In accordance with our Participatory Governance Handbook:

*At the start of each academic year, participatory governance committees are to set attainable and measurable goals, which are then reviewed and assessed at the end of the academic year. Participatory governance committees shall adhere to accreditation standards as they relate to the specific charge of the committee and maintenance of adequate records (meeting minutes). Assessment of these goals are reported to College Council each year.*

Once approved, goals are to be posted to the respective committee webpages. Goals should be assessed and outcomes presented to the respective reporting committee at the end of each academic year. Reporting committees will provide an outcome summary to College Council at the end of the Spring semester.

**Goals** should be:
- *Specific* (clear and concise),
- *Measurable* (how would success be measured or assessed?),
- *Achievable* (challenging, but possible),
- *Relevant* (goal fits within the (sub) committee or strategic goals of the college),
- *Time-bound* (attainable within a reasonable time-frame).

**Activities** are products (e.g., workshops, trainings, etc.) designed to help accomplish goals.
Outcomes are measurable aspects of the activities (e.g., creation of documents/reports, updating webpages, etc.)
