrest and control techniques in the law enforcement environment. Instruction includes safe and proper use of ground fighting techniques, use of chemical weapons, use of non-lethal weapons, use of carotid control technique, and current case law.

Pass/No Pass Only
Gangs, Cults and Hate Crimes
Unit(s): 0.2-1.0  Class Hours: 4.0-10.0 Lecture, 0.0-30.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

This course covers gangs, cults and hate crimes: ethnic gangs, organized crime, current gang trends, gangs and drugs, and drug cartels. Course information is POST and/or STC approved.

Gangs, Cults, Subcultures, and Hate Crimes
Unit(s): 0.2-0.5  Class Hours: 4.0-10.0 Lecture, 0.0-14.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

Course is designed to provide peace officers with current instruction on gangs, cults, subcultures, and hate crimes. Course content includes current trends, recent changes in laws, and strategies to address associated criminal activity.

Corrections Supplemental Core Course
Unit(s): 5.0  Class Hours: 90.0 Lecture, 14.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

Course is designed for the corrections officer who has completed the Commission on Peace Officers Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee of equivalency.

This course is designed to cover all aspects of illegal drug enforcement, including legal updates, search and seize updates, investigative techniques, and other topics related to the enforcement of controlled substance statutes.

Drug Trends, Identification, Packaging, and Symptomology
Unit(s): 0.2  Class Hours: 3.0 Lecture, 5.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

This course is designed to provide law enforcement professionals with the knowledge to identify and safely handle controlled substances. Report writing, evidence collection, and presumptive testing will be discussed.

Narcotics Investigation
Unit(s): 3.0  Class Hours: 39.0 Lecture, 41.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

This course is designed to provide sworn law enforcement officers assigned to investigate narcotic violations. The course prepares the student to identify, arrest, and successfully prosecute narcotic violators.

Pre-Employment Preparation for Law Enforcement
Unit(s): 1.5  Class Hours: 18.0 Lecture, 30.0 Lab total.

This course is designed to prepare students to successfully complete a law enforcement pre-employment application and testing procedures.

Supervision and Leadership
Unit(s): 0.3-1.0  Class Hours: 5.0-8.0 Lecture, 3.0-32.0 Lab total.

Course is designed to enhance the professional knowledge of law enforcement supervisors in specified groupings of leadership, supervision skills, legal issues, and handling of workplace investigations, in accordance with POST and STC Standards.

Explorers Training Academy
Unit(s): 0.5-2.5  Class Hours: 6.0-16.0 Lecture, 34.0-92.0 Lab total.

Prerequisite: Students sponsored by law enforcement agencies must meet agency Explorer Post application guidelines. Self-sponsored student applications will be evaluated and screened by the Associate Dean of the Criminal Justice Academies to ensure students meet the requirements related to health and parental approval.

This course will prepare Law Enforcement Explorers for volunteer work at law enforcement agencies.
CJA 011
Field Training Officer
Unit(s): 1.5  Class Hours: 21.0 Lecture, 19.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
This course is designed for sworn law enforcement officers assigned to supervise and train new officers. This course meets the requirements for field training officers as defined in POST Regulation 1004.

CJA 012
Basic Homicide Investigation
Unit(s): 1.5  Class Hours: 25.0 Lecture, 11.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
This course is certified by California Peace Officer Standards and Training (POST) and meets the requirements for basic homicide investigations for California peace officers. The course is presented in cooperation with the Orange County Sheriff's Department.

CJA 014
Immigration and Customs Enforcement Correctional Training
Unit(s): 0.2-0.5  Class Hours: 4.0-8.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 008B, or CJA 069B
This course is intended for correctional officers working in correctional institutions that are responsible for housing ICE detainees.

CJA 015
Patrol School
Unit(s): 2.5  Class Hours: 23.0 Lecture, 57.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
This course is designed for sworn law enforcement personnel who have completed a basic police academy program and are preparing themselves for an assignment as a field patrol officer. Students will build upon the knowledge they obtained in formal training and from previous law enforcement assignments and apply it to the course content in this course.

CJA 015A
Sergeants Patrol Transition Course
Unit(s): 1.0  Class Hours: 5.0 Lecture, 35.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
Course is designed to prepare a police supervisor to transition to a patrol assignment.

CJA 016
Vehicle Theft for Patrol and Traffic Officers
Unit(s): 0.4  Class Hours: 2.0 Lecture, 14.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
This course is certified by California Peace Officer Standards and Training (POST) and meets the requirements for advanced officer training in auto theft for patrol and traffic officers. Prior to taking this course students should have formal training and a working knowledge of patrol operations and criminal investigations. The course is presented in cooperation with the Orange County Sheriff's Department.

CJA 021
P.C. 832, Laws of Arrest
Unit(s): 1.5  Class Hours: 27.0 Lecture, 13.0 Lab total.
This course of instruction will provide the student with a basic knowledge of law enforcement. The course will cover history of law enforcement, arrest, and search and seizure laws. This course is Peace Officer Standard Training (P.O.S.T.) certified.
Pass/No Pass Only

CJA 021A
PC 832 Firearms
Unit(s): 0.5  Class Hours: 1.0 Lecture, 23.0 Lab total.
Prerequisite: Students must pass DOJ Livescan and application screening by the Orange County Sheriff’s Department Training Division.
This course of instruction will provide the student with a basic knowledge of firearms, as well as related safety and liability issues. The course is P.O.S.T. certified and presented in cooperation with the Orange County Sheriff.
Pass/No Pass Only

CJA 026A
Training Academy Preparation
Unit(s): 0.2  Class Hours: 16.0 Lab total.
This course is designed to prepare the student for the Basic Law Enforcement Academy (OCSA). It will include drill, ceremony, physical training, reporting, and speeches.
Pass/No Pass Only

CJA 029B
Bomb Technician Introduction
Unit(s): 1.5  Class Hours: 30.0 Lecture, 10.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A, or CJA 099D; or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Student must possess, at minimum, a currently valid U.S. government secret clearance that authorizes them to attend this course. Student must be approved by FBI to attend this course. Student must meet FBI bomb technician requirements described in the National Guidelines for Bomb Technicians, as published by the FBI and National Bomb Squad Commanders’ Advisory Board.
This course is designed for newly assigned bomb technicians. Topics include introduction to explosives, basic electricity, render-safe procedures, bomb threats, threat assessment, and post blast investigations.
Pass/No Pass Only

CJA 029C
Active Bomber Course
Unit(s): 0.5  Class Hours: 2.0 Lecture, 22.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A, or CJA 099D; or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
This course helps prepare law enforcement first responders for an active bombing incident. Topics include threat evaluation, possible deployment of lethal force, decision making, tactics, and scenarios.
Pass/No Pass Only

06.26.2021
CJA 029D
Homemade Explosive Course
Unit(s): 0.2  Class Hours: 4.0 Lecture, 4.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A, or CJA 099D; or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course is designed to educate first responders on the dangers of homemade explosive devices and how to recognize bomb-making components and materials.
Pass/No Pass Only

CJA 029E
Explosive Recognition and Response
Unit(s): 0.1  Class Hours: 2.0 Lecture, 2.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A, or CJA 099D; or Commission on Peace Officer Standards and Training (POST) certified basic law enforcement academy, or equivalent as determined by the Assistant Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course is designed to teach students how to recognize the various components of explosions, as well as recognize booby traps designed to harm first responders.
Pass/No Pass Only

CJA 034B
Brady for Law Enforcement
Unit(s): 0.1  Class Hours: 2.0 Lecture, 2.0 Lab total.
Course is designed to provide law enforcement personnel with instruction on the Brady Rule.

CJA 034C
Law Enforcement Update
Unit(s): 0.2-0.5  Class Hours: 4.0-8.0 Lecture, 0.0-20.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course is designed to provide both sworn and non-sworn law enforcement personnel with training that is mandated for their continued professional certification and employment. All instruction is either POST or STC certified.

CJA 034D
Courthouse Operations
Unit(s): 0.3  Class Hours: 4.0 Lecture, 4.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

This course is designed to prepare a peace officer to work within the court system and a courthouse environment. Instruction includes the importance of ethical conduct, professionalism, preparation, and accurate witness testimony.

Pass/No Pass Only

CJA 034E
Continued Professional Training for Peace Officers
Unit(s): 0.2-3.0  Class Hours: 4.0-40.0 Lecture, 4.0-40.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

This course updates and advances the student’s existing knowledge and skill set associated with peace keeping and law enforcement. Instruction in evolving issues include the safe handling of firearms, tactical shooting and movement, ground fighting, chemical weapons, government codes, penal codes, vehicle codes, health and safety codes, welfare and institution codes, and interpersonal and tactical communication, and may include additional topics determined by legislature or regional needs.
Pass/No Pass Only

CJA 035
Continued Professional Development Training for Civilians
Unit(s): 0.1-0.2  Class Hours: 1.0-4.0 Lecture, 3.0-4.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.

This course updates the student’s knowledge and skill set associated with providing support functions in a law enforcement agency. Instruction in current topics includes such topics as: ethics and professionalism, safety practices, drug symptomology, first aid & CPR, health and wellness, emergency response, interpersonal communication, sexual harassment, and promotion/leadership preparation. It may include additional subjects as determined by county council mandate or regional need.
Pass/No Pass Only

CJA 038A
Tactical/Weapons Training
Unit(s): 0.1-0.5  Class Hours: 0.0-4.0 Lecture, 4.0-36.0 Lab total.
Prerequisite: CJA 099A or its equivalent and eligible to receive peace officer training as defined in California Government Code Section 1031

This course provides students with weapons and law enforcement tactical training to include range qualifications, nomenclature, positioning, trigger pull, and tactics planning. POST required training.
Pass/No Pass Only

CJA 038B
Basic SWAT Course
Unit(s): 2.0  Class Hours: 16.0 Lecture, 64.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; and, Ability to lawfully possess fully automatic firearms, explosive ordinance, and a baton in the State of California.

Recommended Preparation: Obtaining a medical clearance and medical insurance prior to attending is highly recommended. Students may be exposed to tear gas and/or pepper spray. Students should have the ability to participate in strenuous activities such as kneeling, lying in a prone position while handcuffed, handcuffing other persons, use of impact weapons, and physically controlling non-compliant or combative persons. Students may be exposed to tear gas and/or pepper spray.

A Peace Officer Standards and Training certified course to train peace officers to become a member of a Special Weapons and Tactics team.

CJA 038C
Firearms-Sighting Systems
Unit(s): 0.1  Class Hours: 1.0 Lecture, 3.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

To inform students of the advantages and disadvantages and training considerations related to using a Miniaturized Red Dot Sight on a handgun.
Pass/No Pass Only
CJA 038D
Weapon Mounted Light Transition Course
Unit(s): 0.1 Class Hours: 1.0 Lecture, 3.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
A Peace Officer Standards and Training course to train peace officers in the use of a weapon mounted light system.
Pass/No Pass Only

CJA 039A
First Aid/CPR Refresher
Unit(s): 0.1 Class Hours: 1.0 Lecture, 7.0 Lab total.
Prerequisite: CJA099A, or CJA055B, or CJA055D, or CJA069B, or their equivalent with a grade of Pass
Course is designed to refresh first aid and CPR training.

CJA 039B
First Aid Refresher
Unit(s): 0.1 Class Hours: 1.0 Lecture, 3.0 Lab total.
Course is designed to refresh first aid instruction for sworn and civilian law enforcement personnel.

CJA 039C
Emotional Wellness for Law Enforcement
Unit(s): 0.1 Class Hours: 1.0 Lecture, 3.0 Lab total.
Course is designed to help law enforcement personnel understand the impact and trauma of stress and the methodologies used to cope with various situations.

CJA 040A
Basic Peer Support Training
Unit(s): 0.4 Class Hours: 2.5 Lecture, 13.5 Lab total.
This course is designed to prepare members of a support team to respond and effectively support the psychological recovery and resilience of law enforcement personnel following a large scale critical incident.

CJA 040B
Post Critical Incident Response for Peer Support
Unit(s): 0.2 Class Hours: 2.0 Lecture, 6.0 Lab total.
This course is designed to provide members of a Peer Support Team with advanced knowledge and techniques to support the psychological recovery and resilience of law enforcement personnel following a large scale critical incident.

CJA 042A
Crisis Intervention Training I
Unit(s): 0.5 Class Hours: 10.0 Lecture, 6.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
Student will receive specialty instruction in crisis intervention training for experienced peace officers. This course is offered in partnership with the Orange County Sheriff's Department.
Pass/No Pass Only

CJA 042B
Crisis Intervention Training II
Unit(s): 0.3 Class Hours: 3.0 Lecture, 5.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
Student will receive intermediate instruction in crisis intervention training for experienced peace officers. This course is offered in partnership with the Orange County Sheriff's Department.
Pass/No Pass Only

CJA 042C
Crisis Intervention Training III
Unit(s): 0.5 Class Hours: 8.0 Lecture, 8.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
Student will receive advanced instruction in crisis intervention training for experienced peace officers. This course is offered in partnership with the Orange County Sheriff's Department.
Pass/No Pass Only

CJA 042D
Crisis Intervention Training for Dispatchers
Unit(s): 0.5 Class Hours: 10.0 Lecture, 6.0 Lab total.
Prerequisite: Commission on Peace Officers' Standards and Training (POST) Public Safety Dispatcher Certificate and/or completion of POST Dispatcher Basic Course or equivalent as determined by the Associate Dean of Criminal Justice Academies.
Student will receive instruction in crisis intervention training techniques designed for dispatchers. This course is offered in partnership with the Orange County Sheriff's Department.
Pass/No Pass Only

CJA 050
Introduction to Drone Laws
Unit(s): 0.5 Class Hours: 9.0 Lecture total.
An introduction to drone laws for first responder, public safety, commercial and recreational drone users. Topics include the application of federal, state and local laws, third party liability issues, and basics of public safety drone law issues.
Pass/No Pass Only

CJA 050A
Building a Public Safety Drone Program
Unit(s): 1.5 Class Hours: 32.0 Lecture, 8.0 Lab total.
This course is designed to equip law enforcement personnel with the knowledge and skills to safely and lawfully develop an unmanned aerial systems public safety program. Topics include laws and regulations under the FAA Part 107; development of a policy and procedures manual; platform selection and equipment needs, and public safety mission sets. This course will include hands-on flight training and the understanding of various unmanned aerial systems available to public safety.

CJA 050B
Drones for First Responders
Unit(s): 1.0 Class Hours: 18.0 Lecture, 6.0 Lab total.
This course will give students the knowledge and skills to effectively conduct public safety drone missions for first responders including law enforcement, private security, fire service, marine safety, and other public agencies. Specific missions, equipment, and software programs will be introduced. Students will participate in hands on scenarios based on public safety drone missions.
Pass/No Pass Only

CJA 055A
Driver Training/Force Option II
Unit(s): 0.1 Class Hours: 1.0 Lecture, 3.0-6.0 Lab total.
Prerequisite: CJA 099A or its equivalent and eligible to receive peace officer training as defined in Government Code Section 1031
Course is designed to update student's skills in the area of emergency driving and use of force.
Pass/No Pass Only
CJA 055B
Correctional Services Assistant Academy
Unit(s): 8.0-8.5 Class Hours: 30.0 Lecture, 330.0-370.0 Lab total.
Prerequisite: Students will need to successfully complete agency written test, oral screening, physical agility test, background investigation, medical, and psychological testing. This course is designed to train new civilian employees in aspects of working in a criminal justice custody environment in a California jail.

CJA 055D
Sheriff Special Officer Academy
Unit(s): 8.5-9.0 Class Hours: 15.0 Lecture, 385.0-401.0 Lab total.
Prerequisite: Students will need to successfully complete agency written test, oral screening, physical agility test, background investigation, medical and psychological testing; In coordination with California POST, this course provides training and certification for new sheriff special officers.

CJA 055E
Sheriff Special Officer Transition Course
Unit(s): 2.5-3.0 Class Hours: 14.0 Lecture, 106.0-146.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 055B
This course is designed to provide students with the P.O.S.T. certified training required to transition from the Custody Service Assistant position to the Sheriff Special Officer position.

CJA 059
Law Enforcement Supervisory Course
Unit(s): 3.0 Class Hours: 48.0 Lecture, 32.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; or POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. CA POST approved course for law enforcement personnel newly appointed to a first-level supervisory position. Topics focus on understanding the roles of law enforcement personnel and providing appropriate training and supervision in critical field situations.
Pass/No Pass Only

CJA 060
Basic Police Motorcycle Operator Course
Unit(s): 1.5 Class Hours: 9.5 Lecture, 70.5 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
This course provides the knowledge, skills and proficiency needed to safely operate a police motorcycle during the performance of enforcement duties. The intention of the course is to produce a safe and confident rider for all law enforcement motorcycle duties.
Pass/No Pass Only

CJA 060A
Motorcycle Instructor Training Course
Unit(s): 1.5 Class Hours: 7.5 Lecture, 72.5 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 060
This course is designed to provide experienced motorcycle officers with the knowledge, skill, and proficiency to instruct new motorcycle enforcement officers with the skills and safe practices required to operate a police or Sheriff's Department motorcycle.
Pass/No Pass Only

CJA 060B
Motorcycle Enforcement Update Course
Unit(s): 0.2 Class Hours: 1.0 Lecture, 9.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 060
The course is designed to provide experienced motorcycle officers and deputies with the opportunity to maintain their knowledge, skills, and proficiency while operating their police motorcycle.
Pass/No Pass Only

CJA 066
Basic Course Requalification
Unit(s): 5.0-6.5 Class Hours: 74.0-94.0 Lecture, 70.0-90.0 Lab total.
Prerequisite: Students must have successfully completed CJA 99A Basic Academy, or CJA 099D Modular 1 Academy, or the equivalent of either course as determined by the Associate Dean of Criminal Justice. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Students must be free of felony convictions, possess a valid Driver's License, undergo a fingerprint and criminal history check, and obtain clearance from a licensed physician indicating capacity to participate in intensive physical activity. Students must furnish all of their own equipment, including ammunition and firearm. This course is designed to meet state requirements for persons qualifying under POST regulation 1008. Students must be physically able to participate in all classroom activities and strenuous activities, including kneeling, lying in prone position while handcuffed, handcuffing other persons, use of impact weapons, handcuffing, restraint devices, control holds, takedowns, firearm retention, firearm takeaways and physically controlling non-compliant, resisting, and combative persons.
This course is certified by the California Commission on Peace Officers Standards and Training (POST) and re-certifies students who graduated from a basic academy more than three years ago. This course also re-certifies students who have been employed as a peace officer, who are returning after a break in service of more than three years.
Pass/No Pass Only

CJA 068B
Police Report Writing
Unit(s): 0.2-0.5 Class Hours: 1.0-2.0 Lecture, 7.0-22.0 Lab total.
To develop practical, precise report writing techniques as well as general writing skills applicable to law enforcement.

CJA 068C
Traffic Collision Investigation
Unit(s): 0.5 Class Hours: 3.0 Lecture, 37.0 Lab total.
This course is designed to provide the student with the knowledge and ability to investigate traffic collisions. Prior to attending the course students should be familiar with the basic skills provided in Learning Domain #29 (Traffic Collision Investigation) from the POST basic police academy.

CJA 068D
Cybercrime Investigations for First Responders
Unit(s): 0.1 Class Hours: 8.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
Course is designed to provide law enforcement first responder with the knowledge and ability to respond to a cybercrime incident. Students will learn their role as a first responder, how cybercrimes are committed, identify persons to be interviewed, and how to gather and protect cybercrime evidence. This course is POST certified.
CJA 068E
Criminal Investigations
Unit(s): 0.2-1.0  Class Hours: 4.0 Lecture, 0.0-36.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; or, Ability to lawfully possess a firearm and baton in the State of California.

Recommended Preparation: Obtaining a medical clearance and medical insurance prior to attending is highly recommended. Students may be exposed to tear gas and/or pepper spray. Students should have the ability to participate in strenuous activities such as kneeling, lying in a prone position while handcuffed, handcuffing other persons, use of impact weapons, and physically controlling non-compliant or combative persons.

This course is designed to provide students with state certified instruction in conducting criminal investigations.

CJA 069A
Continuing Professional Training for Corrections
Unit(s): 0.2-0.5  Class Hours: 4.0 Lecture, 0.0-20.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A, or CJA 055B, or CJA 055D, or CJA 069B; or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Medical Clearance from a licensed physician indicating capacity to participate in intensive physical activity.

Course covers all aspects of correctional officers training as required by the State of California (STC): Policies, legal update, case law, communication skills, transportation, arrest and control and weapons training.

Pass/No Pass Only

CJA 069B
Corrections Officer CORE Course Enforcement
Unit(s): 7.5-8.0  Class Hours: 110.0-120.0 Lecture, 90.0-96.0 Lab total.

This course is certified with Standards & Training for Corrections (STC) and meets the requirements for Basic Corrections Officer Core Course. Course is presented in cooperation with the Orange County Sheriff's Department. A medical clearance from a licensed physician indicating capacity to participate in intensive physical activity is required.

Pass/No Pass Only

CJA 069C
Prison Rape Elimination Act Training
Unit(s): 0.1  Class Hours: 2.0 Lecture, 2.0 Lab total.

Course is designed to provide employees assigned to work in a custody facility with the information they need to comply with the Prison Rape Elimination Act (PREA).

CJA 069D
Jail Security for Professional Staff
Unit(s): 0.2  Class Hours: 3.0 Lecture, 5.0 Lab total.

Course is designed to provide non-sworn law enforcement personnel with basic skills to operate in and around a custody facility.

CJA 069E
Self-Defense Strategies
Unit(s): 0.1  Class Hours: 8.0 Lab total.

Prerequisite: Ability to legally possess a baton in the State of California. Obtain a medical clearance and medical insurance prior to attending is highly recommended. Ability to participate in strenuous activities such as kneeling, lying in prone position while handcuffed, handcuffing other persons, use of impact weapons, and physically controlling non-compliant or combative persons. Student will be exposed to tear gas and pepper spray.

Course is designed to provide law enforcement personnel with strategies to escape physical attack while working in and around a custody facility.

CJA 076A
Police K-9 Training
Unit(s): 4.0-14.0  Class Hours: 8.0-20.0 Lecture, 192.0-700.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A

Intensive training for law enforcement personnel in the handling, deployment, and care of a police service dog. Training is required for assignment as a canine officer. Curriculum includes basic handler, narcotics, and explosives instruction.

CJA 076B
Canine Agitator Training
Unit(s): 0.3-1.5  Class Hours: 2.0-8.0 Lecture, 14.0-72.0 Lab total.

Course is designed to provide students with instruction required to serve as an agitator in a police dog and/or sport dog training environment under the direct supervision of a canine training instructor.

CJA 083B
Arrest and Control Techniques (ACT) Instructor Training
Unit(s): 1.5  Class Hours: 9.0 Lecture, 61.0-71.0 Lab total.

Prerequisite: Criminal Justice Academies (CJA) 055B, 055D, 069B, 099A, or their equivalent with a grade of Pass.

Course designed to prepare instructors and develop teaching skills focusing on arrest and control technique expertise, application, and assessment in a law enforcement instructional environment.

Pass/No Pass Only

CJA 083C
First Aid/ Cardio-Pulmonary Resuscitation (CPR) Instructor Training
Unit(s): 0.5  Class Hours: 1.0-2.0 Lecture, 22.0-38.0 Lab total.

This course prepares instructors and develops their teaching skills by focusing on the assessment and treatment of medical emergencies in a law enforcement instructional environment.

Pass/No Pass Only

CJA 083D
Physical Training Instructor Course
Unit(s): 1.0  Class Hours: 17.0 Lecture, 21.0 Lab total.

This course is designed to prepare instructors focusing on physical training expertise, application, and assessment in a law enforcement instructional environment.

Pass/No Pass Only
CJA 088
Campus Law Enforcement Update
Unit(s): 2.0  Class Hours: 32.0 Lecture, 8.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A; or, POST certified basic law enforcement academy or equivalent as determined by the Associate Dean of Criminal Justice Academies and consistent with POST and/or STC accreditation standards. Fundamental terms, concepts, laws and procedures basic to California law enforcement will not be taught or explained. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency.
This course is designed to expand the knowledge of peace officers working a campus environment. The course will include a history of campus law enforcement, legal authority, laws and liability, responsibility in learning environment, campus conduct, emergency response tactics, and the discipline process as it relates to students.

CJA 090
Academy Tactical Officer Training
Unit(s): 0.5  Class Hours: 2.0 Lecture, 38.0 Lab total.
Prerequisite: CJA 099A or its equivalent and eligible to receive peace officer training as defined in Government Code Section 1031
This course is designed to prepare students to serve as tactical officers in a California Peace Officers Standards and Training (CA POST) accredited police academy training environment.
Pass/No Pass Only

CJA 098 036B
Mobile Field Force Instructor Course
Unit(s): 1.0  Class Hours: 12.0 Lecture, 28.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099A
This course is designed to develop teaching skills to instructors focusing on law enforcement crowd management, control, and intervention tactics.
Pass/No Pass Only

CJA 098-00
Topic Course
Unit(s): 0.1-2.0  Class Hours: 0.0-40.0 Lecture, 0.0-40.0 Lab total.
Varies with topic.

CJA 099
OCSD Basic Pre-Academy
Unit(s): 2.5  Class Hours: 12.5 Lecture, 107.5 Lab total.
Prerequisite: Students sponsored by California law enforcement agencies must successfully complete required college screening procedures including interview, medical evaluation, and DOJ Livescan. Self-sponsored students must meet all prerequisites before entering the course, and will be responsible for providing their required uniforms and equipment. Students must sign information sharing, student testing, and weapons handling agreements before entering the course. Violations of these agreements may result in immediate removal from the course.
The course is designed to familiarize students with the duties and responsibilities associated with attending a basic police academy. Course instruction will include Drill and Ceremony, Introduction to Report Writing, Academy Protocol, Physical Training, and Program Overview.

CJA 099A
Basic Police Academy
Unit(s): 29.5-31.5 Class Hours: 311.0-321.0 Lecture, 673.0-739.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in Students sponsored by California law enforcement agencies must meet P.O.S.T. hiring requirements.
Self-sponsored students must successfully complete CJA 010, CJA 026A, CJA 099 and required college screening procedures including interview, written test, medical evaluation, psychological evaluation, and DOJ Livescan. Self-sponsored students’ applications will be evaluated and screened by Criminal Justice Academies Director and Academy Fitness Instructor to assure students are sufficiently prepared. Self-sponsored students must meet all required prerequisites before entering or continuing the course., CJA 010, CJA 026A, CJA 099
Student will receive instruction in all areas of criminal justice, as required by California Peace Officers Standards and Training (CA POST), for entry-level law enforcement officers. This course is offered in partnership with the Orange County Sheriff's Department.

CJA 099B
Level 3 Modular Police Academy
Unit(s): 5.5-6.0  Class Hours: 71.5 Lecture, 96.5-112.5 Lab total.
Prerequisite: Students sponsored by California law enforcement agencies must meet Peace Officers Standards and Training (POST) hiring requirements. Self-sponsored students must successfully complete required college screening procedures including interview, written test, medical evaluation, and DOJ Livescan. Self-sponsored students must meet all prerequisites before entering the course, and will be responsible for providing their own required uniforms, equipment, and ammunition. All students must sign conduct, information sharing, student testing, and weapons handling agreements before entering the course. Violations of these agreements may result in immediate removal from the course.
The first module of the California Peace Officer Standards and Training (CA POST) Certified Modular Police Academy Program.
Pass/No Pass Only

CJA 099C
Level 2 Modular Police Academy
Unit(s): 6.0-6.5  Class Hours: 61.5 Lecture, 150.5-166.5 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CJA 099B; or Commission on Peace Officers’ Standards and Training (POST) Certified Module 3 Police Academy Program or equivalent as determined by the Associate Dean of Criminal Justice Academies. NOTE: Approval of equivalent training is not a guarantee state regulatory or licensing agencies will also grant equivalency. Students sponsored by California law enforcement agencies must meet the POST hiring requirements. Self-sponsored recruits must successfully complete the required college screening procedures including interview, medical evaluation, and DOJ Livescan. Self-sponsored students must meet all prerequisites before entering the course, and will be responsible for providing their own required uniforms, equipment, and ammunition. All students must sign conduct, information sharing, student testing, and weapons handling agreements before entering the course. Violations of these agreements may result in immediate removal from the course.
The second module of the California Peace Officer Standards and Training (CA POST) Modular Police Academy Program.
Pass/No Pass Only
CULINARY ARTS

CULN 100
Introduction to Culinary Arts and Hospitality
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Practices and procedures for individuals interested in a career in the Culinary Arts and Hospitality or allied fields. Includes field trips to industry sites and interaction with professionals in the field.

CULN 101 (C-ID HOSP 100)
Introduction to Hospitality Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Overview of the Hospitality industry's structure and financial performances: food and lodging, resorts, tourism enterprises, attractions, and related operations. Focus on orientation to customer service, cultural/economic trends, and career opportunities. Same as Management 130.

CULN 110 (C-ID HOSP 110)
Food Safety and Sanitation
Formerly: Food Sanitation and Safety
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Sanitation practices affecting individual operations. Prevention and control of foodborne illnesses through flow of food and HACCP management. Same as Nutrition 110.

CULN 120 (C-ID HOSP 160)
Introduction to Culinary Skills & Principles
Formerly: Restaurant Management and Culinary
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).

Students will explore the fundamental skills of food preparation, kitchen organization, and basic cooking techniques, emphasizing in quality and professional standards used in a modern commercial kitchen. Laboratory work will include knife skills, stocks, broths, soups, sauces, and basic cooking techniques for vegetables, starches, meat, seafood, and poultry. Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).

CULN 130
International Cuisine
Formerly: Advanced Culinary and Restaurant Management
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years)

Students will explore the study of classical and modern cooking techniques associated with the preparation and service of international and ethnic cuisines. Topics include similarities between food production systems used in the United States and other regions of the world and the influence of the countries around the world in American cuisine. Advanced knife skills, cooking techniques, mise en place, time management, organizational skills, and quality standards are emphasized.

CULN 140
Introduction to Baking & Pastry
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).

This course covers fundamental baking skills for students who intend to specialize in baking and pastry making for commercial production. Production of yeast and quick breads, cakes, cookies, pies, and pastries, as well as decorating and icings are undertaken. Gourmet baked items and pastries are produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management, and will prepare students for entry level baking position in the food industry as a baker or pastry chef.

CULN 150
Principles of Pantry
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).

Introduction to the basic skills needed for a restaurant pantry station to produce quality salads, sandwiches, and cold sauce emphasized.

CULN 160
Principles of Beverage Service
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
The course will introduce the skills needed in the Food and Beverage Management sector. This course will explore the theory and practical skills required to identify and recommend different types of alcoholic and non-alcoholic beverages served in the foodservice/hospitality industry.

CULN 190
Food & Beverage Production Management
Unit(s): 2.0  Class Hours: 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in CULN 110, or NUTR 110

The course provides students with hands-on experience and training in customer service, catering special events, dining room service, buffet presentation, food production, management, and job readiness skills.

CULN 200
Business Practices for Culinary Arts Professionals
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course offers insight into the various aspects of supervision in the hospitality industry. Supervisory roles, responsibilities, and essential managerial skills shall be discussed. The goal of the course is to equip students with the necessary authoritative and decision-making skills to be used in the workplace.
CULN 201 (C-ID HOSP 140)
Introduction to Hotel Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to the operating system and components of a hotel-resort facility, which includes: front office, housekeeping, food and beverage, sales and marketing, accounting, property maintenance, human/resource management and information systems.
CSU

CULN 202 (C-ID HOSP 120)
Hospitality Cost Control
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Analyzing and managing: food, beverage, labor, and other costs within a hospitality operation. Emphasis on problem solving, applying cost control techniques to maximize profits while managing expenses. Topics include: establishing standards, cost-volume-profit-analysis, forecasting, purchasing and storage controls, menu costing and pricing, theft prevention and labor control.
CSU

CULN 203 (C-ID HOSP 130)
Introduction to Food & Beverage Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Techniques and management procedures are explored and developed related to commercial and institutional food and beverage facilities. Topics include functions of management, marketing, menu development, effective cost controls in purchasing, labor, and service techniques. Same as Management 203.
CSU

CULN 205 (C-ID HOSP 150)
Hospitality Law
Unit(s): 3.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
The course provides students with the U.S. Legal System’s fundamental knowledge to help minimize potential liability and lawsuits in the Hospitality Industry. Same as Paralegal 205.
CSU

CULN 220
Advanced Culinary Skills & Principles
Unit(s): 3.0  Class Hours: 27.0 Lecture, 81.0 Lab total.
This course continues the education from basic cooking skills to an advanced application. Quality standards of cooking methods as they apply to the major cuts of animal protein and vegetables will be covered. Food costing, portioning, seasoning, and presentation will be demonstrated and practiced. High standards of professionalism, sanitation, and proper work habits will be emphasized.
Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).
CSU

CULN 230
Healthy American Cuisine
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
This course will be a culinary tour of America including food identification and traditional cooking methods with a healthy alternative. This course focuses on a regional perspective of healthy American cuisine. Students will have the opportunity to produce regional specialties while researching the influence of culture. Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).
CSU

CULN 240
Vegetarian Cuisine
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
This course develops an understanding of the basic principles and techniques of vegetarian (lacto, ovo-lacto, vegan, and raw foods) food preparation. Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).
CSU

CULN 250
Modern Food: Style, Design, Theory And Production
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Study and practice of modern food preparation and design. Different styles of cuisine will include: Fusion, Californian, Pacific-Rim, Tex-Mex, and Nouvelle. Modern trends and corresponding plate design theories will be demonstrated and practiced. Students participating in the Culinary Arts cooking courses MUST provide proof of negative TB skin test (or normal chest x-ray within the past 4 years).
CSU

CULN 299
Cooperative Work Experience Education
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.
Prerequisite: Six units completed in Culinary Arts or Nutrition & Food degree/certificate courses.
This work experience course of supervised employment assists students to acquire desirable work habits, attitudes and skills in culinary arts. A student can earn 1 to 4 units per semester, up to a maximum of 16 units total. Additionally, students must work 75 paid hours or 60 non-paid hours per unit earned. Student repetition is allowed per Title 5, Section 55253.
CSU

DNCE 009A
Dance Laboratory I
Unit(s): 0.5  Class Hours: 27.0 Lab total.
Prerequisite: By audition only or approval of instructor
Studio rehearsal time, emphasizing progressive development in the creation of dance concert productions, repertory performances, and/or choreographic projects. Beginning level assignments change every semester. 27 hour earns 0.5 unit. Requires audition or instructor approval prior to enrollment.
Pass/No Pass Only
A combination of DNCE 009, DNCE 009A, DNCE 009B, DNCE 009C, DNCE 009D, and DNCE 010 may be taken a maximum of four enrollments.

DNCE 009B
Dance Laboratory II
Unit(s): 0.5  Class Hours: 27.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DNCE 009A
Studio rehearsal time, emphasizing progressive development in the creation of dance concert productions, repertory performances and/or choreographic projects. Beginning-intermediate level assignments change every semester. 27 hour earns 0.5 unit. Requires audition or instructor approval prior to enrollment.
Pass/No Pass Only

</table>
DNCE 107
Dance Concert Performance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 45.0 Lab total.
Prerequisite: Audition.
Formal dance concert performance experience for dance students. Includes both rehearsal process and a minimum of three on-stage public performances.
Pass/No Pass Only
CSU/UC
A combination of DNCE 107 may be taken a maximum of four enrollments.

DNCE 108A
Introduction to Ballet
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Introduction to basic ballet emphasizing movement technique, dance vocabulary, and creative individual expression. Student learns basic ballet-barre exercises, center work, and short dance works. Includes an introduction to choreographic principles and cultural context of ballet. Prepares the student for Dance 108B.
CSU/UC
A combination of DNCE 108A, DNCE 108B, DNCE 201A, DNCE 201B, DNCE 213, and DNCE 214 may be taken a maximum of four enrollments.

DNCE 108B
Introduction to Ballet
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Continuation of instruction in basic ballet technique, dance vocabulary, and creative individual expression. Student learns ballet-barre exercises, center work, and short dance works. Includes choreographic principles and cultural context of ballet.
CSU/UC
A combination of DNCE 108A, DNCE 108B, DNCE 201A, DNCE 201B, DNCE 213, and DNCE 214 may be taken a maximum of four enrollments.

DNCE 109A
Pilates Mat I
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
An introduction to the mat exercises developed by Joseph Pilates to build strength, stability, coordination, and control in the core muscles of the body. Applicable to dance and general body conditioning.
CSU/UC
A combination of DNCE 109A and DNCE 109B and DNCE 109C may be taken a maximum of four enrollments.

DNCE 109B
Pilates Mat II
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 109A
Continued refinement of skills learned in Pilates Mat I with an emphasis on building strength, stability, coordination, and control in the core muscles of the body. Applicable to dance and general body conditioning.
CSU/UC
A combination of DNCE 109A and DNCE 109B and DNCE 109C may be taken a maximum of four enrollments.

DNCE 109C
Pilates Mat III
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 109B
Intermediate level course in the mat exercises developed by Joseph Pilates to build strength, stability, coordination, and control in the core muscles of the body. Applicable to dance and general body conditioning.
CSU/UC
A combination of DNCE 109A and DNCE 109B and DNCE 109C may be taken a maximum of four enrollments.

DNCE 110
Beginning Mexican Folk Dance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Introduces techniques, forms, and regional/historical backgrounds of dances from various regions of Mexico. Students will perform at least 3 different traditional dances.
CSU/UC
A combination of DNCE 110 and DNCE 111 and DNCE 117 may be taken a maximum of four enrollments.

DNCE 111
Intermediate Mexican Folk Dance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 110
Continued study of techniques, forms, and regional/historical backgrounds of dances from various regions of Mexico. Students will perform at least 3 different and more complex traditional dances.
CSU/UC
A combination of DNCE 110 and DNCE 111 and DNCE 117 may be taken a maximum of four enrollments.

DNCE 112
Ethnic Dance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Introduction to the dance movement and techniques of selected ethnic groups from around the world, with emphasis on skill development and cultural/historical context. Focus chosen from African dance, Asian court or folk dance, dance forms from India, European folk dance, or Polynesian dance. No experience necessary.
CSU/UC

DNCE 113A
Flamenco Dance I
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Introduction to dance movements, techniques, and terminology of Flamenco dance, music, rhythms, and song. Emphasis on dance skills and cultural relationship between Spain and the Gypsies. Prepares the student for Dance 113B.
CSU/UC
A combination of DNCE 113A and DNCE 113B may be taken a maximum of four enrollments.
DNCE 113B  
Flamenco Dance II  
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.  
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 113A  
Continued study of Flamenco culture through dance, music, and song, with emphasis on particular rhythms. Students will explore the dynamics and structure of these rhythms and learn a choreographed dance.  
CSU/UC  
A combination of DNCE 113A and DNCE 113B may be taken a maximum of four enrollments.

DNCE 117  
Introduction to Middle Eastern Dance  
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.  
Introduction to Middle Eastern Dance, including belly dance and folkdance forms. Emphasis is on movement technique, vocabulary, and creative expression. Also explores the fusion of Western and Middle Eastern dance forms. No experience necessary.  
CSU/UC  
A combination of DNCE 110 and DNCE 111 and DNCE 117 may be taken a maximum of four enrollments.

DNCE 118  
Introduction to Caribbean and Latin Dance Styles  
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.  
An introduction to Caribbean and Latin social dance styles, including musicality, partnering, and patterns. Emphasis is on movement technique, vocabulary, and creative expression. Historical and contemporary forms such as Salsa, Merengue, Rhumba, Cumbia and Tango are studied.  
CSU/UC  
A combination of DNCE 118 and DNCE 123 and DNCE 124 may be taken a maximum of four enrollments.

DNCE 119A  
Introduction to Jazz Dance  
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.  
Introduction to jazz dance technique emphasizing elementary movement technique, vocabulary, and creative expression. Includes an introduction to composition and cultural context of jazz dance. For students with little or no dance experience.  
CSU/UC  
A combination of DNCE 119A and DNCE 119B and DNCE 219A and DNCE 219B and DNCE 220 and DNCE 221 may be taken a maximum of four enrollments.

DNCE 119B  
Introduction to Jazz Dance  
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.  
A refinement of basic jazz dance, emphasizing movement technique, vocabulary, and creative expression. Includes composition, the cultural context of jazz dance, and contemporary jazz dance forms. Movement repertoire differs from 119A.  
CSU/UC  
A combination of DNCE 119A and DNCE 119B and DNCE 219A and DNCE 219B and DNCE 220 and DNCE 221 may be taken a maximum of four enrollments.
**DNCE 123**
**Introduction to Salsa Dance**
Unit(s): 1.0  
Class Hours: 9.0 Lecture, 27.0 Lab total.
An introduction to Salsa dance, including musicality, partnering, and patterns. Emphasis is on movement technique, dance vocabulary, social dance etiquette, and short compositional sequences. Historical and cultural context are studied.

CSU/UC
A combination of DNCE 118 and DNCE 123 and DNCE 124 may be taken a maximum of four enrollments.

**DNCE 124**
**Intermediate Salsa Dance**
Unit(s): 1.0  
Class Hours: 9.0 Lecture, 27.0 Lab total.
Continued study in Salsa dance, including musicality, partnering, and patterns. Emphasis is on movement technique, vocabulary, and expression. Includes more complicated movements, complex patterns, and advanced dance combinations. Introduction to Salsa recommended.

CSU/UC
A combination of DNCE 118 and DNCE 123 and DNCE 124 may be taken a maximum of four enrollments.

**DNCE 125A**
**Commercial Dance III**
Unit(s): 1.0  
Class Hours: 9.0 Lecture, 27.0 Lab total.
Instruction in commercial dance including the technical steps, styles, audition techniques, and performance skills. The course focuses on level III skill set necessary to be a successful dancer in commercial settings such as entertainment industries, cruise ships, music videos, mainstream entertainment productions, etc. Dance audition preparations and resume development are included in coursework. DNCE 125A utilizes additional dance combination work and prepares the student for DNCE 125B.

CSU
A combination of DNCE 122 may be taken a maximum of four enrollments.

**DNCE 125B**
**Commercial Dance IV**
Unit(s): 1.0  
Class Hours: 9.0 Lecture, 27.0 Lab total.
Continued instruction in commercial dance including the technical steps, styles, audition techniques, and performance skills. The course focuses on level IV skill set necessary to be a successful dancer in commercial settings such as entertainment industries, cruise ships, music videos, mainstream entertainment productions, etc. Dance audition preparations, entrepreneurial and networking skills, and resume development are included in coursework.

CSU
A combination of DNCE 122 may be taken a maximum of four enrollments.

**DNCE 130**
**Dance Improvisation**
Unit(s): 1.0  
Class Hours: 9.0 Lecture, 27.0 Lab total.
An introduction to structured dance improvisation, emphasizing movement invention, creative problem solving, group dynamics, and contact improvisation. Prior completion of dance technique course highly recommended.

CSU/UC
A combination of DNCE 130 and DNCE 202A and DNCE 202B may be taken a maximum of four enrollments.

**DNCE 140**
**Dance Repertory Workshop**
Unit(s): 1.0  
Class Hours: 9.0 Lecture, 27.0 Lab total.
Intensive course which emphasizes learning selected repertory. Students learn one or more complete choreographic works of concert quality with instruction in specific performance styles, culminating in a public performance.

CSU/UC

**DNCE 180**
**Professional Studio Practices**
Unit(s): 2.0  
Class Hours: 36.0 Lecture, 36.0 Lab total.
Learn the procedures, management, and expectations of working in private dance studios. Applicable for both the dance educator and the professional dancer.

CSU

**DNCE 201A**
**Ballet I**
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.
Beginning level ballet technique and terminology, including basic barre work, center work, and combinations en diagonale. Includes basic alignment, use of turnout, coordination, and ballet terminology. Dance 201A prepares the student for Dance 201B.

CSU/UC
A combination of DNCE 108A, DNCE 108B, DNCE 201A, DNCE 201B, DNCE 213, and DNCE 214 may be taken a maximum of four enrollments.

**DNCE 201B**
**Ballet II**
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 201A
Continuation of beginning ballet technique and terminology, including barre work, center work, and combinations en diagonale. Includes basic alignment, use of turnout, coordination, and ballet terminology for level II. Dance 201B utilizes additional combination work and prepares the student for Dance 213.

CSU/UC
A combination of DNCE 108A, DNCE 108B, DNCE 201A, DNCE 201B, DNCE 213, and DNCE 214 may be taken a maximum of four enrollments.

**DNCE 202A**
**Choreography**
Unit(s): 3.0  
Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Any course in an Intro to Dance or Beginning Level Dance Technique recommended with a minimum grade of C.
A class for the general student interested in dance that defines and explores the elements involved in creating a dance. Students will develop basic choreographic skills and apply those skills to express their ideas through dance movement. Compositions created by students will be performed in the studio. Open to non-majors.

CSU/UC
A combination of DNCE 130 and DNCE 202A and DNCE 202B may be taken a maximum of four enrollments.
DNCE 202B
Choreography for Dance Majors
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
A composition class for dance majors which defines and explores
the elements involved in creating a dance. Students will develop
choroegraphic skills emphasizing individual expression of ideas
through dance movement. Advanced level assignments of solo
and group compositions are created by dance major students and
performed in the dance studio.
CSU/UC
A combination of DNCE 130 and DNCE 202A and DNCE 202B may be
taken a maximum of four enrollments.

DNCE 204A
Dance Production I
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: By audition only.
Concert dance production experience culminating in public
performances in Phillips Hall Theatre as part of the Spring Student/
Faculty Dance Concert. Includes production basics, with an emphasis
on choreography to create original dances. By audition only prior to
enrollment.
CSU/UC
A combination of DNCE 204A and DNCE 204B and DNCE 204C and
DNCE 204D may be taken a maximum of four enrollments.

DNCE 204B
Dance Production II
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing
grade in DNCE 202B; or By audition only
Concert dance production experience culminating in public
performances in Phillips Hall Theatre as part of the Spring Student/
Faculty Dance Concert. Includes production basics, with an emphasis
on choreography to create original dances. By audition only prior to
enrollment.
CSU/UC
A combination of DNCE 204A and DNCE 204B and DNCE 204C and
DNCE 204D may be taken a maximum of four enrollments.

DNCE 204C
Dance Production III
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: By audition only
Continued study and refinement of concert dance production
experience culminating in public performances in Phillips Hall Theater
as part of the Spring Student/Faculty Dance Concert. Includes production elements, with an emphasis on choreography to create
original dances. By audition only prior to enrollment.
CSU/UC
A combination of DNCE 204A and DNCE 204B and DNCE 204C and
DNCE 204D may be taken a maximum of four enrollments.
DNCE 205D  
Dance Touring Ensemble IV  
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.  
Prerequisite: By audition only  
Pre-professional ensemble to provide continued performance and teaching experience in various settings such as high school lecture-presentations, dance festivals, or off-campus performance venues. Emphasis on continued experiences in rehearsal directing, co-teaching, and leadership roles for advanced students. Repertoire and casting vary each semester. Requires audition prior to enrollment.  
CSU/UC  
A combination of DNCE 205A and DNCE 205B and DNCE 205C and DNCE 205D may be taken a maximum of four enrollments.

DNCE 206A  
Modern Dance I  
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.  
A beginning level modern dance class emphasizing movement technique, dance vocabulary, and creative individual expression. Includes an introduction to choreographic principles and cultural context of modern dance. Students learn modern dance exercises and short dance combinations. Prepares the student for Dance 206B.  
CSU/UC  
A combination of DNCE 106A and DNCE 106B and DNCE 206A and DNCE 206B and DNCE 209 and DNCE 210 may be taken a maximum of four enrollments.

DNCE 206B  
Modern Dance II  
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.  
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 206A  
Continued study in modern dance emphasizing movement technique, dance vocabulary, and creative individual expression. Includes an introduction to somatic approaches to dance training to support body connectivity. Dance 206B is a continuation and refinement of learning longer dance combinations at the beginning-intermediate level.  
CSU/UC  
A combination of DNCE 106A and DNCE 106B and DNCE 206A and DNCE 206B and DNCE 209 and DNCE 210 may be taken a maximum of four enrollments.

DNCE 209  
Modern Dance III  
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.  
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 206A and DNCE 206B  
Provides the continuing modern dance student opportunity to concentrate on more advanced steps and development of technical skills and somatic approaches to dance at the intermediate level. Emphasizes combinations, choreography, and performance style. Dance 206A/B recommended.  
CSU/UC  
A combination of DNCE 106A and DNCE 106B and DNCE 206A and DNCE 206B and DNCE 209 and DNCE 210 may be taken a maximum of four enrollments.

DNCE 210  
Modern Dance IV  
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.  
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 209  
Continuing study of modern dance technique including more complicated combinations and advanced material. Emphasizes somatic approaches to dance training, performance expression, and comparison of modern dance styles. Dance 209 recommended.  
CSU/UC  
A combination of DNCE 106A and DNCE 106B and DNCE 206A and DNCE 206B and DNCE 209 and DNCE 210 may be taken a maximum of four enrollments.

DNCE 219A  
Jazz Dance I  
Unit(s): 2.0  
Class Hours: 18.0 Lecture, 54.0 Lab total.  
Beginning level 1 jazz dance emphasizing movement technique, vocabulary, and creative expression. Includes an introduction to choreographic principles and cultural context of jazz dance. Historical and contemporary forms are studied.  
CSU/UC  
A combination of DNCE 119A and DNCE 119B and DNCE 219A and DNCE 219B and DNCE 220 and DNCE 221 may be taken a maximum of four enrollments.
DNCE 219B
Jazz Dance II
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 219A
Continued study in beginning jazz dance emphasizing movement technique, vocabulary and creative expression. Includes an introduction to choreographic principles and cultural context of jazz dance. Historical and contemporary forms are studied.

CSU/UC
A combination of DNCE 119A and DNCE 119B and DNCE 219A and DNCE 219B and DNCE 220 and DNCE 221 may be taken a maximum of four enrollments.

DNCE 220
Jazz Dance III
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 219B
Instruction for the continuing jazz dance student in intermediate jazz steps and further development of technical skills. Emphasis will be placed on combinations, choreography, performance style, and cultural context of jazz. Historical and contemporary forms are studied. Dance 219B recommended.

CSU/UC
A combination of DNCE 119A and DNCE 119B and DNCE 219A and DNCE 219B and DNCE 220 and DNCE 221 may be taken a maximum of four enrollments.

DNCE 221
Jazz Dance IV
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 220
Continuing study of jazz dance concentrating on intermediate-advanced combinations with emphasis on movement technique, vocabulary, and performance style. Includes study of choreography, cultural context of jazz, and comparisons of historical and contemporary jazz styles.

CSU/UC
A combination of DNCE 119A and DNCE 119B and DNCE 219A and DNCE 219B and DNCE 220 and DNCE 221 may be taken a maximum of four enrollments.

DNCE 232
Partnering
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 201A, DNCE 206A, DNCE 219A
The study of partnering in modern, jazz, and classical ballet choreography. Includes duets, groups, and choreography involving any body contact or shifting of weight from one individual to another.

CSU/UC
DNCE 240A
Repertory I
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Prerequisite: Audition.
Students develop rehearsal and performance skills through learning a repertoire of dances. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment.

CSU/UC
DNCE 240B
Repertory II
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Prerequisite: Audition.
Continued refinement of rehearsal and performance skills through learning a more difficult repertoire of dances. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment.

CSU/UC
DNCE 240C
Repertory III
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Prerequisite: By audition only
Students learn intermediate-advanced performance skills through small group, duet and/or solo repertoire. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment.

CSU/UC
DNCE 240D
Repertory IV
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Prerequisite: By audition only
Continued study in intermediate-advanced performance skills through small group, duet and/or solo repertoire. Includes preparation for public concerts and performances at different venues. Dances vary each semester. Requires audition prior to enrollment.

CSU/UC
DNCE 250A
Hip-Hop Dance I
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Introduction to hip-hop dance emphasizing movement technique, vocabulary, and creative expression. Includes an introduction to choreographic principles, improvisation, and cultural context of hip-hop.

CSU/UC
A combination of DNCE 120A and DNCE 120B and DNCE 250A and DNCE 250B and DNCE 251 may be taken a maximum of four enrollments.

DNCE 250B
Hip-Hop Dance II
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 250A
Continued study in hip-hop dance emphasizing movement technique, vocabulary, and creative expression. Includes improvisation, more difficult combinations, student compositions, and the cultural context of hip-hop. Movement repertoire differs from 250A.

CSU/UC
A combination of DNCE 120A and DNCE 120B and DNCE 250A and DNCE 250B and DNCE 251 may be taken a maximum of four enrollments.
DNCE 251
Hip-Hop Dance III
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 250B
Instruction for the continuing dance student in intermediate level hip-hop dance technique and further development of performance skills. Emphasis will be placed on combinations, choreography, performance style, and cultural context of hip-hop. Dance 250B recommended
CSU/UC
A combination of DNCE 120A and DNCE 120B and DNCE 250A and DNCE 250B and DNCE 251 may be taken a maximum of four enrollments.

DNCE 260
Somatic Practices in Dance
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course uses the principles of Bartenieff Fundamentals to develop efficient movement patterning within the body and to encourage and support personal expression, meaning-making, and an integration of the body and mind. Includes core concepts of the Laban Movement Analysis System which embodies all movement possibilities through Body, Effort, Shape, and Space. Knowledge in Anatomy/Physiology or Kinesiology, and/or training in intermediate/advanced dance techniques are highly recommended.
CSU/UC
A combination of DNCE 260 and DNCE 261 and DNCE 262 and DNCE 263 may be taken a maximum of four enrollments.

DNCE 261
Somatic Practices in Modern Dance
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DNCE 260
Application of somatic practices learned in Dance 260 to intermediate/advanced level modern dance techniques.
Pass/No Pass Only
CSU/UC
A combination of DNCE 260 and DNCE 261 and DNCE 262 and DNCE 263 may be taken a maximum of four enrollments.

DNCE 262
Somatic Practices in Ballet
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DNCE 260
Application of somatic practices learned in Dance 260 to intermediate/advanced level ballet techniques.
Pass/No Pass Only
CSU/UC
A combination of DNCE 260 and DNCE 261 and DNCE 262 and DNCE 263 may be taken a maximum of four enrollments.

DNCE 263
Somatic Practices in Jazz Dance
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DNCE 260
Application of somatic practices learned in Dance 260 to intermediate/advanced level jazz dance techniques.
Pass/No Pass Only
CSU/UC
A combination of DNCE 260 and DNCE 261 and DNCE 262 and DNCE 263 may be taken a maximum of four enrollments.

DNCE 270
Dance Practicum
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 180
Directed study at selected locations providing workplace experience as performer, choreographer, production assistant, dance management intern, dance team assistant, dance studio assistant, dance teacher, or somatics teaching assistant. Before placement, skills are assessed to match abilities with project or job needs.
CSU/UC
A combination of DNCE 270 may be taken a maximum of four enrollments.

DNCE 290
Choreography for the Camera
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in TELV 140
Recommended Preparation: DNCE 202B
An introduction to dance for the camera, utilizing both practical and theoretical concepts of choreography and video production as it pertains to filmmaking. Through dance film analysis, studio-based exercises, viewings, and discussions, specific approaches to translating, contextualizing, framing, and structuring movement in the cinematic format will be explored. Designed for the dancer with intermediate/advanced technical training and choreographic skills.
CSU/UC

DNCE 291
Dance Film Production
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DNCE 290
A capstone course, where students build upon skills and concepts developed in previous camera, editing, cinematography, and choreography for the camera courses. Students produce and direct dance film productions.
CSU/UC

DNCE 296
Special Studies in Modern Dance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 210
An advanced level course offering individualized and accelerated instruction in modern dance techniques.
CSU/UC
A combination of DNCE 296 and DNCE 297 and DNCE 298 may be taken a maximum of four enrollments.
DNCE 297
Special Studies in Jazz Dance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 221
An advanced level course offering individualized and accelerated instruction in jazz dance techniques.

CSU/UC
A combination of DNCE 296 and DNCE 297 and DNCE 298 may be taken a maximum of four enrollments.

DNCE 298
Special Studies in Ballet Dance
Unit(s): 1.0  Class Hours: 9.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DNCE 213, DNCE 214
An advanced level course offering individualized and accelerated instruction in ballet dance techniques.

CSU/UC
A combination of DNCE 296 and DNCE 297 and DNCE 298 may be taken a maximum of four enrollments.

DNCE N09
Dance Class Laboratory
Provides dance studio rehearsal time to work out assignments from dance classes and practice for performances. Lab hours verified by sign-in. Not applicable to associate degree.

DIESEL

DSL 113
Allison Transmission Service
Unit(s): 5.0  Class Hours: 72.0 Lecture, 72.0 Lab total.
A course of study designed to familiarize the student with the operation, service, overhaul, and troubleshooting of Allison automatic transmissions. Hands-on procedures are emphasized. Students must furnish approved safety glasses.

CSU

DSL 115
Heavy Duty Mobile Hydraulics
Formerly: Introduction to Heavy Duty Mobile Hydraulics
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course presents the operation and service procedures for hydraulic devices found on heavy-duty diesel equipment and trucks. Hands-on procedures are emphasized. Student must furnish approved safety glasses.

CSU

DSL 121
Diesel Engines
Formerly: Mid-Range Diesel Engine Service
Unit(s): 4.5  Class Hours: 54.0 Lecture, 81.0 Lab total.
Service, repair, rebuilding, diagnosing, operation, function, and features of diesel engines. Hands-on procedures and safety emphasized. Student must furnish approved safety glasses. Field trips may be required.

CSU

DSL 125
Medium/Heavy Duty Diesel Engine: Top End Service
Formerly: Heavy Duty Diesel Engine: Top End Service
Unit(s): 4.0  Class Hours: 36.0 Lecture, 108.0 Lab total.
This course covers the diagnosis and service of heavy duty diesel engine top end systems. Emphasis is placed on hands-on practice of measurement, specifications, and proper procedures as required by industry.

CSU

DSL 126
Medium/Heavy Duty Diesel Engine: Bottom End Service
Formerly: Heavy Duty Diesel Engine: Bottom End Service
Unit(s): 4.0  Class Hours: 36.0 Lecture, 108.0 Lab total.
This course covers the diagnosis and service of heavy duty diesel engine bottom end systems. Emphasis is placed on hands-on practice of measurement, specifications, and proper procedures as required by industry.

CSU

DSL 131
Drive Train
Formerly: DSL 110, Medium/Heavy Duty Manual Drive Train Service
Unit(s): 4.5  Class Hours: 54.0 Lecture, 81.0 Lab total.
This course covers the drive train systems used on medium and heavy duty trucks. Primary focus includes the manual transmission, clutch, and rear axle systems. Correct service procedures and diagnosis of these systems are emphasized as required on modern medium and heavy duty vehicles. Field trips may be required.

CSU

DSL 132
Diesel Fuel Systems and Emissions
Formerly: Diesel Fuel Injection Systems Service
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Theory, testing, and service of mechanical and electronic diesel fuel injection systems. Engine diagnosis techniques on current production medium and heavy-duty diesel engines. Diesel emissions will also be covered. Hands-on procedures and safety are emphasized. Students must furnish approved safety glasses.

CSU

DSL 141
Brakes
Formerly: DSL 109, Medium/Heavy Duty Truck Brake Service
Unit(s): 4.5  Class Hours: 54.0 Lecture, 81.0 Lab total.
This course covers the air and hydraulic brake systems used on modern medium and heavy duty trucks. Emphasis is placed upon utilizing the correct service and diagnostic procedures as required by the medium/heavy duty trucking industry. Field trips may be required.

CSU

DSL 151
Suspension and Steering
Unit(s): 4.5  Class Hours: 54.0 Lecture, 81.0 Lab total.
This course covers the suspension and steering systems used on medium and heavy duty trucks. Primary focus includes frame, 5th wheel diagnosis and repair, wheel alignment, wheels, tires, hubs, and steering diagnosis. Correct service procedures and diagnosis of these systems are emphasized as required on medium and heavy duty vehicles. Field trips may be required.

CSU
DSL 161
Electrical/Electronic Systems
Formerly: DSL 140, Diesel Electrical Systems
Unit(s): 5.0  Class Hours: 63.0 Lecture, 81.0 Lab total.
Diagnosis, service, and repair procedures for starting, charging, lighting, instruments, and multiplex systems. Wiring schematics, safety, and hands-on procedures are emphasized. Students must furnish approved safety glasses.
CSU

DSL 165
Transport Refrigeration
Unit(s): 5.0  Class Hours: 72.0 Lecture, 72.0 Lab total.
Theory and operation of truck and trailer refrigeration, electrical, and microprocessor control systems used on current production Carrier and Thermo King units. Service, repair, and troubleshooting procedures used in industry will be covered. Hands-on procedures and safety are emphasized.
CSU

DSL 168
Electronics and Network Systems
Formerly: DSL 122, Electronics Fundamentals
Unit(s): 2.5  Class Hours: 27.0 Lecture, 54.0 Lab total.
Introduction to the basic operating principles of electronic devices used in modern medium and heavy duty vehicles. Network communication systems are also covered. Safe and correct use of tools and equipment by students will be emphasized. Students must furnish approved safety glasses.
CSU

DSL 171
Heating, Ventilation, and Air Conditioning
Formerly: DSL 162, Air Conditioning and Heating
Unit(s): 3.5  Class Hours: 45.0 Lecture, 54.0 Lab total.
Operation, testing, and servicing of truck cab air conditioning and heating systems as well as auxiliary power units. Safety, refrigerant recovery, special equipment, and controls will be covered. Applied air conditioning theory will also be covered. The EPA 609 certification is a segment of this course. This course helps prepare students for the T7 ASE certification exam. Field trips may be required.
CSU

DSL 181
Preventative Maintenance Inspection
Formerly: DSL 101, Truck Preventative Maintenance
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
This course provides the student with basic knowledge and skills in medium and heavy duty truck maintenance. Safety, inspections, and hands-on practice are emphasized. This course helps students prepare for the T8 ASE exam.
CSU

DSL 202
Introduction to Coach Operations
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Prerequisite: The student must furnish approved safety equipment for the first meeting of the course. This equipment includes: Approved ANSI Standard Safety Glasses, Reflective Safety Vest, and Steel-Toed Shoes.
This course provides students with an overview of the Certified Maintenance courses CERT1 through CERT10. Covers the ground rules and expectations of the program. Transit bus vehicle and shop safety training is highlighted. This safety training is required for participation in all CERT1 though CERT10 courses. Familiarizes students with the proper and safe use of hand tools and equipment. Includes an overview of the functions and procedures for preventive maintenance on current transit buses.
CSU

DSL 203
Transit Vehicle Electrical Systems
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in DSL 202
This course covers the functions and components of the electrical systems on current transit buses. Principles of electricity and safety are highlighted. An overview of troubleshooting techniques for both conventional and computer controlled buses are emphasized. This is the Certified Maintenance course CERT3.
CSU

DSL 204
Transit Vehicle Air Systems
Unit(s): 0.5  Class Hours: 12.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in DSL 202
This course provides students with functions and components of the air systems on current transit buses. Principles of air supply and safety are emphasized. An overview of troubleshooting techniques for both conventional and computer controlled buses is highlighted. This is the Certified Maintenance course CERT4.
CSU

DSL 205
Transit Vehicle Air Brake Systems
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in DSL 202
This course introduces the students to the operation of air brake systems found on current transit buses. Diagnosis, service, and repair procedures are emphasized. This is Certified Maintenance course CERT5.
CSU

DSL 206
Transit Vehicle Automatic Transmissions
Unit(s): 1.5  Class Hours: 27.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in DSL 202
This course introduces the students to the basic theory of operation of the automatic transmissions currently used on transit buses. Diagnostic and troubleshooting techniques, repair, and service will be emphasized. This is the Certified Maintenance course CERT6.
CSU
DSL 207
Transit Vehicle Engines
Unit(s): 2.5 Class Hours: 47.3 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DSL 202
This course will introduce students to the basic theory of operation of current transit bus engines. Diagnostic and troubleshooting techniques, repair, and service will be emphasized. This is the Certified Maintenance course - CERT7.
CSU

DSL 208
Transit Vehicle Heating, Ventilation, Air Conditioning
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DSL 202
This course introduces the student to the basic theory of operation of heating, ventilation, and air conditioning systems used on current transit buses. Service, maintenance, and troubleshooting will be emphasized. This is the Certified Maintenance course - CERT8.
CSU

DSL 209
Transit Vehicle Drive Train Suspension
Unit(s): 1.0 Class Hours: 21.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DSL 202
This course introduces students to the basic theory of operation of transit bus drive train and suspension systems. Diagnostic techniques, repair, and service of current transit bus drive train and suspension systems will be emphasized. This is the Certified Maintenance course - CERT9.
CSU

DSL 210
Transit Vehicle Wheelchair Lifts
Unit(s): 0.5 Class Hours: 12.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in DSL 202
This course introduces the student to the basic theory of operation of wheelchair lifts and ramps currently used on transit buses. Service, maintenance, and troubleshooting will be emphasized. This is the Certified Maintenance course - CERT10.
CSU

DSL 211
Hydrogen Fuel Cell Safety
Unit(s): 0.2 Class Hours: 4.0 Lecture total.
This course will cover safe practices when servicing and maintaining hydrogen fuel cell systems. Students will explore safety related to high pressures and high voltages.
CSU

DSL 212
Hydrogen Fuel Cells
Unit(s): 1.0 Class Hours: 16.0 Lecture, 8.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DSL 211
This course will focus on the fuel cell found in modern alternative fueled vehicles, including heavy duty applications. Fuel cell design, operation, and maintenance will be discussed. Students must supply their own approved safety glasses.
CSU

DSL 213
Hydrogen used for Fuel Cells
Unit(s): 1.0 Class Hours: 24.0 Lecture, 8.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DSL 211
This course will cover safety, function, and design of the high pressure hydrogen system used with modern fuel cells. Students must supply their own approved safety glasses.
CSU

DSL 214
Fuel Cell High Voltage Systems
Unit(s): 1.0 Class Hours: 24.0 Lecture, 8.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DSL 211
This course will cover the safe practices, operation, function, and design of the high voltage systems used on modern fuel cells. Students must supply their own approved safety glasses.
CSU

DSL 287
Compressed Natural Gas Engines
Formerly: Alternative Fuels
Unit(s): 4.0 Class Hours: 54.0 Lecture, 72.0 Lab total.
This course introduces students to compressed natural gas engines found on modern medium/heavy duty vehicles. Safety and operation are highlighted. LPG and LNG are also covered. CNG engines, tanks, and fuel systems will be analyzed. This course prepares medium/heavy duty students for industry. Field trips may be required.
CSU

DIGITAL MEDIA

DM 100
Introduction to Electronic Media: TV, Radio, Film, and the Internet
Formerly: TELV 100: Introduction to Electronic Media: TV, Radio, Film, and the Internet
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Survey of historical development, impact, and business practices of TV, radio, film, and the Internet. Emphasizes career opportunities and basic studio operations.
CSU

DM 101
TV and Society: A Visual History
Formerly: TELV 101: TV and Society: A Visual History
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Evolution and impact of TV programming as business and art form in American society. Development of a visual literacy and appreciation of television's various formats (sitcom, westerns, soaps, dramas, mini-series) through, lecture, video viewings, and guest speakers.
CSU

DM 102
History of Global Cinema
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A survey course exploring global cinema as an art form, and developing appreciation of historical, artistic, and technical advances from the 1890s to the present, with focus on cinema from around the world.

</table>
**DM 121A**

**Fundamentals of Typography**

*Formerly: ART 121A, Fundamentals of Typography*

Unit(s): 3.0  
Class Hours: 36.0 Lecture, 72.0 Lab total.

*Prerequisite: Completion with a grade of "C" or better or a Passing grade in DM 195, or ART 195; or Contact instructor for portfolio review. A portfolio exhibiting equivalent to above listed prerequisite skill set.*

Introduction to the use of type styles, appropriate type selection and their characteristics as a means toward understanding design and communication through type solutions. Projects will explore current graphics industry practices and standards, including the use of digital technology and traditional hand skills.

CSU

A combination of ART 121A, ART 121B, ART 221, DM 121A, DM 121B, and DM 122 may be taken a maximum of four enrollments.

**DM 121B**

**Advanced Typography**

*Formerly: ART 121B: Advanced Typography*

Unit(s): 3.0  
Class Hours: 36.0 Lecture, 72.0 Lab total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DM 195, or ART 195; Students should have a fundamental understanding of typography, including type design, type categories, layout design and vector graphics prior to enrolling in this advanced-level course.*

This course provides continued study in typography and appropriate type selection as a means for solving complex graphic design problems, such as illustrative type or multiple-page layout using traditional hand skills, digital technology and portfolio presentations.

CSU

A combination of ART 121A, ART 121B, ART 221, DM 121A, DM 121B, and DM 122 may be taken a maximum of four enrollments.

**DM 122**

**Graphic Design I**

Unit(s): 3.0  
Class Hours: 36.0 Lecture, 72.0 Lab total.

*Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DM 195, or ART 195*

Introduction to basic graphic design concepts, techniques and practices resulting in the production of effective visual communications. Projects combine text with images, using current industry standards and technology in print media and other design applications. Same as ART 122.

CSU

A combination of ART 121A, ART 121B, ART 221, DM 121A, DM 121B, and DM 122 may be taken a maximum of four enrollments.

**DM 123**

**Advanced Screenwriting for Digital Media**

*Formerly: TELV 123: Advanced Scriptwriting for TV, Film, the Web, Corporate Video and Digital Media*

Unit(s): 3.0  
Class Hours: 54.0 Lecture total.

Explores professional requirements for writing screenplays for TV, film, and the web plus scripts for corporate videos and digital media. Advanced individual projects enhance student writing skills and body of work. Prior enrollment in Digital Media 121 recommended.

CSU

A combination of DM 124, THEA 113 and TELV 142 may be taken a maximum of four enrollments.

**DM 124**

**Cooperative Work Experience - Occupational**

*Formerly: ART 125, Cooperative Work Experience - Occupational*

Unit(s): 1.0-4.0  
Class Hours: 60.0-300.0 Lab total.

*Prerequisite: This course is major-specific. Students majoring in Digital Media Arts or Graphic Design must show evidence of 6 units of completed coursework within the fields of Digital Media Arts and/ or Graphic Design. Please contact the instructor for assistance in developing a resume and online portfolio required to find work in this field.*

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness of jobs. 75 hours of paid work or 60 hours of unpaid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.

Pass/No Pass Only

CSU

**DM 125**

**Cooperative Work Experience - Occupational**

*Formerly: TELV 125: Cooperative Work Experience - Occupational*

Unit(s): 1.0-6.0  
Class Hours: 60.0-450.0 Lab, 60.0-450.0 TBA total.

This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness of jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.

Pass/No Pass Only

CSU

**DM 130**

**Broadcasting for News & Sports**

*Formerly: TELV 130: Principles of Broadcast News*

Unit(s): 3.0  
Class Hours: 36.0 Lecture, 54.0 Lab total.

Introduction to broadcast journalism for TV and digital platforms with emphasis on writing, editing, and technical production of media newscasts. Emphasizes both field and studio reporting. Prior or concurrent enrollment in Digital Media 110 recommended.

CSU

**DM 140**

**Cinematography**

*Formerly: TELV 140, Cinematography*

Unit(s): 3.0  
Class Hours: 36.0 Lecture, 54.0 Lab total.

Concepts and practice of cinema-graphic, filming, and lighting techniques as applied to single-camera film and digital production.

CSU

**DM 142**

**Acting for the Camera**

*Formerly: TELV- Acting for the Camera*

Unit(s): 3.0  
Class Hours: 36.0 Lecture, 54.0 Lab total.

Techniques and disciplines of acting as applied to film and television production. Opportunity to practice and perform with emphasis on developing talents and skills required in acting for the screen. Same as Theatre Arts 113.

CSU

A combination of DM 142, THEA 113 and TELV 142 may be taken a maximum of four enrollments.
DM 150
Producing and Directing
Formerly: TELV 150: Producing and Directing for Television
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DM 112, and 115A.
Emphasizes production planning and preparation, aesthetics, budgeting, and working with a production team. Practical experience in producing and directing studio and remote productions. Multiple directing/producing assignments each semester. Prior or concurrent enrollment in Digital Media 112, and 115A recommended.
CSU/UC

DM 152
Beginning Audio Production
Formerly: TELV 152: Beginning Audio Production
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.
Introduction to the theory and practice of audio production for radio, stage, television, film and digital recording applications. Students will learn the fundamentals of sound design and aesthetics, microphone use, and digital recording equipment. Students gain hands on experience recording, editing, mixing and mastering audio. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. Same as Music 152.
CSU/UC

DM 162
Digital Illustration I
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in DM 195, or ART 195
Explores the essentials of illustration for graphic designers and concept artists, using industry-standard production and design tools. Focuses on professional studio techniques to master this essential design tool for the creation of sophisticated graphics. Emphasizes efficient workflow, technical proficiency, and aesthetic judgment. Students produce portfolio-ready projects using a broad range of imaging skills. The primary software used includes Adobe Photoshop, supplemented with Adobe Illustrator, and some time-based media software. Same as ART 162.
CSU

DM 164
Web Design
Formerly: ART 164: Web Design
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.
Introduction to web design using digital media tools; graphics, illustrations, text, sound, motion, using software programs for the web. Students research how software programs are used in business presentations, advertising, entertainment, and self-promotion. Overview of elements and principles of design and motion.
CSU/UC

DM 168
Graphic Design II: Branding and Identity
Unit(s): 2.0  Class Hours: 36.0 Lecture, 18.0 Lab total.
Recommended Preparation: Must have completed 6 units of design coursework or have portfolio of equivalent skillset.
A comprehensive design course serving as the capstone for all Digital Media Arts & Graphic Design programs. Students develop a career/transfer-ready digital portfolio through team-based branding and identity design development for multiple media applications. Focus is on both business and personal branding. Career goals, resumes, online portfolios, interviewing skills, and customer service needs are addressed. 6 units of digital media-oriented coursework recommended. Same as ART 168.
CSU

DM 170
Drone Pilot License Test Prep
Unit(s): 0.5  Class Hours: 9.0 Lecture total.
The class preps students to take the FAA Part 107 test, and other knowledge tests required by the FAA. To fly drones commercially, students need to pass an FAA drone pilot knowledge test.
CSU

DM 171
Drone Pilot Training
Unit(s): 1.5  Class Hours: 18.0 Lecture, 27.0 Lab total.
Learn the ins-and-outs of legally flying a drone. The Drone Pilot Training course covers FAA rules and regulations, settings and features of drones, and supervised hands-on flight instruction with a licensed drone pilot. Drones provided for the class.
CSU

DM 175
Drone Cinematography & Editing
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Drone flight techniques designed for the practice of cinema-graphic filming, production and post-production.
CSU

DM 191A
Layout Design
Formerly: ART 191, Layout Design
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: To be successful in this course it is recommended that students have some prior knowledge of Adobe Creative Cloud. If unsure, please consider concurrent enrollment in DM 195 to develop introductory skills in the Adobe Create Cloud suite of design software.
CSU
A combination of ART 162, ART 191A, ART 192A, DM 191A, and DM 192A may be taken a maximum of four enrollments.
DM 192A  
**Digital Illustration II: Advanced Topics**  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.  
**Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in DM 162, or ART 162; or equivalent, as demonstrated in illustration portfolio  
Examines advanced design and illustration techniques using industry-standard software via Adobe Creative Cloud. Addresses contemporary illustrative problems, concepts, and skills development within the digital media and graphic arts industries for the creation of unique illustrations. The technical needs for graphic illustrations for print, animation, film, and the web will also be addressed. Primary Software: Adobe Illustrator, supplemented with Adobe Photoshop. Same as ART 192A.  
CSU  
A combination of ART 162, ART 191A, ART 192A, DM 191A, and DM 192A may be taken a maximum of four enrollments.  

DM 193  
**Motion Graphics with Adobe After Effects**  
Formerly: TELV 193: Motion Graphics with Adobe After Effects  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 72.0 Lab total.  
**Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in ART 195, and TELV 112  
This graphics animation course covers the development of original motion graphics. Video editing skills are refined within the animation software to create animated clips for use in multiple media applications. Some experience in non-linear digital video editing is recommended, as well as some graphic design experience. Same as Art 193.  
CSU/UC  

DM 195  
**Introduction to Digital Media Arts**  
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.  
Foundation-level course designed for graphic designers, artists, photographers, web designers, programmers, and animation artists working in the digital realm. This course includes an overview of industry-standard software, including Adobe Creative Cloud for digital design in montage, vector, layout and time-based media. Same as ART 195.  
CSU  

DM 196A  
**3D Modeling: The Fundamentals**  
Formerly: ART 196A: 3D Modeling: The Fundamentals  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
This is an introductory course in developing digital 3D models for video games, film, advertising and pre-visualization for product and architectural design. Focus is placed on building digital 3D characters, props and environments that will be used in students’ own animated short film or video game ideas. By employing the teacher-provided project management tools, students gain hands-on experience in how animated and interactive media projects are developed. Industry-standard low and high poly modeling methods, which utilize normal map application, is emphasized to ensure optimized models with stunning detail.  
CSU/UC  

DM 196B  
**3D Modeling Intermediate**  
Formerly: ART 196B: 3D Modeling Intermediate  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
**Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in DM 196A  
Instruction in intermediate-level digital 3D modeling methods as used in video games, interactive media, television, film, previz, product illustration, architectural and bioscience visualization. Students are to model subjects geared to their chosen area of interest and then are provided instruction and guidance to increase proficiency, speed and communication skills required for professional 3D modelers.  
CSU/UC  

DM 215  
**Advanced Single-Camera/Digital Cinema Production**  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
**Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in TELV 112, and TELV 115A  
Advanced single-camera digital cinematography production and post-production technology, workflow and aesthetics. Emphasis upon industry standards and approaches for television and cinema production with professional High Definition and Ultra High Definition/4K video cameras. Includes HD, DSLR and other large-sensor digital cinema cameras, such as RED.  
CSU  

DM 230A  
**Beginning News & Sports Production**  
Formerly: TELV 230A: Broadcast News Production  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
Beginning producing for broadcast journalism and sportscasting. Create content for TV and digital platforms with emphasis on producing stories, newscasts, sportscasts and interviews. Hands-on production class. Emphasizes both field and studio production. Prior enrollment in DM 130 recommended.  
CSU  

DM 230B  
**Intermediate News & Sports Production**  
Formerly: TELV 230B: Broadcast News Production  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
Intermediate producing for broadcast journalism and sportscasting. Create content for TV and digital platforms with emphasis on producing stories, newscasts, sportscasts and interviews. Hands-on production class. Emphasizes both field and studio production. Prior enrollment in DM 230A recommended.  
CSU  

DM 230C  
**Advanced News & Sports Production**  
Formerly: TELV 230C: Broadcast News Production  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
Advanced producing for broadcast journalism and sportscasting. Create content for TV and digital platforms with emphasis on producing stories, newscasts, sportscasts and interviews. Hands-on production class. Emphasizes both field and studio production. Prior enrollment in DM 230B recommended.  
CSU
DM 230D
Executive News & Sports Production
Formerly: TELV 230D: Broadcast News Production
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Executive producing for broadcast journalism and sportscasting. Oversees content creation for TV and digital platforms with emphasis on producing stories, newscasts, sportscasts, and interviews. Hands-on production class. Emphasizes both field and studio production. Prior enrollment in DM 230C recommended.

CSU
DM 240
Agency Film Production
Formerly: TELV 240: Agency Film Production
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
This is a capstone course, where students will build upon skills and concepts developed in previous camera, editing, and cinematography courses in order to learn how to produce and direct advertising agency productions. Prior enrollment in Digital Media 112, 115A, and 140 recommended.

CSU
DM 255
Motion Picture Technical Production
Formerly: TELV 255, Motion Picture Technical Production
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
This course provides hands-on, practical experience in technical production, culminating in a fully produced film screened to the public. The final movie presentation becomes the basis for creating a production reel.

CSU/UC
DM 256
Intermediate Motion Picture Technical Production
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in DM 255
This course provides hands-on practical experience in intermediate technical production, culminating in a fully produced film screened to the public. The final movie presentation becomes the basis for creating a production reel. Prior enrollment in DM 255 is recommended.

CSU/UC
DM 257
Advanced Motion Picture Technical Production
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in DM 256
This course provides hands-on on practical experience in advanced technical production, culminating in a fully produced film, screened to the public. The final movie presentation becomes the basis for creating a production reel.

CSU/UC
DM 260
Lighting Fundamentals
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Theory and practices of lighting including control systems and instruments as well as the techniques for proper installation, operation, maintenance, and safety. Same as THEA 133.

CSU/UC
DM 265
Documentary Film Production
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in DM 115A, and DM 112, and DM 140
This is a capstone course where students will build upon skills and concepts developed in previous camera, editing, and cinematography courses. Students will learn to produce and direct short-form documentaries.

CSU/UC

EARTH SCIENCE
ERTH 110 (C-ID GEOL 120)
Introduction to Earth Science
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A study of the processes that shape and form the Earth and define its place in the solar system. Introduction to the sciences of geology, oceanography, meteorology, and astronomy. Not open to students who are enrolled, or have credit in Geology 101 or Geography 101. Optional half-day field trip.

CSU/UC
ERTH 110H (C-ID GEOL 120)
Honors Introduction to Earth Science
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
An intensive study of the processes that shape and form the Earth and define its place in the solar system. Introduction to the sciences of geology, oceanography, meteorology, and astronomy. Not open to students who are enrolled, or have credit in Geology 101 or Geography 101.

CSU/UC
ERTH 115
Earth Science for Educators
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
The study of the dynamic forces shaping the earth, including its oceans and atmosphere. This class is open to all majors but is oriented towards enhancing the earth science knowledge of future teachers. Also includes an introduction to the solar system. Half-day field trip required. Not open to students who are enrolled or have credit in Earth Science 110, Geology 101, or Geography 101.

CSU/UC
ERTH 150
Introduction to Oceanography
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introductory study of the ocean and its topography, sediments, circulation, shoreline processes, biological productivity, and mineral resources. Same as Geology 150.

CSU/UC
ERTH 150H
Honors Introduction to Oceanography
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Enriched and intensive study of the ocean’s topography, sediments, circulation, shoreline processes, biological productivity, and mineral resources. Course is taught in a seminar format to provide optimal active learning and critical thinking. Same as Geology 150H.

CSU/UC
ECONOMICS

ECON 120 (C-ID ECON 202)
Principles/Macro
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 060, or MATH 083, or MATH 084
Introduction to macroeconomics, including basic economic concepts, analysis of markets, national income accounting, employment, short run business cycle fluctuations, long run growth trends, monetary and fiscal policies, and international economic issues. Intended for economics, business, and certain engineering/computer science majors.
CSU

ECON 121 (C-ID ECON 201)
Principles/Micro
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 060, or MATH 083, or MATH 084
Introduction to microeconomics, including basic economic concepts, analysis of markets, efficiency, consumer and firm behavior, industry structures, market failure, and resource markets. For economics, business, and certain engineering and computer science majors.
CSU

EDUCATION

EDUC 105
Exploration in the Field of Education
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Before observation begins, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required.
An exploration in the field of education from early childhood through high school. This course requires 20 hours of structured observation in the following traditional and non-traditional settings: early childhood, elementary school, middle school, high school, special education, and English Language Development (ELD). Topics will include: a) roles and responsibilities of the teacher, b) teaching and learning of diverse student populations across different education spans, and c) careers in education beyond the classroom teacher.
CSU

EDUC 113
Tutoring Reading in Elementary Schools
Unit(s): 1.0  Class Hours: 18.0 Lecture total.

An examination of effective tutoring strategies, focusing on the support for reading skills of elementary age children. Students are placed in local K-8 classrooms to gain experience with school-age children. Twenty+ service learning hours required in addition to lecture hours. Student must provide proof of negative TB screening.
CSU

EDUC 120A
Development of the School-Age Child
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

An examination of the physical, cognitive, personality, and social development of children between the ages of five and twelve years. Attention will be paid to the scientific study of middle childhood, developmental trends, and issues of diversity. Not offered every semester. Same as CDEV 120A.
CSU/UC

EDUC 120B
School-Age Child Care and Recreation Activities
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

This course will focus on school age creative activities, including planning and implementing an appropriate before/after school curriculum. Attention will be paid to integrating academics, recreation, and creative activities suitable for school-age child care programs. Same as CDEV 120B.
CSU

EDUC 201 (C-ID EDUC 200)
Introduction to Education
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in EDUC 105
Introduction to the field of education including historical and philosophical perspectives; school governance and funding; societal influences and student diversity; school curriculum standards; professional standards and teaching performance expectations.
Students will independently complete a minimum of 45 hours of Service Learning (structured observation and internship/fieldwork) in local public elementary school classrooms during the semester.
CSU/UC

EDUC 203
Introduction to Children with Special Needs
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Introduces the variations in development of children and adolescence with special needs, and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to individuals with special needs, and the identification and referral process. Same as CDEV 205.
CSU

EDUC 204
Personal Proficiency in Educational Technologies for Secondary Teachers
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Students will develop personal proficiency in educational technologies to facilitate the teaching process in a secondary classroom setting. Students will also apply digital literacy skills through the use of presentation, spreadsheet, word processing and publication software, interactive online tools, internet search and retrieval, information literacy, electronic communication and collaboration, and awareness of legal and ethical issues in the digital world.
CSU

EDUC 205
Personal Proficiency in Educational Technologies for Elementary Teachers
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Students will develop personal proficiency in educational technologies to facilitate the teaching process in an elementary classroom setting. Students will also apply digital literacy skills through the use of presentation, spreadsheet, word processing and publication software, interactive online tools, internet search and retrieval, information literacy, electronic communication and collaboration, and awareness of legal and ethical issues in the digital world.
CSU
EDUC 210
The Teaching Experience: Secondary Education
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Introduction to the history, philosophy, and sociology of secondary education. This course will cover the California Teaching Performance Expectation and Assessment, needs of special populations, English learners, struggling readers, content standards, and major curriculum reform documents. Students participate in 45 hours of structured observation in a local secondary classroom.

CSU/UC

EMERGENCY MEDICAL TECHNICIAN

EMT 104
Emergency Medical Technician
Unit(s): 10.0 Class Hours: 162.0 Lecture, 54.0 Lab total.

Corequisite: Completion with a grade of "C" or better or a Passing grade in EMT 105

Other: Current American Heart Association "BLS Provider" CPR Certification

Basic course for Emergency Medical Technician (EMT) certification. Satisfies training requirements for National/State/County Emergency Medical Services (EMS) Authorities. Prepares students to take the National Registry Certifying Examination for State Certification. Additionally, trains students in the Orange County Emergency Medical Services (OCEMS) optional scope of practice. Course provides depth and breadth of foundational knowledge from the US Department of Transportation's National Scope of Practice Model and the National EMS Education Standards derived for entry-level EMT.

CSU

EMT 105
Clinical EMT Skills Laboratory
Unit(s): 1.0 Class Hours: 54.0 Lab total.

Corequisite: Completion with a grade of "C" or better or a Passing grade in EMT 104

Other: Current American Heart Association "BLS Provider" CPR Certification

Clinical, field experience, and supervised use of skills lab through supplemental learning to assist the student in development of clinical competency and mastery of psychomotor skills as addressed in course EMT 104. Hours verified by instructor.

Pass/No Pass Only

CSU

EMT 111
Recertification for EMT
Unit(s): 2.0 Class Hours: 36.0 Lecture total.

Prerequisite: Valid EMT certificate or equivalent within past two years. Valid CPR card: American Heart Association Health Care Provider

Update emergency medical techniques, equipment, and EMSA policies. Meets state requirements for EMT recertification.

CSU

EMT 198-00
Topics
Unit(s): 0.5-3.0 Class Hours: 9.0-54.0 Lecture total.

Courses in a variety of contemporary topics will be offered to meet the interests and needs of students in the Emergency Medical Technician area. Individual descriptions will be provided for each course developed.

CSU

ENGINEERING

ENGR 012
Civil/Architectural Blueprint Reading
Formerly: AEC Print Reading
Unit(s): 2.0 Class Hours: 36.0 Lecture total.

Reading and interpreting blueprints for civil engineering, architecture, and construction fields. No prior blueprint reading experience is needed. Course provides preparation for more advanced civil and architectural drafting coursework.

ENGR 051
Introduction to Drafting and CAD
Formerly: Basic Technical Drawing
Unit(s): 1.0 Class Hours: 18.0 Lecture total.

Introductory course on civil, mechanical, and electrical drafting. Topics include: drafting careers, reading and creating basic engineering drawings (modeling, dimensioning, annotations) using industry-standard CAD software (AutoCAD, Solidworks, and more). Course is an appropriate starting course for students with no drafting or CAD experience and are interested in the fields. Course provides direction for continuing drafting coursework.

ENGR 060
Robotics Survey
Unit(s): 0.5 Class Hours: 9.0 Lecture total.

This course introduces students to basic robotics. Students will program a robot to receive sensor input, control motors, and produce behaviors. Course provides student exposure to robotics, which now plays a major role in modern manufacturing and industrial automation.

Pass/No Pass Only

ENGR 100A (C-ID ENGR 110)
Introduction to Engineering
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

The course explores the branches of engineering, the functions of an engineer, and the industries in which engineers work. Explains the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession.

CSU/UC

ENGR 100B
Introduction to Civil Engineering
Formerly: Introduction to Architecture/Civil Engineering/Construction (AEC)
Unit(s): 2.0 Class Hours: 36.0 Lecture total.

Introduction to the Civil Engineering and the related fields of architecture and construction. Includes an overview of academic programs, career information and preparation requirements, possible field trips and guest speakers.

CSU
ENGR 101
Programming Survey
Unit(s): 0.5    Class Hours: 9.0 Lecture total.
This survey course introduces students to C programming language. Students will code, compile and execute programs that control hardware. Students will be learning the input–process–output (IPO) model, a widely used approach in systems analysis and software engineering, that receives inputs from a user or other source, does computations on the inputs, and returns the results of the computations. Same as CMPR-101.

CSU

ENGR 103
Solidworks Beginning Solid Modeling
Formerly: Beginning Solid Modeling
Unit(s): 3.0    Class Hours: 54.0 Lecture total.
Introductory course in parametric solid modeling using Solidworks, an industry standard engineering design software (CAD). This course will include a solid modeling overview, solid model construction techniques (extrude, revolve, fillet, chamfer, etc.), including the preparation of individual solid components and basic solid model assemblies. Same as Manufacturing Technology 103.

CSU

ENGR 104
Solidworks Intermediate Solid Modeling
Unit(s): 3.0    Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGR 103, or MNFG 103
Intermediate course for solid modeling using Solidworks, an industry-standard engineering design software (CAD). Includes a review of the introductory class and changes to the Solidworks interface. Instruction in the use of intermediate Solidworks part modeling skills such as assembly modeling and sub-assemblies is included. Same as Manufacturing Technology 104.

CSU

ENGR 105
Solidworks Advanced Solid Modeling
Unit(s): 3.0    Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGR 104, or MNFG 104
Advanced course for solid modeling includes a review of the intermediate class and changes to the Solidworks interface. Instruction in the use of Solidworks part modeling, assembly modeling, sub-assemblies, advanced photoworks and advanced animator emphasized. Same as Manufacturing Technology 105.

CSU

ENGR 110
Advanced Laboratory Skills
Formerly: Advanced CAD Applications
Unit(s): 0.5-2.0    Class Hours: 27.0-108.0 Lab total.
Laboratory skill development for advanced students. Topics include equipment calibration, maintenance, and operation; development and documentation of laboratory procedures; maintaining supplies and tooling; lab organization and inventory; and data collection.
Pass/No Pass Only

CSU

ENGR 111
Basic Mechanical Blueprint Reading
Unit(s): 2.0    Class Hours: 36.0 Lecture total.
Reading and interpreting blueprints for manufacturing technologies. Same as Manufacturing Technology 111.

CSU

ENGR 114
Geometric Dimensioning and Tolerancing
Unit(s): 3.0    Class Hours: 54.0 Lecture total.
Drawing interpretation utilizing geometric dimensioning and tolerancing per ASME Y14.5M (formerly ANSI Y14.5M) as applied in engineering, manufacturing, and inspection. Suggested preparation: prior course or experience in drafting with conventional dimensioning and tolerancing. Same as Manufacturing Technology 114.

CSU

ENGR 115
Cooperative Work Experience Education-Occupational
Unit(s): 1.0-4.0    Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.
Pass/No Pass Only

CSU

ENGR 118 (C-ID ENGR 180)
Surveying
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 162, or MATH 170; or transcripted high school trigonometry or pre-calculus
The course applies theory and principles of plane surveying: office computations and design; operation of surveying field equipment; and production of engineering plans/maps. Topics include distances, angles, and directions; differential leveling; traversing; property/boundary surveys; topographic surveys/mapping; volume/earthwork; horizontal and vertical curves; land description techniques; and GPS. Extensive field work using tapes, levels, transits, theodolites, total stations, and GPS. Assists in passing the land surveyor-in-training exam.

CSU/UC

ENGR 119
Advanced Plane Surveying
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGR 118; or Instructor may waive if student can show proof of industry experience in surveying equal to or greater than ENGR 118.
A second course in surveying with emphasis on coordinate geometry calculations. Topics include: route surveying with horizontal and vertical curves, topographic surveying and mapping, construction surveying, introduction to geospatial technologies, boundary surveying and surveys of public lands. Field surveying projects.

CSU/UC
ENGR 122
Engineering Drawing
Unit(s): 3.0  Class Hours: 45.0 Lecture, 27.0 Lab total.
Principles of engineering drawing: projections, views, sections, dimensions, tolerancing, assemblies, manufacturing processes, engineering drafting practices. Utilizing 2D CAD and 3D solid modeling CAD software. Suggested preparation: prior course or experience in drafting and CAD.
CSU/UC

ENGR 124
Advanced Mechanical Drafting and Design
Formerly: Advanced Drawing
Unit(s): 3.0  Class Hours: 45.0 Lecture, 27.0 Lab total.
Advanced topics in mechanical drafting and design: working drawings, fasteners, cams, gears, secondary auxiliary views, advanced sectioning, dimensioning, tolerancing, introduction to GD&T, design for manufacturability, and a focus on using 3D solid modeling CAD software. Suggested preparation: prior drafting or CAD course or experience (e.g., Engr 122 or 125).
CSU/UC

ENGR 125 (C-ID ENGR 150)
Engineering Graphics
Unit(s): 3.0  Class Hours: 45.0 Lecture, 27.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 162
This course covers the principles of engineering drawings in visually communicating engineering designs and an introduction to computer-aided design (CAD). Topics include: the development of visualization skills; orthographic projections; mechanical dimensioning and tolerancing practices; the engineering design process. Assignments develop sketching skills for 2-D and 3-D CAD. The use of CAD software is an integral part of the course. Suggested preparation: prior course or experience with drafting and CAD.
CSU/UC

ENGR 130A
CATIA I
Formerly: CATIA Beginning Solid Modeling
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introductory course in parametric solid modeling CAD using CATIA software, which is used extensively in the aerospace and automotive fields. Topics include: CAD overview, sketching, basic solid model creation (base features, pads, pockets, grooves, shafts, etc.) sketch constraints, reference elements, hole features, feature editing, assembly and drawing creation. Same as Manufacturing Technology 130A.
CSU

ENGR 130B
CATIA II
Formerly: CATIA Intermediate Solid Modeling
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ENGR 130A, or MNFG 130A
Intermediate course in parametric solid modeling CAD using CATIA software, which is used extensively in the aerospace and automotive fields. Topics: intermediate/advanced level sketching and modeling (sweeps, ribs, slots), feature editing and transformation, assemblies, drafting workbench, surface modeling, and other CATIA modules. Same as Manufacturing Technology 130B.
CSU

ENGR 131
Introduction to Mechatronics
Formerly: Engineering Mechatronics Technology Survey
Unit(s): 0.5  Class Hours: 9.0 Lecture total.
Course provides hands-on exposure to modern techniques in rapid prototyping, including: 3D printing, laser cutting, 3D scanning, and other processes used in mechatronics and engineering. Course provides a good introduction to the Engineering Mechatronics program.
CSU

ENGR 132
Introduction to Robotics
Unit(s): 2.5  Class Hours: 36.0 Lecture, 27.0 Lab total.
Introductory course in robotics. Topics include history of robotics, role of robotics in modern engineering, industrial automation, emerging technologies, basic design, sensors, circuitry, actuators, mechanics, programming, and a hands-on robot design and construction project.
CSU

ENGR 133
Basic Mechatronics
Formerly: Basic Mechatronics Engineering Technology
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Introductory course in mechatronics (mechanical systems controlled with electronics or computer technology) with an emphasis on hands-on design, fabrication, and testing. Topics include: mechanical design and fabrication (solid-modeling CAD, mechanical elements, rapid prototyping with 3D printing, laser cutting and engraving, and other processes), micro-controllers (Arduino), actuators (servo motors), sensors, and electronics systems (basic circuit analysis, construction, breadboarding, sensors, and more). Some prior experience with Solidworks, Arduino, and basic algebra is suggested but not required.
CSU

ENGR 134
Intermediate Mechatronics
Formerly: Intermediate Mechatronics Engineering Technology
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Intermediate course in mechatronics with an emphasis on hands-on design, fabrication, and testing. Topics include: mechanical design and fabrication (solid-modeling CAD, 3D printing, laser cutting, SLA, G-code, CNC engraving, hand tools), micro-controllers (Arduino), actuators (electric motors, pneumatics), sensors, and electronics systems (circuits, soldering, DMM, oscilloscope), and a hands-on design project. Some prior experience or coursework with mechatronics (Engr 133 or similar), Solidworks, Arduino, and basic algebra is suggested.
CSU
ENGR 135
Advanced Mechatronics
Formerly: Advanced Mechatronics Engineering Technology
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Advanced course in mechatronics engineering technology with an
emphasis on hands-on fabrication and testing. Topics include: design
(solid modeling CAD, mechanics considerations, machine elements),
mechanical fabrication (3D printing, SLA, laser, G-code, introduction
to CNC), electrical systems (circuit construction, circuit elements,
op amps, transistors), control systems (micro-controllers, PID
control, sensors, actuators/motor control), lab work, and hands-on
projects. Prior experience with mechatronics (ENGR 134 or similar),
Solidworks, Arduino, and basic algebra is suggested.
CSU

ENGR 154
Revit and Civil Drafting
Formerly: Revit
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Course introduces Autodesk Revit, a 3D parametric CAD software
that is an industry standard for architectural/civil design. Topics
include 3D modeling, design, drawing creation, and BIM (building
information modeling) concepts. Course also teaches creation of
industry-standard drawings in civil engineering, architecture, and
construction using industry-standard CAD software (AutoCAD,
Civil 3D, and Revit). Topics include - views, line types, projection,
annotations, and callouts. Prior course or experience with AutoCAD
(e.g., ENGR 183) and drafting is strongly suggested.
CSU

ENGR 158
Basic Machining Concepts and Operations
Unit(s): 3.0 Class Hours: 18.0 Lecture, 126.0 Lab total.
Fundamental operations on lathes, milling machines, grinders, and
drill presses, including precision measurements and layout. Equips
students with skills and theory necessary to enter or upgrade within
the machinist trade. Same as Manufacturing Technology 158.
CSU

ENGR 183
AutoCAD I
Formerly: CAD I - Computer Aided Drafting
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
A first course in AutoCAD by Autodesk, an industry standard
engineering CAD software, especially in the civil and architectural
fields. Topics include display and file management, units, entities,
object selection, advanced editing, layers, dimensions, text, and
graphic exchange.
CSU/UC

ENGR 184
AutoCAD II
Formerly: CAD II - Computer Aided Drafting
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
A second course in Autodesk AutoCAD, an industry standard
engineering CAD software, especially in the civil and architectural
fields. Topics include: advanced dimensioning, viewports, hatches,
blocks, plotting, attributes, inquiry, intermediate apps, working
drawings, introduction to 3D CAD. Suggested preparation: prior
course or experience with AutoCAD.
CSU

ENGR 185
Civil 3D
Formerly: 3D CAD with Civil 3D
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Course teaches Autodesk Civil 3D – an industry standard CAD
software for civil engineers. Topics include advanced modeling,
model merging, project management, parcels, surveys, surfaces,
alignments, profiles, 3D rendering, and presentation. Prior
coursework or experience with AutoCAD is strongly suggested.
CSU

ENGR 235 (C-ID ENGR 130)
Statics
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing
grade in PHYS 217, and MATH 185
A first course in engineering mechanics: properties of forces,
moments, couples and resultants; two- and three-dimensional force
systems acting on engineering structures in equilibrium; analysis of
trusses, and beams; distributed forces, shear and bending moment
diagrams, center of gravity, centroids, friction, and area and mass
moments of inertia. Utilizes SI metrics.
CSU/UC

ENGR 240 (C-ID ENGR 230)
Dynamics
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing
grade in ENGR 235
Fundamentals of kinematics and kinetics of particles and rigid bodies.
Topics include kinematics of particle motion; Newton's second law,
work-energy and momentum methods; kinematics of planar motions
of rigid bodies; work-energy and momentum principles for rigid body
motion; introduction to mechanical vibrations.
CSU/UC

ENGR 250
Electric Circuits
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Corequisite: Completion with a grade of “C” or better or a Passing
grade in MATH 280, and PHYS 227; (both may be taken concurrently)
An introduction to the analysis of electrical circuits. Use of analytical
techniques based on the application of circuit laws and network
theorems. Analysis of DC and AC circuits containing resistors,
capacitors, inductors, dependent sources, operational amplifiers,
and/or switches. Natural and forced responses of first and second
order RLC circuits; the use of phasors; AC power calculations; power
transfer; and energy concepts.
CSU/UC

ENGR 250L
Electric Circuits Laboratory
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Corequisite: Completion with a grade of “C” or better or a Passing
grade in ENGR 250
An introduction to the construction and measurement of electrical
circuits. Basic use of electrical test and measurement instruments
including multimeters, oscilloscopes, power supplies, and function
generators. Interpretation of measured data under DC, transient, and
sinusoidal steady-state (AC) conditions.
CSU/UC
ENGR 280
Strength of Materials
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGR 235
This course is a study of stresses, strains and deformations associated with axial, torsional and flexural loading of bars, shafts and beams, as well as pressure loading of thin-walled pressure vessels. The course also covers stress and strain transformation, Mohr's Circle, ductile and brittle failure theories, and the buckling of columns. Statically indeterminate systems are also studied.

CSU

ENGR 281
Properties of Engineering Materials
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in CHEM 209, and PHYS 217
Study of atomic, microscopic, and macroscopic structure of metals; properties' enhancement by alloying and heat treatment; effects of temperature and corrosion on metals; fatigue; and other materials (wood, plastic, and concrete).

CSU/UC

ENGLISH

You have the right to take an English 101 class at Santa Ana College even if a pre-transfer level English class has been recommended to you and regardless of your grade in a previous English class. The Santa Ana College English Department offers a choice between English 101 or English 101 with a support lab (English 066: Route to Writing Success: Freshman Composition Laboratory). If you have questions about this, we encourage you to meet with a counselor or an English instructor and check out the Santa Ana College English Guided Self-Placement so that you can make an informed decision that is best for you and your educational goals.

ENGL 061
Introduction to Composition
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL N60; and Reading proficiency as assessed by the Reading assessment process
Expository paragraph writing emphasizing various methods including argumentation. Practice in refining sentence skills and grammar.

ENGL 061X
Accelerated Introductory Composition Skills
Unit(s): 5.0 Class Hours: 90.0 Lecture total.

Recommended Preparation: READ 101X or recommended to be taken concurrently with READ 101.
An introductory English course designed to prepare students for English 101, Freshman Composition, emphasizing sentence structure, paragraph writing, essay writing, and argumentation using reading-based modeling.

ENGL 062
Writing Center
Small group or individual conference-centered instruction to complement writing skills taught in EMLS 109, 110 and all English courses with the exception of English N60 and 061 and EMLS 112. May be repeated.

ENGL 066
Route to Writing Success: Freshman Composition Laboratory
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Corequisite: Must be taken concurrently with ENGL 101
Laboratory exercises are designed to explore and understand the reading process, the writing process, grammar and punctuation rules in order to successfully complete English 101. This class must be taken concurrently with an English 101 course.

ENGL 101 (C-ID ENGL 100)
Freshman Composition
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 061 or EMLS 112 or ENGL 061X; or qualifying profile from English placement process
Expository and argumentative essays and the research paper. Special interest sections described in schedule of classes.

CSU/UC

ENGL 101H (C-ID ENGL 100)
Honors Freshman Composition
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in EMLS 112 or ENGL 061X or ENGL 061; or qualifying profile from English placement process.
An enriched exposure to expository and argumentative essays and the research paper, requiring in-depth analysis of issues and substantive treatment of student-selected topics.

CSU/UC

ENGL 102 (C-ID ENGL 105, C-ID ENGL 110, C-ID ENGL 120)
Literature and Composition
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
A second semester course in composition and literature that uses literature to develop critical thinking skills with extensive readings selected from the four major genres.

CSU/UC

ENGL 102H (C-ID ENGL 105, C-ID ENGL 110, C-ID ENGL 120)
Honors Literature and Composition
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
An enriched approach designed for honors students. A second semester course in composition and literature that uses literature to develop critical thinking skills with extensive readings selected from the four major genres.

CSU/UC

ENGL 103 (C-ID ENGL 105)
Critical Thinking and Writing
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
This course focuses on developing critical thinking, reading, and writing skills by studying established argumentative methods and models and applying them to contemporary issues. Emphasis will be on logical reasoning and analytical and argumentative skills necessary for critical writing.

CSU/UC
ENGL 103H (C-ID ENGL 105)
Honors Critical Thinking and Writing
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

Enriched and intensive exploration of historical and contemporary issues. Application of critical thinking, writing and reading skills to established argumentative methods and models through student-initiated discussion and problem-solving in a seminar setting.

CSU/UC

ENGL 104 (C-ID ANTH 130)
Language and Culture
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

General introduction to the processes of human communication emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics; biological basis of language; and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. Same as Anthropology 104.

CSU/UC

ENGL 104H (C-ID ANTH 130)
Honors Language and Culture
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.

General introduction to the processes of human communication, emphasizing coextensive aspects of language and culture. Surveys core areas of linguistic anthropology: structural linguistics; biological basis of language; and sociolinguistics. Topics include acquisition of first and second languages, languages in contact, and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as basis of study. Requires individual research and oral presentation of readings in a seminar setting (Same as Anthropology 104H).

CSU/UC

ENGL 213 (C-ID ENGL 200)
Creative Writing
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

Introduction to writing techniques focusing on the four literary genres. Workshop format, emphasis on writing and critiquing.

CSU/UC

ENGL 220
Survey of the Bible as Literature
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

A study of the literary history, influence, and craftsmanship of the Bible and an exploration of related stories, poems, plays, essays, and other diverse materials.

CSU/UC

ENGL 222
Essential Information for English Major Success
Unit(s): 1.0 Class Hours: 18.0 Lecture total.

Recommended Preparation: Have an Electronic Educational Plan (ed plan) for the A. A. degree prepared with or reviewed by an academic counselor.

How to be a better prepared English major: introduces students to SAC’s English courses, pathways for law and literature at SAC, the diversity of career options, and transfer academic opportunities. Offers introductions to the literary analytical schools; current technology; the types of writing, research and reading expected of English majors; study techniques and approaches to overcoming barriers to success for English majors.

CSU

ENGL 231 (C-ID ENGL 160)
Survey of English Literature I
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

Introductory study of representative selections of British literature from the Anglo-Saxon period to the neo-classical period. Emphasis on authors best exemplifying their period, such as Chaucer, Shakespeare, Spenser, Jonson, Milton, Donne, Dryden, Johnson, Behn, Pope and others.

CSU/UC

ENGL 232 (C-ID ENGL 165)
Survey of English Literature II
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

Introductory study of representative selections from the English Romantic Movement to the present. Emphasis on those authors best exemplifying their period, such as Austen, Wordsworth, Coleridge, Byron, the Shelleys, Keats, Tennyson, Newman, Carlyle, the Brownings, Dickens, the war poets, Houseman, Yeats, Wilde and Woolf.

CSU/UC

ENGL 233A
Shakespeare’s Comedies and Romances
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

Study of selected Shakespearean comedies and romances. Emphasizes dramatic elements, depiction of human nature, and timeless/timely conflicts. Augmented by films and, if available, appropriate field trips. Different selections in English 233ABC.

CSU/UC

ENGL 233B
Shakespeare’s Tragedies and History Plays
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H

Study of selected Shakespearean history plays and tragedies. Emphasizes dramatic elements, depiction of human nature, and timeless/timely conflicts. Augmented by films and, if available, appropriate field trips. Different selections in English 233ABC.

CSU/UC
ENGL 233C
Shakespeare’s Theatre
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Study of selected Shakespearean plays. Emphasizes dramatic elements, depiction of human nature, and timeless/timely conflicts. Augmented by films and, if available, appropriate field trips. Different selections in English 233ABC.
CSU/UC

ENGL 241 (C-ID ENGL 130)
Survey of American Literature 1600-1865
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Survey of America's greatest works of literature from 1600-1865. Emphasizes the relationship between various works and general movements in American culture and literary history.
CSU/UC

ENGL 242 (C-ID ENGL 135)
Survey of American Literature, 1865-Present
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Survey of America’s greatest works of literature and their contributions to the American culture from 1865 to present. Emphasizes the relationship between literary and intellectual history.
CSU/UC

ENGL 243
The Modern American Novel
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Study of significant American novels written since 1900. May include, but not limited to works by Fitzgerald, Hemingway, Faulkner, Hurston, Heller, Kerouac, Nabokov, Erdrich, Cisneros, and Morrison.
CSU/UC

ENGL 245
The Image of African Americans in Literature and Films
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Examines literature and films by and about African-Americans in relationship to historical periods. Explores cultural, ethnic, and social environments for their impact on development of African-American images.
CSU/UC

ENGL 246
Survey of Chicano Literature
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Examines American literature by and about Chicanos. Emphasizes the relationships between various works and the Chicanos' place in American society/culture.
CSU/UC

ENGL 270 (C-ID ENGL 180)
Children's Literature
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, ENGL 101H
A study of literature for children emphasizing the history, trends, issues, and evaluation of all major genres: picture books, poetry, drama, traditional literature, non-fiction, and fiction, including full-length works.
CSU/UC

ENGL 271 (C-ID ENGL 140)
Survey of World Literature I
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Survey of selections from world masterpieces from the beginnings of writing through the 1600's. Literary works studied in historical context for artistic form, their influence on their culture and others, and general contribution to understanding human experience.
CSU/UC

ENGL 272 (C-ID ENGL 145)
Survey of World Literature II
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
Survey of world literary masterworks since the Renaissance studied for artistic form, cultural influence, and contributions to modern and contemporary thought.
CSU/UC

ENGL 278
Survey of Literature by Women
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101 or ENGL 101H
An historical survey of literature by women. Will include short stories, novels, plays, poetry, and non-fiction.
CSU/UC

ENGLISH AS A SECOND LANGUAGE

ESL N88
Verb Tenses
Unit(s): 1.5   Class Hours: 24.0 Lecture, 6.0 Lab total.
Prerequisite: Eligible for EMLS 107 or higher.
Intensive oral and written practice with verb forms and tenses in a variety of contexts. Laboratory is required. May be taken after ESL N89.

ENGLISH FOR MULTILINGUAL STUDENTS

EMLS N49
Introduction to Academic Speaking Skills
Unit(s): 3.0   Class Hours: 54.0 Lecture total.
Beginning course for non-native students with previous instruction in basic English as a second language. Includes listening discrimination, pronunciation, speaking and listening skill building. Skills are intensively practiced and reviewed. Not applicable to associate degree. Same as CMST N49.
**EMLS N52A**

**Beginning American English Pronunciation Skills**

Unit(s): 3.0  
Class Hours: 54.0 Lecture total.

Instruction in pronunciation of American English sounds, identifying commonly mispronounced sounds, and common sound spelling patterns. Not applicable to associate degree. Same as CMST N52A.

**EMLS N52B**

**Intermediate American English Pronunciation Skills**

Unit(s): 3.0  
Class Hours: 54.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in EMLS N52A

More extensive instruction in American English sounds. Emphasis on more difficult sounds, sound blends, word endings, syllable and word stress. Not applicable to associate degree. Same as CMST N52B.

**EMLS 055**

**Writing, Grammar and Reading I**

Unit(s): 6.0  
Class Hours: 108.0 Lecture total.

Prerequisite: Qualifying profile from ESL/EMLS placement process.  
Sentence-level and basic paragraph writing for multilingual students who can speak English but often make grammar mistakes when writing. Narrative paragraphs and journal writing. Revision and editing. Basic grammar including verb tenses and modals. Critical reading.

**EMLS 103**

**Grammar for Better Writing I**

Unit(s): 3.0  
Class Hours: 54.0 Lecture total.

Prerequisite: Qualifying profile from ESL/EMLS placement process.  
Recommended Preparation: Taking EMLS 104 concurrently is recommended.

Sentence refining course for multilingual students who can speak English but often make grammar mistakes when writing. Basic grammar including verb tenses, verbals, modals, nouns, pronouns, compound and complex sentences. Revision and editing.

**EMLS 104**

**College Reading and Writing I**

Unit(s): 5.0  
Class Hours: 90.0 Lecture total.

Prerequisite: Qualifying profile from ESL/EMLS placement process..  
Recommended Preparation: Taking EMLS 103 concurrently or prior to EMLS 104 is highly recommended.

Reading and paragraph-level writing course for bilingual students who need to improve skills in reading academic material and writing academic paragraphs. Emphasis on connection between reading and writing, responding to reading critically, following the writing process and editing.

**EMLS 105**

**Grammar for Better Writing II**

Unit(s): 3.0  
Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in EMLS 103.  
Recommended Preparation: Taking EMLS 106 concurrently is recommended.

Sentence refining course for bilingual students who can speak English but often make grammar mistakes when writing. Grammar focus is on sentence level accuracy, including transitions, the passive voice and multi-clause sentences. Revision and editing.

**EMLS 106**

**College Reading and Writing II**

Unit(s): 5.0  
Class Hours: 90.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in EMLS 104.

Recommended Preparation: Taking EMLS 105 concurrently or prior to EMLS 106 is highly recommended.

Reading and short essay-level writing course for bilingual students who need to improve skills in reading academic material and writing academic essays. Emphasis on connection between reading and writing, responding to reading critically, following the writing process and editing.

CSU

**EMLS 107**

**Writing, Grammar and Reading II**

Unit(s): 6.0  
Class Hours: 108.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in EMLS 055

Sentence and paragraph-level writing for multilingual students who can speak English but often make grammar mistakes when writing. Narrative and descriptive paragraphs. Revision and editing. Review of basic grammar. Practice with sentence variety. Critical reading.

CSU

**EMLS 109**

**Writing, Grammar and Reading III**

Unit(s): 6.0  
Class Hours: 108.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in EMLS 107

Paragraph-level writing for multilingual students who speak English fluently but make multiple grammar errors when writing. Descriptive, and expository paragraph practice. Revision and editing. Complex grammar structures. Critical reading.

CSU

**EMLS 110**

**Introduction to the Essay**

Unit(s): 4.0  
Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in EMLS 109

Introductory essay writing course for bilingual students who speak English fluently but make multiple grammar errors when writing. This composition course progresses from paragraph to essay, emphasizing basic expository modes, grammar review, critical reading, and revision and editing techniques.

CSU/UC

**EMLS 112**

**Advanced Composition**

Unit(s): 4.0  
Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in EMLS 110; and Passing Proficiency on the Reading Placement process.

Advanced-level writing course for bilingual students who are fluent in conversational English but make multiple grammar errors when writing. Emphasis is on complex expository modes, grammatical accuracy in writing, grammar review, research methods, critical reading skills, and revision and editing techniques.

CSU/UC
ENTREPRENEURSHIP

ENTR 100
Introduction to Innovation and Entrepreneurship
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Discover how the entrepreneurial mindset teaches life skills that can make you more successful now and at every stage of your life. Examine how that mindset affects the social, psychological, and physiological impact of those life skills. Learn the basics of how to start a business and learn how to think like an entrepreneur.
CSU

ENTR 104
Business Models
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Learn what a business model is and learn if a business model will make money. Discover how to filter business opportunities. Learn how to project whether business opportunities can be scalable, can target identifiable markets, and can achieve profitability.
CSU

ENTR 105
Social Media, Bootstrapping, and Market Validation
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Learn the latest Social Media & Bootstrap Marketing strategies & techniques. Discover how to do more with marketing while spending less. Learn what you need to know about your customer and your market by designing a sound research strategy. Discover how to implement a market validation strategy.
CSU

ENTR 106
Building an Entrepreneurial Team
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Learn how to create a network of principals, advisors, collaborators, managers, attorneys, accountants, and employees to build a successful business team. Explore how to organize your company and your business for day-to-day operations. Issues in hiring people and outsourcing.
CSU

ENTR 110
Capstone Business Simulations
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Participate in realistic hands-on business simulations. Make complex business decisions and learn the implications of decisions made. Learn real world business principles in an exciting business context.
CSU

ENTR 111
Capstone Entrepreneurial Case Studies
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Discuss complex entrepreneurial business cases in a highly interactive environment. Translate complex business cases into critical incidents. Translate critical incidents into simulations. Learn to analyze entrepreneurial problems and solutions.
CSU

ENTR 120
Introduction to Working as a Freelance Independent Contractor
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn the freelancer mindset. Learn how to work where you want, when you want, and how you want. Plan your life, your career, and your business. Develop your goals. Understand your personal strengths and skills. Learn how to turn your strengths and skills into viable, sustainable businesses by finding what is unique about you and turning that uniqueness into a personal brand.
CSU

ENTR 121
People Skills for the Freelancer
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn "people skills" - also known as "soft skills" - communication skills, technological skills, negotiation skills, and presentation skills needed to be successful as a freelance independent contractor. Develop your soft skills and selling skills to compete for business and keep customers happy.
CSU

ENTR 122
Opportunities in Freelance Industries and Trades
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn how to spot opportunities within a trade and industry. Learn how to network and connect within a trade and industry in order to get business and get mentors. Learn to understand the competitive economic landscape within a trade or industry. Develop opportunities into a viable, sustainable business. Understand how to travel and work in a global economy.
CSU

ENTR 123
Marketing to Attract Customers and Grow Your Freelance Business
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn marketing as it applies to the freelance independent contractor. Learn market research, business development, branding, pricing, promotion, advertising, social media, sales, distribution and customer service. Understand how to identify and sell to a niche market. Learn how to market on a limited budget. Learn how to market yourself online.
CSU

ENTR 124
Survival Finance and Accounting for the Freelancer-Show Me the Money
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn personal finance, business finance and basic accounting. Learn financial survival tips for the freelancer. Understand sources of financing, cash and cash flow, QuickBooks, financial statements, pricing and profits, getting paid, accounts receivables and payables, record-keeping, budgeting and taxes. Understand how to open and operate your business on a limited budget.
CSU
ENTR 125
Launch Your Freelance Business
Unit(s): 1.0 Class Hours: 18.0 Lecture total.
Learn how to launch a freelance business. Set-up and manage your operations. Learn about office locations, business licenses, insurance, government regulations, lawyers, entity formation, intellectual property, health insurance, work-life balance, leadership, teamwork, management and human resources. Topics include managing yourself, managing others and working with subcontractors.

CSU
ENTR 140
Fashion E-Commerce
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Learn how to create and manage an E-commerce store. Study of the operations of an established fashion E-Commerce retail business. Concepts of merchandising include buying, pricing, stock control, credit, credit control, omni-channel strategies, logistics, layout, customer service, marketing, and analytical software. Same as FDM 140.

CSU
ENTR 147
Acting for the Non-Actor
Unit(s): 3.0 Class Hours: 54.0 Lecture, 18.0 Lab total.
Acting techniques are learned to enhance life and business skills. Intended to help all individuals become more successful professionals in their chosen careers. Same as THEA 107.

CSU
ENTR 148
The Business of Entertainment
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
The study of business issues relating to the entertainment industry with a focus on the formats of film, web, TV, and live performance. This course is designed for individuals desiring a career in entertainment. Same as Theatre 108.

CSU
ENVIRONMENTAL STUDIES
ENVR 140 (C-ID GEOL 130)
Environmental Geology
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Introduction to environmental geology, the interaction between the Earth and mankind. Global study of geologic resources, resource management, geologic hazards, and waste remediation. Same as Geology 140.

CSU/UC
ENVR 170
Environmental Challenges of the 21st Century
Unit(s): 1.0 Class Hours: 18.0 Lecture total.
Examines the environmental impacts of increased human population on food, water and energy resources. Land use policies and environmental effects of pollution will also be analyzed. Same as Biology 170.

CSU
ENVR 200
Human Ecology
Formerly: Environment of Man
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A biological and physical science introduction to environmental problems such as energy, resources, pollution, land use, population and food, including economic and political factors. A natural science elective. Same as Biology 200.

CSU/UC
ENVR 259
Environmental Biology
Unit(s): 4.0 Class Hours: 54.0 Lecture, 54.0 Lab total.
Introduction to Environmental Biology. Includes study of ecosystems, population dynamics, classification, diversity of plant and animal species, effects of pollutants at both the cellular and organismal levels, and principles of ecology. Same as Biology 259. Field trips required.

CSU/UC
ETHNIC STUDIES
ETHN 101 (C-ID SJS 110)
Introduction to Ethnic Studies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course serves to broaden the ethnic and racial perspectives of students interested in American culture and society. It encompasses a historical overview of the social, cultural, political, and economic aspects of four ethnic groups -- Native/First People Americans, African/Black Americans, Latin Americans/Latina Americans/Latino Americans/Latinx Americans, and Asian Americans. Emphasis is placed on these groups' historical and contemporary relationships with each other and the rest of American society—Duplicate credit not granted for ETHN 101H.

CSU/UC
ETHN 101H (C-ID SJS 110)
Honors Introduction to Ethnic Studies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
This course serves to broaden the ethnic and racial perspectives of students interested in American culture and society. It encompasses a historical overview of the social, cultural, political, and economic aspects of four ethnic groups — Native Americans/First People, African/Black Americans, Latin Americans/Latina Americans/Latino Americans/Latinx Americans, and Asian Americans. Emphasis is placed on these groups' historical and contemporary relationships with each other and the rest of American society—Duplicate credit not granted for ETHN 101.

CSU/UC
ETHN 102
The Borderlands: Cultural Context and Intercultural Relations
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Analysis of the U.S.-Mexico border region: geographic, historic, and artistic significance. Discussions of “borders” in international, regional, community, and personal contexts, as they concern intercultural relations. Attention given to the cultural interactions of African American, Asian American, Chicana/o/@/x/e, Latina/o/@/x/e, and Native American ethnic groups within mainstream U.S. society. Duplicate credit not granted for ETHN 102H.

CSU/UC
FASHION DESIGN MERCHANDISING

ETHN 102H
Honors the Borderlands: Cultural Context and Intercultural Relations
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Analysis of the U.S.-Mexico border region: geographic, historic, and artistic significance. Discussions of “borders” in international, regional, community, and personal contexts, as they concern intercultural relations. Attention given to the cultural interactions of African American, Asian American, Chicana/o/x/e, Latina/o/x/e, and Native American ethnic groups within mainstream U.S. society.

CSU/UC

FDM 005
Fashion Laboratory
Unit(s): 0.5-3.0  Class Hours: 27.0-162.0 Lab total.
Supervised use of the fashion laboratory. Lab hours verified by sign-in. Twenty-four hours laboratory per 0.5 units. Not applicable to associate degree.

FDM 005A
Computer Fashion Laboratory
Unit(s): 0.5-1.5  Class Hours: 27.0-81.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in FDM 080 or FDM 081 or FDM 111A or FDM 111B or FDM 111C, FDM 140 or FDM 213 or FDM 215 or FDM 216
Advanced level of supervised use of the computer fashion laboratory. Lab hours verified by sign-in. Twenty-four hours laboratory per 0.5 units. Not applicable to associate degree.

FDM 052
Knit and Swim Suit Sewing
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Construction techniques to sew lingerie, bathing suits, athletic attire, and knit t-shirts. Emphasis is placed on serger and cover-stitch machine operation, fitting issues, and garment specification measurement techniques as related to knit garments for domestic and offshore production.

FDM 058
Decorative Apparel
Unit(s): 0.5  Class Hours: 4.5 Lecture, 13.5 Lab total.
Applied techniques of sewing embellishments on surface textures. Techniques include hand embroidery, beading, and appliqué. Pass/No Pass Only

FDM 080
Embroidery
Unit(s): 1.5  Class Hours: 18.0 Lecture, 27.0 Lab total.
Applied techniques of embroidered decorative embellishments using embroidery software and machinery.

FDM 081
Screen Printing
Formerly: Fabric Printing
Unit(s): 1.5  Class Hours: 18.0 Lecture, 27.0 Lab total.
Application techniques of surface textures and patterns using screen printing techniques. Course includes digital application of artwork and preparation for printing. Recommend some Adobe Illustrator knowledge prior to taking this course.

FDM 100
Introduction to the Fashion Industry
Formerly: Introduction to Fashion
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introduction to the development, structure, and interrelationship of the global fashion industry, including: Consumer characteristics, product design, textile and apparel production, retail merchandising, brand marketing, distribution, and promotion. An introduction to apparel business organizations, their commercial processes and career opportunities. Oral, written, and multimedia reports on current topics relevant to the fashion industry.

CSU

FDM 101
Buying and Merchandising
Unit(s): 3.0  Class Hours: 50.0 Lecture, 12.0 Lab total.
An introduction to retail buying. A foundation in retail principles associated with planning, buying, pricing, and merchandising is provided. Includes application of Microsoft Excel methods to create buying plans to satisfy consumer demands while aligning revenue and inventory requirements. Develop assortment planning, inventory management, SKU level demand analysis, inventory level evaluations, open to buy monitoring, and sales forecasting processes.

CSU

FDM 102
Promotion and Coordination
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A study of promotion techniques used by the apparel industry to raise awareness about goods and services for sale as well as to build brand image and recognition. Emphasis on new media including digital promotion strategies and social media. Includes promotion planning, direct marketing, public relations tools, salesmanship, and event production.

CSU

FDM 103
Fashion Selection
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Apparel selection based on historical perspective, culture, and fashion trends. This course will examine the interrelatedness of socio-psychological, economic and political/religious influences on dress. Cross-cultural analysis and interpretation of Western and non-Western clothing behavior. The fashion professional uses this information to better design, produce, and select products to meet the needs of a culturally diverse consuming population.

CSU

FDM 104
Textile Fibers and Fabrics
Unit(s): 3.0  Class Hours: 54.0 Lecture, 9.0 Lab total.
This course is a study of textile fibers and fabrics, their production/development, environmental impact, selection, use and care of wearing apparel and home furnishings. The course also covers current and future textile production and how appropriate performance characteristics are incorporated into materials and products.

CSU/UC
FDM 105A
Beginning Sewing
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Apparel garment construction techniques including seam finishes, edge finishes, manipulating garment fullness, and applying closures. Students will construct three full sized garments and a compilation of construction techniques. Students will conduct and document garment fittings, alter patterns, and apply fitting alterations to the sewn projects.

CSU

FDM 105B
Intermediate Sewing
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Includes being able to name and sew a minimum of six different types of seams and hems without having to look them up or completion of Fashion Design Merchandising 105A, Beginning Sewing.
Follow-up of Fashion Design Merchandising 105A, Beginning Sewing. Coordination of woven fabrics and pattern fitting in construction of class projects such as pants, dress shirts, and unlined jackets. Includes intermediate sewing technique samples such as tailored plackets, various fly zipper applications, bound buttonholes, and welt pockets.

CSU

FDM 106
Advanced Sewing
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 105A
Advanced clothing construction techniques appropriate for creating custom garments. Emphasis is placed on working with designer patterns, complex contemporary fabrics, couture sewing techniques, and embellishment techniques. Embellishment techniques include tambour beading, sequins, and heirloom techniques. Projects include a custom formal occasion garment, an heirloom embellishment, and a collection of hand sewn samples.

CSU

FDM 107
Custom Tailoring
Unit(s): 2.0    Class Hours: 18.0 Lecture, 54.0 Lab total.
Advanced sewing students will apply traditional tailoring techniques in completing a lined suit or coat, including hand pad stitching and edge taping.

CSU

FDM 108
RTW Apparel Quality and Construction Analysis
Formerly: RTW Quality Analysis
Unit(s): 3.0    Class Hours: 54.0 Lecture total.
A study of ready-to-wear apparel for quality evaluation of materials, construction, design, fit, care, and pricing related to consumer buying expectations. Introduction and application of garment industry manufacturing processes using production equipment to mass produce consumer products. Includes Enterprise Resource Planning (ERP), retail math, and Product Data Management (PDM) training. Students will learn how to take design concepts through the sourcing, costing, and production process to create a specifications/technical package. Includes concepts of sizing and principles of fit.

CSU

FDM 109
Flat Pattern Techniques
Unit(s): 3.5    Class Hours: 54.0 Lecture, 27.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 105A
Students will learn to use flat pattern basic block for pivoting and spreading methods to transfer trade sketches into first pattern garments. Students will be required to sew their sample garments.

CSU

FDM 110
Corset Construction
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 105A
Class covers historical and modern corsets. Students will build a corset from start to finish, including pattern drafting, boning construction, and fitting techniques. Students will also build a bustier dress.

CSU

FDM 111A
Fashion Illustration Techniques
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Application of the basic techniques of drawing fashion and garment flat trade sketches. Emphasis on current fashion industry design software Adobe Illustrator with some Photoshop. Pencils, markers, and watercolors are also incorporated.

CSU

FDM 111B
Fashion Illustration
Unit(s): 2.0    Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FDM 111A
Further fashion illustration techniques including color media, camera ready skills, and design of layouts. Focus on Croquis Development and alternative customers including children, maternity, men, and plus size.

CSU

FDM 112
Advanced Flat Pattern Making
Unit(s): 3.5    Class Hours: 54.0 Lecture, 27.0 Lab total.
Flat pattern drafting techniques applied to completing basic blocks and first patterns for pants and lined blazers/coats. Students are required to sew their sample garments. Included are various pattern drafting technique samples.

CSU

FDM 113
Fashion Draping
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 105A
Basic techniques of draping flat fabric into three dimensional garment styles on the dress form to create first patterns. Students are required to sew their sample garments.

CSU
FDM 114
3D Design
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 109; or pattern drafting knowledge

This course will teach students how to create 3D garments in Clo3D/Marvelous Designer. This course will take students having no knowledge of 3D software to developing designs, doing fittings, and creating renders.

By the end of the course students will also develop a portfolio of several projects.

CSU

FDM 125
Visual Display Merchandising
Formerly: Display Merchandising
Unit(s): 3.0  Class Hours: 48.0 Lecture, 18.0 Lab total.

Visual merchandise techniques and material in relation to the elements and principles of design and how it relates to the retail environment.

CSU

FDM 136 (C-ID THTR 174)
Fundamentals of Costume Design
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.

The study of costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated. Same as THEA 136.

CSU/UC

FDM 140
Fashion E-Commerce
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Learn how to create and manage an E-commerce store. Study of the operations of an established fashion E-Commerce retail business. Concepts of merchandising include buying, pricing, stock control, credit, credit control, omni-channel strategies, logistics, layout, customer service, marketing, and analytical software. Same as Entrepreneurship 140 Fashion E-Commerce.

CSU

FDM 212
Advanced Draping
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

Fashion design draping techniques further practiced in designing a four piece collection.

CSU

FDM 213
Apparel Line Production
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FDM 100 or FDM 108, and FDM 109, and FDM 111A

Instruction on designing a fashion line using industry production techniques and equipment. Techniques include computer sketching, computer pattern drafting, garment construction, catalogue creation, and online portfolio development. This is a capstone class and should be taken student’s final semester.

CSU

FDM 214
Tech-Packs for Manufactured Apparel
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 111A

Introduction and application of garment industry manufacturing processes using production equipment to mass produce consumer products. Includes Enterprise Resource Planning (ERP), retail math, and Product Data Management (PDM) training. Students will learn how to take design concepts through the sourcing, costing, and production process.

CSU

FDM 215
Computer Fashion Illustration
Formerly: Computer Flat Pattern Design, Grading, and Marking
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 109

Computerized fashion illustration is taught using computer software. Software programs include Adobe Illustrator, Photoshop, InDesign, and embroidery software. Student needs to know how to manually draw trade flats and posed figures prior to enrolling.

CSU

FDM 216
Computerized Garment Pattern Drafting
Formerly: Computer Flat Pattern Design, Grading, and Marking
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FDM 109

Computerized apparel pattern drafting is taught using Tuka Tech 2D and 3D design software as tools. Students will create original garment designs, draft the patterns on the computer, and virtually sew them up on the 3D software using an avatar fit model to create a sample line video. Instruction also includes pattern size grading, and marking. Prior to enrollment, students must be able to manually draft patterns, grade patterns, and sew.

CSU

FDM 299
Cooperative Work Experience Education
Unit(s): 1.0-6.0  Class Hours: 60.0-450.0 Lab total.

Recommended Preparation: 12 units of Fashion Design Merchandising courses completed with C or better.

This work experience course of supervised employment is designed to assist students to acquire career awareness, work habits, attitudes and skills related to the student’s college major. Credit may be accrued at the rate of one to six units per semester. One unit of course credit equals 75 hours of paid work or 60 hours of unpaid work. Student repetition up to 16 units is permissible per Title 5, Section 55253.

Pass/No Pass Only

CSU
FAC 007
Strength and Conditioning for the Fire Service
Unit(s): 2.0  Class Hours: 8.0 Lecture, 96.0 Lab total.

Corequisite: Completion with a grade of "C" or better or a Passing grade in FAC 050, and FAC 060A

Strength and conditioning course for students preparing for a career in the Fire Service. Emphasis will be placed on metabolic conditioning and strength development to meet the demand of fireground activities, attaining fireground movement competency and to obtain a passing score on the Physical Ability Test (PAT).

FAC 008
Biddle Physical Ability Test (PAT)
Formerly: Firefighter I Physical Ability Examination
Unit(s): 0.1  Class Hours: 1.0 Lecture, 3.0 Lab total.

The Los Angeles County and Orange County Fire Chief’s Physical Ability Test is designed to examine the physical ability of the individual when it comes to performing the functions or tasks of a firefighter.

Pass/No Pass Only

FAC 017
Physical Ability Instructor Course
Unit(s): 0.1  Class Hours: 2.0 Lecture, 2.0 Lab total.

Recommended Preparation: Fire Technology, Kinesiology or Exercise Science-related degree completed or in-progress. Familiarity with the essential job tasks in the fire service and with physical ability testing for entry-level firefighters. Immediate potential to be considered for hire as a part-time faculty in SAC Fire Technology by meeting minimum qualifications

Designed to train instructors to administer the Biddle Physical Ability Test and to evaluate each instructor’s ability to reliably and accurately administer and score the test.

Pass/No Pass Only

FAC 018A
Firefighter I Physical Ability Practice(Exam)
Unit(s): 0.1-0.3  Class Hours: 5.0-16.0 Lab total.

Training designed specifically for the fire service and those interested in entering the fire service. May not be used to obtain eligibility for the basic fire academy.

FAC 018B
Beginning Fire Physical Ability Training
Unit(s): 0.1-0.5  Class Hours: 5.0-32.0 Lab total.

Students will be introduced to the events of the "Biddle" Firefighter Physical Ability Test (Fire Academy 008). This is a supplemental learning assistance course designed to prepare the student for participation and successful completion of FAC 008. Students will perform physical exercise using fire hose, ladders, stairs, TRX, kettlebells and other equipment. Students will learn proper body mechanics; correct lifting techniques and appropriate physical conditioning principles.

FAC 018C
Intermediate Fire Physical Ability Training
Unit(s): 0.1-0.5  Class Hours: 5.0-32.0 Lab total.

Students will practice the individual events of the “Biddle” Fire Fighter Physical Ability Test (Fire Academy 008). This is a supplemental learning assistance course designed to prepare the student for participation and successful completion of FAC 008. Students will perform physical exercise using fire hose, ladders, stairs, TRX, kettlebells and other equipment. Students will learn proper body mechanics; correct lifting techniques and appropriate physical conditioning principles.

FAC 018D
Advanced Fire Physical Ability Training
Unit(s): 0.1-0.5  Class Hours: 5.0-32.0 Lab total.

Students will practice and condition for successful completion of the “Biddle” Fire Fighter Physical Ability Test (Fire Academy 008). This is a supplemental learning assistance course designed to prepare the student for participation and successful completion of FAC 008. Students will perform physical exercise using fire hose, ladders, stairs, TRX, kettlebells and other equipment. Students will learn proper body mechanics; correct lifting techniques and appropriate physical conditioning principles.

FAC 028
Physical Training for Fireground Operations
Unit(s): 1.0-2.5  Class Hours: 8.0 Lecture, 24.0-96.0 Lab total.

Prerequisite: Students must provide their own personal protective equipment and tools that meet current NFPA requirements and completion of an approved Fire Academy or signed statement by the agency’s Fire Chief or designee stating the sponsored student is eligible to complete the training requirements for FFI.

Physical training course will provide an intense hands-on approach to fireground movement and energy system specificity. Focus will be on skill competency, an understanding of performance enhancement and injury prevention practices. Students will gain knowledge of proper training practices through lecture and participation in physical training designed to overload, progress, and decrease reversibility in an effective and safe manner.

FAC 029
Public Safety Wellness and Fitness-Operation and Safety Training
Unit(s): 2.0  Class Hours: 8.0 Lecture, 95.0 Lab total.

Occupation specific wellness and fitness principles to prepare those who respond to emergencies, accidents, local and national disasters and terrorist attacks. Physical fitness concepts and activities prepare the student for any threat whether physical, environmental or psychological. Individualized fitness assessment, fitness profile and exercise prescription provided.

FAC 031
Fire Specialist Academy, Vehicle Rescue and Extrication
Unit(s): 0.5  Class Hours: 8.0 Lecture, 8.0 Lab total.

A course in rescue incident management and includes police coordination/cooperation, assessment, triage, extrication, field equipment, and stabilization. Not offered every semester.

FAC 035
Confined Space Rescue Technician
Unit(s): 1.0  Class Hours: 10.0 Lecture, 30.0 Lab total.

Prerequisite: Confined Space Awareness. Student must bring Confined Space Awareness certificate of completion to first class meeting or they be dropped from the class.

This course is designed for all emergency personnel with confined spaces within their jurisdiction. This course is an intensive hands-on training program that will prepare the student to respond to confined space emergencies. This course of instruction prepares the student in identifying confined spaces and permit-required confined spaces, the hazards associated with permit required confined spaces, target industries and hazards, state and federal regulations, components of a rescue operation, and the roles and responsibilities of the rescue team. Meets CFSTES requirements for professional certification. Additional materials fee may be required for state course completion certificate. This course is limited to 36 students. Not offered every semester.
FAC 041A
Reserve Firefighter Academy
Unit(s): 9.0  Class Hours: 144.0 Lecture, 22.0 Lab total.
Basic and predictable level of knowledge, skills, and ability among those individuals destined for assignment to an wildland fire crew. Includes EMS and Hazmat First Responder. Meets minimum departmental requirements for safety. Additional materials fees may apply. Not offered every semester.

FAC 050
Fire Suppression Training Academy
Unit(s): 22.5  Class Hours: 266.0 Lecture, 294.0 Lab total.
Prerequisite: Concurrent enrollment in FAC 007. Medical exam in accordance with NFPA 1582 and FAC 008.
Basic and predictable level of knowledge, skills, and ability among those individuals destined for assignment to an wildland fire crew. Includes EMS and Hazmat First Responder. Meets minimum departmental requirements for safety. Does not meet requirements of OCFCA or California State Firefighter 1 criteria. Additional materials fees may apply. Not offered every semester.

FAC 060A
Basic Fire Academy - Fire Fighter 1A Structure
Formerly: FAC 060 Basic Fire Academy
Unit(s): 10.0  Class Hours: 84.0 Lecture, 288.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FTC 101, and FTC 102, and FTC 103, and FTC 104, and FTC 105, and FTC 106, and FTC 121, and FTC 121L, and FAC 008
Basic and predictable level of knowledge, skills, and ability among those individuals destined for assignment to an wildland fire crew. Includes EMS and Hazmat First Responder. Meets minimum departmental requirements for safety. Does not meet requirements of OCFCA or California State Firefighter 1 criteria. Additional materials fees may apply. Not offered every semester.

FAC 060B
Firefighter 1B - Hazardous Materials / WMD
Unit(s): 1.0  Class Hours: 18.0 Lecture, 8.0 Lab total.
This course provides the awareness skills and knowledge needed for the entry-level firefighter to recognize and identify hazardous materials and weapons of mass destruction (WMD), isolate hazards and deny entry, and initiate required notification. At the operations level, this course provides the skills and knowledge needed to identify incident scope; select, use, and inspect PPE; perform emergency decontamination; perform assigned tasks at a hazardous materials/WMD incident including product control techniques; and evaluate and report incident progress (2019). A California Firefighter 1 certification contains three levels of Professional Qualifications set by the National Fire Protection Association (NFPA). FF 1B includes the second level of professional qualifications: NFPA 1072: Hazardous Material Awareness and Operations. Material fees required.

FAC 060C
Firefighter 1C - Wildland Firefighter 1
Unit(s): 2.0  Class Hours: 30.0 Lecture, 34.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in FAC 060A
This course provides the skills and knowledge needed for the entry-level firefighter to recognize hazards and unsafe situations; don, doff, and maintain wild and personal protective equipment; deploy a fire shelter; maintain suppression hand tools and equipment; assemble and prepare for response; construct and secure a fire line; reduce the threat of fire exposure to improved properties; and mop up and patrol a fire area when working with wild land fires. Firefighter 1C, Wildland Course Plan (2016). A California Firefighter 1 certification contains three levels of Professional Qualifications set by the National Fire Protection Association (NFPA). FF1C includes the third level of professional qualifications: NFPA 1051: Wildland Firefighter 1. Material fees required. Students must rent approved turn-outs and other personal protective equipment from designated vendor. Departmental approval required for enrollment.

FAC 062
Basic Incident Command Systems
Unit(s): 0.3  Class Hours: 0.5 Lecture, 15.5 Lab total.
Basic principles of command, knowledge, and skills common to all positions in the Incident Command System (ICS). Pass/No Pass Only

FAC 062A
Strike Team Leader Orientation (ICS)
Unit(s): 0.5  Class Hours: 8.0 Lecture total.
State Office of Emergency Service procedures for fire departments assigned to OES when responding to a mutual aid incident.

FAC 063
Rescue Systems 1: Basic Rescue Skills
Unit(s): 0.5  Class Hours: 40.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FAC 060.
Recommended Preparation: Completion of Low Angle Rope Rescue: Operational.
Designed for all emergency response personnel. Key topics include: Team organization, rescue, and environmental considerations, use of ropes, knots rigging and pulley systems, descending, rappelling, and belaying tools and techniques, subsurface rescue techniques, use of cribbing, wedges, cutting/prying and hydraulic tools, use of fire service ladders in specialized rescue situations, and day and night simulated rescue exercises. Additional materials fees may be required. Not offered every semester.
FAC 070
Firefighter I Certification Refresher
Unit(s): 1.0 Class Hours: 4.0 Lecture, 48.0 Lab total.
Prerequisite: Completion of a Firefighter I academy and applying for certification testing; or A signed statement by the agency's Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-1; or Documentation of approval from the California State Fire Training for a certification retest.
Prepares students to meet the State Fire Training (SFT) requirements for Firefighter I (FFI) including the capstone knowledge and skills necessary to pass FFI testing. Upon successful completion, students receive a pass letter from SFT and a FFI pass certificate from the college. Additional materials fees required. May not be offered every semester.

FAC 071A
Ventilation Review
Unit(s): 0.5 Class Hours: 8.0 Lecture, 8.0 Lab total.
Theory of positive pressure ventilation and panelized roofs; student will participate in walking, sounding, and cutting panelized roofs.

FAC 072
Emergency Trench Shoring
Unit(s): 0.5 Class Hours: 8.0 Lecture, 8.0 Lab total.
Prerequisite: Completion of an accredited Firefighter I fire academy or equivalent training as determined by the Dean of Instruction for the Fire Academy. Must bring certificate of completion to first class meeting or be dropped from the course and Completion of Rescue Systems I course. Students must bring certificate of completion to the first class or be dropped from the course or A letter from the Fire Chief (or designee) stating the sponsored student has successfully completed the equivalent training.
This course provides an update for first responders in emergency trench operations. Includes general safety and OSHA regulations relative to open trenches or excavations in potentially hazardous situations.

FAC 076
Low Angle Rope Rescue Operational
Unit(s): 1.0 Class Hours: 12.0 Lecture, 12.0-20.0 Lab total.
The Low Angle Rope Rescue Operational course is designed to provide training for responders in low angle rope rescue operations. These over-the-side operations may be the result of a vehicle accident, hiking mishap, swift water rescue or search and rescue function in an urban or remote area. This course will also provide training in a subject element required for the California Urban Search and Rescue (US&R) Basic and Light Operational Level by serving as the prerequisite training for students wishing to continue training in a Rescue Systems I course. Additional materials fees may be required for state training course completion certificate. Not offered every semester.

FAC 076A
High Angle Rope Rescue
Unit(s): 1.0 Class Hours: 12.0 Lecture, 12.0 Lab total.
Designed to equip the students with information, techniques, and methods for utilizing rope, webbing, hardware, friction devices, and stretchers in high angle/high rise rope rescue situations. Additional materials fees may be required. Not offered every semester.

FAC 079A
S-339 Division/Group Supervisor- ALL RISK
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: ICS-300, Intermediate I.C.S. Students must bring certificate of completion to first class meeting or be dropped from the course; and Qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions – one must be STCR or STEN. Students must bring evidence to first class meeting or be dropped from the course.
This course prepares students to perform in the role of division/group supervisor during wildland fire operations. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. May require additional material fees. Not offered every semester.

FAC 079B
S-330 Task Force-Strike Leader
Unit(s): 0.5 Class Hours: 2.0 Lecture, 22.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.
This course is designed to meet the training requirements outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task books developed for the positions of task force leader and strike team leader. Most examples and exercises in this course are specific to wildland fire suppression, although some all-hazards exercises are included.

FAC 079D
S-440 Planning Section Chief
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.

FAC 079A
S-339 Division/Group Supervisor- ALL RISK
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: ICS-300, Intermediate I.C.S. Students must bring certificate of completion to first class meeting or be dropped from the course; and Qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions – one must be STCR or STEN. Students must bring evidence to first class meeting or be dropped from the course.
This course prepares students to perform in the role of division/group supervisor during wildland fire operations. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. May require additional material fees. Not offered every semester.

FAC 079B
S-330 Task Force-Strike Leader
Unit(s): 0.5 Class Hours: 2.0 Lecture, 22.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.
This course is designed to meet the training requirements outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task books developed for the positions of task force leader and strike team leader. Most examples and exercises in this course are specific to wildland fire suppression, although some all-hazards exercises are included.

FAC 079D
S-440 Planning Section Chief
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.

FAC 079A
S-339 Division/Group Supervisor- ALL RISK
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: ICS-300, Intermediate I.C.S. Students must bring certificate of completion to first class meeting or be dropped from the course; and Qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions – one must be STCR or STEN. Students must bring evidence to first class meeting or be dropped from the course.
This course prepares students to perform in the role of division/group supervisor during wildland fire operations. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. May require additional material fees. Not offered every semester.

FAC 079B
S-330 Task Force-Strike Leader
Unit(s): 0.5 Class Hours: 2.0 Lecture, 22.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.
This course is designed to meet the training requirements outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task books developed for the positions of task force leader and strike team leader. Most examples and exercises in this course are specific to wildland fire suppression, although some all-hazards exercises are included.

FAC 079D
S-440 Planning Section Chief
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.

FAC 079A
S-339 Division/Group Supervisor- ALL RISK
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: ICS-300, Intermediate I.C.S. Students must bring certificate of completion to first class meeting or be dropped from the course; and Qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions – one must be STCR or STEN. Students must bring evidence to first class meeting or be dropped from the course.
This course prepares students to perform in the role of division/group supervisor during wildland fire operations. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct students in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. May require additional material fees. Not offered every semester.

FAC 079B
S-330 Task Force-Strike Leader
Unit(s): 0.5 Class Hours: 2.0 Lecture, 22.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.
This course is designed to meet the training requirements outlined in the PMS 310-1, Wildland Fire Qualification System Guide and the position task books developed for the positions of task force leader and strike team leader. Most examples and exercises in this course are specific to wildland fire suppression, although some all-hazards exercises are included.

FAC 079D
S-440 Planning Section Chief
Unit(s): 0.5 Class Hours: 4.0 Lecture, 16.0 Lab total.
Prerequisite: Qualified as any single resource boss. Must bring evidence to first class session or be dropped from the course; and Successful completion of the pre-course work and satisfactory completion of pre-selection assessment.
### FAC 080D
#### S-290 Intermediate Wildland Fire Behavior

Unit(s): 0.5  Class Hours: 32.0 Lab total.

Prerequisite: S-190 Certification. Students are required to bring a copy of their S-190 certificate to the first class session or they will be dropped from the course.

This is a classroom-based skills course designed to prepare the prospective fireline supervisor to undertake safe and effective fire management operations. It is the second course in a series that collectively serves to develop fire behavior prediction knowledge and skills. Fire environment differences are discussed, with a focus on local conditions. Materials fees may be required. Not offered every semester.

### FAC 083
#### Hazardous Materials First Responder: Awareness Level

Unit(s): 0.1  Class Hours: 8.0 Lab total.

The purpose of this course is to provide participants who are likely first responders with an improved capability to respond to Haz Mat events in a safe and competent manner, within the typical resource and capability limitations at the "Awareness" Level. Meets the requirements of CFR 29 1910.120 and CCR Title 8, and satisfies the requirements for Fire Inspector I certification through both State Fire Training and the International Code Council. Additional material fees may be required. Not offered every semester.

Pass/No Pass Only

### FAC 084
#### Hazardous Materials First Responder Operational Level

Unit(s): 0.5  Class Hours: 12.0 Lecture, 4.0 Lab total.

This class is designed for fire department personnel who may respond to releases or potential releases of hazardous materials as part of the initial response to the site for the purpose of protecting nearby persons, property or the environment from the effects of the release. Defensive tactics to contain the release from a safe distance, keep it from spreading, and prevent exposures without trying to stop the release. This course may require additional materials fees for state course completion certificate. This course is limited to 40 students. May not be offered every semester.

### FAC 084A
#### Hazardous Materials First Responder Operational, Decontamination

Unit(s): 0.3  Class Hours: 4.0 Lecture, 8.0 Lab total.

Recommended Preparation: Participants who desire to take this training should have already had training equal to or greater than, First Responder Operations (FRO), as defined in the OSHA HAZWOPER regulation. Proof of FRO training is required prior to attendance. Additionally, participants must have had sufficient training in Respiratory Protection that includes the ability to don and doff a Self-Contained Breathing Apparatus (SCBA).

This course is designed for hazardous material emergency response personnel. This course will provide the HazMat emergency responder with the processes used in decontamination and methods to limit the spread of hazardous materials contamination in a safe and competent manner. This is a hands-on class associated with Hazardous Materials First Responder, Operational. Additional materials fees may be required for state certificate of completion. Not offered every semester. Additional material fees may be required. Maximum class size: 40.

### FOT 008A
#### S-339 Division/Group Supervisor All Risk

Unit(s): 0.5  Class Hours: 2.0 Lecture, 22.0 Lab total.

Prerequisite: I-300 Intermediate ICS. Bring course completion certificate to first class session; and I-400 Advanced ICS. Students must bring course completion certificate to first class session; and Satisfactory completion of pre-course work.

Recommended Preparation: Qualified as a Task Force Leader (TFLD) or Incident Commander Type 3 (ICT3) or Incident Commander Type 4 (ICT4) and in any two Strike Team Leader positions – one must be STCR or STEN

This course prepares students to perform in the role of division/group supervisor. It provides instruction in support of the specific tasks of the division/group supervisor, but will not instruct the student in general management/supervision or in the incident command system (ICS), both of which the student should learn through prerequisite work. Topics include division/group management, organizational interaction, division operations, all-hazard operations, and tactical decision games. There is a final examination in this course. Additional materials fee required for State Fire Training Course Completion Certificate. May not be offered every semester.

### FOT 008E
#### S-445 Incident Training Specialist

Unit(s): 1.0  Class Hours: 19.0 Lecture, 3.0 Lab total.

Prerequisite: Read the pre-course work orientation guide Wildland Fire Qualifications System Historical Overview. Complete the pre-course work questions by referencing the Wildland Fire Qualifications System Historical Overview and the NIMS Wildland Fire Qualification System Guide, PMS 310-1.

Designated to train personnel to perform the duties of a Training Specialist. Duties include coordinating incident training opportunities and activities, ensuring the quality of training assignments, and completing documentation of the incident training. Additional course fees required for State Fire Training Certificate of Completion. This course may not be offered every semester. There may be additional material fees. Maximize class size: 40

### FOT 017
#### Fire Control 5

Unit(s): 0.5  Class Hours: 15.0 Lecture, 9.0 Lab total.

Designed to familiarize students with the different types of helicopter and aircraft rescues. Personal safety and rescue equipment will be demonstrated. The human factors and stress involved with aircraft rescue will be discussed.

### FOT 032
#### ICS-300 Intermediate ICS

Unit(s): 0.5  Class Hours: 24.0 Lab total.

Recommended Preparation: ICS 200- Students must bring copy of certificate of completion to first class session or they will be dropped from the course.

This course provides description and detail of the Incident Command System (ICS) organization and operations in supervisory roles on expanding or Type 3 incidents. Topics include: ICS fundamentals review, incident/event assessment and agency guidance in establishing incident objectives, Unified Command, incident resource management, planning process, demobilization, transfer of command, and close out. This course is designed For: Type 3 Incident Management Team (IMT) candidates, incident middle management (Unit Leaders, Division/Group Supervisors, and Strike Team Leaders), elected officials, line officers, lead dispatchers, Multi-agency Coordination (MAC) members, director heads (public works director, fire chief, sheriff), emergency managers, and agency representatives.
FOT 033
ICS-400 Incident Command
Unit(s): 0.5 Class Hours: 24.0 Lab total.

Prerequisite: ICS-300, Intermediate ICS with a pass; Students must bring documentation of prerequisites to first class meeting. Failure to comply will result in student being dropped.

This course directs the student towards an operational understanding of large single-agency and complex multi-agency/multi-jurisdictional incident responses. Topics include fundamentals review for command and general staff, major and/or complex incident/even management, area command and multi-agency coordination.

FOT 035
Vehicle Extrication
Formerly: Auto Extrication
Unit(s): 0.5 Class Hours: 2.0 Lecture, 22.0 Lab total.

Prerequisite: 1. Firefighter I training (certification not required). 2. Public Safety First Aid and CPR (CA Health and Safety Code 1979.182) 3. Full structural personal protective equipment (including hand and eye protection)

Provides hands-on experience in the procedures and systems utilized during an automobile extrication. Subjects covered include: auto extrication, types of hand and power tools, removing windows, opening doors, removing roofs, pulling steering wheels, moving foot pedals, raising dashboards, pulling seats, stabilization of vehicles, and simulated rescues of trapped victims.

FOT 044
Fire Investigation 1A: Fire Origin and Cause Determination
Unit(s): 0.5 Class Hours: 40.0 Lab total.

This course provides the participants with an introduction and basic overview of fire scene investigation. The focus of the course is to provide information on fire scene indicators and to determine the fire's origin. Additional fee required for OSFM Certificate of Completion.

FOT 045
Fire Investigation 1B: Techniques of Fire Investigation
Unit(s): 0.5 Class Hours: 40.0 Lab total.

Prerequisite: OSFM - Investigation 1A with a grade of B or better. Students must bring documentation of prerequisites to first class meeting; failure to comply will result in student being dropped Investigation 1A with a grade of B or better. Students must bring documentation of prerequisites to first class meeting; failure to comply will result in student being dropped.

This course provides a deeper understanding of fire investigation and builds on Fire Investigation 1A. Topics include the juvenile fire setter, report writing, evidence preservation and collection, interview techniques, motives, and fire fatalities.

FOT 050
Community Emergency Response Team
Unit(s): 0.2-0.5 Class Hours: 10.0-30.0 Lab total.

Educating the public to respond to terrorism response issues, theories, and methodologies for disaster mitigation.

FOT 060
Fire Apparatus Driver/Operator 1A: Driver/Operator
Unit(s): 0.5 Class Hours: 40.0 Lab total.

Prerequisite: Hold a valid Class C driver’s license. License must be brought to first class session or student will be dropped from the course.

This course provides information on fire apparatus preventive maintenance and driving/operating. Topics include routine tests, inspections, and servicing functions; producing hand, master, and foam fire streams, relay pump operations; and supplying water to fire sprinkler and standpipe systems. This course is designed for career and volunteer fire service personnel who drive and operate a fire department pumping apparatus. This course is based on the 2014 edition of NFPA 1002 Standard for Fire Apparatus Driver/Operator Professional Qualifications. This course satisfies partial requirements for State Fire Training Fire Apparatus Driver/Operator - Pumping Apparatus (2015) certification. A materials fee may be required. This course may not be offered every semester.

FOT 061
Fire Apparatus Driver/Operator 1B: Pumping Apparatus Operations
Unit(s): 0.5 Class Hours: 40.0 Lab total.

Prerequisite: Hold a valid Class C Firefighter Endorsed driver’s license (minimum). License must be brought to first class session or student shall be dropped from the course. Fire Apparatus Driver/Operator 1A (2008 or 2015 version). Certificate of completion must be brought to first class session or student shall be dropped from the course. and Completion of an accredited basic fire academy or equivalent as determined by the by the Associate Dean of Fire Technology prior to the start of the course. Students seeking to enter this course with equivalent training may be required to demonstrate knowledge of the following topics prior to the start of the course: Describe or explain: Fire hydrant operations; Suitable static water supply sources; Procedures and protocols for connecting to various water sources; Methods to fully open and close the hydrant; Principles of fire streams; flow capabilities of nozzles; Fittings, tools, and appliances; Open, close, and adjust nozzle flow and patterns; Prevent water hammer when shutting down nozzles; Hand lay a supply hose; Connect a supply hose to a hydrant; Make hydrant-to-engine hose connections for forward and reverse lays; Replace coupling gaskets; Mark defective hose

NOTE: Approval of equivalent training is not a guarantee that state or licensing agencies will also grant equivalency.

This course provides information on pumping apparatus preventive maintenance and operations. Topics include routine tests, inspections, and servicing functions; producing hand, master, and foam fire streams, relay pump operations; and supplying water to fire sprinkler and standpipe systems. This course is designed for career and volunteer fire service personnel who drive and operate a fire department pumping apparatus. This course is based on the 2014 edition of NFPA 1002 Standard for Fire Apparatus Driver/Operator Professional Qualifications. This course satisfies partial requirements for OSFM certification for Fire Apparatus Driver/Operator - Pumping Apparatus. Materials fee may be required. Not offered every semester.
FOT 078
S-230 Crew Boss (Single Resource)
Unit(s): 0.5 Class Hours: 26.0 Lab total.
Prerequisite: Satisfactory completion of pre-course work; and Qualified as firefighter type 1 (FFT1). Bring evidence of training or certification to first class session; and S-290 Wildland Fire Behavior. Bring copy of course completion certificate to class.

Designed for fire service personnel desiring to be qualified as an Engine Boss (ENGB). Training for the single resource boss position from initial dispatch through demobilization to the home unit. Topics include operational leadership, preparation and mobilization, assignment preparation, risk management, entrainment avoidance, safety and tactics, offline duties, demobilization, and post incident responsibilities. Additional materials fee required for CA State Fire Training Certificate of Completion. This course is limited to 30 students.

FOT 078A
S-130 Firefighter Training - Wildland
Unit(s): 0.7 Class Hours: 32.0 Lecture total.

Designed to train firefighters in the basic fire behavior factors that will aid them in safe and effective control of wildland fires.

FOT 078B
S-215L Urban Wildland Interface Firefighting
Unit(s): 0.7 Class Hours: 32.0 Lecture total.

S-215L Urban wildland interface firefighting is a course designed to teach fire crews the principles of backfire/burnout and the necessary firing techniques and related firing devices used to accomplish either of these suppression methods.

FOT 078D
ICS 223-10, Wildland Line EMT
Unit(s): 0.3 Class Hours: 18.0 Lab total.
Prerequisite: Current California State Certification as an EMT or NREMT

Designed to train firefighters in preserving health and safety of suppression team members during wildland incidents and make available EMT-1 level care in the field.

FOT 079
S-404 Safety Officer
Unit(s): 0.5 Class Hours: 2.0 Lecture, 26.0 Lab total.
Recommended Preparation: Qualified as Division/Group Supervisor (DIVS).

Designed to train company/chief officers in the advanced wildland fire safety factors that will aid them in safe and effective control of wildland fires. Not offered every semester. Materials fees may be required.

FOT 079B
S-231 Engine Boss
Unit(s): 0.3 Class Hours: 16.0 Lab total.
Prerequisite: S-230 certification and qualified as a Fire Fighter Type 1 (FFT1) as per OSFM

This is a skill course designed to produce student proficiency in the performance of the duties associated with engine boss, single resource (ENGB). Topics include engine and crew capabilities and limitations, information sources, fire sizeup considerations, tactics, and wildland/urban interface.
CSU Materials fee required. Not offered every semester.

Meet partial requirements for CFSTES Fire Inspector Certification.

FOT 130B
Fire Inspector 1B: Introduction to Fire and Life Safety
Unit(s): 1.5 Class Hours: 24.0 Lecture total.

Prerequisite: FTC 104, and FTC 105, and FTC 106; or equivalent as determined by the Dean of academy instruction. To be successful in this course students must be able to: Describe the basic elements of a public water supply system as it relates to fire protection; Describe the basic elements of a public water supply system including sources, distribution networks, piping and hydrants; Understand theoretical concepts of how fire impacts major types of building construction; Describe building construction as it relates to firefighter safety, buildings codes, fire prevention, code inspection, firefighting strategy, and tactics; Differentiate between fire resistance, flame spread, and describe the testing procedures used to establish ratings for each; Classify occupancy designations of the building code; Describe inspection practices and procedures and Describe the history and philosophy of fire prevention.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FOT 130A

This course will provide fire prevention professionals with the base level of knowledge necessary to inspect fire protection systems and special hazards.

CSU

FOT 130C
Fire Inspector 1C: Field Inspection
Unit(s): 1.5 Class Hours: 24.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 104, FOT 105, and FOT 106; or equivalent as determined by the Dean of academy instruction. To be successful in this course students must be able to: Identify and describe various types and uses of fire protection systems; Identify the different types and components of sprinkler, standpipe and foam systems; Identify the different types of non-water based fire suppression systems; Explain the basic components of a fire alarm system; Describe the hazards of smoke and list the four factors that can influence smoke movement in a building; Discuss the appropriate application of fire protection systems; Explain the operation and appropriate application for the different types of portable fire protection systems; Understand theoretical concepts of how fire impacts major types of building construction; Describe building construction as it relates to firefighter safety, buildings codes, fire prevention, code inspection, firefighting strategy, and tactics; Identify various classifications of building construction; Identify laws, codes, ordinances, and regulations as they relate to fire prevention; Define laws, rules, regulations, and codes and identify those relevant to fire prevention of the authority having jurisdiction; Understand code enforcement as it impacts life and property loss and describe inspection practices and procedures.

Recommended Preparation: FOT 130B

This course provides students with a basic knowledge of field inspection roles and responsibilities of a Fire Inspector I including basic plan review, emergency access for an existing system, hazardous materials, and the operational readiness of fixed fire suppression systems, existing fire detection and alarm systems, and portable fire extinguishers. Designed for the entry level fire inspector. Meets partial requirements for CFSTES Fire Inspector Certification.

Materials fee required. Not offered every semester.

CSU

FOT 130D
Fire Inspector 1D: Field Inspector
Unit(s): 1.0 Class Hours: 18.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FTC 104, and FTC 105, and FTC 106

This course provides students with a basic knowledge of a Fire Inspector's field inspection roles and responsibilities specific to California including tents, canopies, and temporary membrane structures; fireworks and explosives; and wildland urban interface environments. Students receive a Certificate of Completion from the Office of the State Fire Marshal. Not offered every semester. Materials fee required.

CSU

FOT 136
Fire Inspector 2A: Fire Prevention Administration
Unit(s): 1.0 Class Hours: 18.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 130A, and FOT 130B, and FOT 130C, FOT 130D

This course provides students with a basic knowledge of the administrative requirements related to the roles and responsibilities of a Fire Inspector II including processing permit and plan review applications, enforcing permit regulations, investigating complex complaints, recommending modifications to codes and standards, recommending policies and procedures for inspection services, generating written appeals correspondence, initiating legal action, evaluating inspection reports, and proposing technical reference material acquisition. Additional material fee required for Ca State Fire Training certificate of completion. May not be offered every semester.

CSU

FOT 137
Fire Inspector 2B: Fire and Life Safety Requirements
Unit(s): 1.5 Class Hours: 27.0 Lecture total.

Corequisite: Completion with a grade of "C" or better or a Passing grade in FOT 136

This course provides students with a basic knowledge of fire and life safety requirements related to the roles and responsibilities of a Fire Inspector II including occupancy classification, egress elements, emergency plans and procedures, occupant loads, building construction and fire growth potential. Materials fee required for State Fire Training (CFSTES) Certificate of Completion. Not offered every semester.

CSU

FOT 138
Unit(s): 1.0 Class Hours: 18.0 Lecture total.

Corequisite: Completion with a grade of "C" or better or a Passing grade in FOT 136

This course provides students with a basic knowledge of inspection requirements related to the roles and responsibilities of a Fire Inspector II including inspection of life safety systems and building services equipment, fire protection systems, and emergency access criteria. Materials fees required for State Fire Training (CFSTES) Certificate of Completion. Not offered every semester.

CSU
FOT 139
Unit(s): 2.0  Class Hours: 36.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in FOT 136
This course provides students with a basic knowledge of hazardous materials, operations, and processes related to the roles and responsibilities of a Fire Inspector II including hazardous conditions, flammable and combustible liquids and gases, and hazardous materials. Materials fee required for State Fire Training (CFSTES) Certificate of Completion. Not offered every semester.
CSU

FOT 144
Fire Investigation 2A: Criminal and Legal Procedures
Unit(s): 0.5  Class Hours: 40.0 Lab total.

Prerequisite: Fire Investigation 1A, passed with a grade of 80% and Fire Investigation 1B, passed with a grade of 80%. Students must bring documentation of prerequisites to first class meeting. Failure to comply will result in student being dropped.
This course provides information on conducting an explosive investigation and a surveillance operation, preparing a search warrant, testifying as an expert witness, assembling a curriculum vitae, and properly documenting a criminally caused fire. In addition, each student will be assigned to an investigative team to conduct an investigation of his/her own criminally caused fire. During this practical exercise, each team will be required to conduct the scene investigation, properly collect and document supportive evidence, prepare their written case report, and present their finding to a district attorney and a judge to review.
CSU

FOT 145
Fire Investigation 2B: Field Case Studies
Unit(s): 0.5  Class Hours: 40.0 Lab total.

Prerequisite: Fire Investigation 1-A with a grade of 80% and Fire Investigation 1-B with a grade of 80%. Students must bring documentation of prerequisites to first class meeting. Failure to comply will result in student being dropped.
This course provides advanced instruction in fire scene investigation, case preparation, and courtroom presentation. Topics include review of fire scene photography, sketching, evidence collection, interviewing and interrogation, and extensive use of simulations for developing and presenting an arson case.
CSU

FOT 150A
Company Officer 2A: Human Resource Management for Company Officers
Unit(s): 1.0  Class Hours: 16.0 Lecture, 24.0 Lab total.

Prerequisite: FAC 060 or Equivalent
This course provides information on the use of human resources to accomplish assignments, evaluate member performance, supervise personnel, and integrate health and safety plans, policies, and procedures into daily activities as well as the emergency scene. This course is designed for aspiring company officers seeking CFSTES Fire Officer (Level I and II) certification. Materials fee required for State Fire Training Certificate. May not be offered every semester. This course is limited to 32 students.
CSU
FOT 150E
Company Officer 2E: Wildland Incident Operations for Company Officers
Unit(s): 1.5  Class Hours: 24.0 Lecture, 16.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 150A; and S-290 Intermediate Fire Behavior (classroom delivery only). Students must bring proof of course completion to first class meeting or they will be dropped from the course; and completion of a CA Regionally Accredited Fire Academy; or a signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-1; or equivalent.
This course provides information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. Applies to State Fire Marshal Company Officer certification.

FOT 205
Instructor I: Instructional Methodology
Unit(s): 1.0  Class Hours: 14.5 Lecture, 25.5 Lab total.
Recommended Preparation: Completion of one of the following certificates is recommended: Introduction to the Incident Command System (IS-100.B), FEMA or National Incident Management System (IS-700.A), FEMA.
This course provides the skills and knowledge needed for the entry level professional instructor to perform his or her duties safely, effectively, and competently. The curriculum is based on the 2012 edition of NFPA 1041 Standard for Fire Service Instructor Professional Qualifications. At the end of this course, candidates for Instructor I certification will be able to teach and deliver instruction from a prepared lesson plan utilizing instructional aids and evaluation instruments. The Instructor I will also be able to adapt a lesson plan and complete the reporting requirements to the local jurisdiction. Designed for: Personnel preparing for a college level fire instructor, company officer, or State Fire Training (SFT) Certified Training Instructor position. Applies to CSFM certification for Instructor I. Additional course material fee is required for CSFM certificate. May not be offered every semester. Maximum class size: 32
CSU

FOT 206
Instructor II: Instructional Development
Unit(s): 1.0  Class Hours: 16.0 Lecture, 24.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 205
This course provides the skills and knowledge needed for the intermediate level professional fire service instructor preparing for Instructor II certification. Participants will learn to develop lesson plans and evaluation instruments, teach and deliver instruction, and evaluate and coach other instructors. Additional materials fees may be required for State Fire Training Certificate. Not offered every semester.
CSU

FOT 207
Instructor III: Instructional Program Management
Unit(s): 1.0  Class Hours: 16.0 Lecture, 20.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 205, and FOT 206
This course provides information on planning, developing, and implementing comprehensive programs and curricula. Topics include instructional development, program management, program and instructor evaluation, and test reliability and validity. This course is designed for Fire Officers, Staff Officers, and other fire service managers with experience in fire-service training. There may be additional material fees. This course may not be offered every semester. Maximum class size: 24.
CSU

FOT 210
Community Risk Educator
Unit(s): 1.0  Class Hours: 18.0 Lecture, 6.0 Lab total.
Prerequisite: Introduction to Incident Command System I-100 (Must bring certificate of completion to first class meeting); and National Incident Management System (NIMS): An Introduction 700 (must bring certificate of completion to first class meeting); and Instructor I: Instructor Methodology OR Training Instructor 1A Cognitive Lesson Delivery (must bring certificate of completion to first class meeting); and Fire Prevention I: Fire & Safety Inspections OR Fire Prevention 1A: Introduction to the California Fire Code Bridge OR Company Officer 2C: Fire Inspections and Investigation (Must bring certificate of completion to first class meeting) OR completion of FTC 104 Fire Prevention Technology with a minimum grade of C.
This course provides the skills and knowledge needed for the Community Risk Educator to perform his/her duties safely, effectively, and competently by coordinating and delivering existing educational programs and information. Enrollment is limited to 30 students. CFSTES Certificate of Completion awarded. This course requires additional materials fees. This course may not be offered every semester. Maximum class size: 30.
CSU
FOT 273A
Chief Fire Officer 3A: Human Resource Management for Chief Fire Officers

Unit(s): 0.5  Class Hours: 13.0 Lecture, 13.0 Lab total.

Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations; or IF completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.

This course provides students with a basic knowledge of the human resources requirements related to the roles and responsibilities of a Chief Fire Officer. Topics include developing plans for providing employee accommodation, developing hiring procedures, establishing personnel assignments, describing methods of facilitating and encouraging professional development, developing an ongoing education training program, developing promotion procedures, developing proposals for improving employee benefits, and developing a measurable accident and injury prevention program. This course is designed for the certified Company Officer advancing to the Chief Fire Officer classification. This course is limited to 25 students. Additional materials fees may apply. Not offered every semester.

CSU

FOT 273B
Chief Fire Officer 3B: Budget and Fiscal Responsibilities for Chief Fire Officers

Unit(s): 0.5  Class Hours: 7.5 Lecture, 10.5 Lab total.

Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations; or IF completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.

This course provides students with a basic knowledge of the budgeting requirements related to the roles and responsibilities of a Chief Fire Officer including developing a budget management system, developing a division or departmental budget, and describing the process for ensuring competitive bidding. This class is designed for the certified Company Officer advancing to the Chief Fire Officer classification. May require additional materials fee. Class size is limited to 25. Not offered every semester.

CSU

FOT 273C
Chief Fire Officer 3C: General Administration Functions

Unit(s): 0.5  Class Hours: 11.0 Lecture, 13.0 Lab total.

Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations; or IF completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.

This course provides students with a basic knowledge of the administration requirements related to the roles and responsibilities of a Chief Fire Officer including directing a department record management system, analyzing and interpreting records and data, developing a model plan for continuous organizational improvement, developing a plan to facilitate approval, preparing community awareness programs, and evaluating the inspection program of the AHJ. Additional materials fees may be required. This course is limited to 25 students. Not offered every semester.

CSU

FOT 273D
Chief Fire Officer 3D: Emergency Service Delivery Responsibilities for Chief Fire Officers

Unit(s): 1.0  Class Hours: 18.0 Lecture, 22.0 Lab total.

Prerequisite: Student must meet the educational requirements for Company Officer. Evidence of qualifications must be submitted to the Fire Technology Department prior to the first class meeting. Educational Requirements may be met with completion of: Company Officer 2A: HR Management AND Company Officer 2B: General Administrative Functions AND Company Officer 2C: Fire Inspections and Investigation AND Company Officer 2D: All-Risk Command Operations AND Company Officer 2E: Wildland Incident Operations; or IF completed prior to 12/31/2016: Fire Command 1A: Command Principles for Company Officers AND Fire Command 1B: Incident Management for Company Officers AND Fire Command 1C: I-Zone Fire Fighting for Company Officers AND Fire Instructor 1A: Instructional Techniques, Part 1 AND Fire Instructor 1B: Instructional Techniques, Part 2 AND Fire Investigation 1A: Fire Origin and Cause Determination AND Fire Management 1: Management/Supervision for the Company Officer AND Fire Prevention 1A: Introduction to the California Fire Code AND Fire Prevention 1B: Inspection of Fire Protection Systems and Special Hazards AND I-300: Intermediate ICS.

This course provides students with a basic knowledge of the emergency service requirements related to the roles and responsibilities of a Chief Fire Officer including developing a plan for the integration of fire services resources, developing an agency resource contingency plan, evaluating incident facilities, supervising multiple resources, developing and utilizing an incident action plan, obtaining incident information to facilitate transfer of command, developing and conducting a post-incident analysis, and maintaining incident records. This course is designed for the certified Company Officer advancing to the Chief Fire Officer classification. Additional materials fees may be required. This course is limited to 25 students. May not be offered every semester.

CSU
FOT 274A
Executive Chief Fire Officer 4A: Human Resource Management for Chief Fire Officers
Unit(s): 1.0  Class Hours: 17.0 Lecture, 11.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 273A, and FOT 273B, and FOT 273C, and FOT 273D
This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching themes of this curriculum are recruitment, selection, and placement of human resources; the development of a positive and participative member-management program; the establishment and evaluation of a list of education and in-service training goals; appraisal of a member assistance program; and the evaluation of an incentive program to determine if the desired results are achieved. Applies to State Fire Marshal Executive Chief Fire Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. Maximum class size: 24.
CSU

FOT 274B
Executive Chief Fire Officer 4B: Community & Government Relations
Unit(s): 0.3  Class Hours: 5.5 Lecture, 5.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 273A, and FOT 273B, and FOT 273C, and FOT 273D
This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching theme of this curriculum is assuming a leadership role in community events. Designed for Executive Chief Fire Officer candidate. There may be additional material fees. This course may not be offered every semester. Maximum class size: 24.
CSU

FOT 274C
Executive Chief Fire Officer 4C: Administration
Unit(s): 1.0  Class Hours: 20.5 Lecture, 10.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 273A, and FOT 273B, and FOT 273C, and FOT 273D
This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching themes of this curriculum are developing a comprehensive long range plan; evaluating and projecting training requirements, facilities, and building needs; completing a written comprehensive risk, hazard, and value analysis; and developing a plan for a capital improvement project or program. Applies to State Fire Marshal Executive Chief Fire Officer certification. Additional materials fee required for State Certificate Fee. This class may not be offered every semester. Maximum class size: 24.
CSU

FOT 274D
Executive Chief Fire Officer 4D: Emergency Services Delivery
Unit(s): 1.5  Class Hours: 33.5 Lecture, 5.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 273A, and FOT 273B, and FOT 273C, and FOT 273D
This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching themes of this curriculum are developing a comprehensive disaster plan and a comprehensive plan for the organization to operate at a civil disturbance. Designed For: Executive Chief Fire Officer Candidate. There may be additional material fees. This class may not be offered every semester. Maximum class size: 24.
CSU

FOT 274E
Executive Chief Fire Officer 4E: Health and Safety Course Plan
Unit(s): 0.5  Class Hours: 9.5 Lecture, 5.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FOT 273A, and FOT 273B, and FOT 273C, and FOT 273D
This course provides the skills and knowledge needed for the Executive Chief Fire Officer to perform his/her duties safely, effectively, and competently. The overarching theme of this curriculum is maintaining, developing, and providing leadership for a risk management program. Designed For: Executive Chief Fire Officer Candidate. Additional material fees may be required. This class may not be offered every semester. Maximum class size: 24.
CSU

FIRE PUBLIC SAFETY

FSA 002
California Ocean Lifeguard-Aquatic Rescue Response Skills
Unit(s): 0.5-9.0  Class Hours: 8.0 Lecture, 16.0-480.0 Lab total.
This course provides ocean lifeguards the occupational education and training needed to maintain adequate levels of knowledge to continue to perform lifesaving tasks. In addition to maintaining the minimum standards necessary for their positions, students are provided drills and formal training needed to ensure high levels of performance.
Pass/No Pass Only

FSA 005
EMT Recertification
Unit(s): 0.3-1.5  Class Hours: 6.0-24.0 Lecture total.
Prerequisite: Students must be in possession of a current EMT State certification or EMT National Registry certification.
Training and update for current EMTs.

FSA 014
Rescue Operations- Refresher
Unit(s): 0.5-1.0  Class Hours: 12.0 Lecture, 10.0-24.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FAC 060
This course provides a review of the skills and knowledge needed for the professional fire fighter to perform his/her rescue duties safely, effectively, and competently. The curriculum is based on the 2013 edition of NFPA 1001 Standard for Fire Fighter Professional Qualifications.
FSA 016A

CA Fire Service Administrative Requirements

Unit(s): 0.5-1.0 Class Hours: 8.0-16.0 Lecture total.

Prerequisite: Completion of FAC 060 Basic Fire Academy or equivalent.

NOTE: Requisite skills and knowledge learned in a basic fire academy will not be retaught.

This course covers the duties and responsibilities of a Firefighter, departmental communications, ethical principles and prevention of sexual harassment. Content is based on the NFPA 1001 Standard for Fire Fighter Professional Qualifications and the California State requirements for government employees.

FSA 017

Firefighter Refresher - Core Competencies

Unit(s): 0.5-5.0 Class Hours: 8.0 Lecture, 0.0-260.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FAC 060; and Students must provide their own personal protective equipment and tools which meet current NFPA requirements for maintenance and repair.

Students are provided the opportunity to and reinforce their knowledge, refresh their skills and demonstrate continuing proficiency of their Job Performance Requirements as identified by the Office of the California State Fire Marshal and other certifying agencies. Focus is on mandated continuing education requirements for fire service personnel and the training needs of the jurisdiction. This course is not offered on a semester schedule.

FSA 018

Firefighter Survival

Unit(s): 0.5-1.0 Class Hours: 4.0 Lecture, 12.0-36.0 Lab total.

Prerequisite: Students must provide primary instructor verification of the following prior to participating in any skill or evolution: Access to approved personal protective equipment including demonstration of competency in donning and using the personal protective equipment, and current fit test documentation. Students shall be familiar with all components of their SCBA. Students must show competency in the use of their SCBA prior to participating in any skill or evolution.

This course provides students with a greater understanding of the need for situational awareness, fire fighter survival skills, and the technical survival skills to help firefighters avoid committing fatal errors on the fireground.

FSA 027

Wildland Fire Safety Training Refresher

Unit(s): 0.2-1.0 Class Hours: 4.0-16.0 Lecture, 1.0-10.0 Lab total.

This course focuses on operations and decision-making issues related to wildfire and all-hazard incident safety. Topics include entrapment avoidance, current issues, other hazard and safety issues, and fire shelter in order to prepare firefighters for the upcoming fire season.

FIRE TECHNOLOGY

FTC 101 (C-ID FIRE 100 X)

Fire Protection Organization

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FTC 101, and FTC 102

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives.

CSU

FTC 102 (C-ID FIRE 140 X)

Fire Behavior and Combustion

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course explores the theories and fundamentals of how and why fires start, spread, and are controlled.

CSU

FTC 103 (C-ID FIRE 150 X)

Principles of Fire and Emergency Services Safety and Survival

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services.

CSU

FTC 104 (C-ID FIRE 110 X)

Fire Prevention

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FTC 101, and FTC 102

This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; community risk reduction; organization and operation of a fire prevention bureau; use and application of codes and standards; plan review; fire inspections; fire and life safety education; and fire investigation.

CSU

FTC 105 (C-ID FIRE 130 X)

Building Construction for Fire Protection

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FTC 101, and FTC 102

This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies.

CSU

FTC 106 (C-ID FIRE 120 X)

Fire Protection Systems

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in FTC 101, and FTC 102

This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers.

CSU

FTC 121

Physical Fitness for Public Safety Personnel

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Corequisite: Concurrent enrollment in FTC 121L

This lecture class provides information on exercise physiology and nutrition as it relates to public safety personnel. Topics include the components of a fitness program such as metabolic fitness, muscular fitness, body composition and flexibility. Other topics include the FITT principle, specificity, and injury prevention and treatment.

CSU

06.26.2021
FTC 121L
Physical Fitness for Public Safety Personnel - Performance and Assessment
Unit(s): 0.3  Class Hours: 16.0 Lab total.
Corequisite: Concurrent enrollment in FTC 121
Student will participate in physical fitness and fire-specific activities. Focus is on preparing individual fitness, health, and physical ability for job requirements. Students will be advised of the specific dates and times for the Lab/Physical Ability Practice sessions during first week of the semester at the lab orientation.

CSU

FREN

FREN 101
Elementary French I
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
A college level French course focusing on fundamentals of pronunciation and grammar, basic vocabulary (including common idioms), simple conversation and composition. Supplementary cultural readings. French 101 is equivalent to two years of high school French.

CSU/UC

FREN 102
Elementary French II
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FREN 101
A college level French course focusing on further training in pronunciation and grammar, more extensive vocabulary development, conversation and composition. Supplementary cultural readings. French 102 is equivalent to the third year of high school French.

CSU/UC

FREN 201
Intermediate French I
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FREN 102
A college level French class focusing on expansive review of usage and grammar; discussion in French of interpretive reading material; conversation and composition.

CSU/UC

FREN 201H
Honors Intermediate French I
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in FREN 102
Enhanced and intensive exploration of French civilization, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Further use of argumentative oral strategies. Independent research by students to use and evaluate library and electronic information sources. Conversation and composition.

CSU/UC

FREN 202
Intermediate French II
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FREN 201
A college level French class focusing on a specialized review of grammar and composition; and discussions in French of history and culture based on literary materials.

CSU/UC

FREN 202H
Honors Intermediate French II
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in FREN 201, or FREN 201H
Continuation of intensive exploration of French culture and literature in a seminar setting, review of specialized grammatical structures, and use of argumentative oral strategies. Continued development of conversation and composition. Independent research by students to use and evaluate library and electronic information sources.

CSU/UC

FREN 211
Intermediate Conversation and Composition I
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FREN 201
A college level French class focusing on a specialized review of grammar and composition; and discussions in French of history and culture based on literary materials.

CSU/UC

FREN 214
Intermediate Conversation and Composition II
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in FREN 201
Further development of conversational and composition skills through cultural and current events and readings. Vocabulary development and idiom usage in a cultural context.

CSU/UC

GEOG 100 (C-ID GEOG 125)
World Regional Geography
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
The study of major world political and natural regions. Course study includes location of the regions on earth, the physical and cultural elements that lend the regions their identities, and ways in which these elements relate to the regions’ inhabitants and economies.

CSU/UC
### GEOG 100H (C-ID GEOG 125)
**Honors World Regional Geography**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

**Prerequisite:** A college GPA or high school GPA for first term college students of 3.0 or higher.

Enriched and intensive study, including seminar approach with individual written and oral presentations of major world political and natural regions. Course study includes location of the regions on earth, the physical and cultural elements which provide the regions with their identities, and ways in which these elements relate to the regions’ inhabitants and economies.

CSU/UC

### GEOG 101 (C-ID GEOG 110)
**Introduction to the Natural Environment**

*Formerly: Physical Geography*

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Introduction to the physical elements of geography: maps, earth/sun relationships, meteorology and climatology, natural vegetation, soils, and geomorphology.

CSU/UC

### GEOG 101L (C-ID GEOG 111)
**Introduction to the Natural Environment Laboratory**

*Formerly: Physical Geography Laboratory*

Unit(s): 1.0 Class Hours: 54.0 Lab total.

**Corequisite:** Completion with a grade of "C" or better or a Passing grade in GEOG 101

Laboratory exercises and experiments designed to explore and understand the primary areas of physical geography. Exercises and applications related to map scales and projections, stereoscopic, topographic and aerial photo interpretation, meteorological tools and models and weather prognostication, geomorphologic models and processes, and landform interpretation.

CSU/UC

### GEOG 102 (C-ID GEOG 120)
**Cultural Geography**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

An introductory survey of the geography of culture, and the influences of the physical environment on culture, along with the impact of human activity on the environment, and the role of culture within societies and social groups. The course includes global patterns of population, migration, religion, language, agriculture, politics, customs, resources, and urban and rural settlement.

CSU/UC

### GEOG 130 (C-ID GEOG 130)
**Introduction to Weather and Climate**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course examines weather and climate patterns of the earth from a geographic perspective including atmospheric structure and composition, solar radiation and energy balances, temperature, seasonal changes, atmospheric moisture, clouds and fog, precipitation, air pressure, winds, air masses and fronts, cyclonic and anticyclonic systems, weather forecasting, adiabatics, climate, and climate change.

CSU/UC

### GEOG 140 (C-ID GEOG 140)
**California Geography**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

A thematic approach to the state’s issues, processes and topics relevant to the geography including climate, landforms, natural vegetation, water resources, cultural landscape, ethnic diversity, urban and agricultural regions, and the economy. This course explores the physical, and human landscapes that have evolved as a result of the human-environment interface.

CSU/UC

### GEOG 155 (C-ID GEOG 155)
**Introduction to Geographic Information Systems**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

This course introduces basic scientific principles of Geographic Information Systems (GIS) as they relate to working with data that have important spatial orientation and organization. Geometric and geographic concepts and theories are used to develop scientific methods for proper communication of the data and the solution of problems that have spatial relationships. Course covers basic concepts in mapping and orientation, the development of map scales and comparison of different coordinate systems and data error analysis.

CSU/UC

### GEOL 101 (C-ID GEOL 100)
**Introduction to Geology**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

 Introductory course for students in any major. Study of the internal and external processes that shape the earth (earthquakes, volcanoes, groundwater, streams, landslides). Optional field trip offered. Concurrent enrollment in Geology 101L is recommended.

CSU/UC

### GEOL 101L (C-ID GEOL 100L)
**Introduction to Geology Laboratory**

Unit(s): 1.0 Class Hours: 54.0 Lab total.

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in GEOL 101

**Corequisite:** GEOL 101

Study of the common minerals and rocks. Map reading and interpretation of geology using topographic maps, geologic maps, and aerial photos.

CSU/UC

### GEOL 112
**Earthquakes**

Unit(s): 1.0 Class Hours: 18.0 Lecture total.

Introduction to earthquakes, the processes that cause them, and the results of their occurrences. Required, one-day field trip.

CSU

### GEOL 140 (C-ID GEOL 130)
**Environmental Geology**

Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Introduction to environmental geology, the interaction between the Earth and mankind. Global study of geologic resources, resource management, geologic hazards, and waste remediation. Same as Environmental Studies 140.

CSU/UC
GEOL 150
Introduction to Oceanography
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introductory study of the ocean’s topography, sediments, circulation, shoreline processes, biological productivity and mineral resources. Same as Earth Science 150.
CSU/UC

GEOL 150H
Honors Introduction to Oceanography
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
An enriched study of the ocean’s topography, sediments, circulation, shoreline processes, biological productivity and mineral resources. Same as Earth Science 150H.
CSU/UC

GEOL 162
Geologic Field Studies of the Mojave Desert
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
The geologic history including mountain building, volcanic activity, faulting, mineral resources and human history of the Mojave Desert region. Mandatory orientation along with a two-day field trip.
CSU

GEOL 164
Geologic Field Studies of the Eastern Sierra Nevada
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
The geologic history including mountain building, volcanic activity, glaciation, faulting, and mineral resources of the eastern Sierra Nevada from Red Rock Canyon to Mammoth Lakes. Mandatory orientation along with a five-day field trip.
CSU

GEOL 168
Geologic Field Studies of the Owens Valley
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
A study of the volcanic, pluvial, and fault history as recorded in rocks from Red Rock Canyon to Owens Lake. Mandatory orientation along with a two-day field trip.
CSU

GEOL 169
Geologic Field Studies of San Diego County
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Field study of the geology, ecology and history of the peninsular ranges and the San Diego County coastline. Mandatory orientation along with a two-day field study.
CSU

GEOL 170
Geologic Field Studies of the Anza-Borrego Desert State Park
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Field study of the geology, ecology, and history of the Anza-Borrego Desert State Park. Mandatory orientation along with a two-day field study.
CSU

GEOL 171
Geology Field Studies of Sequoia and Kings Canyon National Parks
Unit(s): 1.0  Class Hours: 27.0 Lecture total.
A study of the geologic history, structure, and tectonics of the Sequoia and Kings Canyon areas. Mandatory orientation along with a three-day field study.
CSU

GEOL 172
Geologic Field Studies of the California Coast
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
A study of the coastal rocks, fossils and faults, as well as coastal oceanographic processes from Malibu to Monterey. Mandatory orientation along with a five-day field study.
CSU

GEOL 173
Geologic Field Studies of Death Valley
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
The geologic history including mountain building, volcanic activity, faulting, mineral resources and human history of the Death Valley region. Mandatory orientation along with a two-day field trip.
CSU

GEOL 174
Geologic Field Studies of Joshua Tree National Park
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
The geologic history including mountain building, volcanic activity, faulting, mineral resources and human history of the Joshua Tree region. Mandatory orientation along with a two-day field trip.
CSU

GEOL 201 (C-ID GEOL 111)
Introduction to Historical Geology
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.
Introductory geology course investigating the former landscapes and inhabitants of the Earth as preserved in the rock record with an emphasis on North America. Two optional one-day field trips.
CSU/UC

HIST 101 (C-ID HIST 150)
World Civilizations to the 16th Century
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Examines the development of world civilizations and their interrelationships from the earliest beginnings to the sixteenth century. Emphasis on basic ideas, institutions, personalities, religious traditions, and artistic achievements.
CSU/UC

HIST 101H (C-ID HIST 150)
Honors World Civilizations to the 16th Century
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
An enriched approach designed for honors students that includes individual research as well as small group analysis of historical problems. Emphasis on the development of world civilizations and their interrelationships, basic ideas, institutions, personalities, and artistic achievements from the earliest beginnings to the sixteenth century.
CSU/UC

<td>Native Americans in the U.S.</td>
<td>3.0</td>
<td>54.0</td>
<td></td>
<td>An historical and contemporary survey of Native Americans in the United States, including the development of tribes and nations, and the cultural practices of Native Americans today. Field trips may be required. Same as Anthropology 125.</td>
</tr>
</tbody>
</table>
HIST 127
Women in U.S. History
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Women of European, African, Native, Hispanic, and Asian backgrounds examined in U.S. 1607-present. Emphasis on individuation, social status, family, reproduction, child care, slavery, jobs, and political activism. Legal impact and theories of patriarchal oppression raised.
CSU/UC

HIST 133
History of California
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An examination of the major social, political, and economic developments that have shaped California history from the indigenous period to the present. Special attention is given to regional issues, ethnic or cultural groups, constitutional matters, cultural change, and California’s connection with the Pacific Basin.
CSU/UC

HIST 146
African American History from 1863 to the Present
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Survey of the history of African Americans in the United States from Reconstruction to the present. Focuses on the economic, political and social aspects of racism and the varied efforts to advance civil rights.
CSU/UC

HIST 150
Latin American Civilization to Independence
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A study of Latin American civilization from the Indian, African, and European origins to Independence. Topics include native cultures, Spanish and Portuguese colonialism, the evolution of regional societies, and intellectual trends.
CSU/UC

HIST 151
Modern Latin American Civilization
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Latin American civilization in the nineteenth and twentieth centuries with a focus on the historical background of contemporary conditions and issues. Major and minor countries studied.
CSU/UC

HIST 153
History of Mexico
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Mexican history from the pre-Columbian period to the present. Includes social, political, economic, and cultural growth of the Mexican nation. Emphasis on cultural and political development.
CSU/UC

HIST 163
Introduction to Southeast Asian History
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Analyzes the general history of Southeast Asia’s society, economy, government, religion, philosophy, and the arts. Also includes the impact of the West, decolonization and national unification movements during the Cold War, and the historical background of contemporary social and political problems.
CSU/UC

HIST 181
Survey of Chicana/Latina Women’s History
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Survey of the historical roots of modern-day Chicana/Latina women. Course will discuss women in Pre-Columbian Mexico, colonial women in Mexico and the U.S.Southwest, as well as Mexican/Chicana/Latina women in the U.S. in the 19th, 20th, and 21st centuries. Women’s experiences will be analyzed in a national/international context.
CSU/UC

INFO 100
Library Research Fundamentals
Formerly: LIBI 100: Library Research Fundamentals
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
This course is designed to teach students basic college-level research skills for effective use of traditional and electronic library resources. Instruction includes print and non-print information sources such as reference books, scholarly material, online subscription databases, and the Internet.
CSU/UC

INFO 103
Researching in the Digital Age
Formerly: Advanced Internet Research
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
This course focuses on library research strategies for effectively locating and evaluating information on the Internet. Central topics are formulating search strategies, understanding how to form search expressions, evaluating information, and citing resources.
CSU

IDS 121
Humanities Through the Arts
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to the humanities through a study of seven major art forms: film, drama, music, literature, painting, sculpture and architecture. Artistic works are considered from the perspectives of historical development, the elements used in the creation process, artistic form, and meaning expressed.
CSU/UC

IDS 155
Human Sexuality
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An interdisciplinary review of the biological development and psychological influences across the lifespan, including neuroscience research and sociocultural considerations in the areas of gender, attraction, attachment, love, sexual orientations, anatomy, sexual arousal and response, conception, contraception, reproduction, health, including sexual coercion and sexually transmitted infections.
CSU/UC
IDS 200
Introduction to Liberal Studies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, ENGL 101H
This survey course explores the historical foundations and interdisciplinary nature of Liberal Studies. Students will examine the nature, history, and intersections of prevailing ideas on a specific topic through the arts and humanities, social and political thought, and scientific inquiry. Readings will reflect gender and cultural diversity.

CSU/UC

ITALIAN

ITAL 120
Elementary Italian I
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Pronunciation, grammar, speaking, reading, listening, writing, common idioms, and cultural insights. Italian 120 is equivalent to 2 years of high school Italian.

CSU/UC

ITAL 121
Elementary Italian II
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ITAL 120
Mastery of pronunciation and basic grammatical structures. Further training in reading, writing, and speaking to promote fluent and idiomatic communication. Italian 121 is equivalent to the third year of high school Italian.

CSU/UC

JAPANESE

JAPN 101
Elementary Japanese I
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
A college level Japanese course focusing on fundamentals of pronunciation and grammar, basic vocabulary (including common idioms), simple conversation, and composition. Supplementary cultural readings. Japanese 101 is equivalent to two years of high school Japanese.

CSU/UC

JAPN 102
Elementary Japanese II
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in JAPN 101
A college level Japanese course focusing on further training in language skills, providing avenues for the expression of ideas in both oral and written forms. Additional study of culture. Japanese 102 is equivalent to the third year of high school Japanese.

CSU/UC

KINESIOLOGY ACTIVITIES

KNAC 098
Topics
Unit(s): 0.5-1.0 Class Hours: 27.0-54.0 Lab total.
Specialized activities courses on topics related to special needs of Kinesiology students.
Pass/No Pass Only

KNAC 107A
Beginning Badminton
Unit(s): 0.5-1.0 Class Hours: 27.0-54.0 Lab total.
This course is designed to introduce students to a racket sport, the sport of badminton. Emphasis is placed on the proper technique of the basic skills required in badminton, rules, scoring, and safety. Instruction and practice will include the proper grip, under-hand serve, drives, clears, drops, and smashes. This course is offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

KNAC 107B
Intermediate Badminton
Unit(s): 0.5-1.0 Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 107A
This course is designed to review and solidify the basic techniques and rules associated with the game of badminton. Emphasis is placed on proper footwork and the technical aspects associated with the game. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 107C
Advanced Badminton
Unit(s): 0.5-1.0 Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 107B
This course is designed to review and solidify the proper footwork and intermediate techniques associated with the game of badminton. Emphasis is placed on tactical game awareness of both singles and doubles play. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 123
Personal Fitness Training
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Activity course designed to assist students in mastering effective lifestyles, and nutritional, cardiovascular, and resistance training techniques crucial for personal fitness and personal growth. Goal setting and motivation, time management, stress management, as well as development of an individual fitness routine and execution of that routine are the primary topics.

CSU/UC
### KNAC 140A
**Beginning Karate**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |

This course is designed to offer instruction in the Japanese art of Karate for beginning level students. Basic movements such as stances, blocking, kicking and striking are taught. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAC 140A, 155A, KNAF 156A, and 156B can be taken for a maximum of 4 enrollments.

### KNAC 150A
**Beginning Hatha Yoga**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |

This course is designed as an introduction to the practice of Hatha Yoga. Emphasis will be placed on proper breathing techniques and learning basic yoga postures. These postures are designed to improve muscle tone and flexibility, as well as helping with breath control, relaxation, and unity of mind, body, and spirit. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAC 150A, 170A, and KNAF 150A can be taken for a maximum of 4 enrollments.

### KNAC 155A
**Beginning Self-Defense**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |

Instruction in personal safety and self-protection including the effective use of hands, knees, elbows, feet, and the mind. Proficiency with everyday objects such as weapons and defense against common street weapons is also stressed. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAC 140A, 155A, KNAF 156A, and 156B can be taken for a maximum of 4 enrollments.

### KNAC 160A
**Beginning Tennis**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |

Instruction and practice in the fundamental skills basic to the successful performance of tennis. These skills include grip and body mechanics involved with the forehand, backhand, serve, lob, smash, and net play. Etiquettes, court strategy, and rules will be covered in singles and doubles play. Tournament play will be introduced. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

### KNAC 169A
**Beginning Wrestling**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |

Fundamentals of wrestling skills and techniques. Take-downs, escape, analysis of opponents strengths and weaknesses will be considered. Student will master rules, regulations, and ethics of the activity. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 200C
Advanced Intramural Basketball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 200B
This class is designed to provide students with an opportunity to participate and compete against classmates in the sport of basketball. Instruction focuses on improving performance in all aspects of the game of basketball: advanced defense, advanced offense, advanced strategies, and special situations associated with the game of basketball. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 211A
Beginning Baseball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Beginning fundamentals of fielding, throwing and hitting. Includes play situations with an emphasis on team offensive and defensive strategy. This course is offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

KNAC 211B
Intermediate Baseball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 211A
Intermediate fundamentals designed to help prepare the student for baseball competition. Students will learn offensive skills, defensive skills, and communication under competitive game conditions. This course is offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

KNAC 220A
Beginning Basketball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Co-educational team sport activity which provides basic skills and techniques are refined at the beginner level. Rules, game strategies, and competitive activities are included. This course will be offered as a half-unit or one-unit course and may not be repeated.

CSU/UC

KNAC 220B
Intermediate Basketball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 220A
Co-educational team sport activity which provides intermediate instruction in the techniques, tactics and strategies associated with competitive basketball. Special emphasis placed on individual drills and skills such as catching, dribbling, passing, shooting, offensive and defensive strategies are utilized as well as competitive play situations. This course will be offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

KNAC 220C
Advanced Basketball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 220B
Co-educational team sport activity for students with advanced skills. Review of basic fundamental skills and emphasis on advanced development of skills and strategies associated with competitive basketball. This course will be offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

KNAC 226A
Beginning Water Polo
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Recommended Preparation: Students must be able to swim and be comfortable exercising in deep water.
Instruction and experience in the fundamentals and strategies of water polo. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 230A
Beginning Flag Football
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

This is a physical activity course designed to provide instruction and experience in the basic skills, techniques, fundamentals, strategies, and rules of the game of flag football. These activities are based on a beginning level. This course will be offered as a half-unit or one-unit class and may not be repeated.

CSU/UC
KNAC 260A
Beginning Soccer
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This course is an introduction to the beginning skills and rules associated with the sport of soccer. Emphasis will be placed on the proper technique used for these beginning skills as well as FIFA Laws of the Game. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 260B
Intermediate Soccer
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 260A
This course is designed to review and solidify the proper techniques associated with outdoor soccer and FIFA Laws of the Game. The intermediate skills necessary as well as the tactical aspects of the game will be introduced. Emphasis will be placed on improving the students technical abilities and tactical team formations used in the game of soccer. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 260C
Advanced Soccer
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 260B
This course is designed to review and solidify the proper techniques associated with intermediate level outdoor soccer as well as the tactical aspects that were introduced. Emphasis will be placed on complete technical and tactical match preparedness and awareness. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 265A
Beginning Indoor Soccer
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This course is an introduction to the beginning skills and rules associated with the sport of indoor soccer. Emphasis will be placed on the proper technique used for these beginning skills as well as the rules of the game. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 265B
Intermediate Indoor Soccer
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 265A
This course is designed to review and solidify the proper techniques and rules associated with the game of soccer (indoor). The intermediate skills necessary as well as the tactical aspects of the game will be introduced. Emphasis will be placed on improving the intermediate skills necessary as well as the tactical aspects of the game of soccer (indoor). This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 265C
Advanced Indoor Soccer
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 265B
This course is designed to review and solidify the proper techniques associated with intermediate level indoor soccer as well as the tactical aspects that were introduced. Emphasis will be placed on complete technical and tactical match preparedness and awareness. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

KNAC 270A
Beginning Softball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAC 260A
Fundamentals of fielding, throwing, hitting, and base running. Includes play situations and an emphasis on team offensive and defensive strategy. This course will be offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

KNAC 280
Track and Field
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Track and field provides instruction and practice in the fundamentals, skills and techniques of all track and field events. It provides a conditioning program involving event-specific running and event-specific techniques and drills. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC
KNAC 209A

Beginning Volleyball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Instruction and practice in fundamental skills techniques, strategies, basic rules, team offense and defense, and team concepts of Volleyball. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

KNAD 201B

Intermediate Volleyball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in KNAC 290A
An intermediate volleyball activities course. Emphasis will be placed on intermediate technical skill development, offensive and defensive systems analysis, and sport specific physical fitness assessment and conditioning activities. This course will be offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

KINESIOLOGY ADAPTED ACTIVITIES

KNAD 098

Topics
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
Specialized courses on topics related to the special needs of students with disabilities and chronic conditions as related to health and fitness. Not offered every semester.
Pass/No Pass Only

KNAD 198

Topics
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
Specialized courses on topics related to the special needs of students with physical limitations as related to exercise fitness. Not offered every semester.

CSU

KNAD 201A

Beginning Adapted Swimming
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
The class is designed for students with disabilities and chronic conditions to experience the benefits of swimming. Individualized exercise programs are designed to teach students adaptive strategies and beginning level techniques for pool entry/exit, breathing, and swim strokes to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

A combination of KNAQ 201A, 201B, KNAD 201A, 211A, and 211B can be taken for a maximum of 4 enrollments.

KNAD 202A

Beginning Adapted Circuit Training
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
This class is designed for students with disabilities and chronic conditions to experience the benefits of circuit training. Individualized exercise programs are designed to teach students adaptive strategies and beginning level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

A combination of KNFI 112A, 112B, 112C, and KNAD 202A and 202B can be taken for a maximum of 4 enrollments.

KNAD 202B

Intermediate Adapted Circuit Training
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in KNAD 202A
Corequisite: Adapted Kinesiology Medical Release form required.
The class is designed for students with disabilities and chronic conditions to increase their knowledge and skills competence in circuit training. Individualized exercise programs are designed to teach students adaptive strategies and intermediate level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

A combination of KNFI 112A, 112B, 112C, and KNAD 202A and 202B can be taken for a maximum of 4 enrollments.

KNAD 205A

Beginning Adapted Badminton
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
The class is designed for students with disabilities and chronic conditions to introduce the fundamentals of badminton play. Striking skills, rallying, teamwork, rules, and court strategy are presented to meet the developmental needs of each student. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

A combination of KNFI 112A, 112B, 112C, and KNAD 202A and 202B can be taken for a maximum of 4 enrollments.

KNAD 205B

Intermediate Adapted Badminton
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in KNAD 205A
Corequisite: Adapted Kinesiology Medical Release form required.
The class is designed for students with disabilities and chronic conditions to increase their knowledge and skills competence in badminton. Individualized exercise programs are designed to teach students adaptive strategies and intermediate level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

A combination of KNFI 112A, 112B, 112C, and KNAD 202A and 202B can be taken for a maximum of 4 enrollments.

KNAD 208A

Beginning Adapted Aerobic Fitness
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
The class is designed for students with disabilities and chronic conditions to increase their knowledge and skills competence in aerobic fitness. Various aerobic and stretching exercises are performed to music. Exercise programs are designed to teach students adaptive strategies and beginning level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

A combination of KNAD 208A, 208B, KNAD 208A and 208B can be taken for a maximum of 4 enrollments.
KNAD 208B
Intermediate Adapted Aerobic Fitness
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAD 208A
Corequisite: Adapted Kinesiology Medical Release required.
The class is designed for students with disabilities and chronic conditions to increase knowledge and skills competence in activities that improve cardiovascular fitness. Various aerobic and stretching exercises are performed to music. Exercise programs are designed to teach students adaptive strategies and intermediate level techniques to meet their individual needs. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC

KNAD 211A
Beginning Adapted Aquatics
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Adapted Kinesiology Medical Release Form required.
The class is designed for students with disabilities and chronic conditions to experience the benefits of aquatic activities. In a group exercise setting, students are taught adaptive strategies and beginning level techniques for cardiovascular, balance, resistance, and core training. No swimming skills required. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC
A combination of KNAQ 201A, 201B, KNAD 201A, 211A, and 211B can be taken for a maximum of 4 enrollments.

KNAD 211B
Intermediate Adapted Aquatics
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNAD 211A
Corequisite: Adapted Kinesiology Medical Release form
This class is designed for students with disabilities and chronic conditions to increase their knowledge and skills competence in aquatic activities. In a group exercise setting, students are taught adaptive strategies and intermediate level techniques for cardiovascular, balance, resistance, and core training. No swimming skills required. This course is offered as a half-unit or one-unit class and may not be repeated.
CSU/UC
A combination of KNAQ 201A, 201B, KNAD 201A, 211A, and 211B can be taken for a maximum of 4 enrollments.

KINESIOLOGY AEROBIC FITNESS

KNAF 098
Topics
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Specialized aerobic fitness courses related to the needs of Kinesiology students.
Pass/No Pass Only

KNAF 140A
Beginning Walking/Jogging for Fitness
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This course will emphasize cardiovascular walking/jogging for health and fitness for men and women who are interested in instruction and practice in cardiovascular conditioning. The walking/jogging class is designed to decrease the risk of coronary heart disorders by increasing heart efficiency, vital lung capacity, and the knowledge of each through aerobic and anaerobic conditioning. This course is offered as a half unit or one unit class and may not be repeated.
CSU/UC

KNAF 143A
Boot Camp Workout
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Instruction in overall fitness development. The program develops overall fitness and challenges students to perform aerobic, anaerobic, strength, plyometric and agility exercises to their individual highest level. It uses a variety of environments (i.e. beach, strength lab, track, field, etc). This course is offered as a half unit or one unit class and may not be repeated.
CSU/UC
A combination of KNAF 143A can be taken for a maximum of 4 enrollments.

KNAF 144A
Beginning Cross Training
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This class will be comprised of aerobic workouts designed to introduce the student to the concept of cross training and trying different work-outs. The class will be divided into sections including walk/jog, step training, cardio boxing, weight training, and flexibility work-outs. This course is offered as a half unit or one unit class and may not be repeated.
CSU/UC
A combination of KNAC 150A, 170A, and KNAF 150A can be taken for a maximum of 4 enrollments.

KNAF 146A
Beginning Stability Ball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
A core training and strengthening workout using stability balls and free weights (dumbbells) to build core strength and functional fitness. Designed to tone the entire body with special emphasis on progressively improving posture, balance, flexibility, core strength and coordination. This course will be offered as a half-unit or one-unit class and may not be repeated.
CSU/UC
A combination of KNAF 146A and 146B can be taken for a maximum of 4 enrollments.
### KNAF 146B
**Intermediate Stability Ball Training**

Unit(s): 1.0  
Class Hours: 54.0 Lab total.

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in KNAF 146A

An intermediate core training and strengthening workout using stability balls and free weights (dumbbells) to build core strength and functional fitness. Designed to tone the entire body with special emphasis on progressively improving posture, balance, flexibility, core strength and coordination. This course is offered as a half-unit or one-unit class and may not be repeated.

CSU/UC

A combination of KNAF 146A and 146B can be taken for a maximum of 4 enrollments.

### KNAF 150A
**Beginning Stretch, Flex and Tone**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

A combination of stretching and toning exercises to increase strength, flexibility, and overall body fitness. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

### KNAF 156A
**Beginning Cardio Kickboxing**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

A series of boxing and kickboxing exercises are arranged to music, gradually increasing in tempo with a greater emphasis on a non-stop 25-30 minute program. Kicks, punches, calisthenics, and rope jumping are combined to elevate heart rate and strengthen all major muscle groups. Students will learn to apply these self-defense techniques on kick pads and focus mitts to improve accuracy and provide resistance for the muscles. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAC 140A, 155A, KNAF 156A, and 156B can be taken for a maximum of 4 enrollments.

### KNAF 156B
**Intermediate Cardio Kickboxing**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in KNAF 156A

A series of boxing and kickboxing exercises are arranged to music, gradually increasing in tempo with a greater emphasis on a non-stop 25-30 minute program. This class is designed to increase competence in kicking and punching, calisthenics, and rope jumping in various combinations to improve fitness. Students will further develop intermediate level self-defense techniques on kick pads and focus mitts to improve accuracy and provide resistance for the muscles. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAC 140A, 155A, KNAF 156A, and 156B can be taken for a maximum of 4 enrollments.

### KNAF 157A
**Beginning Cardio Pump**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

Instruction in overall fitness development. This class is designed to incorporate weight lifting into a cardiovascular routine. It develops strength and endurance of all major muscle groups using routines performed to music. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

### KNAF 198
**Topics**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

Specialized aerobic fitness courses on topics related to the needs of Kinesiology students.

Pass/No Pass Only

CSU

### KINESIOLOGY AQUATICS

#### KNAQ 198
**Topics**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

Specialized aquatics course on topics related to the needs of Kinesiology students.

CSU

#### KNAQ 201A
**Beginning Swimming**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

Instruction and experience in the basic stroke techniques and safety procedures of swimming. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAQ 201A, 201B, KNAD 201A, 211A, and 211B can be taken for a maximum of 4 enrollments.

#### KNAQ 201B
**Lap Swimming**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

**Recommended Preparation:** Prior experience with basic swim strokes, turns, and treading water.

Individualized swimming program designed to improve swimming techniques and cardiovascular fitness. Emphasis on endurance training. This course is offered as a half unit or one unit class and may not be repeated.

CSU/UC

A combination of KNAQ 201A, 201B, KNAD 201A, 211A, and 211B can be taken for a maximum of 4 enrollments.

### KINESIOLOGY FITNESS

#### KNFI 098
**Topics**

Unit(s): 0.5-1.0  
Class Hours: 27.0-54.0 Lab total.

Specialized fitness activities courses on topics related to the needs of Kinesiology students.

Pass/No Pass Only
Beginning Circuit Training

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

An introduction to fundamental principles and practices of circuit training including safety, using cardiovascular and resistance machines, and components of exercise. This course provides the basics of a comprehensive exercise program that combines cardiovascular exercises with strength training. This course is offered as a half-unit or one-unit class and may not be repeated.

Intermediate Circuit Training

Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNFI 112A

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

A continuation of exercise principles and practices of circuit training covered in Beginning Circuit Training. This course is designed to help students increase cardiovascular conditioning using a combination of resistive strength exercises and endurance training. Must complete Beginning Circuit Training prior to enrollment. This course is offered as a half-unit or one-unit class and may not be repeated.

Advanced Circuit Training

Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNFI 112A

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

An individualized fitness program developed to promote lifetime fitness. Employs a combination of cardiovascular machines (treadmill, steppers, bicycles, elliptical, rower, etc.), and resistance machines. This course is designed as a continuation of Intermediate Circuit Training and promotes increased cardiovascular and muscular endurance. Educates students on the principles of nutrition and the body's adaptation to exercise. This course is offered as a half-unit or one-unit class and may not be repeated.

Intermediate Spinning

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Individualized spinning program designed to improve spinning technique and cardiovascular fitness. Emphasis on endurance training. This course is offered as a half unit or one unit class and may not be repeated.

Beginning Cardiovascular Conditioning

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

A course designed for those people who desire a cardiovascular work-out using a combination of equipment such as stationary bikes, ellipticals, treadmills, rowers, etc. This course will cover elemental information as it regards to aerobic conditioning. This course is offered as a half unit or one unit class and may not be repeated.

Intermediate Cardiovascular Conditioning

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

A continuation of Beginning Cardiovascular Conditioning and is designed to help students increase their cardiovascular endurance developed as a beginner. This course will cover topics as they relate to aerobic conditioning. This course is offered as a half unit or one unit class and may not be repeated.

Beginning Spinning

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

This class is geared towards improving one's cardiovascular fitness and muscular strength through a spinning program on a stationary bike. The program covers two basic types of terrain: flat roads and hills through changes in resistance and positions. Spinning emphasizes everyone's individual needs, regardless of athletic ability, taught in a group atmosphere. This course is offered as a half unit or one unit class and may not be repeated.

Advanced Cardiovascular Conditioning

Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

A continuation of Intermediate Cardiovascular Conditioning. This course is designed for students to increase their cardiovascular conditioning using a combination of machines (bicycles, treadmills, ellipticals, etc.), advanced fitness concepts as they relate to lifelong fitness levels will be covered. This course provides students with the opportunity to elevate their endurance and cardiovascular levels to the high-end of the aerobic range. This course is offered as a half unit or one unit class and may not be repeated.
KNFI 147A
Beginning Weight Training
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Introductory instruction in basic weight lifting concepts and experiential practice in large muscle area development utilizing guided and free weights. Development will be in muscle size or tone and strength or endurance. This course is offered as a half unit or one unit class and may not be repeated.
CSU/UC
A combination of KNFI 147A, 147B, and KNAF 144A can be taken for a maximum of 4 enrollments.

KNFI 147B
Intermediate Weight Training
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in KNFI 147A
This course is designed for students to increase their knowledge and skills competence in large muscle area development utilizing free weights. Individualized exercise programs are designed to teach students intermediate level strategies and techniques. Development will be in muscle size or tone and strength or endurance. This course is offered as a half unit or one unit class and may not be repeated.
CSU/UC
A combination of KNFI 147A, 147B, and KNAF 144A can be taken for a maximum of 4 enrollments.

KINESIOLOGY HEALTH EDUCATION

KNHE 098
Topics
Unit(s): 0.5-3.0  Class Hours: 9.0-54.0 Lecture total.
Specialized health-related courses on topics related to the needs of Kinesiology students.
Pass/No Pass Only

KNHE 101
Healthful Living
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A comprehensive look at factors that impact people’s health, longevity and lifetime wellness. Areas covered will be personal fitness, nutrition, drugs, alcohol and tobacco, AIDS and sexually transmitted diseases, and degenerative diseases including cancer, heart disease, strokes and diabetes.
CSU/UC

KNHE 101H
Honors Healthful Living
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
A comprehensive look at factors that impact people’s health, longevity and lifetime wellness designed for honors students. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety.
CSU

KNHE 102
Women’s Health Issues
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An investigation into traditional and holistic health topics with a special emphasis on women’s issues, considering all aspects and concepts of social and political influences, nutrition and fitness, relationships, sexuality, reproductive issues, and careers. Through analysis of these topics, students apply methods to healthy lifestyle choices.
CSU/UC

KNHE 103
Men’s Health Issues
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Examines the societal, economic, cultural, and gender influences that shape men’s health beliefs and practices. Explores specific health issues unique to men such as accessing health care, healthy relationships, domestic abuse, prostate cancer, and alcohol use. Critically examines literature and media to identify interventions within a masculinity framework to improve men’s health outcomes. Identification of positive outcomes of healthy men at home, work, and in society.
CSU/UC

KNHE 104
Nutrition and Fitness
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
An applied nutrition course to improve the nutrition and health of active individuals. The course will focus on lifestyle, disease prevention, fitness, weight control, and the basic concepts of good nutrition.
CSU/UC

KNHE 106 (C-ID KIN 101)
Cardiopulmonary Resuscitation and First Aid
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course involves the theory and detailed demonstration of the first aid care of the injured. The student will learn to assess a victim’s condition and incorporate proper treatment. Standard first aid, CPR, and AED certification(s) will be granted upon successful completion of requirements.
CSU/UC

KNHE 108
Stress Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course examines productive and nonproductive stress and the influence of various types of stress on health and wellness. Topics include the physiological aspects of stress and its effects on health, assessments of personal coping style, strategies for coping effectively with stress, relaxation techniques, mindful awareness, and positive self-talk. Emphasis is placed on practical application of stress management techniques in daily life.
CSU

KNHE 198
Topics
Unit(s): 0.5-3.0  Class Hours: 9.0-54.0 Lecture total.
Specialized health-related courses on topics related to the needs of Kinesiology students.
CSU
KINESIOLOGY INTERCOLLEGIATE ATHLETICS

KNIA 098

Topics
Unit(s): 0.5-3.0  Class Hours: 9.0-54.0 Lecture total.
Specialized athletics courses on topics related to the needs of student-athletes.
Pass/No Pass Only

KNIA 125

Conditioning for Football
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Recommended Preparation: Students should be in good physical health and be able to safely engage in the course content.
This class is designed to prepare the college football athletes to play offense, defense, and special teams. The focus is on skill development and conditioning through resistance training and field work. This course is offered as a half-unit or one-unit class.
CSU/UC

KNIA 128

Conditioning for Athletes
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
An exercise program designed for athletes who participate in intercollegiate sports. Emphasis will be on the development of speed, endurance, flexibility, and strength. This course is offered as a half-unit or one-unit class.
CSU/UC

KNIA 133

Off Season Swimming
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in KNAQ 201A
This course is designed as an advanced aquatics class for student athletes with exceptional swimming talent who have an interest in skills development and conditioning for intercollegiate swimming. Emphasis is placed upon developing competitive strokes and strategies as well as learning collegiate swimming rules and regulations. A variety of training techniques geared toward building strength, speed, and endurance will be implemented. This course is offered as a half-unit or one-unit class.
CSU/UC

KNIA 171

Wrestling - Off-Season
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This course is designed as a skills development and conditioning class for student athletes interested in wrestling. Fundamentals of wrestling, analysis of opponents strengths and weakness, and knowledge of rules and regulations of the sport are presented. This course is offered as a half-unit or one-unit class.
CSU/UC

KNIA 198

Topics
Unit(s): 0.5-3.0  Class Hours: 9.0-54.0 Lecture total.
Specialized athletics courses on topics related to the needs of student-athletes.
CSU

KNIA 201

Baseball Men
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: High school or higher level baseball experience
This course is designed for student-athletes with exceptional baseball talent who intend to transfer and play baseball at the 4-year or professional level. Emphasis is on application of collegiate baseball rules and regulations, offensive and defensive fundamentals and strategies, and mental strategies for intercollegiate sports competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 202

Basketball-Men
Unit(s): 3.0  Class Hours: 175.0 Lab total.
This course is designed for student athletes with exceptional basketball talent so they may compete in intercollegiate basketball. Emphasis is placed upon application of collegiate basketball rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to intercollegiate competition.
CSU/UC

KNIA 204

Football-Men
Unit(s): 3.0  Class Hours: 162.0 Lab total.
Recommended Preparation: To compete at the collegiate level, students should have prior experience at the high school or club level and must be physically able to safely participate in intercollegiate athletics. If no prior experience is inherent, then tangible attributes such as height, weight, strength, and speed results can be utilized to assess ability.
This course is designed for students with exceptional football talent so they may compete in intercollegiate football. The program provides competition with conference colleges as well as with other California community colleges. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 206

Swimming-Men
Unit(s): 3.0  Class Hours: 175.0 Lab total.
This class is designed for student athletes with exceptional swimming talent so they may compete in intercollegiate swimming. Emphasis is placed upon stroke technique, starts and turns, and collegiate rules and regulations. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 209

Water Polo-Men
Unit(s): 3.0  Class Hours: 162.0 Lab total.
This course is designed for student-athletes with exceptional water polo talent so they may compete in intercollegiate water polo. Emphasis is place upon application of collegiate water polo rules and regulations, offensive and defensive strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to intercollegiate competition.
CSU/UC
KNIA 210
Wrestling-Men
Unit(s): 3.0  Class Hours: 162.0 Lab total.
This course is designed for student athletes with exceptional combative skills so they may compete in intercollegiate wrestling. Emphasis is placed on successful techniques and strategies for intercollegiate competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 211
Softball-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: High school varsity softball experience.
This course is designed for student-athletes to participate in intercollegiate softball competition. A high-level, competitive program for student athletes with exceptional softball talent. Emphasis is placed upon application of collegiate softball rules and regulations as well as defensive and offensive skills and strategies. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 212
Basketball--Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
This course is designed for student-athletes with exceptional basketball talent so they may compete in intercollegiate competition. Emphasis is placed upon application of collegiate basketball rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 213
Volleyball-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
This course is designed for student-athletes with exceptional volleyball talent so they may compete in intercollegiate competition. Emphasis will be placed on advanced technical skill development, offensive and defensive systems analysis, sport specific physical fitness. Students must meet the California Community College Athletic Association eligibility requirements and pass a health screening prior to intercollegiate competition.
CSU/UC

KNIA 216
Soccer-Men
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: High school varsity soccer experience.
This soccer class is designed for student-athlete sport competition. Emphasis is placed on advanced technical and tactical development. Students must meet CCCAA eligibility requirements and pass a health screening prior to competition.
CSU/UC

KNIA 217
Swimming-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in KNIA 133
This class is designed for student-athletes with exceptional swimming talent so they may compete in intercollegiate swimming. Emphasis is placed upon stroke technique, starts and turns, and collegiate rules and regulations. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 218
Track-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: Successful interscholastic track and field and/or cross country experience or equivalent
This course is designed for student athletes with advanced running skills so they may compete in intercollegiate track. Emphasis is placed upon application of track & field techniques, advanced training modalities, rules and regulations of the sport, and strategies for successful intercollegiate competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 219
Cross Country-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: Successful interscholastic cross country and/or track and field experience or equivalent
This course is designed for student athletes with advanced running skills so they may compete in intercollegiate cross country. Emphasis is placed upon application of cross country techniques, advanced training modalities, rules and regulations of the sport, and strategies for successful intercollegiate competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC

KNIA 220
Soccer-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: High school varsity soccer experience.
This soccer class is designed for student-athlete sport competition. Emphasis is placed on advanced technical and tactical development. Students must meet CCCAA eligibility requirements and pass a health screening prior to competition.
CSU/UC

KNIA 221
Water Polo-Women
Unit(s): 3.0  Class Hours: 175.0 Lab total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in KNIA 227
This course is designed for student-athletes with exceptional water polo talent so they may compete in intercollegiate water polo. Emphasis is placed upon application of collegiate water polo rules and regulations, offensive and defensive skills and strategies, and mental set for competition. Students must meet CCCAA eligibility requirements and pass a health screening prior to participation.
CSU/UC
KNIA 223
Baseball
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Recommended Preparation: High school or higher level baseball experience

This course is designed for skill development and conditioning for intercollegiate baseball players. Emphasis is placed upon instruction and training in the skills, fundamentals, knowledge, strategies, conditioning, and teamwork required for intercollegiate level baseball. This course is offered as a half-unit or one-unit class in the class schedule.

CSU/UC

KNIA 227
Off Season Waterpolo
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

This course is designed to provide skills development and conditioning for competitive waterpolo players to prepare for intercollegiate competition. Emphasis is placed upon instruction and experience in the fundamentals and strategies of the sport of water polo. This course is offered as a half-unit or one-unit class in the class schedule.

CSU/UC

KNIA 230
Preseason Football
Unit(s): 0.5  Class Hours: 4.5 Lecture, 18.0 Lab total.

Prerequisite: Health screening clearing student to participate in collegiate football.

This is an intensive course designed to prepare student athletes for a season of competition in intercollegiate football. It will include field work, classroom meeting time, and resistance training. The focus is skill development and preparation for a season of competition. It is included as part of the 175 contact hours allowed for student-athlete skill development and conditioning. Students must have a current health screening and doctor clearance to participate.

CSU/UC

KNIA 231
Football Camp
Unit(s): 1.0  Class Hours: 9.0 Lecture, 36.0 Lab total.

Recommended Preparation: Students must be of good health, physically fit, and either have experience at the collegiate, high school, or club level of football, or possess the tangible size and speed of a collegiate prospect.

This is an intensive course designed to prepare student athlete for a season of competition in intercollegiate football. It will include field work, classroom meeting time, and resistance training. The focus is skill development and preparation for a season of competition. It is included in the 175 hours allotted to football for offseason development.

CSU/UC

KNIA 232
Football
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Recommended Preparation: Student should be of good health and can safely engage in course content.

Basic elements of the game including fundamental skills in stance, footwork, tackling and blocking techniques will be presented. Offensive and defensive formations and strategies will be practiced. The focus is skill development and conditioning, and is included in the 175 hours allotted to football for offseason development. This course is offered as a half-unit or one-unit class.

CSU/UC

KNIA 235
Speed and Agility
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

This class includes instruction on linear speed, non-linear speed, and jumping ability using state of the art plyometric training and speed specific training tools. This course is offered as a half-unit or one-unit class.

CSU/UC

KNIA 240
Advanced Basketball Skills-Men
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

This class is designed to focus on skill development and sport conditioning for basketball players with exceptional talent. Emphasis is placed upon application of basketball training techniques, offensive and defensive skills and strategies, and rules and regulations of the game.

CSU/UC

KNIA 261
Soccer-Women
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Recommended Preparation: High school varsity soccer experience.

This soccer class is designed for student-athlete sport conditioning and technical and tactical skill development. This course is offered as a half-unit or one-unit class.

CSU/UC

KNIA 262
Soccer-Men
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

Recommended Preparation: High school varsity soccer experience.

This soccer class is designed for student-athlete sport conditioning and technical and tactical skill development. This course is offered as a half-unit or one-unit class as scheduled.

CSU/UC

KNIA 270
Softball
Unit(s): 0.5  Class Hours: 36.0 Lab total.

Recommended Preparation: High school or higher level softball experience

This course is designed for skill development and conditioning for intercollegiate softball players. Fundamentals of fielding, throwing, hitting, and base running. Includes play situations and an emphasis on team offensive and defensive strategy.

CSU/UC

KNIA 271
Softball - Off Season
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.

This course is designed for skills development and conditioning for exceptional softball players interested in intercollegiate competition. Basic skills and fundamentals of catching, throwing, pitching, hitting and baserunning will be discussed. Offensive and defensive techniques and strategies will be practiced. This course is offered as a half-unit or one-unit class.

CSU/UC
KNIA 281
Track and Field - Off Season
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This course is designed to provide skills development and conditioning for intercollegiate track and field athletes. Students learn the principles of team building while preparing for individual event specific activities. The focus will be on improving event specific technical skills, training methods, and mental set for competitive performance in track and field. Field trips to next level track and field events may occur. This course will be scheduled as a half-unit or one-unit class in the schedule.

CSU/UC

KNIA 291
Volleyball - Off Season
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
This course is designed as a high-level conditioning and skills development program for volleyball players with exceptional talent. This course is offered as a half-unit or one-unit class.

CSU/UC

KNIA 293
Sand Volleyball
Unit(s): 3.0  Class Hours: 175.0 Lab total.
This course is designed for student athletes so they may compete in intercollegiate sand volleyball. Emphasis will be placed on advanced technical skill development, offensive and defensive systems analysis, sport specific physical fitness. Students must meet the California Community College Athletic Association eligibility requirements and pass a health screening prior to intercollegiate competition. May be repeated.

CSU/UC

KINESIOLOGY PROFESSIONAL

KNPR 101 (C-ID KIN 100)
Introduction to Kinesiology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course is an introduction to the interdisciplinary approach to the study of human movement. An overview of the importance of sub-disciplines in kinesiology will be discussed along with career opportunities in the areas of teaching, coaching, allied health, and fitness professions.

CSU/UC

KNPR 110
Kinesiology-related Occupational Work Experience
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.
Prerequisite: Students must be concurrently enrolled or have completed KNSM 101 or the Fitness Specialist Certificate Program. Application must be approved by the Kinesiology Department Chair.
This work experience course consists of supervised paid or unpaid employment in an Athletic, Allied Health, or Fitness related setting. It is designed to assist students in acquiring desirable work habits, attitudes, and skills related to the student's educational major. Credit may be accrued at the rate of one to eight units per semester for a maximum of sixteen units. Seventy five hours of paid work or sixty hours of unpaid work equals one unit of credit. Student repetition is allowed per title 5 section 55253; however, only 1 unit may be applied toward major requirements or a certificate.

CSU

KNPR 125
Sport Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An academic and practical examination of the psychological aspects of sport concentrating on the scientifically proven methods of enhancing athletic performance through psychological training.

CSU

KNPR 150
Sport and Society
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Examines the role of sport in modern society. Looks at how sport influences and shapes global attitudes among nations. Investigates the historical, social, economic, and political impact of sport on society.

CSU

KNPR 155
Theory of Soccer
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This course is designed for the competitive soccer player. Students will learn and develop a further understanding of the game of soccer. Laws of the game, offensive and defensive techniques and tactics, and the physical preparation for becoming a soccer player will be discussed.

CSU/UC

KNPR 156
Sport Psychology Applications - Soccer
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This course provides advanced mental training to improve soccer performance. Theories, strategies, and best practices include; mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for soccer competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program.

CSU

KNPR 160
Sport and Fitness Management
Formerly: Management of Physical Education and Sport
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course examines all aspects of sports administration including the management process, organization of interscholastic and intercollegiate sports, human resources, fiscal issues, legal liability, and public relations. The course is intended for students interested in a career in physical education, coaching, fitness, and sports administration.

CSU

KNPR 165
Theory of Softball
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
A general overview of rules, regulations, strategies, mental preparation, skill evaluation, and the history of the sport of softball. Includes strategies and winning techniques of the game.

CSU/UC
KNPR 170

**Sport Ethics**  
**Unit(s):** 3.0  
**Class Hours:** 54.0 Lecture total.  

A class designed to examine ethics, moral questions, and value judgements related to sport. Its approach allows students to follow and analyze ethical arguments, think through philosophical issues, and apply them to the artistic expression of sport as well as everyday life.  

CSU

KNPR 175

**Theory of Football**  
**Unit(s):** 2.0  
**Class Hours:** 36.0 Lecture total.  

Tactics and strategies applied to specific game situations incorporating evaluation of opponent’s development of game plan including offense, defense, and the kicking game.  

CSU/UC

KNPR 195

**Student Athlete Success**  
**Unit(s):** 1.0  
**Class Hours:** 18.0 Lecture total.  

Corequisite: Status as current SAC student athlete. Athletic Counselor approved abbreviated and/or comprehensive education plan.  

Recommended Preparation: Status as current SAC student athlete. Athletic Counselor approved abbreviated and/or comprehensive education plan.  

This course is designed to prepare Santa Ana College student athletes for balancing the roles of student and athlete as well as preparing them to transfer. Students learn essential information regarding athletic eligibility, interactions between their education plan and athletic goals, NCAA and NAIA transfer requirements, growth mindset in athletics, college success skills, and time management.  

CSU/UC

KNPR 196

**Sport Psychology Applications - Baseball**  
**Unit(s):** 2.0  
**Class Hours:** 36.0 Lecture total.  

This class provides advanced mental training to improve baseball performance. Theories, strategies, and best practices include: mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for baseball competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program.  

CSU

KNPR 198

**Topics**  
**Unit(s):** 0.1-3.0  
**Class Hours:** 2.0-54.0 Lecture total.  

Specialized professional studies courses on topics related to the needs of Kinesiology students.  

CSU

KNPR 200

**Theory of Baseball**  
**Unit(s):** 2.0  
**Class Hours:** 36.0 Lecture total.  

Designed for the competitive baseball player. Topics to include offensive and defensive baseball strategies, bunting, baserunning, mental and physical preparation of becoming a baseball player.  

CSU/UC

KNPR 202

**Introduction to Personal Training**  
**Unit(s):** 3.0  
**Class Hours:** 54.0 Lecture total.  

This course is designed to introduce students to the fitness specialist career and prepare students for entry level personal trainer certification exams. Emphasis is placed on professional conduct, introduction of human movement science principles, and exercise program development for apparently healthy adults and children.  

CSU

KNPR 205

**Techniques of Exercise Leadership**  
**Unit(s):** 1.0  
**Class Hours:** 9.0 Lecture, 45.0 Lab total.  

This course is designed to introduce and practice the principles and techniques involved in teaching group exercise and developing personal trainer/client relationships. Emphasis is placed on client assessment, communication skills, program design, exercise adherence, teaching strategies, and professional responsibility and liability.  

CSU

KNPR 217

**Theory of Basketball**  
**Unit(s):** 2.0  
**Class Hours:** 36.0 Lecture total.  

This course provides instruction for the competitive basketball player. Topics to include techniques and strategies of basketball, different types of defense and offensive patterns. Emphasis will be placed on the mental aspect of basketball, team play, biomechanics, and film study at a competitive level.  

CSU/UC

KNPR 218

**Sport Psychology Applications - Basketball**  
**Unit(s):** 2.0  
**Class Hours:** 36.0 Lecture total.  

This class provides advanced mental training to improve basketball performance. Theories, strategies, and best practices include: mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for basketball competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program.  

CSU

KNPR 275

**Sport Psychology Applications - Football**  
**Unit(s):** 2.0  
**Class Hours:** 36.0 Lecture total.  

This class provides advanced mental training to improve performance in football. Theories, strategies, and best practices include: mental set, arousal and performance, mental imagery, and motivation as they pertain to preparing for competition. Students will develop necessary knowledge and skills to prepare for intercollegiate competition as well as self-assess readiness for transfer and the selection of transfer program.  

CSU

**KINESIOLOGY SPORTS MEDICINE**

KNSM 098

**Topics**  
**Unit(s):** 0.1-3.0  
**Class Hours:** 2.0-54.0 Lecture total.  

Specialized sports medicine courses on topics related to the needs of Kinesiology students.  

Pass/No Pass Only
KNSM 101
Introduction to Sports Medicine
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course is designed to be an introduction to the field of sports medicine/athletic training. It includes exposure to basic human anatomy and common athletic injuries as well as appropriate injury management strategies.
CSU/UC

KNSM 198
Topics
Unit(s): 0.1-3.0 Class Hours: 2.0-54.0 Lecture total.
Specialized sports medicine courses on topics related to the needs of Kinesiology students.
Pass/No Pass Only

LAW

LAW 058
Legal Interpreting and Translation Spanish/English
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A course in legal interpretation/translation designed for employment certification of interpreters for government and private legal businesses. Fluency in Spanish and English strongly recommended. Same as BA 058. Field trips may be required.

LAW 100 (C-ID LPPS 110)
Law and Society
Formerly: Introduction to Legal Studies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Overview of the legal system including the courts, participants and various sources of law in the American legal system. Review of the legal and judicial process in the United States covering the adversarial system, jurisdiction of federal and state courts, and the general process of judicial review. Explanation of different sources of law including statutes, court cases and administrative agency rules. Review of basic legal reasoning and introductory legal research methods. Examination of legal ethics. Introduction to substantive areas of law and the effect the law has in various groups and individuals in our system. Same as PARA 100
CSU/UC

LAW 105 (C-ID BUS 120)
The Legal Environment of Business
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Fundamental legal principles pertaining to business transactions. Introduction to the law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, judicial and administrative processes, employment law, forms of business organizations, and domestic and international governmental regulations. Same as Business 105.
CSU/UC

LIBRARY TECHNOLOGY

LIBR 053
Library Internship
Unit(s): 3.0 Class Hours: 18.0 Lecture, 120.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in LIBR 101, and LIBR 110, and LIBR 122
Closely supervised fieldwork experiences in two carefully selected library settings that will allow the student to apply learned knowledge and skills. Weekly review seminars and discussions are conducted in the classroom and online. To be taken in the last semester of an A.A. Degree or Certificate in Library Technology.

LIBR 054
Children's Library Services
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Course explores standard library procedures and practices as they are adapted to a children's library situation. Each student has practice evaluating materials and using various methods for sharing literature with children, e.g. reading aloud, storytimes, displays, and bibliographies.

LIBR 101
Introduction to Library Technology
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course provides an introduction to libraries as a career field with particular emphasis on the role of the library technician in various types of library settings. It also provides an overview of library collections, history, organization, staffing, services, terminology, and electronic online resources.
CSU
LIBR 102
Information Sources for Paraprofessionals: Tools and Techniques
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to information sources in both print and electronic formats. Includes a basic theoretical and practical exploration of the nature and types of information in selected subject fields. Builds skills in information searching and in the evaluation of information and information sources.
CSU/UC

LIBR 110
Technical Services
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Survey of library technical services, exploring philosophies, ethics, policies, and procedures. Emphasis on materials acquisitions processes and workflows; cataloging and classification principles and rules (MARC, RDA, LC and Dewey Classification systems, and LC Subject Headings); metadata and its impact on user experience; collections preservation and maintenance; and the future of technical services.
CSU

LIBR 122
Public Services
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Exploration of library public services with special emphasis placed on a variety of issues as they relate to the circulation of library materials, the delivery of reference services, the use of the Internet and full-text databases for reference, and the preparation and delivery of library programs.
CSU

MANAGEMENT

MGMT 120
Principles of Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Principles, methods, and procedures essential to the successful management of human and financial resources. Planning, decision making, staffing, directing, motivating, leading, communicating, controlling, and the application of managerial skills. Same as Business 120.
CSU

MGMT 121
Human Relations and Organizational Behavior
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
The role of the manager and management’s relationship to employees. Includes the application of motivational theories, communications, leadership, and organizational structure. Same as Business 121.
CSU

MGMT 122
Business Communications
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Overview of oral and written communication skills used in business; emphasizes guidelines for improving writing and speaking skills, common solutions to common communication problems, ethical issues facing business communicators today, instructions on how to identify areas of legal vulnerability, and tested techniques for communicating successfully in today’s high-tech, international business environment. Suggested preparation: English 061 or English for Multi-lingual Students 112 or American College English 116.
CSU

MGMT 125
Organizational Leadership
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An examination of the universal principles of leadership. Covers the many approaches to leadership, the role of gender and diversity, and leadership ethics. Designed to build repeatable and transferable leadership skills for today’s organizational environment.
CSU

MGMT 130 (C-ID HOSP 100)
Introduction to Hospitality Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Overview of the Hospitality industry’s structure and financial performances: food and lodging, resorts, tourism enterprises, attractions, and related operations. Focus on orientation to customer service, cultural/economic trends, and career opportunities. Same as Culinary 101.
CSU

MGMT 135
Human Resource Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introductory course covers the goals, activities, and challenges of human resources. Includes equal employment opportunity and diversity, recruitment and selection, leadership and motivation, training and development, compensation, and employee and labor/management relations.
CSU

MGMT 203 (C-ID HOSP 130)
Introduction to Food & Beverage Management
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Techniques and management procedures are explored and developed related to commercial and institutional food and beverage facilities. Topics include functions of management, marketing, menu development, effective cost controls in purchasing, labor, and service techniques. Same as Culinary 203.
CSU

MANUFACTURING TECHNOLOGY

MNFG 096
Manufacturing Technology Lab
Unit(s): 0.5-4.0  Class Hours: 27.0-216.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 174, or MNFG 176, or MNFG 177, or MNFG 184, or MNFG 185, or MNFG 194, or MNFG 195
A supplemental learning assistance course that provides supervised use of laboratory equipment for students enrolled in CNC machine courses to complete machine setup and operation projects. Students are expected to complete 24 lab hours for each .5 unit of credit. May be repeated up to the maximum number of units. Grade: Pass/No Pass only.
MNFG 103
Solidworks Beginning Solid Modeling
Formerly: Beginning Solid Modeling
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introductory course in parametric solid modeling using Solidworks, an industry standard engineering design software (CAD). This course will include a solid modeling overview, solid model construction techniques (extrude, revolve, fillet, chamfer, etc.), including the preparation of individual solid components and basic solid model assemblies. Same as Engineering 103.
CSU

MNFG 104
Solidworks Intermediate Solid Modeling
Formerly: Solidworks Intermediate Solid Modeling
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 103, or ENGR 103
Intermediate course for solid modeling using Solidworks, an industry standard engineering design software (CAD). Includes a review of the introductory class and changes to the Solidworks interface. Instruction in the use of intermediate Solidworks part modeling skills such as assembly modeling and sub-assemblies is included. Same as Engineering 104.
CSU

MNFG 105
Solidworks Advanced Solid Modeling
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 104, or ENGR 104
Advanced course for solid modeling includes a review of the intermediate class and changes to the Solidworks interface. Instruction in the use of Solidworks part modeling, assembly modeling, sub-assemblies, advanced photoworks, and advanced animator emphasized. Same as Engineering 105.
CSU

MNFG 106
Solidworks Drawings
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 103, or ENGR 103,
Recommended Preparation: MNFG 111, or ENGR 111
Creation and use of drawing templates, importing of solids data into the drawing template, and modification of the resulting drawings to company standards.
CSU

MNFG 107
CSWA Exam Prep
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 104
The CSWA exam preparation class introduces students to the SolidWorks certification process, helps them prepare for the CSWA, using sample exams, and administers the Official SolidWorks CSWA exam.
CSU

MNFG 111
Basic Mechanical Blueprint Reading
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Reading and interpreting blueprints for manufacturing technologies. Same as Engineering 111.
CSU

MNFG 114
Geometric Dimensioning and Tolerancing
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Drawing interpretation utilizing geometric dimensioning and tolerancing per ASME Y14.5M (formerly ANSI Y14.5M) as applied in engineering, manufacturing, and inspection. Suggested preparation: prior course or experience in drafting with conventional dimensioning and tolerancing. Same as Engineering 114.
CSU

MNFG 115
QC1 Quality Inspection
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introductory course in Quality Control operations. Course includes dimensional inspection, completion of inspection reports, training and expectations for various quality inspector positions, as well as an introduction to various quality concepts that support inspection positions.
CSU

MNFG 116
QC Operations with Verisurf Software
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in MNFG 111
Introductory course in the operation of Verisurf inspection software. This course includes a review of Geometric Dimensioning and Tolerancing and operation of Verisurf software during inspection of three dimensional manufactured parts. This software is also used in creation of inspection reports as a form of data recording in a quality control environment.
CSU

MNFG 117
QC Operations with PC-DMIS CMM-1
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in MNFG 111
Introductory course in the operation of PC-DMIS CMM Software. This course instructs the user how to dimension, program, and inspect features of 3D parts. Course includes dimensional explanation of relevant GD&T concepts, importing and using of CAD models, and reporting results from each activity.
CSU
MNFG 118
QC Operations with PC-DMIS CMM-2
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 117
Recommended Preparation: MNFG 114

This supplementary course in the operation of PC-DMIS CMM Software. This course instructs the user in additional dimensioning, programming, and system menu options. Course includes additional instruction in probe calibrations, dimensioning options, model translations, and scanning functionality.

CSU

MNFG 119
QC2: Quality Theory
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 115
Recommended Preparation: MNFG 114

Intermediate course for quality control operations. Course discusses quality theory as well advanced quality operations such as, inspection planning, calibration systems, sampling, quality tools including SPC and their implementation, auditing, corrective and preventative action, lean manufacturing concepts, and customer and supplier relationships.

CSU

MNFG 120
Introduction to Medical Device Quality
Unit(s): 2.0 Class Hours: 36.0 Lecture total.

The course goal is to teach students an overview of quality system regulations and standard compliance used in the medical device industry. The course content will be applicable to the medical technology disciplines of manufacturing, engineering, welding, and biotechnology. This will be placed within a strategic context to generate discussion regarding the importance of quality management and to relate it to other business and organizational issues.

CSU

MNFG 121
Quality Control for Medical Devices
Unit(s): 2.0 Class Hours: 36.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 120

The course goal is to teach students quality control elements to support the medical device industry. The course content will be applicable to the medical technology disciplines of manufacturing, engineering, welding, and biotechnology. Students will be taught the concepts and principles of quality control and gain knowledge of the relevant tools, models and techniques. The course provides "real world" applications and discussions of current and relevant topics of quality systems.

CSU

MNFG 122
Introduction to Autonomous Control and Drones
Unit(s): 3.0 Class Hours: 18.0 Lecture, 108.0 Lab total.

This course teaches students how to safely control a drone with hardware and software. Topics include basic autonomous control, coordinate systems, methods on control, flight techniques, manufacturing of drones, design of drones, modification of drones, Unmanned Autonomous Systems, and Counter Unmanned Autonomous Systems.

CSU

MNFG 123
Payload and Sensors for the Manufacturing of Autonomous Drones
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.

This course teaches students how to safely choose and use various payloads and sensors with autonomous drones. Topics include applications of payloads and sensors; use and troubleshooting of various sensors (light, ultrasonic, and GPS based); effects of payloads and sensors on autonomous drones; data gathering and processing; and latest technological advancements for autonomous drone sensor technology.

CSU

MNFG 124
Repair and Troubleshooting of Autonomous Drones
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.

This course teaches students how to troubleshoot and repair autonomous drone platforms. Course content includes familiarization of drone components, disassembly and reassembly of drone platforms, preventative maintenance, common diagnostics and repair procedures, and post repair flight testing.

CSU

MNFG 128
Basic Metals Technology
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Basic metals terminology and its application in modern industry. Involves metal classification systems, destructive metal testing, metal refining, and heat treatment of various metals with resulting strength and structural changes.

CSU

MNFG 130A
CATIA I
Formerly: CATIA Beginning Solid Modeling
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Introductory course in parametric solid modeling CAD using CATIA software, which is used extensively in the aerospace and automotive fields. Topics include: CAD overview, sketching, basic solid model creation (base features, pads, pockets, grooves, shafts, etc.) sketch constraints, reference elements, hole features, feature editing, assembly and drawing creation. Same as Engineering 130A.

CSU

MNFG 130B
CATIA II
Formerly: CATIA Intermediate solid modeling
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Intermediate course in parametric solid modeling CAD using CATIA software, which is used extensively in the aerospace and automotive fields. Topics include: intermediate/ advanced level sketching and modeling (sweeps, ribs, slots), feature editing and transformation, assemblies, drawing workbench, surface modeling, and other CATIA modules. Same as Engineering 130B.

CSU
MNFG 153

Technical Mathematics
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Ratios and proportions, formulas, measurements (linear, surface, and volume), geometric construction, and right triangles. Basics of algebra, geometry, and trigonometry for the manufacturing industry.
CSU

MNFG 156A

Beginning Robotic Welding
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in WELD 108
Corequisite: MNFG 157A, or WELD 157A
The course is a basic programming course that teaches students how to safely manipulate the robot through proper use of the robotic controller and teach pendant. This course also introduces the student to the gas metal and flux cored arc welding process. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to input welding procedures, jog frames, circular moves, welding, copy, delete, commands, six point tool center and other activities related to the robotic welding process. Same as Welding 156A.
CSU

MNFG 156B

Intermediate Robotic Welding
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 156A, or WELD 156A, and MNFG 157A, or WELD 157A
Corequisite: MNFG 157B, or WELD 157B
The robotic welding course teaches students how to safely manipulate the robot through proper use of the robotic controller and Teach Pendant. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to input welding procedures, jog frames, circular moves, welding, copy, delete, commands, six point tool center and other activities related to the robotic welding process. Same as Welding156B.

MNFG 156C

Advanced Robotic Welding
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 156B, or WELD 156B
Corequisite: MNFG 157C, or WELD 157C
The Advanced Robotic Welding course teaches students how to safely manipulate the robot through proper use of the robot controller and Teach Pendant. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification and welding procedures. Students will be able to create programs in robotic welding safety, TPP Management, USER Frames, coordinated motion, TAST, TAST-RPM, position registers & offsets, touch & sensing and activities relating to the robotic welding process. Same as Welding 156C.
CSU

MNFG 157A

Basic Robotic Programming
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in WELD 108
Corequisite: MNFG 156A, or WELD 156A
This is a basic programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, linear movements, coordinate systems, Teach Pendant programming, and software/hardware integration. Same as Welding 157A.
CSU

MNFG 157B

Intermediate Robotic Programming
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 156A, or WELD 156A, and MNFG 157A, or WELD 157A
Corequisite: MNFG 156B, or WELD 156B
This course is a programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, circular movements, robot set-up, advanced Teach Pendant programming and functions, and auxiliary hardware. Same as Welding 157B.
CSU

MNFG 157C

Advanced Robotic Programming Welding
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 156B, or WELD 156B, and MNFG 157B, or WELD 157B
Corequisite: MNFG 156C, or WELD 156C
This is an advanced programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, logic commands, and coordinate systems, advanced Teach Pendant programming, network integration, simulations, and software/hardware integration. Same as Welding 157C.
CSU

MNFG 158

Basic Machining Concepts and Operations
Unit(s): 3.0  Class Hours: 18.0 Lecture, 126.0 Lab total.
Fundamental operations on lathes, milling machines, grinders, and drill presses, including precision measurements and layout. Equips students with skills and theory necessary to enter or upgrade within the machinist trade. Same as Engineering 158.
CSU

MNFG 159

Advanced Turning Concepts and Operations
Unit(s): 3.0  Class Hours: 18.0 Lecture, 126.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGR 158, or MNFG 158
Machine turning theory and skill development with emphasis on lathe principles, capabilities, and operations. Includes construction, tool grinding, and turning machine operations such as diameter turning and boring, external and internal single point treading.
CSU
Advanced Milling Concepts and Operations
Unit(s): 3.0  Class Hours: 18.0 Lecture, 126.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 158, or ENGR 158
Advanced machine tool operation and setup with emphasis on milling machine principles, use and capabilities, accessories, and operations. Includes operations with the offset boring head and rotary table.

Job Shop Skills
Unit(s): 0.5-3.0  Class Hours: 27.0-162.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 159, and MNFG 168
Experience in planning, setup and machining of a wide variety of projects using all machine tools. Students will build upon the skills and theory gained in beginning and advanced Manufacturing Technology classes or by on-the-job experience.

CNC Program Writing
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in MNFG 158, and MNFG 111
Introductory course for manual CNC program writing. This course will include coordinate system, absolute/incremental programming, circular interpolation, cutter radius compensation, canned cycles, and program formatting.

Mastercam - 2D Geometry, 2D Toolpaths
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Computer assisted numerical control programming of machine tools using Mastercam software. Creation of 2D-part geometry. 2D-part programming including contouring, pocketing, drilling, and tapping.

CNC Milling Center Set Up and Operation
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 171, MNFG 158
Corequisite: MNFG 096
Basic setup and operation of numerically controlled milling machines. Students will set up and operate a 3 axis CNC milling machine. Requires enrollment in 1.5 hours of scheduled lab for 0.5 units. Labs are scheduled at the first class meeting.

Mastercam - 3D Geometry, 3D Surfaces
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 173
Continued instruction of computer assisted numerical control programming. Advanced concepts and methods of creating 3D geometry and 3D surfaces using Mastercam 3D software.

CNC Turning Center Set Up and Operation
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 158, and MNFG 171
Corequisite: MNFG 096
Setup and operation of numerically controlled lathe with emphasis on the application of the Fanuc controlled machine and CNC machining methods used in industry. Requires enrollment in 1.5 hours of scheduled lab for 0.5 units. Labs are scheduled at the first class meeting.

Mastercam - 3D Toolpath and CAM Applications
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 175
Advanced concepts in the manufacturing of machine parts using MASTERCAM software and CNC machining centers. Emphasis placed on programming and machining 3 dimensional surfaces. Problem solving in roughing, finishing, fixtureing, and machining of a variety of part configurations.

Mastercam Lathe
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 171, and MNFG 173
Advanced set-up and operation of CNC Machining Center. Student will learn the advanced concepts in set up and operation of the state of the art milling equipment. Course curriculum will include instruction on boring cycles, reaming cycle, thread milling, 4th axis rotary table, and multiple fixture offsets. Requires enrollment in 1.5 hours of scheduled lab per week for .5 unit. Lab hours are scheduled at the first class meeting.

Advanced CNC Mill Set Up and Operation
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 171, and MNFG 174
Corequisite: MNFG 096
Advanced set-up and operation of CNC Machining Center. Student will learn the advanced concepts in set up and operation of the state of the art milling equipment. Course curriculum will include instruction on boring cycles, reaming cycle, thread milling, 4th axis rotary table, and multiple fixture offsets. Requires enrollment in 1.5 hours of scheduled lab per week for .5 unit. Lab hours are scheduled at the first class meeting.

Advanced CNC Lathe Programming, Setup and Operation
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 176, MNFG 171
Corequisite: MNFG 096
Advanced programming, set-up, and operation of CNC lathe. Course curriculum will include instruction on C-Axis with live tooling option, subprogram for C-Axis, tapered I.D. and O.D. thread, canned cycles, uses of digital probe for tool offset, and programmable tailstock. Requires enrollment in 1.5 hours of scheduled lab per week for .5 unit. Lab hours are scheduled at the first class meeting.
MNFG 194  
CNC Horizontal Mill Setup and Operation  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 171, MNFG 174  
Corequisite: MNFG 096  
Set-up and operation of CNC Horizontal Machining Center. Students will learn the concepts necessary for set-up and operation of the state-of-the-art horizontal milling machine. Course curriculum will include instruction on multi fixtures, rapid pallet changing, and ability to machine several sides at once with a single set-up using fully programmable 4th axis to boost productivity, cut lead times, and lower production costs. Student must complete 27 hours of scheduled lab per semester to earn .5 units for lab.  

CSU  

MNFG 195  
Mastercam 5 Axis Mill Toolpath and Application  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MNFG 174, and MNFG 175  
Students will use Mastercam Software and Blade Expert to create various Multi Axis Toolpaths. Course includes programming, set up and operation of a 5 axis DMU-50 milling machine with CNC Siemens control to complete various student’s group projects.  

CSU  

MARKETING  

MKTG 111  
Principles of Retailing  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Overview of the retail industry. Structure, scope, and evolution of retail institutions; retail decision making is emphasized in relation to the following topics: organization and store management; merchandise assortment, pricing, and layout; identifying markets; and advertising, promotion, and sales.  

CSU  

MKTG 113  
Principles of Marketing  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
The process of developing products that will satisfy the many needs of consumers and businesses. Includes market research techniques, pricing, distribution, and promotion.  

CSU  

MKTG 116  
Global Marketing: Selling Around the World  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Learn how to adapt marketing techniques to international markets, how to develop marketing strategies, and how to target markets based on the cultural, political and economic environments. Learn how to create forecasts and budgets for international markets. Same as Business 116.  

CSU  

MKTG 120  
Understanding Consumer Behavior – Getting them to Buy, Buy, Buy  
Unit(s): 1.0  
Class Hours: 18.0 Lecture total.  
This course will explore the science, mechanics, dynamics, and culture of consumers and their behavior. Understanding your consumer leads to long-term relationships, which translates to sales and profits for your business. Students will learn how to analyze consumer behavior using the latest tools, techniques, and technology.  

CSU  

MKTG 121  
Negotiating - Getting to a Win-Win  
Unit(s): 1.0  
Class Hours: 18.0 Lecture total.  
Learn the techniques of successfully negotiating a Win-Win business transaction. By learning the different negotiating styles, students will gain skills working with customers in all business segments.  

CSU  

MKTG 122  
Sales Strategies that Build Business Relationships & Increase Sales  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
Learn how professional sales people build relationships with customers and clients that lead to increased sales. Learn how to effectively communicate, persuade, overcome objections, and close the deal.  

CSU  

MKTG 123  
Marketing and Technology - Trends and Cutting Edges  
Unit(s): 1.0  
Class Hours: 18.0 Lecture total.  
This course will cover the latest trends in mixed marketing technologies. Learn to use the latest technologies to drive awareness, create demand, and close sales. Discover the latest trends, strategies, and tools for using technology for marketing - what they are, how they work, and how to get started.  

CSU  

MKTG 124  
Cause Marketing and Public Relations - Doing Well by Doing Good  
Unit(s): 1.0  
Class Hours: 18.0 Lecture total.  
This course will cover how companies can be successful by doing good, helping society and people. Learn about not-for-profit businesses and socially responsible for-profit businesses. Learn how authentic corporate giving, cause marketing, and the power of public relations can help drive the triple bottom line - profits, people and planet.  

CSU  

MKTG 125  
Advertising & Promotion – Get the Word Out & Keep your Customers Buying  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
This course will provide students with an in-depth look into cutting-edge advertising and promotion strategies used by small, medium, and large companies. Students will learn how to create an advertising campaign, including the planning, costs, and creative design process. Students will learn how promotions are used to increase sales, to build brand loyalty, and to build relationship with customers.  

CSU
MKTG 126
Distributing Products & Services – Reaching Customers Where They Shop
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
This course will teach the latest and most cost effective strategies to reach your customer. Students will learn how an efficient B2B and/or B2C distribution system utilizing marketing intermediaries, direct sales, online distribution, and global markets can increase profits. Supply Chain strategies, channel evaluation, and relationships will be highlighted.

CSU
MKTG 127
Introduction to E-Commerce
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Electronic commerce from a managerial perspective focusing on the retailing, business-to-business, and service industries. Topics include e-commerce infrastructure, intranets and extranets, electronic payment systems, marketing research, advertising, e-commerce strategies, and privacy issues. Same as Business 127.

CSU
MKTG 128
Advertising and Distribution
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course will provide students with an in-depth look into cutting edge advertising and promotion strategies used by small, medium, and large companies. Students will learn how to create an advertising campaign, including the planning, costs, and creative design process. Students will learn how promotions are used to increase sales, to build brand loyalty, and to build relationship with customers. This course will teach the latest and most cost-effective strategies to reach your customer. Students will learn how an efficient B2B and/or B2C distribution system utilizing marketing intermediaries, direct sales, online distribution, and global markets can increase profits. Supply Chain strategies, channel evaluation, and relationships will be highlighted.

CSU
MKTG 129
Sales, Negotiation, and Consumer Behavior
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course will explore the science, mechanics, dynamics, and culture of consumers and their behavior. Understanding consumers leads to long-term relationships, which translates to sales and profits for businesses. Students will learn how to analyze consumer behavior using the latest tools, techniques, and technology. Students will learn the techniques of successfully negotiating a Win-Win business transaction. By learning the different negotiating styles, students will gain skills working with customers in all business segments. Students will learn how professional sales people build relationships with customers and clients that lead to increased sales. Learn how to effectively communicate, persuade, overcome objections, and close the deal.

CSU
MATH 006
Essential Mathematics
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: A student will be placed in Math N06 if they do not qualify for Math N48 or a higher course according to the Santa Ana College Math Department’s placement standards.
Reviews whole numbers, fractions, decimals, percents, geometric formulas and signed numbers. Not applicable to associate degree.

MATH 019
Support for Math 219 Probability and Statistics
Unit(s): 0.5  Class Hours: 36.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in MATH 219
A review of mathematics needed to be successful in Probability and Statistics. Topics are drawn from Pre-Algebra and Algebra. Intended to be taken concurrently with Math 219 for students who did not directly place into Math 219 or for students who would like to supplement their learning with prerequisite skills.

MATH 030
Coping with Math Anxiety
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Covers the concept of math anxiety - what causes it and how to overcome it. Includes review and practice of basic math skills.

MATH 040
Support for College Algebra
Unit(s): 0.5  Class Hours: 36.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in MATH 140
A review of mathematics topics from Elementary and Intermediate Algebra which are needed to be successful in College Algebra. Intended to be taken concurrently with College Algebra (Math 140) for students who did not directly place into Math 140, or for students who would like to supplement their learning with prerequisite skills.

MATH 082
Pre-Statistics and Problem Solving
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Pre-statistics including measures of center, measures of spread, graphical representations, basic probability, dimensional analysis, linear equations, formulas, percent equations, lines, basic linear regression and problem-solving designed specifically for liberal arts and social science majors.
MATH 083
Beginning and Intermediate Algebra for Liberal Arts and Social Science
Unit(s): 6.0  Class Hours: 108.0 Lecture total.
A combined course in algebra that includes systems of equations, inequalities, graphs and functions, radicals, quadratic polynomials, rational expressions, exponential and logarithmic functions, and problem solving aimed specifically at liberal arts and social science majors.

MATH 084
Beginning and Intermediate Algebra
Unit(s): 6.0  Class Hours: 108.0 Lecture total.
A combined course in algebra that includes systems of equations: inequalities, graphs and functions; radicals, quadratic polynomials, rational expressions; exponential and logarithmic functions, and problem solving.

MATH 098-00
Topics
Unit(s): 1.0-4.0  Class Hours: 3.0-72.0 Lecture total.
Special Mathematics courses covering topics related to the needs of SAC Math students.

MATH 105
Mathematics for Liberal Arts Students
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 083, or MATH 084; or equivalent skills as measured by placement into Math 105 according to the Santa Ana College Math Department’s placement standards.
An overview of mathematics for the liberal arts student. Topics will include problem solving, financial management, probability, statistics, and selected other topics such as set of theory, geometry, logic, mathematical modeling, and the history of mathematics.

CSU/UC

MATH 140
College Algebra
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 084; or equivalent skills as measured by placement into Math 140 according to the Santa Ana College Math Department’s placement standards.
Survey of advanced topics in algebra: equations, inequalities and functions involving polynomials, rationals, exponentials, and logarithms with applications and graphing; sequences and series.

CSU/UC
College Algebra with Support

MATH 141 (NOTE: only 4 of 4.5 units are UC transferable)

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 084; or equivalent skills as measured by placement into Math 141 according to the Santa Ana College Math Department’s placement standards.

Survey of advanced topics in algebra: equations, inequalities and functions involving polynomials, rationals, exponentials, and logarithms with applications and graphing; sequences and series. Course includes just-in-time review of topics from arithmetic, Elementary Algebra, Intermediate Algebra, and/or other topics as necessary. Intended for students who did not directly place into Math 140 or for students who would like to supplement their learning with prerequisite skills needed for College Algebra.

CSU/UC

**MATH 145 (C-ID MATH 130)**

**Finite Mathematics**

**Unit(s): 4.0**  **Class Hours: 72.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 084; or equivalent skills as measured by placement into Math 145 according to the Santa Ana College Math Department’s placement standards.

Linear systems and matrix algebra, linear programming and the simplex method, algebra of sets, introduction to probability and counting, the binomial distribution, descriptive statistics, introduction to the normal curve. Application to the fields of business, economics, and biological and behavioral sciences are emphasized.

CSU/UC

**MATH 150 (C-ID MATH 140)**

**Calculus for Biological, Management and Social Sciences**

**Unit(s): 5.0**  **Class Hours: 90.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 140

Single and multi-variable calculus including limits, derivatives, integrals, exponentials, and logarithmic functions and partial derivatives. Applications are drawn from biology, social science, and business.

CSU/UC

**MATH 162 (C-ID MATH 851)**

**Trigonometry**

**Unit(s): 4.0**  **Class Hours: 72.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 140

Angles and their measurement, trigonometry functions and their applications, including vector problems. Use of trigonometric identities. Graphing the basic functions and variations, solving trigonometric equations. Graphing using polar coordinates, and use of complex numbers.

CSU

**MATH 170 (C-ID MATH 155)**

**Pre-Calculus Mathematics**

**Unit(s): 4.0**  **Class Hours: 72.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 162

Advanced algebraic topics. Study of rational, trigonometric, exponential and logarithmic functions, and analytic geometry. Preparation for Mathematics 180.

CSU/UC

**MATH 180 (C-ID MATH 210, C-ID MATH 900S = MATH 180 or 180H + MATH 185)**

**Single Variable Calculus I**

**Unit(s): 4.0**  **Class Hours: 72.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 140, and MATH 162, or MATH 170; or equivalent skills as measured by placement into Math 180 according to the Santa Ana College Math Department’s placement standards.

Limits and continuity, derivatives and integrals of algebraic, trigonometric, and other transcendental functions. Applications including extrema tests, related rates, and areas.

CSU/UC

**MATH 185 (C-ID MATH 220, C-ID MATH 900S= MATH 180 OR 180H + MATH 185)**

**Single Variable Calculus II**

**Unit(s): 4.0**  **Class Hours: 72.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 180, or MATH 180H

Applications of integrals, including volumes, work, arc length, and surface area. Integration techniques, differential equations, conics, parametric equations, polar coordinates, improper integrals, sequences, and infinite series.

CSU/UC

**MATH 198-00**

**Topics**

**Unit(s): 1.0-4.0**  **Class Hours: 3.0-72.0 Lecture total.**

Special Mathematics course covering topics related to the needs of SAC Math students.

CSU

**MATH 204 (C-ID MATH 120)**

**Mathematical Concepts for Elementary School Teachers**

**Unit(s): 4.0**  **Class Hours: 72.0 Lecture total.**

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MATH 083, or MATH 084; or or equivalent skills as measured by placement into Math 204 according to the Santa Ana College Math Department’s placement standards.

Designed for prospective elementary teachers, the course emphasizes problem solving techniques and mathematical structure associated with numeration, set theory, elementary number theory, real number system, ratio, proportion, and percent. The course includes instructional delivery design and activity-based explorations.

CSU/UC

**MATH 204L**

**Mathematics Content for Elementary Math Teachers (Lab)**

**Unit(s): 0.5**  **Class Hours: 36.0 Lab total.**

**Corequisite:** Concurrent enrollment in MATH 204

Students in Math 204L will receive individual and/or group instruction advancing students conceptual understanding of the mathematics needed to teach elementary school. Instruction integrates hand-ons learning, projects, and presentations.

Pass/No Pass Only

CSU

**MATH 204L**

**Mathematics Content for Elementary Math Teachers (Lab)**

**Unit(s): 0.5**  **Class Hours: 36.0 Lab total.**

**Corequisite:** Concurrent enrollment in MATH 204

Students in Math 204L will receive individual and/or group instruction advancing students conceptual understanding of the mathematics needed to teach elementary school. Instruction integrates hand-ons learning, projects, and presentations.

Pass/No Pass Only

CSU
MATH 219 (C-ID SOCI 125, C-ID MATH 110)
Statistics and Probability
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 083, or MATH 084; or equivalent skills as measured by placement into Math 219 according to the Santa Ana College Math Department's placement standards.
Beginning course in statistics. Includes descriptive statistics, graphical displays of data, probability, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics. Includes use of technology.
CSU/UC

MATH 219H (C-ID SOCI 125, C-ID MATH 110)
Honors Statistics and Probability
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher, and MATH 083, or MATH 084 or equivalent skills as measured by placement into Math 219 according to the Santa Ana College Math Department's placement standards.
Enhanced format for the beginning course in statistics and probability, using a seminar approach and computers and individual research, and presentations. Includes descriptive statistics, graphical displays of data, probability, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics, with applications designed around the individual interests of students.
CSU/UC

MATH 221 (C-ID MATH 110)
Statistics and Probability with Support
Unit(s): 4.5 Class Hours: 72.0 Lecture, 36.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 083, or MATH 084; or equivalent skills as measured by placement into Math 219 according to the Santa Ana College Math Department's placement standards.
Beginning course in statistics. Includes descriptive statistics, graphical displays of data, probability, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics. Includes use of technology. Integrated review includes concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and critical thinking skills from descriptive statistics that are needed to understand the basics of college-level statistics. Intended for students who did not directly place into Math 219 or for students that would like to supplement their learning with prerequisite skills needed for Statistics.
CSU/UC

MATH 280 (C-ID MATH 230)
Intermediate Calculus
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 185
Vectors and three-dimensional space, functions of several variables, partial derivatives, and multiple integrals. Vector calculus, Green's Theorem, Stoke's Theorem, and the Divergence Theorem.
CSU/UC

MATH 287 (C-ID MATH 910S)
Introduction to Linear Algebra and Differential Equations
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 280
CSU/UC

MATH 319
Quantitative Research Methods for Healthcare Professionals
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 219, or MATH 219H, or PSYC 210. Limitation on enrollment: Student must be admitted to the Occupational Studies program.
This course will develop skills and tools for understanding and performing quantitative research in healthcare sciences. The focus of the course will be on statistical research methods prevalent in healthcare sciences: including principles of experimental design, appropriate sampling, and running quantitative tests to determine the validity of claims.

MEDICAL ASSISTANT

MA 001
Cooperative Work Experience Education - Occupational
Unit(s): 1.0-4.0 Class Hours: 60.0-300.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MA 051A, and MA 051B, and MA 053, and MA 055
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become production employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.

MA 020
Bloodborne and Airborne Pathogen Standards
Unit(s): 0.5 Class Hours: 9.0 Lecture total.
Presentation of California Occupational Safety and Health Act (Cal-OSHA) Bloodborne and Airborne Pathogen Standards for occupational at-risk exposure to hepatitis, HIV-AIDS, and Tuberculosis including compliance requirements, exposure control measures, exposure determination, protective equipment, and post exposure practices.

MA 030
Phlebotomy
Unit(s): 1.0 Class Hours: 13.5 Lecture, 13.5 Lab total.
This phlebotomy course is designed for health care workers and provides a comprehensive introduction to the practice of phlebotomy, with focus on safety procedures, equipment and point-of-care testing.

MA 051A
Beginning Medical Terminology
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Introduction to medical terms including structural analysis of prefixes, combining form/roots, and suffixes. Emphasis on terms related to anatomy, physiology, diagnostic tests and pathology of the digestive, renal-urinary, and reproductive systems. Also, terms related to pregnancy and the newborn.
### Advanced Medical Terminology

**MA 051B**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MA 051A  
Continuation of MA 051A. Includes medical terms related to anatomy, physiology, diagnostic tests and pathology of the nervous, cardiovascular, respiratory, circulatory, musculoskeletal, skin, sensory, and the endocrine systems.

### Medical Assistant - Administrative Front Office

**MA 053**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

Medical front office training including the role, responsibilities, professionalism, medical ethics and laws, medical records, filing, billing and collection, banking, bookkeeping, reception, telephone techniques, oral and written communication, resume, and job seeking skills. Also includes a unit on office first aid and life threatening illnesses.

### Medical Insurance and Billing Forms

**MA 054**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MA 051A  
Instruction in the rules, regulations, and completion of medical insurance forms for Medicare, Medi-Cal, Tricare, MediMedi, State Disability, Worker’s Compensation, and private commercial insurance carriers. Includes legal and ethical guidelines, and instruction in procedure coding using current procedural terminology and ICD-10-CM.

### Medical Assistant - Clinical Back Office

**MA 055**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

Medical back office training with emphasis on asepsis, sterilization, gloving and ungloving, assisting physician with exams and minor office surgical procedures, vital signs, vision testing, wound care, dressings, bandaging, specimen collections, medications, dosage calculations and injection techniques.

### Computer Applications for the Medical Office

**MA 056**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  

**Prerequisite:** Completion with a grade of "C" or better or a Passing grade in MA 051A, and MA 053  
An introduction to the computer with practical applications for a medical office/clinical setting, including building patient databases, patient scheduling, procedure codes, and diagnostic codes. Generate computerized billing records, posting to accounts, insurance claims forms, generating reports, electronic data interchange and electronic medical records.

### Topic Course

**MA 098-00**  
Unit(s): 0.5-3.0  
Class Hours: 9.0-54.0 Lecture total.  

Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in Medical Assisting.
MUS 102
World Music
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Music from the Far East, Southeast Asia, Africa, the Middle East, Europe and the Americas. Students are guided to enjoy and to understand music from diverse cultures. Investigation of the interconnections of culture, aesthetics, and musical styles. Concert attendance and assigned listening required.
CSU/UC

MUS 102H
Honors World Music
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
An enriched, in-depth study of music from Asia, Africa, the Middle East, Europe, and the Americas. Seminar-style critical investigation of the interconnections of style, culture, and aesthetics to promote enjoyment and understanding of world music.
CSU/UC

MUS 103
Jazz in America
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A historical survey of the development and evolution of jazz in America from its earliest roots in African and European music. The study will also include the social and economic conditions which influenced this art form.
CSU/UC

MUS 104
Rock Music History and Appreciation
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Historical survey of rock music from its beginnings in the 50's to the present. Major rock and pop styles will be discussed. Personalities and musical styles will be related to the social, political, and cultural context of the time.
CSU/UC

MUS 105
Film Music Appreciation
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A study of the history and development of film music in the twentieth and twenty-first centuries. Students are guided through a critical examination of a variety of music soundtracks by prominent composers and will explore how the music reflects changes in our society and culture.
CSU/UC

MUS 109
Reading and Making Music
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Introduction to music reading. Practical experience in learning how to perform melodies, rhythms, and simple chords from a written score. Recommended for beginning instrumental and voice students and those preparing for music theory.
CSU/UC

MUS 110 (C-ID MUS 110)
Music Fundamentals and Culture
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to the notation and primary elements of tonal music throughout history from Western and other global cultures. Examples from music literature will demonstrate staff notation in treble and bass clefs, rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; and diatonic chords. History and social context of these concepts will be discussed. Development of skills in handwritten notation is expected.
CSU/UC

MUS 111 (C-ID MUS 120, C-ID MUS 125)
Basic Music Theory and Musicianship I
Unit(s): 4.0  Class Hours: 72.0 Lecture, 18.0 Lab total.
Introductory level course in music theory and its applications in traditional and modern musical practice. Includes detailed study of rhythm, notation, scales, intervals, chords, diatonic harmony, and voice leading as well as sight singing and other musicianship skills. Ability to read music in at least one clef recommended. Required of music majors; open to non-majors.
CSU/UC

MUS 112 (C-ID MUS 130, C-ID MUS 135)
Music Theory and Musicianship II
Unit(s): 4.0  Class Hours: 72.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 111
Continued study of harmony and ear training. Includes writing phrases and cadences, non-harmonic tones, harmonization, voice leading, melodic construction, figured bass, chord progression, and keyboard harmony. Required for music majors; open to non-majors.
CSU/UC

MUS 113A
Basic Musicianship Skills
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Ear training and in-class sight-singing preparation for students not ready for Music 114A. Arranged hours in Music Lab for computer programs and ear training computer programs. Basic knowledge of scales, intervals, and major key signatures recommended.
Pass/No Pass Only
CSU/UC
A combination of MUS 113A and MUS 113B and MUS 114A and MUS 114B may be taken a maximum of four enrollments.

MUS 113B
Musicianship Skills
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 113A
Continued ear training and in-class sight-singing preparation for students not ready for Music 114A. Arranged hours in Music Lab for computer programs and ear training computer programs. Basic knowledge of scales and intervals recommended.
Pass/No Pass Only
CSU/UC
A combination of MUS 113A and MUS 113B and MUS 114A and MUS 114B may be taken a maximum of four enrollments.
MUS 114A (C-ID MUS 145)
Musicianship
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 112
Competency-based sightsinging, rhythm, ear training, and dictation (melodic/harmonic) for performers and transferring music majors. Ear training software in the Music Lab is used for aural exercises.
CSU/UC
A combination of MUS 113A and MUS 113B and MUS 114A and MUS 114B may be taken a maximum of four enrollments.

MUS 114B (C-ID MUS 155)
Musicianship
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 114A
Competency-based sightsinging, rhythm, ear training, and dictation (melodic/harmonic) for performers and transferring music majors. Ear Training software in the Music Lab is used for aural exercises. B semester uses more advanced materials.
CSU/UC
A combination of MUS 113A and MUS 113B and MUS 114A and MUS 114B may be taken a maximum of four enrollments.

MUS 115A (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92.0 Lab total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115B. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of four semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course.
CSU/UC

MUS 115B (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92.0 Lab total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115C. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of four semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course.
CSU/UC

MUS 115C (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92.0 Lab total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115D. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of four semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course.
CSU/UC

MUS 115D (C-ID MUS 160)
Applied Music (Private Instruction)
Unit(s): 1.5  Class Hours: 92.0 Lab total.
Prerequisite: Audition and concurrent enrollment in either a music ensemble or music theory course.
Weekly lesson in voice, piano, band/orchestral instrument, or classical guitar, covering more advanced repertoire than Music 115D. Five hours on-campus practice per week and attendance at weekly recital required. No more than a total of 4 semesters of credit may be earned in a combination of Music 115ABCD and 215. Requires audition and concurrent enrollment in either a music ensemble or music theory course.
CSU/UC

MUS 121
Beginning Voice
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Group instruction designed to develop basic principles of solo and choral voice production, diction, breath control, and posture. Practice outside of class required. Recommended for non-music majors and for music majors not studying privately.
CSU/UC
A combination of MUS 121 and MUS 122 and MUS 123 and MUS 124 may be taken a maximum of four enrollments.

MUS 122
Intermediate Voice
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 121
Group instruction designed to develop intermediate principles of solo and choral voice production, diction, breath control, and posture. Vocal analysis of each student emphasized. Practice outside of class required. Song literature matched to student level. Designed for both music majors and non-music majors.
CSU/UC
A combination of MUS 121 and MUS 122 and MUS 123 and MUS 124 may be taken a maximum of four enrollments.
MUS 123
Advanced Voice
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 122

Group instruction designed to present advanced vocal exercises for solo and choral vocal production. Instruction includes song literature in English and several foreign languages. Practice outside of class required. Designed for both music majors and non-music majors.

CSU/UC

A combination of MUS 121 and MUS 122 and MUS 123 and MUS 124 may be taken a maximum of four enrollments.

MUS 124
Advanced Vocal Production and Repertoire
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 123

Continuation of group instruction for students who have completed three semesters of voice and can perform at an advanced level. Further develops advanced vocal and choral production through a variety of vocalize styles and techniques. Instruction includes advanced English and foreign language song literature. Practice outside of class required. Designed for both music majors and non-music majors.

CSU/UC

A combination of MUS 121 and MUS 122 and MUS 123 and MUS 124 may be taken a maximum of four enrollments.

MUS 135 (C-ID MUS 180)
Concert Chorale
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Prerequisite: Audition

Rehearsal and performance of standard and current choral repertoire. Designed to train students in mixed ensemble singing. Public performance emphasized. Each semester requires performance of a variety of new and different repertoire. Designed for students who have basic singing skills.

CSU/UC

MUS 136
Collegiate Choir
Unit(s): 1.0 Class Hours: 54.0 Lab total.

Mixed chorus which rehearses and performs a variety of music, including classical, folk tunes, and songs from Broadway musicals. Each semester requires performance of new repertoire. May be repeated.

CSU/UC

MUS 137 (C-ID MUS 180)
Chamber Choir
Unit(s): 1.0 Class Hours: 72.0 Lab total.
Prerequisite: Audition.

Rehearsal and performance of chamber choir repertoire from various historical periods. Course designed for festival and concert performance. Each semester requires the performance of new repertoire.

CSU/UC

MUS 140
Instrumental Methods for Winds and Percussion
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.

Instrumental instruction on woodwinds, brass, or percussion in an ensemble setting at the beginning and intermediate levels. Fundamental skills developed through rehearsal and in-class performance of technical exercises and beginning band repertoire.

CSU/UC

MUS 141
Instrumental Ensembles
Unit(s): 1.0 Class Hours: 54.0 Lab total.

Study, rehearsal, and performance of music for small commercial instrumental groups. Music literature will differ each semester. Previous instrumental performance experience recommended.

CSU/UC

MUS 142
Creating Music on the Digital Audio Workstation
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.

Basic techniques in creating music with computer assisted technology, including the production of software instrument tracks, drum track programming, audio recording, editing, mixdown, and use of the software sampler. Students learn practical applications through creation of musical projects.

CSU

MUS 143
Intermediate Techniques on the Digital Audio Workstation
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 142

Intermediate techniques in creating music with computer assisted technology including digital sound manipulation, time and pitch editing, virtual mixing, auxiliary tracks, MIDI effects, and use of the software sampler. Students learn practical applications and electronic composition through creation of musical projects.

CSU

MUS 144
Projects in Electronic Music
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 143, or MUS 147

Exploration of digital recording and MIDI concepts for commercial applications. Individual projects will improve and extend students’ skills in the areas of composition, sequencing, and recording. Assignments will help prepare students for Level 1 certification in Logic.

CSU

MUS 145
Jazz Improvisation and Performance Workshop
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.

Performance and analysis of jazz standards and popular pieces in a practical workshop setting. Elements of improvisation and ensemble playing are stressed. Assumes a rudimentary understanding of chords and scales. Open to all instrumentalists and vocalists.

CSU/UC
MUS 146  
**Digital Recording Studio Techniques I**  
Unit(s): 2.0  
Class Hours: 27.0 Lecture, 27.0 Lab total.  
Introductory class in computer-based hard disk recording. Emphasis on digital sound manipulation, editing, mixdown, and microphone techniques.  
CSU

MUS 147  
**Digital Recording Studio Sound Design**  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
Techniques of sound design in the digital recording studio including creation of sampler instruments, classic analog synthesizer programming, and other techniques of original sound creation using digital audio manipulation. Some prior experience on a digital audio workstation recommended.  
CSU/UC

MUS 148  
**Music Scoring for Film and Multimedia**  
Unit(s): 2.0  
Class Hours: 27.0 Lecture, 27.0 Lab total.  
Techniques of scoring music, audio, and sound effects to video and multimedia. Compositional elements of scoring to picture as well as technical elements of creating digital audio tracks are covered. Experience with digital recording and/or working with a digital audio workstation is necessary.  
CSU/UC

MUS 149  
**The Business of Music**  
Unit(s): 2.0  
Class Hours: 36.0 Lecture total.  
Introduction to the business and legal aspects of the music industry. This course covers current trends and issues for performing and recording careers in music. Topics include copyright, royalties, recording contracts, performing rights organizations, publishing, and publicity.  
CSU

MUS 152  
**Beginning Audio Production**  
Unit(s): 3.0  
Class Hours: 54.0 Lecture, 18.0 Lab total.  
Introduction to the theory and practice of audio production for radio, stage, television, film and digital recording applications. Students will learn the fundamentals of sound design and aesthetics, microphone use, and digital recording equipment. Students gain hands on experience recording, editing, mixing and mastering audio. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. Same as Digital Media 152.  
CSU/UC

MUS 153  
**Introduction to Game Audio**  
Unit(s): 2.0  
Class Hours: 27.0 Lecture, 27.0 Lab total.  
Introduction to the techniques and implementation of audio production in game design including the incorporation of music, dialog and sound effects. Recording, editing, digital effect application, looping, layering, and mixing for an interactive game environment are covered.  
CSU

MUS 161  
**Class Piano I**  
Unit(s): 1.0  
Class Hours: 18.0 Lecture, 18.0 Lab total.  
Group instruction for beginners emphasizing note reading, basic keyboard skills, chord patterns and sight reading. Practice outside of class required. Practice pianos available on campus. Required for music majors whose principal instrument is not piano.  
CSU/UC

A combination of MUS 061 and MUS 161 and MUS 162 and MUS 163 and MUS 164A and MUS 164B may be taken a maximum of four enrollments.

MUS 162  
**Class Piano II**  
Unit(s): 1.0  
Class Hours: 18.0 Lecture, 18.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 161  
Group instruction for those possessing basic piano skills, but still classified as beginners. Emphasizes note reading, keyboard technique, chord patterns, and sightreading. Daily practice required. Practice pianos available on campus. Required for music majors whose principal instrument is not piano.  
CSU/UC

A combination of MUS 061 and MUS 161 and MUS 162 and MUS 163 and MUS 164A and MUS 164B may be taken a maximum of four enrollments.

MUS 163  
**Class Piano III**  
Unit(s): 1.0  
Class Hours: 18.0 Lecture, 18.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 162  
Instruction for students who have completed two semesters of piano and are ready for the intermediate level. Emphasizes building technique, sight reading, and performance. Daily practice required. Practice pianos available on campus.  
CSU/UC

A combination of MUS 061 and MUS 161 and MUS 162 and MUS 163 and MUS 164A and MUS 164B may be taken a maximum of four enrollments.

MUS 164A  
**Intermediate Piano Repertoire I**  
Unit(s): 1.0  
Class Hours: 18.0 Lecture, 18.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 163  
Instruction for intermediate level students. Emphasizes solo material, technique, sight reading, interpretation, and performance. Daily practice required. Practice pianos available on campus.  
CSU/UC

A combination of MUS 061 and MUS 161 and MUS 162 and MUS 163 and MUS 164A and MUS 164B may be taken a maximum of four enrollments.
MUS 164B
Intermediate Piano Repertoire II
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 164A
Continuation of instruction for advanced intermediate level students. Emphasizes solo material, technique, sight reading, and performance. Daily practice required. Practice pianos available on campus.
CSU/UC
A combination of MUS 061 and MUS 161 and MUS 162 and MUS 163 and MUS 164A and MUS 164B may be taken a maximum of four enrollments.

MUS 168
Stylistic Interpretation of Piano Repertoire
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 163
Style characteristics of Baroque, Classical, Romantic and 20th century music studied through representative piano compositions. Students learn to play expressively within currently accepted performance practices for each period. Not for beginners.
CSU/UC
A combination of MUS 168 and MUS 268 may be taken a maximum of four enrollments.

MUS 169
Harmonization at the Keyboard
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in MUS 161
Beginning keyboard harmonization skills. Includes playing by ear and learning accompaniment patterns in several styles from simple chord progressions.
CSU/UC
A combination of MUS 169 and MUS 269 may be taken a maximum of four enrollments.

MUS 171 (C-ID MUS 180)
Concert Band
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Study and rehearsal of band music for concert performances on campus and in the community. Each semester requires performance of new and different repertoire. Designed for students with basic performance skills.
CSU/UC
A combination of MUS 180A, MUS 180B, and MUS 180C may be taken a maximum of four enrollments.

MUS 173
Beginning Rhythms in Percussion and Drums
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
The introduction of snare drum and drum set in a class situation. Designed to teach the basics of percussion and drum set performance for the beginning student. Emphasis on rhythmic reading, rudimental techniques, and basic drum set coordination various styles.
CSU/UC

MUS 175 (C-ID MUS 180)
Jazz Ensemble
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Study, rehearsal, and performance of contemporary jazz/rock music for the jazz ensemble with help in developing techniques of improvisation. Each semester requires performance of new and different jazz repertoire. Designed for students with basic performance skills.
CSU/UC

MUS 176
Jazz Band
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Advanced study, rehearsal, and performance of standard and contemporary jazz literature. Includes advanced techniques in improvisation. Each semester requires performance of new and different repertoire. Designed for students with basic performance skills.
CSU/UC

MUS 177
Mariachi
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Mixed ensemble for the study, rehearsal, and performance of Mariachi repertoire with an emphasis on the music from Jalisco. Each semester requires the performance of different repertoire. Designed for students who have basic performance skills.
CSU/UC

MUS 180A
String Methods
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Beginning instruction on violin, viola, cello, or string bass. Fundamental skills developed through in-class rehearsal and performance of technical exercises and beginning orchestral repertoire.
CSU/UC
A combination of MUS 180A, MUS 180B, and MUS 180C may be taken a maximum of four enrollments.

MUS 180B
Intermediate String Methods
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 180A
Intermediate instruction on violin, viola, cello, or string bass. Skills developed through in-class rehearsal and performance of intermediate technical exercises and orchestral repertoire.
CSU/UC
A combination of MUS 180A, MUS 180B, and MUS 180C may be taken a maximum of four enrollments.

MUS 180C
Advanced String Methods
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 180B
Advanced instruction on violin, viola, cello, or string bass. Skills developed through in-class rehearsal and performance of advanced technical exercises and orchestral repertoire.
CSU
A combination of MUS 180A, MUS 180B, and MUS 180C may be taken a maximum of four enrollments.
MUS 181 (C-ID MUS 180)
Chamber Orchestra
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Rehearsal and performance of standard repertoire for chamber orchestra. Each semester requires the performance of a variety of different repertoire. Designed for students who have basic performance skills.

CSU/UC

MUS 185
Beginning Classical Guitar
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Guitar playing techniques of right hand and left hand fingers. Development of correct finger usage. Basic instruction in reading staff notation and relating staff notation to practical playing of solo and ensemble repertoire. Student must furnish nylon string guitar.

CSU/UC
A combination of MUS 185 and MUS 186 and MUS 187 and MUS 188 may be taken a maximum of four enrollments.

MUS 186
Intermediate Classical Guitar
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 185
Instruction at the intermediate level in solo, duo, and trio repertoire. Emphasizes technique studies and performance styles of 18th century music. Student must provide nylon string guitar.

CSU/UC
A combination of MUS 185 and MUS 186 and MUS 187 and MUS 188 may be taken a maximum of four enrollments.

MUS 187
Advanced Classical Guitar
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 186
Instruction at the advanced level in solo, duo, and trio repertoire. Emphasizes advanced technical studies and etudes and performance styles of 16th through 20th century music. Student must provide nylon string guitar.

CSU/UC
A combination of MUS 185 and MUS 186 and MUS 187 and MUS 188 may be taken a maximum of four enrollments.

MUS 188
Advanced Classical Guitar Technique and Repertoire
Unit(s): 1.0  Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 187
Study of advanced guitar technique, solo literature, and performance practices of Renaissance, Baroque, and Classical styles through 20th century music. Student must provide nylon string guitar.

CSU/UC
A combination of MUS 185 and MUS 186 and MUS 187 and MUS 188 may be taken a maximum of four enrollments.

MUS 189
Guitar Ensemble
Unit(s): 1.0  Class Hours: 54.0 Lab total.
Rehearsal and performance of standard and current repertoire for guitar ensemble. Each semester requires the performance of a variety of different repertoire. Designed for students who can read notes in first position.

CSU/UC

MUS 190
Introduction to ProTools
Unit(s): 1.5  Class Hours: 18.0 Lecture, 27.0 Lab total.
Fundamental features and applications of ProTools audio software used in post-production for television, film and music. Orientation to functions, user interface and actual operation of digital audio workstation. Techniques and aesthetics associated with creation of well-mixed soundtracks are addressed. Hands-on practice with digital recording and editing of soundtracks.

CSU

MUS 198
Topics
Unit(s): 0.5
Topics of special interest offered to meet the interests and needs of students of music.

CSU

MUS 213 (C-ID MUS 140)
Theory 3
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 112

CSU/UC

MUS 214 (C-ID MUS 150)
Theory 4
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 213
Continuation of Music 213. Late 19th century harmonic technique, and important aspects of 20th century style. Analysis and writing of short, derivative compositions. Keyboard harmony. Concurrent enrollment in Music 114B recommended. Required for music majors; open to non-majors.

CSU/UC

MUS 215A
Applied Music (Advanced Private Instruction)
Unit(s): 1.5  Class Hours: 92.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 115D
Advanced lessons in classical music in voice, piano, band/orchestral instrument, or guitar. Weekly requirements include five hours on-campus practice per week, weekly lessons, and weekly recital attendance.

CSU/UC
MUS 216
Advanced Harmony and Composition I
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 214
Extension of harmonic studies of Music 213 and 214 into complete small compositions. Emphasizes learning to write effectively for the piano. Introduction to simple contrapuntal techniques and how to combine words with music.
CSU/UC

MUS 217
Advanced Harmony and Composition II
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 214
Extension of Music 213 and Music 214 harmonic studies into complete small compositions. Emphasizes development technique. Explores highly chromatic harmony, dissonance, and selected 20th century styles.
CSU/UC

MUS 218
Music Notation Using Finale Software
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Computer notation skills using Finale software. Covers various methods for inputting musical elements as well as editing, layout techniques, and score preparation. Intended for music students, music teachers, amateurs, and professionals.
CSU

MUS 241
Chamber Music Ensemble
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Rehearsal and performance of music of various periods and styles for small instrumental, vocal, or combined ensembles. Each semester requires performance of new repertoire. Designed for students with previous performance experience. Audition required.
CSU/UC

MUS 245
Intermediate Jazz Improvisation and Performance Workshop
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 145
Performance and analysis of jazz standards and popular pieces in a practical workshop setting at an intermediate level. Elements of improvisation and ensemble playing are stressed. Open to all instrumentalists and vocalists.
CSU/UC

MUS 268
Intermediate Keyboard Repertoire
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 168
Style characteristics of Baroque, Classical, Romantic, and 20th century music studied through intermediate level piano compositions. Students learn to play expressively within currently accepted performance practices for each period.
CSU/UC
A combination of MUS 168 and MUS 268 may be taken a maximum of four enrollments.

MUS 269
Intermediate Harmonization at the Keyboard
Unit(s): 1.0 Class Hours: 18.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MUS 169
Intermediate keyboard harmonization skills. Includes playing by ear and learning accompaniment patterns in jazz, popular and classical styles using a variety of chord progressions.
CSU/UC
A combination of MUS 169 and MUS 269 may be taken a maximum of four enrollments.

MUS 271 (C-ID MUS 180)
Symphonic Band
Unit(s): 1.0 Class Hours: 54.0 Lab total.
The rehearsal and performance of band music. Preparation of standard band repertoire for performances in the community. Each semester requires performance of a variety of new and different repertoire. Designed for students with intermediate or advanced performance skills.
CSU/UC

NURSING-CONTINUING EDUCATION
NCE 145
Advanced Cardiac Life Support
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 201, and NRN 201L
Examines principles of caring for patients experiencing cardiopulmonary emergencies. Includes arrhythmia recognition, psychomotor skills, and medications used to manage cardiac arrest. Current BLS card and fee required. Must contact Health Science Skills Lab at (714) 546-6869 for paperwork BEFORE registration. Grade: Pass/No Pass Only.
CSU

NCE 150
Registered Nurse Competency Refresher Course
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Successful completion of a Registered Nursing Program.
This course focuses on Registered Nurse graduates who have been unable to find employment in the acute care setting and/or refresher RNs. This course will enhance both the recently graduated RN’s and refresher RN’s knowledge, skills, confidence and marketability prior to and during their job search. The course has three components: 1) Classroom theory, 2) Simulation, and 3) Skills practice with competency testing.
CSU

NURSING-REGISTERED
NRN 098
Topics
Unit(s): 0.5-3.0 Class Hours: 9.0-54.0 Lecture total.
Courses on a variety of contemporary topics will be offered to meet the interests and needs of students in the Nursing area. Not offered every semester.
NRN 105
Cooperative Work Experience-Occupational
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.
Prerequisite: Concurrent enrollment in NRN 201L or NRN 202L
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.
CSU

NRN 106A
Health Science Skills Laboratory- First Semester
Unit(s): 0.5  Class Hours: 27.0 Lab total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of the skills lab to assist the student in the development of clinical competency of nursing fundamentals and mastery of fundamental psychomotor skills content addressed in courses NRN-161, NRN 161L, NRN 163, NRN-163L NRN 171, and NRN 171L. Open entry/open exit.
Pass/No Pass Only
CSU

NRN 106B
Health Science Skills Laboratory- Second Semester
Unit(s): 0.5  Class Hours: 27.0 Lab total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the student in the development of clinical competency of nursing concepts pertaining to maternal-child health and mastery of psychomotor skills related to maternal-child biological and psychosocial needs addressed in courses NRN 164, NRN 164L, NRN 165, NRN 165L, NRN 172, and NRN 172L. Open entry/open exit.
Pass/No Pass

Pass/No Pass Only
CSU

NRN 106C
Health Science Skills Laboratory- First Year Refresher
Unit(s): 0.5  Class Hours: 27.0 Lab total.
Prerequisite: Enrollment in the Registered Nursing Program, EMT, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the re-entry student or EMT student in the expansion of clinical competency of principles of nursing and mastery of basic to intermediate psychomotor skills content addressed in courses NRN 161, NRN 161L, NRN 163, NRN 163L, NRN 164, NRN 164L, NRN 171, NRN 171L, NRN 172, NRN 172L, EMT 104 or EMT 105. Open entry/open exit. Pass/No Pass

Pass/No Pass Only
CSU

NRN 160
Introduction to Pharmacology
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239, and BIOL 249, and BIOL 139, or BIOL 229, and ENGL 101, or ENGL 101H
Corequisite: NRN 161, and NRN 161L
This course introduces the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: safety and infection control, diversity, health promotion, communication, professional behavior, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course.
CSU

NRN 161
Principles of Nursing Practice
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239, and BIOL 249, and BIOL 139, or BIOL 229, and ENGL 101, or ENGL 101H
Corequisite: NRN 160, and NRN 161L
This course introduces the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: elimination, metabolism, oxygenation, tissue integrity, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, healthcare system, and ethics. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course.
CSU

NRN 161L
Principles of Nursing Practice Lab
Unit(s): 2.5  Class Hours: 135.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239, and BIOL 249, and BIOL 139, or BIOL 229, and ENGL 101, or ENGL 101H
Corequisite: NRN 160, and NRN 161
This clinical course applies the concepts of NRN 161 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: elimination, metabolism, oxygenation, tissue integrity, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, healthcare system, ethics, and clinical competency.
Pass/No Pass Only
CSU
NRN 162
Pharmacological Concepts
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in NRN 160, and NRN 161, and NRN 161L
Corequisite: NRN 163, and NRN 163L
This course further develops the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system, cellular regulation, oxygenation, perfusion, reproduction, inflammation, infection, mobility, comfort, stress and coping, mood & affect, cognition, safety & infection control, communication, professional behavior, clinical reasoning/judgment, and ethics. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course.

NRN 165
Health Illness Concepts
Unit(s): 2.5 Class Hours: 45.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in NRN 164, and NRN 164L
Corequisite: NRN 165L
This clinical course applies the concepts of NRN 163 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, elimination, metabolism, perfusion, inflammation, tissue integrity, infection, mobility, comfort, cognition, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, ethics, and clinical competency. Upon completion, students should be able to demonstrate safe nursing care incorporating the concepts identified in this course.

CSU
NRN 165L
Health Illness Concepts Lab
Unit(s): 2.5 Class Hours: 135.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 164, and NRN 164L
Corequisite: NRN 165

This clinical course applies the concepts of NRN 165 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: psychosocial development, cognitive development, metabolism, cellular regulation, oxygenation, inflammation, infection, comfort, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to differentiate safe nursing care incorporating the concepts discussed in this course. Pass/No Pass Only

CSU

NRN 170
Pharmacological Concepts of Nursing
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239, and BIOL 249, and BIOL 139, or BIOL 229, and ENGL 101, or ENGL 101H
Corequisite: NRN 171, and NRN 171L

This pharmacology course introduces the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain related to pharmacology including: fluid and electrolyte balance, metabolism, central nervous system, cellular regulation, oxygenation, perfusion, reproduction, inflammation, infection, mobility, comfort, stress and coping, mood & affect, cognition, safety & infection control, communication, professional behavior, diversity, health promotion, healthcare systems, clinical reasoning/judgment, and ethics. Further emphasis is placed on dosage calculations, drug classifications, and application of the nursing process to drug administration. Upon completion, students should be able to identify safe nursing care incorporating the concepts discussed in this course.

CSU

NRN 171
Principles of Nursing Practice and Simple Concepts
Unit(s): 4.5 Class Hours: 81.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239, and BIOL 249, and BIOL 139, or BIOL 229, and ENGL 101, or ENGL 101H
Corequisite: NRN 170, and NRN 171L

This course introduces and develops the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: elimination, metabolism, fluid and electrolyte balance, perfusion, inflammation, infection, mobility, cognition, oxygenation, tissue integrity, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, healthcare system, and ethics. Upon completion, students should be able to identify and explain safe nursing care incorporating the concepts discussed in this course.

CSU

NRN 171L
Principles of Nursing Practice and Simple Concepts Lab
Unit(s): 4.5 Class Hours: 243.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 239, and BIOL 249, and BIOL 139, or BIOL 229, and ENGL 101, or ENGL 101H.
Corequisite: NRN 171, and NRN 170.

This clinical course applies the concepts of NRN 171 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: elimination, metabolism, fluid and electrolyte balance, perfusion, inflammation, infection, mobility, cognition, oxygenation, tissue integrity, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, healthcare system, ethics, and clinical competency.

Pass/No Pass Only

CSU

NRN 172
Family Health and Illness Concepts
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 170, and NRN 171, and NRN 171L
Corequisite: NRN 172L

This course describes and relates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: physical growth and development, psychosocial development, cognitive development, metabolism, cellular regulation, perfusion, reproduction, infection, stress, mood, affect, cognition, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to differentiate safe nursing care incorporating the concepts discussed in this Family Health and Illness Concepts course.

CSU

NRN 172L
Family Health and Illness Concepts Lab
Unit(s): 4.5 Class Hours: 243.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 170, and NRN 171, and NRN 171L
Corequisite: NRN 172

This clinical course applies the concepts of NRN 172 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: physical growth and development, psychosocial development, cognitive development, metabolism, cellular regulation, perfusion, reproduction, infection, stress, mood, affect, cognition, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to differentiate safe nursing care incorporating the concepts discussed in this Family Health and Illness Concepts course.

CSU
NRN 198
Topics

CSU

NRN 200
Role Transition
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Corequisite: Acceptance into the Nursing Program.
Bridge course for LVN or transfer student with an emphasis on RN role development. Application of the nursing process within the Santa Ana College Nursing Conceptual Framework. Review of test-taking strategies, medication calculations, fluid balance, and skills testing. Open to all nursing students; required of advanced placement.
CSU

NRN 206
Health Sciences Skills Laboratory - Second Year
Unit(s): 0.5
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use of skills lab to assist the student in development of clinical competency and mastery of psychomotor skills for the second year student. Open entry/open exit. May be repeated. Credit/No Credit.
CSU

NRN 206A
Health Science Skills Laboratory- Third Semester
Unit(s): 0.5 Class Hours: 27.0 Lab total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the student in development of clinical competency of mental health nursing and mastery of psychomotor skills content addressed in courses NRN 261, NRN 261L, NRN 262, NRN 262L, NRN 263, NRN 263L, NRN 264L, NRN 271, NRN 271L, NRN 272, and NRN 272L; EMT 104, or EMT 105. Open entry/open exit.
Pass/No Pass Only
CSU

NRN 206B
Health Science Skills Laboratory- Fourth Semester
Unit(s): 0.5 Class Hours: 27.0 Lab total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the student in development of clinical competency of advanced medical/surgical nursing concepts and mastery of advanced medical/surgical psychomotor skills content addressed in courses NRN 263, NRN 263L, NRN 264L, NRN 272, and NRN 272L. Open entry/open exit.
Pass/No Pass Only
CSU

NRN 206C
Health Science Skills Laboratory- Second Year Transition
Unit(s): 0.5 Class Hours: 27.0 Lab total.
Prerequisite: Enrollment in the Registered Nursing Program, any N.C.E. courses, or RN re-entry.
Supervised use with supplemental learning assistance of skills lab to assist the RN refresher, advanced placed nursing student, or EMT student in the development and maintenance of clinical competency of nursing theoretical knowledge and mastery of advanced psychomotor skills content necessary for the transition into clinical practice as addressed in courses NRN 261, NRN 261L, NRN 262, NRN 262L, NRN 263, NRN 263L, NRN 264L, NRN 271, NRN 271L, NRN 272, and NRN 272L; EMT 104, or EMT 105. Open entry/open exit.
Pass/No Pass Only
CSU

NRN 261
Mental Health Concepts
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in NRN 165, and NRN 165L
Corequisite: NRN 261L
This course examines the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, emergencies, stress and coping, mood and affect, cognition, addictive behavior, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to analyze safe nursing care incorporating the concepts discussed in this course.
CSU

NRN 261L
Mental Health Concepts Lab
Unit(s): 1.5 Class Hours: 81.0 Lab total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in NRN 165, and NRN 165L.
Corequisite: NRN 261
This clinical course applies the concepts of NRN 261 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, emergencies, stress and coping, mood and affect, cognition, addictive behavior, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, ethics and clinical competency. Upon completion, students should be able to utilize safe nursing care incorporating the concepts identified in this course.
Pass/No Pass Only
CSU
NRN 262
Acute Concepts
Unit(s): 3.0 Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 261, and NRN 261L.
Corequisite: NRN 262L

This course correlates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, central nervous system regulation, cellular regulation, oxygenation, perfusion, inflammation, infection, mobility, comfort, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, and ethics. Upon completion, students should be able to analyze safe nursing care incorporating the concepts discussed in this course.

CSU

NRN 262L
Acute Concepts Lab
Unit(s): 3.0 Class Hours: 162.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 261, and NRN 261L.
Corequisite: NRN 262

This clinical course applies the concepts of NRN 262 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, central nervous system regulation, cellular regulation, oxygenation, perfusion, tissue integrity, infection, mobility, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, ethics, and clinical competency. Upon completion, students should be able to synthesize safe nursing care incorporating the concepts identified in this course.

Pass/No Pass Only

CSU

NRN 263
Complex Concepts
Unit(s): 3.5 Class Hours: 63.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 262, and NRN 262L.
Corequisite: NRN 263L

This course formulates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system regulation, oxygenation, perfusion, cellular regulation, oxygenation, perfusion, inflammation, infection, mobility, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behavior, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to synthesize safe nursing care incorporating the concepts discussed in this course.

CSU

NRN 263L
Complex Concepts Lab
Unit(s): 2.5 Class Hours: 135.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 262, and NRN 262L.
Corequisite: NRN 263

This clinical course applies the concepts of NRN 263 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on developing leadership skills including time management, prioritization, and delegation in an independent clinical environment precepted by an experienced registered nurse. Upon completion, students should be able to manage safe nursing care incorporating the concepts identified and discussed in the nursing curriculum.

Pass/No Pass Only

CSU

NRN 264L
Preceptorship Lab
Unit(s): 2.5 Class Hours: 135.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 263, and NRN 263L.

This clinical course applies the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on developing leadership skills including time management, prioritization, and delegation in an independent clinical environment precepted by an experienced registered nurse. Upon completion, students should be able to manage safe nursing care incorporating the concepts identified and discussed in the nursing curriculum.

Pass/No Pass Only

CSU

NRN 271
Mental Health and Acute Concepts
Unit(s): 4.0 Class Hours: 72.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 172, and NRN 172L.
Corequisite: NRN 271L

This course examines the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, emergencies, stress & coping, mood & affect, cognition, addictive behavior, central nervous system regulation, cellular regulation, oxygenation, perfusion, inflammation, infection, mobility, comfort, emergencies, safety and infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to synthesize safe nursing care incorporating the concepts discussed in this course.

CSU
NRN 271L
Mental Health and Acute Concepts Lab
Unit(s): 4.5 Class Hours: 243.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 172, and NRN 172L
Corequisite: NRN 271
This clinical course applies the concepts of NRN 271 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: metabolism, emergencies, stress & coping, mood & affect, cognition, addictive behavior, central nervous system regulation, cellular regulation, oxygenation, perfusion, inflammation, infection, mobility, comfort, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, ethics and clinical competency.
CSU

NRN 272
Complex Concepts
Unit(s): 3.5 Class Hours: 63.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 271, and NRN 271L
Corequisite: NRN 272L
This course formulates the concepts within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system regulation, oxygenation, perfusion, tissue integrity, infection, mobility, comfort, emergencies, safety & infection control, diversity, health promotion, communication, professional behavior, clinical reasoning/judgment, health care system, and ethics. Upon completion, students should be able to synthesize safe nursing care incorporating the concepts discussed in this course.
CSU

NRN 272L
Complex Concepts and Preceptorship Lab
Unit(s): 4.5 Class Hours: 243.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in NRN 271, and NRN 271L
Corequisite: NRN 272
This clinical course applies the concepts of NRN 272 within the four domains of Person, Health and Illness, Environment, and Nursing. Emphasis is placed on the concepts within each domain including: fluid and electrolyte balance, metabolism, central nervous system regulation, oxygenation, perfusion, tissue integrity, infection, mobility, comfort, emergencies, safety & infection control, diversity, health promotion, communication, professional behaviors, clinical reasoning/judgment, health care system, ethics, and clinical competency. Additional emphasis is placed on developing leadership skills including time management, prioritization, and delegation in an independent clinical environment precepted by an experienced registered nurse. Upon completion, students should be able to manage safe nursing care incorporating the concepts identified and discussed in the nursing curriculum.
Pass/No Pass Only
CSU

NUTR 101
The Food System and Career Opportunities
Unit(s): 1.5 Class Hours: 27.0 Lecture total.
Exploration of career opportunities and projected employment trends in dietetics, food science, and the food industry. Includes educational requirements for nutrition and dietetics majors, skill preparation, professional organizations, and ethics.
CSU

NUTR 110 (C-ID HOSP 110)
Food Safety and Sanitation
Formerly: Food Sanitation and Safety
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Sanitation practices affecting individual operations. Prevention and control of foodborne illnesses through flow of food and HACCP management. Also includes study of worker safety. Same as Culinary Arts 110.
CSU

NUTR 112
Food Service Nutrition
Formerly: NUTR 120, Food Service Nutrition
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Principles of nutrition and their application to personal lifestyle and a professional kitchen through an analysis of marketing, food trends, menu design and recipe modification.
CSU

NUTR 115 (C-ID NUTR 110)
Nutrition
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs.
CSU/UC

NUTR 115H (C-ID NUTR 110)
Honors Nutrition
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; A high school or college GPA of 3.0 or above
Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs. Content enriched for honors students, to provide a critical and extensive exploration of the major areas of nutrition, including issues related to nutrition and disease states.
CSU/UC

NUTR 116 (C-ID NUTR 120)
Principles of Food Preparation
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Negative T.B. test or chest X-ray
Application of scientific principles in the preparation of selected food products emphasis on physical and chemical properties of food; methods and techniques of food preparation; factors that contribute to quality of prepared foods.
CSU
A multicultural perspective on traditional and contemporary food choices. The class considers customs associated with food in relation to religion, health/medicine, human survival and symbolism. The impact of socioeconomic, historical events, population movements, and geography are also discussed.

CSU/UC

**NUTR 120**

**Food and Culture**

*Formerly: NUTR 118, Cultural Foods*

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Overview of the role nutrition plays in sports and athletic performance. An emphasis on energy and nutrient needs, determination of hydration status, sport specific nutrient recommendations, body composition, and supplementation guidelines.

CSU

**NUTR 121**

**Sports Nutrition**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Overview of the role nutrition plays in sports and athletic performance. An emphasis on energy and nutrient needs, determination of hydration status, sport specific nutrient recommendations, body composition, and supplementation guidelines.

**OCCUPATIONAL STUDIES**

**OS 301**

**Therapeutic Approaches to the Older Adult**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.*

This course will build upon the developmental concepts of aging to examine quality of life in older adulthood. The focus of this course will be on evaluating older adults from an occupational perspective and analyzing the skills needed to maintain independence and to successfully participate in meaningful activities throughout the older years.

**OS 304**

**Movement Theory & Analysis**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Limitation on Enrollment: Student must be admitted to the Occupational Studies program.*

Movement is a significant aspect of occupational performance. This course will focus on current theories of motor control and motor learning with an emphasis of how these theories can be applied to provide evidence-based practice to people with motor dysfunction.

**OS 305**

**Advanced Pediatric Practice for the Occupational Therapy Assistant (OTA)**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.*

This course will build upon developmental concepts relative to pediatric Occupational Therapy (OT) practice. The focus of this course will be to examine a variety of settings related to pediatric occupational therapy practice and provide OT treatment to pediatric clients in these settings.

**OS 310**

**Community-Based Occupational Therapy Practice**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.*

This course will focus on the practice of Occupational Therapy (OT) in community-based settings. This will include an in-depth analysis of the history and growth of OT practice in the community. Students will analyze the role of OT in community settings with a variety of populations and develop a plan for a community based program.

**OS 312**

**Advanced Practice Areas in Occupational Therapy (OT)**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.*

This course will provide a study of the advanced practice areas in occupational therapy. Advance practice areas in occupational therapy include: physical agent modalities (PAMs), hand therapy and feeding and swallowing. This class will focus on the theory and application of PAMs for the use in occupational therapy; the fundamentals of hand therapy including treatment guidelines in occupational therapy; and feeding and swallowing issues with the occupational therapy client.

**OS 325**

**Applying Research to Occupational Therapy Intervention**

Unit(s): 3.0  Class Hours: 54.0 Lecture total.

*Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.*

The focus on this course is to utilize research in evidence-based practice of occupational therapy. This class will focus on obtaining evidence, evaluating research and utilizing qualitative research.

**OS 402**

**Neurological Principles in Human Performance**

Unit(s): 4.0  Class Hours: 72.0 Lecture total.

*Prerequisite: Limitation on Enrollment: Student must be admitted to the Occupational Studies program.*

This course will provide an in-depth study of the neurologic principles used in rehabilitation practice. This will focus on understanding the structures and function of the central and peripheral nervous systems and to the sequelae of injury to these systems. There will be an emphasis on cognitive, visual, and perceptual problems in adults with acquired brain injury. This course will also look at the role of the nervous system in various aspects of human behavior.

**OS 403**

**Leadership for the Occupational Therapy Assistant (OTA)**

Unit(s): 2.0  Class Hours: 36.0 Lecture total.

*Prerequisite: Limitation on enrollment: Student must be admitted to the Occupational Studies program.*

This course will focus on leadership and the types of leadership that relate to the work of the OTA. Topics will include leadership, advocacy, promotion, supervision, fieldwork, ethical considerations, and participation in professional organizations.
OS 410
Healthcare Systems
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Limitation on Enrollment: Student must be admitted to the Occupational Studies program.
This course will cover the various healthcare systems that influence the practice of occupational therapy. Topics will include economics, types of insurance, healthcare policies, ongoing healthcare reform, and the role of technology. As a part of this course students will complete an independent, in-depth, study of one of the key practice areas in OT as identified by the American Occupational Therapy Association (AOTA).

OS 412
Capstone Seminar
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Limitation on Enrollment: Student must be admitted to the Occupational Studies program.
This Capstone Seminar is designed to demonstrate the student’s accumulated training through the development of a project that reflects theory, advanced knowledge of practice, and innovation. Each student will complete a project that is individually mentored and demonstrates an increased level of self-direction.
Pass/No Pass Only

OCCUPATIONAL THERAPY ASSISTANT

OTA 100
Medical Terminology and Documentation for the O.T.A.
Unit(s): 1.0 Class Hours: 18.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in BIOL 149, or BIOL 239, and BIOL 249
This course will offer an introduction to basic medical terminology and documentation appropriate to practice needs of the Occupational Therapy Assistant.
CSU

OTA 101
Foundations of Occupation and Occupational Therapy
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
This course defines and explores occupation as it is used to provide the foundation for study of the occupational therapy profession. It further provides an overview of the history and development of occupational therapy as well as the dimensions of past and present practice.
CSU

OTA 101L
Exploration of Occupation Through Activity
Unit(s): 2.0 Class Hours: 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H, and CMST 101, or CMST 101H, or CMST 102, or CMST 102H, or CMST 103, or CMST 103H, or CMST 140, or CMST 145
In this lab class, students will explore the meaning and variability of occupation through self-analysis of occupational patterns, perform task analysis of varied activities, and have the opportunity to observe and practice teaching and learning skills.
CSU

OTA 102
Psychosocial Function and Dysfunction
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 101, and OTA 100, and OTA 110, OTA 101L
This course will define and explore psychosocial phenomena commonly seen by the Occupational Therapy Assistant and will examine evaluation techniques, functional deficits, and methods of treatment.
CSU

OTA 102L
Psychosocial Components of Occupation
Unit(s): 2.5 Class Hours: 144.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 100, and OTA 101, and OTA 101L, OTA 110
This course will explore the occupational therapy assistant’s role in therapeutic relationships, in administering assessments used primarily in pediatric, adolescent, and adult psychosocial settings, and in therapeutic group design and facilitation.
CSU

OTA 103
Physical Function and Dysfunction
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 102, and OTA 102L, OTA 115, OTA 111
This course will focus on the occupational function of the child, adolescent, and adult which emphasizes the physical components of development, the continuum of function/dysfunction of the client and the role of the O.T.A. in assessment and treatment of commonly seen physical dysfunction diagnosis.
CSU

OTA 103L
Physical Components of Occupation
Unit(s): 2.5 Class Hours: 144.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 102, and OTA 102L, OTA 111, and OTA 115
This lab course explores the Occupational Therapy Assistant’s role in safety, assessments and treatment techniques commonly used by occupational therapists in physical dysfunction settings.
CSU

OTA 110
Human Occupation Across Lifespan
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course will explore human occupation across lifespan with an emphasis on the relationship between human development and occupational choice. Physical, cognitive, psychological, social, and linguistic developmental milestones, and changes will be covered from fetal development through old age.
CSU

OTA 111
Applied Kinesiology
Unit(s): 1.0 Class Hours: 18.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 101, OTA 101L, and OTA 100, OTA 110
This course will focus on understanding human movement as an integral component of occupational performance and will examine how kinesiology and biomechanics are utilized in treatment by the Occupational Therapy Assistant.
CSU
OTA 115  
Human Disease and Occupation  
Unit(s): 2.0  Class Hours: 36.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 101, OTA 100, OTA 101L, OTA 110  
This class will explore diseases that are commonly seen in occupational therapy practice and the effect they have on participation in occupation. Each disease will be covered in terms of etiology, prognosis, prevention, pathophysiology, medical management, precautions, and lifestyle redesign required as a result of the disease.

CSU  
OTA 201  
Contemporary Models of Occupational Therapy Practice  
Unit(s): 4.0  Class Hours: 54.0 Lecture, 54.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 102, and OTA 102L, OTA 111, OTA 115  
This lecture/lab course explores the multiple roles of the occupational therapy assistant in documentation, service management, professional behaviors, non-traditional roles, and contemporary models of practice.

CSU  
OTA 202  
Level II Fieldwork - Part I  
Unit(s): 6.0  Class Hours: 360.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 103, and OTA 103L, and OTA 201  
Supervised fieldwork experience in an occupational therapy practice setting that will provide the student appropriate opportunities to apply learned knowledge and skills.  
Pass/No Pass Only

CSU  
OTA 203  
Level II Fieldwork - Part II  
Unit(s): 6.0  Class Hours: 360.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in OTA 103, and OTA 103L, and OTA 201  
Supervised fieldwork experience in an occupational therapy practice setting that will provide the student appropriate opportunities to apply knowledge and skills learned in the classroom.  
Pass/No Pass Only

CSU  
PARALEGAL  
PARA 100  
Law and Society  
Formerly: The Paralegal Profession  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
Overview of the legal system including the courts, participants and various sources of law in the American legal system and how society is affected. Review of the legal and judicial process in the United States covering the adversarial system, jurisdiction of federal and state courts, and the general process of judicial review and how different segments of society are affected. Explanation of different sources of law including statutes, court cases and administrative agency rules. Review of basic legal reasoning and introductory legal research methods. Introduction to substantive areas of law and the effect the law has in various groups and individuals in our system. Review of the role and regulation of legal professionals, legal ethics and consumer protection laws, and their effect on providing legal services to various segments of society. Same as Law 100.  
CSU/UC  
PARA 101  
Law Office Management  
Unit(s): 2.0  Class Hours: 36.0 Lecture total.  
Structure and procedures of the law office. Emphasis on time management, the role of paralegals and paralegal administrators in the law office, ethics in the law office, client property regulations, time keeping and billing, and technology management in a law office.

CSU  
PARA 105  
Cooperative Work Experience Education - Occupational  
Unit(s): 1.0-4.0  Class Hours: 60.0-300.0 Lab total.  
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students’ major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, section 55253.

CSU  
PARA 107 (C-ID AJ 122)  
Principles and Procedures in the Criminal Justice System  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
An examination and analysis of due process in criminal proceedings from pre-arrest through trial and appeal, utilizing statutory law and state and constitutional law precedents. Same as Paralegal 107.  
CSU  
PARA 117  
Law of Global Commerce and Management  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
Learn to create business contracts in the global marketplace and how to use the U.N. Convention on Contracts for the International Sale of Goods. Learn about financial mechanisms and laws regulating international distribution. Learn about international limited liability companies, and foreign direct investment. Learn how countries join together to create trade. Includes NAFTA/USMCA, GATT, the EU and other trade agreements around the world. Explore management and law in different legal environments as well as U.S. export regulations.

CSU
PARA 120
Computers in the Law Office
Unit(s): 4.0 Class Hours: 72.0 Lecture total.
Exploration of technology utilized in a legal service office environment. Study of legal focused software and applications.
CSU

PARA 121 (C-ID LPPS 120)
Legal Ethical Reasoning
Formerly: Ethics and Professional Responsibility
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course provides an introduction to concepts and theories of ethical decision-making, moral conduct, obligation and permission, justice, responsibility, as applied to the Legal Profession. The course will explore the application of the California Rules of Professional Conduct as applied to the legal profession and society in general.
CSU

PARA 122
Advanced Life Planning
Formerly: Elder Law
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
This course is intended to prepare the student to assist an attorney in a probate, estate planning and or elder law practice. The course is intended to provide the student with the skill set and knowledge base to assist in the preparation of wills, trusts, estate planning documentation, probate documents, charitable trusts, guardianships, conservatorships, family law issues as related to elder law, age discrimination, elder abuse and termination of life planning.
CSU

PARA 130
Legal Transactions
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PARA 100
Introduction to contracts and drafting legal documents. Contract formation, performance, and breach and third party interests. Students will learn to draft various contracts and other documents and will select, edit, and customize formbook and computerized forms in real property, family law, and estate planning.
CSU

PARA 131
Advanced ADR Practice
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Study of the practical aspects of the Paralegal's role in assisting an attorney in Alternative Dispute Resolution.
CSU

PARA 132
Family Law and Procedure
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Study of basic substantive law and procedures in family law: Court procedures for divorce, annulment, temporary and permanent support, restraining orders, division of community property, and child custody procedures including adoption and paternity actions. May require a field trip.
CSU

PARA 133
Workers Compensation Law and Procedure
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
CSU

PARA 134
Estate Planning and Administration
Formerly: Probate Law and Procedures
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Probate and estate planning procedures. Study of the Paralegal's role in drafting estate planning and administration documents, assisting attorneys in administration of estates, and monitoring asset and fiduciary accountings. Study of basic estate planning, probate laws, wills, trusts, and taxes. Field trip may be required.
CSU

PARA 135
Bankruptcy Law and Procedure
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
Federal bankruptcy act and court procedures for the paralegal, the functions of the bankruptcy trustee, and a detailed examination of the process of being declared a bankrupt. May require a field trip.
CSU

PARA 136
Real Property Law and Procedure
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
A study of the laws and procedures of real property. A study of the role of a paralegal in a law practice that specializes in real property law with an emphasis on the landlord/tenant relationship. Field trips may be required.
CSU

PARA 137
Tort and Insurance Law
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
In class study of the theory of torts and the paralegal's role in assisting an attorney in the delivery of legal services to a client. The course will study theory of liability, remedies, procedures and the ethical responsibilities in assisting an attorney in a tort related practice. Field trips may be required.
CSU

PARA 138
Law of Business Organizations
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
CSU

PARA 139
Fundamentals of Labor Law
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
An introduction to labor law and the judicial system. The course will examine major areas of labor law including the complaint, conference, hearings and appeals.
CSU
PARA 140
Immigration Law and Procedure
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Basic study of Immigration Law in the United States, with focus on preparation of those forms used by immigrants to secure benefits. Computerized preparation of forms and procedures for filing with INS will be emphasized. Marketing procedures for paralegals involved in Immigration Law will be analyzed, and ethical considerations to avoid the illegal practice of law will be covered.

CSU
PARA 143
Civil Litigation Overview
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in PARA 100
Overview of California civil procedure from acceptance of case to trial. Planning litigation, pleadings, motions, discovery, and trial preparation.

CSU
PARA 144
Introduction to eDiscovery
Unit(s): 2.0  Class Hours: 36.0 Lecture total.
Focus on the discovery phase of litigation with specific instruction on eDiscovery. The study of the California Rules of Court, California Statutes and procedures for e-filing and eDiscovery regulations regarding the retention and production of electronic data in a civil litigation case. Practical applications for paralegals.

CSU
PARA 145
Civil Litigation Overview
Unit(s): 4.0  Class Hours: 72.0 Lecture total.

CSU
PARA 146
Tort Law and Alternative Dispute Resolution
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Intentional torts, negligence, strict liability, product liability, damages, immunity, and defenses to torts. Principles of insurance law and procedures for the investigation of personal injury cases. Principles of dispute resolution through negotiation, mediation, and arbitration. Students will mediate impartially and use tools to maximize negotiation effectiveness. The course includes application of mediation skills in the law office.

CSU
PARA 147
International Commercial Agreements and Distribution Law
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn to create business contracts in the global marketplace and how to use the U.N. Convention on Contracts for the International Sale of Goods. Learn about contracts with foreign sales representatives and laws regulating international distribution. Learn about international limited liability companies and foreign direct investment laws. Same as Business 147.

CSU
PARA 148
International Intellectual Property Law
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
Learn international intellectual property law - patents, copyrights, trademarks, and trade secrets. Learn international treaties relating to intellectual property rights. Learn technology licensing agreements and international franchising. Same as Business 148.

CSU
PARA 149
The Law of Global Commerce
Unit(s): 1.0  Class Hours: 18.0 Lecture total.
How countries join together to create trade. Includes NAFTA, GATT, the EU, and other trade agreements around the world. Explore law in different legal systems as well as U.S. export regulations. Same as Business 149.

CSU
PARA 150
Legal Transactions
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Introduction to contracts and drafting legal documents for corporations and real estate transactions. Contract formation, performance, breach, and third party interests. Students will learn the laws of the California Corporations Code and the laws governing real estate transactions. Students will learn to draft various contracts and other documents and will select, edit, and customize formbook and computerized forms in real property, corporations, family law, and estate planning.

CSU
PARA 205 (C-ID HOSP 150)
Hospitality Law
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
The course provides students with the U.S. Legal System's fundamental knowledge to help minimize potential liability and lawsuits in the Hospitality Industry. Same as CULN 205

CSU
PARA 246
Legal Research and Analysis
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Recommended Preparation: Completion with a grade of “C” or better or a Passing grade in LAW 100, or PARA 100
Principles of legal research, legal analysis, and techniques for the Paralegal to assist an attorney in the delivery of legal services to their client.

CSU
PARA 248
Advanced Research and Writing
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of “C” or better or a Passing grade in PARA 246
Advanced projects in legal research and writing emphasis on legal form and style. Students must pass PARA 246 with a C or better prior to taking PARA 248.

CSU
PARA 297

The Professional Paralegal
Unit(s): 2.0       Class Hours: 36.0 Lecture total.
This is the capstone class to the paralegal degree. Students will demonstrate their knowledge of ethics, legal principles, and the technical skills necessary for entry level employment as a paralegal. This course is to be taken in the semester of or prior to graduation. The course will include preparation of graduation petitions, professional resumes and a professional portfolio that will include work prepared in PARA 101, PARA 121, PARA 120, PARA 145 and PARA 150. Students will be required to certify they are in the second to last or last semester prior to graduation.
Pass/No Pass Only
CSU

PARA 299

Cooperative Work Experience Education
Unit(s): 1.0-4.0    Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the students' major so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, section 55253.
Pass/No Pass Only
CSU

PHARMACY TECHNOLOGY

PHAR 048
Introduction to Pharmacy Technology
Unit(s): 2.0       Class Hours: 36.0 Lecture total.
Overview of the SAC Pharmacy Technician training program. Definition of the roles and preview of the opportunities open to pharmacy technicians in various practice settings. Presentation of pharmaceutical dosage forms, the drug development process, and drug classification systems. Introduction to prescription labeling and to the law and ethics of pharmacy practice.

PHAR 051
Body Systems I
Unit(s): 3.5       Class Hours: 63.0 Lecture total.
Anatomy, physiology, pathology, and pharmacology of the musculoskeletal, respiratory, renal, and cardiovascular systems. Basic terminology, with emphasis on word analysis and construction, medical abbreviations, and lay terms. Trade/generic names and indications for each body system.

PHAR 052
Body Systems II
Unit(s): 3.5       Class Hours: 63.0 Lecture total.
Anatomy, physiology, pathology, and pharmacology of the integumentary, endocrine, gastrointestinal, and nervous systems. Basic terminology, with emphasis on word analysis and construction, medical abbreviations, and lay terms. Trade/generic drug names and indications for medications in each body system. Emphasis on top 200 drugs.

PHAR 054A
Beginning Pharmacy Calculations
Unit(s): 1.0       Class Hours: 18.0 Lecture total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in MATH N06
This course introduces students to calculations related to drug dosage and preparation of medications. Interconversion of units in the metric and common systems of measurement are included. There is emphasis on unit-cancellation for solving pharmacy situation problems, as well as a strong verbal component.

PHAR 054B
Advanced Pharmacy Calculations
Unit(s): 1.0       Class Hours: 18.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHAR 054A
Students will learn calculations related to drug dosage using body surface area, measurements of strength, and preparation of medications. Calculations of dosage strength include ratio strength, percentage strength, and milligram percentage strength. Common dilutional calculations and alligation methods are included. There is emphasis on unit-cancellation for solving pharmacy situation problems as well as strong verbal component.

PHAR 055
Pharmacy Calculations
Unit(s): 2.0       Class Hours: 36.0 Lecture total.
This course introduces students to calculations related to drug dosage and preparation of medications. Interconversion of units in the metric and common systems of measurement are included. There is emphasis on unit-cancellation for solving pharmacy situation problems.

PHAR 056
Pharmacy Operations
Unit(s): 4.5       Class Hours: 54.0 Lecture, 90.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHAR 048, and PHAR 051, or PHAR 052, and PHAR 055, or PHAR 054B; Typing proficiency minimum of 30 wpm 95% accuracy
Hands-on training in customer service, inventory control, compounding, packaging, record-keeping, and drug distribution in the outpatient pharmacy setting. Includes prescription lab simulations and use of computers.

PHAR 056L
Pharmacy Technology Skills Lab
Unit(s): 0.5-1.0    Class Hours: 27.0-54.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in PHAR 056
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Pharmacy Operations lab class. Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists' re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree.
### PHAR 057
**Inpatient Pharmacy Services**

| Unit(s): 2.0 | Class Hours: 18.0 Lecture, 54.0 Lab total. |  
| **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 048, and PHAR 051, or PHAR 052, and PHAR 055, or PHAR 054B |

Technical aspects of drug distribution for the inpatient (hospital) pharmacy setting. Hands-on training in medication order processing, pharmacy patient profile maintenance, medication preparation (includes packaging), and inpatient drug distribution using manual and automated systems. Includes electronic and manual record-keeping, pharmacy law, and CQI. Hands-on training in medication reconciliation in the emergency room setting. Develop and enhance communication and patient-interviewing skills through various communication methods.

### PHAR 057L
**Pharmacy Technology Skills Lab**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |  
| **Corequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 057 |

Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Inpatient Pharmacy Services lab class (PHAR 057). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy, in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree.

### PHAR 060
**Sterile Products**

| Unit(s): 4.5 | Class Hours: 54.0 Lecture, 90.0 Lab total. |  
| **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 048, and PHAR 051, or PHAR 052, and PHAR 055, or PHAR 054B |

Application of aseptic techniques and use of the laminar flow hood in the preparation of sterile products in accordance to USP 797. Emphasis on parenteral calculations, sterile dosage forms, and quality assurance procedures. Includes the pharmacology of antimicrobial and antineoplastic drugs.

### PHAR 060L
**Pharmacy Technology Skills Lab**

| Unit(s): 0.5-1.0 | Class Hours: 27.0-54.0 Lab total. |  
| **Corequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 060 |

Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Sterile Products lab class (PHAR 060). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree.

### PHAR 072A
**Pharmacy Technology Externship Outpatient**

| Unit(s): 0.5-2.0 | Class Hours: 40.0-120.0 Lab total. |  
| **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 056; and background checks, health screenings, current TB clearance, and drugs test clearance. |

On-site training in the outpatient (retail) practice setting. Students must complete PHAR 056 lab class to qualify for the outpatient rotation. Students must pass the trade-generic test prior to placement. Some sites require additional background, health screenings, and drugs tests. Completion of the outpatient rotation PHAR 072A is required for the Basic Certificate. Completion of PHAR 072A, PHAR 072B, PHAR 072C rotations (320 hours) is required for the advanced certificate and Associate Degree.

Pass/No Pass Only

### PHAR 072B
**Pharmacy Technology Externship Inpatient**

| Unit(s): 0.5-1.5 | Class Hours: 36.0-100.0 Lab total. |  
| **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 056, and PHAR 057; and background checks, health screenings, current TB clearance, and drugs test clearance. |

On-site training in the inpatient (hospital) practice setting. Students must complete the following lab courses prior to placement: PHAR 057 and PHAR 056. Students must pass the trade-generic test prior to placement. Some sites require additional background, health screenings, and drugs tests. Completion of PHAR 072A, PHAR 072B, PHAR 072C rotations (320 hours) is required for the advanced certificate and Associate Degree. At the end of the rotation, the instructor will use the attendance records and competency forms as input from preceptors to assess the student learning outcomes and to help determine final grades. Students can refer to the course overview to understand the details of final grade assignments.

Pass/No Pass Only

### PHAR 072C
**Pharmacy Technology Externship Sterile Products**

| Unit(s): 0.5-1.5 | Class Hours: 36.0-100.0 Lab total. |  
| **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in PHAR 056; and background checks, health screenings, current TB clearance, and drugs test clearance. |

On-site training in the home infusion or sterile products pharmacy practice setting. Students must complete the following lab course prior to placement: PHAR 056. Students must pass the trade-generic test prior to placement. Some sites require additional background, health screenings, and drugs tests. Completion of PHAR 072A, PHAR 072B, PHAR 072C rotations (320 hours) is required for the advanced certificate and Associate Degree. At the end of the rotation, the instructor will use the attendance records and competency forms as input from preceptors to assess the student learning outcomes and to help determine final grades. Students can refer to the course overview to understand the details of final grade assignments.

Pass/No Pass Only
PHIL 072L-1
Pharmacy Technology Skills Lab
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in PHAR 056
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Outpatient Pharmacy Technology Externship rotation (PHAR 072). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree.

PHIL 072L-2
Pharmacy Technology Skills Lab
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in PHAR 057
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Inpatient Pharmacy Technology Externship rotation (PHAR 072). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills Lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree.

PHIL 072L-3
Pharmacy Technology Skills Lab
Unit(s): 0.5-1.0  Class Hours: 27.0-54.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in PHAR 060
Supervised use of the Pharmacy Technology skills lab (a supplemental learning assistance course) to assist the students in developing competency in the technical skills required to successfully complete the Pharmacy Externship Sterile Products rotation (PHAR 072). Additionally, this Skills Lab class allows students working in one setting of pharmacy to come back and practice skills in another setting. Skills Lab class also allows students with significant time lapsed from program attendance to prepare for externship or job placements. Significant time lapsed is defined as 1 year by departmental policy in compliance with the American Society of Health-System Pharmacists’ re-accreditation body. Lab hours verified by sign-in. One-half (0.5) unit is required for the Advanced Certificate and A.S. degree.

PHIL 106 (C-ID PHIL 100)
Introduction to Philosophy
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
A survey of historical and contemporary ideas on how to live the good life.
CSU/UC

PHIL 106H (C-ID PHIL 100)
Honors Introduction to Philosophy
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
An enriched approach designed for honors students. A survey of historical and contemporary ideas on how to live the good life.
CSU/UC

PHIL 108 (C-ID PHIL 120)
Ethics
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introduction to key historical and modern theories of philosophical ethics and the application of these theories to ethical issues facing society today. Assists in clarifying our thinking about morality/ethics. Course increases awareness of values in personal and contemporary issues.
CSU/UC

PHIL 110
Critical Thinking
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H
College-level critical thinking and writing. Promotes self-awareness, independent thinking, and improved academic expression. Examines philosophical methods of reasoning and composition, and the uses of informal logic and criticism in personal life, college, work, and democratic society.
CSU/UC

PHIL 110H
Honors Critical Thinking
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H
An enriched approach designed for honors students in a seminar setting. College-level critical thinking and writing. Promotes self-awareness, independent thinking, and improved academic expression. Examines philosophical methods of reasoning and composition, and the uses of informal logic and criticism in personal life, college, work, and democratic society.
CSU/UC

PHIL 111 (C-ID PHIL 110)
Introductory Logic
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Beginning course in formal and applied logic. Covers cognitive language, formal argument, proof, basic propositional and predicate logic, and philosophy of logic. Emphasizes active student involvement and practical application to college life.
CSU/UC

<th>Units</th>
<th>Class Hours</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 112</td>
<td>World Religions</td>
<td>3.0</td>
<td>54.0 Lecture total</td>
<td>A philosophical overview of the world’s great religions. Includes historical origin and growth of each religion, major doctrines, and influence. Religions dealt with include Indigenous Religions, Hinduism, Jainism, Buddhism, Taoism, Confucianism, Judaism, Christianity and Islam.</td>
</tr>
<tr>
<td>PHIL 118</td>
<td>History of Philosophy</td>
<td>3.0</td>
<td>54.0 Lecture total</td>
<td>An introduction to philosophy from an historical perspective: getting acquainted with the thoughts of the world’s great philosophers. Provides a survey of the dominant philosophies of the ancient, medieval, and modern worlds.</td>
</tr>
<tr>
<td>PHOTOGRAPHY</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>PHOT 009</td>
<td>Photography Lab</td>
<td>0.5</td>
<td>27.0 Lab total</td>
<td>Prerequisite: Concurrent enrollment in another photography course Sign-in/out supervised laboratory. Work on assignments from other photography courses or on independent projects. Completion of new and more advanced assignments each semester. Accumulation of 24 hours earns 0.5 unit. Requires concurrent enrollment in a photography course.</td>
</tr>
<tr>
<td>PHOT 150</td>
<td>History of Photography</td>
<td>3.0</td>
<td>54.0 Lecture total</td>
<td>A survey of the history, aesthetics, and technical evolution of photography including an in-depth view of artistic styles and individual photographers’ contributions from the 19th century to the present.</td>
</tr>
<tr>
<td>PHOT 180</td>
<td>Beginning Photography</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>This course provides students with an introduction to visual concepts, basic image capture, and camera functions with digital cameras. Software basics for photographic imaging and digital printing.</td>
</tr>
<tr>
<td>PHOT 185A</td>
<td>Landscape Photography</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 180 This course concentrates on producing images under available light conditions found in natural and man-made environments. Topics include creating awareness of light and its function along with learning techniques for exposing under many different lighting conditions.</td>
</tr>
<tr>
<td>PHOT 185B</td>
<td>Landscape Photography</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 185A Continued instruction in cityscape, seascape, and landscape photography with special attention given to documentary, pictorial, and metaphorical styles. A DSLR camera required.</td>
</tr>
<tr>
<td>PHOT 191</td>
<td>Commercial Studio Practices</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 180 Instruction in specialized technical alternatives utilized in commercial studio photography. Emphasis will be on professional image-making with digital cameras, using scanning, digital printing, and commercial lighting techniques.</td>
</tr>
<tr>
<td>PHOT 194</td>
<td>Digital Workflow</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 180 This class will provide a foundation for capturing and processing RAW digital photo files with high end digital imaging hardware and software. Emphasis on creating organization of files for client needs.</td>
</tr>
<tr>
<td>PHOT 196</td>
<td>Commercial Photography</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 180 This course instructs the student with lighting and studio techniques as commonly used in professional photographic applications. The emphasis will be on light and the use of lighting equipment in both studio and location situations.</td>
</tr>
<tr>
<td>PHOT 197</td>
<td>Intermediate Commercial Photography</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 196 Intermediate techniques in commercial photography using available and studio lighting. Further studies in the commercial subject areas of portrait/wedding, architecture, table top/product illustration, stock photography and photojournalism.</td>
</tr>
<tr>
<td>PHOT 291</td>
<td>Wedding and Quinceañera Photography</td>
<td>3.0</td>
<td>36.0 Lecture, 54.0 Lab total</td>
<td>Prerequisite: Completion with a grade of &quot;C&quot; or better or a Passing grade in PHOT 180 Instruction in fundamental concepts, equipment demands, and photographic techniques used by contemporary wedding/quinceañera photographers.</td>
</tr>
</tbody>
</table>
PHOT 292
Portrait Photography
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHOT 180
In this course the student will learn portrait styles and techniques using both natural, and artificial lighting in the studio and on location.
CSU

PHOT 294
Color Photographic Expression
Unit(s): 3.0    Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHOT 180
Introduction to the theory and practice of color in Fine Art Photography. Printing color photographs as a fine art medium. Course includes lectures, interpretive (field) assignments, laboratory work, research of well-known photographers using color in fine art photography and critiques. Camera required.
CSU

PHYSICAL SCIENCE

PSC 115
Concepts in Physical Sciences for Educators
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
An investigation of basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, light, atomic structure, bonding, solutions and chemical reactions. The inter-dependence of chemistry and physics will be emphasized. Designed for non-science majors, concepts are introduced in lab through inquiry and further developed during discussion. Completion of Math N48 is recommended. Same as Chemistry 115.
CSU/UC

PSC 117
Physical Science Survey
Unit(s): 3.0    Class Hours: 54.0 Lecture total.
Introduction to the methods of science and concepts relating to mechanics, states of matter, waves, heat, electricity, light, atomic structure, and chemical reactions. May include topics from Earth and space science. Emphasis is on basic principles, relationships, and applications to modern civilization. This course is open to all majors. Concurrent enrollment in Physical Science 118 is highly recommended.
CSU/UC

PSC 118
Physical Science Survey Laboratory
Unit(s): 1.0    Class Hours: 54.0 Lab total.
Laboratory course to accompany Physical Science 117. Laboratory topics include: motion, forces, energy, thermodynamics, electricity, circuits, optics, and chemical reactions.
CSU/UC

PHYSICS

PHYS 109
Survey of General Physics
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
The study of important phenomena in physics. Topics include mechanics, fluids, thermodynamics, sound, light, electricity, magnetism, and modern physics. Recommended for all students interested in a conceptual approach to physics and students planning on taking more advanced courses in physics.
CSU/UC

PHYS 210 (C-ID PHYS 105; C-ID PHYS 205)
Principles of Physics I
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 180, or MATH 180H
A calculus-based physics course designed for students majoring in the life sciences, pre-medicine, and related disciplines. Topics include classical mechanics, wave motion, and thermodynamics.
CSU/UC

PHYS 211 (C-ID PHYS 110)
Principles of Physics II
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHYS 210, and MATH 180, or MATH 180H
A calculus-based physics course designed for students majoring in the life sciences, pre-medicine, and related disciplines. Topics include electricity and magnetism, light, optics, and modern physics.
CSU/UC

PHYS 217 (C-ID PHYS 205)
Engineering Physics I
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 180, or MATH 180H
Principles of classical mechanics including particle dynamics, forces, work, energy, momentum, rotational motion, equilibrium, harmonic motion, and gravity. This course is designed for students majoring in physical sciences and engineering.
CSU/UC

PHYS 227 (C-ID PHYS 210)
Engineering Physics II
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHYS 217, and MATH 185
Introduces the basic principles of electricity and magnetism. The main topics are electrostatics, circuits, magnetism, electro-magnetic induction, and Maxwell’s equations. This course is designed for students majoring in physical sciences and engineering.
CSU/UC

PHYS 237
Engineering Physics III
Unit(s): 4.0    Class Hours: 54.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHYS 217, and MATH 185
Introduces the basic principles of fluids, thermodynamics, sound, light, optics, and modern physics. This course is designed for students majoring in physical sciences and engineering.
CSU/UC
PHYS 279 (C-ID PHYS 105)  
College Physics I  
Unit(s): 4.0  
Class Hours: 54.0 Lecture, 54.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 162  
A trigonometry-based physics course. Topics include: mechanics, thermodynamics, fluids, oscillatory motion, and sound.  
CSU/UC

PHYS 289 (C-ID PHYS 110)  
College Physics II  
Unit(s): 4.0  
Class Hours: 54.0 Lecture, 54.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PHYS 279, and MATH 162  
A trigonometry-based physics course. Topics include: light, electricity, magnetism, and modern physics.  
CSU/UC

POLITICAL SCIENCE

POLT 101 (C-ID POLS 110)  
American Government and Politics  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Study of United States national government and California state and local governments. Satisfies graduation requirement for American institutions and state requirements for California state government.  
CSU/UC

POLT 101H (C-ID POLS 110)  
Honors American Government and Politics  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.  
A student-oriented exploration of the historical and contemporary principles of American government. Study groups and individual computer-based research focus on basic political concepts of American national and state governments. Satisfies graduation requirement for American Institutions and state requirements for California state government.  
CSU/UC

POLT 200 (C-ID POLS 120)  
American Political Thought  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Examination of various theoretical approaches to politics within the American political context. Analysis of selected political theories and their application to American politics.  
CSU/UC

POLT 200H (C-ID POLS 120)  
Honors American Political Thought  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.  
Examination of various theoretical approaches to politics within the American political context. Analysis of selected political theories and their application to American politics.  
CSU/UC

PSYCHOLOGY

PSYC 100 (C-ID PSY 110)  
Introduction to Psychology  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
An introduction to the major theories, methods, concepts, ethical issues, and findings in the major fields in psychology including (but not limited to): biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology.  
CSU/UC

PSYC 140  
Introduction to Psychology of Adulthood and Aging  
Unit(s): 3.0  
Class Hours: 54.0 Lecture total.  
Examines psychological and related biological and social changes that occur in adulthood and old age and how these changes vary with ethnicity, gender and social class. Topics include longevity, health, successful aging, intimate and family relationships and mental disorders of adulthood. Designed to help students understand their own and others’ aging and to familiarize them with issues in the field of gerontology.  
CSU/UC
PSYC 157 (C-ID CDEV 100)
Introduction to Child Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Survey of human development from conception through adolescence. Covers major theories of development (cognition, perception, language, personality, social, etc.) and their application to parenting, teaching, and other interactions with children. (No credit if student has taken Child Development 107.)
CSU/UC

PSYC 160 (C-ID PSY 180)
Introduction to Lifespan Psychology
Formerly: PSYC 180, Introduction to Lifespan Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introduction to human development from a psychological perspective. Explores human development from conception through death, including biological and environmental influences. Theories and research of physical, cognitive, personality, and social development are examined from classical and contemporary perspectives. Attention will also be given to both normative and non-normative development.
CSU/UC

PSYC 170
Multicultural Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Introduces students to important issues related to cultural diversity in the field of psychology. Major areas of psychology will be explored from a multicultural perspective, including research, mental health, social psychology, and identity development. Exploration of historically underrepresented populations in the U.S. will be emphasized.
CSU/UC

PSYC 200 (C-ID PSY 150)
Introduction to Biological Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Explores relationships between physiological structures of the body and human behavior. Focuses on the organization and function of the brain, spinal cord, peripheral nervous system, glands, sensory and perceptual systems. Relates physiological functioning to motivated behavior, addiction, and psychological disorders.
CSU/UC

PSYC 210 (C-ID SOCI 125; C-ID MATH 110)
Statistics for the Behavioral Sciences
Unit(s): 4.0  Class Hours: 72.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in MATH 083, or MATH 084
Introduces psychology and behavioral science majors to descriptive and inferential statistical methods. Knowledge of these methods is essential to the understanding, interpretation, and performance of scientific research. Topics covered include probability theory, hypothesis testing, correlation, analysis of variance, the graphical representation of data, basic research design, and the use of computer software to perform statistical analyses.
CSU/UC

PSYC 219 (C-ID PSY 200)
Introduction to Research Methods in Psychology
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PSYC 210, or PSYC 100
Emphasizes methods of study in psychology, experimental design, analysis of variables contributing to experimental results, and data treatment.
CSU/UC

PSYC 230 (C-ID PSY 115)
Psychology and Effective Behavior
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PSYC 100, or SOC 100
An exploration of the interlocking dynamics of psychology and sociology focusing on the impact of social groups on individuals and on other groups. Content includes self-development, interaction, attitudes, conformity, friendship, love, aggression, group dynamics. Same as Sociology 240.
CSU/UC

PSYC 240 (C-ID PSY 170)
Introduction to Social Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PSYC 100, or SOC 100
An exploration of the interlocking dynamics of psychology and sociology focusing on the impact of social groups on individuals and on other groups. Content includes self-development, interaction, attitudes, conformity, friendship, love, aggression, group dynamics. Same as Sociology 240.
CSU/UC

PSYC 250
Introduction to Abnormal Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in PSYC 100, or PSYC 100H
Introduction to the commonly diagnosed psychological disorders. Includes psychophysiological disorders, anxiety, depression, substance abuse, sexual dysfunctions, schizophrenia, developmental, cognitive, and personality disorders. Emphasis is on identification, symptomatology, etiology, and methods of therapeutic intervention.
CSU/UC

READING

READ 101
Introduction to Academic Reading
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
Instruction toward students’ mastery of higher-level vocabulary, reading comprehension at the level of proficiency, critical evaluation of college-level text and improvement of reading rate.
CSU
READ 102
Academic Reading
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in READ 101.

Introduces a repertoire of reading strategies aimed at preparing students for comprehension of complex college-level reading material. Advanced reading strategies provide the foundation for the development of critical reading and the recognition of patterns of academic thought. Reading strategies for specific disciplines, including the social sciences, business, humanities and the arts, mathematics and the natural sciences are presented.

CSU

READ 150
Critical Reading
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in ENGL 101, or ENGL 101H

This course addresses the relationship between critical reading and critical thinking, including emphasis on the development of critical reading and thinking skills that facilitate the interpretation, analysis, criticism, and advocacy of ideas encountered in academic reading.

CSU

SOCIETY

SOC 100 (C-ID SOCI 110)
Introduction to Sociology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

The scientific study of human societies and behavior focusing on the process of social interaction, patterns of social inequality, and the influence of social institutions on individuals as members of social groups. Special emphasis provided to explain factors promoting social stability and social change.

CSU/UC

SOC 100H (C-ID SOCI 110)
Honors Introduction to Sociology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.

A seminar-style, content-enriched course to provide a critical and extensive exploration of the sociological perspective, methods, and theories of social interaction, stability and change. Focuses on the importance of sociology for understanding individuals in a social context and provides a comprehensive understanding of social stability and social change.

CSU/UC

SOC 112 (C-ID SOCI 130)
Relationships, Marriages, and Family Dynamics
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

In-depth examination of the process of developing intimate relationships leading to committed partnerships and marriages with emphasis on effective communication techniques, understanding relationship dynamics, parenting, diverse family systems and overcoming family stressors at each life stage.

CSU/UC

SOC 140 (C-ID SOCI 115)
Social Problems
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

An extensive survey of contemporary social trends and problems through sociological analysis concentrating on their causes, complexities, consequences, and possible solutions. Special emphasis will be placed on the problems in the U.S., with consideration of the global perspective.

CSU/UC

SOC 140H (C-ID SOCI 115)
Honors Analysis of Social Trends and Problems
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.

A seminar-style, in-depth sociological analysis and critique of U.S. social trends and problems with an emphasis on contemporary and historical social policy with additional consideration of global perspectives.

CSU/UC

SOC 240 (C-ID PSY 170)
Introduction to Social Psychology
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in SOC 100, or PSYC 100

An exploration of the interlocking dynamics of psychology and sociology focusing on the impact of social groups on individual and on other groups. Content includes self-development, interaction, attitudes, conformity, friendship, love, aggression, group dynamics. Same as Psychology 240.

CSU/UC

SOC 401
The Sociology of Health, Illness, and Healing
Unit(s): 3.0  Class Hours: 54.0 Lecture total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in Limitation on enrollment: Student must be admitted to the Occupational Studies program, SOC 100, or SOC 100H

This course analyzes the social contexts of health, illness, and organized medical care. It examines empirical research and theory of the changing concepts of health, illness and medical practice in their socio-historical contexts. Topics will include: social epidemiology, the biomedical and social construction of health/illness, the experience of illness, the historical transformation of the health professions and the health work force, disparities in health care, medical technology, global comparisons of health care and health care reform.

SPANISH

SPAN 101 (C-ID SPAN 100)
Elementary Spanish I
Unit(s): 5.0  Class Hours: 90.0 Lecture total.

Practice and integration of pronunciation, grammar, vocabulary, common idioms, listening, speaking, reading, and writing techniques for the expression of ideas orally and in writing. Introduction to Hispanic culture. Designated sections focus on skills for Spanish speakers. Spanish 101 is equivalent to two years of high school Spanish.

CSU/UC
SPAN 101H (C-ID SPAN 100)
Honors Elementary Spanish I
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher.
Enhanced and intensive practice and integration of pronunciation, grammar, vocabulary, common idioms, listening, speaking, reading, and writing techniques for the expression of ideas orally and in writing. Enriched introduction of Hispanic culture. Note: Some sections are designated for Spanish speakers. Spanish 101H is equivalent to two years of high school Spanish.
CSU/UC

SPAN 102 (C-ID SPAN 110)
Elementary Spanish II
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SPAN 101 or SPAN 101H; All Cal State and UC universities Spanish programs require a minimum grade of C in Spanish 101 or two years in high school with a passing grade.
A college-level Spanish class focusing on further training in language skills providing avenues for the expression of ideas orally and in writing. Additional study of Hispanic culture. Designated sections focus on skills for Spanish speakers. Spanish 102 is equivalent to the third year of high school Spanish.
CSU/UC

SPAN 102H (C-ID SPAN 110)
Honors Elementary Spanish II
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in SPAN 101 or SPAN 101H; All Cal State and UC universities have the same prerequisites for Spanish 102H. Further enhanced and intensive training in language skills for the expression of ideas orally and in writing. Additional enriched study of Hispanic culture. Note: Some sections are designated for Spanish speakers. Spanish 102H is equivalent to the third year of high school Spanish.
Further enhanced and intensive training in language skills for the expression of ideas orally and in writing. Additional enriched study of Hispanic culture. Note: Some sections are designated for Spanish speakers. Spanish 102H is equivalent to the third year of high school Spanish.
CSU/UC

SPAN 195A
Advanced Conversational Spanish
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SPAN 102, or SPAN 102H
Further development of conversational skills. Review of language structures as well as reinforcement of new vocabulary and idioms through discussions of reading selections dealing with historical and current events to deepen appreciation of Hispanic cultures.
CSU/UC

SPAN 195B
Advanced Conversational Spanish
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SPAN 195A
Continuation of development of conversational skills. Provides avenues for the expression of ideas introduced in literary and current event readings through discussions and class presentations to deepen appreciation of Hispanic cultures.
CSU/UC

SPAN 201 (C-ID SPAN 200)
Intermediate Spanish I
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SPAN 102, or SPAN 102H; These prerequisites are also required in Cal State and UC Spanish universities.
A college level Spanish class focusing on expansive review of usage and grammar, discussions of interpretive readings, conversation, and composition.
CSU/UC

SPAN 201H (C-ID SPAN 200)
Honors Intermediate Spanish I
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in SPAN 102, or SPAN 102H; All four year public universities, Cal State and University of California Spanish Programs require the same prerequisites for Intermediate Spanish level course. An enriched exposure of Hispanic history, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Further use of argumentative oral strategies. Enhanced development of conversation and composition. Independent research by students to use/evaluate library and electronic information sources.
An enriched exposure of Hispanic history, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Further use of argumentative oral strategies. Enhanced development of conversation and composition. Independent research by students to use/evaluate library and electronic information sources.
CSU/UC

SPAN 202 (C-ID SPAN 210)
Intermediate Spanish II
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SPAN 201, or SPAN 201H; All Cal State and UC Spanish programs have the same requirements listed at Santa Ana College.
A college-level Spanish class focusing on expansive review of usage and grammar; discussions in Spanish of interpretive reading materials; conversation and composition.
CSU/UC

SPAN 202H (C-ID SPAN 210)
Honors Intermediate Spanish II
Unit(s): 5.0 Class Hours: 90.0 Lecture total.
Prerequisite: A college GPA or high school GPA for first term college students of 3.0 or higher; and completion with a grade of "C" or better or a Passing grade in SPAN 201, or SPAN 201H. An enriched exposure of Hispanic history, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Enhanced development of conversation and composition. Further use of argumentative oral strategies. Independent research by students to use/evaluate library and electronic information sources.
An enriched exposure of Hispanic history, culture, and literature in a seminar setting. In-depth analysis of grammatical structures. Enhanced development of conversation and composition. Further use of argumentative oral strategies. Independent research by students to use/evaluate library and electronic information sources.
CSU/UC
A comprehensive course designed to prepare students for the transition from school to employment. Includes identifying appropriate job/career goals, assessing personal strengths, developing skills to obtain employment such as resume writing and interviewing, and utilizing contemporary technologies for securing meaningful employment, retention and advancement.
SLPA 120  
Speech-Language Pathology Clinical Management and Procedures  
Unit(s): 2.0  Class Hours: 36.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SLPA 118  
Organizational and functional skills required in the speech-language pathology workplace. Includes interdisciplinary and supervisory relationships, client and public interaction, safety issues, technical writing, data collection, record keeping, and computer applications.  
CSU  

SLPA 150  
Observation of Speech-Language Pathology Clinical Practices  
Unit(s): 0.5  Class Hours: 28.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SLPA 118; and concurrent enrollment in SLPA 160  
Beginning clinical observation of practices and procedures required in speech-language pathology. Observation sites will be in both educational and medical settings.  
CSU  

SLPA 160  
Introduction to Communicative Disorders and Treatment  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
An overview of communication disorders, including classification, assessment and remediation of speech, language, swallowing, and hearing disorders in children and adults. Role of speech-language pathologist and audiologist in educational and medical settings.  
CSU  

SLPA 170  
Introduction to Phonetics  
Formerly: CMST 170, Introduction to Phonetics  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
Study of the articulatory foundations of the description and classification of speech sounds. Introduces the International Phonetic Alphabet (IPA), physiological properties of the speech-producing mechanism, and methods of transcription. Emphasis will be on American English along with comparison to the sound systems of other languages.  
CSU  

SLPA 180  
Speech-Language Pathology Screening Processes and Intervention Procedures  
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SLPA 120, and SLPA 150, and SLPA 160  
Screening tools, processes, and intervention procedures used for clients with communication disorders. Administration of screening tests and completion of protocols. Equipment utilized in therapeutic treatment.  
CSU  

SLPA 190  
Speech-Language Pathology Assistant Clinical Fieldwork I  
Unit(s): 2.0  Class Hours: 4.5 Lecture, 108.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SLPA 120, and SLPA 150, and SLPA 160, and Application to Department Coordinator required semester prior to enrollment; current negative TB clearance; current CPR and First Aid Certification; fingerprinting and background check may be required.  
Corequisite: SLPA 180.  
Beginning application of supervised clinical practice procedures as required of a speech-language pathology assistant in an educational or clinical setting.  
CSU  

SLPA 200  
Adult and Geriatric Communication Disorders  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SLPA 160  
Speech, language, and hearing disorders experienced by the adult and geriatric populations. Assessment tools and treatment strategies used to treat acquired disorders such as adult aphasia, dysarthria, and hearing loss.  
CSU  

SLPA 250  
Speech-Language Pathology Assistant Clinical Fieldwork II  
Unit(s): 2.0  Class Hours: 4.5 Lecture, 108.0 Lab total.  
Prerequisite: Completion with a grade of "C" or better or a Passing grade in SLPA 180, and SLPA 190; and Application to Department Coordinator required semester prior to enrollment; current negative TB clearance; current CPR and First Aid Certification; fingerprinting and background check may be required.  
Advanced application of clinical practice procedures in a clinical or educational setting by the speech-language pathology assistant under the supervision of a speech-language pathologist.  
CSU  

STUDY SKILLS  
STDY 101  
College Study Skills  
Unit(s): 1.0  Class Hours: 18.0 Lecture total.  
A course designed to teach effective college study skills while also helping students create positive academic and lifelong learning habits. Topics include time management, exam preparation, lecture notetaking, memorization, test taking strategies, stress management, and exam preparation.  
CSU  

STDY 109  
College Learning Skills  
Unit(s): 3.0  Class Hours: 54.0 Lecture total.  
This course provides effective success strategies to enhance student self-development, academic, and lifelong learning skills for the college student. The techniques include values, goal-setting, dealing with money, stress management, diversity, motivation, health, and time-management. Students learn personal growth methods and develop strategies to effectively deal with issues to ensure personal, educational, and career success.  
CSU
THEATRE ARTS

THEA 100 (C-ID THTR 111)
Introduction to Theatre
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to the art and concepts of theatre through a study of modern and historical theories of dramatic structure, playwriting, directing, design, and acting. Attendance at live theatre required.
CSU/UC

THEA 105 (C-ID THTR 113)
Theatre History 1
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
The study of the history of theatre from the origins of theatre through the 17th Century. The history and development of theatre and drama are studied in relationship to cultural, political and social conditions of the time. Plays are read for analysis of structure, plot, character and historical relevance.
CSU/UC

THEA 110 (C-ID THTR 151)
Acting Fundamentals
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.
A study of acting involving the development of acting techniques, styles, and disciplines. Provides theory and practical experience with varied characterizations. Emphasizes individual growth and acquired skills necessary to the acting craft.
CSU/UC

THEA 111 (C-ID THTR 152)
Intermediate Acting
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 110
Further study in the art of acting for the stage, investigating in-depth character study, role portrayal, special problems, and personal technique. Acting skills developed through use of exercises, monologues, and scenes from contemporary theatre.
CSU/UC

THEA 113
Acting for the Camera
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Techniques and disciplines of acting as applied to film and television production. Opportunity to practice and perform with emphasis on developing talents and skills required in acting for the screen. Same as DM 142.
CSU/UC

THEA 114
Acting for the Camera II
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in THEA 113
An intermediate and immersive on-camera experience in which the student will have opportunities to practice skills and techniques in several styles of camera production: movie/TV narrative drama, comedy, and reality TV. The material from these performances is edited, screened, and discussed.
CSU/UC

THEA 118
Fundamentals of Scene Study
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.
A continued study for the beginning actor in the preparation and presentation of scenes from modern comedies, the plays of William Shakespeare, and plays from influential playwrights such as Anton Chekov and Henrik Ibsen. Students prepare scenes with partners for performance and critique.
CSU/UC

A combination of THEA 110 and THEA 111 and THEA 118 and THEA 198 may be taken a maximum of four enrollments.

THEA 120
Musical Theatre History
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This course explores the history of the uniquely American art form that is Musical Theatre from its early development in the colonial period to the present time. Emphasis will be placed on the chronological examination of various musical theatre productions. Students will learn how the composers, librettists, lyricists, choreographers, directors, and designers contributed to the formation and the popularity of musical theatre as it exists today.
CSU/UC

THEA 123
Introduction to Drama and Acting
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
An introduction to acting and dramatic literature that includes analysis of plays, dramatic structure, and performance criticism. This course explores the history and development of acting styles and methodologies specific to the major historical periods of drama in which they were created. Intended to enhance imagination and creativity and emphasize intellectual growth through the exploration of the cultural significance of drama and performance.
CSU/UC

THEA 130
Lighting Design
Unit(s): 2.0  Class Hours: 27.0 Lecture, 27.0 Lab total.
An overview of the basic techniques of lighting design for entertainment. Emphasis is placed on the design process, technical and artistic choices, and the development of the practical skills required of an entertainment lighting designer.
CSU/UC

THEA 131 (C-ID THTR 171)
Stagecraft
Unit(s): 3.0  Class Hours: 54.0 Lecture, 18.0 Lab total.
An introduction to technical theatre and the creation of scenic elements. Includes basic concepts of design, painting techniques, set construction, set movement, prop construction, backstage organization, and stage management.
CSU/UC
THEA 132 (C-ID THTR 175)
Stage Makeup
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Basic techniques and artistry of stage makeup and its relation to the total production. Covers history, aesthetics and design theory, color theory, materials, and application procedures for varied characterizations. Practical application of learned skills are applied to departmental productions.
CSU/UC

THEA 133 (C-ID THTR 173)
Lighting Fundamentals
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Theory and practices of lighting including control systems and instruments as well as the techniques for proper installation, operation, maintenance, and safety. Same as DM 260.
CSU/UC

THEA 135 (C-ID THTR 192)
Technical Production
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Supervised instruction and practical experience in backstage production responsibilities including any of the following: stage management, scenery construction and movement, properties, costume, lighting, sound, and running crews.
CSU/UC

THEA 136 (C-ID THTR 174)
Fundamentals of Costume Design
Unit(s): 3.0 Class Hours: 54.0 Lecture, 18.0 Lab total.
The study of costume history, design, and basic construction techniques as an introduction to basic theatrical costuming. Fabrics and their various uses will be investigated. Same as FDM 136.
CSU/UC

THEA 137
Costume Design and History
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
Explores the many aspects of costume design, including the breakdown of a script, artistic rendering of the literature, development of themes and design concepts, research sources, examination of the social and economic mores that govern dress, and the history of dress. Students will analyze, research, and design two plays to present to the class. The course will include film and theatre industry standards in the area of costume design.
CSU/UC

THEA 138
Costume Periods and Styles
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A study of the changes in dress from ancient times to the present. Social and political influences, as well as the historical accuracy of period dress, are considered relative to the practical needs of costuming for stage, film, and television.
CSU/UC

THEA 140A
Theatre Performance
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total. Other: Audition
An introduction to theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students learn the process of presenting a role on stage. Prepares the student for Theatre Performance 140B. All actors must audition and be cast prior to enrolling.
CSU/UC

THEA 140B
Theatre Performance II
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 140A
Other: Audition
Continued study in theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students perfect the process of presenting a role on stage. Theatre Arts 140B is a continuation and refinement of the work begun during Theatre Arts 140A. All actors must audition and be cast prior to enrolling.
CSU/UC

THEA 140C
Theatre Performance III
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 140B
Other: Audition
Provides the continuing theatre performance student opportunity to concentrate on more advanced acting methods and development of technique. Emphasizes the development of the individual actor's performance style connecting the voice and body with the emotional life of a character. All actors must audition and be cast prior to enrolling.
CSU/UC

THEA 140D
Theatre Performance IV
Unit(s): 2.0 Class Hours: 18.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of C or better of THEA 140C
Other: Audition
Continuing study of acting technique including more complicated methodology and advanced script material. Emphasizes the combination of the individual actor's performance style with the demands of the professional theatre arena. All actors must audition and be cast prior to enrolling.
CSU/UC

THEA 150A (C-ID THTR 191)
Rehearsal and Performance in Production
Unit(s): 2.0 Class Hours: 18.0 Lecture, 70.0 Lab total.
Prerequisite: Audition
Practical experience in performance production culminating in a series of public performances. All actors must audition and be cast prior to enrolling.
CSU/UC
A combination of THEA 150A and THEA 151 and THEA 154 and THEA 155 may be taken a maximum of four enrollments.
THEA 150B (C-ID THTR 192)

Technical Theatre in Production
Unit(s): 2.0  Class Hours: 18.0 Lecture, 70.0 Lab total.

Students will gain practical experience in the application of production responsibilities in any of the following: stage management, scenery construction, properties, costuming, lighting, or sound. This course culminates into a series of public performances. All student technicians must obtain instructor approval prior to enrolling.

CSU/UC
A combination of THEA 150B may be taken a maximum of four enrollments.

THEA 151 (C-ID THTR 191)

Showcase I
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

An introduction to theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students learn the process of presenting a role on stage. Prepares the student for Showcase II.

CSU/UC
A combination of THEA 151, THEA 171, THEA 172, and THEA 173 may be taken a maximum of four enrollments.

THEA 152 (C-ID THTR 191)

Tour Ensemble
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

An introduction to theatre performance emphasizing acting techniques as applied to performing a role in multiple venues.

CSU/UC

THEA 153

Introduction to Directing
Unit(s): 2.0  Class Hours: 18.0 Lecture, 54.0 Lab total.

The study and application of directing theory, process, and technique which will culminate in a student-directed project production for public performance. Included are the fundamentals of script analysis, designer collaboration, character development, staging, actor coaching, and presenting.

CSU/UC
A combination of THEA 153.

THEA 154 (C-ID THTR 191)

Tour Ensemble II
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 152

Continued study in theatre performance emphasizing acting techniques as applied to performing a role in a touring company. Students perfect the process of presenting a role in multiple venues.

CSU/UC
A combination of THEA 154 and THEA 161 and THEA 162 and THEA 163 may be taken a maximum of four enrollments.

THEA 155 (C-ID THTR 191)

Children’s Theatre Ensemble
Unit(s): 2.0  Class Hours: 18.0 Lecture, 70.0 Lab total.

Intensive rehearsal and performance production experience culminating in the presentation of a live production for young audiences.

CSU/UC
A combination of THEA 150A and THEA 151 and THEA 154 and THEA 155 may be taken a maximum of four enrollments.

THEA 161

Tour Ensemble II
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 152

Continued study in theatre performance emphasizing acting techniques as applied to performing a role in a touring company. Students perfect the process of presenting a role in multiple venues.

CSU/UC
A combination of THEA 154 and THEA 161 and THEA 162 and THEA 163 may be taken a maximum of four enrollments.

THEA 162

Tour Ensemble III
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 161

Provides the continuing theatre performance student opportunity to concentrate on more advanced acting methods and development of technique in playscripts for a touring ensemble. Emphasizes the development of the individual actor’s performance style connecting the voice and body with the emotional life of a character.

CSU/UC
A combination of THEA 154 and THEA 161 and THEA 162 and THEA 163 may be taken a maximum of four enrollments.

THEA 163

Tour Ensemble IV
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 162

Continuing study of acting technique including more complicated methodology and advanced script material focusing on touring ensembles. Emphasizes the combination of the individual actor’s performance style with the demands of the professional touring arena.

CSU/UC
A combination of THEA 154 and THEA 161 and THEA 162 and THEA 163 may be taken a maximum of four enrollments.

THEA 165

Introduction to Entertainment Lighting
Unit(s): 1.5  Class Hours: 27.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in THEA 152

The study of the various entertainment lighting practices. Course will focus on emerging technologies in the entertainment industry and best practices in applications. Basic skills in control, usage, and content preparation.

CSU

THEA 165L

Fundamentals of Programming for Intelligent Lighting Lab
Unit(s): 0.5  Class Hours: 27.0 Lab total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in THEA 165

Develop the programming skills to complete a show set up, control fixture characteristics, create and record cues, and transfer between programming and show control. Emphasis will be placed on developing speed and accuracy in these basic skills.

CSU
THEA 166
Intermediate Programming
Unit(s): 1.0 Class Hours: 18.0 Lecture total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in THEA 166L
Further development of the control and programming skills used in the entertainment lighting industry. Multiple control consoles will be introduced.
CSU
THEA 166L
Intermediate Programming Lab
Unit(s): 1.0 Class Hours: 54.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in THEA 166
Practical application of the terms, concepts, and practices in the control and programming of automated lighting equipment. Emphasis is placed on intermediate and advanced programming techniques/skills while increasing speed and accuracy.
CSU
THEA 167
Setup for Intelligent Lighting
Unit(s): 1.0 Class Hours: 9.0 Lecture, 27.0 Lab total.
Study of the practical considerations for using intelligent lighting equipment. Included topics are safety precautions, setup, and operational procedures, control panel functions, basic service, and maintenance techniques.
CSU
THEA 168A
Computer Applications for Entertainment Technology
Unit(s): 2.5 Class Hours: 36.0 Lecture, 36.0 Lab total.
Study of varied software applications that assist in the creation, management, visualization, and virtualization of entertainment projects.
CSU
THEA 169
Cooperative Work Experience-Entertainment
Unit(s): 1.0-4.0 Class Hours: 60.0-300.0 Lab total.
This work experience course of supervised employment is designed to assist students to acquire desirable work habits, attitudes and skills in a field related to the entertainment industry so as to enable them to become productive employees. This course also provides students with career awareness for jobs. 75 hours of paid work or 60 hours of un-paid work equals one unit of course credit. Student repetition is allowed per Title 5, Section 55253.
CSU
THEA 171
Showcase II
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 151
Continued study in theatre performance emphasizing acting technique, theatre vocabulary, and creative individual expression. Students perfect the process of presenting a role on stage.
CSU
A combination of THEA 151, THEA 171, THEA 172, and THEA 173 may be taken a maximum of four enrollments.
THEA 172
Showcase III
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 171
Provides the continuing theatre performance student opportunity to concentrate on more advanced acting methods and development of technique. Emphasizes the development of the individual actor's performance style connecting the voice and body with the emotional life of a character.
CSU/UC
A combination of THEA 151, THEA 171, THEA 172, and THEA 173 may be taken a maximum of four enrollments.
THEA 173
Showcase IV
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 172
Continuing study of acting technique including more complicated methodology and advanced script material. Emphasizes the combination of the individual actor's performance style with the demands of the professional theatre arena.
CSU/UC
A combination of THEA 151, THEA 171, THEA 172, and THEA 173 may be taken a maximum of four enrollments.
THEA 177
Principles of Playwriting
Formerly: Principles of Playwrighting
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An introduction to the elements of writing a play for the stage emphasizing dramatic structure, dramatic action, relationship between dialogue and action, setting, theme and point of view. Students will be assigned writing exercises that culminate in a one-act play.
CSU
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.
THEA 178
Musical Theatre Techniques
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
This course explores the development of the beginning fundamentals of acting, singing and movement for musical theatre through exercises, auditions, solo and group performances.
CSU
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.
THEA 179
Musical Theatre Workshop
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Audition or Consent of Instructor
Development and exploration of musical theatre skills. Students will become proficient musical theatre artists through theatrical exercises, audition and dance techniques and solo and group performances.
CSU/UC
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.
THEA 180
Intermediate Musical Theatre Techniques
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 178
This course explores intermediate level techniques of acting, singing and movement for musical theatre through theatrical exercises, auditions, solo and group performances.
CSU/UC
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.

THEA 181
Intermediate Musical Theatre Workshop
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 179
Intermediate level development and exploration of musical theatre skills. Students will become proficient musical theatre artists through theatrical exercises, audition and dance techniques and solo and group performances.
CSU/UC
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.

THEA 186
Voice for the Actor
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
An academic study and practical application of the efficient and effective use of the speaking voice, particularly in meeting the unique demands of acting for the stage. Focus will be placed on exercises designed to identify and correct breathing problems, diction problems, and to create conscious control of speech function.
CSU/UC
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.

THEA 190
Improvisation for Stage and Screen
Unit(s): 3.0 Class Hours: 36.0 Lecture, 54.0 Lab total.
Exploration of the principles and techniques of improvisational acting designed to increase the actor's creativity, problem solving, and performance skills. This course also develops student awareness of the importance of the cooperative dynamics of theatre, television and film.
CSU/UC
A combination of THEA 177 and THEA 178 and THEA 179 and THEA 180 and THEA 181 and THEA 186 and THEA 190 may be taken a maximum of four enrollments.

THEA 255
Motion Picture Performance Production
Unit(s): 3.0 Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Audition
Practical experience in performance production culminating in a fully produced feature film screened to the public. The final movie presentation becomes the basis for developing an actor reel. Students desiring an acting role must audition.
CSU/UC

THEA 256
Intermediate Motion Picture Performance Production
Unit(s): 3.0 Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 255
Intermediate level practical experience course in production culminating in a fully produced feature film screened to the public. The final movie presentation becomes the basis for developing an actor reel. Students desiring an acting role must audition.
CSU/UC
A combination of THEA 113 and THEA 256 may be taken a maximum of four enrollments.

THEA 257
Motion Picture Performance Production III
Unit(s): 3.0 Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 256
Provides the continuing performance student opportunity to concentrate on more advanced acting methods and development of technique. Emphasizes the development of the individual actor's performance style connecting the emotional life of a character to technical delivery on-screen.
CSU/UC

THEA 258
Motion Picture Performance Production IV
Unit(s): 3.0 Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in THEA 257
Continuing study of on-camera acting technique including more complicated methodology and advanced script material. Emphasizes the combination of the individual actor's performance style with the demands of working on a professional set.
CSU/UC

TV/VIDEO COMMUNICATIONS

TELV 009A
TV/Video Communications Laboratory
Unit(s): 0.5 Class Hours: 27.0 Lab total.
Corequisite: Completion with a grade of "C" or better or a Passing grade in TELV 110, or TELV 112, or TELV 115A, or TELV 115B, or TELV 130, or TELV 150, or TELV 152
Sign-in/out supervised work on beginning television projects/production assigned in a 100 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit.
TELV 009B
TV/Video Communications Laboratory
Unit(s): 0.5  Class Hours: 27.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in TELV 009A.
Corequisite: TELV 110, or TELV 112, or TELV 115A, or TELV 115B, or TELV 130, or TELV 150, or TELV 152

Sign-in/out supervised work on intermediate television projects/production assigned in a 100 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit.

TELV 009C
TV/Video Communications Laboratory
Unit(s): 0.5  Class Hours: 27.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in TELV 009B
Corequisite: TELV 110, or TELV 112, or TELV 115A, or TELV 115B, or TELV 130, or TELV 150, or TELV 152

Sign-in/out supervised work on advanced television projects/production assigned in a 100 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit.

TELV 010A
TV/Video Communications Advanced Laboratory I
Unit(s): 0.5  Class Hours: 27.0 Lab total.

Corequisite: Completion with a grade of "C" or better or a Passing grade in TELV 215, or TELV 230A, or TELV 230B, or TELV 230C, or TELV 230D, or TELV 260

Sign-in/out supervised work on beginning television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit.

TELV 010B
TV/Video Communications Advanced Laboratory II
Unit(s): 0.5  Class Hours: 54.0 Lecture, 27.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in TELV 010A
Corequisite: TELV 215, or TELV 230A, or TELV 230B, or TELV 230C, or TELV 230D, or TELV 260

Sign-in/out supervised work on advanced beginning television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit.

TELV 010C
TV/Video Communications Advanced Laboratory III
Unit(s): 0.5  Class Hours: 27.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in TELV 010B
Corequisite: TELV 215, or TELV 230A, or TELV 230B, or TELV 230C, or TELV 230D, or TELV 260

Sign-in/out supervised work on intermediate television projects/production assigned in a 200 level TV/Video Communications class. Accumulation of 24 hours earns 0.5 unit.

TELV 010D
TV/Video Communications Advanced Laboratory IV
Unit(s): 0.5  Class Hours: 27.0 Lab total.

Prerequisite: Completion with a grade of "C" or better or a Passing grade in TELV 010C
Corequisite: TELV 215, or TELV 230A, or TELV 230B, or TELV 230C, or TELV 230D, or TELV 260

Sign-in/out supervised work on advanced television projects/production assigned in a 200 level TV/Video Communications course. Accumulation of 24 hours earns 0.5 unit.
VIETNAMESE

VIET 101
Elementary Vietnamese I
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
A college level Vietnamese class focusing on pronunciation and grammar, basic vocabulary, common idioms, listening, speaking, reading, and writing techniques to provide avenues for the expression of ideas orally and in writing. Introduction to Vietnamese culture. Some sections designated for native Vietnamese speakers. Vietnamese 101 is equivalent to two years of high school Vietnamese.
CSU/UC

VIET 102
Elementary Vietnamese II
Unit(s): 5.0  Class Hours: 90.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in VIET 101
A college level Vietnamese course focusing on further training in pronunciation and grammar, more extensive vocabulary development, conversation, and composition. Supplementary cultural readings. Vietnamese 102 is equivalent to the third year of high school Vietnamese.
CSU/UC

WELDING

WELD 101
Introduction to Welding
Formerly: Weld 108, Oxyacetylene-Arc Welding
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
This is a basic course designed to introduce students to shop safety, the proper use of tools and basic equipment, and basic fundamentals through the introduction of various welding processes currently used in the welding and metal fabrication industry. Processes will include Oxy-fuel cutting, Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW).
CSU

WELD 111
Welding Lab Skills
Unit(s): 2.0  Class Hours: 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in WELD 240
This class is designed for students to enhance their welding skills. Students will be able to practice open root welding, along with preparation for welding practical exams. This lab will focus on material preparation and welding techniques. Students will receive two units for 108 hours of participation.
CSU

WELD 125
Intermediate Electric Arc Welding
Formerly: Weld 125A, Intermediate Arc Welding Level I
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in WELD 101
This is an intermediate course designed for students who want to progress in their welding skills through the application of Shielded Metal Arc Welding (SMAW), Flux Cored Arc Welding (FCAW), Gas Metal Arc Welding (GMAW), Gas Tungsten Arc Welding (GTAW), and Oxy-fuel Cutting. The course will emphasize proficiency in welding in the flat, horizontal, and vertical positions. Continuing emphasis on safety, theory, and practical skill development.
CSU

WELD 139A
Inert Gas Welding Level I
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in WELD 108
This course will introduce the student to gas tungsten arc welding (GTAW) and metal inert gas welding (MIG) of aluminum, mild steel and stainless steel.
CSU

WELD 153
Math/Blueprint Reading for Welders
Formerly: WELD 153B, Math/Blueprint Reading for Welders
Unit(s): 3.0  Class Hours: 54.0 Lecture total.
This class is designed to introduce the welding student to math and blue print reading and their applications for welders related to the welding industry. Emphasis will be placed on the practical problems in mathematics (for welders) measuring, instruments, area, volume, fractions, decimals and metric system. This course will allow the student to read and interpret shop and field drawings and prints related to the welding industry.
CSU

WELD 155
Metal Fabrication
Formerly: Weld 155A, Beginning Metal Fabrication
Unit(s): 3.0  Class Hours: 18.0 Lecture, 108.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in WELD 153, WELD 240
This course is designed for students with prior welding experience. The course will provide students with a general understanding of the fundamental methods of welding fabrication used in industry. Students will become familiar with standard mill shapes and materials, jigs and fixtures, methods of layout and fitting, preparation and qualification of welding procedures and welding sequence, cost analysis, and cutting and fastening techniques. This course is strongly recommended for those entering the fields of metal fabrication, quality assurance, inspection, supervision, and engineering of welded products.
CSU

WELD 156A
Beginning Robotic Welding
Unit(s): 3.0  Class Hours: 36.0 Lecture, 54.0 Lab total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in WELD 108
Corequisite: WELD 157A, or MNFG 157A
The course is a basic programming course that teaches students how to safely manipulate the robot through proper use of the robotic controller and Teach Pendant. This course also introduces the student to the gas metal and flux cored arc welding process. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification, various welding techniques, and base and filler metal identification. This course is an introduction to the beginning robotic/laser technology. Same as MNFG 156A.
CSU

06.26.2021
### WELD 157A
**Basic Robotic Programming**
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in WELD 108
- **Corequisite:** WELD 156A, or MNFG 156A

This is a basic programming course that teaches students how to safely manipulate an industrial robot through proper use of a controller. Topics include safe operating practices, linear movements, coordinate systems, Teach Pendant programming, and software/hardware integration. Same as MNFG 157A.

**CSU**

### WELD 162
**Executing Process Validation and Verification of Laser Welding Process: Level 3**
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Prerequisite:** Completion with a grade of "C" or better or a Passing grade in WELD 161

This course is designed to perform validation activities with laser welding processes focused on three main activities: Installation Qualification Report (IQ), Operational Qualification Report (OQ), and Performance Qualification Report (PQ) per the MVP.

**CSU**

### WELD 177
**Welding Metallurgy**
- **Unit(s):** 3.0
- **Class Hours:** 54.0 Lecture total.

This course is designed to introduce students to the field of metallurgy and familiarize the student with production, use, and testing of metals and other materials. This course reviews the relationships between the properties of metals/alloys as well as other materials and how they relate to design and manufacturing industries.

**CSU**

### WELD 181
**Pipe Welding Fundamentals**
- **Formerly:** Weld 154A, Beginning Pipe Fundamentals
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in WELD 101

This course is an introduction class to pipe welding with the Shielded Metal Arc Welding (SMAW) process. Students will focus on safety, theory, preparation, and welding. Emphasis will be placed on welding in the flat (1G) and horizontal (2G) positions using various size pipe with E6010 and E7018 electrodes.

**CSU**

### WELD 182
**Intermediate Pipe Welding**
- **Formerly:** Weld 154B, Intermediate Pipe Welding
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in WELD 181

This course is an intermediate class in pipe welding. Students will focus on safety, theory, pipe preparation, and welding. Emphasis will be placed on welding in the fixed horizontal (5G) and fixed 45 degree (6G) positions on various size pipe, using the Shielded Metal Arc Welding (SMAW) process with E6010 and E7018 electrodes.

**CSU**

### WELD 198-00
**Welding 198 Topics**
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.

Specialized courses on topics in welding technology. Not offered every year.

**CSU**

### WELD 225
**Advanced Electric Arc Welding**
- **Formerly:** WELD 129A, Advanced Arc Welding Level I
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in WELD 240

This is an advanced course designed to improve and master the student's previously acquired welding skills in Shielded Metal Arc Welding (SMAW), Flux Cored Arc Welding (FCAW), Gas Metal Arc Welding (GMAW), Gas Tungsten Arc Welding (GTAW), and Oxy-fuel Cutting. The course will emphasize proficiency of welding in the vertical and overhead positions with continued emphasis on safety, theory, and practical skill development.

**CSU**

### WELD 232
**Advanced Gas Tungsten Arc Welding**
- **Formerly:** Weld 139C, Inert Gas Welding Level III
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in WELD 240

This is an advanced welding course using the Gas Tungsten Arc Welding (GTAW) process. This course is intended to challenge the students with welding out of position on various alloys. The students will weld in the horizontal (2F/G), vertical (3F/G), and overhead (4F/G) welding positions on plate and pipe. This class is designed to prepare students for the certification tests in structural, pipe, and aerospace industries.

**CSU**

### WELD 240
**Structural Welding SMAW/FCAW**
- **Formerly:** WELD 140A, Welding Certification Training Level I
- **Unit(s):** 3.0
- **Class Hours:** 18.0 Lecture, 108.0 Lab total.
- **Recommended Preparation:** Completion with a grade of "C" or better or a Passing grade in WELD 225

This is an advanced course designed to provide students with specialized instruction in preparation for the Los Angeles Department of Building and Safety (LADBS) welder performance examination and/or the welder performance examination in accordance with the American Welding Society (AWS) D1.1 Structural Steel Code. Simulated examination plates will be issued to students, who will have to complete them in vertical (3G) and overhead (4G) positions, in order to evaluate their progress. Upon completion of the class, students should be prepared to schedule, take, and pass the welder performance examination for structural steel welding (AWS: D1.1).

**CSU**
WELD 244
Welding Certification D1.1 Code Clinic
Formerly: Weld 141A, Welding Certification Exam Preparation Level I
Unit(s): 2.0 Class Hours: 36.0 Lecture total.
This course is designed for welding students looking to achieve their certification in the written portion of the American Welding Society (AWS) D1.1 Structural Steel code book. Emphasis will be focused on understanding and navigating the D1.1 Structural Steel code book. Students will cover prequalified/qualified design, prequalified base/filler material, procedure/welder qualifications, fabrication essentials, and testing as specified by AWS D1.1 Structural Code specifications leading to Los Angeles City or AWS welding certifications.
CSU

WELD 282
Advanced Pipe Welding
Formerly: Weld 154C, Advanced Pipe Welding
Unit(s): 3.0 Class Hours: 18.0 Lecture, 108.0 Lab total.
Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in WELD 182
This advanced course prepares students to pass their inclined (6G) certification test. Students will use AWS and American Petroleum Institute (API) standard 1104 procedures. Emphasis will be on open root groove welds on pipe using the Shielded Metal Arc Welding (SMAW). Students will use E6010 and E7018 electrodes along with Gas Tungsten Arc Welding (GTAW).
CSU

WOMEN’S STUDIES

WMNS 101
Introduction to Women’s Studies
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
A multicultural survey of social trends, issues, opportunities, and topics of special interest to women. Discussion includes sex, sex role stereotyping, family problems, work, law, gender equity, physical and mental health, feminism, rape, and women in arts, sciences, history, and business.
CSU/UC

WMNS 102
Women in America: Work, Family, Self
Unit(s): 3.0 Class Hours: 54.0 Lecture total.
An examination of women’s roles in America. Emphasis on employment, family structures, and personal development. Topics include: historical patterns, socialization, opportunities, sexism, identity, growth, law, unionization, sexual harassment, media influence, family pressures, child care, guilt, stress.
CSU/UC
INSTRUCTIONAL CALENDAR 2021-2022

FALL SEMESTER 2021
August 16 – 20  Faculty Projects
August 23  INSTRUCTION BEGINS
September 6  Labor Day – Holiday
November 11  Veterans Day – Holiday
November 22 – 27  Thanksgiving – Holiday
December 18  INSTRUCTION ENDS

December 19 – January 9  Holiday Break

August 5  INSTRUCTION ENDS

Santa Ana College School of Continuing Education
Mission Statement

The Santa Ana College School of Continuing Education is a responsive community leader dedicated to adult student success through innovative educational programs and services. The School of Continuing Education prepares students to transition to college, improve language and workforce skills, increase civic involvement, and promote lifelong learning.

The Centennial Education Center (CEC) office is located at the corner of Fairview and Edinger, Santa Ana, near convenient bus stops. Office Hours: Monday through Thursday, 8:00 am–8:45 pm, Friday, 8:00 am–12:45 pm, Saturday, 8:00 am–11:45 am.

The Centennial Child Development Center provides services to Santa Ana College School of Continuing Education students’ children between the ages of 2 and 5 based on space availability. Fees are based on a sliding scale and children need to be enrolled on a regular basis.

Centennial Education Center offers a wide range of classes. Because classes are offered on an open entry/open exit basis, students may register at any time throughout the year.

Student Outreach provides admissions information, ensures access to and knowledge of campus resources, and actively promotes student services offered.

English as a Second Language (ESL) classes at CEC provide a vital service to students who have come to the United States from all over the world. Classes cover a wide range of instruction in beginning to advanced English, pronunciation, citizenship, conversation, writing, English for work, and college preparation. Students develop survival skills, learn about customs, and American culture, as well as, acquire language skills necessary for school, employment and success in their daily lives.

The English Language Lab provides opportunities for adult learners to use language learning computer software to practice English. Civics instruction is provided to enhance awareness of learners’ community. One-on-one, small-group, and technology-based instruction are offered based on individual needs. Instructors help learners create individual learning plans and set educational goals.

Instructors in the Pronunciation Center help students build their fluency in pronunciation through a variety methods to include role play, pair and group work, and presentations. Students will learn about sound patterns and sound inventory, stress, intonation, and others. Materials are provided in class.

The Adult Basic Education Program (ABE) is designed to assist students in strengthening their skills in reading, writing, mathematics, English usage and grammar. Fifteen (15) elective credits may be earned by students who pass the three exit exams. Once the ABE classes have been successfully completed and a certificate awarded, the student is eligible to enter the Adult High School Subjects Diploma program (ASE) GED preparation or college credit courses. The ABE program is also appropriate for students who want to become more employable.

The Adult High School Diploma Program is designed to accommodate adults with varied responsibilities, backgrounds, and needs who want to earn a high school diploma. Individualized instruction is provided so that students may take classes that fit their personal schedules, thus enabling them to work and complete credits at their own pace. Courses offered include: English fundamentals, reading and vocabulary skills, mathematics, science, United States history, and American government. Classes in GED preparation, including practice testing, are also offered in English and Spanish at CEC and REC. Weekend classes are offered at CEC for students who can only attend one day a week. Upon completing their GED studies, students register online at www.ged.com to take their exam(s). The nearest testing site is:

Corporate Training Institute
Rancho Santiago Community College District
2323 N. Broadway, Suite 315
Santa Ana, CA 92706

School of Continuing Education DSPS seeks to meet the needs of adults with disabilities. Accommodations and support services are provided, after students complete a DSPS application, present verification of a disability and complete an intake appointment. The Vocational Training Programs are designed to prepare students with the necessary skills needed to succeed in today’s competitive workforce. Training focuses on various skills leading to the attainment of certificates in general office, executive assistant, computer repairs, childcare licensing, nursing aides, orderlies, attendants, and customer service. Students engage in teacher- facilitated instruction as well as independent laboratory instruction where they can learn at their own pace.
GOALS
Recognizing that learning is a lifelong process, the School of Continuing Education offers a variety of courses and programs to meet basic educational goals of adult learners. Programs and services offered by the School of Continuing Education are designed to help adults meet and carry out their immediate social, civic, and economic responsibilities. Continuing Education promotes lifelong learning as a vehicle to earn a high school diploma or GED, improve English skills, prepare for higher education, prepare for citizenship, learn new job skills, and become productive, active participants in American society.

COUNSELING
1. Provides counseling and guidance services to students.
2. Provides educational assessment services.
3. Provides orientation to a variety of programs and services.
4. Offers career vocational guidance.
5. Offers referrals to community agencies.
6. Provides personal counseling.

PROGRAM OBJECTIVES

Adult Basic Education
Teaches the basic academic and life skills necessary for success in today's world.
1. Provides students with a strong educational foundation that can be used as a basis for employment preparation, entrance into high school subjects, GED preparation, and college and vocational programs.

Adult High School Diploma Program
Enables students to obtain a high school diploma.
1. Provides coursework that enables students to meet proficiency requirements.
2. Encourages high school students to pursue higher education goals.

GED Test Preparation
Assists students in preparing for the GED examination.

Child Care Licensing Program
1. Provides child care licensing programs so students can obtain employment or open their own child care home business.

Citizenship Preparation
1. Prepares students for the United States citizenship interview and examination process.
2. Teaches students about the rights and benefits of becoming U.S. citizens.

Developmentally Disabled Adults
1. Provides opportunities for the realization of individual potentials in the areas of education, work, and social interaction.

English as a Second Language
1. Develops competency in the English language for non-native speakers at school, work, home, and in the community.
2. Improves fluency levels for success in vocational, high school, and college credit programs.
3. Develops an understanding of American culture, values, and civic responsibility.
4. Provides students with a strong academic foundation and improves language skills that can be used as a basis for lifelong learning and continuation into adult basic education, high school subjects, GED preparation, college credit and/or vocational programs. Ultimately, these skills should assist students in obtaining better employment opportunities.

Older Adult Program
1. Provides activities that enhance music appreciation, vocal, and instrumental skills through creative expression.
2. Offers information on basic nutrition, consumer awareness, and current cooking techniques.
3. Presents various topics for discussion and activities based on the student's individual interests, backgrounds, and mental abilities.
4. Provides a variety of art media and techniques that improve motor skills.
5. Teaches movement exercises designed to improve flexibility, strength, endurance, cardiovascular, and respiratory functions. Emphasis is on motor skills, coordination, balance training, joint protection, and relaxation techniques.

Parent Education
Provides a variety of learning opportunities and instruction for prospective parents regarding the intellectual, physical, and emotional components of the birth process.
1. Provides theory, methods, and practical applications for rearing children.
2. Encourages parents to acquire additional child guidance and decision-making skills that are congruent with their values, children's developmental and educational needs, and society's demands.

Career Education
1. Provides short-term vocational training for entry-level positions.
2. Provides courses that are updated through input from business industry advisory councils and the mandates of occupational licensing agencies.
3. Provides vocational assessment, technology, training, and employability skills to prepare job seekers for the workforce.
INSTRUCTIONAL PROGRAMS

Traditional, individualized and self-paced classroom instruction is offered in academic, vocational, and basic skills areas. Many classrooms at the larger sites utilize state of the art technology in instruction. Open Entry/Open Exit format allows flexibility in planning. Day and evening classes are offered throughout the community, and some classes are offered only on Fridays and Saturdays.

**Adult Basic Education**

Provides adult learners the opportunity to build a strong foundation in reading, writing, language, English usage, grammar, mathematics, and communication skills, and to develop practical skills in the areas of technology training and employment preparation.

**Adult Secondary Education**

**Adult High School Diploma Program**

- Provides all courses necessary to obtain a high school diploma through both traditional and individualized instruction methods.

**GED Preparation**

- Prepares adults to pass the GED high school equivalency exam.

**Career Education**

Provides a blend of technical, academic, and conceptual training to prepare students for direct entry into the workforce and advancement toward a higher level training. Students learn workforce preparation and technical skills in an independent laboratory, lecture classroom, or a combination of both these settings.

**English as a Second Language**

Instruction in English from beginning to advanced levels is offered at various locations throughout the district for non-English and limited English speaking adults. ESL Support classes in pronunciation, conversation, English for work, ESL Civics/Citizenship, and writing are also offered.

- **ESL CIVICS/CITIZENSHIP**
  
  Provides basic knowledge of local, state, and federal government in preparation for the United States citizenship examination including language development within the context of history and government.

- **ENGLISH LANGUAGE LAB**
  
  Provides opportunities for adult learners to use language-learning computer software to practice English. Civics instruction is provided to enhance awareness of learners’ community. One-on-one, small-group, and technology-based instruction are offered based on individual needs. Instructors help learners create individual learning plans and set educational goals.

**Health and Safety Education**

Consists of courses specifically designed to offer lifelong education to promote the health, safety and well-being of individuals, families and communities.

**Older Adult Program**

Consists of courses specifically designed to offer lifelong education that provides opportunities for personal growth and development, community involvement, skills for mental and physical well-being, and economic self-sufficiency.

**Parent Education Program**

Prepares students for their important role as a key factor in child health, development and success, from the prenatal stage through college preparation. Parent education courses emphasize intellectual, physical, and emotional aspects of parenting.

**Students with Substantial Disabilities**

Provides courses to assist developmentally disabled adults with basic academic skills and independent living skills.

**STUDENT SERVICES**

**Counseling, Career Planning and Guidance**

Provides career, academic, personal and vocational counseling to students in the School of Continuing Education. Counselors provide students with

- educational planning
- interpretation of assessments
- orientation to programs and services.

**Career and Employment Center**

In collaboration with the Santa Ana Work Center, provides resources which include career planning and assessment plus job search and resume writing workshops.

**Child Development**

Provides child development programs so students can pursue their education.

**Disabled Student Programs and Services**

Provides services and accommodations for students with disabilities who apply for service.

**Project Rise**

Provides guidance and support to help students formerly incarcerated or justice impacted with their transition back into the community. Special focus and attention is directed to job training, education, community resources and support networks.

**Student Development Program**

Provides activities for students which include student government experience, leadership training, conferences, and various student opportunities to improve their leadership skills.

**Summer Sessions**

Both day and evening classes are offered in the summer at various locations.

**Assessment**

To meet the requirements of the Workforce Opportunity and Innovation Act (WIOA) grant, the Comprehensive Adult Student Assessment System (CASAS) standardized test is administered to all students in the following programs: Adult Basic Education; English as a Second Language (including Citizenship classes); and High School Diploma. CASAS is administered to measure student learning gains using a pre- and posttest method.

**Veterans Service**

Counseling and guidance for veterans is provided at SAC campus.

**Veterans Resource Center**

714-564-6050

Monday, Tuesday, Wednesday  8 a.m. – 6 p.m.

Thursday                8 a.m. – 7 p.m.

Friday                  9 a.m. – 12 p.m.

06.26.2021
ADMISSIONS AND FEES

Who May Attend

Students who have graduated from high school or are over 18 years of age are eligible to enroll in continuing education classes. Students under 18 years of age who have not graduated from high school may be admitted by special approval of their high school district of attendance and approval of a continuing education administrator.

Where to Register

For the convenience of the student, registration for continuing education classes may be completed at the following locations:

**Santa Ana Area**
Santa Ana College School of Continuing Education
Centennial Education Center
2900 West Edinger Avenue, Room A-101, Santa Ana, CA 92704
714-241-5700

**Santa Ana College**
1530 West 17th Street, Room B-8, Santa Ana, CA 92706
714-564-6173

**Remington Education Center**
1325 E. 4th Street, Santa Ana, CA 92701
714-241-5850

Online application

Students can apply online at: sac.edu/sce/student-services/registration/Pages/Apply-Now.aspx

Parking Fee

Students enrolling in classes that meet at Santa Ana College's main campus are expected to pay a parking fee for campus parking or park in one of the designated coin operated lots located on the south side of the campus. While the parking fee is payable at the Student Business Office on the college campuses, it is much quicker for student to purchase their parking permits through the new online parking permit system. When permits are purchased online, a temporary permit will be emailed to you for immediate use. There are links to this site at enrollment and on the college websites. The parking regulations for campus can be found on the Safety and Security web site at this link: sac.edu/StudentServices/Security/Pages/Parking-Information.aspx. There is important information regarding safely parking on campus on these pages, please take time to take a look.

No parking fee is required at Centennial Education Center or at other continuing education sites in the district.

Textbooks and Supplies

Textbooks for continuing education classes are available at:
Don Bookstore at Santa Ana College
1530 W. 17th Street
Santa Ana, CA 92706
714-564-6435
donbookstore.com

Schedule of Classes

A schedule of classes prepared each semester includes general information, courses offered, hours, rooms, and instructor names. Schedules are available before registration each semester in each of the major continuing education sites and Rancho Santiago Community College District campuses. Registration is ongoing for those classes which have been designated open entry/open exit.

Open Enrollment

Unless specifically exempted by statute, every course wherever offered and maintained by the district is fully open to enrollment and participation by any person who has qualified as a continuing education student and meets the approved prerequisites for that course.

Student Identification Card

Each student may obtain a picture student identification card upon request. This card must be presented when using the Santa Ana College library and entitles the student to a reduced admission fee to college functions. Student identification cards may be obtained at:
Santa Ana College,
1530 W. 17th Street, Santa Ana, CA 92706,
714-564-6965

Centennial Education Center,
2900 W. Edinger, Santa Ana, CA 92704

Remington Education Center,
1325 E. 4th Street, Santa Ana, CA 92701

Class Discontinuance Policy

Any class which does not have a total of at least 20 students enrolled by the beginning of instruction may be discontinued. Any class which does not maintain satisfactory attendance may be discontinued.
ADULT HIGH SCHOOL DIPLOMA PROGRAM

General Information

Learning should be a lifelong process if an individual is to have a full and rewarding life. Often, not having a high school diploma becomes a stumbling block for adults who would like to continue their education. Completing the high school diploma allows the individual to achieve greater goals. Educators in the School of Continuing Education know how difficult it is to return to education when the demands of employment, family and daily living take so much energy and time. With the busy adult in mind, the adult high school diploma program is designed to be flexible enough to fit the schedule of each individual. Rancho Santiago Community College District offers a comprehensive high school diploma program for adults who wish to continue their formal education.

Santa Ana College has maintained a High School Program since 1973. In 2009, the California Code of Regulations adopted minimum coursework and standards required by community colleges to award high school diplomas. Santa Ana College requested and received approval of its application for the new Adult High School Diploma Program in the summer of 2009 from the California Community College's Chancellor’s Office.

Diplomas are issued by the Rancho Santiago Community College District to students who complete the required course of study and demonstrate proficiency in basic skills. Graduation ceremonies are traditionally held each May or June for several hundred adults of all ages. Students may complete the diploma program at any time during the year and receive verification of completion of requirements at that time. Courses designed to meet high school graduation requirements are offered in both the traditional classroom setting or in open entry/open exit individualized learning programs. Elective credits can be earned in continuing education classes offered in a wide variety of locations throughout the community as listed in the schedule of classes published each semester.

Counseling and Guidance

Counselors meet with students and design programs of study on an individual basis so that students desiring a high school diploma can achieve their individual educational goals. For students transferring from other high school or adult programs, counselors send for and evaluate previous transcripts to determine which courses meet the general education requirements and/or elective requirements. Counselors advise students of lifelong learning opportunities and assist students with postsecondary vocational and educational planning for degree or certificate programs at Santa Ana College School of Continuing Education.

These services are offered by a staff of professional counselors who are well informed as to the community resources available for students needing academic, vocational, personal, or financial assistance.

Registration

The Adult High School Diploma Program is available at Centennial Education Center and Santa Ana College. Students may obtain a schedule of classes and enroll at any time during the fall, spring, and summer semesters.

High School Graduation Requirements

To qualify for a high school diploma, the candidate must meet the following requirements:

Please see page 370 for High School Diploma Program Catalog Rights.

Course of Study

The high school diploma requires a total of 160 credits taken from the following:

<table>
<thead>
<tr>
<th>SUBJECT AREA</th>
<th>CREDITS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>English Communication</strong></td>
<td></td>
</tr>
<tr>
<td>(a maximum of 10 credits of reading; must include at least one composition course)</td>
<td>40.0</td>
</tr>
<tr>
<td><strong>Mathematics</strong></td>
<td></td>
</tr>
<tr>
<td>20.0</td>
<td></td>
</tr>
<tr>
<td><strong>Natural Sciences</strong></td>
<td></td>
</tr>
<tr>
<td>(must include both a biological and a physical science course)</td>
<td>20.0</td>
</tr>
<tr>
<td><strong>Social and Behavioral Sciences</strong></td>
<td></td>
</tr>
<tr>
<td>(must include U.S. History, World Geography, World History, American Government, Economics and a Social Science elective)</td>
<td>30.0</td>
</tr>
<tr>
<td><strong>Humanities</strong></td>
<td></td>
</tr>
<tr>
<td>10.0</td>
<td></td>
</tr>
<tr>
<td><strong>Electives</strong></td>
<td></td>
</tr>
<tr>
<td>40.0</td>
<td></td>
</tr>
</tbody>
</table>

**Total: 160.0**

There may be additional requirements due to Title 5 changes for the 2021-2022 school year.

Petitions

A petition for graduation must be completed and submitted prior to the date students expect to complete diploma requirements.

Proficiency Requirements

Proficiency must be demonstrated in basic skills areas of reading, mathematics, and composition, according to the categories listed below:

1. **READING.** All Rancho Santiago Community College District adult high school graduates will be required to demonstrate an eighth grade reading ability as measured by an approved district test or by passing the Reading Proficiency Development course final.

2. **MATHEMATICS.** Students will be required to pass an approved district mathematics examination, or the Algebra 1A course finals.

3. **ENGLISH COMPOSITION.** Students will be required to pass an approved district composition test or the Composition II course final.

Residency Requirement

To qualify for a high school diploma, a student must complete at least 20 coursework credits within the Rancho Santiago Community College District.

There are multiple sources of credit leading to the high school diploma. Sources are as follows:

1. Previous secondary schools
2. Trade or business schools
3. Armed Forces schools and/or programs
4. College credit courses
5. Correspondence courses
6. Adult school credit courses
7. Work experience credit
8. Consumer Skills Task Credit
9. Testing
10. Regional Occupational Program courses
11. Other approved sources of credit
Policies Governing Sources of Credit

A. Previous Secondary Schools
All credits earned in the 9th, 10th, 11th, and 12th grades recorded on an official transcript will be accepted except physical education credits and credits which are a duplication of course work for which credit was previously granted.

B. Trade or Business Schools
Courses taken in trade or business schools will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.

C. Armed Forces Schools and/or Programs
Credit may be granted for completion of training programs (armed services) and other valid educational experiences provided they have been certified by the United States Armed Forces Institute or by a statement on the service record, and provided they parallel 1) courses usually taught in secondary schools, and 2) vocational training courses with counterparts in civilian life.

The recommendations for credit for such programs and experiences are contained in three volumes published by the American Council on Education: The 1978 edition of the GUIDE TO THE EVALUATION OF EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES, Vol. I-Air Force; Vol. II-Army; Vol. III-Coast Guard, Marine, and Navy.

This section is to be interpreted as including:
Officer and enlisted service school courses;
1. Off-duty classes offered by the armed forces and cooperating local institutions;
2. Correspondence courses offered by the United States Armed Forces Institute, the Marine Corps Institute, the Coast Guard Institute, and cooperating colleges and universities;
3. United States Armed Forces Institute courses and subject examinations. (Authorization for this procedure is contained in Title V, Section 99, part C, of the California Administrative Code.)

D. College Credit Courses
College units to be used for high school credits may be evaluated in a ratio of 3 college units to 10 high school semester periods of credit. The college should be notified in writing when college credits are utilized to meet high school requirements.

College credit equivalency recommended by the American Council on Education guides will be evaluated for high school credit on the same basis as other college credit courses.

E. Correspondence Courses
Courses taken by correspondence will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.

It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

F. Adult School Credit Courses
Courses taken at adult schools will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the California State Department of Education.

No credit will be allowed for physical education courses nor for courses from other adult schools if such courses are designated in the Rancho Santiago Community College District as "no high school credit."

It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

G. Work Experience Credit
Students may obtain credit for certain types of full-time work experience or for work experience that can be related to high school subject matter.

In order to obtain credit for work experience, students must provide written verification from those employers with whom they have worked for at least one year.

The Continuing Education administrators or counselors will evaluate the amount of work experience credit and the area of application. Evaluation will not be made for more credits than is necessary to meet graduation requirements and which the letters of verification justify. Combined work experience credit and consumer skills task credit may not exceed 40 credits.

Verification of work experience should be obtained by the student requesting from each employer, on official letterhead stationery, the following information:
1. Dates of employment.
2. Job description.
3. Nature of duties performed, indicating progress to more complex operations justifying a division into beginning and advanced skills.
5. Reason for termination of employment, if applicable.
6. The letter of self-employed students must be accompanied by a copy of the student's business license or W-2 form.
7. Upon receipt of verification of all work experience which the student wishes to be considered for credit, evaluation will be made on the following basis:
   a. Up to 10 credits will be given for the first year of successful work experience.
   b. Up to 10 additional credits to a maximum of 40 will be granted for each additional full year of employment if the student has made successful progress each year on the job.
   c. After the initial 10 credits for the first year, student may earn 5 credits for a period of six months employment, provided there is evidence of successful progress.

H. Consumer Skills Tasks Credits
Students may obtain elective credits for completion of various consumer skills tasks. Students should see their counselor concerning requirements for completion of the consumer skills tasks. Combined consumer skills tasks credit and work experience credit may not exceed 40 credits.
I. Assessment
The district may award a maximum of 80 high school credits on the basis of district approved testing.

Mathematics Achievement Test (ITED)
Credit may be earned in mathematics by obtaining a satisfactory score on the math section of the Iowa Tests of Education Development Form X5. No other subtests are accepted for credit purposes. Ten semester credits will be awarded for a raw score of 14, provided these credits are not a duplication of previously earned math credits. (These 10 credits may be used to satisfy Math Fundamentals I and II requirements.) Fifteen semester credits will be awarded for a raw score of 20, provided these credits are not a duplication of previously earned math credits. (These 15 credits may be used to satisfy Math Fundamentals I and II requirements, and 5 elective credits.)

1. Subject Matter Credit by Examination
Credit by examination may be earned only for courses that are currently listed in the Rancho Santiago Community College District catalog and/or specifically designated by the division curriculum committee as courses that are eligible for credit by examination. Information for receiving this credit may be obtained from a counselor in Continuing Education.

J. Regional Occupational Program Courses
Credit will be determined upon receipt of an official secondary or community college transcript which indicates credit and grades as appropriate.

Guidelines for issuance of ROP credit when not on a unified school district transcript:
RSCCD will accept an official Grade Reporting Sheet from Central County Regional Occupational Program in lieu of a unified school district transcript provided it has a grade and a number of total hours.

1. The amount of credit issued is to be based on 16 clock hours per credit unit.
2. The maximum of 20 units toward electives will be accepted in this manner.
3. Students coming from outside the CCROP will have to validate their credits only through an official school district transcript.

K. High School Diploma Elective Credits Career Education
High School elective credit for selected Career Education/basic computer courses offered through the Career Education Department can be awarded.

1. English as a Second Language (ESL)
   Five elective High School Subjects credits may be granted upon passing these courses: Intermediate High, Advanced Low, Advanced High, Academic Intermediate High, Academic Advanced Low, Academic Advanced High.

2. Adult Basic Education (ABE)
   Up to 15 HSS elective credits are granted when student successfully completes ABE Reading, ABE Math, and ABE Writing.

L. Articulation Agreements
An agreement between Santa Ana College (credit) and Santa Ana College School of Continuing Education (noncredit) whereby the credit side will accept the work of a noncredit student provided that the student fulfills the guidelines in the articulation agreement for the course.

1. Career Education Department
   a. VBUS 124 Keyboarding I
   b. VBUS 125 Keyboarding II

Petition for High School Diploma/Program Certificate - Catalog Rights
A petition for graduation must be completed and submitted soon after the date a student completes the diploma requirements. Students who maintain continuous enrollment have the option to meet the certificate requirements as listed in the catalog in effect at the time of first enrollment or any subsequent year. Continuous enrollment is defined by earning a grade in continuing education for at least one course during any semester or session (fall/spring or summer), within that academic year. For the purposes of the catalog, an academic year begins with the fall semester and concludes with the summer session. If a student does not earn a grade on their transcript during any of the semesters, or sessions, during an academic year, then the student is no longer protected by previous diploma/certificate requirements and will be held to the additional requirements. The student must then reset their catalog rights clock to use the catalog at the time of readmission or subsequent enrollment. In the event a loss of catalog rights due to extenuating circumstances, a student wishes to waive or substitute a requirement for certificate requirements, the student could complete the appropriate form and submit to the Exceptions for Academic Regulations (EAR) Committee for final determination. NOTE: Commencement exercises are held once a year at the end of the spring semester for those students who complete the requirements for graduation during the year or the summer session. Students transferring credits to complete the high school diploma must have Official Transcripts from all high schools and/or colleges attended on file in the Admissions and Records office prior to graduation.
STUDENT SERVICES AND SPECIAL NEEDS

Assessment
To meet the requirements of the Workforce Opportunity and Innovation Act (WIOA) grant, the Comprehensive Adult Student Assessment System (CASAS) standardized test is administered to all students in the following programs: Adult Basic Education; English as a Second Language (including Citizenship classes); and High School Diploma. CASAS is administered to measure student learning gains using a pre- and posttest method.

Counseling and Guidance
Each School of Continuing Education student is provided with the unique opportunity to benefit from an individualized counseling and guidance program designed to help students improve the quality of their lives.

Students seek counseling for many reasons, including planning of educational programs, obtaining of information about employment and job skills, resolving personal and family problems, examining aptitudes, interests, and achievement, finding new careers and vocational directions, and learning to cope with cultural differences and life in a new country. Students enrolling in courses leading toward a high school diploma must see a counselor upon registering each term. Counselors are available on a walk-in basis at selected facilities. For more information about counselors’ schedules or to arrange an appointment, please call 714-241-5739 (Centennial Education Center), 714-564-6176 (Santa Ana College Adult Education Center) and 714-241-5820 (Remington Education Center).

The Student Transition Program (STP) was developed to help facilitate the process and bridge the transition from noncredit to credit classes at Santa Ana College. The program offers:

- classroom presentations
- application workshops
- financial aid workshops
- early registration to SAC

Child Development
Child development program centers are available at the Centennial Education Center, Santa Ana College, CDC East Campus. Arrangements may be made by calling 714-241-5739.

Developmentally Disabled Adult Program
Rancho Santiago Community College District is committed to providing all adult members of the community an opportunity to realize individual potentials. The college also identifies and responds to members with special needs. Continuing Education is sensitive and responsive to the needs of a vital segment of our community—the developmentally disabled adult.

Instructors are assigned to special day centers and resource specialist centers and, in cooperation with staff, design individual education programs at selected locations.

Programs offered include Communication with the Deaf, basic education, independent living skills and employment preparation for the developmentally disabled adult.

Scholarships
Several scholarships are made available to Continuing Education high school graduates. Selection of scholarship recipients will be based upon recommendation of teachers and counselors, financial need, academic excellence, attendance, and minimum enrollment standards.

Santa Ana College Foundation Continuing Education Leadership And Achievement Scholarship

The Santa Ana College Foundation sponsors a scholarship program which recognizes both academic achievement and leadership among students earning the high school diploma from the Santa Ana College School of Continuing Education.

The scholarship awards will be based on academic excellence and demonstrated leadership capabilities. The selection committee will consider the applicants’ overall qualifications.

Students must enroll for a MINIMUM of six credits.

Minimum Eligibility Requirements:
1. Students who will graduate in the spring semester from Santa Ana College School of Continuing Education High School Program must complete three proficiencies and need no more than 20 credits to meet the graduation credit requirements at the time of scholarship filing date.
2. Complete a minimum of 20 credits in classes within the Rancho Santiago Community College District.
3. A 3.5 GPA or better for all units completed at Rancho Santiago Community College District. (Other high school grades will be considered for qualification; however, the 3.5 minimum GPA will only be computed on grades received in Rancho Santiago Community College District.)

A. Attendance
A student may be dropped from the roster and required to re-enroll upon returning if the following absences occur:
1. Day Classes: two weeks, or five days in succession.
2. Evening Classes: four class meetings.
3. High School Subjects/Programmed Instruction: two weeks.

Note: Some courses may have different requirements of attendance.
Please refer to program guidelines.

C. Procedures for Student Complaints Regarding Grades

1. Education Code 76224 states: “When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor for the course; and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.”

2. Procedure
   a. Student shall meet with instructor to discuss grade.
   b. If the issue is not resolved, and the student believes that the grade is based on mistake, fraud, bad faith or incompetence (EC 76224), an appeal in writing may be made to the Dean-Continuing Education.
Forms of written appeal may be found in the office of the Area Dean of Instruction and Student Services.

- The student may be requested to set up an appointment with the Dean-Continuing Education to discuss the written complaint.
- The Dean-Continuing Education will review the allegations and may consult with the instructor.
- The Dean-Continuing Education will review the issue and will notify the student and instructor in writing of the decision.
- The decision of the Dean-Continuing Education is final.

**D. Complaint Procedures for Students**

Students may file a complaint when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District.

The purpose of these complaint procedures is to resolve differences as fairly and expeditiously as possible while preserving the rights of students and staff members.

1. **Definitions**
   - Days: number of days refers to the days when the District offices are open.
   - Committee: Continuing Education Student Complaint Committee.

2. **Procedure**
   - a. Students shall first confer with the staff member who took action or made the ruling to which they object no later than ten days following the event which prompted the complaint.
   - b. The Area Dean of Instruction and Student Services or designee will assist the student in arranging an appointment with the staff member.
   - c. If the difference is not satisfactorily resolved, the student shall confer with the staff member's supervisor.
   - d. The Area Dean of Instruction and Student Services or designee will assist the student and staff member's supervisor.
   - e. If the complaint is unresolved, the student may file a written statement setting forth the nature of the complaint on the prescribed form with the Area Dean of Instruction and Student Services no later than ten days after conferring with the staff member's supervisor.
   - f. The complaint form shall be completed in full and shall include a full description of the complaint, times, dates and pertinent facts, and the remedy sought by the student.
   - g. A Student Complaint-Staff Response form will be sent to both the staff member and supervisor for completion.
   - h. The Area Dean of Instruction and Student Services shall forward the completed forms to the Continuing Education Student Complaint Committee chairperson for review and recommendation.
   - i. The committee shall have the power to make an appropriate investigation of the complaint and shall state the findings and make a recommendation.
   - j. If the complaint is sustained by the committee, it will recommend appropriate action for relief of the complaint and communicate this in writing to the staff member to whom the complaint was directed. If the staff member accepts the recommended action, and if the student who filed the complaint is satisfied with the action, the complaint shall be considered resolved and closed.
   - k. If the findings of the committee do not sustain the complaint, the committee shall communicate this finding in writing to the student who filed the complaint. If the student accepts this finding, the complaint shall be considered resolved and closed.

**E. High School Diploma Students**

1. **Grade Reports:** In-class progress is reported to the student in a number of ways. Tests are often given to show individual student progress. In high school credit classes, a progress form is issued to each student as credit is completed, and copies are given to the counselors and the appropriate Continuing Education office for recording.

2. **Cumulative Records:** The district will maintain cumulative records on each current high school diploma student. These records may contain pertinent information necessary to aid students in educational planning. Placement tests follow-up, interest inventories, and other data contained in the cumulative record will be available for review by the student upon request.

   - a. **Student Record Confidentiality:** Under the guidelines of the Family Educational Rights and Privacy Act of 1974, student records are confidential, and privacy is to be scrupulously maintained.
   - b. **Right to Review and Challenge Records:** Under the provisions of the U.S. Department of Health, Education and Welfare, students have the right to inspect and review any of the following files:
     - admissions/records
     - data processing
     - financial aid
     - placement
     - veterans

After review and exploration, students may challenge any information relating to them if they believe information to be inaccurate, misleading, or otherwise in violation of their rights of privacy or other rights. Forms for challenge are available in the Area Dean of Instruction and Student Services office.

3. **Residency**
   - **Definition:** Course work taken in any part of the Rancho Santiago Community College District Continuing Education Program.

   - **Requirements:** Any student must fulfill a twenty semester unit period of residency within the above-stated definition in order to qualify for potential granting of the adult high school diploma from the Rancho Santiago Community College District.

4. **Charge For Transcripts:** The first two transcripts will be issued without charge. A charge will be assessed for each additional transcript after the first two.
F. High School Petition Students
Secondary school students who wish to take course work in Rancho Santiago Community College District Continuing Education and have it transferred to another school MUST PRESENT A COMPLETED PETITION FOR REGISTRATION IN ORDER TO BE CONSIDERED FOR ADMISSION. FAILURE TO COMPLY FULLY WITH ALL CONDITIONS LISTED ON THE FORM MAY RESULT IN THE IMMEDIATE REVOCATION OF THE PETITION AND DISMISSAL FROM CONTINUING EDUCATION CLASSES.

1. Grading and Transfer of Credits: Students must satisfactorily complete all course requirements including exams, projects, papers and attendances before credit or grades can be issued. STUDENTS ARE RESPONSIBLE FOR PLANNING SCHEDULES AND PROGRESS SO AS TO EARN CREDITS IN TIME TO MEET GRADUATION DEADLINES IN OTHER SCHOOL DISTRICTS.

2. Books and Supplies: Students must provide textbooks and supplies required for the classes in which enrolled. Conduct: Student conduct must be productive, responsible and courteous at all times. Unacceptable behavior may result in the immediate revocation of this petition and dismissal from class. Unacceptable behavior includes, but is not limited to, excessive talking; noncompliance with rules; failure to follow instructor directions; falsification of records; cheating or assisting others to cheat; destruction or theft of school property; disruption of classes; violence; or being under the influence of drugs or alcohol.

G. High School Students Taking College Credit Classes for High School Diploma Credit
1. This program represents a cooperative venture between Rancho Santiago Community College District, neighboring high schools and the School of Continuing Education. Students who are over eighteen years of age and have not graduated from high school may take Rancho Santiago Community College District courses for high school credit. Students will be admitted to those programs that have space available upon recommendation of the Area Dean-Continuing Education or designee.

2. Students under the age of eighteen who are high school students may receive high school or college credit for courses, but must also attend a minimum day at the high school. Students will be admitted to those programs that have space available upon recommendation of the high school principal or designee.

3. Repeating a course already passed will result in a credit-only grade—not a letter grade.

4. If a student elects to receive high school credit for work taken at the college, the decision must be made prior to registration. College credit for that work may not be received at a later time.

5. Enrollment in, and completion of, course work in the Rancho Santiago Community College District credit division can also satisfy the residency requirement of the Continuing Education High School Diploma Program.

H. Special Rules, Regulations and Student Obligations
Because of special program characteristics, the noncredit programs must adhere to special rules, regulations, and student obligation beyond the STANDARD GUIDELINES FOR STUDENT CONDUCT adopted by the Rancho Santiago Community College District. Students enrolled in any of the following programs are obligated to perform within those special program guidelines in order to maintain class attendance: Apprenticeship; Service-Employment-Redevelopment (SER); and any other community-based organization or governmental agency with which the Rancho Santiago Community College District cooperates in a program offering.

I. Family Education Rights and Privacy
As required under the provisions of the Family Education Rights and Privacy Act of 1974, the Rancho Santiago Community College District will make public without student consent only certain directory information. This information consists of the following: a student’s name; city of residence; a major field; participation in officially recognized activities and sports; weight, height, and age if a member of an athletic team; dates of attendance; degree and awards received; and the most recent previous educational institution or agency attended by the student.

A student may request the Admissions and Records Office to withhold this information. Such request must be in writing and submitted each semester.

J. Right to Review and Challenge Records
Students have the right to inspect and review any of the following files which relate directly to them:
1) admissions/records; 2) data processing; 3) financial aid; 4) placement; 5) veterans; and 6) division/department, if such files are maintained as official files rather than individual files. Request forms are available in the office of the Area Dean of Instruction and Student Services.

After review and explanation, students may challenge any information relating to them if they believe the information to be inaccurate, misleading, or otherwise in violation of their rights of privacy or other rights. Any student wishing to exercise this right of challenge shall inform the Area Dean of Instruction and Student Services, or the Dean-Admissions and Records.

If students wish, copies of materials contained in the files subject to their review will be provided at a cost of $1 for the first copy of any document and $.10 for each additional copy.

A log or record of persons or organizations requesting information or receiving information on the student will be maintained in the area where the records are stored.

District staff or other professionals who have a legitimate educational interest such as counseling and carrying out the normal operations of the educational program have access to student records.

K. Use of Public School Facilities for Adult Classes
1. Alcoholic Beverages and Controlled Substances: Both by policies instituted by local Boards of Education (Garden Grove Unified School District, Orange Unified School District, Rancho Santiago Community College District and Santa Ana Unified School District) and California State Law specifically prohibit possession of alcoholic beverages and controlled substances on school premises at any time, by any person, regardless of age. Regulations also prohibit use of alcoholic beverages at school events, whether on or off the campus, or the appearance at school events while under the influence of alcoholic beverages and/or controlled substances. The penalty for violation of these regulations is immediate suspension from school, followed by expulsion, if imposed by the Board of Trustees. Additional penalties may be imposed by law enforcement agencies.

2. Smoking: Provisions of the Uniform Fire Code, Article 29, Section 29.06, Smoking Activity on School Property, state: “It shall be unlawful for any person or persons to engage in any smoking activity or to possess any flaming or glowing object or cause to be lighted any substance in any classroom or on school property at any time except in areas authorized by the local Board of Education.”

The only areas authorized for smoking are outside the school buildings. There is to be NO SMOKING by anyone in any of the classrooms at any time. Proper containers are provided in the smoking areas for disposal of cigarettes.

3. Food and Beverages: Food and beverages are not to be brought into the classrooms at any time. Proper containers are provided for disposal of trash in designated areas.
NONCREDIT INSTRUCTIONAL PROGRAMS AND COURSES

Continuing Education courses are listed by subject on the following pages. Course numbers are listed at the beginning of each course title. Open Entry/Open Exit courses are noted in the course descriptions. Students may enroll at any time in these courses and begin class immediately. Students progress at their own rate and may exit from the class at any time upon satisfactory completion of the required work. In other courses, class hours refer to the number of hours that the class is scheduled to meet per week during a term. All credits listed are high school credits. In traditional courses, students earn credits by satisfactorily completing the course. In open entry/open exit courses, students earn credits by meeting individual competency-based objectives. Some noncredit programs offer a sequence of courses leading to a certificate. The class schedule should be consulted for current offerings.

DIPLOMA/CAREER DEVELOPMENT & COLLEGE PREPARATION CERTIFICATES

Adult Basic Education (ABE)
21st Century Leadership: Certificate of Competency 375
Adult Basic Education: Certificate of Competency 375

Career & Professional Success: Certificate of Competency
Program Code: CEC.CPS.COM
Program Control Number: 40541
This certificate is designed to equip students with the ability to manage or improve many workplace issues that will lead to productivity. Student have the opportunity to develop and practice the power, writing, and computer skills they need to be effective on a daily basis in the workplace.
When combined with industry knowledge and behaviors, the mastery of these skills results in higher levels of individual performance and growth. This certificate program is highly recommended for students who are currently in the workforce.

Learning Outcome(s):
1. Navigate workplace issues that lead to improved workplace productivity.

Students must pass TWO of the following courses: Credits: 0
ABE 036  Effective Writing for the Workplace  0
VBUS 123  Introduction to Computer Software & Online Applications  0
VBUS 402  Workforce Power Skills
Total: 0

Leadership Capstone: Certificate of Competency
Program Code: CEC.LEADC.COM
Program Control Number: 38177
This combination of courses is designed to provide students with the leadership techniques necessary to make effective changes in their workplace, home, school, and community.

Learning Outcome(s):
1. Communicate within small, medium, and large groups to express opinions, ideas, and suggestions
2. Develop leadership skills and strategies to use in personal, academic, and workplace settings

Choose 1: Credits: 5
ABE 044  Leadership Basics Part 1 0
HSS 090  Leadership Basics, Part 1 5

Choose 1: Credits: 5
ABE 018  Leadership Basics, Part 2 0
HSS 092  Leadership Basics, Part 2 5

Total: 10

Spanish Literacy Core Capstone: Certificate of Competency
Program Code: CEC.ABESL.COM
Program Control Number: 38623
This combination of courses is designed to prepare students in the areas of reading, writing, math, science, and social studies up to a middle school level to facilitate student transition to ESL, ABE, High School Diploma, High School Equivalency, and CTE courses. The classes are taught in Spanish.

Learning Outcome(s):
1. Write a formal essay using Spanish writing conventions
2. Apply knowledge of math skills, including tables and graphics to math problems

Core Requirements: Credits: 0
ABE 112  Beginning Spanish Literacy  0
ABE 113  Intermediate Spanish Literacy  0
ABE 114  Advanced Spanish Literacy  0
Total: 0

ADULT SECONDARY EDUCATION
Adult High School Diploma: High School Diploma
Program Code: CEC.HSS.DIPL
Program Control Number: 31594
The sequence of courses in the High School Subjects, Adult Basic Education, and Learning Support programs is designed to provide a strong foundation of basic skills ranging from elementary levels through secondary subjects, with the purpose of preparing students to earn a high school diploma, obtain employment, pursue vocational training and better job opportunities, and to be prepared to continue into college credit level programs.

Learning Outcome(s):
1. Demonstrate the ability to apply essential academic concepts when transferring to college, entering the workforce, or for personal success.

College Readiness: Certificate of Competency
Program Code: CEC.21CL.COM
Program Control Number: 40783
This certificate program is designed for students to learn new and/or improve their digital literacy skills. It covers internet safety, online conferencing, blogging, learning management systems, online portfolios, and more. Upon completing this program, students will have developed the technical knowledge, language and/or math skills, and confidence needed for social and academic growth with the digital literacy to make a successful transition to Career and Academic Pathways in college.

Learning Outcome(s):
1. Upon completing this program, students will have developed the technical knowledge, language and/or math skills, and confidence needed for social and academic growth with the digital literacy to make a successful transition to Career and Academic Pathways in college.

Students must pass one of the following courses: Credits: 5
- LRN 084 Composition 2
- LRN 164 Introductory Algebra
- LRN 750 Intensive Writing & Grammar

Students must pass ONE of the following courses: Credits: 0
- VBUS 502 Digital Literacy for Academic and Professional Success -Tier 3
- VBUS 503 Digital Literacy for Real World Application -Tier 4

Total: 5

Secondary Education (High School Equivalency Test Preparation): Certificate Of Competency
Program Code: CEC.GEDC.COM
Program Control Number: 24264
Courses in ABE which lead to the GED Test Preparation class or the High School Equivalency Test Preparation class (HiSET and GED) will prepare students for the reading, writing, and math skills necessary to successfully pass the High School Equivalency exam. The High School Equivalency exam is equivalent to a high school diploma and prepares students for college and/or to enter the workplace.

Learning Outcome(s):
1. The Secondary Education (High School Equivalency Test Preparation) Certificate of Competency in the program consists of courses to help students successfully prepare for the higher-level reading, writing, math, science, and social studies skills necessary to pass the High School Equivalency exams (GED and HiSET). This program is especially useful for students who are seeking to enter college or the work-force.

Choose 1 Core Course: Credits: 0
- HSGED 031 GED Test Preparation
- HSS 031 High School Equivalency Test Preparation

Choose 1: Credits: 0
- ABE 023 Adult Basic Education Reading
- ABE 024 Adult Basic Education Writing
- ABE 025 Adult Basic Education Math
- ABE 112 Beginning Spanish Literacy
- ABE 113 Intermediate Spanish Literacy
- ABE 114 Advanced Spanish Literacy

CAREER EDUCATION

Automotive Technology: Certificate of Completion

Program Code: CEC.AUTO.CC
Program Control Number: 40518

These courses prepare students to transition to Santa Ana College’s Automotive Technology Program or obtain entry-level employment in the automotive technology field. Students will learn about the primary automotive systems used in modern vehicles such as electrical, ignition, fuel, braking, and other systems. Students will be equipped with the skills and theory necessary to perform maintenance on these systems. The High School Math 160 for College and Career Readiness course is designed to help students learn and apply basic math skills in the context of automotive service. In VBUS 243 Introduction to Customer Service Skills, VBUS 400 Employability Skills, or ESL 520 English for Work 2, students learn soft skills that are beneficial for working in any auto technology environment.

Learning Outcome(s):
1. Apply the knowledge and skills gained to start their career pathway in automotive technology.

Caregiver/Personal Care Aide: Certificate of Completion

Program Code: CEC.CGPCA.CC
Program Control Number: 38621

This program prepares students to assist the elderly, convalescents, or persons with disabilities with daily living activities at the person’s home or in a care facility. In a simulated caregiving environment, students will gain experience performing caregiver duties, which may include nutrition, cleanliness, ambulation, and household activities. In Employability Skills or VESL: English for Work 2, students learn soft skills that are beneficial for working in any health/medical environment.

Learning Outcome(s):
1. Apply knowledge and skills gained to obtain employment as a caregiver/personal care aide and/or start their career pathway in healthcare.

Computer Maintenance and Repair Workers: Certificate of Completion
Program Code: CEC.CMRW.CC
Program Control Number: 24384
This series of courses provides students with skills in maintenance, repair, upgrading, and networking of personal computers. The open-entry/open-exit instructional format emphasizes functional operations of hardware and software components, hands-on experience with upgrading and repair of computers, setting up home and small office networks, and troubleshooting most technical problems. This training program prepares the student to take the A+ certification exam. Students may receive five High School elective credits upon completion of each course.

Learning Outcome(s):
1. Apply the knowledge and skills they gained to obtain entry-level employment and/or start their career pathway in information technology or technology related fields.

Students must pass ALL of the following courses: Credits: 0
VBUS 574 Computer Basics: Hardware & Software 0
VBUS 450 Hardware & Software A+ Preparation, Review, Practice 0
VBUS 576 Computer Basics: Systems and Networking Essentials 0

Students must pass ONE of the following courses: Credits: 0
VBUS 400 Employability Skills 0
ESL 520 VESL: English for Work 2 0

Total: 0

Customer Service Representative: Certificate of Completion
Program Code: CEC.CSRC.CC
Program Control Number: 24364
Customer service representatives interact with customers to handle complaints, process orders, and provide information about an organization's products and services. This series of courses prepares students to work in a wide variety of business settings, with the focus being on attending to and meeting the customer's needs and requests. Students will have the opportunity to strengthen or improve their current customer service, interpersonal, communication, listening, patience, and problem-solving qualities. In addition, students will attain the typing and computer skills necessary to be efficient workers. Customer service representatives typically need a high school diploma or equivalent so students are recommended to earn a diploma/certificate to increase the probability of obtaining a position in this profession. High school elective credits may be given for completing VBUS 118, VBUS 124, VBUS 243, VBUS 258, VBUS 270, and VBUS 400 if the student achieves the attendance and proficiency requirements to pass these classes. Customer service representatives are employed in nearly every industry, with many working in telephone call centers, credit and insurance agencies, banks, and retail stores.

Learning Outcome(s):
1. Apply knowledge and skills gained to obtain employment as a customer service representative and/or start their career pathway in administrative support.

Students must pass the following TWO courses: Credits: 0
VBUS 124 Introduction to Keyboarding I 0
VBUS 243 Introduction to Customer Service Skills 0

Students must pass the following COURSE: Credits: 0
VBUS 400 Employability Skills 0
ESL 520 VESL: English for Work 2 0

Total: 0

Digital Literacy for Office and Administrative Support Worker: Certificate of Completion
Program Code: CEC.DLOAS.CC
Program Control Number: 39456
This certificate program connects ESL and career education instruction in a way that prepares English language and/or digital literacy learners for further education or training, employment and careers. Students will engage in collaborative projects designed to help the student develop the professional and technical computer skills needed to succeed in today's workforce. Upon completing this program, students will have developed the knowledge, skills, and confidence needed to make an easy transition to the General Office Clerk, Secretary/Administrative Assistant, and/or Customer Service Representative Certificate Programs offered by Santa Ana College School of Continuing Education. The certificate provides students with the foundational digital literacy skills to begin an office and administrative support career pathway.

Learning Outcome(s):
1. Apply the fundamental technology skills needed to be digitally literate and thus, obtain an entry-level office and administrative support worker position.

Students must pass the following COURSE: Credits: 0
VBUS 259 Orientation to Computers 0
VBUS 500 Digital Literacy for Academic and Professional Success - Tier 1 0

Students must pass ALL of the following courses: Credits: 0
VBUS 501 Digital Literacy for Academic and Professional Success - Tier 2 0
VBUS 502 Digital Literacy for Academic and Professional Success - Tier 3 0
VBUS 503 Digital Literacy for Real World Application – Tier 4 0

Students must pass ONE of the following courses: Credits: 0
VBUS 400 Employability Skills 0
ESL 520 ESL: English for Work 2 0

Total: 0

General Office Clerk: Certificate of Completion
Program Code: CEC.GOC.CC
Program Control Number: 24365
General office clerks perform a variety of clerical tasks, including using the computer to prepare documents and interact with staff, clients, and the public. This series of courses offers students the foundation for learning important soft skills, basic office skills, and using the computer software necessary to work in a general office setting. General office clerks typically need a high school diploma or equivalent so students are recommended to earn a diploma/certificate to increase the probability of obtaining a position in this profession. High school elective credits may be given for completing VBUS 118, VBUS 124, VBUS 260, VBUS 262, and VBUS 400 if the student achieves the attendance and proficiency requirements to pass these classes.

Learning Outcome(s):
1. Use the computer software necessary to work in a general office setting.

Students must pass the following TWO courses: Credits: 0
VBUS 260 Introduction to Word Processing Using MS Word 0
VBUS 262 Introduction to Spreadsheets Using MS Excel 0

Students must pass ONE of the following courses: Credits: 0
VBUS 400 Employability Skills 0
ESL 520 VESL: English for Work 2 0

Students must pass ONE of the following courses: Credits: 0
VBUS 118 Introduction to Windows 0
VBUS 124 Introduction to Keyboarding I 0

Total: 0

Introduction to Biotechnology: Certificate of Completion

Program Code: CEC.VBIOT.CC
Program Control Number: 38684

This training program prepares students to transition to Santa Ana College’s Biotechnology Lab Assistant Certificate Program or obtain entry-level employment in the biotechnology field. They will learn how to operate and maintain standard laboratory equipment. After completing these series of courses and the remaining required courses at Santa Ana College, students will have a fundamental overview of the application and underlying principles of biotechnology. The High School Math 190 for College and Career Readiness course is designed to help students learn and apply basic math skills in the context of biotechnology. In VBUS 400 Employability Skills or VESL 520 English for Work 2, students learn soft skills that are beneficial in working in any biotechnological environment. Upon completion of this certificate, students are encouraged to continue their training at Santa Ana College’s Biotechnology Program to obtain a more advanced certificate and/or degree.

Learning Outcome(s):
1. Apply knowledge and skills gained to obtain employment and/or start their career pathway in biotechnology.

Students must pass the following THREE courses: Credits: 5
VHLTH 704 Introduction to Biotechnology 0
VHLTH 705 Introductory Biotech Lab 0
HSMTH 190 Math for College and Career Readiness 5

Students must pass ONE of the following courses: Credits: 0
VBUS 400 Employability Skills 0
ESL 520 ESL: English for Work 2 0

Total: 5

Introduction to Diesel: Certificate of Completion

Program Code: CEC.VIDSL.CC
Program Control Number: 40949

This training program prepares students to transition to Santa Ana College’s Diesel and Heavy Equipment Program or obtain entry-level employment in the diesel and heavy equipment field. Students learn the basic knowledge and skills in light, medium, and heavy-duty truck maintenance. Safety, inspections, and hands-on practice are emphasized. The High School Math 190 for College and Career Readiness course is designed to help students learn and apply basic math skills in the context of diesel. In VBUS 400 Employability Skills or ESL 520 English for Work 2, students learn soft skills that are beneficial in working in any diesel environment. Upon completion of this certificate, students are encouraged to continue their training at Santa Ana College’s Diesel and Heavy Equipment Program to obtain a more advanced certificate and/or degree.

Learning Outcome(s):
1. Apply knowledge and skills gained to obtain employment and/or start their career pathway in diesel and heavy equipment.

Students must pass the following TWO courses: Credits: 5
VAUTO 670 Preventative Maintenance Inspection 0
HSMTH 190 Math for College and Career Readiness 5

Students must pass ONE of the following courses: Credits: 0
VBUS 400 Employability Skills 0
ESL 520 ESL: English for Work 2 0

Introduction to Small Business and Entrepreneurship: Certificate of Completion

Program Code: CEC.ISBE.CC
Program Control Number: 40520

The Small Business and Entrepreneurship Certificate will provide students with the information and skills necessary to take the first steps in starting their business or expanding it. A small business owner or entrepreneur is responsible for the growth, overall direction, and everyday operation of a business. Therefore, students will learn commonly used business terminology, obtain strategies on how to jump start their business, develop a business plan, use QuickBooks to manage bookkeeping for their business and review financial reports, understand federal, state, and local laws, permits, and licenses, and marketing. Upon completion of this certificate program, students will be able to address the challenges and opportunities specific to small business management and better prepared to transition to Santa Ana College to pursue a higher certificate and/or degree in business and entrepreneurship. Moreover, in VBUS 243 Introduction to Customer Service Skills, ESL 520 English for Work 2, ABE 018 Leadership Basics Part 2, or ABE 044 Leadership Basics Part 1, students learn soft skills that are beneficial in working in any business environment.

Learning Outcome(s):

Introduction to Theatre Arts: Certificate of Completion
Program Code: CEC.ITHEA.CC
Program Control Number: 40542
These courses prepare students to transition to Santa Ana College's Theatre Arts Program. Students will learn theatrical stylings, acting techniques, and technical skills that support and enhance performances. Students will be equipped with the abilities and techniques necessary to enter or upgrade within the technical and performance arenas of the entertainment industry. In THEA 150A Rehearsal and Performance in Production and THEA 152 Tour Ensemble, students learn vocal techniques and dynamic presentation methodologies for live stage performance. In THEA 150B Technical Theatre in Production, students learn skills associated with the positions of stage technician, lighting technician, sound technician, master electrician, scenic carpenter, and stage manager. In THEA 255 Motion Picture Performance Production, students learn auditioning, improvisation, and on-camera performance techniques. In VBUS 400 Employability Skills, or ESL 520 English for Work 2, students learn soft skills that are beneficial in working in any theatre arts environment.

Learning Outcome(s):
1. Apply the knowledge and skills they gained to start their career pathway in theatre arts.

Students must pass ALL of the following courses: Credits: 0
VFPA 150A Rehearsal and Performance in 0
VFPA 150B Technical Theatre in Production 0

Line Cook: Certificate of Completion
Program Code: CEC.VCOOK.CC
Program Control Number: 39746
Line Cook is an important job in the restaurant industry. This training program allows students to master basic cooking techniques which can then be used to create an endless variety of dishes. Students have an opportunity to learn many aspects of food preparations, and the proper methods of presentation and serving. Students will also be prepared to take the ServSafe Food Protection Manager Certification Exam. In VBUS 400 Employability Skills or ESL 520 English for Work 2, students learn soft skills that are beneficial in working in any culinary environment. In addition, the program prepares students to transition to Santa Ana College's Culinary Arts Program to continue their training. High school elective credits may be given for completing VFOOD 200, VFOOD 210, and VBUS 400 if the student achieves the attendance and proficiency requirements to pass these courses.

Learning Outcome(s):
1. Prepare students for employment as line cooks and food preparation workers. In addition, it prepares students for a pathway in culinary careers and transition to Santa Ana College's Culinary Arts Program.

Students must pass the following TWO courses: Credits: 0
VFOOD 200 Line Cook Training 0
VFOOD 210 ServeSafe Food Protection Manager Certification Exam 0

Student must pass ONE of the following courses: Credits: 0
VBUS 400 Preparation, Review, & Practice Employability Skills 0
ESL 520 VESL: English for Work 2 0

Santa Ana College School of Continuing Education 2021-2022 Catalog
06.26.2021
QuickBooks - Tier 1: Certificate of Completion
Program Code: CEC.QBT1.CC
Program Control Number: 40514
The QuickBooks - Tier 1 Certificate helps students discover the power of QuickBooks while learning basic accounting concepts through hands-on practice. Upon completion of the certificate program, students gain the skills they need to start their academic and career pathway in accounting. The certificate prepares students for entry-level clerk jobs that utilize QuickBooks. In addition, for small business owners, students will acquire the necessary skills to manage bookkeeping for their business. Students must complete and pass the following courses:

<table>

QuickBooks - Tier 2: Certificate of Completion
Program Code: CEC.QBT2.CC
Program Control Number: 40515
This series of courses prepares students to transition to Santa Ana College’s Computerized Accounting-QuickBooks Certificate Program to advance their training. After completing these series of courses and the remaining required courses at Santa Ana College, students will have a fundamental overview of the application and underlying principles of QuickBooks. By obtaining this certificate, they will learn accounting theory and obtain practical knowledge of QuickBooks. Moreover, students will have the knowledge and skills necessary to obtain entry-level clerk jobs that utilize QuickBooks. In VBUS 400 Employability Skills or ESL 520 English for Work 2, students learn soft skills that are beneficial in working in any business environment.

Learning Outcome(s):
1. Gain the knowledge and skills they need to transition to Santa Ana College’s Computerized Accounting-QuickBooks Certificate Program to advance their training in QuickBooks. In addition, for small business owners, manage bookkeeping for their business.

Students must complete and pass ALL of the following courses:

Secretary/Administrative Assistant: Certificate of Completion
Program Code: CEC.SECAD.CC
Program Control Number: 24390
Secretaries and administrative assistants perform routine clerical and administrative duties. They organize files, prepare documents, schedule appointments, and support other staff. This series of courses helps students prepare for office support positions that might require enhanced keyboarding skills and higher-level office management skills. Secretaries/administrative assistants need a high school diploma or equivalent so students are recommended to earn a diploma/ certificate to obtain a position in this profession. High school elective credits may be given for completing VBUS 125, VBUS 244, VBUS 245, VBUS 270, VBUS 304, and VBUS 400 if the student achieves the attendance and proficiency requirements to pass these classes. Secretaries and administrative assistants work in nearly every industry with many employed in schools, hospitals, and government, legal, and medical offices.

Learning Outcome(s):
1. Apply knowledge and skills gained to obtain secretarial employment and/or start their career pathway in administrative support.

Students must pass the following TWO courses:

<table>
<thead>
<tr>

Vocational Construction Technology: Certificate of Completion
Program Code: CEC.VCNST.CC
Program Control Number: 32681
This series of courses will provide students with the skills to move towards employment as an apprentice in various areas which may include: General and commercial contracting and/or property maintenance. In addition to getting hands-on instruction in construction, students will receive classroom instruction in math, Occupational Safety and Health Administration (OSHA) safety standards, and employability skills. Students will receive 5 High School elective credits upon completion of each course.

Learning Outcome(s):
1. Prepare students with the knowledge and skills to select, obtain, and succeed in construction apprenticeship programs or employment opportunities that are appropriate for them.

Students must complete ALL of the following courses:

Welding Technology: Certificate of Completion
Program Code: CEC.WELD.CC
Program Control Number: 40519
These courses prepare students to transition to Santa Ana College's Welding Technology Program or obtain entry-level employment in the welding technology field. Students will be introduced to shop safety, the proper use of tools and the basic equipment, and basic fundamentals through the introduction of various welding processes currently used in the welding and metal fabrication industry. Processes include Oxy-fuel cutting, Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW). The High School Math 160 for College and Career Readiness course is designed to help students learn and apply basic math skills in the context of welding technology. In VBUS 243 Introduction to Customer Service Skills, VBUS 400 Employability Skills, or ESL 520 English for Work 2, students learn soft skills that are beneficial in working in any welding technology environment.

Learning Outcome(s):
1. Apply the knowledge and skills they gained to start their career pathway in welding technology.

Students must pass the following TWO courses: Credits: 5
VCNST 101 Introduction to Welding 0
HSMTH 190 Math for College and Career Readiness 5

Students must pass ONE of the following courses: Credits: 0
VBUS 243 Introduction to Customer Service Skills 0
VBUS 400 Employability Skills 0
ESL 520 ESL: English for Work 2 0

Total: 5

Academic ESL Advanced: Certificate of Competency
Program Code: CEC.ESLA.COM
Program Control Number: 30788
This combination of courses is designed to help students prepare to successfully transition to Career Technical Education (CTE), Adult Basic Education (ABE) courses, GED Test Preparation or High School Equivalency Test Preparation courses, High School Subjects courses, and college courses.

Learning Outcome(s):
Students will acquire advanced level competency and skills to be prepared to take noncredit or credit courses in other subject areas, academic and vocational training programs as well as other institutions.

Students must pass both of the following core courses:

ADULT BASIC EDUCATION

ABE 010
Money Matters: Financial Literacy
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
Prepares the student for the adult world of financial management by developing sound decision-making skills in personal and family money matters. Two point five (2.5) high school elective credits may be given for completing ABE 010 if the student achieves the attendance and proficiency requirements to pass the class.

ABE 018
Leadership Basics, Part 2
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Recommended Preparation:
Students will increase their mastery of basic skills through intensive, interactive, student-centered activities designed to give hands-on training and experience in aspects of directing and facilitating a conference. This is the second of a two-part leadership course in which students apply leadership techniques in the workplace, home, school, and the community. Five high school elective credits may be given for completing either ABE 018 or HSS 092. Open entry/ Open exit.

ABE 023
Adult Basic Education Reading
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Instructs students in basic reading skills. Prepares students to take Adult Secondary Education, High School Equivalency, job training, or college credit classes. Recommended for ESL 305 students or above and/or placement by counselor assessment. Five high school elective credits may be granted for successful completion of this class. Open entry/open exit.

ABE 024
Adult Basic Education Writing
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Instructs students in basic writing skills. Prepares students to take Adult Secondary Education, High School Equivalency, job training, or college credit classes. Recommended for ESL 305 students or above and/or placement by counselor assessment. Five high school elective credits may be granted for successful completion of this class. Open entry/open exit.

ABE 025
Adult Basic Education Math
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Instructs students in basic math skills. Prepares students to take High School Subjects courses, job training, GED Preparation, or college credit classes. Recommended for Intermediate ESL 2 students or above and/or placement by counselor assessment. Five High School elective credits may be granted for successful completion of this class. Open entry/open exit.

ABE 027
Academic Vocabulary for Language Arts
Credit(s): 0.0  Class Hours: 15.0 Lecture total.
Instructs and familiarizes entry-level students in academic vocabulary for language arts. Prepares students to take high school subjects in language arts, job training, high school equivalency test preparation, or college credit classes. Recommended for ESL 305 students or above and/or placement by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open entry/open exit.

ABE 028
Academic Vocabulary for Math
Credit(s): 0.0  Class Hours: 15.0 Lecture total.
Prerequisite:
Instructs and familiarizes entry-level students in academic vocabulary for math courses. Prepares students to take high school subjects in math, job training, high school equivalency preparation, or college credit classes. Recommended for ESL 305 students or above and/or placement by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open entry/ open exit.

ABE 029
Academic Vocabulary for Science
Credit(s): 0.0  Class Hours: 15.0 Lecture total.
Instructs and familiarizes entry-level students in academic vocabulary for science courses. Prepares students to take high school subjects in science, job training, high school equivalency preparation, or college credit classes. Recommended for Advanced ESL students or above and/or placement by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open entry/open exit.

ABE 030
Academic Vocabulary for Social Studies
Credit(s): 0.0  Class Hours: 15.0 Lecture total.
Instructs and familiarizes entry-level students in academic vocabulary for courses in social studies. Prepares students to take high school subjects in social studies, job training, high school equivalency preparation, or college credit classes. Recommended for Advanced ESL students or above and/or placement by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open entry/open exit.

ABE 031
Academic Vocabulary for Technology
Credit(s): 0.0  Class Hours: 15.0 Lecture total.
Instructs and familiarizes entry-level students in academic vocabulary for technology-related courses. Prepares students to take high school subjects using technology, job training, high school equivalency preparation, or college credit classes. Recommended for Advanced ESL students or above and/or placement by counselor assessment. One high school elective credit may be granted for successful completion of this class. Open entry/open exit.

ABE 036
Effective Writing for the Workplace
Credit(s): 0.0  Class Hours: 12.0-24.0 Lecture total.
Effective writing in the workplace is an essential skill. The rules are basically the same for any type of writing, however, there are special issues which arise in the business context. Knowing the elements of good business writing can make or break a career. This course addresses basic elements such as knowing your audience, punctuation and grammatical errors, effective use of passive voice, gender-neutral writing, formality, and other recent trends in business writing.

ABE 044
Leadership Basics Part 1
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Provides the first of a two-part leadership course in which students apply leadership techniques in the workplace, home, school, and the community. Students will increase their mastery of basic skills through intensive, interactive, student-centered activities. The course requires participation in the four areas of language acquisition: reading, writing, listening, and speaking. Recommended for ABE and ESL Intermediate 1, 2, or 3 or above students.
ABE 046
Attitudes for Success
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Provides students with classroom discussion and information about attitudes and behaviors that influence success in their personal, educational and career development.

ABE 111
Spanish Literacy for Adults
Credit(s): 0.0  Class Hours: 480.0 Lecture total.
Assists native Spanish-speaking students in acquiring literacy in Spanish in order to facilitate the transition to beginning ESL courses. Focuses on basic reading and writing skills, including phonics decoding and encoding skills, as well as classroom, parenting and community coping skills. Recommended for non-literate native speakers of Spanish. Taught in Spanish.

ABE 112
Beginning Spanish Literacy
Credit(s): 0.0  Class Hours: 160.0 Lecture total.
Assists students in acquiring literacy skills in Spanish to facilitate their transition to Intermediate Spanish Literacy, ESL, ABE, high school diploma, and high school equivalency courses. Focuses on phonetic decoding and encoding skills, basic reading and writing skills, as well as classroom, parenting and community coping skills. Taught in Spanish. Open entry/open exit.

ABE 113
Intermediate Spanish Literacy
Credit(s): 0.0  Class Hours: 160.0 Lecture total.
Assists students in acquiring literacy in Spanish to facilitate the transition to Advanced Spanish Literacy, ESL and ABE equivalency courses. Focuses on basic reading and writing skills, including phonics decoding and encoding skills, as well as classroom, parenting and community coping skills. Taught in Spanish. Open entry/open exit.

ABE 114
Advanced Spanish Literacy
Credit(s): 0.0  Class Hours: 160.0 Lecture total.
Assists students in acquiring literacy in Spanish in order to facilitate the transition to ESL, ABE, high school diploma, and high school equivalency courses. Focuses on higher level reading and writing skills, including history and mathematics. Taught in Spanish. Open entry/open exit.

ABE 137
Topics in Adult Basic Education
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
A specialized course to help students develop their basic reading and writing skills.

CITIZENSHIP

CTZN 020
Citizenship
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Provides basic knowledge and preparation for the United States citizenship process and naturalization test including language usage within the context of American history, government and civics. Open Entry/Open Exit.

COUNSELING

CNSL 303
Educational & Career Assessment
Credit(s): 0.0  Class Hours: 3.0 Lecture total.
Assist students with appropriate educational placement and/or an overview of student services, career and academic guidance information that is available in Continuing Education as a result of individual and group testing, Open Entry/Open Exit.

CNSL 305
Orientation to College
Credit(s): 0.0  Class Hours: 8.0 Lecture total.
Introduces college services and programs. Identifies and explores programs and services designed to assist students entering college credit courses. 8 hours(1.5 elective credits may be awarded). Same as HSS770.

ENGLISH AS A SECOND LANGUAGE

ESL 120
ESL Civics
Credit(s): 0.0  Class Hours: 144.0 Lecture total.
Provides development in listening, speaking, reading, and writing English within the context of history and government in preparation for the United States Citizenship examination. (Recommended for students in Beginning ESL 3 and above.)

ESL 130
Topics in English as a Second Language
Credit(s): 0.0  Class Hours: 4.0-216.0 Lecture total.
A specialized course on topics related to current needs of English as a Second Language students. Open Entry/Open Exit.

ESL 300
Literacy
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The first of seven integrated ESL core courses. This is an ESL class for students who are not yet literate in English. Emphasizes communicative competence and basic functional language skills to meet immediate communication needs, including verbal and nonverbal strategies. Develops the ability of second language learners to recognize and read letters and numbers, copy and produce the alphabet, numerals, and simple personal information. Open-entry/open-exit.

ESL 301
Beginning Low
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The second of seven integrated ESL core courses. For students with some literacy in English. Emphasizes language skills in everyday situations and immediate needs of adult English learners, focusing on listening comprehension and beginning oral production of simple conversations, reading of practiced words and phrases, and completing simple writing tasks in the context of school, work and community. Open entry/open exit.
ESL 302
Beginning High
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The third of seven integrated ESL core courses. Emphasizes comprehending and participating in simple conversations, communicating survival needs, and reading and performing written tasks in the context of college and career readiness and civic participation. Open-entry/open-exit.

ESL 303
Intermediate Low
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The fourth of seven integrated ESL core courses. Emphasizes comprehending and participating in conversations, communicating needs and opinions, reading from academic and informational text, and performing written tasks. Exposes students to authentic spoken and written content, to prepare students for college, the workplace, and civic participation. Open-entry/open-exit.

ESL 304
Intermediate High
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The fifth of seven integrated ESL core courses. Emphasizes expanding oral language, critical and creative thinking skills in English, and reading comprehension of authentic academic and informational text. Written tasks focus on academic and workforce preparation, as well as increased community and civic participation. Five high school elective credits may be granted. Open-entry/open-exit.

ESL 305
Advanced Low
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The sixth of seven integrated ESL core courses. Emphasizes higher-level language skills, reading passages with increased understanding and analysis, and improving academic and informational writing skills. Prepares students for academic and workforce success and increased civic participation. Five high school elective credits may be granted. Open-entry/open-exit.

ESL 306
Advanced High
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
The seventh of seven integrated ESL core courses. Prepares students for academic and workforce success and civic participation. Emphasizes high-level language skills, conversations that convey complex thought patterns, and reading and writing strategies. This course uses authentic academic, informational and technical reading materials that expand the use of creative and critical thinking skills. Five high school elective credits may be granted. Open-entry/open-exit.

ESL 392
Writing and Computers: Developing a School Publication
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Offers writing strategies for students in developing a student publication. Computers and the Internet are used to develop and research for publication. Students will work in teams on different sections of the publication. Recommended for students in Beginning ESL 3 or above. Open-Entry/Open-Exit.
ESL 520

**ESL: English for Work 2**

**Formerly: VESL: English for Work 2**

Credit(s): 0.0  Class Hours: 216.0 Lecture total.

Recommended Preparation: ESL 510, VESL: English for Work 1

Prepares non-native English speaking students to enter the workforce or a CTE/vocational program for general or specific occupations. Focuses on communicating in the workplace, job safety, work-related vocabulary skills, workplace culture/issues, career pathways, and vocational readings with emphasis on verbal communication through language skills instruction. Open entry/open exit.

ESL 530

**American English Pronunciation**

Credit(s): 0.0  Class Hours: 216.0 Lecture total.

Develops English language fluency, and productive and receptive skills as they relate to sound discrimination, sound inventory, stress, intonation, linking, prominence, and rhythm. The course aims to help students understand English and be understood while functioning within employment, survival, and academic contexts. This course is recommended for Beginning ESL 3 students and above. Open Entry/ Open Exit.

ESL 570

**Conversation 1**

Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Introduces conversational strategies in listening, language use, and non-verbal communication. Presents oral skills necessary in initiating, maintaining and closing conversations. Emphasis on oral skills that assist in social interactions and expand listening and speaking skills. This course is recommended for Beginning ESL 3 and Intermediate ESL 1 students. Open entry/open exit.

ESL 580

**Conversation 2**

Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Introduces advanced conversational strategies in listening, language use, and nonverbal communication. Presents oral expressions necessary to enhance conversation and listening skills. Emphasizes differences between formal and colloquial language, based on American attitudes and culture. Recommended for Intermediate ESL 2 and Intermediate ESL 3 students. Open entry/open exit.

ESL 610

**Grammar for Better Writing I**

Credit(s): 0.0  Class Hours: 54.0 Lecture total.

Prerequisite: Qualifying profile from ESL/EMLS placement process.

Recommended Preparation: Concurrent enrollment in ESL 612 is recommended.

Sentence refining course for multilingual students who can speak English but often make grammar mistakes when writing. Basic grammar including verb tenses, verbs, modals, nouns, pronouns, compound and complex sentences. Revision and editing. Ten high school elective credits will be awarded if the student passes the class.

ESL 611

**Grammar for Better Writing II**

Credit(s): 0.0  Class Hours: 54.0 Lecture total.

Prerequisite: EMLS 103 with a minimum grade of C or qualifying profile from ESL/EMLS placement test;

Recommended Preparation: Concurrent enrollment in ESL 613 is highly recommended.

Sentence refining course for bilingual students who can speak English but often make grammar mistakes when writing. Grammar focus is on sentence level accuracy, including transitions, the passive voice and multi-clause sentences. Revision and editing. Ten high school elective credits will be awarded if the student passes the class.

ESL 612

**College Reading and Writing I**

Credit(s): 0.0  Class Hours: 90.0 Lecture total.

Prerequisite: Qualifying profile from ESL/EMLS placement process.

Recommended Preparation: Taking ESL 610 or prior to ESL 612 is highly recommended.

Reading and paragraph-level writing course for bilingual students who need to develop skills in reading academic material and writing academic paragraphs. Emphasis on connection between reading and writing, responding to reading critically, following the writing process and editing. Fifteen high school elective credits will be awarded if the student passes the class.

ESL 613

**College Reading and Writing II**

Credit(s): 0.0  Class Hours: 90.0 Lecture total.

Prerequisite: EMLS 104 with a minimum grade of C or qualifying profile from ESL/EMLS placement process;

Recommended Preparation: Taking ESL 611 concurrently or prior to ESL 613 is highly recommended.

Reading and short essay-level writing course for bilingual students who need to improve skills in reading academic material and writing academic essays. Emphasis on connection between reading and writing, responding to reading critically, following the writing process and editing. Fifteen high school elective credits will be awarded if the student passes the class.

ESL 704

**Academic Intermediate Low**

**Formerly: Academic Beginning A**

Credit(s): 0.0  Class Hours: 216.0 Lecture total.

First course of the academic ESL track program developing academic skills through reading short multi-sentence paragraphs supported by visual clues, writing simple sentences on one topic, grammar, listening, and speaking skills with short informational passages. Open Entry/Open Exit.

ESL 705

**Academic Intermediate High**

**Formerly: Academic Beginning B**

Credit(s): 0.0  Class Hours: 216.0 Lecture total.

Second course of the academic ESL track program developing academic skills through reading multi-paragraph authentic and adapted texts, writing short loosely organized paragraphs from a prompt, grammar, listening, and speaking skills with short informational and narrative passages. Five high school elective credits may be granted if student passes the course. Open Entry/Open Exit.
ESL 706
Academic Advanced Low
Formerly: Academic Intermediate A
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
Third course of the academic ESL track program developing academic skills through reading one-page multi-paragraph authentic or adapted texts, writing well-developed paragraphs, grammar, listening, and speaking skills with short informational and narrative passages. Five high school elective credits may be granted if student passes the course successfully. Open Entry/Open Exit.

ESL 707
Academic Advanced High
Formerly: Academic Intermediate B
Credit(s): 0.0  Class Hours: 216.0 Lecture total.
Fourth course of the academic ESL track program developing academic skills through reading two-page authentic texts, writing expository essays, grammar, speaking, and listening skills with short lectures or speeches on familiar and academic topics. Five high school elective credits may be granted if student completes the course successfully. Open Entry/Open Exit.

ESL 720
ESL Transition to College Class
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
This noncredit course prepares students for transition to Santa Ana College by developing language skills, critical reasoning and thinking, academic study skills and student success strategies. Completion of Intermediate ESL 3 or equivalent is recommended. Five high school elective credits may be granted for successful completion of the class. Open entry/open exit.

HEALTH AND SAFETY

SAFE 877
Health Issues & Concepts
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Provides a basic foundation in the issues and concepts of mental health, family and social health, the stages in the life cycle, medicine and drugs, and diseases and disorder. May earn five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open Entry/Open Exit.

HSS 010
Learning Skills & Strategies
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides individualized and direct group instruction to improve learning strategies and basic reading, writing, and mathematics skills. Equips adults who have verified learning disabilities to successfully meet educational and vocational goals. Recommended for students who meet eligibility requirements for D.S.P.S. services.

HSS 031
High School Equivalency Test Preparation
Credit(s): 0.0  Class Hours: 360.0 Lecture total.
Provides pre-and post-testing and individualized prescriptive instruction in preparation for a High School equivalency exam. Covers test-taking strategies and the essentials of reading, writing, mathematics, science, and social studies. Open Entry/Open Exit.

HSS 032
HS Subjects Individualized Instruction
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Individualized delivery for the High School Diploma Program. Designed for the adult who wants a high school diploma. Self-paced with offerings in the areas of English communication, mathematics, science, social studies, fine arts/foreign language, life skills, and electives. Recommended 8th grade equivalency on TABE.

HSS 090
Leadership Basics, Part 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Introduces useful leadership skills. Information will be presented in academic format, but students will be required to demonstrate mastery through participation in student centered, hands-on activities. This course consists of ten stand-alone lessons. Open to HSS students.

HSS 092
Leadership Basics, Part 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides the student with ten stand-alone leadership training sessions. Continues the leadership training begun in Part 1. Information will be presented in academic format, but students will be required to demonstrate mastery through their participation in student centered, hands-on activities. Open to all HSS students.

HSS 221
Study Skills 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Develops student’s study and test preparation skills. Introductory instruction in basic study skills, organizational skills, goal setting, note taking, report writing, time management, test preparation, learning styles, effective communication skills. Provides learning opportunities for students to develop and master effective study skills for successful academic career achievement.

HSS 222
Study Skills 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Develops the student’s study and test preparation skills. Second semester instruction in basic study skills, organizational skills, goal setting, critical thinking skills, and written/oral communication. Compensatory strategies and technology will be emphasized.

HSS 770
Orientation to College
Credit(s): 0.0  Class Hours: 8.0 Lecture total.
Introduces college services and programs. Identifies and explores programs and services designed to assist students entering college credit courses. Same as CNSL 305.

HIGH SCHOOL SUBJECTS - ARTS

HSART 601
Music Theory 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
This class provides a beginning level music course that introduces students to the vocabulary and basic principles of music. The primary emphasis will be on rhythm, pitch, and notation.

06.26.2021
HSART 828
Understanding America Through Art
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides an overview of American civilization through arts and crafts from the colonial period through the 20th century, including periods and artistry in their historical context.

HSART 837
The Film As Art
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Traces the history of film from the recording of a single event through the silent film era to current classic films, and identifies the ways films reflect the values of American culture. Culminates in the use of classic and contemporary literature as a basis for modern film. Open entry/Open exit.

HIGH SCHOOL SUBJECTS - ENGLISH

HSENG 065
English Fundamentals 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Introduces students to basic concepts and skills of building vocabulary, grammar, parts of speech, writing sentences, and paragraphs.

HSENG 066
English Fundamentals 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Reinforces and expands the basic concepts of sentence structure, vocabulary, grammar, parts of speech, and writing skills.

HSENG 067
English Fundamentals 3
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides an intermediate English course that expands upon vocabulary, parts of speech, and grammar to accelerate writing skills.

HSENG 068
English Fundamentals 4
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides an advanced course in English vocabulary, grammar, parts of speech, writing skills, and general proficiency in the English language, both written and spoken.

HSENG 069
Building Vocabulary 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
A basic vocabulary course that provides practice in using context clues to develop vocabulary, and includes practice in synonyms, antonyms, matching words with meaning, adding words to readings, and sentence writing.

HSENG 075
Building Vocabulary 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
An intermediate vocabulary course that provides practice in using context clues to develop vocabulary and includes practice in synonyms, antonyms, matching words with meaning, adding words to readings, analogies, and sentence writing. Develops vocabulary skills needed to master state standardized tests.

HSENG 076
Building Vocabulary 3
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
An advanced vocabulary course that provides practice in using context clues to develop vocabulary, and includes practice in synonyms, antonyms, matching words with meaning, adding words to readings, analogies, and sentence writing. Builds reading comprehension skills and creates a strong vocabulary foundation that enables students to be better readers, writers, thinkers, and test-takers. Open Entry/Open Exit.

HSENG 078
Building Vocabulary 4
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
An advanced vocabulary course that provides practice in using context clues to develop vocabulary, and includes practice in synonyms, antonyms, matching words with meaning, adding words to readings, analogies, and sentence writing. Builds reading comprehension skills and creates a strong vocabulary foundation that enables students to be better readers, writers, thinkers, and test-takers. Open Entry/Open Exit.

HSENG 083
Composition 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides instruction and practice in the communication of ideas in written form. Emphasis on mastery of sentence and paragraph skills, including organization in terms of unity, support, and coherence in an effective, well-supported, one page composition.

HSENG 084
Composition 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Prepares the student to write well-conceived and well-executed two page essays. Meets the composition proficiency requirement. (Recommended for students who have completed Composition 1 or equivalent.)

HSENG 085
Composition 3
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Prepares college bound students with advanced writing assignments that require in-depth research culminating in the production of two argumentative essays and a 1500 word final argumentative research paper. (Recommended for students who have completed Composition 2 or equivalent.) Open entry/open exit.

HSENG 086
Authentication: 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards in English Language Arts for students in the first semester of the ninth grade year.
HSENG 702
English 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards in English Language Arts for students in the second semester of the ninth grade year.

HSENG 703
English 3
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards and the Common Core Standards in English Language Arts for students in the first semester of the tenth grade year.

HSENG 704
English 4
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards and the Common Core Standards in English Language Arts for students in the second semester of the tenth grade year.

HSENG 705
English 5
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards and the Common Core Standards in English Language Arts for students in the first semester of the eleventh grade year.

HSENG 706
English 6
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards and the Common Core Standards in English Language Arts for students in the second semester of the eleventh grade year.

HSENG 707
English 7
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards and the Common Core Standards in English Language Arts for students in the first semester of the twelfth grade year.

HSENG 708
English 8
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides students with a course of study that focuses on the California State Standards and the Common Core Standards in English Language Arts for students in the second semester of the twelfth grade year.

HIGH SCHOOL SUBJECTS - MATH

HSMTH 151
Principles of Mathematics
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
This course consists of addition, subtraction, multiplication, division of whole numbers, fractions, and decimals. Other topics include percentages, geometry, unit conversions, and signed numbers. Open Entry/Open Exit.

HSMTH 152
Pre-Algebra
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Introduction to variables, algebraic expressions, solving equations, inequalities, graphs, number and operation sense, estimation skills, and the ability to judge reasonableness of results will be strengthened in the context of practical applications and problem solving. (Recommended for students who have completed Principles of Mathematics or equivalent.) Open entry/open exit.

HSMTH 154
Pre Algebra A
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Covers language, symbolism, and fundamental operations skills required to prepare students for success in Algebra 1. Number and operation sense, estimation skills, and the ability to judge reasonableness of results will be strengthened in the context of practical applications and problem solving. Recommended for students who have completed Math Fundamentals 2 or equivalent.

HSMTH 155
Pre Algebra B
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Covers language, symbolism, and fundamental operations skills required to prepare students for success in Algebra 1 and Geometry. Data analysis, spatial thinking, and the ability to judge reasonableness of results will be strengthened in the context of practical applications and problem solving. Recommended for students who have completed Pre-Algebra A or equivalent. Open Entry/Open Exit.

HSMTH 158
Math Fundamentals 1
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provide instruction in whole numbers, fractions, decimals, percents, geometric formulas, and signed numbers.

HSMTH 159
Math Fundamentals 2
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides instruction in the areas of decimals, percents, measurements and formulas, equations, ratios, and proportions. Provides learning activities which allow for remediation of difficulties and mastery of necessary skills. Recommended for students who have completed Math Fundamentals 1 or equivalent. Open Entry/Open Exit.

HSMTH 163
Algebra 1A
Credit(s): 5.0 Class Hours: 72.0 Lecture total.
Provides instruction in sets, numbers, formulas, monomials, exponents, square root, and the laws of the sign, binomials, and simultaneous equations. Recommended for students who have completed Math Fundamentals 2 or equivalent.
HSMTH 164  
Algebra 1B  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides instruction in co-ordinate systems, graphing of linear equations, simultaneous equations of fractions, ratio, proportion, factoring, formulas, inequalities and square roots. Recommended for students who have completed Algebra 1A or equivalent.

HSMTH 165  
Algebra 2A  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides students with a course of study in: equations and inequalities, linear equations and functions, systems of linear equations and inequalities, matrices and determinants, quadratic functions, polynomials and polynomial functions, powers, roots and radicals. Recommended for students who have completed ten units in geometry or equivalent. Open Entry/Open Exit.

HSMTH 166  
Algebra 2B  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides students with a course of study that includes: exponential and logarithmic functions, rational equations and functions, quadratic relations and conic sections, sequences and series, probability and statistics, trigonometrical ratios and functions, trigonometrical graphs. Recommended for students who have completed Algebra 2A or equivalent. Open Entry/Open Exit.

HSMTH 167  
Geometry A  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
This course covers topics in basic geometry, reasoning and proofs, perpendicular and parallel lines, congruent triangles, properties of triangles, and quadrilaterals. Recommended for students who have completed ten units of Algebra. Open Entry/Open Exit.

HSMTH 168  
Geometry B  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
This course covers topics in transformations, similarity, right triangles and trigonometry, circles, areas of polygons and circles, and surface area and volume. Recommended for students who have completed Geometry A or equivalent. Open Entry/Open Exit.

HSMTH 172  
Basic Consumer Math 1A  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides a comprehensive review of arithmetic skills that apply to personal and vocational opportunities. Topics covered include whole number operations, customary and metric units, fractions, decimals, and percents. Skills are then applied to use in earning money, buying food, shopping for clothes, managing a household, buying and maintaining a car, and working with food.

HSMTH 173  
Basic Consumer Math 1B  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Students will use practical computational skills to solve common problems in a consumer's life including home improvements, traveling costs, budgeting household expenses, banking and investing, paying real estate and sales taxes, and preparing for careers. Open Entry/Open Exit.

HSMTH 190  
Math for College and Career Readiness  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Contextualized math course to prepare students for successful transition to college, apprenticeships, and employment. Topics include numeracy, fractions, decimals, unit conversion, ratios, proportions, algebra, measurement, basic geometry and statistics. This course is designed to help students learn and apply basic math skills in the context of their specific career pathway such as automotive, welding, manufacturing, biotechnology, pharmacy technology, construction, and others.

HIGH SCHOOL SUBJECTS - NATURAL SCIENCES

HSSCI 170  
Biology 1A  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
The course provides instruction in the study of life, the chemical foundation of life, biological macromolecules, the cell, genetics, and evolutionary processes.

HSSCI 171  
Biology 1B  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
The course provides instruction in ecology, plant anatomy, diversity of life, and the animal kingdom.

HSSCI 185  
Earth Science 2  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides instruction in the principles and concepts of earth science. The earth's processes and place in the universe will be examined.

HSSCI 188  
Earth Science 1  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides instruction in the principles and concepts of earth science. The earth's matter and features will be examined.

HSSCI 190  
Physical Science 1  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
The course surveys the principles and concepts of physical science, including matter, atoms, chemical bonds and reactions, solutions, acids, bases, and carbon chemistry.

HSSCI 191  
Physical Science 2  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
The course surveys the principles and concepts of physical science, including motion, force, work, energy, sound, and electricity.

HSSCI 192  
Basic Science 1  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
This course offers students an introduction to the sciences. Science is explained in a way that is understandable to beginning students. Students taking this course will learn how science is all around us and can be found to affect our everyday life. In this course, students will learn about the different types of sciences: life, physical, earth and space.

HSSCI 196  
Health Science  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides a basic foundation in personal health, nutrition, body functions, first aid and community health. Open entry/Open exit.
HIGH SCHOOL SUBJECTS - OTHER

HSOTH 740  
Spanish 1  
Credit(s): 5.0  
Provides students with a beginning course in Spanish, emphasizing oral communication, vocabulary building, fundamental pronunciation, and grammar. Includes practice in reading and simple conversation and gives an introduction to Spanish-speaking people and their culture.

HSOTH 742  
Spanish 2  
Credit(s): 5.0  
Provides students with additional skills, concepts, grammar and vocabulary appropriate for a first year course in learning to speak Spanish.

HSOTH 743  
Spanish 3  
Credit(s): 5.0  
Provides a language integrated course designed to provide native Spanish speaking students with academic language proficiencies. Offers listening, speaking, reading, writing, and critical thinking, and vocabulary development. Writing as a process and literature will be emphasized.

HSOTH 744  
Spanish 4  
Credit(s): 5.0  
Provides students with additional skills, concepts, grammar and vocabulary appropriate for a second year course in learning to speak Spanish. (Recommended for those students who have completed Spanish 3 or equivalent.)

HIGH SCHOOL SUBJECTS - READING

HSRDG 089  
Reading Proficiency Development  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Enables students to become proficient in practical, content and reference skills as well as to improve general comprehension and vocabulary skills. This course is in preparation for the district reading proficiency examination.

HSRDG 093  
Building Reading Skills 1  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides an opportunity for skill development in word recognition, comprehension, study and content reading skills necessary for success in the High School Subjects program. Computer-aided instruction is included.

HSRDG 094  
Building Reading Skills 2  
Credit(s): 5.0  
Provides an opportunity for skill development in word recognition, general and inferential comprehension, critical thinking, and content reading skills necessary for success in the High School Subjects program. Computer-aided instruction is included.

HIGH SCHOOL SUBJECTS - SOCIAL SCIENCES

HSSOC 215  
Introduction to Economics  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Introduces the basic concepts of economics. Explores the basic questions of every economic system. Examines money, the role of consumers, workers, businesses, and governments.

HSSOC 218  
U.S. History 1: Colonization to Industrialization  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Surveys events, movements, and personalities in the United States history from the colonial period through reconstruction, westward expansion, and industrialization. Includes immigration, the plight of Native and African Americans, reform movements, and geographical influences in the history of the United States. Open entry/open exit.

HSSOC 219  
U.S. History 2: Shaping of Modern America  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Examines United States history from the beginning of industrialization to present. Emphasizes the emergence of America on the international, economic, geographical, social and political scene. Open entry/open exit.

HSSOC 221  
Psychology  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides students with knowledge of the basic principles of psychoanalysis, behaviorism, the interpersonal model, humanism, existentialism and phenomenology as well as other concepts applied to the self.

HSSOC 222  
Government 1: U.S. Federal Government and Politics  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
This course in United States government and politics covers the Constitution and foundations of government, political behavior and participation, institutions of national government, civil liberties and civil rights and public policy and comparative government.

HSSOC 224  
World Geography 1A  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides a basic foundation for understanding physical geography and the cultural and economic variables in the relationship with the earth and its history. Introduces Northern America, Latin America, Europe, and Russia. Includes geography skills such as map reading, interpretation of graphs and diagrams, and map identification. Open entry/open exit.

HSSOC 225  
World Geography 1B  
Credit(s): 5.0 Class Hours: 72.0 Lecture total.  
Provides an overview of certain areas of the world in terms of their physical, cultural, historical and economic geography. Introduces North Africa, the Middle East, Africa south of the Sahara, the Asian Region, and the Pacific World. Includes geography skills such as map reading, interpreting graphs, and analyzing data from a chart. Open entry/open exit.
HSSOC 228
World History
Credit(s): 5.0  Class Hours: 72.0 Lecture total.

Offers the student a chronological understanding of world history in a sequence of events from the time before hominids became fully human, to the introduction to the new millennium. Addresses culture and geography in the context of world history.

HSSOC 231
Modern World History 1
Credit(s): 5.0  Class Hours: 72.0 Lecture total.

Provides students with a study of the major events that shaped the modern world, from the eighteenth century through the First World War. Students will trace the rise of democratic ideas and develop an understanding of the historical roots of current world issues.

HSSOC 232
Modern World History 2
Credit(s): 5.0

Provides students with a study of the major events that shaped the modern world, from the end of the First World War to the present. Students will develop an understanding of current world issues and relate them to their historical, geographic, political, and economic contexts.

HOME ECONOMICS

HOMECE 520
HSS Consumer Education
Credit(s): 0.0  Class Hours: 24.0-360.0 Lecture total.

Prepares students in the rigors of understanding consumerism in the free world market area today. Topics include banking, credit, financial planning, insurance, money management, employment, real estate and housing, taxes, and other consumer interests. Open entry/Open exit.

LEARNING

LRN 084
Composition 2
Credit(s): 5.0  Class Hours: 72.0 Lecture total.

Prepares the student to write well-conceived and well-executed five-paragraph essays, expository paragraph writing emphasizing various methods including argumentation, reading analysis, and research. Practice in refining sentence skills and grammar. A minimum grade of B (80%) in LRN 84 will serve as a prerequisite to English 101 without support. Meets the High School Composition Proficiency requirement. Students may be awarded 5 high school English credits if they complete and pass all course assignments and requirements. Open Entry/Open Exit.

LRN 095
Supervised Tutoring
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Supervised individual and group tutoring to assist students in reading, writing, and mathematics, science, business, and software applications for students enrolled at Santa Ana College School of Continuing Education and/or Santa Ana College course(s) for which tutoring is requested. Referral by counselor or instructor based on assessed academic need. May be repeated. Open Entry/Open Exit.

LRN 164
Introductory Algebra
Credit(s): 5.0  Class Hours: 72.0 Lecture total.

Provides instruction in basic algebra concepts, math vocabulary, and algebraic operations. This course is intended to be a bridge from basic arithmetic to elementary algebra. Students may be awarded 5 high school math credits if they complete and pass all course assignments and requirements. Open entry/open exit.

LRN 750
Intensive Writing and Grammar
Credit(s): 5.0  Class Hours: 72.0 Lecture total.

Provides intensive review and practice of writing strategies and advanced grammar. Concentrates on the writing process and development of various essay types along with verb tenses, adjective, noun, and adverb clauses. Recommended completion of ESL 707, HS English 067 and 068 or equivalent, with a minimum passing grade. Students may be awarded 5 high school English credits if they complete and pass all course assignments and requirements. Open Entry/Open Exit.

OLDER ADULTS

OAP 457
Music Arts for Older Adults
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Provides a positive framework for developing and enhancing music appreciation, vocal and instrumental skill. Emphasis will be on activities designed to encourage creative expression.

OAP 518
Creative Cooking for Older Adults
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Designed to enhance awareness of current cooking techniques. Demonstrations and lectures include information on basic nutrition and consumer awareness. A variety of cooking appliances and methods are utilized.

OAP 802
Seminar for Older Adults
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Provides information and a discussion forum related to the examination of concerns common to older adults. Discovers specific needs and interests and examines current news events as interpreted through historical background and current political/regional developments and changes.

OAP 823
Manipulative Skills for Older Adults
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Concentrates on maintenance and improvement of motor skills through utilization of a variety of art media and techniques. Provides opportunities for analysis and decision making skills while exercising basic manipulative skills.

OAP 894
Physical Fitness for Older Adults
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Teaches movement exercises designed to improve or maintain flexibility, strength, endurance and cardiovascular and respiratory functions. Emphasizes motor movements, hand-eye coordination, body space awareness, balance training, reaction time, joint protection, and relaxation techniques.
**PARENT EDUCATION**

**PRNT 527**  
*Pre-Kindergarten*  
Credit(s): 0.0  Class Hours: 132.0 Lecture total.  
Provides the opportunity for parents and others to learn the importance of providing appropriate early childhood experiences and preparing children for a successful kindergarten experience. Topics include school readiness, how to transform children’s everyday world into an exciting learning environment, and how to stay positively involved in children’s education.

**PRNT 528**  
*Increasing Parent Awareness of U.S. Schools*  
Credit(s): 0.0  Class Hours: 132.0 Lecture total.  
Develops awareness of school systems in the United States. Introduces content standards and expectancies for different grade levels. Includes teaching and learning processes, strategies to support school children at home, pre-collegiate preparation of children, and college options.

**PRNT 557**  
*Early Childhood Education: Principles and Practices*  
Credit(s): 0.0  Class Hours: 96.0 Lecture total.  
Bilingual (Spanish/English) course designed to introduce Spanish speaking students who are considering a career as teachers or aides to the scope of early childhood education. This class meets state licensing requirements for aides and limited-English caregivers in Early Childhood Education programs. May award five elective credits. Open entry/open exit. Same as Human Development 070.

**PRNT 558**  
*Early Childhood Care and Development For Family Child Care Providers*  
Credit(s): 0.0  Class Hours: 84.0 Lecture total.  
Provides knowledge about the care and development of young children for family child care providers seeking state licensing.

**SECONDARY SUBJECTS GED**

**HSGED 031**  
*GED Test Preparation*  
Credit(s): 0.0  Class Hours: 360.0 Lecture total.  
Provides pre and post testing and individualized prescriptive instruction in preparation for the GED test. Covers test-taking strategies and the fundamentals of social studies, mathematics, science, reading, and writing.

**SUBSTANTIAL DISABILITIES**

**SSD 350**  
*Signing Exact English for Parents of Deaf Children*  
Credit(s): 0.0  Class Hours: 60.0 Lecture total.  
Designed as an introductory course to teach Signing Exact English and the manual alphabet.

**SSD 400**  
*Developmentally Disabled Adults Job Coach Training*  
Credit(s): 0.0  Class Hours: 180.0-244.0 Lecture total.  
Students will develop knowledge of and acquire the necessary skills to assist developmentally disabled clients in their daily lives.

**SSD 495**  
*Personal Development & Grooming for Developmentally Disabled Adults*  
Credit(s): 0.0  Class Hours: 65.0-95.0 Lecture total.  
Assists developmentally disabled adults in acquiring skills necessary to attain interpersonal relationships, social behavioral, grooming, and physical fitness skills. Students will work in groups and independently toward grooming awareness and physical fitness activities. Exercises are tailored to students abilities.

**SSD 788**  
*Independent Living Skills for Adults With Developmental Disabilities*  
Credit(s): 0.0  Class Hours: 180.0 Lecture total.  
Assists adults with developmental disabilities to attain a higher functional level for independent living in these areas: health and nutrition, personal appearance, communication, manners, money management, safety and consumer awareness, transportation, social interaction and practical reading, writing and math skills related to home and community settings.

**SSD 792**  
*Handicapped Adults Topics*  
Credit(s): 0.0  Class Hours: 72.0-216.0 Lecture total.  
Specialized courses on topics related to the needs of students in Handicapped Education.

**VOCATIONAL - AUTOMOTIVE**

**VAUTO 668**  
*Introduction to Automotive Vehicle Systems*  
Credit(s): 0.0  Class Hours: 72.0 Lecture total.  
Introduction to the primary automotive systems used on modern vehicles. Theory, parts nomenclature, and description of system operation are emphasized. This course is intended for students seeking technical knowledge, with hands-on lab work, and future employment in as an automotive service technician. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 70%. Same as Automotive Technology 102.

**VAUTO 670**  
*Preventative Maintenance Inspection*  
Credit(s): 0.0 Class Hours: 90.0 Lecture total.  
This course provides the student with basic knowledge and skills in medium and heavy duty truck maintenance. Safety, inspections, and hands-on practice are emphasized. This course helps students prepare for the T8 ASE exam. Five (5) high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.
VOCATIONAL - BUSINESS

VBUS 118
Microsoft Windows Overview
Formerly: Introduction to Windows
Credit(s): 0.0  Class Hours: 60.0 Lecture total.

Recommended Preparation: VBUS 259 Orientation to Computers
Provides students with a complete introduction to Microsoft's new operating system and basic computer concepts to ensure students develop the skills they need to effectively use a computer. The beginning of the course focuses on skills and tools that students will use every day, aiding productivity in school and at work. These features include starting and properly shutting down the computer, logging in, using a mouse, navigating the desktop, Program Controls, working with menus, using the taskbar, basic word processing, switching between apps, working with apps, using email, and email safety. As students advance in the course, file management and organization is reviewed where students save files and create folders both on the local PC and in the cloud. Microsoft's web browser, focusing on effective web searches, how to protect against internet threats, Outlook Online, Word Online, OneDrive, and how to handle setting and preferences within Windows are covered as well. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70% or achieves a minimum score of 85% on a challenge course by exam.

VBUS 123
Introduction to Computer Software & Online Applications
Formerly: Introduction to Computer Software Applications
Credit(s): 0.0  Class Hours: 12.0-36.0 Lecture total.
Provides instruction on the basic skills needed to perform tasks on computer software such as, but not limited to, Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Microsoft Outlook, Adobe Photoshop, and online applications. The standards reviewed in this course reflect basic computer competency benchmarks common to many jobs.

VBUS 124
Introduction to Keyboarding I
Credit(s): 0.0  Class Hours: 32.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in VBUS 259
Provides introductory instruction for keyboarding by touch and skill building drills to achieve speed and accuracy. Emphasis is placed on proper posture, typing on a computer without looking at the keyboard, and using proper finger and hand placement. Two high school elective credits may be awarded if a student completes all the required assignments and passes the final exam.

VBUS 125
Introduction to Keyboarding II
Credit(s): 0.0  Class Hours: 45.0 Lecture total.

Recommended Preparation: Completion with a grade of "C" or better or a Passing grade in VBUS 124
Provides additional practice in keyboarding by touch through the production of business and academic documents and tables. All students learn Microsoft Word as they advance through the course. Extensive accuracy and speed development is offered. Three high school elective credits may be awarded if a student completes all the requirement assignments and passes the final exam.

VBUS 200
Topics in Business Skills
Formerly: Topics in Career Technical Education
Credit(s): 0.0  Class Hours: 12.0-36.0 Lecture total.
Varies according to topic. Specialized courses on topics related to the needs of students in the Vocational Business Skills program.

VBUS 240
Practical Computer & Internet Skills for Parents & Guardians
Credit(s): 0.0  Class Hours: 12.0-24.0 Lecture total.
This course is designed to help parents or guardians learn the computer and internet skills that they will be able to use immediately to help their children, family and themselves succeed in school and with daily tasks. Parents or guardians will learn essential skills like how to navigate popular software and online programs, and internet security. Course sessions are taught in various languages including, but not limited to, English, Spanish, and Vietnamese.

VBUS 243
Introduction to Customer Service Skills
Credit(s): 0.0  Class Hours: 60.0 Lecture total.
Provides basic customer service training in: achieving high customer satisfaction; developing strong listening and communication skills; developing effective telephone skills; handling difficult customer situations; solving and preventing incidents and problems; working in a team; and minimizing stress and avoiding burnout. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VBUS 244
Introduction to Microsoft Access
Formerly: Introduction to Databases Using Microsoft Access
Credit(s): 0.0  Class Hours: 60.0 Lecture total.
Recommended Preparation: VBUS 118 Microsoft Windows Overview, VBUS 262 Introduction to Microsoft Excel
This course is an introduction to Microsoft Access - a database management system. Students will learn how to: design and use databases by creating tables, queries, forms and reports; create relationships between tables; and sort and filter data. Businesses use relational databases to manage their data. This course prepares students to understand and use Microsoft Access and databases in general, thereby assisting them in workforce preparation. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70% or achieves a minimum score of 85% on a challenge course by exam.

VBUS 245
Introduction to Microsoft Publisher
Formerly: Introduction to Desktop Publishing Using Microsoft Publisher
Credit(s): 0.0  Class Hours: 60.0 Lecture total.
Recommended Preparation: VBUS 118 Microsoft Windows Overview, VBUS 260 Introduction to Microsoft Word
This course introduces students to Microsoft Publisher which is a desktop software application. Students obtain the skills to create and produce publications such as flyers, newsletters, brochures, greeting cards, certificates, newsletters, invitations, and other printed publications. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70% or achieves a minimum score of 85% on a challenge course by exam.
VBUS 258
Navigating the Internet
Credit(s): 0.0  Class Hours: 36.0 Lecture total.

Recommended Preparation: VBUS 259 Orientation to Computers
Provides students with a basic introduction to accessing and using the internet. Topics include basic internet terms and concepts, browsing the Web, searching the Web, and communicating online. Two high school elective credits may be awarded if a student passes the course with a minimum grade of 70% or achieves a minimum score of 85% on a challenge course by exam.

VBUS 259
Orientation to Computers
Credit(s): 0.0  Class Hours: 60.0 Lecture total.

This course is designed to familiarize students with the fundamentals in computer hardware and software. It also introduces the Windows operating system, Microsoft Word application, email, and internet. Four high school elective credits may be awarded if student completes all the required assignments and passes the final exam.

VBUS 260
Introduction to Microsoft Word
Formerly: Introduction to Word Processing Using MS Word
Credit(s): 0.0  Class Hours: 60.0 Lecture total.

Recommended Preparation: VBUS 259 Orientation to Computers
This course provides instruction in concepts and techniques of Microsoft Word. Students will learn procedures of creating, editing, and formatting office/business documents of varying complexities. They will create business letters and tables, use mail merge, illustrate documents with graphics, and more. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70% or achieves a minimum score of 85% on a challenge course by exam.

VBUS 262
Introduction to Microsoft Excel
Formerly: Introduction to Spreadsheets Using MS Excel
Credit(s): 0.0  Class Hours: 60.0 Lecture total.

Recommended Preparation: VBUS 118 Microsoft Windows Overview; VBUS 262 Introduction to Microsoft Excel; VBUS 280 Accounting Terminology
This is a beginning accounting course designed for students with little or no accounting background. It introduces and provides an understanding of accounting terminology to prepare students for accounting occupations and accounting coursework. Students may be awarded 2 high school elective credits if they complete and pass all course assignments and requirements.

VBUS 270
Introduction to Microsoft Outlook
Credit(s): 0.0  Class Hours: 72.0 Lecture total.

Students will learn the basics to manage and organize emails, calendars and contact information. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open entry/open exit

VBUS 280
Accounting Terminology
Credit(s): 0.0  Class Hours: 36.0 Lecture total.

This is an introductory course on using QuickBooks software in the business environment for preparation of accounting information. The course will cover accounting theory and practical knowledge of QuickBooks on topics that include company file setup, customizing QuickBooks, recording customer and vendor transactions, bank reconciliations, creation of accounting reports and customization.

VBUS 281
Introduction to Quickbooks
Credit(s): 0.0  Class Hours: 36.0 Lecture total.

Recommended Preparation: VBUS 118 Microsoft Windows Overview; VBUS 262 Introduction to Microsoft Excel; VBUS 280 Accounting Terminology
This course is for students who want to learn how to navigate the basics of Quickbooks such as creating and paying bills, creating invoices, and more. These skills and knowledge provide the foundation for the study and application of QuickBooks accounting systems. Students who pass this course will be prepared to transition into VBUS 282 Quickbooks I which is equivalent to Santa Ana College’s Accounting 035 Quickbooks I course. Two high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VBUS 282
QuickBooks I
Credit(s): 0.0  Class Hours: 108.0 Lecture total.

Prerequisite: Completion with a grade of “C” or better or a Passing grade in VBUS 280, VBUS 281
This is an introductory course on using QuickBooks software in the business environment for preparation of accounting information. The course will cover accounting theory and practical knowledge of QuickBooks on topics that include company file setup, customizing QuickBooks, recording customer and vendor transactions, bank reconciliations, creation of accounting reports and customization.

VBUS 290
Business Terminology
Credit(s): 0.0  Class Hours: 36.0 Lecture total.

An introductory course to commonly used business terms with the intent of helping students develop a viable business vocabulary and how they can be effectively used in the workplace and for career advancement. Students may be awarded 2 high school elective credits if they complete and pass all course assignments and requirements.

VBUS 302
Introduction to Web Page Development Using HTML
Credit(s): 0.0  Class Hours: 60.0 Lecture total.

Provides introductory instruction to web page development. Topics include web page design elements; HTML; graphic image, movie and sound formats; and testing pages on cross platforms. Designed for students who have completed a basic computer course or equivalent.

VBUS 303
Introduction to Adobe Photoshop
Formerly: Introduction to Electronic Imaging Using Adobe Photoshop
Credit(s): 0.0  Class Hours: 60.0 Lecture total.

Recommended Preparation: VBUS 118 Microsoft Windows Overview
Provides introductory instruction to electronic imaging using Adobe Photoshop software. Topics include beginning Photoshop features, scanner basics, image and file formats, color, importing/exporting of files, and printing. Four high school elective credits may be awarded if a student passes the course with a 70% or better, or achieves an 85% on a challenge course by exam.
VBUS 304
Introduction to Microsoft PowerPoint
Formerly: Introduction to Electronic Presentations Using Powerpoint
Credit(s): 0.0  Class Hours: 60.0 Lecture total.
Recommended Preparation: VBUS 118 Microsoft Windows Overview
Provides students with instruction on how to use PowerPoint features (e.g., templates, layouts, pictures, graphics, animation, multimedia assets) to create engaging presentations. Students will also discuss best practices for using PowerPoint as a visual aid for any presentation. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70% or achieves a minimum score of 85% on a challenge course by exam.

VBUS 340
Career Exploration
Credit(s): 0.0  Class Hours: 5.0 Lecture total.
This is a course designed to assist students in understanding opportunities available to them in different career and educational areas. Students will also learn about and be exposed to existing career technical education (CTE) pathways and how to successfully transition into a credit CTE program of study. Students will explore available occupations, careers, educational or training programs using a variety of available sources, such as interviews with business or college representatives, job shadowing, tours, guest speakers, and career and educational fairs/events.

VBUS 400
Employability Skills
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Prepares students with the knowledge, work habits, and character traits that are necessary to succeed in the rapidly changing workplace and global economy of the 21st century. Students learn the 21st century soft skills that are critical for the demands of today’s work environment. In addition, it teaches workforce preparation such as resume development, cover letter, interview techniques, job search strategies, networking, and elevator speech. Three high school elective credits may be awarded if a student completes all the required assignments and final project.

VBUS 402
Workforce Power Skills
Credit(s): 0.0  Class Hours: 12.0-24.0 Lecture total.
This course helps students develop and practice the power skills that they need every day to be effective and stay competitive in today’s workforce. These power skills include, but not limited to, problem-solving, communication, collaboration, leadership, and wellness. When combined with industry knowledge and behaviors, mastery of power skills results in higher levels of individual performance and growth. This course is highly recommended for students who are currently in the workforce.

VBUS 450
Hardware & Software A+ Preparation, Review, Practice
Credit(s): 0.0  Class Hours: 72.0 Lecture total.
Course provides instruction in computer hardware and software preparation, review, and practice for taking the A+ certification test. Training includes review and practice of upgrading, troubleshooting, and repair of computers; setting up home and small office networks; installation and familiarization of various Operating Systems; Applications, and Utilities. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open entry/open exit.

VBUS 500
Digital Literacy for Academic and Professional Success - Tier 1
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
The first integrated digital literacy course that prepares students for academic and workplace success by providing instruction on the fundamental technology skills needed to be digitally literate. Topics covered include: review of topics covered in Digital Literacy for Academic and Professional Success - Tier 1; the internet to search and evaluate information; mobile applications for learning and productivity; email etiquette for social and professional exchanges; online applications for synchronous communication; social media for civic and professional engagement; use word processing programs for academic and career readiness; online educational applications for collaboration; and overview of learning management systems (e.g., Canvas). Students may be awarded 2.5 high school elective credits if they complete and pass all course assignments and requirements.

VBUS 501
Digital Literacy for Academic and Professional Success - Tier 2
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
The second integrated digital literacy course that prepares students for academic and workplace success by providing instruction on the primary technology skills needed to enhance digital literacy. Topics covered include: review of topics covered in Digital Literacy for Academic and Professional Success - Tier 1; the internet to search and evaluate information; mobile applications for learning and productivity; email etiquette for social and professional exchanges; online applications for synchronous communication; social media for civic and professional engagement; use word processing programs for academic and career readiness; online educational applications for collaboration; and overview of learning management systems (e.g., Canvas). Students may be awarded 2.5 high school elective credits if they complete and pass all course assignments and requirements.

VBUS 502
Digital Literacy for Academic and Professional Success - Tier 3
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
The third integrated digital literacy course that prepares students for academic and workplace success by providing in depth instruction on a range of technology skills needed to further enhance digital literacy. Topics covered include: review of topics covered in Digital Literacy for Academic and Professional Success - Tier 1 and II; internet safety and one’s digital footprint; plagiarism in the Digital Age; use word processing programs for academic and career readiness; email and text communication - social and professional standards; introduction to online conferencing; introduction to blogging and wikis; expansion and application of online educational programs; and learning management systems - navigation and participation. Students may be awarded 2.5 high school elective credits if they complete and pass all course assignments and requirements.
VBUS 503
Digital Literacy for Real World Application–Tier 4
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
The final of four integrated digital literacy courses. In this course, students will employ the knowledge and skills acquired in Digital Literacy for Academic and Professional Success Tiers 1 through 3 to create a professional portfolio online. Instruction will focus on the technology and interpersonal skills needed to create an online presence necessary for academic and workplace success in the 21st century. Specifically, the following will be reviewed: topics covered in Tiers 1, 2 and 3; website creation to create an online portfolio; formatting and design standards for resumes; social media platforms to build a professional presence online; online professional networking through personal connections; and understanding how to use learning management systems through participation and collaboration. Students may be awarded 2.5 high school elective credits if they complete and pass all course assignments and requirements.

VBUS 559
Business Practices in Family Child Care
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
Provides potential family child care providers with information and skills necessary for successful operation of a family child care business. Open entry/open exit.

VBUS 574
Computer Basics: Hardware & Software
Credit(s): 0.0  Class Hours: 192.0 Lecture total.
Provides instruction in maintenance, repair, and upgrading of personal computers. Emphasizes functional operations of hardware and software components. Includes hands-on experience with upgrading and repair of computers. Upon completion of course requirements a student may be awarded 5 elective credits. Open entry/open exit.

VBUS 576
Computer Basics: Systems and Networking Essentials
Credit(s): 0.0  Class Hours: 90.0 Lecture total.
Course provides baseline level of knowledge for networking certifications, including MCSA, MCSE, CNA and CCNA designations. The focus is also on networking operating systems including Microsoft and Linux. This class is for students with knowledge of computer repair and troubleshooting. May award five high school elective credits if student completes all the required assignments with a minimum passing grade of 75%. Open entry/open exit.

VBUS 590
Introduction to How to Start a Small Business
Credit(s): 0.0  Class Hours: 48.0 Lecture total.
Provides an introductory series of classes each designed to teach practical, hands-on small business management skills and focusing on specific topics addressing the needs of individuals desiring to start a small business. Course sessions are taught in various languages including, but not limited to, English, Spanish, and Vietnamese. Three high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VCNST 101
Introduction to Welding
Credit(s): 0.0  Class Hours: 162.0 Lecture total.
This is a basic course designed to introduce students to shop safety, the proper use of tools and the basic equipment, and basic fundamentals through the introduction of various welding processes currently used in the welding and metal fabrication industry. Processes will include Oxy-fuel cutting, Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW).

VCNST 610
Vocational Construction Technology Module I
Credit(s): 0.0  Class Hours: 60.0-200.0 Lecture total.
Provides basic introduction to construction technology including Occupational Safety and Health Administration (OSHA) standards, first aid, and the proper use of hand and power tools. Introduces basic theory and tools used with lumber, concrete and electrical work. Students may be awarded 4 high school elective credits if they complete and pass all course assignments and requirements.

VCNST 620
Vocational Construction Technology Module II
Credit(s): 0.0  Class Hours: 60.0-200.0 Lecture total.
Recommended Preparation: VCNST 610 Vocational Construction Technology Module I
Provides basic instruction with hands-on activities in, but not limited to, building foundations and framing. This includes completion of such project(s). Recommended for those who have completed and passed Vocational Construction Technology Module I, or those who have the instructor's approval by standard assessment. Students may be awarded 4 high school elective credits if they complete and pass all course assignments and requirements.

VCNST 630
Heating/Ventilation/Air Conditioning/Refrigeration (HVAC-R) Technology
Credit(s): 0.0  Class Hours: 288.0 Lecture total.
This course is designed to provide students with entry-level skills in the repair and servicing of heating, ventilating, air-conditioning, and refrigeration (HVAC-R) equipment used in residential, industrial and commercial buildings. Twenty high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VFCPA 150A
Rehearsal and Performance in Production
Credit(s): 0.0  Class Hours: 88.0 Lecture total.
Other: Audition
Practical experience in performance production culminating in a series of public performances. All actors must audition and be cast prior to enrolling. Students may be awarded 6 high school humanities credits if they complete and pass all course assignments and requirements.
VFPA 150B
Technical Theatre in Production
Credit(s): 0.0  Class Hours: 88.0 Lecture total.
Students will gain practical experience in the application of production responsibilities in any of the following: stage management, scenery construction, properties, costuming, lighting, or sound. This course culminates into a series of public performances. All student technicians must obtain instructor approval prior to enrolling. Students may be awarded 6 high school humanities credits if they complete and pass all course assignments and requirements.

VFPA 152
Tour Ensemble
Credit(s): 0.0  Class Hours: 90.0 Lecture total.
An introduction to theatre performance emphasizing acting techniques as applied to performing a role in multiple venues. Students may be awarded 10 high school humanities credits if they complete and pass all course assignments and requirements.

VFPA 255
Motion Picture Performance Production
Credit(s): 0.0  Class Hours: 126.0 Lecture total.
Other: Audition  Practical experience in performance production culminating in a fully produced feature film screened to the public. The final movie presentation becomes the basis for developing an actor reel. Students desiring an acting role must audition. Students may be awarded 10 high school humanities credits if they complete and pass all course assignments and requirements.

VFOOD 210
ServeSafe® Food Protection Manager Certification Exam Preparation, Review, & Practice
Credit(s): 0.0  Class Hours: 54.0 Lecture total.
This course prepares students for the ServSafe® Food Protection Manager Certification Exam. The certification will allow students to obtain employment in commercial and institutional food kitchens. The following areas will be covered: foodborne microorganisms and allergens; purchasing, receiving, and storing food; preparing, cooking, and serving food; cleaning and sanitizing facilities; and learning about pest control methods. Three high school elective credits may be awarded if a student passes the course with a minimum average of 70% in all coursework.

VFPA 100
Acting
Credit(s): 0.0  Class Hours: 90.0 Lecture total.
This course provides instruction on the different aspects of food preparation, as well as methods of presenting and serving food properly. Students will also receive training in the following types of cooking stations: grill, pantry, sauté, fry, and preparation. Four high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VFOOD 005
ServSafe Food Handler
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
This course prepares students for employment in commercial and institutional food kitchens. It includes employee terminology, responsibilities, and training when preparing, handling, and serving food to the public. The course covers six key areas: basic food safety; good personal hygiene; controlling time and temperature; preventing cross-contamination; cleaning and sanitizing; and detailed food industry safety guidelines. It prepares students for the ServSafe Food Handler Certification. Two high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VFOOD 200
Line Cook Training
Credit(s): 0.0  Class Hours: 60.0 Lecture total.
This course culminates into a series of public performances. All student technicians must obtain instructor approval prior to enrolling. Students may be awarded 6 high school humanities credits if they complete and pass all course assignments and requirements.

VFOOD 210
Certified Nursing Assistant (CNA) Training
Credit(s): 0.0  Class Hours: 184.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in VHLTH 101
Designed for students who want to become Certified Nursing Assistants (CNA). This course includes theory and clinical segments designed to prepare them to complete the CNA certification and potentially seek employment as entry-level healthcare assistants. Upon completion, the student will be prepared to take the California certification exam. Students must complete all lecture hours and clinical training hours to be eligible to take the certification exam. Ten high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VHLTH 101
Overview of the Nursing Assistant Training Program
Credit(s): 0.0  Class Hours: 10.0 Lecture total.
This course is designed to provide an introduction to the clinical and theoretical requirements for the Certified Nursing Assistant (CNA) Training Program.

VHLTH 102
Certified Nursing Assistant (CNA) Training
Credit(s): 0.0  Class Hours: 184.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in VHLTH 101
Designed for students who want to become Certified Nursing Assistants (CNA). This course includes theory and clinical segments designed to prepare them to complete the CNA certification and potentially seek employment as entry-level healthcare assistants. Upon completion, the student will be prepared to take the California certification exam. Students must complete all lecture hours and clinical training hours to be eligible to take the certification exam. Ten high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VHLTH 109
Introduction to Caregiving
Credit(s): 0.0  Class Hours: 24.0 Lecture total.
This course is designed to prepare students to assist the elderly, convalescents, or persons with disabilities with daily living activities at the person's home or in a care facility. Duties performed at a place of residence may include upkeeping the house (e.g., making beds, doing laundry, washing dishes) and preparing meals. Topics covered include methods of advising families, the elderly, convalescents, and persons with disabilities regarding such topics as nutrition, cleanliness, and household activities. One high school elective credit may be awarded if a student passes the course with a minimum grade of 70%.
VHLTH 110
Caregiver Training
Credit(s): 0.0  Class Hours: 34.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in VHLTH 109
This course is designed to provide students with hands-on experience as caregivers. Students will apply caregiver skills in a simulated caregiving environment. Two high school elective credits may be awarded if a student passes the course with a minimum grade of 70%.

VHLTH 704
Introduction to Biotechnology
Credit(s): 0.0  Class Hours: 50.0 Lecture total.
This course is a general examination of biology as it relates to the field of biotechnology. Topics include the fundamental chemical processes common in prokaryotic and eukaryotic biology, chemistry of bio-molecules (proteins, enzymes, nucleic acids and lipids), cellular and molecular biology, basic immunology, and classical and molecular genetics with an emphasis on gene expression and genetic engineering.

VHLTH 705
Introductory Biotech Lab
Credit(s): 0.0  Class Hours: 54.0 Lecture total.
Prerequisite: Completion with a grade of "C" or better or a Passing grade in VHLTH 704.
Corequisite: VHLTH 704
This laboratory is a general examination of biology as it relates to the field of biotechnology. The laboratory addresses basic skills and techniques common to the biotechnology industry. Topics include the measurement of activity and quantity of proteins, growth and manipulation of bacteria, genetic engineering and antibody methods. This course is intended as a laboratory class for students majoring in applied biology and as a general education laboratory option for all students.

VHLTH 799
Introduction to Pharmacy Technology
Credit(s): 0.0  Class Hours: 36.0 Lecture total.
Overview of the SAC Pharmacy Technician training program. Definition of the roles and preview of the opportunities open to pharmacy technicians in various practice settings. Presentation of pharmaceutical dosage forms, the drug development process, and drug classification systems. Introduction to prescription labeling and to the law and ethics of pharmacy practice. May award two high school elective credits if student completes all the required assignments with a minimum passing grade of 70%. Same as Pharmacy Technology 048.

VHLTH 896
Paraprofessional Mental Health Worker II
Credit(s): 0.0  Class Hours: 128.0 Lecture total.
Provides students with basic case management skills for employment as paraprofessional mental health workers. Recommended completion of Paraprofessional Mental Health Worker I. Recommended English proficiency level to be Intermediate and above. May earn five high school elective credits if a student completes all the required assignments and passes the final exam and/or project with a minimum passing grade of 70%.

VHLTH 897
Paraprofessional Mental Health Worker III
Credit(s): 0.0  Class Hours: 128.0 Lecture total.
Provides students with basic facilitation and counseling skills for employment as paraprofessional mental health workers. Focuses on group and peer counseling. Recommended completion of Paraprofessional Mental Health Worker I. Recommended English proficiency level to be Intermediate and above. May earn five high school elective credits if a student completes all the required assignments and final exam and/or project with a minimum passing grade of 70%.

VOCATIONAL - HOSPITALITY

VHOSP 201
Career Focus - Hospitality Services
Credit(s): 0.0  Class Hours: 60.0 Lecture total.
This course provides students with an overview of the diverse career opportunities in food and lodging services. Students will develop a personal educational preparation and career plan. Topics include food service operations, management basics, and the hotel and lodging industry. The course also covers aspects of hospitality management, such as business structures and operations, human resources, and workplace safety. Students may be awarded 4 high school elective credits if they complete and pass all course assignments and requirements.

VOCATIONAL - MANUFACTURING

VMFG 680
Basic Machining Concepts and Operations
Formerly: VBUS 680, Basic Machining Concepts and Operations
Credit(s): 0.0  Class Hours: 144.0 Lecture total.
Fundamental operations on lathes, milling machines, grinders, and drill presses, including precision measurements and layout. Equips students with skills and theory necessary to enter or upgrade within the machinist trade. Students may be awarded 10 high school elective credits if they complete and pass all course assignments and requirements.
SANTA ANA COLLEGE ADMINISTRATORS

Becerra, Rosio (2018)
Director, Special Programs
Academic Talent Search
B.A., M.A., California State University, Dominguez Hills

Professor, ESL
B.A., California State University, Fullerton
M.A., United States International University

Littlejohn, Stacey (2014)
Associate Professor, Chemistry
B.S., Kansas Wesleyan University
M.S., University of California, Irvine

Lockhart, Ann (2011)
Counseling
B.S.W., M.S.W., California State University, Long Beach

Lockwood, Lance (2005)
Professor, Communication Studies
A.A., Victor Valley College
B.A., M.A., Chapman University

Lopez, Jorge (2007)
Professor, Biology
B.S., University of California, Davis
M.S., University of Chicago
Ph.D., Indiana University

Lopez Mercedes, Jose (2017)
Associate Professor, ESL/Distance Education & Professional Development Coordinator
A.A., Santa Ana College
B.A., California State University, Fullerton
M.A., TESOL Certificate, California State University, Fullerton

Lui, Rachel (2015)
Associate Professor, Mathematics
A.A., Fullerton College
B.A., University of California, Los Angeles
M.A., California State University, Fullerton

Luppani, Flo (2004)
Professor, Kinesiology
B.A., Chapman University
M.A., California State University, Humboldt

Macdonald, Juli (1996)
Professor, Kinesiology
B.S., M.S., California State University, Fullerton

Macintyre, Michelle (2015)
Counseling
B.A., University of Hawaii
M.A., Concordia University
M.A., California Polytechnic State University, San Luis Obispo

Madrigal, Osiel R. (2016)
Associate Professor, Workforce Development Coordinator
B.S., M.P.A., San Diego State University
Ed.D., University of La Verne

Mandir, Joshua (2014)
Associate Professor, Chemistry
B.S., University of California, Irvine
Ph.D., University of Wisconsin, Madison

Marquez, Phil (2011)
Associate Professor, Art
B.A., California State University, Fullerton
M.F.A., Claremont Graduate University

Marr, John (2014)
Associate Professor, Music
B.A., M.M., California State University, Fullerton

Mathis, Jane (2005)
Counseling
B.A., University of California, Irvine
M.S., California State University, Long Beach

Mathot, Sarah (2015)
Associate Professor, Nutrition & Foods
B.S., California Polytechnic State University, San Luis Obispo
M.S., R.D.N., California State University, Long Beach

Mayer, Quynh (2019)
Assistant Professor, Nursing
A.D.N, Glendale Community College
B.S.N., M.S.N., California State University, Fullerton

McAdams, Jennifer (2019)
Assistant Professor, Chemistry
B.S., Loyola Marymount University
M.S., University of California, Irvine

McCallick, Mark (2014)
Associate Professor, Accounting and Business Administration
B.S., Loyola Marymount University, Los Angeles
Certified Public Accountant, State of California
McKenna-Sallade, Dawn (2017)
Associate Professor/Coordinator, Occupational Therapy Assistant
Occupational Studies Bachelor Degree Program
B.S., Tufts University
M.A., University of Southern California

McKowan-Bourguignon, Lisa (2011)
Associate Professor, Mathematics
A.A., Santa Ana College
B.S., M.S., California State University, Long Beach

McMillan, Jeffrey (1992)
Professor, Chemistry
A.A., Santa Ana College
B.S., University of California, Irvine
Ph.D., Princeton University

Meckes, Ana M. (2015)
Counseling
B.A., M.S., California State University, Long Beach

Medina, Moises (2014)
Associate Professor, History
B.A., California State University, Northridge
M.A., University of California, Riverside

Meier, Krystal (1997)
Professor, Mathematics
B.A., California State University, Long Beach
M.A., Azusa Pacific University
M.A., California State University, Fullerton

Meloni, Jennifer (2015)
Professor, Fire Technology and Wellness
B.S. University of California, Los Angeles
M.S. California State University, Fullerton

Mishal, Amit (2015)
Associate Professor, Mathematics
B.A., M.A., University of California, Los Angeles
M.A., California State University, Fullerton
Ed.D., University of Southern California

Professor, Nursing
A.D.N., Cerritos College
B.S.N., California State University, Fullerton
M.S.N., University of Phoenix

Montes, Agustin (1998)
Professor, Economics
B.A., M.A., California State University, Long Beach

Moreno, Alejandro (2016)
Assistant Professor, Counseling
B.A., University of California, Irvine
M.A., Azusa Pacific University

Morgan, Adam (2018)
Assistant Professor, Business Applications and Technology
A.A., Irvine Valley College
B.A., California State University, Fullerton
M.S., California State University, Fullerton

Morris, A. Kimo (2011)
Associate Professor, Biology
B.A., University of California, Santa Barbara
M.Sc., Oregon State University
Ph.D., University of California, Los Angeles

Mowrer, Melanie (2002)
Professor, ESL
B.A., Moravian College
M.A., United States International University, Irvine
TESOL Certificate, University of California, Irvine

Muir, Shannon (2016)
Counseling
B.A., University of California, Los Angeles
M.A., California Graduate Institute
M.Ed., University of Southern California

Murphy, Tim (2000)
Professor, Political Science
B.S., M.A., Ball University
Ph.D., University of Cincinnati

Nair, Arjun (2018)
Assistant Professor, Biology
B.S., University of California, Davis
M.S., University of California, Irvine
Ph.D., University of California, Irvine

Nardi, Nicholas (2019)
Assistant Professor, Psychology
A.A., Pierce College, Woodland Hills
B.A., California State University, Northridge,
M.A., California State University, Chico
Ph.D., Pepperdine University

Natale, Alexander (2020)
Assistant Professor Physics
B.S., University of Idaho
Ph.D., University of California, Riverside

Nguyen, Huy (2018)
Assistant Professor, Computer Science
B.S., California State University, Long Beach
M.S., Boston University

Nguyen, Kelly K. (2016)
Assistant Professor, Mathematics
B.A., California State University, Long Beach
M.A., California State University, Fullerton
Nguyen, Madeleine (1996)
Counseling
B.A., California State University, Fullerton
M.A., California State University, Dominguez Hills

Nguyen, Thu T. (2014)
Counseling
B.A., University of California, Irvine
M.S., California State University, Long Beach

Nguyen, Van Thi (1995)
Counseling
B.A., M.S., California State University, Long Beach

Professor, Chemistry
A.S., Santa Ana College
B.S., Ph.D., University of California, Los Angeles

Nilles, Tom (2015)
Assistant Professor, Kinesiology
A.A., Laney College
B.A., University of California, Davis
M.A., St. Mary’s College of California

Nutter, Kim (1991)
Professor, Kinesiology
B.S., California Polytechnical State University, Pomona
M.A., California State University, Dominguez Hills

Nyssen, Adam (2013)
Assistant Professor, Kinesiology
M.A., Azusa Pacific University
M.A., San Diego State University

Oertel, Patricia (2008)
Professor, Biology
B.S., California State University, Long Beach
Ph.D., University of California, Irvine

Oh, Suanne (2017)
Assistant Professor, Mathematics
M.S., California State University, Northridge.
B.S., University of California, Irvine.

Orr, Estelle C. (1970)
Professor, Art
B.A., M.A., University of California, Berkeley

Ortiz, Rebecca Vasquez (2017)
Assistant Professor, Psychology
B.A., University of California, Riverside
M.A., University of California, Riverside
Ph.D., University of California, Riverside

Padilla, Jessica (2019)
Assistant Professor/Academic Fieldwork Coordinator, Occupational Therapy Assistant
B.S., Santa Ana College

Patch, Nicole (2019)
Assistant Professor, Librarian
B.A., Smith College
M.A., University of California- Los Angeles
M.L.I.S., University of California, Los Angeles

Papa, Elenor (2016)
Associate Professor, Nursing
B.S., University of California, Riverside
M.S.N., California Baptist University
D.N.P., Chamberlain University

Pastrana, Leo (2014)
Counselor/Coordinator, University Transfer Center
A.A., Orange Coast College
B.A., California State University, Dominguez Hills
M.A., Azusa Pacific University

Patterson, Kathleen (1996)
Professor, English
B.A., M.A., California State University, Fullerton

Patton, Carrie (2013)
Associate Professor, High School Subjects
B.A., St. Mary’s College
M.A., National University

Pedroza, Jeffrey (2001)
Professor, Psychology
B.S., M.S., Eastern Michigan University

Pedroza, Luis (1994)
Professor, Librarian
B.A., California State University, Long Beach
M.L.I.S., University of California, Berkeley

Peraza, Daniel (2017)
Counseling
B.A., California Polytechnic State University, Pomona
M.S., California State University, Long Beach

Pierce, Cathryn (2014)
Associate Professor, Communication Studies
B.A., California State University, Long Beach
M.A., New York University

Pineda, Maribel (2016)
Counseling
A.A., Santa Ana College
B.A., University of California, San Diego
M.S.W., California State University, Dominguez Hills

Quach, Nguyen (Nicholas) (2015)
Associate Professor, Computer Science
B.S., M.S., California State University, Fullerton

Ramirez, Adrian (2017)
Assistant Professor, History
A.A., Santa Ana College
B.A., University of California, Irvine
M.A., University of California, Irvine
Ramshaw, Charles (2001)
Professor, English
B.A., California State University, Fullerton
M.A., Chapman University

Rehm, David (2019)
Assistant Professor, Communication Studies
A.A., Santiago Canyon College
B.A., California State University, Long Beach
M.A., California State University, Long Beach

Ro, Kelly (2015)
Associate Professor, Mathematics
B.S., University of California, Los Angeles
M.A., University of Phoenix
M.A., California State University, Fullerton

Robertson, Mario C.S. (2006)
Professor, Anthropology
B.A., M.A., California State University, Fullerton

Robinson, Kristen (2011)
Professor, Legal Studies
A.S., Snow College
B.A., Southern Utah University
J.D., Brigham Young University
Member of California State Bar

Robledo, Rey (2005)
Counseling
B.S., California State University, Fullerton
M.S., University of La Verne

Rocke, Brandon (2014)
Associate Professor, English
B.A., California State University, Long Beach
M.A., Chapman University

Romero, Martin (2014)
Associate Professor, Mathematics
B.S., University of California, Los Angeles
M.S., California State University, Los Angeles
Ph.D., University of California, Los Angeles

Roper, David (2018)
Assistant Professor, Automotive Technology
A.A., Cerritos College
B.A., California State University, Los Angeles
M.A., Arizona State University

Ross, Kris (2006)
Professor, Fire Technology
B.A., M.A., California State University, Long Beach

Ross Jr., John (2009)
Professor, Pharmacy Technology
B.S., California State University, Fullerton
CPhT, Santa Ana College

Russo, Stacy (2011)
Associate Professor, Librarian
A.A., Cypress College
B.A., University of California, Berkeley
M.L.I.S., California State University, San Jose
M.A., Chapman University

Sabzevary, Mohammadreza Mirbeik (2017)
Assistant Professor, Mathematics
B.S., M.A, Iran-University of Tehran

Sanabria, Reina (2001)
Counseling
A.A., Fullerton College
B.S., California State University, Fullerton
M.A., Chapman University

Saterfield, Kalonji (2016)
Assistant Professor, Communication Studies
B.A., California State University, Stanislaus
M.A., California State University, Fullerton

Schlossman, Jacqueline (2019)
Assistant Professor, Photography
B.A., Sarah Lawrence College
M.F.A., Maryland Institute College of Art

Seitz Carol (2016)
Associate Professor, Medical Assisting
B.A., University of California, Irvine

Shahbazian, Roy (2007)
Professor, Mathematics
B.S., M.S., University of California, Irvine
M.S., University of California, Los Angeles

Shweiri, Gabriel (2011)
Professor, Global Business and Entrepreneurship
B.A., The George Washington University
M.IM, Thunderbird American Graduate School of International Management

Sill, Kenneth (1994)
Professor, Mathematics
B.S., University of California, Irvine
M.S., University of California, Riverside

Sim, Jai S. (2018)
Assistant Professor, Computer Science
B.A., Kean University
M.B.A., Saint Peters University
M.B.A., Northeastern University

Simmerman, Stacy (2016)
Assistant Professor, English
A.A., Santiago Canyon College
B.A., University of California, Irvine
M.A., Claremont Graduate University

Singh, Nirbhai (Nick) (1999)
Professor, Manufacturing Technology
B.S., University of Punjab, India
Smith, Elizabeth (2019)
Assistant Professor of American Sign Language
B.A., Biola University
M.A., Biola University

Smith, Kimberly, Esq. (2016)
Associate Professor, Legal Studies
B.A., California Polytechnic State University, Pomona
J.D., Southwestern University School of Law
Member of California State Bar

Smith, Sean (2017)
Assistant Professor, Mathematics
B.S., M.S., California Polytechnic State University, Pomona

Solheid, Christa (2000)
Professor, Mathematics
A.A., Fullerton College
B.A., M.A., California State University, Fullerton
Ed.D., Argosy University, Orange County

Soriano, Irene (1994)
Professor, Art History
B.A., University of Texas at El Paso
M.A., Boston College
M.A., Ph.D., Boston University

Sos, Brian (2011)
Associate Professor, Kinesiology/DSPS
B.S., M.A., San Diego State University
Ph.D., Florida State University

Sosta, Rachel (2011)
Professor, English
B.A., Occidental College
M.A., California State University, Fullerton

Steckler, Mary (2002)
Professor, Nursing
A.D.N., Saddleback College
B.S.N., M.S.N., California State University, Dominguez Hills

Stevens, Hayley (2019)
Assistant Professor, Physical Fitness, Wellness and Criminal Justice
B.S., California State University, Fullerton
M.S., California State University, Fullerton

Associate Professor, Accounting and Business Administration
B.S., M.S., University of Texas at Dallas
Certified Public Accountant, State of Texas

Trone, Jinhee (1999)
Professor, Accounting and Business Administration
B.A., California State University, Los Angeles
M.Ed., University of California, Riverside
Certified Public Accountant, State of California

Trone, Mark (2014)
Learning Disability Specialist, Associate Professor
B.A., University of California, Irvine
M.A., California School of Professional Psychology (Alliant University)

Tolentino, Justin (2016)
Assistant Professor, Mathematics
B.A., M.A., California State University, Fullerton

Tran, Melissa L. (1999)
Professor, English
B.A., Wellesley College
M.A., Chapman University

Turner, Mark (2014)
Learning Disability Specialist, Associate Professor
B.A., University of California, Irvine
M.A., California School of Professional Psychology (Alliant University)

Uffelman, Taylor (2020)
Assistant Professor, Nursing
A.D.N., Santa Ana College
B.S.N., M.S.N., Western Governors University

Valles, Rodrigo (2016)
Assistant Professor, Ethnic Studies
A.A., East Los Angeles College
B.A., California State University, Dominguez Hills
M.A., California State University, Los Angeles

Valtairo, Rowena (2007)
Professor, Nursing
B.S.N., M.S.N., California State University, Fullerton
D.N.P., Western University of Health Sciences
Santa Ana College 2021-2022 Catalog

Vasquez, Michelle (2015)
Associate Professor, Nursing
A.A., Golden West College
B.S.N., California State University, Fullerton
M.S.N., California State University, Long Beach
D.N.P., Chamberlain University

Viera, Violeta (2016)
Associate Professor, Counseling
B.A., California State University, Fullerton
M.A., University of San Diego

Villa, Beatriz (2020)
Assistant Professor, English
B.A., M.A., California State University, Long Beach

Vu, Dahlia (2006)
Professor, Mathematics
B.S., M.A., University of California, Riverside

Walczak, Katharine (2014)
Associate Professor, Learning Center Coordinator
B.A., Earlham College
M.Ed., Cleveland State University
M.B.A., Baldwin-Wallace University

Wang, Wendy (2019)
Assistant Professor, Occupational Therapy Assistant
Occupational Studies Bachelor Degree Program
B.S., University of California, Davis
M.A., University of Southern California

Associate Professor, ESL Coordinator
B.A., M.A., California State University, Los Angeles
Ed.D., University of Southern California

Professor, Chemistry
B.S., Ph.D., University of Southern California

Yimenu, Betty (2019)
Assistant Professor, Psychology
B.A., California State University, Fullerton
M.A., California State University, Fullerton
Ph.D., Case Western Reserve University

Zarske, John (1996)
Professor, Mathematics
A.A., Golden West College
B.A., California State University, Long Beach
M.S., University of Southern California

Zarske, Monica S. (2005)
Professor/Coordinator, Speech Language Pathology
Assistant Program (SLPA)
B.A., M.A., San Diego State University
INSTRUCTIONAL PROGRAMS INDEX

BACHELORS PROGRAM

Accounting Degree: AS .......................... 66
Accounting Degree: AA .......................... 66
Accounting: Certificate of Achievement ....... 67
Banking Skills for the 21st Century: Certificate of Achievement .... 67
Accounting Study & Ethics: Certificate of Achievement .... 67
Certificate of Professional Accounting - Accounting Subjects: Certificate of Achievement .... 68
Certificate of Professional Accounting - Business Subjects: Certificate of Achievement .... 69
Computerized Accounting - QuickBooks: Certificate of Achievement .... 70
Computerized Bookkeeping - QuickBooks Option: Certificate of Achievement .... 70
Accounting and Financial Planning: Certificate of Proficiency .... 71
Bookkeeping: Certificate of Proficiency .... 71
Enrolled Agent: Certificate of Proficiency .... 71
Tax Preparer: Certificate of Proficiency .... 71
