Dear Colleagues,

The Teaching Learning Committee (TLC) is a group of interdisciplinary colleagues from different operational divisions dedicated to the enhancement of teaching and learning, thereby increasing student learning college-wide. It is based on sincere dialogue with the main outcome: Student Success. To accomplish this outcome, the TLC goals, reflected on every agenda, include discussion of program review processes, student learning outcomes, professional development, the Basic Skills Initiative strand activities, the Book-of-the-Year Initiative, the college-wide Institutional Learning Outcomes, and interdisciplinary integration efforts. Other items of academic interest are also included. The TLC is a workgroup with links to planning, accreditation and academic program review. The TLC also makes recommendations to the Curriculum and Instruction Council (C&I) on academic policy issues. The TLC advises the C&I Council on issues of academic program review as well and sponsors workshops dedicated to SLOs and assessment as it relates to program review.

Membership of the Teaching Learning Committee for 2014-2015:

Steve Bautista, Counseling Division; Center for Teacher Education
Karen Dennis, School of Continuing Education
Josh Dorman, Equity Researcher (spring 2015)
Yolanda Garcia, Librarian
Heather Gillette, Fine and Performing Arts Division
Gina Giroux, DNSc, Science, Mathematics and Health Sciences (Health Sciences wing)

II. BASIC SKILLS INITIATIVE
Ongoing discussion of Basic Skills strand reports, professional development activities and Equity activities occurred at every TLC meeting (Please see minutes on http://www.sac.edu/committees/TLC/Pages/default.aspx ). The Basic Skills/Professional Development Coordinator is a member of the TLC and reports regularly; in addition, several members of the TLC serve on the Strand A committee of the BSI, including the chair of the TLC. As of spring 2015, the Equity Researcher and the Equity Coordinator also attended meetings. They will serve as regular members fall 2015.

Some recent activities include:

- Mary Huebsch, Madeline Grant, and Melanie Mowrer will represent Santa Ana College at the Basic Skills Initiative Leadership Institute (BSILI) at the UCLA Conference Center, Lake Arrowhead from June 14-19.
- Michelle Parolise and Melanie Mowrer collaborated on the writing of contextualized DLAs for OTA students and presented their interdisciplinary project at the 2014 Strengthening Student Success Conference on October 7, 2014.
- A new non-credit course ESL: Transition to College was written by Susan Gaer, Melanie Mowrer, John Tashima, and Julia Vercilli and will be offered in the spring 2016. Susan and Melanie will present the course at the Summer CASAS National Institute on June 24.

III. BOOK-OF-THE-YEAR
The Book-of-the-Year, sponsored by the Teaching Learning Committee and the Nealley Library, has been a college-wide initiative for six years, to support READING. It was created in response to the interdisciplinary thematic issue raised by several quadrennial capstone program review documents related to reading. It also is in direct support of Institutional Learning Outcome I—Communication Skills: Reading and Writing and Vision Theme I: Student Achievement. This year’s book was *I Am Malala: The Girl Who Stood Up for Education* by Malala Yousafzai. A Librarian, Yolanda Garcia, led the TLC worked in planning events, and she created a webpage on the Nealley Library page of sac.edu http://sac.edu/Library/BookOfTheYear/Pages/malalanew.aspx. On the webpage is also a list of curriculum activities conducted by different departments.
"We realize the importance of our voices only when we are silenced."

IV. PROGRAM REVIEW

A. Program Review Processes
Every semester all departments must assess student learning in each of the courses offered. The departments develop SLOs and assessment instruments. After assessing whether students learned a concept, acquired a specific skill, or changed an attitude, the department determines if changes need to be made to increase success rates (e.g., pedagogical changes, assessment instruments, method of delivery). At the end of the academic year, the departments assess their programs in a similar fashion. The assessment is ongoing, cyclical and meaningful to both the instructor and the student.

Institutional Learning Outcomes are assessed annually at the division level by the division curriculum committees. The Academic Senate, through the Teaching Learning Committee, has developed a cycle of quadrennial assessment of the seven ILOs. Through this process, the college is able to ensure that the students are receiving a well-rounded education. The college can therefore certify to the public and the workforce community that degrees and certificates are rigorous and appropriate.

Departments assess the status of their goals annually on the Annual Program Review Report. Quadrennial Program Review Reports include a summary/capstone of analysis of the four-year cycle and include analysis of trend data.

The Academic Senate has conducted a review of the program review process and the templates used for annual and quadrennial reporting. These templates have been revised by to standardize the format of reports for each department and make data more easily accessible. Information related to Equity and closing achievement gaps has also been added.

Please see http://www.sac.edu/program_Review/Pages/default.aspx for all program review reports.

**B. TracDat**

The College has acquired the assessment software system TracDat for program review. Jarek Janio has been appointed the TracDat Coordinator; he will be developing training tools for the faculty, and he will lead the college in TracDat implementation. Jarek will join the TLC in the fall as a regular member and make regular reports. The timeline for TracDat implementation is as follows:

- **Report addressing ACCJC recommendations:**
  - Report addressing this recommendation is due in October 2015
  - Most of the documents must be ready by June 30th.
  - Board approval of the report will take place September 28, 2015

- **TracDat roll out:**
  - Fall 2015: TracDat pilot to start for SLOs/PLOs
  - All divisions and programs are to continue using the Program Review Repository on Share Point using the new .pdf fillable format for Annual and Quadrennial Program Review reports
  - Spring 2015: Campus-wide TracDat roll-out for SLOs and PLOs
  - Fall 2016: Pilot for Annual and Quadrennial Program Review on TracDat to start
  - Spring 2017: TracDat for Program Review campus-wide roll-out.
C. ILO for 2014-2015: Communication Skills

The TLC conducted the first review of ILOs: Communication Skills. It was also determined that the ILOs should continue to serve as the GE Outcomes, which will be infused into the annual ILO report. The Academic Senate approved the process and received the annual TLC ILO Analysis Report on May 12, 2015.

The ILO assessment cycle is:
2014-2015—Communication Skills (a, b in the fall semester by November 15th; c, d in the spring semester by April 15th)
2015-2016—Thinking & Reasoning (a, b in the fall semester; c, d in the spring semester)
2016-2017—Information Management (fall semester);
     Diversity (spring semester)
2017-2018—Civic Responsibility (fall semester);
     Life Skills and Careers (spring semester)

The structure is for each division (at a division meeting or division curriculum committee meeting) to review a GE courses from each department and aggregate results of analysis of the ILO being analyzed college-wide that year. The results would be documented and sent to the dean of the division. The dean would then provide the data to the TLC, which would then aggregate the results of the divisions, by November 15th in the fall semester and April 15th in the spring semester.

A. Program Review Schedule

**Portfolio Assessment/Program Review Four-Year Capstone Cycle by Division**

The following departments will submit a quadrennial capstone Program Review Reports to the dean of the division by October 15th. These will be reviewed by the division curriculum committee and then sent to the chair of the Teaching Learning Committee by October 30th.

**Please Note:** All departments will submit an Annual program Review Report to their respective deans by October 30th so the Division Plan/Resource Allocation Requests may be submitted to the Vice President of Academic Affairs by December 15th.

- The TLC reviews all capstone PA/PR reports annually and assesses them, making recommendations for immediate or future revision.

The Quadrennial Program Review Schedule for 2015-2016 is as follows:

- **Business Division:** Global Business/Entrepreneurship; Paralegal; Business Applications (deferred from 2014-15)
- **Fine and Performing Arts:** Communication Studies
- **Human Services and Technology:** Auto/Diesel/Welding; Fire Technology; Human Development
- **Humanities and Social Sciences:** English/English as a Second Language; Philosophy
- **Kinesiology:** Professional Studies
- **School of Continuing Education:** English as a Second Language
- **Science, Mathematics and Health Sciences:** Mathematics; Nursing
V. SUMMARY AND ANALYSIS OF SPRING 2013 PA/PR REPORTS

A. As PA/PR reports have been analyzed by the TLC for eight years, the second complete review cycle was completed in the 2014-2015 academic year. The Academic Senate has also been assessing the academic program review process. Some reports contain more analysis and more depth than others. In an effort to give departments autonomy to determine how they will assess their respective goals, the TLC has not suggested which statistical reports should be used for indirect assessment. However, at the same time, it must be understood that the 19QT capstone report must be a reflection of how a department may achieve goals and systematically increase student achievement. Student success must also be addressed through direct-SLO assessment of course and programs.

B. The following Portfolio Assessment/Program Review Reports were reviewed: November 24, 2014: Quadrennial Capstone Presentation-- Business Administration/Accounting (Presented by Professor Jinhee Trone); Biology (Presented by Professor Jorge Lopez); Reading (Presented by Professor Wenona Kossler) —Please see Appendix A of TLC Minutes

C. Interdisciplinary Thematic Issues

As the TLC has continued the review of the PA/PR Reports and participated in dialogue of the Quadrennial Program Review reports as well as the direct-SLO assessment reports, the committee has highlighted interdisciplinary thematic issues and strategies that are in alignment with the Vision Themes of the Strategic Plan 2014-2016. It is noteworthy that many of the themes are duplicative of the themes from prior years’ analyses. This does not imply, however, that progress has not been made; rather, they are ongoing concerns. Fiscal considerations have also caused some worthy recommendations to be held to subsequent years.

Interdisciplinary thematic issues are:

1. Full-time **hiring of Researcher for Academic Affairs**; Need for an **Institutional Researcher and Research Office** on the Santa Ana Campus linked to the IE&A Office (Vision Theme I-VI; BSI; Equity)
2. **Professional development** activities for use of data for Equity, Institution-Set Standards and Program Review; DLAs; TracDat; Reading and Writing activities and assessment; ILOs; new Accreditation Standards (Vision Themes IA, ID, IIIA, VID; BSI strands; Equity)
3. **Facilities** Enhancement (performing arts; labs; science and math building; and other campus facilities) (Vision Themes ID, IIB, IIIA)
4. **Technology** enhancement (Vision Theme V)
5. More **interdisciplinary dialogue** about teaching techniques and assessment, e.g. academic literacy ILO Communication Skills (Vision Themes IA, VID)
6. More interdisciplinary dialogue between CTE programs and Counseling (Vision Themes IA, VID)
7. More discussion related to the **Reading levels and academic literacy** (Vision Themes IA, IC, VB, VIC; BSI strands; Equity)
8. Continue to seek **grants**, other funding sources and cooperative projects with high schools and four-year institutions as well as the community (Vision Themes IIC, VA)
9. Create materials for **program promotion**; develop/maintain **outreach to community** (Vision Themes IE, IIB, IIC, IVA, IVB, IVC, VC);
10. Linkages to/partnering with Learning Center and development of DLAs (Vision Themes IA, IC, ID; IIIA, VIC);
11. Connecting skills to the labor market; develop ways to track employment rates (Vision Themes IA, V)

**Note:** Interdisciplinary thematic issues listed are not in priority order.
Budget restraints have caused enhancement of creative efforts to decrease duplication of efforts and maintain SAC as a comprehensive college with a full compendium of transferable courses and CTE programs, e.g., federal and state grant opportunities. Professional development has been amplified with the appointment of a Professional Development Coordinator and a website that juxtaposes faculty development with all staff development activities. Please see http://www.sac.edu/facultystaff/professional-development/Pages/default.aspx and the calendar of events at http://www.sac.edu/facultystaff/professional-development/Pages/calendar.aspx.

Activities related to teaching and learning include Academic Senate issues, Curriculum, Emergency Preparedness, Blackboard Basics, Reading Apprenticeship, DSPS issues, Open Education Resources (OER), and Equity forums.

In addition, the Winter Convocations, January 2013, January 2014, and January 2015 have continually strengthened the imperative to increase student achievement (success and persistence rates; transfer and certificates; and employment rates) with the additional imperative to close disproportionate achievement gaps for Equity. The January 2015 Convocation included a presentation by Dr. Darla Cooper of the Research and Planning Group. Dr. Cooper presented SAC’s longitudinal trend data with regard to achievement rates so that the college could continue to develop reasonable plans for increasing success and achievement rates over time. The Student Success and Equity Committee is the leader of the effort to actualize the goals of the SAC Equity Plan. This committee is comprised of faculty, classified staff, students and administrators. Among the members are the Equity Coordinator, the BSI/Professional Development Coordinator, the Institutional Effectiveness Coordinator/ALO, and the Equity Researcher. These members also serve on the TLC so that the goals of equity and all Strategic Plan goals across the College may be infused into program review efforts in all departments. The interdisciplinary dialogue at the TLC is shared at the Student Success and Equity Committee to create linkages as data is analyzed from different perspectives. In addition, the academic support services that align to the goals of equity and the Vision Themes of the Strategic Plan are also discussed. As the chair of the TLC (IE Coordinator/ALO) also now regularly attends the Academic Senate and serves on College Council, recommendations borne of the program review reports are more broadly discussed.

Use of data has been enhanced in the program review reports, as the Equity Researcher has created easily accessed data. Please see Santa Ana College, Research - Profile Tableau Public website

The RSCCD Research department also continues to provide data for all department use. Please see https://rsccd.edu/Departments/Research/Pages/SAC-Program-Review-Data.aspx
In addition, the Equity Coordinator has been making presentations to departments individually to explain the goals of the Equity Plan and how to explicate the data provided for departments.

With the changes made in the Annual and Quadrennial Program Review report templates, the new ILO assessment process; the acquisition of TracDat; and the addition of an Equity Coordinator, a Professional Development Coordinator, and an Equity Research Analyst, it is anticipated that program review efforts will be more integrated college-wide and made public more easily. In addition, the goals of the Strategic Plan will be more easily monitored so that student success and achievement may be enhanced.

VI. FINAL COMMENTS
The TLC is a recommending body to the Academic Senate and administration for updating the Strategic Plan and strengthening success and achievement rates. Thematic issues are forwarded to the Academic Senate and College Council.

It is a pleasure to serve on the Teaching Learning Committee, as teaching and learning are the heart of this institution. Interdisciplinary discussions have many purposes, not the least of which, is to understand disciplines that are not one’s own and to incorporate the “unthinkable” into a discipline and observe student success rise. This has been the experience of the members of the TLC. Chemists are infusing more writing into their learning activities; linguists want to learn to infuse numeracy into theirs! Professional development happens at every meeting, and our students benefit.

The members of the Teaching Learning Committee thank all of our faculty, administrative and classified employee partners, without whom we could not do our work in the classroom and in our offices.

All are welcome to join our discussion!
The Teaching Learning Committee meets bi-monthly on Monday from 1:00-3:00 pm, in A-112. Meeting dates for the 2015-2016 academic year are:

Fall 2015—9/21; 10/5; 10/19; 11/2; 11/16; 11/30
Spring 2016—TBA—Subject to C&I dates

Respectfully submitted,
